DATE, LOCATION, JURISDICTION, DEPUTY & EID, AND NATURE OF CALL/INCIDENT INFORMATION

CHILD VICTIM

There is video footage available of this incident; however, this report is merely a synopsis of the relevant facts of the investigation. It is not intended to be a verbatim account of every individual that I spoke with. This report does not reflect every word spoken by this deputy other deputies/officers, witnesses, suspects, or victims. For a verbatim account, please see body worn camera footage. This deputy did not review the body worn camera footage to prepare this report.

On January 27th, 2020, at approximately 2130 hours, I, Deputy Sean Donahoue 18049 of the El Paso County Sheriff's Office (EPSO), was dispatched to 6627 Mandan Dr, Security, Co 80925 in unincorporated El Paso County, Colorado in reference to a runaway.

IDENTITY AND CALL SIGN/ASSIGNMENT OF OTHER RESPONDING UNIT(S)

1A71 Micheal Parker 17074 (FTO Training Deputy)

3A81 Mark Carle 18027

3A51 Patrick Younkin 06005

INITIAL CALL INFORMATION

Information given in call screen was that an 11-year-old male boy was supposed to return home at 1800 hours and had not. There was no contact with him currently. Stepmother was Reporting Party (RP) and Father was out of state on military orders. Father was aware of situation and calling into dispatch upset and irate due to lack of quick response by law enforcement. Child last scene around 1515 hours on foot wearing blue jacket over blue jeans with brown hair/brown eyes.

Call screen for this incident was originally built at 1855 hours. Deputy Parker and I were assigned to this called at approximately 2138 hours. While on the way to the house a call came in about suspicious activity in the same neighborhood. We arrived on scene at approximately 2209 hours and were able to determine the suspicious activity was neighbors roaming to find the child.

INITIAL OBSERVATIONS/ARRIVAL AT SCENE

As we entered the neighborhood multiple people could be seen walking around with flashlights on the sidewalks with vehicles following slowly through the streets. We spoke briefly to one group who stated they were looking for the child. Initial call information was that a Facebook post had been made about a missing child and the citizens were gathering to search.

We pulled up to the house at approximately 2210 hours. We approached the front door and were met by Mrs. Leticia H. Stauch DOB: [REDACTED] the stepmother, who invited us into her home to speak about her missing son. Mrs. Stauch initially said she thanked us for our response. She was not upset that it took a while, but mentioned her husband was freaking out.

CHILD VICTIM

From the street the home was a single level, single family residence, with an attached garage on the south side of the street and facing north on Mandan Drive. The residence was in a newly developed residential neighborhood with houses on all sides except the front. Attached to the left side of the door is a Ring doorbell. The upper half of the exterior siding was vinyl siding with the lower half being what appeared to be a cobblestone brick layout. The front of the house had one visible exterior window on the right side. The porch was centered on the front of the house with a green exterior door. On the pillar on the porch the numbers "6627" were clearly visible in black from the road.

Entering the residence, you came into a hallway that had two doors on the right and what appeared to be a coat closet on the left-hand side. As you entered through this hallway it opened into a living room to the left, southeast corner of the room, and the kitchen was to the south west corner of the residence. To the east side of the house there was a hallway that led to the garage and bedroom. Directly in between this hallway and where we stood was the staircase leading to the basement. In the basement there was another living area as well as two more bedrooms.

CHILD VICTIM

FAMILY MEMBER STATEMENT(S)

Father, [REDACTED]

Per Mrs. Stauch, [REDACTED] was on military orders for training out of state. I spoke with [REDACTED] over the telephone.

During our conversation I asked the pertinent questions on the missing persons/runaway form. Following the questions on the form I spoke with him about some of his son's habits. [REDACTED] said he was an average kid. He did well in school and never had issues with school. He had [REDACTED] that was helping. [REDACTED] said [REDACTED] didn't show any behaviors that were out of the ordinary that he was aware of. He stated [REDACTED] never mentioned anything to him about leaving. The only issue that was out of the ordinary was when he texted him this morning about bath salts. He said that situation was resolved, and he let him leave to play his games at his friend's house.

He stated the friends house that he mostly hung out with was at the end of the street to the right of his house as you left out the front door. I later verified this address as 9865 Rubicon Dr. This residence was said to be checked by Mrs. Stauch. [REDACTED] [REDACTED] said the only other house that he may be at was the sister's friend's house, but he was uncertain about this. [REDACTED] stated he was messaging his wife at the time of our phone call. He stated she was having a massive panic attack about the ongoing events and asked deputies to check on her. [REDACTED] had nothing further to add at this time.

REPORTING PARTY STATEMENTS

Reporting party was the child's stepmother. Letecia H. Stauch DOB: [REDACTED]

Initial person contacted once we entered the home. Ms. Stauch was the one who opened the door and invited us inside.

Based on her knowledge, [REDACTED] left the home on foot with his Nintendo switch to go to the friend's house right down the street. He was supposed to return home by 1800 hours so that he could go to dinner with Ms. Stauch and his sister. When he didn't come home, she assumed it

was due to the weather. Mrs. Stauch said she drove down to pick him up. When she arrived at the house, the friend said they hadn't seen [REDACTED] today.

She returned home to find [REDACTED] Iphone and wallet were left in his room. Initial information provided to dispatch was that [REDACTED] may have had his phone. She said this was not unusual behavior, but it was still odd. She went looking through his Iphone and found Google searches of "Can someone find my Iphone if I turn it off?"

Mrs. Stauch stated [REDACTED] was not showing any abnormal behaviors until this morning when he texted his father asking about bath salts. It was later found out by the parents that [REDACTED] was asking about bath salts because a friend who invited him over for a sleep over this weekend had an older brother who said they could come over to play if he brought bath salts with him. She said they didn't think much of it at the time.

It was asked if he was doing drugs and she said no. Mrs. Stauch did mention that he took [REDACTED] for his [REDACTED]. She said that he had side effects from it, so she only gave it to him on school nights. She specified these side effects upset his stomach to the point he could not control his bowel movements. She said that on the weekends or days off school she wouldn't give him his medication so that they could hang out as a family and he didn't have to worry about the side effect issues.

After Ms. Stauch called him in as a runaway, she went looking through his school backpack. She found what she described to be a cigar. We asked if he smoked marijuana or had access to it and Mrs. Stauch said he did not to either question as far as she knew. Mrs. Stauch mentioned he does go to school with older kids.

Mrs. Stauch stated that the day prior to him disappearing they went out hiking as a family. Mrs. Stauch said this was a normal occurrence. When the kids got home from school they had to have physical activity. Sometimes they would go hiking but if the weather was bad then they would have to run on the treadmill or ride the stationary bike at home instead. Mrs. Stauch mentioned most of the parenting is done by [REDACTED]. She stated this was because he was the father and she was just stepmom. [REDACTED] was the one to make the rules and enforced them through her.

On the day of the hike she said she gave him his medications for the day. While out hiking [REDACTED] had some issues with his medication causing him to defecate on himself multiple times that day while hiking and returning home. She said it put him in a mood and that affected the rest of his day.

Later that night she found him downstairs playing his videogame when he wasn't supposed to be. In the process of him trying to hide his videogames he knocked over a lit candle causing a small fire in the carpet. She mentioned the fire got put out and they weren't going to tell the father because he would be really upset considering how new the house was. I did not serve the burn mark. Deputy Younkin and Parker went downstairs with Mrs. Stauch when she offered to show the burn and [REDACTED] room. I stayed upstairs to speak with the daughter. The

daughter had no information to provide. I did not identify the daughter because she did not have pertinent information to add to the investigation.

Mrs. Stauch made the comment that [REDACTED] did not attend school today due to his stomach issues and feeling sick from the day prior. He was texting his dad throughout the day to see if he could be allowed to take his videogame to his friend's house later. Mrs. Stauch said that this was approved, and he was supposed to go in the afternoon.

We asked if she noticed anything missing after he left the house and she replied no. Mrs. Stauch made the comment that [REDACTED] asked if any of the guns were missing and she said at first she thought the one normally kept out was missing but after looking she found that it had been overlooked in her initial search for it. She said none of the guns appeared to be missing. The only item she specified as missing was the Nintendo switch [REDACTED] had with him.

When I started to ask some medical questions for the runaway form Mrs. Stauch became immediately evasive and referred all these questions to the father. She stated she was his stepmom and did not know the answers all well.

During the conversation with Mrs. Stauch she seemed to be downplaying the entire situation. Multiple times she would mention how [REDACTED] was the primary parent in relationship or that he was upset regarding what was happening. Mrs. Stauch would bounce from topic to topic when asked questions and would only provide the basic info. While Deputy Younkin was conducting a search of the house for [REDACTED] which Mrs. Stauch consented to, she continued to speak with Deputy Parker and I. When Deputy Younkin went into the garage she started to follow him during his search. She did not show interest in the search of the residence until Deputy Younkin entered the garage.

Following the search Mrs. Stauch would no longer answer questions about what was going on and referred all medical questions or further questions to [REDACTED].

Mrs. Stauch's daughter was on scene in the living room for this conversation. Mrs. Stauch's daughter did not have any information to provide.

I obtained a photograph of [REDACTED] and forwarded it to EPSO FIRE.

SCENE DESCRIPTION/DETAILS OF INVESTIGATION

We entered the house and started talking Mrs. Stauch. During the conversation Deputy Younkin entered and asked to look around the house. She gave permission. We continued the conversation. While searching through the house, Younkin started to enter the garage and Mrs. Stauch started to follow him into the garage. It was at this time I asked for her driver's license as well. Mrs. Stauch continued to follow Deputy Younkin through the main level. When Deputy Younkin went to go downstairs she followed. Deputies Younkin and Parker went downstairs to speak with Mrs. Stauch more and to see [REDACTED] room.

Released To: Jennifer Knight
9/1/23 RF

After conducting the search of the house for [REDACTED] I attempted to speak more with Mrs. Stauch. All of my questions got referred to [REDACTED]. I ended the conversation at this point.

It was discovered [REDACTED] may have been seen at the Kum and Go at 8050 Fountain Mesa Rd, Fountain, co 80917. Deputy Carle went to this address to confirm this. A photograph was shown to the assistant manager. The assistant manager said [REDACTED] was at the store at 1600 hours, bought a bag a chips, and left.

I later I spoke with Brandee Smith, store manager, at the Kum&Go. She put in a helpdesk request to pull video for the times that [REDACTED] is suspected of entering the store. She stated that she will pull all angles so that we could see if he arrived/left on foot or by vehicle.

This is a supplement to case number 20-1382.

On February 5, 2020, at approximately 1315 hours, I, Sergeant Kurt Smith, responded to 6627 Mandan Drive for a waiver supported walk through of the residence. District Attorney Dan May, Deputy District Attorney Michael Allen, District Attorney Investigator Brett Poole, EPSO Lt. Mitch Mihalko, Detective Jon Price, Detective, Mark Riley, Crime Scene Technician Brooke Havko, Crime Scene Technician Christian Liewer, and I conducted the walk through.

During the walk through, possible blood spatter was observed on the wall in [REDACTED] bedroom. Possible blood was seen on the mattress cover on the bed in [REDACTED] room.

A pillow case in the laundry basket reacted to Blue Star and was collected.

Detective McCormack authored a search warrant for the residence.

During a search of [REDACTED] bedroom, I located a comforter in the closet. The comforter had a red colored substance on it, and it was seized as evidence by Technician Liewer.

I did not seize any other items.

Nothing Further.

Body Worn Camera Footage Captured

On Wednesday, March 18th, 2020, at approximately 2043 hours, I, Sergeant Rachel McMillin #01095, of the El Paso County Sheriff's Office (EPSO) Patrol Division, responded to 3310 Glade Court, located in Colorado Springs, Colorado, in reference to a follow up on this case. Information from EPSO dispatch was that a deputy was needed to respond to the address to pick up a "tuft of hair" that the resident at that address had found.

Prior to my arrival on scene, I spoke with Detective David Glenn via telephone. He told me the female at the address, whom he identified as "Brooke", had a Ziploc style baggie with some hair in it. He told me he had already spoken to Brooke and gathered all her information, to include where she had located this hair.

At approximately 2104 hours, I arrived on scene and contacted Brooke. She pulled a small, sandwich size baggie from the top shelf of a closet next to her living room area. I asked her if she had any questions or anything further that she felt we needed to know. She told me she did not.

I placed the baggie into a paper evidence bag into the trunk of my marked patrol unit and responded to the EPSO evidence facility, located at 2749 E. Las Vegas Street.

Once at the evidence facility, I photographed the baggie with and without scale, utilizing my body worn camera. I then donned a set of disposable gloves and removed the hair from plastic baggie and placed it into a small brown paper envelope. I also photographed that. I then placed that small envelope into an evidence bag and sealed it with red evidence tape. I placed the plastic baggie into a separate evidence bag and sealed it. The disposable gloves I was wearing were placed into a 3rd separate evidence bag and sealed.

I have nothing further.

Arriving in the area of the Lorson Ranch neighborhood from Carriage Meadows Dr off Fontaine Blvd we saw multiple people walking eastbound down the sidewalk on the south side of Mandan Dr with flashlights followed by slow moving vehicles. The initial group of approximately three people spotted us as we pulled into the neighborhood. We asked if they were searching for the missing child and an unidentified female stated they were. She also stated there were about 100 other people searching for this child. As we continued into the neighborhood turning west on Mandan from Carriage Meadows Dr, we could see other groups of people with flashlights looking in and around the Lorson Ranch area both on foot and by vehicle. The female we spoke to initially was seen walking to a residence where a couple had just arrived home and were getting out of their car. She started speaking with the couple about searching for the missing child.

CHILD VICTIM

We proceeded into 6627 Mandan Dr and conducted our initial investigation. After I spoke with the stepmom, Leticia Stauch, I came outside and spoke with the father, [REDACTED], by phone in our marked patrol unit. During this time Deputy Carle went to the Kum&Go on Fountain Mesa to find out if [REDACTED] had been seen there. Deputy Younkin drove around in the Lorson Ranch area looking for the white SUV mentioned by Mrs. Stauch. The information provided by [REDACTED] Mrs. Stauch was documented under my original case report.

Immediately following my phone call with [REDACTED], Deputy Parker and I patrolled the neighborhood going west on Mandan Dr until it turned into Rubicon Dr, continued to follow Rubicon Dr, went around Galpin Dr, and continued on Rubicon Dr until it turned back into Mandan Dr looking for any children on foot that would match the description of [REDACTED] as well as searching for a white SUV that [REDACTED] may have been picked up in. This information came from Facebook messages sent to Ms. Stauch by multiple people in the Lorson Ranch neighborhood using the Neighborhood Facebook page. After the call we identified the house Mrs. Stauch believe [REDACTED] to be at and that was identified by both Mr. and Mrs. Stauch as the normal friend's house [REDACTED] would spend time at. This address was 9865 Rubicon Dr Security, Colorado 80925. We did not contact anyone at this residence due to Mrs. Stauch stating she had already checked the address earlier in the evening when she was going to pick him up. Later in the shift we conducted another patrol check in the same pattern as mentioned earlier.

No one else was identified or contacted during this call.

CHILD VICTIM

On January 27th, 2020, at approximately 2130 hours, I, Deputy Micheal Parker of the El Paso County Office was with my Deputy in training, Sean Doanhoue. Sheriff's Office was dispatched to 6627 Mandan Dr in unincorporated El Paso County, Colorado in reference to a runaway. This is a supplement to the original report. I was driving a marked patrol unit and standard uniform. Deputy Donahoue was in the passenger seat.

Arriving in the area of the Lorson Ranch neighborhood by driving east Fontaine BLVD to Carriage Meadows Drive. I turned south on Carriage Meadows and saw multiple parties down by the drainage ditch that is parallel to Carriage Meadows Drive and under Fontaine Blvd. Dispatch had received a call about people with flashlights in resident's yard. Dispatch received a call from off-duty Deputy Christopher Smith stating a Facebook Post was receiving a lot of attention and he wanted an update from dispatch on our ETA. I assumed the two calls, and the subjects with the flashlights in the ditch were related. I did not stop because [REDACTED] was upset and calling trying to expedite our response. I confirmed search parties were out this when I observed multiple people walking eastbound down the sidewalk on the south side of Mandan Dr with flashlights followed by slow moving vehicles. The initial group of approximately three people spotted us as we pulled into the neighborhood. We asked if they were searching for the missing child and an unidentified female said they were. She also stated there were about 100 other people searching for this child. I aired this information to dispatch. As we continued into the neighborhood turning west on Mandan from Carriage Meadows Dr, we could see other groups of people with flashlights looking in and around the Lorson Ranch area both on foot and by vehicle. The female we spoke to initially contacted walked to a 6632 or 6622 where a couple had just arrived at the residence by parking in the driveway. The parties who got out was a male and female of a pickup truck. The truck they got out of was parked to another sedan in the driveway. She started speaking with the couple about searching for the missing child.

We proceeded into 6627 Mandan Dr and conducted our initial investigation. The information provided by Mrs. Stauch was documented under my original supplemental report. I stood outside my patrol vehicle and spoke with Deputy Younkin and Deputy M. Carle while Deputy Donahoue spoke with [REDACTED] on the phone. Numerous vehicles came and left the neighborhood via Carraige Meadows Blvd. during this time frame. Several individuals including Deputy Smith contacted us while we were outside the residence. Deputy Smith noted it was possible several other off-duty deputies were going to join the search.

Immediately following Deputy Donahoue's conversation with [REDACTED], Deputy Donahoue and I started searching the neighborhood going west on Mandan Dr until it turned into Rubicon Dr, continued to follow Rubicon Dr, went around Galpin Dr, and continued on Rubicon Dr until it turned back into Mandan Dr looking for any children on foot that would match the description of [REDACTED] as well as

searching for the white SUV noted by Mrs. Stauch.

After the call we located the residence Mrs. Stauch thought [REDACTED] was going to earlier in the evening. This address was 9865 Rubicon Dr. We did not contact anyone at this residence due to Mrs. Stauch stating she had already checked the address earlier in the evening when she was going to pick him up.

We later conducted another patrol check in the same pattern as mentioned earlier.

We did not contact or identify anyone else in the neighborhood on this date.

Case status: SAO

For unknown reasons my body-camera microphone was all that activated on this call-for-service.

On January 27, 2020 at approximately 2143 hours, Deputy Michael Parker #17074 with the El Paso County Sheriff's Office, was with Deputy in Training Sean Donahoue #18049. We were assigned to a runaway at 6627 Mandan Drive in the unincorporated El Paso County, State of Colorado. Preliminary information was given by dispatch that the child had left the residence at approximately 1530 hours. The child was identified as [REDACTED] [REDACTED] date of birth [REDACTED]

While in-route, dispatch received a call about people looking in yards with flashlights in this neighborhood. It was discovered a Facebook post had been posted about [REDACTED] disappearance. Several members of the community had come together to search the neighborhood for [REDACTED]

The residence is described as a single-story family home with an attached garage. The residence is on the south side and faced north on Mandan Drive. This is a newly developed residential neighborhood. The residence has houses on each side and across the street. When we went to the door, I observed a Ring doorbell to the left side of the door. Upon arrival at 2210 hours, we spoke with [REDACTED] step-mom, Leticia Stauch, date of birth [REDACTED]. We were allowed into the residence by Mrs. Stauch.

Upon entry into the residence, immediately to the east was a hallway with two doors. The entryway led into a living area and a kitchen. On the west side of the residence was a doorway to the garage and another doorway that led to a bedroom. Next to the doorway that leads to the garage was a stairwell that led to the basement. I later discovered that this led to several other living areas, which included [REDACTED] room. Mrs. Stauch seemed undisturbed by the fact that [REDACTED] was missing by stating he was probably at friend's house. She began explaining that between the hours of 1515 and 1600, [REDACTED] left the residence. Mrs. Stauch explained that she initially thought [REDACTED] went to a friend's residence that lives down the street. She said he was supposed to return at 1800 hours but did not. She said [REDACTED] was supposed to return for dinner. Mrs. Stauch said she believed this was due to the weather. Mrs. Stauch explained it was sleeting around that time. She decided to drive down to the friend's residence to pick him up. The friend stated that they had not seen [REDACTED] on this date.

[REDACTED] father was out of state on military order. He was identified as [REDACTED], date of birth [REDACTED]. Mrs. Stauch said [REDACTED] was notified and asked her to check the house for his guns and anything else missing from the residence. Mrs. Stauch said she checked the gun safe and discovered all the guns were there. Mrs. Stauch said she checked [REDACTED] room and discovered a cigar in his backpack. Deputy Donahoue asked if there was any drug usage or other suspicious circumstances. Mrs. Stauch stated that [REDACTED] did not have any known drug usage, but mentioned something about bath salts to [REDACTED] through text. Mrs. Stauch noted that [REDACTED] has [REDACTED] and takes prescription medication that upsets his stomach. Mrs. Stauch said on January 26th, they went for a hike, and she had given [REDACTED] [REDACTED] medication. Mrs. Stauch noted that

█████ defecated on himself twice during this hike. Mrs. Stauch described █████ as a gamer and noticed his Nintendo Switch was missing from the residence. According to Mrs. Stauch, nothing else was missing from the residence.

Due to the possibility that █████ may have been hiding in the residence, Deputy Younkin and I received consent to search to look for █████. I noticed Mrs. Stauch did not pay attention to what we were searching for until Deputy Younkin went into the garage. Mrs. Stauch followed Deputy Younkin into the garage when he started looking in the garage.

After we searched the upper level of the residence, I asked Mrs. Stauch if there was anything on his phone. Mrs. Stauch said that she found a Google search of where █████ had looked to see if a phone could be tracked. Mrs. Stauch's daughter was present for most of this interview. She noted that it is not unusual for █████ to leave his phone or anything behind. Mrs. Stauch also noted that █████ just got off restriction for his game console on this date. She stated that the previous night █████ was playing his console without permission and heard somebody come downstairs. He threw his game console to the side and knocked over a candle. She stated this started a fire. Mrs. Stauch later took us downstairs and showed us where she had put a rug in front of the couch, where the fire was. She stated that she was trying to clean it up around the time █████ left. She showed me an approximate 3 x 3-foot patch of carpet that she had cut the burned carpet out. Mrs. Stauch said that she was trying to replace it with another piece of carpet, so █████ did not find out.

Mrs. Stauch then took us into █████ room. I once again asked her if anything was missing. I observed that she had outfits laid out on █████ bed. █████ bed was to the right upon entry to the room. She stated that she gets █████ clothes ready, and she did not notice anything missing. None of the clothes looked disturbed. I checked the window to see if it was unlocked. It was not.

I asked Mrs. Stauch if the ring doorbell was able to detect when █████ left. Mrs. Stauch told me they do not subscribe to the Ring Application. I told Mrs. Stauch that I aware they still would have received a notification if motion was detected. I asked her if she received a notification. She told me no. I asked if the Facebook post about █████ had any pertinent information. Mrs. Stauch said she received about 150 Facebook messages. She told me she noticed a message with a picture from a doorbell camera. Mrs. Stauch said it showed possibly █████ getting in white a SUV. Mrs. Stauch said one of █████ friend's brother has a white SUV. Deputy Donahoue asked to see the message. Mrs. Stauch stated she had to find it. It was later asked if we could see it again. Mrs. Stauch said she could not find it.

Deputy Donahoue began asking Mrs. Stauch medical questions on the runaway form. Mrs. Stauch referred all questions to █████. Deputy Donahoue contacted █████ by phone. When Deputy Donahoue spoke with █████ he told us Mrs. Stauch may need medical attention because she was freaking out. Deputy Donahoue and I went back to check on Mrs. Stauch. She stated she was stressed about the situation, but otherwise okay. Mrs. Stauch did not appear to be in distress or need medical attention. I told her to call dispatch or Deputy Donahoue if anything changes.

After we left the residence, we conducted a neighborhood canvas. Deputy Carle noticed the call screen had an a caller reporting they may have seen [REDACTED] at the Kum and Go at 8090 Fountain Mesa Road convenience store. Deputy Carle responded to confirm the sighting. Deputy Carle told us the clerk confirmed it was [REDACTED] by the photograph sent to him by Deputy Donahoue. Deputy Donahoue conducted further follow-up later this later and confirmed with the assistant manager that [REDACTED] was possibly in the store. The video from the store was later requested.

A neighborhood canvas was conducted. It should be noted that a Facebook post was posted on social media about [REDACTED] being missing. Numerous citizens had come together to conduct a search party of this neighborhood in search of [REDACTED]. Numerous vehicles were in and out of the neighbor during this time.

I notified Sergeant John Hammond about the attention this was receiving in case the media was contacted.

This was the conclusion of my initial investigation. See Deputy Donahoue's report for further.

Nothing further.

Body-worn camera footage is available regarding his investigation. The following is a summary of facts and not intended to be a verbatim account of events.

The following is a supplemental report to El Paso County Sheriff's Office Case Number 2020-1382:

CHILD VICTIM

On 01/27/20 at approximately 2209 hours I, Deputy Younkin, was dispatched to 6627 Mandan Drive, County of El Paso, State of Colorado, in reference to a reported runaway.

Upon arrival I observed the structure was a single family residence with an attached garage oriented to the north. I contacted Deputy Parker regarding the status of the investigation. Deputy Parker obtained consent to the search the residence in event the missing juvenile associated with the situation was hiding inside the house. I began searching areas of the house that may conceal a hiding juvenile subject. The missing juvenile subject was subsequently identified as [REDACTED] DOB [REDACTED].

