

Athletic BOE Report – Fall 2025

Fall Sports Update

We are excited to kick off the 2025–26 school year at Erie Mason Consolidated Schools! As always at Eagle Nation, we look forward to another great year of competitive sports filled with outstanding individual and team achievements.

Last season we honored several iconic coaches who retired after years of service and dedication to our athletic programs. As we celebrate the foundation they built, we now embrace a new generation of coaches who are ready to take Eagle athletics to the next level.

Both our returning and new coaches continue to set the bar high, preparing our student-athletes to SOAR to new heights.

Go Eagles!!
