Dear Eagle Families, Communities, Partners, Students and Staff:

The Board of Education and the Administration is launching a new initiative to guide Mason Consolidated Schools through a Three- to Five-Year Strategic Plan. The purpose of this initiative is to help develop new goals and strategies for continuing to offer an excellent education for our students, while using scarce public education resources in the most effective and efficient way.

The strategic planning process is designed to produce approximately five goals to be accomplished over a three- to five-year period. The plan uses data—along with the feedback of staff, students, and community members—to help create a shared vision for the future that will help make the district an even better place for our students.

Your ideas about the strengths of Mason Consolidated Schools are very important, as well as your opinions concerning where there is opportunity for removing any barriers to implementation and other input. Therefore, you are invited to participate in a very brief anonymous survey attached to this email. Please complete this survey by November 1, 2021 and encourage others to do the same.

It is a great time to be an Eagle!

Sincerely,

Kelli Tuller, Superintendent

Bruce Stieben, Board President