I searched several bedrooms and closets located on the upper level of the residence. I then proceeded to the garage area of the house and observed a black Volkswagen sport utility vehicle was parked inside the structure. The front of the vehicle was oriented toward the exterior overhead style garage door. I briefly searched the interior of the vehicle to verify the missing juvenile subject was not hiding inside the automobile. A female subject identified as Letecia Stauch DOB [REDACTED] entered the garage while I was searching the area. Letecia Stauch indicated her identification card may be located inside the sport utility vehicle. I asked Letecia Stauch if the missing juvenile had a history of hiding in vehicles. Letecia Stauch advised [REDACTED] would not likely hide in an automobile. I did not locate [REDACTED] in the sport utility vehicle or the garage area. I asked Letecia Stauch if she operated the vehicle on the date of the incident. Letecia Stauch indicated she did not drive the vehicle that day.

I moved to the lower level of the residence and searched multiple bedrooms, closets, a bathroom and a storage room. Letecia Stauch was initially on the upper level of the residence when I began searching the downstairs area. Letecia Stauch proceeded to the lower level during the search and made a reference to a cutting device that may be located on the floor.

Letecia Stauch appeared to caution me to avoid stepping on the cutting instrument. Letecia Stauch indicated the cutting instrument was located on the floor in an open room located on the lower level of the residence. The room contained a television and multiple couch style seats. Letecia Stauch indicated the cutting device was used to replaced damaged carpet in the room. Letecia Stauch lifted an area rug revealing what appeared to be a smaller cut remnant of exposed carpet. Letecia Stauch said [REDACTED] spilled a candle on the carpet. Letecia Stauch advised she was attempting to fix the carpet without revealing the damage to the juvenile subject's father. It should be noted that I did not observe a cutting device in the room. [REDACTED] was not located during the search of the residence.

CHILD VICTIM

On 01-28-20, I was assigned duties at the Office of the Sheriff located at 27 E. Vermijo Ave. All circumstances described in this report occurred within El Paso County, State of Colorado.

At about 0920 hours, I became aware of the incident reported in this case and that [REDACTED] DOB: [REDACTED] (11 years old) was reported as a runaway the previous night and had not yet returned home. Although I did not have all the details, at about 0922 hours, I called [REDACTED] step-mother, Leticia Stauch, DOB: [REDACTED] at telephone number [REDACTED]. I asked her if she had learned anything new and if [REDACTED] had returned home. She related that he had not returned and she did not have anything new to report from the previous night. I inquired if a search of their house had been done by deputies the previous night and she said deputies did search her house when the report was taken. I asked her if we could put [REDACTED] photo out to the media for community awareness and she said that it was ok. I advised her that we would continue to work the case and keep her apprised of the information and asked her to contact us immediately if she became aware of any new information.

I spoke with the Public Relations office and they prepared an alert bulletin with [REDACTED] photograph that was later sent to media outlets.

The Sheriff's Office received a tip that a boy with a backpack was seen crossing the railroad tracks behind the Walgreens store at 280 Main St. the day prior and the caller thought it might have been [REDACTED]. Between 1306 and 1330 hours, I searched the ditches, tunnels, outbuildings, fields and open areas around the Walgreens but did not locate any activity of relevance.

I learned that detectives were enroute to the Starbucks Coffee Shop located at 6845 Mesa Ridge Parkway to meet with Leticia and [REDACTED], DOB: [REDACTED] and responded to assist and gather more information. I arrived at about 1348 hours and saw that Detectives Riley and Bethel were seated at a table speaking with Leticia and [REDACTED]. I sat next to them and listened as they spoke with Detectives. I saw that they had [REDACTED] cell phone and asked if I could see it. I clicked on the map app and to see if he had searched any addresses. The only address searched was 10315 Declaration Dr. This is in the same neighborhood the Stauch's live. They did not recognize the address and did not know why it would have been searched. I sent Deputy Ricardo Garcia to the address. Leticia showed me a photo that she had been sent that showed a young boy with a blue hooded sweatshirt walking in front of a house. She said she thought the photo might have been him. She got the photo from a Facebook group that was trying to help search for her son. I departed a short time later and detectives remained with Stauch's.

Deputy Garcia later advised that the people living 10315 Declaration Dr. did not know the Stauch's and they did not have any children. One of the residents was a UCCS Police Officer and he lived there with his wife and his brother. During later conversations with Leticia she remembered that they delivered a "Jingle Basket" to a house on Declaration during the early part of December as a friendly neighborhood gesture where a gift basket is left on the porch and they ring the doorbell and leave. I departed a short time later and they remained with Stauch's.

I later went into the neighborhood for the purpose of canvassing for surveillance cameras. As I did not have all the details of the case, I saw that there were several vehicles parked at the Stauch's house at

6627 Mandan Dr. At about 1500 hours, I stopped to verify a timeline for requesting camera footage from neighbors. A white male, not identified to me answered the door. Leticia came to the door and I asked about verifying a timeline. She related to me that she did not know an exact time but that it was between 1515 and 1600 hours. She related that she had been in the basement working on fixing a burn mark from a candle that had been knocked over by ██████████. Leticia's daughter, an 8 year old girl (not identified to me), said that her mom was breathing real hard. Leticia laughed and said she may have overacted. She described grabbing a blanket and smothering the fire. She stated that when she smothered it, it caused the fire to grow but it did put it out. Her daughter said that ██████████ had something on the front of his shirt from the fire. Leticia said that something had gotten on his shirt. I asked about the house that ██████████ would have walked to. She said he left to go to a friend's house, but when I asked which friend she said she did not know. She assumed he was going to a friend that lived down the street. She stated that she thought he was going to ██████████ house (unknown spelling). When I asked where it was, her daughter stepped out of the house and pointed to a house at the intersection of Rubicon Dr. and Mandan Dr, on Rubicon Dr. This house was basically three houses away, and at the intersection of Rubicon.

Leticia then asked her daughter if she had passed him when she went to get the mail because she left shortly after ██████████ did. She said she did not see him. I asked where the mailboxes were and she related that they were further west on Mandan Dr. around the corner. Due to this description, it appeared that ██████████ would have had to of left walking east on Mandan Dr. By this time several friends had shown up at the house. ██████████ had come out of the house and was on the front porch area with us. He received a phone call and stepped away, and eventually joined a group of people in front of his neighbor's house.

As I departed, I saw that ██████████ was talking with neighbors that had cameras right next to his house. Figuring those houses had already looked I began trying to contact residents at ██████████ and neighbors. There was no answer at ██████████ house. I eventually contacted Cambra Peterson at 9885 Rubicon Dr. She had a doorbell camera and related that she had no footage of ██████████ and that she had checked. She also started a Facebook group to search for ██████████ and had printed flyers. Her facebook group had about a thousand followers and some had provided possible sightings of ██████████ on their home security systems to her Facebook group. The Facebook group was called, ██████████ Search Party and previously, Find ██████████. I showed Cambra a photo that had been shown to me by Leticia. She confirmed that it came through her Facebook group. I was later able to identify that the boy captured in the video was the son of Marci Whitman. I spoke to her on the phone at ██████████. The video captured the boy on Declaration Dr. The Whitman's live on Declaration and her son was carrying a plastic case that was seen on the video. Marci confirmed it was her son.

I later met with Mallory Jansen at 6863 Phantom Way ██████████). She had a video capture a figure at 1900 hours walking east on Pantom Way. The figure appears to be wearing a blue hoodie with a white shirt under it and white shoes. There we no distinguishing features available. This Ring Video was emailed to me and I forwarded it to Det. Bethel at 1724 hours for review.

I drove many roads in the subdivision, checked construction dumpsters, walked along the creek and under the bridge and spoke to several concerned residents. I found nothing of relevance. I also received several text messages from Cambra Peterson that contained names and numbers from people that thought they might have captured images of ██████████ walking in front of their houses. Those text messages were forwarded to Det. Bethel at 1804 hours.

Nothing further.

On Tuesday, January 28, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

At approximately 12:30 pm, Detective Sergeant Rosario Hubbell informed Detective Mark Riley and I of a missing child, [REDACTED] DOB: [REDACTED]. Sgt. Hubbell stated [REDACTED] was reported missing by his stepmother, Letecia Stauch, DOB: [REDACTED] on Monday, January 27, 2020 at approximately 6:55 pm, and had not yet been located. Mrs. Stauch initially called into the El Paso County Communications Center (dispatch) at 6:55 pm on January 27, 2020 to report [REDACTED] as a runaway. EPSO patrol deputies responded to her home (6627 Mnadan Dr) at approximately 10:00 pm to take the case. During the initial contact by patrol deputies the home was thoroughly searched for [REDACTED] and patrol deputies were not able to locate him. Patrol Deputy Sean Donahue took a report from Mrs. Stauch and documented she reported [REDACTED] left to play at an unknown friend's house between 3:15 pm and 4:00 pm. [REDACTED] was instructed to be home by 6:00 pm and when he did not arrive, Mrs. Stauch contacted authorities to file a report. During the telephone interview with the dispatcher, Mrs. Stauch reported [REDACTED] had a cellphone with him and provided his telephone number [REDACTED]. Review of the initial patrol report indicated patrol deputies observed neighbors in the area of [REDACTED] home were actively searching for him.

At approximately 1:14 pm, I contacted Mrs. Stauch via telephone ([REDACTED]). I introduced myself to her and asked to meet with her to assist in finding [REDACTED]. Mrs. Stauch was apprehensive to speak with me and told me she had already spoke to "eight other people" and she did not want to talk to me. I told Mrs. Stauch I may be able to better assist in locating [REDACTED] due to my investigative experience and requested to meet her at her address (6627 Mandan Dr.). Mrs. Stauch told me she would not meet me at her home because too many young children were there, and she did not want them overhearing our conversation. She requested I meet her at Starbucks located at 6845 Fountain Mesa Parkway in Fountain, Colorado. Mrs. Stauch told me she was with her husband, [REDACTED], DOB: [REDACTED] who is [REDACTED] biological father. Mrs. Stauch stated they would be in [REDACTED] red Nissan Frontier at the Starbucks.

At approximately 1:28 pm, Detective Riley and I arrived at Starbucks and met with [REDACTED] Mrs. Stauch. The conversation we had with them was recorded using my MP3 player. The recording was placed into evidence as item # 354 by Detective Katherine Huston #12021 and was sent to records technicians for transcription. The transcription will be reviewed and attached to a separate supplement. The following is a synopsis of the conversation and should not be considered a verbatim transcription.

Detective Riley and I collected identifying information from [REDACTED] Mrs. Stauch.

[REDACTED] Mrs. Stauch initially thought [REDACTED] was spotted at the Kum and Go gas station located at 8050 Fountain Mesa Rd in Fountain Colorado. I was later informed by EPSO Patrol Sgt. Jason Hess that

deputies responded to the Kum and Go gas station and were able to determine the child initially thought to be [REDACTED] at the gas station was not [REDACTED]

I asked [REDACTED] Mrs. Stauch about [REDACTED] friends. Mrs. Stauch said she did not really know who [REDACTED] friends were and [REDACTED] was the one who contacted [REDACTED] friends and their parents. [REDACTED] told me [REDACTED] usually played with [REDACTED] who lives at the end of their street and another child named [REDACTED]. [REDACTED] provided me with contact information for [REDACTED] and [REDACTED] parents, which was passed on to Detectives Arndt and Vigil for follow up.

[REDACTED] told Detective Riley and I he was at Fort Sill, Oklahoma for training on Monday, January 27, 2020, when Mrs. Stauch contacted him and told him [REDACTED] was missing. Mrs. Stauch stated [REDACTED] stayed home from school (Grand Mountain Elementary School) on Monday, January 27, 2020 because he was experiencing stomach issues and was bleeding from his rectum. The last time [REDACTED] was at school was Friday, January 24, 2020.

Mrs. Stauch further explained [REDACTED] has digestive issues which cause him to become constipated and eventually incontinent. Mrs. Stauch said on Sunday, January 26, 2020, she took [REDACTED] and his 8-year-old sister, [REDACTED] Stauch, DOB: [REDACTED], on a hike at the Garden of the Gods park in Colorado Springs, Colorado. It was during their hike when [REDACTED] became incontinent and they had to return home. Mrs. Stauch reported later, on Sunday night [REDACTED] was downstairs in the basement lying on the couch and accidentally knocked over a candle onto the carpet. Mrs. Stauch told us there was a hole burnt in the carpet from [REDACTED] spilling the candle. [REDACTED] added he believed [REDACTED] lit the candle because he was smelling bad.

Mrs. Stauch stated she allowed [REDACTED] to stay home from school on Monday, January 27, 2020 and took him with her while she ran errands. She set the ADT alarm system at 10:05 am. Mrs. Stauch told Detective Riley and I she and [REDACTED] went to PetCo located on North Nevada Ave (5020 N. Nevada Avenue in Colorado Springs, CO) and she purchased items for their dogs while [REDACTED] remained in the Frontier. They ran other errands while they were out which included going to a gas station. She and [REDACTED] returned to their home at approximately 2:29 pm. Mrs. Stauch confirmed they returned home at this time by checking to see when she disarmed the alarm.

[REDACTED] told me he was concerned with text messages [REDACTED] sent to him. He told me [REDACTED] was concerned about getting into trouble for burning a hole in the carpet and later texted him asking about bath salts. [REDACTED] was concerned [REDACTED] was asking for bath salts and contacted Mrs. Stauch to tell her to lock up the bath salts they used for bathing and asked her to check [REDACTED] backpack. Mrs. Stauch stated she was "clueless" about bath salts and told [REDACTED] she provided [REDACTED] with a bath bomb the day before when he asked her about bath salts. Mrs. Stauch said she believed [REDACTED] was asking for bath salts to take a bath with. Mrs. Stauch reported she did not check [REDACTED] backpack at that time.

[REDACTED] told me [REDACTED] sent him other text messages telling him his ([REDACTED] friend said he has an older brother with a car and the older brother said [REDACTED] could come over to play if he brought bath salts. [REDACTED] said he told [REDACTED] he could not play with the friend and contacted Mrs. Stauch, telling her about the text messages.

██████████ said ██████████ told Mrs. Stauch he was going to play, and he was concerned ██████████ may be with the new friend he mentioned in the text messages. He added he is not aware of any friends ██████████ has that has an older brother that is of age to drive. Mrs. Stauch said she attempted to locate ██████████ and during her search was told about a boy name ██████████ who supposedly had an older brother. Mrs. Stauch said she went to ██████████ house and contacted his father. ██████████ father did not have a child old enough to drive and did not know where ██████████ was.

CHILD VICTIM

██████████ said he was concerned because ██████████ is a homebody who likes to play Nintendo and watch cartoons. He did not believe ██████████ would run away because of his stomach problems and felt something bad happened. ██████████ said he thought ██████████ was at a house with drug users who could have convinced him to come to their house. ██████████ contacted ██████████ school to attempt to gather more information about the children ██████████ plays with at school but was not provided with any information.

I asked ██████████ if ██████████ has any social media accounts. He told me no and explained ██████████ is not allowed on the internet except to play some games. ██████████ did provide me with an iCloud username for ██████████ ██████████". ██████████ did not know of a specific username but did mention ██████████ was caught using the application "TikTok" within the past week. ██████████ Mrs. Stauch were concerned about him using the application because of some of the "challenges" that are posted it. ██████████ was prohibited from viewing the content on TikTok.

I asked about ██████████ phone. ██████████ said he had ██████████ phone and checked through it. ██████████ had only texted one friend. A review of addresses searched on the phone showed the address, 10315 Declaration Dr. which is in the same general neighborhood as the Stauch residence. ██████████ did not recognize the address, but Mrs. Stauch felt the address could have been the one she and ██████████ delivered a "jingle basket" to during the holidays. The address was passed onto Sgt. Hubbell who followed up and contacted the occupants of the home. They did not report seeing ██████████ and did confirm they participated in the jingle basket program. Mrs. Stauch mentioned seeing an internet search, can my parents find me if my phone is off. This search was said to be on ██████████ phone.

I asked ██████████ for permission to download ██████████ phone and search its contents. ██████████ agreed and completed a search waiver for the phone. He provided me with the phone. The waiver for the phone was later placed into evidence as item #266 by Detective Jon Price #02034. The phone was downloaded by Detective Michael Bauman. The phone was later returned to ██████████ by Detective Riley.

██████████ also provided me with the serial number for ██████████ Nintendo switch (Serial # ██████████). Mrs. Stauch initially reported to EPSO patrol on January 27, 2020 that ██████████ left the house with his Nintendo Switch and left his wallet and phone at home. The serial number was provided to Detective Price, who completed a search warrant to Nintendo in an attempt to locate ██████████ location through the device. Detective Price later informed me the search warrant did not provide any location data to assist in locating ██████████

I asked ██████████ if ██████████ suffers from any other ailments or disabilities. He told me ██████████ has ██████████ and takes medication for it. ██████████ does not have any issues in school and usually makes straight A's. ██████████ mentioned to me he recently began taking ██████████ and ██████████ to a counselor ██████████. The children were seeing ██████████ because they were struggling with not seeing

their mother.

I asked Mrs. Stauch about other children in the home. She told me the only other children in the home is [REDACTED] and [REDACTED] DOB: [REDACTED] who is Mrs. Stauch's biological daughter.

During the course of my investigation I learned [REDACTED] and [REDACTED] are the biological children of [REDACTED]. [REDACTED] and his ex-wife [REDACTED], DOB: [REDACTED] is the biological daughter of Mrs. Stauch.

Both [REDACTED] Mrs. Stauch could not provide Detective Riley and I with any information about [REDACTED] location.

I concluded my conversation with [REDACTED] Mrs. Stauch. Detective Riley and I responded to Grand Mountain Elementary School to speak with [REDACTED] teacher.

Detective Riley and I arrived at Grand Mountain Elementary School at approximately 2:30 pm. The school is located at 11060 Fontaine Boulevard.

Detective Riley and I spoke with Ms. Kaitlyn Collar, DOB: [REDACTED] and Ms. Ursula Reece, DOB: [REDACTED]

Ms. Collar is [REDACTED] 5th grade teacher. She described [REDACTED] as a smart child, who is friendly with everyone. Ms. Collar told us [REDACTED] was not overly social but does have two friends, [REDACTED] and [REDACTED]. Ms. Collar stated [REDACTED] is very knowledgeable with technology and enjoys playing video games. She said [REDACTED] does take medication for [REDACTED] and she has noticed [REDACTED] has not been getting his medication consistently. [REDACTED] is not known to have any behavioral issues or suicidal ideations or attempts in the past. Ms. Collar did not believe [REDACTED] had a girlfriend. I asked Ms. Collar if [REDACTED] ever made any complaints to her. She told me no. I requested information on the students [REDACTED] was closest with. I was provided with information for the following children, [REDACTED] [REDACTED] [REDACTED] III; and [REDACTED]. This information was provided to Detectives Arndt and Vigil for further follow up.

Ms. Reece is the Dean of Students at the school. She reported she has not had to speak with [REDACTED] about any disciplinary issues or issues with other students.

I contacted Sgt. Hubbell and updated him on the situation. I requested Sgt. Hubbell obtain the assistance of the National Center for Missing and Endangered Children (NCMEC) due to the circumstances.

At approximately 3:45 pm, I contacted [REDACTED] Mrs. Stauch via telephone and asked them to bring a hairbrush or toothbrush of [REDACTED] to the Office of The Sheriff (OTS), located at 27 E. Vermijo Ave. They agreed. At approximately 4:04 pm, Mrs. Stauch contacted me via text message and asked if I wanted her to look for the rag or bandaids from their burns from the candle incident. I told Mrs. Stauch she could bring those items if she wished, but it was not necessary and that a toothbrush was sufficient.

[REDACTED] arrived at the OTS at approximately 4:30 pm. [REDACTED] was alone when he arrived at [REDACTED] where Mrs. Stauch was and was told she should be at their residence. I texted Mrs. Stauch and asked her if she was available to speak with me at the OTS. She did not respond via text.

Detective Riley conducted an interview with [REDACTED] at the OTS. When the interview was complete, [REDACTED] left the OTS.

At approximately 6:00 pm, Mrs. Stauch contacted me via telephone. Due to cellular service issues in the building I called Mrs. Stauch back from Sgt. Hubbell's desk line. I attempted to record the conversation but was unable to because the batteries in the recorder were not working. The conversation lasted approximately 30 minutes. During my conversation with Mrs. Stauch she told me she last saw [REDACTED] between 3:15 pm and 4:00 pm. Mrs. Stauch remembered this timeframe because there was a TV show on that she liked to watch. Mrs. Stauch could not tell me what the name of the TV show was. She told me [REDACTED] was at work and [REDACTED] told her she did not pass [REDACTED] in the neighborhood. I asked Mrs. Stauch what [REDACTED] was wearing when he left the house. She told me he was wearing blue shoes, a blue hoodie and blue jeans. I asked Mrs. Stauch to come into the OTS to conduct a recorded interview with me. She told me she was unable to because she had a stomachache. Mrs. Stauch told me she was having to stop at Walgreens drug stores to use the restroom because of her stomach troubles.

I asked Mrs. Stauch why [REDACTED] was restricted from his electronics (it was learned though the investigation that [REDACTED] was not allowed to have his electronics). Mrs. Stauch could not tell me why [REDACTED] was on restrictions and added she does not make any of the parenting decisions because [REDACTED] is possessive about it. Mrs. Stauch did say she blocked wifi access on [REDACTED] devices because of his use of TikTok.

I asked Mrs. Stauch what her relationship with the children was like. She told me the children listen to her and she is strict when it comes to schoolwork.

I asked Mrs. Stauch if [REDACTED] had spoken about running away before. She said no. Mrs. Stauch stated [REDACTED] does get upset when he has to return home from visiting his mother. She believed [REDACTED] mother was not strict when he visited her and because of that [REDACTED] had trouble adjusting when he came home. Mrs. Stauch told me [REDACTED] was upset because he has not seen his stepfather, [REDACTED]. According to Mrs. Stauch [REDACTED] stopped being involved in [REDACTED] and [REDACTED] lives around December 2019. [REDACTED] has a daughter, [REDACTED] who is [REDACTED] stepsister.

I asked Mrs. Stauch if she knew of any bullies [REDACTED] had. Mrs. Stauch told me [REDACTED] did not have any issues with other children, but [REDACTED] did. She also told me [REDACTED] did not stick up for [REDACTED] when she was bullied.

Mrs. Stauch provided me with history of the family. She told me [REDACTED] last saw his mother around Christmas time 2019. She added [REDACTED] mother frequently does not visit the children during her allotted parenting time and makes excuses for not seeing them. Mrs. Stauch told me [REDACTED] and [REDACTED] were supposed to see their mother during every school break but has not seen her because their mother did not have the money to pay for them to come see her. This caused [REDACTED] to be upset.

Mrs. Stauch told me [REDACTED] behavior had changed approximately 1 year ago. She told me he made gestures with a knife towards her previously. This occurred while they were living in Colorado.

Mrs. Stauch said she kept the children by herself during [REDACTED] 4th grade year in school. During this time frame, [REDACTED] was allowed to see his mother, but was upset because his mother would not follow through with seeing them. [REDACTED] expressed his displeasure about his mother and father not living

together and them not being married anymore. Mrs. Stauch told me she felt as if [REDACTED] did not understand why his parents could not live together when they were divorced. She said [REDACTED] behavior escalated and he began throwing tantrums and was causing issues. [REDACTED] began seeing a counselor in April of 2019 and has been doing better since.

CHILD VICTIM

During my conversation with Mrs. Stauch she told me in her mind, [REDACTED] and [REDACTED] mother is their mother and she would never be able to take her place. She has told [REDACTED] and [REDACTED] she is not their mother because she did not want them to feel as if she is trying to take her place. Mrs. Stauch explained how [REDACTED] father, Chance Hunt, was deceased.

Mrs. Stauch told me there was tension in her relationship with Mr. Stauch because she would make decisions concerning [REDACTED] and [REDACTED] and Mr. Stauch did not agree with them. She stated their parenting is separated. She disciplines [REDACTED] and Mr. Stauch disciplines [REDACTED] and [REDACTED]. They do not co-parent with one another and neither have adopted the other spouses' child/ children.

Prior to living in Colorado, the family lived in Alaska until Mrs. Stauch had an issue with one of Mr. Stauch's chain of command. They were moved from Alaska to Colorado because of an alleged sexual assault.

I asked Mrs. Stauch when she and [REDACTED] began their relationship. She told me she and [REDACTED] met while playing softball in the beginning of 2014. They were later married in January 2015.

I concluded my phone call with Mrs. Stauch and briefed supervisors and other detectives on what I learned. Searches and evidence collection were directed by supervisors who were present. I continued actively investigating the case with other detectives at the OTS.

At approximately 7:03 pm, Mrs. Stauch contacted me via telephone. She told me she was not able to get in touch with [REDACTED] and had not seen him. She told me she was concerned because he did not speak with her after he completed an interview with Detective Riley. Mrs. Stauch also wanted [REDACTED] home to take care of [REDACTED].

