Our Ethos

Even before LEED went fad and green got gold, practical experience spanning 35 years, underpinned by our interdisciplinary outlook and an overarching mesh with sustainable design has driven our work.

Our hands-on experience in both the humid and arid tropics brings together the synergies of resource conservation, a rich understanding of various cultural and historical contexts, urban-rural dynamics and code-compliance.

Over this, we fold in the client's corporate branding and market positioning that include upscale, iconic projects within sensitive environmental concerns.

What We Do

Engagements Placemaking for Better Sustainable Environments

Site + Land Planning

In collaboration with other planning and A+E consultants, we formulate site masterplans for **townships, neighborhoods and special districts** defining land uses, circulation and **green infrastructure** including open spaces, conservation areas and scenic resources

Landscape Architecture

Full-service total-process landscape architecture services from concept to tender documents stage, **Construction supervision** and **Post-construction assistance**
Specialized services include consultations for site selection, **signage and wayfinding, green roofs and vertical greenwalls** among others

Urban Design

Bridging landscape architecture and urban planning, shaping of urban form elements, circulation, and patterns in the public realm, roadways and civic space through policy and design,
Scoping of unified urban site furniture elements

Permaculture

Specialist land and site planning for agroforestry schemes and mixed-use farm resorts bringing together the **synergies of soils science, cropping technologies, water resources management, agricultural engineering, forestry, landscape architecture and tourism planning**

Environmental Art

Empower places with distinctive landmarks that are works of **landscape art**, combining planting, groundshaping, landscape lighting, water effects and one-of-a-kind sculptures that capture a project's **branding signature**

Plan + Design Reviews

Third-party independent reviews of other planning and landscape consultants' work to ensure these meet the Client's objectives, branding, and to ensure work is **complete, buildable, code-compliant and sustainable**

Work shown in this Folio illustrate the range of the Principals' experience having been either engaged or professionally involved in the projects.

About Us

P r i n c i p a l s

Principals' Affiliations

Philippine Institute of Environmental Planners [PIEP], Manila

International Federation of Landscape Architects [IFLA], Geneva

Philippine Association of Landscape Architects [PALA], Manila

United Architects of the Philippines [UAP], Manila

Placemaking for Better Sustainable Environments

The Principals bring together more than 35 years of collective practical experience in a wide range of upscale high-end projects commissioned locally and overseas.

Work had long been grounded on sustainable design long before LEED went fad, demonstrating the planning and design philosophy behind the practice.

Cecilia Herras-Tence

MTLA | FPALA | MPAPRB
CEO, Managing Director

Adept at managing the design process from concept to tender stage, Cecile brings a proven practical experience in project controls to meet deliverables to Clients, while participating in the design direction of projects.

Her intense analytical, evaluative and coordination skills reach beyond design completion to construction supervision.

E csht.greenedge@gmail.com

Rick A Hilario II

MSc | MPIEP | FPALA
Chair, Technical Services

Rick brings in a rich, interdisciplinary experience in the planning and design of iconic spaces well grounded on the principles of sustainability. Familiar with branding and complex coordination needed by prime property developers, work engaged spans a wide range and depth of projects locally and overseas.

Marianne M. Balbuena

MPALA
Studio + Technical Director

Overseeing the design documentation of projects under a common CAD platform, Marianne's design and presentation skills comes with practical know-how on buildability gained from construction supervision. Her signature work is evident in the built grounds for a long-running TV reality show : Pinoy Big Brother.

Placemaking for Better Sustainable Environments

Creative work in our design studios are managed under time-based project schedules, providing cost-effective, easy to maintain built work on the ground.

Work had long been grounded on sustainable design long before LEED went fad, demonstrating the planning and design philosophy behind the practice.

Ronaldo DC Traballo

CPA | MPICPA
Chief Financial Officer

With a track record of turning around his company that now has a regional presence in Southeast Asia, Ronald brings in a solid experience in **financial management and business strategy**. His years as a consulting **business life coach** is a rich resource of visionary market development, combined with practical experience as a **certified public accountant**.

Gracelyn A Arquisola

Director, Business Development

Riding onto her **civil engineering** education, Grace's early launch as an entrepreneur in the site construction industry brings in her gift for **marketing and business operations**.

