About Us

We focus on five key attributes of
IT vendor performance:

- SOW & Contract Alignment
- Compliance
- Accuracy
- Strategy
- Accountability

Verticals we typically serve: life sciences,
manufacturing, fintech (financial
technology), and healthcare IT

Four Ways We Increase ROI from Your IT Vendors

- 1 Our **VPQ Score** is a tool you can use to
evaluate your vendor's performance
- 2 We offer deep dive **Clarity Sessions** to
assess project health, SOW alignment, and
remediation requirements
- 3 plumleaf VPA can serve as a **fractional Vendor
Management Office** to ensure your IT vendors
achieve your overall business goals
- 4 We believe everything should tie back to the
contract, and we have a tool to help you review
the 'fine print' before you sign. Visit [FynePrintIQ](#).
