Canada 911 Ride Foundation

## Our Mission

The foundations mission includes honouring the memories of emergency service first responders who have died in the line of duty; assisting the children left behind by way of financial assistance for their post secondary endeavours; helping children who have been the victim of violent crime; and working in conjunction with the Mikey Network to make public defibrillators more readily available to help save lives.

# A History of Giving

Over the last 18 years, the foundation has successfully raised over \$1,000,000.00 in support of its causes and has made presentations to various recipients and organizations, as detailed below:

- Honoring Fallen Emergency First Responders

We commemorate the memories of emergency first responders who have made the ultimate sacrifice in the line of duty by dedicating a public access Automated External Defibrillator (AED) in their name. This initiative ensures that their legacy endures, allowing them to continue serving their community even in their absence.

- Assisting the Children of Fallen Emergency Service First Responders

Our commitment extends to supporting the children of fallen emergency service first responders. We provide educational bursaries to assist them in pursuing their post-secondary endeavors, aiming to ease the financial burden and contribute to their educational pursuits.

# Some Examples How Your Donation is Used

- Our ongoing collaboration with [The Mikey Network](#) has resulted in saving 48 lives to date and counting.
- We solemnly remembered the three RCMP officers who lost their lives during the [2014 Moncton shootings](#), where a total of three RCMP members were killed, and two others were severely injured.
