RECENT EXPERIENCE

Consultant, CMC Operations

Bill & Melinda Gates Medical Research Institute

📅 2023 - 2025 📍 Remote

- **Identified and closed 3 critical CMC operational gaps**, improving clinical supply readiness through integrated planning across Quality, MSAT, and Supply Chain for complex vaccine programs.
- **Led cross-functional alignment across internal teams and 2 CDMOs**, supporting tech transfers, managing production timelines, and contributing to IND-enabling activities.

AD Master Scheduler and Sr. CDMO Project Manager

Ultranex Pharmaceuticals

📅 2019 - 2023 📍 Remote and Cambridge, MA

- **Led clinical manufacturing and capacity planning for gene therapy programs**, managing \$20M+ budgets, recovering \$2.7M in vendor overcharges, and ensuring on-time delivery through cross-functional coordination with CDMOs, Finance, and MSAT.
- **Drove tech transfers and supply alignment across internal teams and external partners**, improving financial transparency, strengthening CMC execution, and enabling sustained program readiness in a fast-paced, high-stakes environment.

EDUCATION

Master of Business Administration

Worcester Polytechnic Institute

📍 Worcester, Massachusetts, United States

- Strategic Management, Global Operations, Program Management, Innovation

Bachelor of Science, Marine Engineering

Massachusetts Maritime Academy

📍 Buzzard's Bay, Massachusetts, United States

- Problem Solving, Utilizing Data, Systems Design, and Operational Readiness.

SUMMARY

Experienced biotech program leader and lifelong diabetes advocate with 15+ years in cross-functional execution, stakeholder coordination, and manufacturing readiness. Known for translating scientific complexity into actionable business goals that drive high-impact programs aligned with mission and patient needs.

KEY ACHIEVEMENTS

Critical path Recovery

Recovered a six-week production delay and completed a gene therapy tech transfer in under 3 months.

Strategic Budget Leadership

Managed \$20M site budget with a 15% cost savings achievement.

Operational Revenue Recovery

Recovered \$500K unbilled revenue in one fiscal year.

VOLUNTEERING

Patient Advocate, Champion Corp

Diabetes Patient Advocacy Coalition

📅 2021 - Present

Influence diabetes related policy at the state and federal levels through education, advocacy, and media relations.
