TCC Conference Update:

The LCAA met Thursday December 14 to discuss 7-12 football. At the present time, with the constant discussion regarding potential MHSAA playoff changes, there was no desire across the league to expand football membership beyond the current eight schools.

But the LCAA is willing to schedule non-league football games with both Erie Mason and Whiteford at the high school level in 2025 & 2026. To make this happen, both Erie Mason and Whiteford must agree by December 21, 2023. Both teams have agreed to the proposal at the high school level, which in turn for this agreement the LCAA did redo their middle school football schedule for 2024 to include Erie Mason and Whiteford.

Future conversations regarding full conference membership (all sports) can happen as we move forward in the fall of 2024.

As of now, MS football will be playing against all LCAA schools in fall 2024 and high school JV/Varsity will follow in 2025 & 2026 as non-league.