At approximately 7:06 pm, [REDACTED] contacted me via telephone. I could tell by the tone of [REDACTED]'s voice that he was upset. [REDACTED] told me he needed to tell me something. He said he did not tell me about a Kia Rio that Mrs. Stauch rented at the airport when she picked him up earlier that day. He told me Mrs. Stauch told him she parked her car at French Elementary School (located at 5225 Alturas Dr. Colorado Springs, CO 80911) and a friend took her to the airport to pick him up. She said she needed to rent the car to keep the mileage low on her Tiguan which was a leased vehicle. [REDACTED] told me he had driven by French Elementary School and did not see Mrs. Stauch's car at the school or in the area of the school. I asked [REDACTED] for information about Mrs. Stauch's car. He told me it is a black Volkswagen Tiguan with fictitious South Carolina plates on it. He could only recall "CYY and 3 numbers" of the plate and told me the plate belonged on a 2016 Nissan Maxima that Mrs. Stauch previously owned. As I spoke with [REDACTED], he became more upset. I asked him if he thought Mrs. Stauch may have been involved with [REDACTED] disappearance. He began to sob uncontrollably and said yes. I arranged for detectives to meet [REDACTED] and bring him back to the OTS because he was upset. [REDACTED] was able to compose himself enough to drive and spoke with me while he was headed back to the OTS. During our conversation [REDACTED] told me he had driven by Mesa Ridge High School (located

EPC SHERIFF'S OFFICE

at 6070 Mesa Ridge Parkway) and thought he saw Mrs. Stauch's vehicle in the parking lot. He stopped at the school and determined the car was not the same make or model as Mrs. Stauch's vehicle. He continued to the OTS where he was interviewed for a second time by Detective Riley.

Supervisors of the Investigations Division were kept informed of the developments of the case while it was evolving.

Arrangements were made for Detectives to respond to the Colorado Springs Airport to collect data on the rented Kia Rio which was rented from Avis car rental company. Detectives also picked up [REDACTED] mother, [REDACTED] and her brother Brandon Bullard, DOB: [REDACTED]. Detectives also went to the Stauch's residence to locate [REDACTED] and bring her to the OTS per [REDACTED] request.

At approximately 8:22 pm, I conducted an interview of [REDACTED] and Mr. Bullard at the OTS in room #4. Room #4 is equipped with audio and video recording. The interview was placed onto a disk and entered into evidence as item #350 by Detective Huston. The interview was transcribed and will be attached to a separate supplement.

I also conducted a brief interview with [REDACTED] in interview room # 2 at approximately 10:20 pm. The interview room is equipped with audio and video recording. The recording of the interview was placed onto a disk and entered into evidence as item #349 by Detective Huston. The interview was transcribed and will be attached to a separate supplement.

At approximately 10:45 pm, Mrs. Stauch contacted me via text message. She stated, "What do you want from me? Because I have nothing. One of your very own leaked to me what you guys were doing. I did nothing and/ or am being set up. I'm not really even sure other than being told that by another blue with El Paso. I was told I couldn't go home to sleep and on top of that men were sent to a home with a minor female and she was forced to stay there not to even leave for food. Every conversation that said even at this moment I can hear inside. What do you want from me?"

I responded, "Come in to talk to me. I would just like to find [REDACTED]"

This text message along with others sent from Mrs. Stauch were photographed and placed into evidence as item #271.

During the time Mrs. Stauch contacted me via text message detectives were at or in her home based on a consent waiver Mr. Stauch provided. I notified detectives at the residence of the comment Mrs. Stauch made about being able to hear everything inside. Detectives located and disconnected devices and or wifi routers at the home.

Mrs. Stauch attempted to contact me via facetime video on multiple occasions. I was not able to get service to answer the call and maintain the call because of my location within the OTS. I attempted to contact Mrs. Stauch via telephone but she would not answer. I received another facetime call at approximately 11:52 pm and was able to answer the call. The call was recorded using an MP3 player. The recording was entered into evidence as item #355 by Detective Huston and was sent for transcription. The transcription of the call will be attached to a separate supplement. During the call, Mrs. Stauch did not allow me to see her face. The screen was blackened as if she was in a place with no light or she was covering the camera.

CHILD VICTIM

On Tuesday, January 28, 2020, I, Detective Sergeant Rosario S. Hubbell of the El Paso County Sheriff's Investigations Division Major Crimes Unit, conducted follow up on case 2020-00001382.

Initial Brief

I was contacted at approximately 12:30 pm, by Sgt. Abendschan and told that patrol was working a missing juvenile case. I pulled the responding Deputy's report (Deputy Donahoue) and assigned Detective's Riley and Brklich to review his report and respond to 6627 Mandan Drive to speak with the family. I also requested while they conducted follow up interviews to request to collect a hairbrush, comb or toothbrush so DNA samples could be collected.

I was also contacted by Fountain Police Sargent Marshal who informed me of surveillance video from a Loaf & Jug that appeared to have [REDACTED] on it. I had Detectives at the scene show stills of the video to [REDACTED] the missing boy's father. He said the boy in the surveillance video was not [REDACTED]

Amber Alert

I contacted CBI to confirm that currently without a suspect or vehicle description that [REDACTED] did not qualify for an Amber alert. I spoke wit a CBI investigator with the first name of Julien. After taking my brief update about the lack of a suspect description and vehicle Julien confirmed [REDACTED] was not a candidate for an Amber alert. Julien did mention the possibility of an Endangered/Missing alert, but they needed more information that I was not able to provide at this time. Specifically, if there are any medical conditions and medications that would put [REDACTED] at risk if not taken. I told Julien I did not have those updates yet. I would call them back when I did.

Potential Witness identified

I learned from Detectives on scene the missing juvenile, [REDACTED] had left behind his cell phone and wallet when he left his house to go to a friend's house to play. The only item reported as missing was [REDACTED] Nintendo Switch. On his phone there was a search for the address of 10315 Declaration Drive. I drove to this address and at approximately 4:00 pm, I contacted the homeowner Marvin Yanez DOB: [REDACTED]

Witness Statement

Mr. Yanez told me he was employed with UCCS Police Department. I explained why I was contacting him, and he informed me he was contacted by an El Paso County Deputy Sheriff earlier for the same reason. Mr. Yanez was puzzled why his address was searched and on the Missing boy's phone [REDACTED] told me he did not have any kids and he lived with his wife and brother in-law. Mr. Yanez provided the following:

Wife - Luisa Daniella Yanez **Phone** [REDACTED]

EL PASO COUNTY SHERIFF'S OFFICE
Released to: Jennifer Knight
9/1/23 RF

Brother in-law - Jesus Marin Lopez **Phone** [REDACTED]

Mr. Yanez told me since the Deputy contacted him earlier he continued to think about why his address would have been in [REDACTED] phone. It made Mr. Yanez think that maybe [REDACTED] snuck over to the house. Mr. Yanez completed a walk around of the home's exterior and interior. He found no forced entry or any personal items missing from the home. Mr. Yanez told me the only other thing he could think of was that on the north side of the street three houses to the east there is a lot of activity. Mr. Yanez explained that El Paso County Deputies respond to this address frequently and he sees lots of kids frequent the address. I thanked Mr. Yanez and left him with my business card.

While leaving Mr. Yanez's residence I saw a juvenile male on a scooter that looked similar to [REDACTED] He had black short collar length hair, was wearing a dark blue jacket and blue jeans. He was on Declaration and turned south on Alliance Loop. I got my vehicle and went directly to Alliance loop. I saw several children playing and two adults monitoring the children. I realized the child I followed was not [REDACTED] but had a similar description. I contacted the Adults in front of 6917 Alliance Loop.

Courtney Coles & Kimberly Barker

The first person I contacted was Courtney Coles DOB [REDACTED]. Ms. Coles told me she was aware of a missing child in the area. She told me she was on Facebook and the Lorson Ranch neighborhood has already posted information. Ms. Coles had not seen [REDACTED] and said that her children do not play with [REDACTED]. She did mention that her daughter did go to the same school as [REDACTED] and she asked if any of the other children had seen [REDACTED]. None of the children recalled seeing [REDACTED] since he was called in sick on Monday January 27, 2020. Ms. Coles said they would continue to keep an eye out for [REDACTED] and monitor Facebook. If anything of interest comes up, she will contact me.

I then spoke with Kimberly Barker DOB: [REDACTED]. She too mentioned the Facebook page for the Lorson Ranch neighborhood. She has not [REDACTED] and does not recall any her children playing with [REDACTED] previously. Ms. Barker as well said she would contact me if she did come across any information. I left my Business card with my contact information.

After my contact with the neighbors I returned to the OTS.

The investigation continues.

Initial Call

On Tuesday January 28, 2020, at approximately 1:00 pm, I, Detective N. Brklich of the El Paso County Sheriff's Office Investigations Division was notified by Detective Sergeant Rosario Hubbell of a reported runaway 11 year old child, later identified as [REDACTED], DOB: [REDACTED]. [REDACTED] was reported to law enforcement on Monday January 27, 2020, at approximately 6:55 pm. [REDACTED] reportedly ran away from his home identified as 6627 Mandan Dr., Colorado Springs, CO 80925. Sergeant Hubbell requested I assist with the investigation.

Investigative Activity

During the initial part of the investigation I began searching new homes being built in Lorson Ranch district, located in the unincorporated area of El Paso County, State of Colorado. I was not able to locate [REDACTED] nor anyone in the area who may have seen him.

At approximately 10:00 pm, I began processing several tips coming in to the EPSO tip line:

[REDACTED] notifying of screen shots she had taken from Facebook conversations

[REDACTED] notifying of screen shots she had seen on Facebook conversations

[REDACTED] notifying of seeing a black Kia Sorento with Michigan plates near the Air Force Academy overlook area off of Interstate 25. This turned out to be associated with a different Amber Alert. No vehicle was found in the area upon searching.

[REDACTED] Possible sighting of [REDACTED] at Lowe's parking lot in Fountain, CO on Monday January 27, 2020, at approximately 3:15 pm.

[REDACTED] notifying of Ring Doorbell video in the area of Mandan Dr. Video was later collected during neighborhood canvass

[REDACTED] notifying gentleman had walked the creek in the Fountain Valley Nature Center from the ponds to the end of the park area. Nothing was found.

All leads were vetted and followed up.

Additional searches of surrounding areas were conducted. All of which met with negative results.

On January 28, 2020, at approximately 2:15 pm, I, Detective Jon Price #02034, was contacted by Detective Sgt. Rocky Hubbell, who directed me to assist in this investigation. Sgt. Hubbell identified the missing person in this case as eleven year old [REDACTED] DOB [REDACTED].

When [REDACTED] ran away, he took his Nintendo Switch gaming device with him. The serial number of the Switch is [REDACTED]. The email address associated with the account is [REDACTED]. [REDACTED] parents have discovered a recent purchase of \$59.99 on the account. Sgt. Hubbell directed me to contact Nintendo and Google to attempt to obtain location data reference the Nintendo Switch.

I contacted Nintendo at phone [REDACTED]. I learned there was no mechanism for the emergent release of data. I was told to fax legal process to Nintendo America, 4600 150th Ave. NE, Redmond, Washington, 98052.

At approximately 4:05 pm, I presented applications for two Court Orders for Production of Records to the Honorable Judge Laura Findorff. After reviewing the documents and swearing me to them, Judge Findorff issued Court Orders to Nintendo and Google to produce location data reference [REDACTED].

I filed the Orders with the Clerk of the Court under warrant numbers 20-296 Google and 20-297 Nintendo.

I served the Google order by uploading it to Google's secure law enforcement internet portal. I requested an emergent disclosure. Google case number 3444502 was generated reference this request.

I served the Nintendo order by faxing it to [REDACTED]. On the fax cover sheet I requested an emergent response. The fax machine produced a report indicating the transmission was successful.

At 6:20 pm, I was contacted by Detective Sgt. Kurt Smith. He told me the phone number of Leticia Stauch is [REDACTED]. He directed me to determine her cell service provider, and make a request to preserve records concerning this number. I searched the internet, and determined this number is serviced by AT&T. I sent an email making the preservation request to [REDACTED].

Search of 6627 Mandan Drive

At approximately 9:00 pm I assisted with a search of 6627 Mandan Drive. The search was done under consent via a Search Waiver Form signed by [REDACTED]. I noted the following:

Nintendo Switch

In the downstairs family room on the table which supports a big screen TV I observed a charging station for a Nintendo Switch. I did not locate the console itself anywhere in the house.

Candle & Carpet

In the downstairs family room was a full size tan suede couch. On the seat of the left end (as one looks at the couch) there was an area where there were several small circles of melted fabric. There was residue of what appeared to be candle wax stuck to the fabric. The wax was white, and had red and blue particulates mixed with it.

On the bottom front of the couch under this seat were several linear and vertical streaks of candle

wax . However, there was no wax on the carpet directly below these drips. I noted this wax appeared to have been dripped and not poured or spilled.

There was an area rug in front of the couch. I pulled the area rug back, and found a rectangular piece of carpet sitting on top of the installed carpet. This rectangular piece was of the same material as the installed carpeting. I removed this rectangular piece, and found a smaller rectangular piece had been cut out of the installed carpeting.

The carpet padding was still in place inside the cutout rectangle. However, there was a portion of padding missing from the center of the cut out in what appeared to me a burn or pour pattern. The concrete sub-floor was visible in this area.

There was an odor of coconut in the downstairs family room which was very strong around the area of this defect.

Detective Ferrell later discovered and collected the cut out, melted piece of carpet and a coconut scented candle from the garbage can in the backyard.

Room

bedroom is downstairs near the family room. There was no obvious signs of disturbance. There was no obvious, visible blood. The carpet in the center of the room was damp, and smelled like vinegar or possibly ammonia.

Tennis Shoes

On top of the clothes washing machine in the laundry room I discovered a pair of black and white women's running shoes. It appeared they had been recently washed. On the bottom of the soles, in the channels of the tread were brown and some light pink stains. Detective Ferrell swabbed these stains.

Master Bathroom Bathtub

The bathtub in the master bathroom was filled with water. I thought this was odd.

Return to the Office

This was the extent items I discovered during the search. I returned to the Office of the Sheriff. I began to assemble facts and compose the outline of an Affidavit to be elaborated on in any future warrants.

I cleared the call at approximately 2:53 am.

Assigned to assist with case: **CHILD VICTIM**

On 01/28/2020, at approximately 4:30 pm, I, Detective Timothy Ferrell, with the El Paso County Sheriff's Office, Investigations Division, was assigned to assist with interviews regarding a runaway, [REDACTED] [REDACTED] DOB: [REDACTED] in El Paso County, Colorado.

Interview with [REDACTED]

I responded to 9875 Rubicon Dr. and contacted [REDACTED] DOB: [REDACTED] who was a friend of [REDACTED] from school. [REDACTED] said he has known [REDACTED] for a couple years and he plays with [REDACTED] in the neighborhood but always stays on the street in front of [REDACTED] house. [REDACTED] did not have any information on where [REDACTED] may be and has never heard him make any statements about wanting to run away. [REDACTED] had spent the night at [REDACTED] house approximately two weeks prior and stated he never observed [REDACTED] fighting or arguing with anyone else in the residence. [REDACTED] was last seen by [REDACTED] at school on 01/24/2020, and reported he seemed "really happy". [REDACTED] said when he got on the school bus to go to school on 01/27/2020, "his sister" had told him [REDACTED] was sick and wasn't going to school.

[REDACTED] mother, Jamie Gilliland, DOB: [REDACTED], was present during the interview and reported she had last seen [REDACTED] in front of her residence at around 1:00-2:00 pm on Sunday, 01/26/2020. She stated he had been wanting to play with [REDACTED] but ended up leaving as [REDACTED] was unable to play at the time.

The interview was recorded on my digital recorder and later downloaded to a CD and placed into evidence item #31.

Interview with [REDACTED]:

I then responded to 6063 Meadowbank Lane to assist Detective Jennifer Arndt. While on scene, [REDACTED] DOB: [REDACTED] arrived on scene and I interviewed him regarding some information he had regarding [REDACTED] reported a "[REDACTED]", unknown spelling or DOB, who is also in 7th grade with [REDACTED] had told him at school on 01/28/2020, he had possibly seen [REDACTED] walking on an unknown street with a black car following him on 01/27/2020 at around 5:00 pm. [REDACTED] had no further information and I passed the information to detectives working leads at the Office of the Sherriff (OTS).

The interview was recorded on my digital recorder and later downloaded to a CD and placed into evidence item #30.

Interview with [REDACTED]

I then contacted [REDACTED] DOB: [REDACTED] at 10503 Declaration Dr. [REDACTED] stated she knows [REDACTED] from school since the beginning of the school year and hangs out with him every day at school. [REDACTED] said she last saw him at school on Friday, 01/24/2020, and he seemed "really overjoyed". She said [REDACTED] would "snap any someone else" whenever she wasn't talking to him and she described his demeanor as "weird" to her but did not have any specifics on why she found it weird. [REDACTED] reported [REDACTED] had told her at school on 01/28/2020, that [REDACTED] was supposed to go to [REDACTED] house the

day he ran away, but he never showed up.

██████ reported she hangs out with ██████ “██████” and “██████”. She reported ██████ had two older brothers’ but did not know if ██████ was ever around them.

CHILD VICTIM

I provided the information about ██████ to Detective Arndt who located and interviewed him later. Detective Arndt had also contacted and interviewed ██████.

The interview was recorded on my digital recorder and later downloaded to a CD and placed into evidence item #33.

Interview with ██████

I then went to 6221 Wood Bison Trail to contact ██████ DOB: ██████. She was not at home, but I was able to contact her by phone. ██████ stated she has known ██████ since the start of the school year and hangs out with him at school. She did not have any information about his whereabouts but reported last seeing him on Friday, 01/24/2020, at school and he was “very happy” and normal. She reported he had talked to her and ██████ at school, but he never talked with her about home. ██████ has no other information.

The interview was recorded on my digital recorder and later downloaded to a CD and placed into evidence item #32.

Search of residence:

At approximately 9:30 pm, on 01/28/2020, I assisted in searching the residence at 6627 Mandan Dr. based on a search waiver. While searching the interior of the residence, I located several firearms in the master bedroom located on the main floor, which were photographed and were left in the residence. The firearms found were as follows:

- Benelli, 20-gauge shotgun, S/N: ██████ located behind the bed
- Maverick Model 88 shotgun, 12-gauge, S/N: ██████ located in master bedroom closet
- Aero Precision model X15, marked as “multi-caliber” but appeared to be .223 caliber), S/N: ██████ located in the master bedroom closet

While searching the basement, I located an area in the family room with an approximately 2’ by 2’ section of carpet cut out. The carpet padding underneath appeared to have been melted. Later while searching the back yard, I located two large trashcans on the east side of the residence. I located a section of rug matching the downstairs rug. It appeared to have been burned and had multi-colored substance on the rug appears to be possibly candle wax. In the second trash can, I located a glass jar containing a partially burned candle with similar colors to the substance on the removed section of carpet. I collected both the piece of carpet and the candle which were photographed and secured in a locker at the evidence facility for later processing.

I then swabbed the following areas in the residence:

- bottom of a black/white woman’s Nike shoe (right) found in laundry room
- bottom of a black/white woman’s Nike shoe (left) found in laundry room
- light switch in the hallway outside of ██████ room
- light switch beside the door from inside ██████ room

All the swabs were collected and secured in a locker at the evidence facility for later processing.

On Tuesday, January 28, 2020 at approximately 5:22 pm, I, Detective Jennifer Arndt #06095 and Detective Peter Vigil #10011 of the El Paso County Sheriff's Office, Investigation Division, was assigned asked by the Detective Jessica Bethel to assist in follow up on this case.

CHILD VICTIM

[REDACTED] Detective Vigil and I spoke with a reported friend of [REDACTED] [REDACTED] (DOB: [REDACTED]) at his residence located at 6703 Galpin Drive. I recorded the conversation with my hand-held recorder, the interview was later downloaded onto a CD placed into evidence by Deputy Vigil under item #8. The following is a synopsis of the conversation and should not be considered a verbatim transcription.

[REDACTED] said he last talk to [REDACTED] was Friday, January 24, 2020 when he was coming off the bus in the evening and walking towards his house with his sister. [REDACTED] said [REDACTED] appeared "sad," in class and he attempted to talk to [REDACTED] but he wouldn't answer. When asked why he looked sad, [REDACTED] said, "I don't know he didn't really talk," which [REDACTED] said was unusual for him. [REDACTED] said "not really" when asked if they hang out outside of school but they generally talk at the bus stop. [REDACTED] denied him and [REDACTED] have ever slept at each other's houses nor do they talk on the telephone.

[REDACTED] reported [REDACTED] usually hangs out with a girl by the name "[REDACTED]" but did not know her last name. Through the School Resource Officer, I was able to identify "[REDACTED]" as [REDACTED] (DOB: [REDACTED]). [REDACTED] heard this morning at the bus stop from [REDACTED]" who is a 4th grader that [REDACTED] was supposed to come to his house yesterday but "he never did." [REDACTED] stated him and [REDACTED] never had a conversation about [REDACTED] coming to his house.

[REDACTED] stated he has not heard [REDACTED] talking about bath salts nor has he heard or seen [REDACTED] smoke a cigarette. [REDACTED] described [REDACTED] as "he's a really good kid." [REDACTED] said he has only known [REDACTED] from "the beginning of the year," and "they are pretty good friends." When asked if [REDACTED] has talked about his homelife, [REDACTED] said, "sometimes," and went on to say [REDACTED] talked about games he plays and what happens when he gets in trouble. [REDACTED] said when [REDACTED] gets in trouble "he just really gets grounded for a little bit." [REDACTED] said [REDACTED] does not talk about his mom and dad and he does not really know him outside of school. [REDACTED] said he does not know where [REDACTED] would have gone.

I then asked [REDACTED] parents who were present if they had ever met [REDACTED] and they said they had not and he had never been over to the house.

[REDACTED] [REDACTED]

Detective Vigil and I spoke a [REDACTED] [REDACTED] (DOB: [REDACTED]) at his residence located at 6063 Meadowbank Lane. The conversation was recorded with a hand-held audio recorded and entered on a CD and entered into evidence under item #10 by Detective Vigil. The following is a synopsis of the interview and should not be considered a verbatim transcript.

Detective Vigil was the primary interviewer (see Detective Vigil's supplement). During the conversation [REDACTED] reported a classmate by the name "[REDACTED]" may or may not have received a text message from [REDACTED] referencing running away. I was informed by Detective Brklich he was going to go speak with "[REDACTED]". [REDACTED] stated he does not know a friend's house [REDACTED] would have gone to. [REDACTED] last saw [REDACTED] approximately a week ago but was unsure. [REDACTED] last remembered talking to [REDACTED] a day after a school assembly and "he sounded like he was happy and all normal."

CHILD VICTIM

[REDACTED] stated he heard his friend [REDACTED] say [REDACTED] was supposed to go to his house; however, he never showed up. [REDACTED] said he does not know much about [REDACTED] personal life and only knows he has a cell phone and a Nintendo switch. [REDACTED] stated after the school assembly, [REDACTED] started not "coming to school," but thought he was just sick and said, "I didn't pay attention that well." [REDACTED] stated [REDACTED] has never been to his house, nor has he been to [REDACTED] house.

[REDACTED] also talked about a possible friend by the name of "[REDACTED]" that [REDACTED] maybe friends with. I was able to identify [REDACTED] from the school resource officer as [REDACTED] (DOB: [REDACTED]).

[REDACTED]

I was informed by Detective Timothy Ferrell he spoke with a classmate who identified a kid by the name "[REDACTED]" who has two older brothers; in addition, [REDACTED] did not go to school today. I identified [REDACTED] with the assistance of the school resource officer as [REDACTED] (DOB: [REDACTED]) who resides at 9976 Thunderbolt Trail. I along with Detective Vigil and Detective Ferrell responded to the address. I recorded the conversation with my handheld audio recorder which was later placed onto a CD and entered into evidence under item #9 by Detective Vigil. The following is a synopsis of the interview and should not be considered a verbatim transcript.

[REDACTED] stated he last saw [REDACTED] on Friday after school. [REDACTED] stated he was at school on Monday; however, he did not attend today because he had a headache. [REDACTED] said he knows [REDACTED] from school and neither of them have been at each other's home. [REDACTED] stated [REDACTED] and him are friends, but they don't really talk that much. [REDACTED] described [REDACTED] behavior on Friday as "fine" and he seemed "goofy." [REDACTED] said [REDACTED] has not talked about running away. [REDACTED] also identified two additional friends of [REDACTED] to include "[REDACTED]" who he said is a close friend to [REDACTED] and "[REDACTED]". I identified [REDACTED] as [REDACTED] (DOB: [REDACTED]) and [REDACTED] as [REDACTED] (DOB: [REDACTED]) with the assistance of the school resource officer.

[REDACTED] stated [REDACTED] did not talk to him about his homelife, but he may have told [REDACTED] because she is "his best friend."

[REDACTED]

Detective Vigil and I met with [REDACTED] (DOB: [REDACTED]) at his residence located at 6120 Old King's Office Chair Lane. The interview was conducted by Detective Vigil who recorded the conversation with a handheld audio recorder (See Detective Vigil's Supplement). The recording was later placed onto a CD and entered into evidence under item #6 by Detective Vigil. The following is a synopsis of the

interview and should not be considered a verbatim transcription.

