

In previous years, each teacher on our 7th grade team sent out a separate class supply list, but we have a different idea this year. To eliminate the spread of germs, we would like each student to carry his/her own supplies in a bag (maybe a gallon size bag) from class to class. Since students will not be sharing the items, this will eliminate the need to disinfect the classroom supplies between each class.

The supplies below are necessary items for this school year. Each student will carry the following items to each class **EVERY DAY**. Please remind your child about the importance of **NOT** sharing supplies this year.

- | | |
|-------------------------|---------------------------------------|
| Pencils | Scissors |
| Erasers (cap & regular) | Ruler |
| Pens | Protractor |
| Permanent marker | TI-30 calculator |
| Dry erase marker | Small pack of tissues |
| Highlighter | Small pack of wipes |
| Colored pencils | Small bottle of sanitizer |
| Mini stapler | Glue stick (mainly used in Art class) |

Students will also need the following EVERY DAY:

- Spiral notebook (about 70 page for math and SS but a 3 subject for science)
- 3-ring binder (1" for math, 1" for ELA, 1" for SS)
- Divider tabs for 3 ring binder (2 for math, 5 for ELA, 3 for SS)
- Pocket folder (1 for science – no tabs inside)
- Notebook paper (all classes – in ELA leave in classroom)

If you are able to donate 1-2 boxes of Kleenex to each teacher's classroom, it would be appreciated. If anyone has connections and can find some wipes, each teacher would love this as well. Please check periodically on your child's individual supplies. We want them to be successful. ☺

If you have any questions, please contact us. We are looking forward to a memorable year.
