## **2-Way Radio Specification Sheet – MCS # SE-9-2023**

### **SECTION #1 – GENERAL INFORMATION AND BACKGROUND**

#### **1.1**

#### **Purpose / Background:**

Mason Consolidated Schools is replacing its existing VHF 2-Way Radio System with a UHF Digital 2-Way Repeater Radio System.

Mason Consolidated Schools currently utilizes a VHF 2-Way Radio System. A repeater is located at Mason Senior High School at 2400 Mason Eagles Drive Erie, MI. There currently is a mobile unit in each of the buses with a handheld unit located in the office of the transportation building.

District size is approx. 45 sq. miles, with the longest distance from base is approx 8 miles. Each of the 3 school buildings utilize portable hand-held radios to communicate within their respective buildings and with the buses at arrival and dismissal.

The Elementary School, Middle School, High School and Transportation buildings all sit on the campus property at 2400 Mason Eagles Drive. These buildings share the use of the repeater located at the High School.

The Elementary School appx 42,500 sq ft, Middle School appx 35,000 sq ft, and High School appx 122,000 sq ft are constructed of masonry blocks. The Transportation building appx 10,000 sq ft site is adjacent to the Southeast end of the campus and is a block building with a steel roof.

## **1.2 Goals of Project**

Mason Consolidated Schools would like to improve communication within and between schools and their respective departments to better serve the needs of all the facilities and occupants. Specifically: 1)To update and unify the current old, mismatched system. 2)To provide reliable portable 2-Way communication between departments and schools. 3)To ensure communication with onsite/school personnel in the event an emergency should occur.

## **1.3 Scope of Work**

The selected radio communications contractor will provide, program and install the 2 – way radio system based on the equipment needs specified on the equipment list. This includes furnishing all new equipment, cables, connectors and materials, whether specifically mentioned herein or not, to ensure a complete and operational system with redundancy.

The Contractor will assist Mason Consolidated Schools in developing policies and procedures based on their experience with other school emergency radio systems and provide training to all users of the new system.

The Contractor will be required to obtain for Mason Consolidated Schools all FCC licenses needed to operate the system.

The Contractor will be required to provide a finished project that meets or exceeds the bid specifications, and in so doing will perform all work according to generally accepted good engineering practices.

## **1.4 Deliverables**

Mason Consolidated Schools will provide an equipment list and specifications of the installation. Representatives from Mason Consolidated Schools will provide general project oversight and monitoring of workmanship employed and progress made throughout the scope of the project.

The Contractor will provide a trained and experienced installation crew with all the tools and appliances necessary to complete the project within the allotted time. The Contractor will be required to provide for security and proper handling of all materials and equipment from the moment of delivery to the Contractor until project acceptance. Any items lost or damaged will be the responsibility of the Contractor for replacement. The Contractor will provide a warranty on the work performed for a period of one year from the date of project completion and acceptance by Mason Consolidated Schools

## **1.5 Evaluation and Award of a Contract**

Mason Consolidated Schools will award a contract as outlined in the Invitation to Bid.

## **1.6 Description of UHF 2 – Way Repeater Radio System Contents**

All equipment must be new, narrow-band operation and meet all FCC requirements. See Section #6, Equipment Specification list for specific equipment. Quantities specified are subject to change.

## **SECTION #2 – PROJECT TERMS AND CONDITIONS**

### **2.1 Contractor Qualifications**

Firms must have a minimum of five (5) years experience in the installation and programming of 2 – way radio systems, in a school environment. The Contractor must be familiar with all equipment, propagation of current equipment and programming needs of potential future District partner, Monroe Public Schools. The Contractor must hold licenses required by the State of Michigan for all labor used, whether associated with the Contractor or Subcontractors.

### **2.2 Acceptance of Conditions**

The Contractor will accept full responsibility for inspecting and approving all building / site conditions prior to the beginning of work. Proceeding with work will be deemed acceptance of site conditions.

### **2.3 Installation Completion**

At completion, the Superintendent must receive the following:

- A. A listing of all equipment furnished with item numbers, brand, model and serial numbers (ser #'s if applicable).
- B. All user guides and any related software.

### **2.4 Minimum Warranty**

The Contractor must warrant all work performed for a period of one year from date of acceptance. All infrastructure hardware will carry a minimum of 1-year warranty or the standard manufacturer's warranty whichever is longer.

The Contractor will be responsible for following all the terms and conditions of the manufacturer's warranty.

Any Infrastructure system component, except for equipment warranted by its manufacturer, which fails or becomes defective for any reason other than obvious abuse during the warranty period, will be the responsibility of the Contractor to repair or replace at the discretion of the Manufacturer.

Mason Consolidated Schools  
District 2-Way Radio  
MCS # SE-9-2023  
**2.5 Support**

The contractor will identify a service center within 50 miles of the District equipped to handle the repair and maintenance of faulty units promptly, allowing for quick resolutions and minimal downtime, typically within 24-48 hours.

**2.6 Substitutions**

There will be no substitutions accepted on equipment noted as such.

**2.7 Payment**

Payment will be issued within thirty (30) days of district-approved completion of work.

**2.8 Termination**

Contract(s) resulting from this bid may be terminated in whole or in part under the following conditions:

A. By mutual written agreement of the Mason Consolidated Schools and the Vendor/Contractor. Termination under this provision may be immediate.

B. By Mason Consolidated Schools for breach by the Vendor/Contractor of any of the obligations or requirements set forth in these documents. Termination under this provision will be immediate.

Termination under "B" above will, at the option of Mason Consolidated Schools require the Vendor/Contractor to assume liability for any and all damages, including the excess cost of reprocurring similar products or services.

If the Vendor/Contractor can show that the breach was a result of circumstances beyond the control of the Vendor/Contractor or his sub-contractors, the termination may be deemed to be a termination for convenience.

Termination under this provision will require Mason Consolidated Schools to notify in writing by certified or registered US mail the Vendor/Contractor and will include a statement outlining the breach.

**2.9 Clean-up / Repair**

The Contractor and/or subcontractor will keep the premises free from accumulation of waste materials or rubbish caused by his operations at all times. The Contractor will also repair any damage to ceiling tile, paint, etc., occurring as a result of installation.

**2.10 Safety**

The Contractor and/or subcontractor will be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work.

Mason Consolidated Schools  
District 2-Way Radio  
MCS # SE-9-2023  
**2.11 Insurance Requirements**
