

**MCS Extended COVID-19 Learning Plan
Reconfirmation Meeting
Required Every 30 Days After Initial Plan Approval**

Agenda:

- Reconfirm how instruction is going to be delivered during the 20/21 school year
- Public comments from parents and/or guardians on the Extended Learning Plan
- Review weekly 2-way interaction rates

Reconfirmation Meeting for November 4

Reconfirm instructional delivery method:

Presently, all K-12 students attend school every day for face-to-face instruction. Students are released early every day and are required to engage in at-home remote instruction for the remainder of each instructional day. This schedule attends to health and safety by maximizing staffing while students are on campus, minimizing the number of students in classrooms, minimizing the number of passing times needed and eliminating the lunch period.

K-5 families were provided the option of having their child participate in a full at-home remote learning with a certified MCS teacher and parents of students in grades 6-12 were provided the opportunity to choose a full virtual model with a certified mentor teacher assigned to them.

Reconfirm how instruction will be delivered for each grade level:

We will continue our current plan described above.

Elementary (Grades K - 5): See above description

Middle School (Grades 6 - 8): See above description

High School (Grades 9 - 12): See above description

Reconfirm whether or not the district is offering higher levels of in-person instruction for English language learners, special education students, or other special populations:

Mason Consolidated Schools continues to provide the highest levels of instruction for all learners including ELL, special education, and at-risk populations through identified programming and services from within students IEPs, 504s, intervention plans, or student intervention team meetings. Staff is using benchmark assessments and progress monitoring to develop instructional supports to address learning gaps.