████████ stated he knows ██████████ from school, they are study partners and they play at recesses together. ██████████ stated him and ██████████ have not been to each other's homes. ██████████ last saw ██████████ the previous Friday and he appeared to be "normal." He described normal as being when they each get off task, they help each other to get back on task.

████████ stated he does not know where ██████████ would go, but he hangs out with a kid named ██████████ a lot. ██████████ also stated ██████████ hangs out with ██████████ and ██████████. ██████████ stated he has not heard ██████████ talk about running away.

████████

At approximately 7:50 pm, Detective Vigil and I were directed to respond to 6627 Mandan Drive to check on two kids, ██████████ and ██████████. Both of us knocked on the door, rang the doorbell, and made announcements; however, there was no answer. I was provided a telephone number for ██████████ who I attempted to contact; however, there was no answer and I left a message asking for her to call me.

As Detective Vigil and I maintained visual on the residence for a possible search warrant a vehicle pulled up. I contacted the female who identified herself as ██████████ biological mother, ██████████. ██████████ was also with a male individual she stated was her brother. I informed ██████████ that no one get enter the house at this time because a search warrant was being sought and allowed her and her brother to sit in the back seat of our vehicle. While in the vehicle I recorded the conversation with ██████████ on my handheld audio recorder. The recording was later placed on a CD and entered into evidence under item #5 by Detective Vigil. The Following is a synopsis of the conversation and should not be considered a verbatim transcription. The conversation was not from the beginning as I tried to locate and turn on the device.

████████ stated her kids flew back to Colorado from her residence on January 7, 2020 and she was "terrified of stuff like this happening," because her kids are "watched." ██████████ stated the first time Latecia called her was "yesterday," from an unknown number and from ██████████ phone. In addition, Latecia sent her pictures of ██████████ room from ██████████ at 5:57am on Tuesday, January 28, 2020. Landon stated she has not spoken with Latecia in over a year.

Detective Ferrell arrived on scene and transported Latecia and her brother to the Office of the Sheriff.

████████

Detective Vigil and I remained at the residence to secure it for a search warrant. When we observed a front light in the house turn on and the garage door open. I made contact with two individuals in the garage ██████████ and ██████████ who were getting into a white Volkswagen Jetta bearing CO plate ██████████. ██████████ advised they were headed to go to Starbucks because she had been up all night looking for

██████████

I asked ██████████ if it was ok if we could go into the house as media was on scene, but she first said her parents were not home and then eventually agreed to allow Detective Vigil and I in the home. I had been advised that ██████████ father wanted her transported to the Office of the Sheriff (OTS). I asked ██████████ if she would be willing to go to the OTS to be interviewed; however, she said she would not. When I asked why, she said because of the stories but would not clarify with me what stories she was talking about. I attempted several times to ask and convince ██████████ to go in for an interview, but she refused. ██████████ stated she has not had contact with her mom nor has her mom attempted to contact her

CHILD VICTIM

I advised ██████████ we would be conducting a search of the residence and she had the option to stay or to leave; and she stated she wanted to stay.

After ██████████ was transported by Detective Marissa Williams to OTS, I attempted to interview ██████████ using my handheld audio recorded. The conversation was later placed on a CD and entered into evidence under item #7 by Detective Vigil. The following is synopsis of the conversation and should not be considered a verbatim transcription.

I again asked ██████████ why she did not want to speak with us, but she continued to say because “of the stories.” When asked what the stores were, ██████████ said, “I shouldn’t have to tell you guys that.” I asked ██████████ what she though happened or where ██████████ my have gone and she said, “you guys should have all then information.” ██████████ said she doesn’t know where ██████████ may have gone and does care about what happens to him. I again asked ██████████ why she doesn’t want to assist, she would not respond. When asked about her mom’s location.

Search Wavier of 6627 Mandan Drive

At approximately 9:00 pm, I was advised by other Detectives a search wavier had been signed for the residence. I assisted in conducting the preliminary search looking for evidence of foul play. In the master bedroom. The residence is a single-story family home with a finished basement; in addition, there is a two car attached garage. I observed the house was generally clean and in order. There were pizza boxes and drinks in the kitchen I was told was given to the family the night before as they were looking for ██████████

In the master bedroom which is located on the main floor I observed a green pair of boy’s pajama top and bottoms on a round bamboo chair; however, the pajamas were not collected, and I did not observe any stains on them. In the master bathroom I observed the tub was filled with water approximately ¼ of the way and appeared to be clean water. Detective Ferrell felt the water temperature and stated it was cold. In ██████████ room which is located in the basement of the house, I observed his room was generally clean. ██████████ room contained two twin beds one on each side of the wall. As you enter the room, the bed to the right had a single fitted sheet that was white with blue fish, a pillow in a pillowcase that matched the sheets and a throw blanket. When I removed the fitted sheet, I observed stain on the top left corner.

CHILD VICTIM

BWC NOT AVAILABLE

Initial Information

On Tuesday, January 28, 2020, at approximately 5:30 pm, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was advised that an eleven-year-old [REDACTED] [REDACTED] was listed as a runaway and had been missing for 24 hours.

Interview with Father

Detective Mark Riley (02073) conducted an audio and visual recorded interview with [REDACTED] father [REDACTED] (DOB [REDACTED]). This was conducted in the investigations section at the El Paso County Office of the Sheriff (OTS), located at 27 E Vermijo.

[REDACTED] answered all the questions and appeared to be very forthcoming with information in his interview. I learned from the interview that his wife, Letecia Stauch (DOB [REDACTED]) was asked to come down to the Office for an interview as well. According to [REDACTED], Ms. Stauch was upset about having to come down to the office because she had already spoken with deputies.

Ms. Stauch told [REDACTED] to come in by himself while she took a nap. [REDACTED] interview was concluded and he was allowed to leave.

Ms. Stauch Interview

I later learned that Ms. Stauch was [REDACTED] step-mother and was the last one to see him. Ms. Stauch was the reporting party who called him in as missing. While [REDACTED] was speaking with Detective Riley, Detective Jessica Bethel (07088) attempted to contact Ms. Stauch. Detective Bethel eventually got in touch with Ms. Stauch and asked her to come into the office for an interview. Ms. Stauch was evasive with Detective Bethel but stated she would come in.

Detective Bethel asked me to begin collecting information about Ms. Stauch. Through various law enforcement databases, I have access to I began compiling information about Ms. Stauch. While collecting this information I observed a Facebook Group for finding [REDACTED]. I observed some of the content of this page and saw multiple people questioning Ms. Stauch and asking if she was the only person to have seen him on Monday. I saw a reply from a [REDACTED] that stated she and her sister saw [REDACTED] as well and that he was their brother.

Facebook Group

After I learned of the Facebook group titled [REDACTED] Search Party I requested to join the group.

I used a Facebook account created solely for investigative purposes to observe posts within the group. I observed a post from an account with the name Jameson O'Rourke. Mr. O'Rourke put up a post saying, "Let's hold tight! Good word!" I asked Detective Bethel if she knew who this person was, or what he might be referring to and she did not. I took a screenshot of the post and attempted to learn more

information on Mr. ORourke.

I searched Mr. ORourke's posts on the search group page and observed he had several previous posts.

It appeared Mr. ORourke was using a drone to assist in the search for ██████████ and was posting links to the drone feeds as he was recording. I observed Mr. ORourke's profile page and found a picture of Mr. ORourke in a military dress uniform. I was unable to get any other identifying information from his account. I notified Detective Bethel of what I had learned, and she believed it to be a gentleman with the National Guard who called in tips earlier in the day.

Ms. Stauch Phone Call

Detective Bethel received a phone call from Ms. Stauch saying she was unable to get ahold of ██████████ and she was concerned for his safety. Detective Bethel asked why she was concerned but Ms. Stauch did not elaborate.

Detective Bethel reiterated the importance of Ms. Stauch coming in for an interview.

██████████ Concerns

Shortly after Detective Bethel completed her phone call with Ms. Stauch, ██████████ called. ██████████ explained to Detective Bethel that he had just spoken with Ms. Stauch who said she just left the Sheriff's Office. She told ██████████ the detectives were talking badly about him. Ms. Stauch told him they needed to hire an attorney. ██████████ was informed that Ms. Stauch had not yet come in to speak with detectives. Detective Bethel asked ██████████ if he believed Ms. Stauch had something to do with ██████████ going missing.

██████████ broke down in tears and said he needed to tell us some more information. ██████████ explained that Ms. Stauch got a rental vehicle on that morning to avoid putting mileage on her personal vehicle which he described as a black VW Tiguan bearing South Carolina plates. Ms. Stauch told ██████████ her Tiguan was parked at French Elementary School. ██████████ reported he had driven past the school and her Tiguan was not there. ██████████ stated her Tiguan might be at Mesa Ridge High School, but she lied to the family about where she had parked it. Detective Bethel asked ██████████ to return to the office and he agreed.

Mesa Ridge High School

Detective Sergeant Kurt Smith (06017) and I responded to Mesa Ridge High School at approximately 7:37 pm. Sergeant Smith and I drove all the parking lots around the school but did not see any vehicles matching ██████████ description.

Due to the proximity to Mesa Ridge High School, the parking lots of James Madison Charter Academy and Webster Elementary School were also searched. The Tiguan was not located at this time.

Sergeant Smith and I returned to the OTS at this time. I learned that Ms. Stauch had not yet come in and was not answering Detective Bethel's phone calls.

Colorado Springs Airport Cursory Search

Detective Marissa Williams (12009) advised me that she had learned Ms. Stauch's rental car came from the Colorado Springs Airport. Detective Williams suggested the Tiguan could be located at the airport.

Detective Williams and I were asked to go to the Stauch's residence located at 6627 Mandan Drive in El Paso County, CO. We were asked to provide transportation to [REDACTED] sisters so they could be interviewed at the OTS. Detective Williams and I decided to check the airport for the Tiguan on the way to the residence.

CHILD VICTIM

Detective Williams drove through the rental return, short-term, and long-term parking lots while we both looked for Ms. Stauch's vehicle. The Tiguan was not located in any of the parking lots and its location is still unknown at this time.

Transporting Sisters to the Office of the Sheriff

At approximately 10:00 pm, Detective Williams and I arrived on scene at 6627 Mandan Drive. I learned that [REDACTED] older stepsister, [REDACTED] (DOB [REDACTED]) did not wish to be interviewed. However, [REDACTED] biological sister [REDACTED] (DOB [REDACTED]) did agree to speak with detectives.

While at the address I was advised by Detective Jennifer Arndt (06095), that detectives on scene would be conducting a search of the house based on a search waiver signed by [REDACTED]. Detective Arndt asked if I was able to stay and assist with the search while Detective Williams transported [REDACTED] to the OTS. I agreed to assist with the search.

Interview with [REDACTED]

After Detective Williams left with [REDACTED] Detective Arndt attempted to talk with [REDACTED] Detective Arndt stated she understood that she did not wish to go into the office but asked if she would be willing to speak at the house.

[REDACTED] was sitting on the couch of the upstairs main room and appeared to be playing on her cell phone.

[REDACTED] told Detective Arndt, she wasn't talking to anyone. Detective Arndt asked why [REDACTED] did not wish to speak. [REDACTED] replied by saying she saw what people were saying on Facebook.

Detective Arndt asked what she meant as she had not seen the Facebook page. [REDACTED] shrugged and said we already knew and had all the information, so she wasn't saying anything. Detective Arndt tried to ask if she knew where [REDACTED] or Ms. Stauch was and she replied, "No."

I was assigned Scribe duties for the search waiver and maintained a list of all collected items.

I set up my evidence collection supplies in the kitchen area located next to the upstairs main room. While other detectives began searching the house, I attempted to make conversation with [REDACTED]

[REDACTED] was still on her phone but would engage in conversation with me on multiple subjects that did not relate to her brother. I learned from [REDACTED] that she had only lived in Colorado for approximately one year. Before Colorado [REDACTED] said she lived in South Carolina where she graduated from her high school early. [REDACTED] said she was going to online school now and was waiting to go to basic training.

I asked [REDACTED] what branch of Military she was joining, and she stated she was joining the Air Force to be a dietician. [REDACTED] and I had several other conversations about her dogs, her boyfriend, and various other topics, in which she was fully engaged in the conversation.

I told [REDACTED] I had briefly seen one of the Facebook groups earlier and observed her comment about [REDACTED] and her seeing [REDACTED] I asked [REDACTED] if those comments were what she was referring to Detective Arndt about.

█████ shrugged and did not elaborate.

Ms. Stauch's Location Unknown

I learned that Detective Bethel was still unable to talk to Ms. Stauch and her location was unknown.

While I was in the kitchen, I heard █████ answer her phone and speak with an unknown person. I heard her say yeah, "Chick-fil-a." █████ concluded her conversation and asked me if she could leave the house. I told █████ she was free to leave, and she began gathering items from the house.

I informed Detective Arndt that █████ was leaving, and it was possible she was meeting up with her mother Ms. Stauch. I stated that I believed she might be going to Chick-fil-a. Detective Nick Brklich (05007) decided to follow █████ after she left the house to see if she met up with Ms. Stauch or the Tiguan.

█████ took her silver SUV and immediately sped away from the house. Detective Brklich was unable to follow her and did not locate her at Chick-fil-a so returned to the Mandan address.

Search waiver of 6627 Mandan Drive

After █████ left the house, other detectives started providing me with items to be collected for evidence. The following items were collected at this time:

1. A burned carpet square found in a trash can located in the backyard of the house. This was found by Detective Timothy Ferrell (13001)
2. A candle that appeared to have carpet fibers, a sock, and other items melted into the wax. This was found in a different trashcan located in the back of the house by Detective Ferrell
3. Swabs from a black and white Nike woman's right shoe. This was found in the laundry room by the garage by Detective Ferrell.
4. Swabs from a black and white Nike woman's left shoe. This was found in the laundry room by the garage by Detective Ferrell.
5. Swabs of the light switch located in the basement hallway outside of █████ room. Collected by Detective Ferrell.
6. Swabs of the light switch located inside █████ room in the basement of the home. Collected by Detective Ferrell.
7. Swabs of █████ bed located on the East wall of the room in the basement of the home. Collected by Detective Pete Vigil (10011).
8. Additional swabs of █████ bed located on the East wall of the room in the basement of the home. Collected by Detective Vigil.
9. Swabs of the exterior side of █████ door in the basement of the home. Collected by Detective Vigil.
10. Swabs of the interior side of █████ door in the basement of the home. Collected by Detective Vigil.

CHILD VICTIM

Initial Information

On Tuesday January 28, 2020 at approximately 1730 hours, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, learned that a runaway/missing person report was made for the address of 6627 Mandan Drive in El Paso County, Colorado, which is a single-family residence. An 11-year-old boy, [REDACTED] (DOB [REDACTED]), was reported runaway on Monday January 27 at approximately 1801 hours by his step-mother Letecia Stauch (DOB [REDACTED])

The family members associated to the missing person were identified as follows:

- Father: [REDACTED] (DOB [REDACTED]) resident of 6627 Mandan Dr
- Step-Mother: Letecia Stauch (aka Letecia Lynn Hardin) (DOB [REDACTED]) resident of 6627 Mandan Dr
- Biological Mother: [REDACTED] (DOB [REDACTED]), resident of North Carolina
- Step-Sister: [REDACTED] (DOB [REDACTED]) resident of 6627 Mandan Dr
- Sister: [REDACTED] (DOB [REDACTED]), resident of 6627 Mandan Dr

[REDACTED] was reportedly last seen at his home on Monday January 27 at approximately 1500 hours, walking out of the house with his Nintendo Switch. He has no history of running away or other delinquent activity. Letecia stated she checked with [REDACTED] friends and was told they had not seen or heard from [REDACTED]

Per the responding deputy, Sean Donahoue, "Mrs. Stauch made the comment that [REDACTED] did not attend school today [Monday] due to his stomach issues and feeling sick from the day prior. He was texting his dad throughout the day to see if he could be allowed to take his videogame to his friend's house later. Mrs. Stauch said that this was approved, and he was supposed to go in the afternoon."

Letecia reported that [REDACTED] was uninjured, did not have any known medical issues, and is not reliant on medication besides [REDACTED] medication.

There were friends and family searching for [REDACTED] since Monday night. [REDACTED] had been out of state for military training but flew back into the Colorado Springs airport Tuesday morning to assist in searching for his son. [REDACTED] biological mother, who lives in North Carolina, was also on a flight from North Carolina into Colorado Springs to assist in the

search.

Observation of [REDACTED] Interview

CHILD VICTIM

Detective Mark Riley interviewed [REDACTED] in two different video-recorded interview rooms at the Office of the Sheriff (27 E Vermijo Ave, Colorado Springs) from approximately 1645 hours to 2300 hours, with breaks and refreshment throughout. I observed a part of Detective Riley's conversation with [REDACTED].

During the conversation Detective Riley had with [REDACTED], I learned that detectives had asked Letecia Stauch to come into the office for an interview but she was refusing to cooperate. While [REDACTED] was in the interview room, he received multiple phone calls and texts from his wife, who could be heard asking him if she needed to get a lawyer. [REDACTED] attempted to convince his wife to come into the office to talk to detectives, but soon gave up trying to convince her and said he would just leave it to us [detectives].

Follow up on Vehicles

[REDACTED] told detectives his wife was currently driving around in a rental vehicle, because "she did not want to put miles on her leased vehicle." [REDACTED] said Letecia rented the car, a white Kia Rio, from Avis. He also told detectives he owned a 2016 red Nissan Frontier truck, his wife leased a 2019 black Volkswagen Tiguan, and his step-daughter [REDACTED] drove a white Volkswagen Jetta, which was registered to him. He also told detectives that the Tiguan had a fictitious license plate on it-it was an old South Carolina plate beginning "CYY" that belonged to a black Nissan Maxima Letecia used to own. I was asked to find out more about the vehicles. I identified the following vehicles:

- 2019 black Volkswagen Tiguan, VIN [REDACTED] bearing South Carolina license plate #CYY283, VIN registered to Letecia Stauch and South Carolina plate registered to Letecia Stauch on a Nissan sedan (leased from Mike Marooney off Auto Mall Loop in Colorado Springs)
- 2019 white Volkswagen Jetta, VIN [REDACTED], bearing Colorado license plate #BUR711, registered to [REDACTED]
- 2016 red Nissan Frontier, VIN [REDACTED] bearing Alaska license plate #JMZ869, registered to [REDACTED]

At 2010 hours, I called the Avis located at 7770 Milton E Proby Pkwy in Colorado Springs, Colorado. I spoke to the manager identified as James ([REDACTED]), who advised Letecia Stauch did rent from this location. The rental contract was signed on Tuesday January 28, 2020 at 0850 hours for a white 2019 Kia Rio, Texas license plate #LWH1205. The VIN associated

with the vehicle is [REDACTED]

I learned from Detective Jessica Bethel that Letecia told [REDACTED] she parked the black Tiguan at French Elementary school, but that when the school grounds were checked, the vehicle could not be located. Letecia would not say where the Tiguan was located. Letecia would not provide her current location and was refusing to talk to detectives.

Detective Sergeant Rosario Hubbel requested I put out a BOLO (Be On the Look-Out) for the two vehicles reference [REDACTED] and had his missing person entry in CCIC/NCIC include the two vehicles as associated with him, until the time the vehicles could be located.

At approximately 2030 hours, Detective Christina Perry and I drove to the Colorado Springs airport and checked the entire short-term, long-term, and rental return parking lot area for the Tiguan. I did not locate this vehicle.

Transport of [REDACTED] to OTS

At approximately 2100 hours, Detective Perry and I responded to 6627 hours and picked up [REDACTED] and transported her to the Office of the Sheriff, because her biological mother and uncle had arrived and were being interviewed at that location. Detective Jennifer Arndt was on scene at the residence, inside with [REDACTED] and [REDACTED]. Detective Arndt told me [REDACTED] was still refusing to comment on anything regarding her step-brother [REDACTED]. I left Detective Perry at the residence and I drove [REDACTED] to the Office of the Sheriff. We arrived at the Office around 2145 hours. Detective Riley escorted her to her father.

Search of the Nissan Frontier

At approximately 2200 hours, I learned that [REDACTED] had signed a search waiver for his 2016 Nissan Frontier, which was parked on the street in front of the Office of the Sheriff (27 E Vermijo Ave, Colorado Springs, CO). He provided the keys and advised there was a loaded handgun in the center console of the vehicle and several knives in the vehicle as well. Detective Kat Huston and I were asked to search the vehicle.

I photographed the exterior of the vehicle. I noted that the bed of the truck contained a lot of scrap pieces of wood, an empty gallon jug, a water bottle, and an empty pizza box. I put on gloves and searched the interior of the vehicle. The bed had a soft cover on it that had been folded back toward the rear window of the truck. The bed also had a tailgate extension [REDACTED] inside the bed.

The interior of the truck was very dirty. The front driver and passenger seats and back bench seat

were all cloth fabric and were heavily stained with black or dark stains. There were also piles of trash (old receipts, food items or food packages) under the seats.

On the floorboard of the front passenger seat were a lot of loose items of mail and receipts. There were two receipt found among the paperwork that were recent, both of them for PetCo, dated Monday January 27, 2020.

- Petco receipt #1 - 01/27/20 at 11:22:48, payment American Express card * [REDACTED] for \$34.58. Items purchased: "Bond-Woods Overall \$9.98," "Bond-Woods Stripe \$10.98," and "Bond-Camp Pawesome \$10.98." Pet Pals savings number # [REDACTED]
- Petco receipt #2 - 01/27/20 at 13:22:56, payment American Express card * [REDACTED] for \$21.61. Items purchased: "Bond-Woods Stripe \$8.98," and "Bond-Bearly Awake \$10.98." Pet Pals savings number # [REDACTED]

On the front passenger seat there was a kids Bible for "Aedan."

In the driver's side door pocket, Detective Huston found a knife, which blade was more than 10cm long. The gun appeared to be a loaded 9mm Springfield Smith and Wesson M&P model, but there was a grip covering the serial number. Detective Huston later got the serial number off the gun and recorded it.

Financial Information for the Stauchs

At approximately 2300 hours, I spoke to [REDACTED] and returned his keys. I asked him some basic questions about his family's financial accounts. [REDACTED] stated he and his wife Letecia share a bank account at USAA [checking # [REDACTED]]. He said there was a second account for savings connected, but did not believe either he or his wife had debit cards for this account. He said he and his wife did not have any joint credit cards, but they do have separate debit cards for the USAA checking account. However, he did not believe Letecia currently has a debit card for their joint account, because she told him she had to order a new one. He advised his debit card for the USAA account was a VISA debit card.

I asked [REDACTED] if he knew about an American Express card Letecia had access to. He did not know who the American Express card was with, but believed she had credit cards with Delta and IHG Hotels.

I asked [REDACTED] if he had insurance. He advised he had USAA for the vehicles and [REDACTED] has a life insurance policy on himself and his wife through the military. He said he has a separate, small life insurance policy for kids through Aafmaa. He did not believe Letecia had opened any separate life insurance policies on anyone.

Around 0015 hours on Wednesday January 29, I entered the evidence I currently had collected (Nissan waiver, photographs, and PetCo receipts).

CHILD VICTIM

PetCo Video

At approximately 0930 hours, I called PetCO at 5020 N Nevada Ave in Colorado Springs. I spoke with the assistant manager **Jami Borders** (DOB [REDACTED]), who advised she would be able to pull up video for Monday to review the purchases I was talking about. She told me at that time the store only has interior surveillance cameras and nothing for the parking lot. She also advised that the camera facing the front entry is broken, but there was a camera near to point of sales that faced the entrance.

At approximately 1000 hours, I responded to the PetCo and met with Ms. Borders. She advised she did not have the capability of downloading the video herself, and she would have to defer to either the general manager or the loss prevention officer, identified as: **Shawn Drake** ([REDACTED]), general manager, and **Bill McCaully** ([REDACTED]), loss prevention.

I watched the video pointing toward the entrance of the store from 1030 hours to 1340 hours on 1/27/20. I observed the following:

Letecia Stauch enters the store twice. She does not remain in the store for a long period of time or return any other times besides.

At 1111 hours Letecia is wearing black pants, a blue coat and a white hat. She walks to dog clothes then comes up front sets dog clothes down and walks outside 1115 hours. She reenters at 1116 hours and takes dog clothes back to the section in the center/front of the store. She then walks up to front, walks by door, goes to cash register and pays and leaves at 1121 hours.

At 1315 hours enters store and walks around the far edge but goes directly to the dog clothes in the center/front of the store. She walks up to the front, pays and leaves the store again at 1321 hours. This time she is only wearing the black pants, a long sleeve black shirt and the white hat.

Kohls Video

The only exterior surveillance camera I observed in the area of PetCo was on the corner of Kohls, attached to the same strip as PetCo, just to the south. The camera was set high up, and appeared to be a PTZ. I met with asset protection **Brett Burks** (DOB [REDACTED]) (ph# [REDACTED]).