Acting as lead for new and recurring business development, her capability for business networking is merged with the goals of the firm's Design Studios.

Consultants

Supporting the firm's services are interdisciplinary resources from various disciplines.

We also have a number of local BERDE-Certified projects which we could not disclose due to these being high-profile national government projects for which we are bound by **Non-Disclosure Agreements [NDAs]**

Most of our **landscape architecture** engagements in LEED-Certified projects are built and operating overseas.

Our present engagements in LEED-Certified and BERDE-rated projects in the Philippines are in the leisure and hospitality sector which we can not currently disclose due to **Non-Disclosure Agreements [NDAs]**

Design

Landscape Architecture Office Development

Office Building CEPALCO Green Administration

Cagayan de Oro Misamis Oriental, Philippines

Green-Certified Building

This Administration Center for the local power and lighting utility service provider relied on the use of local materials for its landscape development.

Gate and Fence Design

Part of the original intent for the gate design was to incorporate recycled photovoltaic solar panels as **infill inserts**.

Design

Environmental Art Landforms

Geo + Earth Art, Office Tower SAIF Center

Al Sharq Kuwait City, Kuwait

Landforms as Earth Art

Planted berms in the public realm and the tower's **entry plaza** provided the art components for the arrival statement, including the functional vertical axis wind turbines that also generated part of the tower's total energy demand.

Kuwait's First Leed-Certified Building

The Sheikh Ahmed Al Sabah International Financial Centre is Kuwait's first LEED-certified facility

clear view of tickertape panel from groundlevel

vertical axis wind turbines (VAWT) serve as sculptural landmarks and **kinetic art pieces** that provide supplementary energy

Design and Executive Architects **KEO International**
Landscape Design Concept **Rick A Hilario II** lead design while with **KEO**

University,
Northwestern University
College of Media and Communications

Al Rayyan Education City, Qatar

Sunken courtyards were an approach taken to resolve grades and falls to slopes. This created value to space on an otherwise featureless terrain.

Decorative yet functional gravel drains merged with the overall xeriscape esthetic for the entire campus.

Landscape Design Lead Reviewer **Rick A Hilario II** while with **KEO**

Convention Facility, National Convention Center

Education City Al Rayyan, Qatar

Extension Wing

The extension, at the backside of the iconic main hall, enlarges the full capacity for larger events. An elevated footbridge connects both halls and was redesigned with a **shaded canopy** to improve the crossing experience.

Sustainability rating to LEED Gold was achieved in a number of strategies in which landscape design's contributions were in **water-wise planting**, **shielding against solar exposure** and **reducing the heat-island effect** and **low-wattage landscape lighting**.

Landscape Architecture Institution

6-Tower Mixed-Use Highrise ILand Towers

Paranaque

Metromanila, Philippines

The development is predominantly residential high-rises, with mixed-use retail zones close to the main road.

The project aims for **LEED Certification**, with the landscape design contributing to a number of sustainability points in the areas of **efficient water use, biodiversity and use of adapted or indigenous species, onsite water capture for landscape irrigation** and **perVIOUS paving**, among others.

6-Tower Mixed-Use Highrise ILand Towers

Paranaque Metromanila, Philippines

Outdoor Rooms as Sanctuary Spaces

Given the plot's high built-up footprint, niches and corners were designed as zones of calm and quiet as **meditative gardens**.

Massing of trees, understorey planting and wall enclosures all conspire to deliberately create a sense of **'outdoor rooms'** that have the distinct feel of **pocket sanctuaries**.

5-Star Hotel Complex Hotel + Casino

Clark Freeport Zone
[CFZ]
Pampanga,
Philippines

Design

Landscape Architecture Leisure + Hospitality

J P Laurel Avenue

The project is a LEED-certified integrated mixed-used entertainment development in which majority of existing trees had been conserved by folding these into the planting design.

Design

Landscape Architecture Leisure + Hospitality

5-Star Hotel Complex,
Hotel + Casino
Clark Freeport Zone [CFZ]
Pampanga, Philippines

The **pool facilities**, as centerpiece, meet specific requirements of the hotel operator. The adult pool's **laplanes, pool bar** and a segregated **kiddie pool** are supported by **changing rooms, outdoor showers** and a **waiter's station**.

simulated nightviews of the pool with a 'starfield effect' enhance the night time drama
