

**Mike Valentine**

**Operations Director Administrative Report**

**9/06/2023**

- **Press box after many delays and weather, is complete and looking very good.**
- **The new field line sprayer has been put to good use this year. Along with the Hash line attachment, the field is looking better than ever.**
- **Transportation has been good this year. Our normal issues on the first few days are normal and nothing new. Fully staffed to start this year has been very beneficial as well.**