He advised that he was working Monday from 1000 hours on. He showed me the surveillance he had captured of the parking lot area and noted that the timestamp on the camera is 2 mins fast.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

The PTZ camera facing the parking lot was normally set to watch in front of the Kohls store, facing toward Lowes, which is also in the same strip, further to the south. However, when manually articulated, the PTZ camera could be pointed toward the parking lot in front of PetCo. Mr. Burks showed me the entire timeframe between 1000 hours and 1340 hours. During this time, he did access the PTZ camera and articulate it to the north, sometimes not very far, but at times would sweep a view of the parking lot directly in front of PetCo. During the time of 1000 to 1340 hours, I never observed the red Nissan Frontier drive south in front of Kohls toward Lowes. However, the Nissan Frontier drives into view from the north at approximately 1113 hours (timestamp) and parks between the Kohls and PetCo in an aisle, with the front of the truck facing north. The tint on the truck is too dark to see any passengers.

At 1126 hours the truck is still parked in the same location with all doors closed. At 1127 hours (timestamp) you can see the truck still parked in the same location with the driver door open. Letecia is sitting in the driver's seat wearing a blue coat and white hat. At 1133 hours it appears the truck pulls through and drives out of the parking lot toward the east. Around 1135 hours, the PTZ pans back over and the truck is gone.

At 1327 hours (timestamp) a person wearing all black with a white hat (matching Letecia) walks out of Kohls to the northeast into the parking lot, but it is not clear which vehicle she is walking toward. She is last seen in front of a red truck, but the truck does not appear to be the same Nissan Frontier. At 1328 hours the PTZ pans that direction again but Letecia is no longer in view. At 1331 hours, a gray truck pulls away. At 1332 hours the red truck near where she was last seen is still in the parking lot. At 1335 hours the red truck is gone. Between the times cited, the PTZ camera is not pointing that direction of the parking lot.

Impound Volkswagen Tiguan

At approximately 1205 hours I returned to Sheriff's Office. At that moment, Detectives Jon Price, Tim Ferrell, Jennifer Arndt and Peter Vigil were walking out of the door between the office and the parking garage behind the office. They advised Letecia Stauch had driven to the office in her Volkswagen Tiguan and expected to find it parked in the garage somewhere. found Tiguan in parking garage. At approximately 1215 hours, Jennifer Arndt located it parked on the ground level of the parking structure, just inside the entry. The vehicle was as described, bearing South Carolina license plate # [REDACTED]. The vehicle was covered in water droplets and appeared to have just been washed in a car wash, as the weather was completely dry.

I photographed the Tiguan. I observed the following about the vehicle:

- 1) The Tiguan was covered in fresh water droplets and appeared to have just been cleaned on the outside.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

- 2) Once the water began to dry, it was apparent there was a lot of light-colored (white/tan) dirt on the roof of the vehicle that had not been washed off.
- 3) There were significant rub marks/damage to the outer sidewalls of all four of the vehicle tires.
- 4) There was an approximate 1" long double scrape on the rear driver's side fender, toward the front.
- 5) There was a similar triple scrape on the front passenger side fender, toward the back. This scrape extended onto the body of the vehicle by about 2".
- 6) There was an approximate 1-2" paint transfer or scrape on the center of the bumper, below the license plate, under the rear hatch.
- 7) There was an approximate 2" scrape on the driver's side corner of the rear bumper, near the lower reflector.
- 8) There was an approximately 3-4" heavy scrape on the bottom of the driver's side door, horizontal directionality, and another lighter 6-8" scrape below it along the bottom of the driver's side door.
- 9) The vehicle appeared to be equipped with a backup camera.

CHILD VICTIM

I sealed the vehicle with evidence tape prior to it being towed to the El Paso County Sheriff's Office Evidence Facility at 2749 E Las Vegas St in Colorado Springs by Bob's Towing. Detective Tim Ferrell escorted Bob's to the Evidence Facility at approximately 1400 hours.

Search Warrant and 41.1 Request for Non-Testimonial Evidence

At approximately 1500 hours, Detective Hubbel requested I work on a search warrant to request Letecia Stauch submit to a SANE (Sexual Assault Nurse Examination) exam to collect evidence related to her latest statements, per the direction of the District Attorney's Office. I spoke with the detectives who had just interviewed Letecia, Jessica Bethel and Kat Huston, and learned that Letecia provided the following:

She changed her statement regarding her step-son's disappearance. Letecia told Detective Huston she had been raped by a stranger and her step-son was abducted by the same man. She said this happened Monday afternoon. The night before, [REDACTED] had accidentally burned part of the carpet inside the house and they cut a square of damaged carpet out. Letecia said she left the house and drove somewhere in the neighborhood, to a construction area, until she found a man who was working on a house. She identified the man as "Eduardo." She asked the man to come to her house to repair the carpet. She said she gave him the garage code and he agreed to come to her house and replace the carpet while she went shopping. She said he brought a roll of carpet with him.

EL PASO COUNTY SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

Letecia said she left the house and went shopping and came home at approximately 1430 hours.

When she walked in the house, she disarmed her security system and went downstairs at which point the man pointed a handgun at her. He allowed her to go upstairs to greet her younger step-daughter, 8-year-old [REDACTED] as she came home from school, so that she could send her outside to go ride her bike to keep her away from danger. Letecia said she went downstairs again and the man forced her onto [REDACTED] bed inside his bedroom in the basement. There, the man penetrated her vaginally with his penis and sexually assaulted her between 1530 and 1630 hours. Letecia said she tried to fight her attacker off her but was unsuccessful. During the attack, Letecia stated her head struck a table. Once the attacker had finished, he took [REDACTED] and left the house. [REDACTED] has not been found.

Letecia also stated [REDACTED] was bleeding during the attack, because he jumped on the attacker at one point. She also claimed the bleeding was caused by him having burned himself when he accidentally burned the carpet. She also stated she threw away a bloody, torn shirt belonging to [REDACTED]. That shirt was not found.

During this time, a search warrant was issued for 6627 Mandan Drive again. A search of the residence at 6627 Mandan Dr was completed again on Wednesday January 29 with the Colorado Springs Metro Crime Laboratory's assistance. A roll of carpet was found inside the house in a storage area. Inside the carpet (which *did* match the carpet installed in the house) there was carpet that *did not* match, stained with blood. There was also a square of carpet matching the size of the carpet that had been cut out.

Based on the fact that Letecia claimed [REDACTED] was potentially kidnapped by the same man who abducted her, it was determined collecting DNA and other trace evidence would be very important to pursuing the investigation, whether to determine the veracity of Letecia's claims or to identify the suspect.

At approximately 1554 hours, I presented to the Honorable Judge Laura Findorff in Division F of the El Paso County Courts a search warrant for the following:

- **The person of Letecia Stauch DOB: [REDACTED] White Female, 5'5", 125 lbs, Brown Hair, Brown Eyes, SSN: [REDACTED], SC Driver License: [REDACTED], to search and seize: 1. SANE (Sexual Assault Nurse Examination) kit, 2. Photographs, 3. Consultation recording/notes (whether audio, video, or documents), 4. Forensic evidence, including, but not limited to fibers, hairs, or DNA swabs.**

Judge Findorff reviewed the search warrant and signed it without change. I also presented a request and order to seal the search warrant, signed by DA Oliver Robinson. The search warrant was submitted to the court records office, 20-15.

Around 1600 hours, when I returned to the Sheriff's Office, I observed that medical personnel had been escorted into the interview room where Letecia Stauch had been sitting. I learned from

Detective Bethel that Letecia was complaining of heart problems and requested medical attention. She was transported to the nearest hospital and the one she requested, Memorial Hospital (1400 E Boulder St, Colorado Springs).

CHILD VICTIM

At approximately 1635 hours Judge Findorff called me and stated she was quashing the warrant she had just signed for the SANE exam because she did not believe she had authority to grant that request. I then informed my chain of command, to include Sergeant Hubbel, Lieutenant Mitchell Mihalko, and Lieutenant David Manzanilla, who were in the conference room at the time with several members of the 4th Judicial District Attorney's Office. It happened that Dan May, the District Attorney for the 4th Judicial District, was in the room as well. He offered to sit down with Judge Findorff and discuss the search warrant and what was being requested. He asked to meet me in Judge Findorff's office.

At approximately 1650 hours, I learned that Letecia Stauch had arrived at Memorial Hospital and was accompanied by Detectives Bethel and Mai. I informed them immediately that the warrant had been quashed. I advised Judge Findorff of Dan May's request to talk and she invited me into her office.

At approximately 1715 hours Dan May and Oliver Robinson arrived in Judge Findorff's office. Judge Findorff also wanted to have District Court Judge (Division 22) William Bain present for the conversation. At approximately 1717 hours Judge Bain arrived. I notified all parties that Letecia Stauch was currently at the hospital and asked if we can hold her pending the reissuance of a court order. Dan May said yes, we can hold her.

At 1747 hours, Judges Bain and Findorff agreed that a more limited search and seizure of trace evidence and photographs could be granted in the form of a 41.1 order for non-testimonial identification and advised we may continue to hold Letecia until the more limited order is signed. I returned to the Sheriff's Office and at 1832 hours sent an application for Non-Testimonial Identification to Judge Findorff via email, requesting: Blood samples, Fingerprints, Measurements, Saliva Samples, Specimens of Material under Fingernails, Photographs, and Limited Medical Examination.

Judge Findorff signed the order and the seal which Oliver Robinson had also signed, with changes to limit a physical exam, photographs, and measurements be taken of the head and hands only. The order was submitted to the court records office, 20-16.

At 1854 hours I received the signed 41.1 order for Non-Testimonial Identification. EPC SHERIFF'S OFFICE
Released To: Jennifer Knight

At 1910 hours I drove to Memorial Hospital and delivered a copy of the order. At the hospital,

Forensic Nurse Examiners (FNE) were collecting the requested non-testimonial identification evidence. I provided a copy to the FNE, who stated she would make a copy for Letecia as well.

At 1945 hours I returned to Sheriff's Office.

Search Warrant for Purse and Cell Phone

At approximately 2100 hours, I presented to the Honorable Judge Michael McHenry in Division 21 of the 4th Judicial District Courts a search warrant for the following via email:

- **A gold Apple iPhone 8, and a black Marc New York purse, belonging to Letecia Stauch, currently held at the El Paso County Sheriff's Office, 27 E Vermijo Ave, Colorado Springs, CO 80903 in El Paso County, Colorado, to search and seize: 1. Items of indicia, 2. Financial transaction devices, 3. Handwritten or typed notes or documentation 4. Electronic devices capable of capturing copies, photographs, transmitting facsimiles, effecting communication, or creating printed or embossed material such as checks, credit cards or identity documents, and 5. For any cell phones or other electronic devices found, the following person(s), property or thing(s) will be searched for and if found seized.**

At approximately 2152 hours, Judge Judge McHenry reviewed the search warrant and signed it without change. I also presented a request and order to seal the search warrant, signed by DA Oliver Robinson. The search warrant was submitted to the court records office, 20-15.

At approximately 2200 hours I executed the search warrant on the purse and provided a copy of the warrant to Detective Michael Bauman for the cell phone, which I also provided to him.

I photographed the purse and found the following items inside it:

- 1 ink pen
- 1 pair of sunglasses
- 1 sunglass sack
- 1 pair of earbuds
- 1 set of tweezers
- 2 throat lozenges
- 2 personal wipes
- 1 Medi-Meclizine packet

CHILD VICTIM

On 01/28/20, I, Detective Mark Riley #02073, along with Detective Jessica Bethel # of the El Paso County Sheriff's Office (EPSO), responded to the Starbucks business located at 6627 Mandan Drive in unincorporated El Paso County to continue the investigation on a report of a missing child, [REDACTED] DOB: [REDACTED].

While enroute to the address, Detective Bethel contacted Letecia Stauch DOB: [REDACTED] by telephone. Ms. Stauch is identified as the Step-mother of [REDACTED]

Ms. Stauch told Detective Bethel she did not want to meet at their home on Mandan Drive because she has small children there and had already spoken to "eight" people about [REDACTED] running away.

Ms. Stauch eventually agreed to meet and talk at the Starbucks business, located at 6845 Mesa Ridge Parkway.

Ms. Stauch arrived with her husband, and [REDACTED] biological father, [REDACTED] DOB: [REDACTED]. They spoke with us inside the business and the following information was obtained during the recorded conversation. The recording was later placed into the El Paso County Sheriff's Office Evidence Facility. (for further details, review recording of conversation)

Through this conversation, we learned [REDACTED] was active duty in the National Guard and had left the State of Colorado early on the morning of Sunday January 26 to attend training in Oklahoma and was not present when [REDACTED] went missing.

Ms. Stauch explained on Monday, January 27, [REDACTED] had gone to a friend's house in the neighborhood to play between 3:15-4:00 pm. He was supposed to return home by 6:00 pm. Ms. Stauch indicated she did not know which friend in the neighborhood. She stated she normally does not have much interaction with the friends of [REDACTED] or their families and leaves that to [REDACTED]

When [REDACTED] had not returned by around 7:00 pm, Ms. Stauch called the El Paso County Sheriff's Office to report him as a runaway. She voiced her displeasure at the amount of time it took deputies to respond after she made the call. She told us it was almost 10:00 pm before deputies made it to the house to take a case.

During the time between Ms. Stauch making the call to law enforcement and the deputies arriving, [REDACTED] made at least two calls inquiring what was taking so long for a response.

EPC SHERIFF'S OFFICE

03/11/20

Ms. Stauch described responding deputies thoroughly searching the home for [REDACTED] in all areas he may have been hiding.

Ms. Stauch provided additional information which occurred prior to [REDACTED] leaving the home.

CHILD VICTIM

She described [REDACTED] coming to her after [REDACTED] had left for training. She told us [REDACTED] had asked if he could have a "bath bomb". She knew his stomach was hurting and thought a bath may help him feel better. She didn't think anything out of the ordinary until she received a text from [REDACTED] telling her to put up all the "bath salts" because he received a text from [REDACTED] phone asking about bath salts requested from a friend's brother. [REDACTED] replied to the text by telling [REDACTED] he could not have any bath salts. [REDACTED] also texted Ms. Stauch and told her to collect up all of the "bath salts" so [REDACTED] would not have access to them.

[REDACTED] along with Ms. Stauch relayed [REDACTED] was born prematurely and had gastrointestinal issues since birth. [REDACTED] had accidents on occasion and would defecate in his pants due to these issues. He was very embarrassed about this and would not attend school on days when he was having problems due to the possibility of him having an accident while at school.

On Sunday, January 26, Ms. Stauch stated she took [REDACTED] and his little sister [REDACTED] on a hike in the area of Garden of the Gods. They weren't very far in on their hike when [REDACTED] began having stomach issues. They went home soon after. Later on, [REDACTED] was in the basement resting and had knocked over a candle which was lit. This caused a fire. She was able to smother the fire and [REDACTED] with blankets but [REDACTED] had some minor burns on his arms.

[REDACTED] received another text message from [REDACTED] phone apologizing for the candle incident.

Ms. Stauch kept [REDACTED] home from school the next day, Monday, January 27, due to him not feeling well because of his stomach.

Ms. Stauch told us [REDACTED] had left his phone at the house when he left, but did have his Nintendo Switch with him. She told us she had located a search on his phone which asked if parents could find your cell phone if it was off.

[REDACTED] and Ms. Stauch could provide no further initial information on where [REDACTED] may have gone.

Consent to download [REDACTED] phone was obtained from [REDACTED] who provided the phone to detectives. Once the download of the phone was completed, I returned the phone to [REDACTED]

At approximately 2:30 pm, Detective Bethel and I responded to Grand Mountain Elementary School located at 11060 Fontaine Boulevard. This is the school that [REDACTED] normally attends

in the fifth grade.

Upon arrival, we spoke with [REDACTED] teacher, Kaitlyn Collar DOB: [REDACTED] and the Dean of Students, Ursula Reece DOB: [REDACTED]. The following information was obtained from them.

CHILD VICTIM

Ms. Reece advised she was unaware of any serious issues with [REDACTED]. She stated [REDACTED] teacher, Ms. Collar would know more information about the daily school life of [REDACTED].

Ms. Collar indicated [REDACTED] is a very intelligent boy and had multiple students ask for his help with the "coding" portion of class. He is a well liked student but she couldn't identify any students that [REDACTED] would spend time with more than others. She told us [REDACTED] was well behaved in class but it would be noticeable when he had not taken his medication for his [REDACTED] because he would be very talkative in class. [REDACTED] was unaware of any issues between [REDACTED] and other students.

Ms. Reece provided school attendance records for [REDACTED] to Detective Bethel.

After finishing speaking with Ms. Reece and Ms. Collar, Detective Bethel and I responded back to the Office of The Sheriff.

While enroute, Detective Bethel contacted Ms. Stauch and requested items which may have [REDACTED] DNA on them. Ms. Stauch was specifically asked for a toothbrush and a comb or brush. Ms. Stauch agreed to bring those items into the Office of The Sheriff.

Interview

CHILD VICTIM

Detective Arndt and I went to [REDACTED] to speak with [REDACTED] DOB: [REDACTED]. The conversations was recorded with a handheld audio recorder and later placed on a CD and I entered the recording into evidence under item #9. The following is a synopsis of the interview and should not be considered a verbatim transcript.

Detective Arndt and I spoke with [REDACTED]. [REDACTED] said that he is friends with [REDACTED] and they hang out at school but do not have a relationship outside of school. [REDACTED] said that [REDACTED] has never been to his house and does not know where he lives.

While Detective Arndt was talking to [REDACTED] I asked [REDACTED] grandmother if [REDACTED] has ever been to the house. She said that no one comes to the house just family members.

Interview

Detective Arndt and I went to [REDACTED] speak with [REDACTED] DOB: [REDACTED]. The conversations was recorded with a handheld audio recorder and later placed on a CD and I entered the recording into evidence under item #6. The following is a synopsis of the interview and should not be considered a verbatim transcript.

Detective Arndt and I spoke with [REDACTED] said [REDACTED] is in his class and hang out and play at recess. They are friends but they don't hang out after school. [REDACTED] said that [REDACTED] had never been to his house and [REDACTED] had never been to [REDACTED] house. [REDACTED] is home schooled as of January 28, 2020 and his last interaction was "normal [REDACTED]". He said that if they became off task [REDACTED] would try to get them back on task. [REDACTED] said he heard that [REDACTED] is missing and did not know where [REDACTED] could be. [REDACTED] did not have any further information.

Consent Search of 6627 Mandan Drive

At this point, Detective Arndt and I were instructed to go to 6627 Mandan Drive. We went to the address. This is the address were the [REDACTED] lives. We were instructed to contact [REDACTED] and [REDACTED] who could still be inside the house. We knocked on the house several times and made several loud announcements Sheriff's Office. No one answered the door. A while later, a light turned on inside the house and then the garage opened. We contacted [REDACTED] and [REDACTED]. [REDACTED] allowed us access into the house, we secured the house and waited for other detectives to arrive on scene to search the house.

I was tasked with taking photos of the residence. I took photos of the residence and later placed them on to a CD those photos into evidence under item #4.

In [REDACTED] room when I was taking overall photos of the residence. I was standing at the door of [REDACTED] Room. I smelled an ammonia smell; I began smelling around I smelled the light switch on the wall. There was a stronger smell of ammonia. I continued to take photos, as I began going into the room further and further, the smell got stronger. I finished taking photos of [REDACTED] Room. I got on my hands and knees, the carpet beside the bed on the south wall was damp. If you got closer to the carpet the smell of ammonia became much stronger.

I collected swabs of the door in [REDACTED] room. There was a small dark red spot on the front of the door that was collected. On the door handle on the back of the door the handle had a dark red/brown smear, this was collected. Detective Arndt found a stain on the mattress that was on the south side of the room. I swabbed the stain that was on the mattress.

Evidence

All evidence during the search wavier was collected by Detective Perry (See Detective Perry's supplement).

I put the following items into evidence.

Supp 2

On Wednesday, January 29, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

At approximately 2:08 am, Mrs. Letecia Stauch began text messaging me. The messages occurred from 2:08 am until 2:54 am. The messages were photographed and entered into evidence as item #271.

The following is the text message conversation between Mrs. Stauch and myself. Mrs. Stauch will be indicated with the letter L and I will be indicated with the letter B.

L- 2:08 AM, "Can we talk soon?"

L- 2:08 AM, "I appreciate all Your hard work"

L- 2:11 AM, "I have information"

L- 2:11 AM, "[REDACTED] was upset about the candle. I didn't know that he had cut himself with it."

L- 2:11 AM, "Because he had on a blue undershirt and a long sleeves"

L- 2:12 AM, "And he had a small burn area"

L- 2:12 AM, "I did too."

L- 2:14 AM, "When we came back inside from the smoke there was blood on both of us. I didn't know what to do. I was scared I would get fussed out about it and I didn't know if he should go to the doctor. I kept trying to add the candle thing but [REDACTED] kept sayin it was small and minor. I was scared the basement was smoky and when i threw the covers on everything we both had blood."

L- 2:14 AM, "You don't understand how hard it is to be a step mom"

L- 2:14 AM, "I get judged for everything and he was scared for being ground"

L- 2:15 AM, "So then the next day"

L- 2:15 AM, "This is where i need to talk to you"

B- 2:15 AM, "Ok. Can you come in to talk"

L- 2:15 AM, "Yes. I'm sorry i wasn't ever hiding anything from you. You don't understand the pressure i get put under about not doing enough"

L- 2:17 AM, "Could you trust in me and let me meet you in the morning? I am so tired i still haven't slept"

CHILD VICTIM

BWC NOT AVAILABLE

Initial Information

On Wednesday, January 29, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that eleven-year-old [REDACTED] was still missing.

I learned that Ms. Letecia Stauch (DOB [REDACTED]) had not made physical contact with detectives yet. However, Ms. Stauch was messaging Detective Bethel the night prior and agreed to meet at 10:00 am at the El Paso County Office of The Sheriff (OTS).

Sex Assault Allegations

I was talking with Detective Mark Riley (02073) when he received a phone call from [REDACTED] (02/20/82). [REDACTED] advised Detective Riley that Ms. Stauch was at their residence and claimed that her initial report was not accurate. Ms. Stauch told [REDACTED] that she was sexually assaulted by someone and that person took [REDACTED]. Detective Riley stated we would follow up on this information when Ms. Stauch came in for an interview.

AT&T Search Warrant

Due to Ms. Stauch's changing story and evasiveness the night prior I was asked to complete a search warrant to AT&T for the Call Detail Records (CDR) associated with her phone number [REDACTED]. I reviewed a previously written search warrant for this case by Detective Brad Whitehead. From this, I learned details provided in interviews with both [REDACTED] and [REDACTED] (DOB [REDACTED]).

Using the information from the previous warrant and information known to me I completed a search warrant.

I presented the search warrant to Honorable Judge Laura Findorff in Division F for the following:

AT&T, Attn: Global Legal Demands Center, 11760 US Hwy 1, Ste 300, North Palm Beach, FL 33408. Records of [REDACTED].

Judge Findorff swore me in and signed the warrant without change. The search warrant was submitted to the court records office and assigned case number 20-307.

Shortly after the warrant was signed, I learned that the District Attorney's office agreed to seal warrants associated with this case. Deputy District Attorney Oliver Robinson (42773) signed a Request to Seal for my warrant.

I returned to Honorable Judge Findorff and presented her with a seal for the AT&T search warrant. Judge Findorff signed the seal and I delivered it to the Court Records office.

I contacted the AT&T Legal Demands Center and asked what was required for them to process the warrant with exigency. I was told that when I fax the warrant, I needed to provide a brief description of the situation and they would mark the request as "Urgent." I thanked them for their time and submitted the warrant via fax and provided a brief synopsis of the situation.

CHILD VICTIM

Ms. Stauch Arrived at OTS for Interview

At approximately 1200 hours, Ms. Stauch arrived at the OTS for an interview two hours late. Ms. Stauch had been texting Detective Bethel for the prior three hours stating she was on her way the entire time. Ms. Stauch arrived in her black VW Tiguan which was wet and appeared to have just been washed as water droplets were covering the car. A search warrant for the vehicle was completed. The Tiguan was seized and towed to the El Paso County Evidence Facility for processing at a later date.

Detective Jessica Bethel (07088) and Detective Kat Huston (12021) began an interview with Ms. Stauch. I started to observe the interview but was advised the crime lab would be responding to the Stauch's residence and they needed assistance with the execution of a search warrant.

Search Warrant of 6627 Mandan

I responded to 6627 Mandan Drive with multiple detectives and the Metro Crime Lab. Crime Scene Investigations (CSI) Technicians photographed the entirety of the house prior to any searching. A search was conducted of all areas in the house.

During this search, I observed a small coin purse located in [REDACTED] room. In the clear sleeve on the front of it was [REDACTED] Military ID. I looked inside of the coin purse and observed that [REDACTED] Military ID was also in the coin purse. I found it odd that an eight-year-old would be in possession of her and brother's Military ID's. I had the crime lab photograph the purse and its contents but did not collect it.

I assisted with a search of [REDACTED] Ms. Stauch's bedroom. Two empty gun cases were found in the bedroom. [REDACTED] reported having his 9mm handgun on his person and said he had taken the rest of their guns to a friend's house for safekeeping.

When the mattress was lifted a single 9 mm bullet was located. The crime lab photographed the bullet but did not take it.

In the basement main room, there was a loose square of carpet covering a cut out where there appeared to be a large burn mark in the carpet batting.

We continued searching the basement of the house and found a large roll of extra carpet in the furnace room next to the stairs. I was able to observe a roll of carpet that appeared to be blocked in by miscellaneous storage items. The crime lab removed the carpet from the furnace room and unrolled it. There appeared to be red staining on the carpet.

