plumleaf VPA™

VENDOR PERFORMANCE ASSESSMENT

THREE WAYS TO GET ROI FROM YOUR IT VENDORS

- 1 Leverage our **VPQ Score**, a scoring system you can use to evaluate your vendor's performance
- 2 We offer deep dive **Clarity Sessions** with your vendors to evaluate project health and SOW alignment
- 3 plumleaf can serve as a **fractional Vendor Management Office** to ensure your vendors achieve your overall business goals

We audit your third-party IT vendors to make sure they're doing things right AND doing the right things.
