

Mike Valentine

Operations Director Administrative Report

06/01/2022

- **As the spring sports season is winding down, I would like to compliment the Mason bus driver family. We had many challenges this year with Plan B's and drivers dropping off to the scheduled sporting events and then returning to run their normal routes. We pulled through as a remarkable team and are breathing a sigh of relief.**
- **There are multiple projects for summer work and our maintenance team is already getting things prepared for the workload.**
- **The heating repairs are one of our top priorities for summer work. We made it through another year, but I am looking forward to having everything be self-sufficient soon.**