I was advised the Crime Lab was conducting additional testing, but my presence was no longer needed at the residence.

Canvas of Dumpsters in University Shopping Center

It was learned that during the day on January 27, 2020, Ms. Stauch made two separate trips to Petco located in the University Village Shopping Center. These trips were at approximately 11:20 am and 1:20 pm.

EPC SHERIFF'S OFFICE

Because of this, I was directed to respond to the University Village Shopping Center and canvas the area dumpsters with Detective Pete Vigil (10011). Detective Vigil and I canvased the dumpsters and did not find anything of evidentiary value.

Trader Joes Dumpster

CHILD VICTIM

I observed multiple people unloading a box truck at Trader Joes. I started talking to the employees and asked if they noticed anything odd in the area or in the dumpsters. The employee explained that they hadn't noticed anything odd, but their store had been having issues the last two days were all of their refrigerators went down the day before and a power outage that day. The employee said because of this their manager ordered a roll-off Dumpster that had been picked up earlier that evening.

I asked if they had noticed anything odd while the roll away dumpster was there, and the employee said that there had been a woman dumpster diving. The employee went and retrieved another person who encountered the female in the dumpster.

The employee described the female as an elderly woman likely in her 50's dressed in a suit and was there with what they assumed was her adult son. The employee stated the woman removed flowers from the dumpster and was told to leave.

I did not believe this information was related but thanked them for their time and collected the information for the roll-off dumpster.

I have nothing further at this time.

Case Status: SAO

On Wednesday, January 29, 2020, I, Detective Jennifer Arndt #06095 and Detective Peter Vigil #10011 of the El Paso County Sheriff's Office, Investigation Division, assisted in conducting follow up on this case.

Letecia Stauch

CHILD VICTIM

At approximately 8:30 am, I was asked to respond with Detective Mark Riley to contact Letecia Stauch at 6627 Mandan Drive to offer her a ride to the Office of the Sheriff (OTS) for an interview. Upon arrival at the residence Letecia and her daughter, [REDACTED] could not be located. Detective Riley call for Letecia but there was no response. After a few times of calling for her Letecia merged up from the basement.

Letecia told Detective Riley she did not want a ride and would have [REDACTED] bring her down. Letecia had a piece a paper in her pocket she said had information she wanted Detectives to know, but she would not allow me to see it and said she would only speak with Detective Bethel.

Letecia asked Detective Riley and I to stay until she gathered some of her personal stuff to leave the residence. Letecia left the residence with a backpack and a duffle bag.

Volkswagen Tiguan

I assisted in attempting to locate a black Volkswagen Tiguan with South Carolina in the parking garage of the OTS that belong to Letecia. I was advised by Detective Ferrell he located the vehicle on the first floor of the parking garage near the front entrance. I noticed the vehicle and water droplets on it as it and appeared to have been washed. The weather outside was warm and sunny and there had been no precipitation in several days.

Search Warrant of 6627 Mandan Drive

At approximately 1:51 pm, I assisted with a search of the residence after a search warrant was obtained along with the Metro Crime Lab. During the search I located a receipt in a kitchen drawer for Ulta located at 3153 cinema Point dated 1/20/20 at 1:45pm. In addition, I located indicia of an envelope with Letecia's name and address of the residence. The crime lab took photographs of the indicia and Detective Price placed the Ulta receipt into evidence under item #90; in addition, the receipt is attached to this report.

6650 Mandan Drive

I was asked by Detective Brklich to speak with the residence at 6650 Mandan Drive and obtain a video they have from their ring doorbell a red truck belonging to [REDACTED] family backed in the driveway of the residence with its lights on at approximately 4:30 am on Monday January 27, 2020.

I spoke with Alexandra Pace (DOB: [REDACTED]), who emailed me a video of January 27, 2020 at 4:58 am of what appeared to be the red truck backed in the driveway of 6627 Mandan Drive with its headlights on. Alexandra reported to me she also had spoken to Detective Huston and sent the video to her. I asked Alexandra to email me the video which I later placed on a CD and entered it into evidence under item #34.

Case status: Active-Investigations

On Wednesday, January 29, 2020, at approximately 9:00 am, I, Detective Jon Price #02034, contacted Wayne Moore at Mike Maroone Volkswagen, 1570 Auto Mall Loop. He told me Mike Maroone does not install GPS devices on vehicles that it leases. The dealership has no mechanism to track leased vehicles.

At approximately 2:50 pm, I assisted in the execution of Search Warrant #20-309 at 6627 Mandan Drive. The scene was processed by CSI's Robert Zaleski and Brooke Havko of the Metro Crime Lab. A full documentation of the scene and search is found under lab report #20MCL267.

The following items were collected:

1. Large piece of remnant carpet from north side of furnace room.
2. Rectangular piece of remnant carpet, loose from on top of burn defect in family room floor.
3. Piece of remnant carpet from south end of furnace room.
4. Rectangular piece of remnant carpet with apparent bloodstains from inside carpet roll #1.
5. Pillow with shark patterned pillow case from floor in [REDACTED] bedroom.
6. Shark patterned sheet from floor in [REDACTED] bedroom.
7. Teal throw pillow with unknown stains from downstairs family room floor.
8. Black and white women's tennis shoes from top of clothes washing machine, laundry room.
9. 3 blankets with melted spots from family room floor in front of love seat.
10. Teal throw pillow from family room couch with stain presumptively tested positive for blood.
11. Area Rug, downstairs family room floor.
12. Carpet sample - cut from around the burn defect, family room floor.
13. Carpet padding sample cut from burn defect, family room floor.
14. Fabric from family room couch with defects/melting.

All the above were collected by the Crime Lab.

During the search Detective Arndt discovered a receipt from Ulta Salon in a kitchen drawer. I collected this receipt, and later secured it in locker #96 at the EPSO Evidence Facility to be entered at a later time.

I noted there was still an appreciable odor of coconut in the downstairs family room.

I cleared the scene at approximately 10:30 pm.

This is a supplement to El Paso County Sheriff's Office case 20-1382.

Initial Information

CHILD VICTIM

On 1/29/20 at approximately 0900 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was assigned by Sergeant Abendschan/02020 to assist with EPSO case 20-1382 by obtaining video footage of the rental car from Avis Rent A Car at Colorado Springs Airport (7770 Milton E Proby Parkway). The rental took place on 1/28/20 at approximately 0850 hours by Letecia Stauch (DOB [REDACTED]) for a white 2019 Kia Rio sedan bearing Texas plates LWH1205 (VIN [REDACTED]).

Colorado Springs Airport - Information from Avis

At about 0945 hours, I met with Colorado Springs Police Department (CSPD) officers assigned to the airport, who agreed to begin looking at video surveillance for Letecia.

I also met with Greg Horsley, the Avis Airport Manager, who had access to a separate camera system which was comprised of several cameras behind the rental desk in the airport terminal. Avis did not operate any cameras outside. Letecia approached the rental counter alone on 1/28/20 at 0951 hours according to the Avis camera timestamps, which were approximately one hour and one minute ahead of real time. She left the counter, still alone, at 0955 hours. She was wearing a blue jacket, tan shirt, dark green pants, white shoes, and had sunglasses on the top of her head. She also carried a small black bag with her.

I took pictures with my work-issued cell phone camera since Greg was unable to release the video directly to me, as the export feature for the software was only permitted to the corporate office.

Greg provided me with a printout of the rental information, or at least as much as the company was allowed to give me without a formal warrant. The rental information showed the vehicle was rented to Letecia at 0850 hours on 1/28/20 with a starting odometer reading of 34663 and "Fuel Gauge Reading: Full".

I attached the Avis information to this report digitally.

While I was speaking to Greg, at approximately 1000 hours, he was notified that the keys to the white Kia were, in the last ten minutes or so, returned to a lot attendant. The lot attendant stated the woman from the camera footage we were viewing (Letecia) handed her the keys, and got into a white Volkswagon Jetta sedan with Colorado plates without saying a word to her. The driver of the Jetta was a possibly Hispanic female with dark, curly hair, who did not exit the vehicle. They left the area immediately together.

Colorado Springs Airport - Information from CSPD

I went back to speak with the CSPD officers, and they found video surveillance of Letecia entering the

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

airport at 0841 hours. She met with a white male who got off a plane at the airport, and went to baggage claim with him at about 0842 hours. The white male was wearing a blue and white hat, a gray or brown hoodie with a Colorado flag type logo on the front, blue jeans, and black shoes. He had a green camouflage backpack on. Letecia went up to the Avis rental counter at (according to surveillance timestamps) 0850 hours and left the counter at 0853 hours. Both Letecia and the male exited the airport at 0856 hours.

The only external view of the entrance to the airport was a camera far south at the beginning of the arrivals lane facing the entrance. Due to the lack of people at the arrivals entrance to the airport, it was possible to infer that Letecia crossed the sidewalk from the short-term parking area to the arrivals entrance at about 0841 hours when she entered the airport, and it did not appear anyone dropped her off at the sidewalk along the arrivals entrance.

Locate and Process White Kia

CSPD Detective Eric Davis assisted me by searching the parking lots of the airport for the white Kia since Avis said it was not in their returns area. At about 1130 hours, he located it near parking area E1 in short term parking and called me to come process it.

I called Greg, who contacted another Greg, Greg Little, who was the regional security manager for Avis based out of Chicago, who was authorized to give me permission on the part of Avis to search the car. Greg Little emailed me written consent to search (non-destructively) the vehicle.

I attached the written consent to this report digitally.

I took external photographs of the vehicle, including several areas where there was obvious damage. I unlocked the vehicle and opened all the doors and trunk and continued to photo-document the state of the vehicle. I observed water on the roof of the vehicle, and a small amount of water on the hood as well, but no other surfaces appeared to be wet. It had not rained in the area of the airport or downtown Colorado Springs since I was awake at 0515 hours.

While searching the vehicle, I located a boarding pass under the spare tire in the trunk, which was dated 9/12/19 for a Felix Enriquez. I observed a bright red stain on the driver seat, which appeared to be very dry and stuck to the fabric. Between the driver seat and the driver door on the carpet was a short term parking ticket dated 1/28/20 16:41. I had driven through both long term and short term parking, and the short term tickets were blue instead of gray, and the timestamp was put on the ticket upon entry to the parking lot and appeared to be accurate to real time. The ticket also had "Colorado Springs Airport SHORT TERM B" printed on the back.

I swabbed the following areas for DNA evidence:

- Internal trunk threshold and carpet
- Steering wheel and shifter
- Driver side internal door latch

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

At approximately 1230 hours, I released the car back to James Mooney, the Operations Manager for Avis at Colorado Springs Airport.

Seizure of White Kia

CHILD VICTIM

At approximately 1330 hours I received a call from Sergeant Hubbell/07050 who directed me to impound the white Kia for evidence for more a more advanced forensic analysis. I immediately contacted Greg Horsley, who told me the vehicle was about to be put through the service line for cleaning, but he was able to sideline the vehicle prior to the cleaning. He was unable to determine which employee had moved the vehicle to the service line since there had just been a shift change, but James later told me it was moved again to the service line since he had last driven it (when I initially released it).

I spoke with Greg Little again, who advised me Avis required a search warrant to seize the vehicle from their property, but he would allow the vehicle to be sidelined and for me to stay with it until the search warrant was signed with a judge.

At approximately 1345 hours, I arrived at 7740 Milton E Proby Parkway (Avis Rent A Car Service Center - located on the airport property) and stayed with the vehicle until Detective Whitehead/05071 arrived with a signed search warrant to seize the vehicle at about 1544 hours.

Evidence

Bob's Towing picked up the vehicle, and I followed the tow truck to the EPSO Evidence Facility (2749 East Las Vegas Street), where the tow driver placed the vehicle into Bay A, an indoor secure vehicle bay, at about 1610 hours. The vehicle was impounded here under impound number I20-44.

I attached the impound sheet digitally to this report.

The vehicle was entered into the evidence system as item 12.

At about 1800 hours, I entered the following items I collected earlier into evidence, identified as the following:

- 13: Avis rental information
- 14: Short term parking ticket found in white Kia
- 15: DNA swabs from white Kia trunk
- 16: DNA swabs from white Kia steering wheel and shifter
- 17: DNA swabs from white Kia internal driver door latch
- 18: Still images from Avis surveillance at airport
- 19: Still images from airport surveillance
- 20: Photographs from processing white Kia

CHILD VICTIM

On 01/29/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO), conducted follow up on this case.

At approximately 9:30 a.m., Detective Nick Brklich and I conducted a canvass of the Lorson Ranch area for new home build construction dumpsters.

We discovered several dozen dumpsters in the area which were in various states of use. Some were empty while others were overflowing. We spoke with multiple workers as well as supervisors in the area. We learned a substantial number of dumpsters had recently been removed because they were full and replaced with empty ones. Based on the information obtained, it appears the dumpsters are replaced every few days.

During our canvass, we did not observe anything out of the ordinary in any of the dumpsters we found.

At approximately 8:00 p.m., we responded to 6627 Mandan Drive to assist with the execution of a Search Warrant at the house.

Upon arrival, it was determined, our assistance was not needed to complete the search.

Mrs. Stauch was brought up to the Investigations Division by Detective Huston for her interview. The interview took place in interview room #4 which is equipped with audio and video recording. The recording of the interview was placed into evidence as item #35 and #556 by Detectives Karl Mai and Mark Riley (respectively). The interview was transcribed and later reviewed by Detective Katherine Huston for accuracy (see Detective Huston's supplement).

I initiated a voluntary interview with Mrs. Stauch with the assistance of Detective Huston. Mrs. Stauch was provided with soda and something to eat. Prior to any questioning, I presented a Miranda Waiver to Mrs. Stauch and explained her rights to her. Mrs. Stauch stated she understood her rights and agreed to speak with me. She completed the waiver, indicating she was willing to speak with Detective Huston and I. The waiver was entered into evidence as item # 261.

I was present for a small portion of the interview with Mrs. Stauch but had to excuse myself for an appointment. I returned to the Investigations Division and saw Detective Huston was taking a break from the interview. Lieutenant Mitchell Mihalko requested I go into the interview room to speak with Mrs. Stauch. When I entered the room, Mrs. Stauch was requesting to leave. I told her she could and asked if she would tell me what happened prior to her leaving. Mrs. Stauch refused and then said she needed a break. She mentioned driving herself to the hospital. I asked her if she was ok because I did not know any reason she would need to go to the hospital. Mrs. Stauch explained she needed to go to the hospital for DNA collection due to a sexual assault. She requested to leave the building again. I asked Mrs. Stauch to wait to ensure Detective Huston did not have any other questions. Mrs. Stauch asked if she was being held and I told her no. She told me she would like to take a break and to possibly see her child or get lunch. I offered to get Mrs. Stauch's daughter for her and asked Mrs. Stauch to stay so I could follow up with her about the sexual assault.

ERC SHERIFF'S OFFICE
Released To: Jennifer Knight

Because the Sheriff's Office is filled with other staff and has areas which maintain sensitive information, I was not able to let Mrs. Stauch wander the building alone. I offered to walk with her to get a cup of coffee from a coffee shop down the street, but she did not want my company. Mrs. Stauch told me she wanted to leave and I could call her. As she was preparing to leave the building Lt. Mihalko approached her and tried to calm her. He eventually seized her cellular phone as evidence. This occurred outside of the interview room while recording was still going. The door to the room was closed and did not capture the conversation which occurred outside the room.

Mrs. Stauch became upset and wanted her phone returned to her. She demanded Lt. Mihalko identify himself on video in the interview room, which he did. Lt. Mihalko informed Mrs. Stauch her phone was seized as evidence and we would be applying for a search warrant for the phone. Mrs. Stauch complained the seizure of her phone was unconstitutional and asked for a phone to contact an attorney. Mrs. Stauch exited the interview room and informed us she needed her phone for directions. Detective Huston offered to print directions for Mrs. Stauch but she did not provide an address. The door to the interview room was left open and the recording continued.

As the conversation progressed, Sgt. Hubbell came by the interview room and stated "At this time, we've got you for false reporting. At this point, you are going to be held until we can get a search warrant. And we're gonna have a nurse - nurse examiner do an exam, make sure you're doing okay, so we're gonna (inaudible). Okay? So I'm gonna hold you here until we get that search warrant." (See Lt. Mihalko and Sgt. Hubbell's supplements). Mrs. Stauch was asked to sit in the interview room and she complied. Mrs. Stauch asked to use the restroom. She was ultimately allowed to use the restroom but was asked not to clean herself up because of the concern for disturbing potential evidence left on her body. She previously mentioned wanting to shower prior to being examined.

Mrs. Stauch was asked to sit in the interview room. She was left alone and the door was closed. She opened the door and asked me if I needed to ask her anymore questions. I told her I was not going to ask her any further questions because she asked for an attorney while we were standing in the hallway. Mrs. Stauch was asked to remain in the interview room.

While waiting in the interview room, Mrs. Stauch shoved tissues down the front of her pants and stated she accidentally peed a little bit and had wet pants. Detective Huston and I took Mrs. Stauch to the restroom. The trip to the restroom was not recorded. Mrs. Stauch was allowed to use the restroom in private although Detective Huston and I did ask that she not clean herself or flush the toilet.

Mrs. Stauch complained of chest pains and an ambulance was called for her. Mrs. Stauch became restless while in the interview room and did not want to be left alone. She requested the door remain open and I ultimately sat in the room with Mrs. Stauch but did not speak with her concerning the case. I remained in the room and had a conversation about Mrs. Stauch's shoes with her because the pattern was an interesting design to me. Mrs. Stauch was able to maintain a conversation with me, provide specific details concerning her shoes and answered all questions when the Colorado Springs Fire Department arrived at the OTS for her evaluation. While Mrs. Stauch was being evaluated, I was informed Detective Marissa Williams was drafting a court order for the collection of non-testimonial evidence from Mrs. Stauch. I was informed Mrs. Stauch reported she was raped by a man who took [REDACTED]

At approximately 4:20 pm, Detective Karl Mai and I departed the OTS with Mrs. Stauch and [REDACTED] accompanied her to Memorial Hospital (1400 E. Boulder St.) via ambulance. While in the ambulance I video recorded the ambulance transport but did not point the camera in the direction of Mrs. Stauch. Mrs.

Stauch did not answer the medics questions and appeared to be sleeping. Detective Mai informed medics Mrs. Stauch was in custody pending the execution of the court order. The recording was placed into evidence as item #269.

CHILD VICTIM
Detective Mai and I arrived at Memorial Hospital with Mrs. Stauch at approximately 4:30 pm. She was evaluated by medical staff in care unit 4. Care unit 4 is a secured unit which is controlled by security staff and has locked doors. Mrs. Stauch was afforded the opportunity to speak with medical staff in private, including the Forensic Nurse Examiner (FNE) who conducts Sexual Assault Examinations (SANE). Mrs. Stauch made phone calls and used the restroom while she was being evaluated in care unit 4.

Both Detective Mai and I were ordered by Lt. Mihalko to detain Mrs. Stauch while an order for non-testimonial evidence was being sought. Mrs. Stauch did ask to leave the facility and signed herself out of the hospital before all her testing was completed at approximately 4:40 pm. Detective Mai and I continued to detain Mrs. Stauch after she requested to leave and explained a court order was being obtained to collect non-testimonial evidence from her. Mrs. Stauch stated she consulted with an attorney during one of her phone calls and was advised to invoke her 5th and 6th amendment rights. Detective Mai and I did not attempt to speak with Mrs. Stauch at the hospital other than to explain she was not free to leave and Judge Findorff was in the process of reviewing and signing the order for non-testimonial evidence. When I advised Mrs. Stauch, she would need to comply with the order, she again mentioned her attorney who she did not identify to me. Mrs. Stauch said her attorney told her she did not have to stay to complete the order. I advised her the order was a court order and was being reviewed as we spoke. I told Mrs. Stauch she would be free to leave the hospital after the order was completed by the FNE. Mrs. Stauch was calm and asked me if she could just have a SANE instead. I told Mrs. Stauch she was free to have any testing she wished while at the hospital and the SANE was not a requirement of her. I advised her she could consult with the FNE and could have the SANE completed after the other evidence had been collected. Mrs. Stauch informed the FNE she wished to have a SANE completed.

At approximately 7:00 pm, Detective Marissa Williams informed Detective Mai and I she had a signed order for non- testimonial evidence for Mrs. Stauch. Detective Williams stated the order authorized the collection of forensic evidence from Mrs. Stauch's person, but nothing involving her genital area, or breasts or other sensitive areas common with a SANE. Except for a blood draw, all the evidence we were seeking was non-intrusive.

Mrs. Stauch was compliant and walked to the Forensic Nurse Examiners room located in care unit 2.

Detective Mai and I witnessed the collection of the non-testimonial evidence. FNE Amanda VanNest collected photographs, fingernail scrapings, blood and buccal swabs. FNE VanNest took time to examine Mrs. Stauch's head for any redness or swelling. I did not observe any redness or swelling to Mrs. Stauch's head where she reported she struck her head during the sexual assault. Detective Mai and I collected the evidence from Forensic Nurse Examiner VanNest. The items were entered into evidence as follows: The collection kit was assigned evidence Item #22. The photographs FNE VanNest took were provided to Detective Mai and I on a CD and it was entered into evidence as Item #23.

After the completion of the collection of evidence, Mrs. Stauch stated she wished to have a SANE completed. FNE VanNest arranged for another FNE to complete the SANE on Mrs. Stauch. Mrs. Stauch asked for water and asked if she was free to leave. Detective Mai and I told Mrs. Stauch she was free to

leave. FNE VanNest told Mrs. Stauch where she could find water. Mrs. Stauch left the exam room and walked through the hospital. Detective Mai followed Mrs. Stauch and told me she left the hospital. Detective Mai told me he did not follow Mrs. Stauch out of the hospital or even to the emergency room lobby where Mrs. Stauch believed her daughter to be.

On January 29, 2020, at approximately 12:00 PM, I, Detective Kat Huston #12021, of the El Paso County Sheriff's Office (EPSO) Investigations Division conducted an interview with Letecia Stauch. The interview was begun by Detective J. Bethel who advised Mrs. Stauch of her rights under Miranda. Mrs. Stauch waived her rights at approximately 12:00 PM.

CHILD VICTIM

At the beginning of the interview Mrs. Stauch related she hadn't eaten and was hungry. I provided her a pepperoni pizza Hot Pocket, a bottle of water, and Coke.

During her interview Mrs. Stauch related on Sunday, January 26, 2020 [REDACTED] was downstairs in their basement and had lit a candle. She related he knocked the candle over causing it to spill and catch a piece of carpet on fire. She also related [REDACTED] wasn't feeling well due to pre-existing stomach issues. Mrs. Stauch said [REDACTED] stayed home from school on Monday and her plan was to get the carpet fixed.

Mrs. Stauch said she and [REDACTED] left the house between 10:00 and 10:30 AM. She said they went to the area in Lorson Ranch neighborhood where there was construction going on. She said she contacted a construction worker "Eguardo" who agreed to bring carpet to her house and replace the burned section. Mrs. Stauch said she provided "Eguardo" with her garage access code and then went into town to do errands.

Mrs. Stauch said they returned to the house after 2:00 PM and [REDACTED] entered the house before she did. She related he went downstairs and she went and put her headphones on to listen to music and work out. She said she thought she heard something downstairs so she went down. Mrs. Stauch said when she went downstairs "Eguardo" was down there in the doorway of the storage area which is adjacent to [REDACTED] room. She said he had a black handgun and attacked her. Mrs. Stauch said she was raped by "Eguardo" and during the incident her head was hit. She said during the incident [REDACTED] jumped on "Eguardo's" back and was thrown off.

Mrs. Stauch said there was a ring doorbell alert and she knew it would be [REDACTED] getting home from school on the bus. She said she went upstairs and told [REDACTED] to go get the mail and to ride her bike to keep her out of harms way since "Eguardo" was still there. She said she went back downstairs and "Eguardo" was holding onto [REDACTED] and pointing the gun at him. She said he asked for a suitcase and a box. Mrs. Stauch said she provided him a brown suitcase and a cardboard moving box. She said she thought "Eguardo" was going to take their things and load it into the suitcase and box to make it look like he was going to the airport.

Mrs. Stauch said "Eguardo" then attacked her again and tried to sexually assault her again. She said her head was hit again and she kind of blacked out. She said when she came to she couldn't find [REDACTED] She said she though he might have been hiding in the house somewhere.

Mrs. Stauch said she cleaned up everything from the assault. When asked to describe the assault Mrs. Stauch did not want to and asked if I could just ask her questions and she could say "yes or no". During the interview I asked Mrs. Stauch if she had any injuries from the assault. She showed me a small mark on her left arm near her elbow that she said was a burn. She then looked at her arms and hands and said her hands had some small scratches on them. At one point she touched the back of her head and said it was sore.

Released To: Jennifer Knight

Mrs. Stauch asked to take a bathroom break at approximately 1:26 PM. There was a break taken from approximately 1:26 to 1:27 PM.

9/1/23 RF

During the interview Mrs. Stauch said she hadn't taken a shower in two days and said she would have a sexual assault nurse exam (SANE) completed. She later said she needed to go take a shower and clean up before going to the hospital. She also related she did not want to be escorted to the hospital. At approximately 3:06 I told Mrs. Stauch I was going to take a break. She said she wanted to leave. She also related she was unwilling to go to the hospital for the SANE without first taking a shower and cleaning up. I explained to her that would be destroying potential evidence that could be on her body.

