Dear Mason Families, Staff, and Community:

Mason Consolidated Schools thanks those who were able to go to the polls to consider our non-homestead millage. As mentioned before, the State requires all school districts to periodically seek voter approval of the non-homestead property tax levy to ensure we receive the full funding amount per student that we are eligible to receive.

The failing millage result will certainly present a new challenge to the district. Our mission is to ensure our students achieve their highest potential through a learner-centered education. Although we will be evaluating aspects of our operations, we will do our best to ensure it has the least amount of impact on teaching and learning.

We will continue to build partnerships and support for Mason Consolidated Schools and will remain focused on providing the best opportunities and environment for our students, staff, and community.

Respectfully,
