- Nicki Blackburn, a MS Social Studies Teacher, secured 2 grants to support our YIG and Library programs. Here is a summary:

Mason middle school Youth in Government has been awarded a \$1500 grant from Michigan Youth in government to support our middle school program. These funds will be used to help offset the cost for students who attend the conference.

Mason Middle School and high school libraries received a Dollar General Literacy Grant for \$2500 to provide books to support literacy at a secondary level. I applied for this grant as part of my graduate work through Spring Arbor University's MAR (Masters of Arts in Reading) program. This grant is awarded to "Schools, public libraries, and nonprofit organizations who help students that are below grade level or having trouble reading are eligible to apply. Grant funding is provided to assist in the following areas:

- Implementing new or expanding existing literacy programs
- Purchasing new technology or equipment to support literacy initiatives
- Purchasing books, materials or software for literacy programs"

While my Ms. Blackburn's name was on the grant, she worked closely Jessica Hopper to make this possible!
