

**Ben Russow - Mason Middle School
Administrative Report
Date: September 20, 2021**

- **I am very pleased with the start of this unusual school year. While it is still not the same, we are closer to our normal schedule than before. So far, our schedule has been very fluid and organized. I would like to thank all our teachers for being prepared and dedicated to the process. I believe we are doing all the right things for our students.**

- **A special thanks to Jason Burt, Jessica Hopper, and our teachers for organizing and preparing the students for the roll out of our chrome books. Collaboratively, we have rolled out our 1:1 initiative without a hitch. Students and teachers have already been working in google classroom. This will help us as we begin to see students out on quarantine.**

- **The first home volleyball game is today, September 13th. Our first Middle School home football game is Wednesday, September 15th.**

- **Our PBIS committee has prepared and reviewed with our teachers the purpose and framework of our Eagle Power Initiative. We will slowly begin to bring back our program in hopes of providing a positive and collaborative culture.**

- **Just some other important dates:**
 - **Picture day is scheduled for Tuesday, September 21.**
 - **We will be giving the P-SAT to our 8th graders on Wednesday, September 22.**
