

Erie Mason Construction Trades - Community Building Services

Building Experience, One Project at a Time

The Erie Mason Construction Trades class is excited to offer our construction services to the local community! Our skilled students are ready to help you with your small building projects while gaining valuable hands-on experience in the construction industry.

What We Can Build for You

Our talented students specialize in constructing a variety of small buildings and structures, including:

- **Storage Sheds** - Custom-built to fit your space and storage needs
- **Deer Blinds** - Sturdy hunting structures built to last
- **Greenhouses** - Perfect for year-round gardening enthusiasts
- **Chicken Coops** - Safe and functional homes for your backyard flock
- **Custom Carpentry Projects** - Mini cabins, picnic tables, custom cabinetry, or anything constructed of wood!

Why Choose Our Construction Trades Class?

Quality Workmanship at Affordable Prices

- Projects completed for minimal cost
- Focus on learning experience rather than profit
- Professional supervision ensures quality results

Free Estimates

- No-cost project consultations
- Detailed material lists and timeline estimates
- Professional assessment of your building needs

Educational Partnership

- Support local education while getting quality construction
- Help students develop real-world skills
- Contribute to hands-on learning in our community

Our Process

1. **Contact Us** - Reach out with your project idea
2. **Site Visit** - We'll assess your location and discuss your vision
3. **Free Estimate** - Receive a detailed cost breakdown and timeline
4. **Construction** - Our students build your project under expert supervision
5. **Final Walkthrough** - Ensure your complete satisfaction

Project Requirements

- Small to medium-sized structures
- Projects must fit within our academic calendar
- All work performed under instructors supervision
