

NOTE BUDDIES CUTOUTS: PRINT AND CUTOUT THESE CARDS FOR PIANO LESSONS

Cut out the Note Buddies. Put masking tape on the back and place it on the correct piano keys. Student practices learning where the notes are by placing the Note Buddies where they belong on the white piano keys. Fold and stand up the dog house on the two black keys and the land on the three black keys. These give clues to where the Note Buddies go.
