

Brandon Bates Administrative Report

Date: 8/28/2024

- Summer School was highly successful. We had 37 courses that were completed during those four weeks. Most of these were credit recovery and some were for credit advancements. Connie Cousino and Erin Ziems did a great job of organizing the classes and motivating their students to be successful.
- Shawna Lucarelli was selected as the Golden Apple Award recipient for September.
- We have six new staff members joining us this school year! Each has been assigned a mentor and we worked diligently to make sure our new staff feel supported and are off to a great start!
- On August 22nd we held our “High School Registration”. This was an opportunity for our student and parents to take care of all those little things that go into starting the school year. Students were able to get their school picture taken, pick up their Chromebooks and schedules, as well as locate their new lockers. Parents could sign any necessary paperwork prior to school starting. Huge kudos to Katelyn Hodge for putting this successful event together!
- On August 22nd we also held our Freshman Orientation. Don Traiviss put together a very informative and engaging day for the students. There certainly was a lot of energy in the building!
