

## ALAMEDA SCHOOL

Administration  
Introduction

### WHO ARE WE?

My husband grew up in Warman SK. I was born in Regina and lived in Strasbourg SK before moving to Crofton BC for my teenage years. Mike and I met in Saskatoon while I was attending the U of S. We have been married since 2014 and have a 2 year old daughter, Kyrie and a German Shepard-Husky cross, Maskwa.

We love the outdoors - tenting, hiking, and campfires are some of our favourite things. We also enjoy playing games, listening to music and exploring!

## THE VELLACOTTS

*Christina, Mike and Kyrie*

You may have seen us around town since we purchased our first, and hopefully forever, home in September 2020. We are so excited to plant our roots and invest in this community!

After moving around and learning about different communities and cultures in our own country, we have found a place to call home, right here in Alameda.

When you see us walking around town, please come introduce yourself! You can also say hello to Mike while grabbing your groceries at Co-op in Oxbow.

Our families live in Killarney MB, Cold Lake AB, Warman SK and Vancouver Island BC.

### MY ASPIRATIONS

- To be a life-long learner and invest what I've learned into our school.
- To be a helping hand to everyone who walks through our doors.
- To work as a team for the development of all staff and students.
- To encourage relationships between the school and the community for the benefit of students and community members.
- To see students smile each and every day.

### WHY ADMINISTRATION?

I, Christina, have always been interested in becoming an educator since I was young. I graduated from the University of Saskatchewan and from there have taught in 3 communities. God's Lake Narrows MB, La Loche SK, and Oxbow SK. I love being in the classroom, but I also love collaborating with staff for the growth of every student. Administration in Alameda is a great way to do both!

### MY HOPES FOR YOU

- That we can work together
- That you'll feel welcome joining school festivities
- That you'll support the school for the benefit of your children's education
- That we can get to know one another throughout the years
