WHAT IS THE NEXT LEVEL SCHOLARS PROGRAM?

INSPIRE

Sophomore and junior years of programming include campus visits to help students understand their post-secondary fit and gain the knowledge they need to succeed. Through interactive presentations, SAT preparation and post-secondary exploration, students are introduced to numerous opportunities for their future.

PREPARE

Senior year focuses on completing the steps it takes to reach the next level of education after high school. With FAFSA completion, post-secondary application assistance, financial aid workshops, etiquette training and more, students are guided through the process of accessing higher education.

SUCCEED

At the end of senior year, students celebrate their accomplishments at the post-secondary decision day and begin their enrollment journey with Dollars for Scholars as alumni. Through summer programming, alumni activities, leadership opportunities and a scholarship, students are equipped to take successful steps to life after high school.

Only 10 students are selected each year for the Next Level Scholars Program at Mason High School. Students must be interested in continuing their education after high school. There is no cost for students to join the program. For more information, visit drdfs.org today or contact your high school adviser, Steve Bowers.
