Every year, on the first Friday in May, we celebrate School Lunch Hero Day. On this day, we honored our cafeteria staff for providing breakfast and lunch to our students within our district, and we recognize the difference they make in every child's life. This year, we were able to personalize their t-shirts!

# We invest mightily in staff development to **BETTER SERVE YOU.**

- We provide a cadence of professional development days, on-site training, a virtual learning portal and continual mentoring to our employees.
- We also hold a regular series of 30-minute quick training sessions that range from workplace safety to portion control to food temperature specifications.
- By investing so heavily in staff development, we have a staff that is well trained and growing. This allows us to achieve our goal of promoting from within. In fact, **nearly 20%** of our Directors of Food and Nutrition started as hourly employees.

We have open roles that are fulfilling personally and professionally. If you know a graduating student or parent looking for a career, send them this link.

**THANK YOU!**