At approximately 3:13 PM I left the interview room. After I left the room Mrs. Stauch opened the door to the interview room. At approximately 3:17 PM LT M. Mihalko began speaking with Mrs. Stauch and seized her cell phone. Mrs. Stauch was informed by Det Sgt R. Hubbell she was being detained while search warrants were to be authored and sought to have potential DNA evidence collected from her.

At approximately 3:35 PM Mrs. Stauch was taken to the bathroom for break per her request. She was returned to the interview room at approximately 3:37 PM.

At approximately 3:53 PM Mrs. Stauch began complaining of chest pains and anxiety. Medical personnel were summoned and arrived in the interview room at approximately 4:09.

At approximately 4:18 PM Mrs. Stauch was on the gurney and leaving for the hospital. I seized her purse.

Mrs. Stauch cell phone was given to Detective Bethel who turned it over to me. I turned the phone over to Det M. Williams as well as Mrs. Stauch's purse.

This is only a brief summary of Mrs. Stauch's interview. The interview was transcribed by EPSO records supervisor Jen Harris. I have checked the transcription for accuracy and attached it to this supplement.

Nothing further.

CHILD VICTIM

On 01/29/2020, at approximately 12:10 pm, I, Detective Timothy Ferrell, with the El Paso County Sheriff's Office (EPSO), Investigations Division, conducted follow up in reference to this case.

I was advised a vehicle was parked in the Office of the Sheriff (OTS) parking garage at 27 E. Vermijo Ave., that needed to be impounded as possible evidence in the case as a search warrant was in the process of being written.

I located the vehicle parked on the lowest level of the parking garage. The vehicle, a black 2019 Volkswagen Tiguan, VIN: [REDACTED] has South Carolina license plate CYY283 attached to the vehicle. I was advised the plates came back to a different vehicle, but the owner was Letecia Stauch, DOB: [REDACTED]

The vehicle appeared to have been washed recently as it was still covered in water drops and it had not rained in the area. Detective Marissa Williams responded and photographed the vehicle. I then sealed the vehicle using evidence tape.

While waiting for the tow truck to arrive, the vehicle began to dry, and I observed the top of the vehicle appeared to still be covered in light brown dust and dirt. Detective Williams and I also noticed several scrapes on the sides of the vehicle. Detective Williams photographed the areas both with and without a scale which included on the passenger front fender behind the wheel well, and on the lip of the top part of the bumper, left of center, below the rear hatch door.

Bob's Towing responded and transported the vehicle to the EPSO Evidence Facility with me following. The vehicle was placed into evidence pending a search warrant, impound #20-43, evidence item #11.

Assisted with search warrant execution:

At approximately 2:43 pm, I responded to 6627 Mandan Dr. to assist with executing the search warrant. After the Metro Crime Lab was done photographing the main level of the residence, I assisted in searching the upstairs, but I found no evidence.

Retrieved video footage:

At approximately 7:42 pm, I responded to the Alta Beauty Supply, located at 3153 Cinema Pt. to check for video footage of a receipt which had been found during the search of the residence. Upon arrival, I reviewed the security footage and found the person in question, identified using the video as [REDACTED] DOB: [REDACTED] enter the store by herself at 1:37 pm, on 01/27/2020, walk around and purchase some items at the register, and then leave by herself at 1:46 pm, on 01/27/2020. I downloaded the security footage on a CD and placed it into the EPSO Evidence Facility item #21.

CHILD VICTIM

On Wednesday, January 29, 2020, at approximately 1240 hours, I, Lieutenant M. Mihalko of the El Paso County Sheriff's Office Investigations Division arrived at the Office of the Sheriff (OTS) located at 27 E. Vermijo Avenue to watch an interview with Letecia STAUCH. The interview was being conducted at the time by Detectives J. Bethel and K. Huston.

OBSERVATION OF LETICIA STAUCH INTERVIEW:

The interview was already in progress as I entered the monitoring area. I did not watch the entirety of the interview as I was conducting supervisory duties and receiving a brief from DET SGT R. Hubbell.

I was aware detectives had been trying to get STAUCH in for an interview to gather further information since January 28, 2020. STAUCH had been evasive and it was difficult to get her to respond for interview. Ultimately, STAUCH came to the OTS on January 29, 2020. I believed the difficulty in getting Leticia STAUCH to come to the OTS seemed to be out of the ordinary for a someone attempting to help police find a runaway/missing person.

During the interview, STAUCH made statements which was directly contradictory to her original statement to deputies about what had occurred during the time frame [REDACTED] went missing. She in fact stated that [REDACTED] had not left to go to someone's house, but now indicated he had been taken by someone who had sexually assaulted her.

During the interview, she said she had not bathed in two days. DET Huston explained to STAUCH that she may still have potential evidence on her person. DET Huston offered a forensic examination to be conducted at the hospital and explained the need to collect potential evidence of the assault. STAUCH said at one point that she wanted to clean up prior to the examination.

DET Huston was preparing to conduct further interview and clarify and ask questions based on STAUCH's statement. STAUCH told Huston that she wanted to leave and go visit her daughter. She said she would come back to continue to interview at a later time.

SEIZURE OF CELL PHONE:

As STAUCH had left the room and made it clear she wished to leave the building, I introduced myself and informed her that investigators were simply looking to gather as much information as possible to find [REDACTED]. She made it clear she did not wish to continue the interview and said she would be willing to come back at another time.

EL PASO COUNTY SHERIFF'S OFFICE
Introduced
Released To: Jennifer Knight
9/1/23 RP

I knew detectives had a very difficult time getting STAUCH to come to the Office of the Sheriff for interview. The previous night, her husband, [REDACTED] attempted to get STAUCH to respond to the OTS, but was unsuccessful. Attempts by DET J. Bethel to coax her to meet were unsuccessful.

CHILD VICTIM

I knew STAUCH had admitted to false reporting in the fact she told a factually different account to responding deputies than what she had told to detectives. I learned STAUCH had been communicating with her husband about coming to the office to speak with investigators during the time was being interviewed. I reasonably believed the device STAUCH was using to communicate with [REDACTED] may be the same cellular device in her possession. I also had reasonable belief STAUCH was likely the last person to have had contact with [REDACTED]

I know cellular devices are commonly used to communicate with persons, access the internet, provide tracking data, contain map search results, and other sundry tasks that have value in an investigation. I knew of the difficulty in getting STAUCH to come in for interview and that seizing the cellular device in her possession immediately was necessary to preserve digital evidence of her whereabouts and her communication with her husband in connection with this case.

As I spoke with STAUCH, I asked if the cell phone in her hand was her phone. She held the phone slightly away from her body and I asked if I could see it. She extended her arm slightly and I took hold of the phone. I began to pull the phone away from her and she tightened her grip. I continued pulling the phone from her hand and told her I was seizing the device pending the application for a search warrant. This statement caused her to question the validity and legality of the seizure.

STAUCH asked if I would put my statement of the seizure on camera. I said I would. I stepped back into interview room #4, indicated we were back on camera and explained that I had seized the phone.

I stepped back out into the hallway and provided the STAUCH cellular telephone to DET Bethel.

DETENTION OF STAUCH:

At this time, STAUCH was preparing to leave. I observed DET SGT Hubbell come from the monitoring room and inform STAUCH she was being detained pending an application for search warrant to collect trace evidence from her person.

DET Marissa Williams completed an application and affidavit for search warrant and it was granted by the Honorable Court. During this time, STAUCH was detained and remained in interview room #4. At approximately 1554 hours, DET Williams went before the Honorable Judge Findorff and was granted the aforementioned search warrant.

STAUCH began complaining of medical issues and EMTs arrived for evaluation. STAUCH was transported to Memorial Hospital.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

At approximately 1640 hours, I was informed by DET Williams that the search warrant which

had been signed by the Honorable Judge Findorff was being rescinded. This began a series of actions documented by DET Williams in her report.

During this time, I was updated by detectives in the field on the discussions with Judge Findorff and the actions of STAUCH at the hospital. I approved the continued detention of STAUCH at the hospital once the search warrant was rescinded, pending the application and subsequent approval of an order 41.1.

Ultimately, at approximately 1854 hours, DET Williams received a signed order 41.1 for collection of non-testimonial evidence for STAUCH which was subsequently executed at the hospital.

LIEUTENANT STATEMENT:

I remained at the OTS to communicate information and oversaw investigative efforts as well as allocation of resources. During this time, I remained in contact with the unit supervisor and detectives conducting the investigative efforts.

Case: 20-1382

Title: Missing Person

Date: 01/29/2020

CHILD VICTIM

This is a supplement to case number 20-1382.

On January 29, 2020, at approximately 1320 hours, I, Sergeant Kurt Smith, assisted in the execution of a search warrant at 6627 Mandan Drive. Detectives Perry, Vigil, Arndt, and Price assisted in the execution.

During the search I assisted in searching the master bedroom, the laundry area, and the closet next to the front door. I did not locate any items of evidentiary value in those areas.

I was advised Leticia stated during an interview that was simultaneously being conducted, that an assailant brought a roll of carpet into the house and she put it into the basement storage area. There was also a section of carpet that was covering a hole in the carpet of the family room in the basement.

The storage room was approximately 200-300 square feet. The room contained numerous luggage, boxes, both empty and containing items. In the south east corner was a roll of carpet and it was behind boxes.

On the east side towards the north end of the room was several pieces of luggage. I moved two empty pieces of luggage and a box, where I uncovered an orangish brown suitcase. The suitcase was hard sided and had Leticia's name on the tag. The top of the suitcase had pieces of carpet and carpet dust on the top. I slowly open the suitcase to confirm it was empty and it was.

Next to the suitcase was a roll of carpet. The roll was bent in half and a section appeared to have recently been cut off. I notified Technician Brooke Havko of the Colorado Springs Metro Crime Lab and exited the room so it could be processed more in depth.

I then searched the garage and did not find any items of evidentiary value. I also specifically look for items capable of cutting carpet. I cut not find anything.

Detective Riley contacted [REDACTED] and asked him to come to the house. I escorted [REDACTED] to the garage and asked him if any items were missing. He stated he did not see anything that was missing.

I left the house at approximately 1900 hours and detectives were still at the house.

Nothing Further.

On January 29, 2020 at approximately 1:33 pm, I Commander Andy James received an email from School District 20 Executive Director of Security and Transportation Brain Grady. Attached to this email were text messages from Leticia Stauch to Leslie Hicks who is the Assistant Principal and supervisor of Leticia Stauch. The emails were sent from Leticia to Leslie on January 27, 2020 at 3:00 am. The emails state in part that she would not be into work because "My stepfather passed awaysomeone hit him with a car while he was walking". These items were placed into evidence by Detective Marissa Williams.

Initial Call

On Wednesday January 29, 2020, at approximately 2:00 pm, I, Detective N. Brklich was asked to conduct an interview with the biological mother of [REDACTED], Ms. [REDACTED], DOB: [REDACTED]

Investigative Activity

The interview was conducted in interview room 1, which is audio/video recorded. I began the interview with [REDACTED] at approximately 3:11 pm. A copy of the interview was later downloaded to compact disc and was placed into evidence at the El Paso County Sheriff's Office Evidence Facility. The following is a summary of the interview with [REDACTED] however, it is not intended to be a verbatim word for word transcript.

I began the interview by collecting identifying information from [REDACTED] I asked [REDACTED] what has happened since she was last interviewed the night before. [REDACTED] explained Leticia and [REDACTED] were at the house when she woke up. She stated they arrived sometime around 1 or 2:00 am. She stated around mid-morning she and [REDACTED] were called into the bedroom so Leticia could tell them the story of [REDACTED] running away. [REDACTED] stated he was seen at the Kum and Go. [REDACTED] stated Leticia's story had changed and [REDACTED] had left around 3:30 pm and never made it to his friend's house. [REDACTED] stated he (friend) was never home according to the neighbor.

[REDACTED] stated [REDACTED] did not see [REDACTED] Monday morning. [REDACTED] stated Leticia told them the night before [REDACTED] got burned from a large fire caused by a candle on Sunday. [REDACTED] described how there was a piece of carpet cut out with another piece of carpet over the top of it. She stated there were no signs of flames but there were some marks on the couch where [REDACTED] was allegedly sleeping. [REDACTED] stated Leticia told them she threw some blankets over the fire but added she also took the blankets and clothes [REDACTED] was wearing and got rid of them. [REDACTED] stated she (Leticia) told them [REDACTED] was burned up and bleeding from the fire.

[REDACTED] stated her daughter told her there was some blood on the light switch which was wiped off. She stated on Monday [REDACTED] never saw [REDACTED] in the morning. [REDACTED] stated [REDACTED] asked about "Bubba" ([REDACTED] when she returned from school. She was told [REDACTED] wasn't feeling good and she needed to go check the mail.

Leticia told them the day they went shopping (Monday) when she arrived back home there was an intruder in the house. [REDACTED] stated Leticia started screaming rape and was trying to get to her gun but the unknown Hispanic male got to it first. [REDACTED] stated Leticia stated she didn't know how he got in but mentioned jumping the fence. [REDACTED] also stated something about having a car but did not see any evidence of that. [REDACTED] stated supposedly during all of this happening

██████ was bleeding and the unknown male took him.

Leticia stated after all of this instead of calling anyone she panicked. I asked if Leticia mentioned the time this happened. ██████ stated she was told 2:30 pm. ██████ added ██████ gets home from school at approximately 3:05 pm and a neighbor told them they saw ██████ open the garage door, get her bike and go check the mail but ██████ was never there.

██████ stated during this time frame she (Leticia) was being raped, couldn't get to her gun and was gone. ██████ stated she asked Leticia if this was ██████ missing what would she do. ██████ stated she just changed the subject. ██████ stated she would call ██████ or somebody. She stated Leticia told her ██████ wouldn't believe her if she called him and she was scared. ██████ stated she truly believes Leticia knows where ██████ is.

██████ stated Leticia's story has changed about five times. She stated she asked where Leticia's car was parked. Leticia told them it was at the airport. ██████ stated she believes there is a reason why Leticia's car is not back at the house but she did not know why.

██████ stated she knows ██████ did not run away. She stated ██████ does not like to be outside and would rather be inside playing video games. She added ██████ and ██████ are always together. She stated during her separation with ██████ the two children have become best friends and take that bond very close. She stated ██████ knows where ever ██████ goes he is going to protect her. She stated the first red flag was when they were not together.

██████ stated the first time she heard about ██████ missing was on Monday January 27, 2020, at approximately 11:00 pm (EST). I asked if she knew what time ██████ got home from Oklahoma. ██████ stated her phone records did not go back far enough but thought it was 11:00 or 12:00 in the morning.

██████ showed me pictures and text messages between her and Leticia. I asked if we could do a download of her phone. ██████ agreed to consenting for the download.

The interview was completed at approximately 3:48 pm.

A copy of the interview was later downloaded to CD and placed into the EPSO evidence facility reference item # 221. The Cellular Telephone Search Waiver was also placed into evidence reference item # 223.

2020-00001382 (2) Search warrant for Volkswagen Tiguan and Kia Rio:

On Wednesday, January 29, 2020, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigations Division, responded to the El Paso County Courthouse, located at 270 South Tejon Street, Colorado Springs, CO 80903 to apply for a search warrant.

At about 2:55 pm, I met with the Honorable Judge Samuel Evig with the 4th Judicial District, and presented him with warrants for the search of a 2019 Black Volkswagen Tiguan, and a 2019 White Kia Rio. Attached to the search warrants were a request for sealing of the search warrants and an order to seal the search warrants.

At about 3:00 pm, Judge Evig signed the search warrant for the Volkswagen and the order to seal the search warrant, and at about 3:02 pm, he signed the search warrant for the Kia Rio and the order to seal the search warrant. I responded to the clerk's office to file the search warrants that were assigned Case Numbers 20-322 and 20-321 respectively. I have attached a copy of both warrants to this supplement.

I have nothing further at this time.

This is a supplemental narrative for EPSO Case No. 20-1382, Kidnapping.

On 1/29/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I had been monitoring some activity surrounding the interview of Leticia Stauch. At approximately 1552 hours, Stauch was in Interview Room #4 inside Investigations Division workspace. Stauch was being detained pending a search warrant for her person. The two Detectives who had been interviewing Stauch, Det. K. Huston and Det. J. Bethel, were tending to other business so I was standing outside of the interview room making sure Stauch didn't leave.

All the events described below, which occurred in or near Interview Room #4, are captured on video and audio recording associated with that room. All the times listed below are taken from the recording of the interview room.

At this time, Stauch came to the door and opened it. She told me she was having, "really bad chest pains." She also pointed to her abdominal area, below her rib cage area, saying that was where the pain was. I acknowledged what Stauch told me. She repeated herself to me and I told her sit down and, "We'll call for help." Stauch was saying she needed to get out of the room she was in. She said she felt claustrophobic. Stauch started saying she could not breath. However, she was speaking to me so, I know she was breathing. She also had a very calm demeanor and her color looked healthy. I have been in law enforcement for over 21 years and I have seen hundreds of people in medical emergency situations. To me, it didn't look like Stauch's claims were genuine, but I was not going to deny her medical attention. I notified others (Det. Huston & Sgt. R. Hubbell) of what Stauch was telling me.

At 1553 hours, I was telling Stauch we would call her an ambulance. She kept insisting the door to the interview room remain open. Because Stauch was being detained, keeping the door open would have lessened my ability to control her movements, so I didn't want to keep the door open. From the second floor, and throughout the Office of the Sheriff (OTS), there is no place I know of which a person cannot freely walk out of the building. This is a fire safety design and it's something we deal with on a regular basis in our investigations area. I told Stauch she wasn't claustrophobic until things started going badly for her and she argued that point.

At 1554 hours, Det. Huston came into the interview room and started asking questions of Stauch to determine if she was really having a medical emergency. During that conversation, Stauch repeated she was having chest pains. At 1556 hours, I notified Sgt. Hubbell I was going to call for medical to respond to the OTS to evaluate Stauch. I called EPSO Dispatch and reported the medical situation. EPSO Dispatch made a call to emergency dispatch for the City of Colorado Springs and a medical response was initiated. At 1600 hours, I notified Det. Huston, who was still talking to Stauch, that medical was coming and I was going to wait for them in the lobby and bring them up to the second floor.

At 1609 hours, medical personnel with Colorado Springs Fire Department entered the interview room to begin evaluating Stauch. Paramedics with AMR were also present. During this process, medical personnel told me Stauch appeared to be healthy. Her vital signs and her heart

were all within normal ranges. They asked me what I wanted them to do. I told medical they should treat Stauch accordingly and if she wanted to go to the hospital, they should take her. I also told them if she did end up being transported to the hospital, someone from EPSO would go with her, in the ambulance. At 1616 hours, one of the medics asked Stauch if she wanted to go to the hospital and she said she did. Stauch accepted the medic's suggestion of going to Memorial Hospital - Central. Stauch walked out of the interview room under her own power and she was placed onto a gurney for the ambulance ride. I retrieved my jacket and some personal effects so I could ride with Stauch to the hospital. Because I was aware local media was in the building, I had the ambulance move to the southwest corner of the building and Stauch was taken out a rear exit.

CHILD VICTIM

The rest of the times listed below are estimates from my time at the hospital with Stauch and Det. Bethel.

Det. Bethel and I rode in the ambulance to the hospital with Stauch. During the trip, Stauch was uncooperative with the medic who was trying to treat her. She would not answer basic questions like, "What's your name?" or "What city are you in?" If Stauch did give answers they were strangely evasive, and I couldn't tell why she would not cooperate. Stauch also pretended to be very sleepy, almost loopy. I sat there quietly during the transport. When the medic asked me if Stauch was in custody, I told the medic she was, pending the execution of a search warrant.

We arrived at Memorial Hospital - Central (1400 E. Boulder St., Colorado Springs, CO) approximately 1630 hours. Hospital staff directed Stauch be taken to Care Unit 4 (CU4) and she was placed in Room #4. CU4, in the emergency room (ER) of this hospital is a secure area. It is staffed full time by multiple security guards and the doors are positively controlled by either the security staff in that ward, or by hospital staff with the appropriate access badges. What this means is, patients and visitors cannot freely enter or leave CU4. During my time with Stauch in CU4, I did not attempt to ask her questions about her case. I had heard her when she stated at the OTS she wanted to call an attorney. I considered this an invocation of her rights and so I didn't talk to her about this case. Stauch did ask several times if she was free to leave and I told her she was not. I had been directed by Lieutenant Mitch Mihalko, of EPSO Investigations, to hold Stauch pending the drafting and approval of either a search warrant or a Rule 41.1 court order for non-testimonial evidence collection.

During this time, Stauch requested and she was allowed to use the restroom twice. She also made two telephone calls from the telephone at the security desk within CU4. I learned from either hospital staff, or Det. Bethel, that Stauch had possibly called her mother. I also briefed the head nurse in CU4 about EPSO's current situation regarding Stauch's claim of a sexual assault and our efforts to obtain a legal order to collect forensic evidence from Stauch. Stauch had stated during her interview, and she repeated to the medics who had treated her, she had been recently sexually assaulted. I'm not completely aware of the timeframe for the assault, but I believe she had said it happened Monday afternoon, 1/27/20. She stated it happened around the same time [REDACTED] disappeared. Because of this and Stauch's medical claims (severe chest pain and anxiety) I was informed the hospital was placing Stauch on an, "Elopement Hold." When I asked what this meant, I was the hospital staff (her doctor, her nurse and hospital security) would not allow Stauch to leave CU4 until she was medically cleared. At this time, it

EPC SHERIFF'S OFFICE

was approximately 1740 hours. Stauch had been at the hospital for a little more than one hour. I know the hospital had drawn her blood for their analysis and she had been spoken to by at least one attending physician.

CHILD VICTIM

After one of Stauch's trips to a restroom, she called me over to her room and I stood at her door to speak with her. Stauch accused me of going through her jacket, without her permission. She had left it in the room when she went to the restroom. I never entered her room while Stauch was in the restroom. Stauch said someone told her I had searched her jacket. I don't think she even spoke to anyone between the time she left her room to use the restroom, returned to her room and then called my attention. She also kept looking up and pointing to a security camera in her room. There are security cameras throughout CU4, including inside the patient treatment rooms. I told Stauch I had not done this and there would be no video of me doing such a thing. I intend to gather video evidence of Stauch's time spent in CU4 because there are other events it would be helpful to have on record.

At approximately 1747 hours, Det. M. Williams (EPSO) who was working to obtain the search warrant for Stauch's person advised me to continue to hold Stauch because Judge Findorff (EPC Courts) was going to approve a 41.1 court order. A couple minutes later, a Forensic Nurse Examiner (FNE) named Amanda contacted me in CU4. She stated she wanted to speak with Stauch regarding the sexual assault allegations and the possibility of doing a Sexual Assault Nurses Exam (SANE). I told the FNE any SANE exam Stauch submitted to would be voluntary and I told Amanda I was still waiting on the approval of a court order for collecting evidence from Stauch, which I would need the FNE to perform anyways. This is standard procedure. After our conversation, the FNE went into Stauch's room, closed the door and had a lengthy conversation with her. At the end of that conversation, Det. Bethel relayed to me that Stauch had apparently consented to a SANE with the FNE. At approximately 1822 hours, the FNE left CU4 to go prep her office for the warrant service and a possible SANE for Stauch. I made it clear to Amanda that law enforcement was only going to enforce the 41.1 court order and we were not insisting or enforcing the SANE.

Around this same time, a nurse from another part of the hospital came into CU4 and stated Stauch's daughter had come to the hospital and wanted to see Stauch. The nurse stated the daughter (██████████) could not come into CU4 regardless of any other issues. I understood it was hospital policy not to allow visitors into this secure area. However, the hospital told Stauch this and suddenly Stauch was wanting to leave the hospital. It was now approximately 1834 hours. As far as I knew, the results of Stauch's bloodwork had not come back and she had undergone no further testing. I made a mental note that suddenly, Stauch seemed to no longer be concerned with, nor was she complaining about any medical issues. She just wanted to leave.

Stauch came out of her room and approached one of the secure exit doors and tried to push through the door. I didn't get in her way because I knew the door would not open for her. When she pushed on the door, an alarm sounded. Hospital security stepped up, but I waved them off because Det. Bethel and I were talking to Stauch. Det. Bethel was able to get Stauch to return to her room using verbal reasoning. Also at this time, Stauch informed the hospital staff she was refusing any further treatment and she wanted to be discharged. Stauch's attending

physician stated that was fine and started the discharge process. I told that doctor we were very close to having a search warrant signed for 41.1 material, which would need to be collected by an FNE. The doctor said it would be okay for us to remain in CU4 for a few more minutes pending the search warrant approval. This was occurring around 1850 hours. At this time, Det. Williams was telling me the judge was reviewing the search warrant.

CHILD VICTIM

As the minutes passed, Stauch again started saying she wanted to leave. Det. Bethel and I made it very clear to Stauch she was not allowed to leave until we completed our evidence collection. Stauch walked out of her room again, but this time, I did not allow her to even approach the exit door for CU4. I stood in her way and she attempted to walk around me. Stauch kept saying I was violating her 5th and 6th amendment rights. I one point, I did gently grab Stauch's left upper arm and I told her she was not free to leave. Stauch did not resist me. When she started walking back toward her room, I released her.

