

Athletic Administrative Report
Date: 9-16-2020

We are off and running!

Football: Our first game is going to be played on Friday, September 18th at Summerfield. It has been a very long struggle with the roller coaster of “will we play or won’t we play” for our boys. We will have both a JV and Varsity team with good numbers to compete in our new league. I appreciate you all for taking the time to chat with me about moving forward with FB this fall! At this time, we will not be opening the concession stands. All fans must wear masks at all time. It will be difficult to enforce this rule while serving food and drinks. Our campus will be closed to those only in possession of a ticket for the game. We will have Dave Meyer, our Resource Officer, on school grounds to help monitor spectators.

Cross Country looks to take the boys team back up to MIS for the state meet in November. Our boys CC team recently took 1st place at the very first TCC Jamboree held at Madison High School. That was a great way to start the league competition. We are excited to see the big things our teams will do this year.

Cheerleading: Our cheer squads will be entertaining our crowds at the Varsity and Middle School football games. We are sad about the not being able to hold a cheer clinic for our little eagles this year but we will get back to that in the future!

Girls Swimming and Diving: Our girls swim team have been through a lot lately and they are rolling with all the changes. Our girls swam outdoors at Greenhill’s until it was too cold and they closed the pool. Our plan B was to use Monroe High School’s pool for the remainder of the season but sadly, they are having electrical issues and they will not be able to open up the pool this season either. So now, our girls will be swimming at Dundee Middle School for all of their practices. I found out today that Jefferson’s pool is down, Monroe’s

pool, Mason's pool as well as New Boston's pool are all having issues. It seems 2020 is not a good year for pools!

Volleyball: Our Lady Eagles are making our debut in the TCC with a bang! Our Varsity team are 2-0 in our new league winning games against Britton Deerfield and Whiteford. We have made great improvements and are finding the new league to be competitive. With 3 seniors leading the team, the group is cohesive and works hard together. Our JV team is under the direction of Julia Skaggs again this year and they are doing great. They have several freshmen on the team and they making big gains! We are excited to see how they grow and improve in the years to come.
