

**Thank you for your interest in partnering with the Jamaica Alumnae Chapter of Delta Sigma Theta Sorority Incorporated. Below is a brief summary of our community outreach projects for the upcoming sororal year. Please feel free to review each of these and select which aligns best with your Chapter's goals. If you have a different way project in mind, we are also willing to work with you to develop new and exciting ways to make an extraordinary impact.**

**Eve For Life**

**KINGSTON**

[www.eveforlife.org](http://www.eveforlife.org)

This is non-governmental UNICEF organization whose focus is to meet the needs of women infected and affected with Human Immunodeficiency Virus (HIV) and their families. **Eve for Life** facilitates programs throughout the island to include Kingston, Montego Bay, Negril and Ocho Rios. The Jamaica Alumnae Chapter has been partnering with this organization for several years. Our annual Back-to-School clothing, shoes, and educational supplies drive is our major project. We also facilitate relevant workshops and participate in the annual World Aids Day activities. Chapters interested in providing items, please contact us for the most up-to-date list. For workshop and activity participation, please send us an email.

**St. Jude's Primary School**

<https://www.facebook.com/St-Judes-Primary-School-101051481639076/>

Located in an inner city community of Kingston, St. Jude's Primary school is over 50 years old with a tremendous reputation for providing quality education for kids despite significant challenges. Their need is great and extends from building and infrastructure to school supplies and educational materials. Please contact us if you are interested in receiving a copy of the needs list for this school.

**St. Mary's Child**

<http://www.mustardseed.com/our-work/programs/teen-mothers-their-babies>

**St Mary's Child** is a home under the Mustard Seed Communities. It houses first-time teenage mothers, their children and mothers' to be. It is also a place of safety for young ladies. Along with the forums we have held for these young ladies they also have need of items for their babies and children as well as financial assistance for continued education beyond secondary school and childcare vouchers while at school.

The Jamaica Alumnae Chapter offers partial scholarships/bursary awards to students attending local colleges, universities and institutions of academic or professional development. Applicants have a financial need, must meet or exceed the academic criteria, along with other terms, in order to qualify for consideration. Pictured here is Chantal Clarke one of our past scholarship recipients. We welcome **donations** toward our scholarship fund and other important programs. This is highly significant for the Chapter because Jamaica's currency averages a depreciated value of 60 cents compared to the US dollar.

### MONTEGO BAY

In 2004, the Jamaica Alumnae Chapter was chartered in Kingston, the country's capitol. *Wi likkle, but wi tallewah*, small but strong and we serve the entire island.

Our partnerships extend to areas in the West where we support **Cambridge Basic School** in rural St. James. This school is in dire need of age appropriate educational material as well as infrastructural support.

**The Montego Bay Home for Girls** also known as *Melody House* is a private, nonprofit organization in the that provides housing to abandoned and abused girls. We seek to support them through empowerment and self-esteem building sessions as well as donations of clothes, undergarments, toiletries, feminine products and school supplies.

Food donations are also welcomed and can be facilitated by purchasing of items utilizing [www.coolmarket.com](http://www.coolmarket.com). The items will be delivered directly to the organization of your choice.

**Thank you for choosing to support our chapter programs.**
