The [Canada 911 Ride Foundation](#) honors and preserves the legacy of fallen emergency first responders—police, fire, and EMS—who have bravely sacrificed their lives in the line of duty. Each donation you make helps us achieve this mission by enabling us to place Automated External Defibrillator (AED) devices in their names, ensuring that their life-saving spirit continues to serve and protect our communities.

In addition to honoring their legacy, your support allows us to provide educational assistance to the children of these heroes and collaborate with the Mikey Network to expand the availability of public access AEDs. Through your generosity, we embed their legacy deeper into the fabric of

4. Next, you have 3 options. You can:

- a. CREATE A TEAM

This option allows an individual or an organization to create a group or "team" to fundraise together. By creating a team, you can collaborate with others, set a common fundraising goal, and pool your efforts. The team leader (the person who creates the team) can invite others to join and contribute to the campaign, whether they are individuals or other groups. Each member of the team can have their own unique fundraising page, but all funds raised contribute to the overall team goal.

ies, saving lives for years to come.

- Create a catchy Team Name
- Set a campaign target... how much money do you want to raise
- Tell us your email, first name and last
- Upload a photo that represents your team (optional). If your team is a corporate team, then a company logo might be ideal. If it's a private team, feel free to be creative and whimsical with the image you upload. Remember, nothing that is not tasteful.

b. JOIN A TEAM

This option allows someone to participate in an existing team fundraising campaign. If you're not ready to create your own team but want to contribute to a collective effort, you can join a team created by someone else. When you join a team, you can help promote the campaign, raise funds, and be part of a larger group working toward a common goal. Like the "Create a Team" option, this allows you to raise funds with others, but as a participant rather than a leader.

The screenshot shows a 'Join a team' modal window. At the top, there are three buttons: 'Create a team', 'Individual campaign', and 'Join a team' (which is highlighted in blue). Below these buttons is a dropdown menu labeled 'Select your team*'. The dropdown is open, showing two options: 'MARKHAM OUTDOOR POWER' and 'Team BCA Security Management'. Below the dropdown, there is a section for 'Profile photo' with a placeholder image and a text input field for 'Last name'. A 'Join' button is located at the bottom right of the modal.

Every donation made through your link goes directly to the Foundation, and you get credit for each dollar raised. **The more you raise, the bigger your rewards!**

Please feel free to reach out to us if you have any questions (brian.claman@canada911ride.org). We're here to make this anniversary ride your best one yet. Thank you for being part of the Canada 911 Ride Foundation!
