**The HELIOS®
Personal Oxygen System.**
No other portable oxygen system this
small and light lasts so long.

Just because you need supplemental oxygen doesn't mean you
have to struggle with awkward oxygen tanks. Join the thousands
of people who have changed their lives with HELIOS. You can
regain your mobility and get back to the spontaneous, active
lifestyle you want — with this amazing breakthrough.

The HELIOS Personal Oxygen System weighs just 3.6 lbs. filled.
Yet it lasts up to 8 to 10 hours on a flow setting of 2 liters per
minute. Standing just 10 inches tall, it's small enough to clip to
a shoulder bag or to your waist. So you can take it with you
almost anywhere.

**It's the first step to a healthier,
more active lifestyle.**

With HELIOS, you can improve your health by becoming more
active. You can reconnect with family and friends and get back to
the activities you enjoy. It's simple to get started and easy to use.
Plus HELIOS:

- Eliminates cumbersome tanks, heavy canisters
and frequent cylinder deliveries
- Works in a variety of positions and allows
hands-free operation
- Requires no power, potentially saving you
hundreds of dollars in electricity annually

**Learn how HELIOS has dramatically
improved the lives of COPD patients.**

Thousands of oxygen patients have already benefited by switching
to the HELIOS system. Here's what they have to say:

*"It's wonderful to have both hands free. I can be as active as I
wish to be. I don't have to rely on somebody to get somewhere.
I can drive my car and get where I'm going by myself. HELIOS
has given me that liberation."*
J.V. Buckel, Brewster, MA

*"I switched to HELIOS and now I have freedom. I can do anything
I go bowling and I play golf. HELIOS gave me my life back, really."*
Peg Dolbowski, New Bern, NC

*"I learned about HELIOS from a friend of mine. Before that, I had
to haul around extra oxygen cylinders, which was very difficult.
Now it's easier for me to go up and down stairs. I don't have any
worry going around at all."*
Jim Calyppeck, Elgin, IL

Now you can walk away from those heavy oxygen tanks.

HELIOS®
It's hard to believe something so small
could make such a difference in your life.
