DESCRIPTION:

November 23: Essential Skills for Learning and Life

From birth children begin learning about the world around them. There are some essential skills that help set children up for success in learning and in life. Essential Skills for Learning and Life will help parents learn about social emotional intelligence, the critical skills children need to learn and how you can incorporate them into everyday interactions with young children and gain resources to support skill building.

Extension Extras Parenting Hour is a free online series of parenting workshops that provides guidance for parents of young children as they navigate the challenges, joys, and concerns of parenting.

HOW TO REGISTER:

Register in advance for any of the Extension Extras webinar workshops at the following link:

[https://msu.zoom.us/webinar/register/
