

## **Athletics Administrative Report**

**Date: 5-11-21**

### **Baseball**

Our Varsity Baseball team is currently in 1<sup>st</sup> place among the TCC teams with 2 more schools in our conference to play. Our team has been very lucky with getting as many games in as they have. We have played several teams from Ohio which has been great due to do many Covid and quarantine cancelation the Michigan schools are facing. Our team has not had to quarantine at all so far this season. They have been working very hard to enforce all the guidelines this season and we hope that we can finish out strong. Our team will be playing in the MHSAA Districts Semi Finals on June 5<sup>th</sup> against SMCC at Riverview Gabriel Richard at 12:00 and the finals will start at 2:00 pm.

### **Softball**

Our softball team has been collecting wins as they play through the TCC and other local nonleague games. It has been difficult to secure Softball officials due to several of the officials "opting out" because of Covid concerns. We are grateful that we have not have to quarantine out team but have felt the effects of teams that cancel because of quarantine shutting down the teams. On Saturday, June 5<sup>th</sup> Erie Mason will be playing in the Division 3 MHSAA Softball Districts at Ida. Because we drew a bye- our girls will play in the District Final game at 12:00.

### **Track and Field**

Our team of coaches will continue the rich tradition of our Track and Field program. We look forward to the wonderful memories that will be made at our annual Mason Invitational on Saturday, May 15<sup>th</sup>. This is an event several teams from the county attend. Our MHSAA Regional will be on Saturday, May 22<sup>nd</sup> at Sand Creek.

**Golf:** Our golfers are using their time at the golf course to develop good golfing habits and skills. We do have a young team, but they are eager to learn and be competitive. We will be sending one

**golfer (Ava Micheau) to Regionals. Each golfer must be able to play a full 18 holes and score near a 60 on 9 holes.**

**Winter notables:**

**\*\*Ryan Whaley (Ida) was voted Monroe County Swimmer of the Year.**

**\*\*Boys Basketball 3 Monroe County All Region players (Carson Brown, Tanner Herrera and Aidan Keane) and Honorable Mention for Coach Skaggs Coach of the Year.**

**\*\*Girls Basketball-2 All Region Players (Lizzy Liedel and Ellie Trainor) and Coach Sweigert was named Coach of the Year.**

**\*\*\*Covid testing for spring athletes has been extended until May 31<sup>st</sup>. This will cover Baseball and Softball Districts, Golf Regionals and Track and Field Regionals and States. We have not had to quarantine any of our spring teams due to Covid exposure. Our coaches and athletes continue to amaze me with their resilience through this Covid crazy time. Testing 120 athletes each week has brought its own challenges but we continue to strive for safety on and off the fields so we can keep participating in the sports our athletes love. Over 800 covid tests for spring sports, and there has only been one positive test for our athletes. I think that speaks volumes for our programs and our athletic department.**
