To whom it may concern:

I have worked with Ed Casey and his purchasing program for roughly 10 years now. Ed has been a valuable resource in helping me determine vendor options and providing me with choices. Whenever I have a need, I usually check with him first to see if he has vetted options that can meet my need. I have used him for things like office supplies, trash services, health insurance, cleaning companies, phone and internet services. It is a relief to me knowing that I do not have to start from scratch when doing research on seeking a new vendor. That Ed has already provided a baseline of companies from which I can start the process. This have saved me and my organizations (I have worked with Ed at 2 different companies) time and money.

I highly recommend him to anyone. There is no pressure to use any of his vendors but at the same time you can use all of them! If you would like additional information, please email or call me anytime.

Sincerely,
