Operations Director Administrative Report

11/01/2023

- **Grateful for all the people who volunteered their time this year for projects. From Mr. Rosenberger for the ramps, to Officer Rollins for the work he did in the courtyard. And always to Deena for all she does with the fields. Thank you to all who have helped or have helped out.**
- **Heat is going and better than ever. It's a good feeling that all the work that has been done is making a difference. Had 1 major issue over at the middle school we had fixed by LaRoy Plumbing.**
- **Transportation has been going very well this year. We continue to work on strategies to improve student behavior on a couple of buses. Overall this year is going very well.**
