

## **Brandon Bates Administrative Report**

**Date: 9/10/2022**

- Summer School was highly successful. We had 67 courses that were completed during those four weeks. Most of these were credit recovery and some were for credit advancements. Kudos to Connie Cousino, Erin Ziems, and Janet Connolly.
- Katleyn Hodge was selected as the Golden Apple Award recipient for September.
- We have several new staff members joining us this school year. Each has been assigned a mentor and we worked diligently to make sure our new staff feel supported and are off to a great start!
- On August 18<sup>th</sup> we held our first ever “High School Registration”. This was an opportunity for our student and parents to take care of all those little things that go into starting the school year. Students were able to get their school picture take, pick up their Chromebooks and schedules, as well as locate their new lockers. Parents could sign any necessary paperwork prior to school starting. Huge kudos to Lynn Ferguson for putting this event together.
- On August 30<sup>th</sup> we held our Freshman Orientation. Don Traviss put together a very informative and engaging day for the students. There certainly was a lot of energy in the building!
