

Debbie McCain - Administrative Report

Date: April 15, 2020

- To add along with being listed as one of the top 100 most improved schools by The Mackinac Center for Public Policy, I am proud to add that we have been given the “Grade A” from the Michigan Department of Education and deemed a reward school! I cannot credit enough the amazing and dedicated staff at Mason Central Elementary for making these accomplishments possible.
- It is hard to believe we walked out of our doors on March 13th not knowing we would not be able to give closure to the 2019-20 school year with our wonderful students. The staff has been working diligently reaching out to their students and families to ensure they are healthy, happy and safe!!!! All staff raced to the challenge that day to prepare learning packets that were sent home for the shutdown.
- All teachers have been trained “in a quick fashion” by Jason Burt using and implementing the Google Classroom online platform. I am pleased to announce they are ALL ready to go on Monday April 20th introducing new skills and material.
- The teachers also have been working in their teams preparing, planning, and organizing learning packets for all the students. A BIG shout out and thank you to our amazing bus drivers, classroom aides office staff and teachers for assisting with the learning packet delivery held on Thursday, April 16th!
- We are dedicated and will continue doing whatever is in the BEST interest for our students and their families during this crazy crisis. We are **Mason Strong** and we will rise above!!!
- Stay safe, healthy and sane!!!!
