

**Mike Valentine**

**Operations Director Administrative Report**

**1/05/2024**

- **The retubing of the high school boiler is complete, and it's up and running.**
- **We just had our annual inspections for the boilers throughout the district. I am happy to report we have passed all boilers that were inspected, including the newly tubed boiler.**
- **The bridge project has not caused too many issues for us. I give credit to my team for coming up with a plan that is working fantastically.**
