Assistance has never been easier. Sandy and her team were Pros all the way. Moving from our house to an apartment was crazy, considering years of acquisitions. I would recommend them to anyone looking to downsize! –*Ted & Diane, Kingston*

Every time I anticipated settling my Mom's home estate, I had anxiety. But the OYB team was thoughtful and sensitive. Hey also like to have fun so before we knew it, it was over and painless. Thank you. –*Cynthia, Amherstview*

I was at an OYB content sale recently and I spoke with Sandy about just getting rid of years of stuff. She came over and organized my house like a museum. The sale was so successful, two of my friends did the same thing! –*Marjorie, Bath*

Placing your trust in strangers to come into our home, rummage through all of your belongings and suggest pricing is a strange experience. Unless you hire OYB to do it. From the moment I met Sandra, I felt instant comfort and trust. She clearly knows what she's doing and did it professionally. –*Edward, Kingston*