At approximately 1900 hours, Det. Williams advised me by telephone she was on her way to the hospital with a 41.1 court order authorizing collection of forensic evidence from Stauch's person, but nothing involving Stauch's genital area, or breasts or other sensitive areas common with a SANE. Except for a blood draw, all the evidence we were seeking was non-intrusive and Stauch didn't even need to disrobe for the collection. Please refer to the 41.1 court order Det. Williams obtained for further information. For the collection process, Stauch was moved from CU4 to the FNE's exam room, which is in Room #2 of Care Unit 2. Stauch followed directions and she walked on her own to the exam room. We left CU4 around 1900 hours.

Stauch kept asking questions about whether she would be free to go after we obtained our evidence. Both Det. Bethel and I told Stauch several times she would be free to leave after the 41.1 order was complete. We also both told her if she wanted to complete a SANE, that was completely up to her and we were not forcing her to participate in a SANE. Either me or Det. Bethel was present and observed during the entire collection process. I was present when FNE Amanda also asked Stauch for her permission for perform the collection. Stauch consented and she signed a form to that effect. When the FNE was examining and photographing Stauch's head, Stauch identified an area near the crown of her skull as possibly having an injury. She had pointed to the same location during her earlier interview. When the FNE exposed the scalp in that area, I saw no redness or any other sign of injury and the FNE verbalized the same to me. After that area was photographed, I instructed the FNE to examine the rest of Stauch's scalp for injuries. As the FNE moved layer after layer of Stauch's hair for the examination, I watched close and I saw no other signs of injury. At 1947 hours, I advised my chain of command that the collection of evidence from Stauch's person was complete.

After the collection was completed, Stauch stated she wanted to leave the SANE room and get a drink of water. She asked Det. Bethel and I if she could do this and we allowed her to. She also asked if she was free to leave and we told her she was. FNE Amanda told Stauch where she could find a drinking fountain. Before she left the room, Stauch made it clear she intended to come back for the SANE after she got a drink of water. Frankly, I didn't believe her. I followed behind Stauch as she wandered around CU2. She asked me why I was following her, and I told her I could stand anywhere I wanted. I observed Stauch use a public telephone in the waiting area for CU2. At one point, because Stauch had stated she still wanted to volunteer for

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight

the SANE, I suggested to her she return to the SANE room and I volunteered to get her a cup of water. Stauch said she did not want me to.

Next, Stauch started asking where her daughter was at. I told Stauch if she was here, she would likely be in the ER waiting room. Stauch asked where that was, and could she go there. A member of the hospital staff overheard Stauch ask the question and she point out the, "Lobby Exit," to Stauch. I told Stauch she was free to go there. I did not follow Stauch to the ER waiting room. After a couple of minutes though, I did go to the lobby and Stauch was gone. I looked around all the seating areas and there was no sign of her. Nor was there teenage girl who appeared to be waiting for someone. The restroom doors were standing wide open, so I knew she wasn't in there either. It was now approximately 1952 hours.

During the entire four hours or so I spent with Stauch, she never voiced on concern for [REDACTED] nor did she ask about the ongoing search for the child.

After Stauch was gone, I looked at the telephone she used to make a call in the waiting area of CU2. On the view screen, there appeared to be an extension identifier of, [REDACTED] I observed the date and time on the phone were correct. I was able to access a redial memory on the phone's display screen. At one point when I was in that menu, I turned the phone on and it started calling the last number, which was "0". When I did that (at approximately 2010 hours) the phone rang to some internal number which I didn't make note of, but it would likely be a hospital operator if the called number was, "0." The previous outgoing call was at 1946 hours, also to "0." That was approximately the time I observed Stauch using this telephone. Prior to that, there were two calls on Sunday (1/26/20) at approximately 2246 and 2247 hours, to, [REDACTED] This was an outside number, but because Stauch didn't call those numbers I am not going to investigate who they belong to. I took some pictures of the redial data on the phone's view screen. I later downloaded them to a CD and entered them into EPSO Evidence reference EPSO Case No. 20-1382, as Item #37.

Det. Bethel and I retrieved our evidence from the FNE and transported it to EPSO's evidence facility and entered it into evidence. The 41.1 collection items were locked into refrigeration unit R3 in evidence. The collection kit was assigned evidence Item #22. The photographs FNE Amanda took were provided to Det. Bethel and I on a CD and it was entered into evidence as Item #23.

I don't have FNE Amanda's full name. However, her name should be on the 41.1 collection paperwork and Det. Bethel documented her info.

CHILD VICTIM

On 01/29/20 at approximately 2024 hours I, Deputy Younkin, responded to 6627 Mandan Drive, County of El Paso, State of Colorado, in reference to the execution of a search warrant.

Upon arrival I assisted with the execution of the search warrant and scene security. During the execution of the warrant I located a red liquid substance along a stair leading into the attached garage from the interior of the residence. The substance appeared to be dry and was located in a small area along the top of the stair. I also located two other small areas containing a similar substance along the floor of the garage with close proximity to the stairs. The substance was subsequently processed by crime scene laboratory technicians.

Search Warrant of 6627 Mandan Drive

I responded to 6627 Mandan Drive to assist in executing a search warrant for any further evidentiary items in this case.

I assisted with the search however I did not find any further evidentiary items to in this case.

Attempted to locate the vehicle with South Carolina plates CCY-283

I was instructed that Letecia Stauch was coming into the Office of the Sheriff (OTS) for an interview with other detectives. I was told to check the parking garage for a black 2019 Volkswagen Tiguan bearing South Carolina plate CCY-283. The vehicle was located in the parking garage. I went to the vehicle, I noticed there were visible water drops on the exterior of the vehicle. No other vehicles around this Volkswagen had any water on them. Also, the weather for the last 24 hours in Colorado Springs, Colorado there was no rain, snow or weather that would cause this vehicle to have water drops on the vehicle. It appeared the vehicle just went through a car wash very recently. I left the vehicle and other detectives impounded the vehicle.

Search of University Village Colorado (4880-5342 N. Nevada Ave, Colorado Springs, Co 80910)

I was informed that Letecia or [REDACTED] (Letecia Daughter) were in the area of University Village Colorado on Monday January 27, 2020 at Petco. I went and searched the area. I checked all the dumpsters and areas in the University Village Colorado. Most of the dumpsters were locked or where trash compactors that were attached to the building/store. The unlocked dumpsters I found did not have anything in them except a few bags of trash.

Sunset Creek Apartments (509-515 Sunset Rd, Colorado Springs, Co 80909)

While searching the University Village Colorado area, I noticed to the north of the University Village Colorado that there was an apartment complex that was very "blacked out" and did not have many lights luminating the area. I searched the dumpsters and area. I did not find anything of evidentiary value.

I have nothing further at this time.

Case Background Information

CHILD VICTIM

On Thursday, January 30, 2020, at approximately 7:30 am, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division received information from Lead Case Detective Jessica Bethel advising of a missing/endangered child case occurring in unincorporated El Paso County, State of Colorado.

Detective Bethel informed me, the victim Mr. [REDACTED] DOB: [REDACTED] was originally reported as a Runaway on Monday, January 28, 2020 by his stepmother, Ms. Leticia Stauch, DOB: [REDACTED]. Patrol responded to the address and could not locate [REDACTED] at that time.

Detective Bethel informed me, the investigations team was assigned to the case on Wednesday, January 29, 2020 around 3:30 pm. The team responded to the address of 6627 Mandan Drive, El Paso County, State of Colorado that evening and began processing the scene and gathering information. At that time detectives became aware Ms. Stauch was not going to be cooperative during the investigation.

Detective Bethel contacted Ms. Stauch via telephone and requested she come to the Sheriff's Office located at 27 E. Vermijo Avenue, Colorado Springs, CO with items belonging to [REDACTED] to allow for us to have a sample of [REDACTED] DNA. The items requested were his toothbrush and hairbrush. Detective Bethel also requested to speak with her and her husband ([REDACTED] biological father), Mr. [REDACTED] DOB: [REDACTED] when they arrived.

Ms. Stauch declined to come to the office. However, [REDACTED] did bring the items and conduct an interview with Detective Mark Riley. [REDACTED] has been cooperative during the course of the investigation and was not in town when [REDACTED] was reported missing. [REDACTED] was on military duty with the US Army when this occurred. He returned home, when he heard the news.

While speaking with Detective Riley, [REDACTED] received a phone call from Ms. Stauch. Ms. Stauch was upset and could be overheard yelling at [REDACTED] for cooperating with the investigation.

Detective Bethel advised she attempted to call Ms. Stauch several times and could not reach her. [REDACTED] as well attempted to call her without any luck. Eventually Detective Bethel was able to speak with Ms. Stauch for 30 minutes. She continued to refuse to come to the office for an interview but was willing to briefly speak on the phone.

[REDACTED] informed detectives he had learned from Ms. Stauch, their youngest daughter, Ms. [REDACTED] had seen [REDACTED] before he disappeared on Monday. Detective Riley spoke with [REDACTED] and learned this was incorrect. [REDACTED] stated when she arrived home,

Ms. Stauch told her [REDACTED] was sleeping and to go outside to play.

Detectives were aware of several cars being utilized by the Stauch family to include a Nissan Frontier, a Volkswagen Jetta, and a Volkswagen Tiguan belonging specifically to Ms. Stauch.

CHILD VICTIM

Ms. Stauch had also rented a Kia Rio recently, but it was undetermined if it was rented on January 28 or January 29. Ms. Stauch's reasoning for renting the vehicle was to keep the millage low on her Tiguan.

Ms. Stauch's Tiguan was missing initially during the investigation. Each time Ms. Stauch was asked where the vehicle was, she would provide a different location to include the area near French Elementary School and the parking lot of Mesa Ride High School. Several school lots were search and the vehicle was not found.

The vehicle was later recovered when Ms. Stauch showed up at the Sheriff's Office for an interview on January 29, 2020. At that time, it was taken to the El Paso County Evidence Facility at that time.

Information Provided Regarding Ms. Stauch's Rape

On Wednesday, January 29, 2020, Ms. Stauch had informed [REDACTED] she was rapped on January 27, 2020 and the individual who rapped her had taken [REDACTED] with them. [REDACTED] immediately reported this to detectives who conducted further follow up.

Detectives learned through an interview with Ms. Stauch, that she had hired a construction worker she identified as "Eduardo" to fix the carpet that [REDACTED] had burned accidentally a few days prior. Ms. Stauch stated she had driven around her housing development until she located someone who was working on building homes in the area. Ms. Stauch provided the man with her garage code and requested he fix the carpet.

Ms. Stauch advised when she arrived at her home on Monday afternoon, she deactivated the ADT alarm and went downstairs. It was at that time; she was taken at gun point by this male. The male rapped her in [REDACTED] bedroom located downstairs and took [REDACTED] with him as he left the home. Ms. Stauch stated she did not provide the male her ADT passcode.

Due to this information, Detective Bethel requested I draft a search warrant for the ADT system located at the address.

ADT Warrant:

I drafted a search warrant for the ADT System located at 6622 Mandan Drive based on the information I had learned surrounding the case.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight

At approximately 1:40 pm, I appeared in the Office of Honorable Judge Ann Rotolo. Judge Rotolo reviewed the search warrant for information regarding the:

ADT System located at 6622 Mandan Drive, El Paso County, State of Colorado.

The ADT account belongs to the Stauch family who reside at this residence.

At approximately 1:46 pm, Judge Rotolo approved and signed the warrant.

At approximately 1:50 pm, the warrant was turned into the Court Clerk for further processing.

The number assigned to the warrant is 20-332.

Contact with ADT

At approximately 2:10 pm, I contacted ADT via telephone. The phone was answered by an employee who stated I was in contact with an ADT call center. I requested to verify the fax number I had located online to fax a signed warrant to. The employee advised she was unsure if the fax number worked but provided an address of 1501 W. Yamato Road, Boca Raton, Florida 33431 to overnight the warrant to.

At approximately 2:25 the warrant was faxed to ADT Legal Services at [REDACTED]. The warrant was also sent overnight via UPS to the Boca Raton address.

I have nothing further at this time.

CHILD VICTIM

Initial Information

On Wednesday, January 30, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that [REDACTED] was still missing.

AT&T Search Warrant for Ms. Stauch CDR

At 8:03 am. I contacted AT&T to learn the status of the warrant I submitted on January 29th for the phone number associated with Letecia Stauch (DOB [REDACTED]). I was told that the warrant was not marked as urgent, so they had not looked at it yet. The woman stated she would mark the search warrant as urgent, but it could take 24 hours to complete.

At 2:54 pm. I contacted AT&T to follow up on the status of the warrant. I was advised the warrant had been assigned to someone to complete and the person believed the Call Detail Record would be completed in approximately one hour.

At 4:37 pm. I had not received the Call Detail Records. I contacted AT&T emergent line and asked how much longer the records would take.

I was advised the person who was assigned to complete the warrant had gone home without completing it. I explained the exigency of the case and the AT&T representative agreed to take over the search warrant and complete it.

Search Warrant for [REDACTED] Cell Phone and Vehicle

During the entirety of the investigation, [REDACTED] (DOB [REDACTED]) has been uncooperative with law enforcement.

Detectives with the Metro Vice Narcotics and Intelligence (VNI) conducted surveillance on [REDACTED] and Ms. Stauch. VNI detectives observed the two's primary method of transportation was [REDACTED] VW Jetta. Her vehicle was located at 10082 Intrepid Way. Ms. Stauch and [REDACTED] were believed to have spent the night at the address.

The vehicle was still located at the address and I was advised to complete a search warrant for the house to include the VW Jetta and [REDACTED] Cell Phone.

A search of the county assessor's website shows the address belongs to Jonathan and Judith [REDACTED] EPSO

At this time the relationship between the homeowners and [REDACTED] and Ms. Stauch is unknown. RF

While I was completing this warrant, I was advised the vehicle had left the address and detectives were following it. Ms. Stauch and [REDACTED] left in the vehicle with several duffel bags. It was believed that [REDACTED]

had her phone in the vehicle when it departed. At this time, I began modifying my search warrant to only include the vehicle and cell phone. I was asked to present the search warrant to a district judge due to the possibility of [REDACTED] and Ms. Stauch attempting to flee.

I drafted a search warrant and seal for the AT&T records. I presented Deputy District Attorney (DDA) Jennifer Viehman (33163) with a Request for Seal on the warrant. The request was signed without issue.

I presented the warrant and seal to Honorable Judge Linda Billings-Vela in Division 1 for the following.

-A White VW Jetta with the license plate BUR711. Vin # [REDACTED] registered to [REDACTED]

-An iPhone hosted by AT&T associated with phone number [REDACTED] belonging to [REDACTED]

Honorable Judge Billings-Vela requested that the search of [REDACTED] cell phone be limited to the criminal activity and wrote it into the Attachment B, before signing it. Honorable Judge Billings Vila swore me in and signed the warrant and seal. The search warrant was submitted to the court records office with the seal and assigned case number 20-333.

After the warrant was signed, I presented a copy to Detective Pete Vigil (10011). Detective Vigil met up with other detectives who were following the VW Jetta. The vehicle and cell phone were seized by detectives on scene.

AT&T Search Warrant for [REDACTED] CDR

I was asked to complete a search warrant for the Call Detail Records associated with [REDACTED] at phone number [REDACTED]. It is believed the locations stored on her phone would be useful to the investigation.

I drafted a search warrant and seal for the AT&T records. I presented DDA Viehman with a Request for Seal on the warrant. The request was signed without issue.

I presented the warrant and seal to Honorable Judge Laura Findorff in Division F for the following.

AT&T, Attn: Global Legal Demands Center, 11760 US Hwy 1, Ste 300, North Palm Beach, FL 33408. Records of [REDACTED]

Honorable Judge Findorff swore me in and signed the warrant and seal without change. The search warrant was submitted to the court records office with the seal and assigned case number 20-341.

The search warrant was submitted to AT&T via fax.

At 4:54 pm I contacted the AT&T emergent line to see if they received the second warrant, and if they were able to process it with exigency as well. I was advised by the AT&T associate he was unable to see incoming search warrants and it would have to be entered into their system before he could view it. I asked if he had a status update on Ms. Stauch's Call Detail Records and he stated he was still working on it.

I was advised by Detective Bethel, that agents with the Federal Bureau of Investigations (FBI) were going to assist with the call detail records. Detective Bethel asked me to get a reference number for the two Call Detail Records submitted.

EPC SHERIFF'S OFFICE

Blended into Jennifer Knight

9/1/23 RE

At 6:13 pm. I contacted AT&T to ask for the reference numbers. I was told that although both search warrants had been assigned there was not a reference number. The AT&T associate explained that a reference number is only assigned once the record is started. I asked the associate why they had not been started when I had been advised they were being actively worked hours previously. The associate was unable to answer me and said they process warrants as they receive them even when exigency exists. I passed this information on to Detective Bethel

At approximately 7:15 pm. I was contacted by FBI Agent Kevin Hoyland who had started a conference call with AT&T. I was advised that AT&T needed my consent to share the information on the reports with Agent Hoyland. I allowed access to Agent Hoyland. Shortly after this, I began receiving emails from AT&T containing the Call Detail Records for both phone numbers.

I forwarded all the information to Agent Hoyland to process. I also saved a copy of the Call Detail Records to the Investigations Drive to be entered into evidence at a later date.

I have nothing further at this time.

CHILD VICTIM

On 01/30/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO), conducted follow up on this case.

At approximately 9:30 a.m., Detective Nick Brklich and I conducted a canvass of the Lorson Ranch area in an attempt to locate any workers identified as "Eduardo" or "Eguardo". This was based off of information obtained from [REDACTED] step mother, Letecia, who described a carpet layer with the names above as being involved in his disappearance.

During our canvass, we spoke with a large number of workers in the area and asked if they knew anyone by the names listed above.

Most of the individuals we spoke with either did not speak English as a first language or appeared not to understand English. With the help of other workers, we asked if they were aware of anyone with the names. Throughout these interactions, we were unsuccessful in finding anyone who provided information about a worker named either "Eduardo" or "Eguardo".

Later in the afternoon, we responded to 6627 Mandan Drive and briefly spoke with the family of [REDACTED]. During this contact, [REDACTED] father, told us about finding cigar packaging which matched the cigar that his wife, Letecia had told him she found in [REDACTED] bag.

The cigar packaging was located in a kitchen drawer next to the refrigerator. The package did not contain any cigars. [REDACTED] opened the drawer and showed the package to me. He told Detective Brklich and I verbally we could photograph and remove the package.

I took photographs with my work issued cell phone and the photos were later placed into the El Paso County Sheriff's Office Evidence Facility under Item #637. The package was collected and later placed into evidence under Item #38. Copies of the evidence invoices are included with this report.

On this date, I was assigned as the Liaison between EPSO and the Stauch family. This was implemented so the family had one individual of contact rather than having multiple law enforcement officials communicating with them at one time.

CHILD VICTIM

This is a Supplement to Case # 20-1382
2020

Friday, January 31,

On Thursday, January 30, 2020, at approximately 1000 hours, I, Detective David Glenn Jr. of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted follow up in reference to this case.

I was informed by Detective Sergeant Jacob Abendschan there were detectives who were drafting a search warrant for a vehicle associated with this case, a white 2019 Volkswagen Jetta bearing Colorado license plate [REDACTED] and a cellular phone owned by [REDACTED]. Detective Sergeant Abendschan indicated the vehicle and the phone were both located at 10082 Intrepid Way, in the Lorson Ranch Subdivision of unincorporated El Paso County, and that [REDACTED] DOB: [REDACTED] and Letecia Stauch, DOB: [REDACTED] were also at that address.

I was tasked with assisting the Colorado Springs Police Department Metro VNI unit with a surveillance operation of the Jetta and of Letecia Stauch and [REDACTED] until the search warrant was signed and could be executed.

Shortly after my arrival to the Lorson Ranch neighborhood, Letecia and [REDACTED] were spotted by other detectives as they exited the Intrepid Way residence and entered the Jetta while carrying several bags that appeared to have been packed for light travel. One of the other detectives stated over the radio [REDACTED] was driving the Jetta while Letecia was in the front passenger seat. [REDACTED] drove the Jetta to the downtown area where it was parked for several minutes before heading north toward the area of North Academy boulevard at East Woodmen Road.

At approximately 1415 hours, the Jetta parked in the Marshall's parking lot, located at 1760 East Woodmen Road and [REDACTED] and Letecia were seen entering the Marshall's store. Undercover detectives entered the store to maintain visual surveillance on Letecia and [REDACTED] while I waited in the parking lot.

At that time, I was informed by Detective Sergeant Abendschan the Search Warrant had been signed and we needed to seize the Jetta and [REDACTED] cell phone.

After a few minutes, Letecia exited the store and detectives contacted her to prevent her from entering the Jetta. Upon being approached by Sergeant Christopher Ganstine, Letecia threw the Jetta's keys in the air and fled northeast across the parking lot on foot.

As detectives detained Letecia, I entered the Marshall's store and noticed [REDACTED] was still completing a transaction at a cash register. [REDACTED] was holding her phone in her right hand during the transaction. I approached [REDACTED] while wearing a clearly marked over vest indicating I was a peace officer and seized

the phone from her hand. I told [REDACTED] a court order had been issued for seizure of her phone. [REDACTED] strengthened her grip on the phone and told me she wanted to see the warrant. I pulled the phone out of [REDACTED] hand and placed her in handcuffs which were checked for tightness and double locked. Based on Letecia's actions, I detained [REDACTED] in the back of my vehicle until Detective Peter Vigil could arrive on scene to serve a copy of the Search Warrant to Letecia and [REDACTED]. As I escorted [REDACTED] outside the Marshall's store, we walked past Letecia, who yelled out to [REDACTED] instructions, telling her to remember what Letecia said about not saying anything and to ask for a lawyer.

Upon Detective Vigil's arrival, he served Letecia with the Search Warrant. At that point, I removed [REDACTED] handcuffs and released her to Letecia.

Detective Vigil took possession of [REDACTED] telephone and Detective Ferrell secured and impounded the Jetta.

CHILD VICTIM

On 01/30/2020, at approximately 10:02 am, I, Detective Timothy Ferrell, with the El Paso County Sheriff's Office (EPSO), Investigations Division, conducted follow up in reference to this case.

I was sent to 10082 Intrepid Way, located in El Paso County, Colorado, to locate a vehicle of interest in the case, a white 2019 Volkswagen Jetta, Colorado plate #BUR711, VIN: [REDACTED] I located the vehicle parked in the driveway of the residence and parked down the road to watch the vehicle.

Colorado Springs Police Department Metro VNI was sent to assist with surveillance on the vehicle. During the day, they followed the vehicle until it finally stopped in the parking lot of 1760 E. Woodmen Rd. in front of the Dress Barn business. The vehicle parked in the parking lot and two people identified as Letecia Stauch, DOB: [REDACTED] and her daughter [REDACTED] DOB: [REDACTED] exited the vehicle and entered the business around approximately 2:15 pm.

Due to prior knowledge of the case, I knew Letecia's cell phone had already been seized as evidence in the case. Undercover officers entered the store and reported the two parties were shopping and observed Letecia and [REDACTED] talking on a cell phone inside of the store.

I was staged in the parking lot and was advised by Sergeant Jacob Abendschan a search warrant had been signed for the Jetta and for the cell phone belonging to [REDACTED] and advised me to seize both items. Due to the dangers of attempting to stop a vehicle while it is moving, it was determined to stop both parties when they left the store on foot to prevent them from entering the vehicle.

Letecia was observed exiting the front door of the business alone and started walking to the Jetta in the parking lot. Sergeant Christopher Ganstine with VNI exited his vehicle near the Jetta wearing an outer vest clearly marked with Sheriff in large white letters on the front to contact Letecia. When she observed him, she immediately attempted to run from him on foot north through the parking lot. As I was pulling up to the front of the parking lot, I observed them running past my vehicle.

I exited my vehicle and immediately ran after Letecia on foot to prevent her from escaping. I believed she possibly may be in possession of the cell phone listed in the search warrant as she had been observed talking on a cell phone inside of the store. I gave several loud, verbal commands for her to stop which she did not obey. I was wearing a shirt with the badge clearly visible on the left chest area as well as my badge clipped on my belt.

When she failed to stop, I drew my office issued handgun and again gave loud, verbal commands for her to stop. She turned and when she saw my firearm, she stopped and complied with my orders. Sergeant Ganstine placed her into handcuffs and I advised her she was not under arrest but was being detained. Jennifer Knight Sergeant Ganstine advised she had thrown keys when she was running and after checking the parking lot was able to recover them and I took possession of them. Other officers on scene contacted [REDACTED] inside of the store and detained her. A white iPhone was secured from her hand while detaining her and

I downloaded the recording of an interview done with Letecia Stauch (██████) on 1/29/20, in Interview Room #4, within the Investigations workspace at the Office of the Sheriff, 27 E. Vermijo Ave., Colorado Springs, CO. Due to the length of the interview, the high definition cameras and microphones and the limitations of the software currently in use to capture these recordings, I had to break the recording up into three segments of approximately 1 hour and 25 minutes. Also, the Pan-Tilt-Zoom (PTZ) camera was not utilized during this interview. It remained stationary, showing a corner of a piece of artwork in the interview room. It is also a high definition camera and the data from it takes up a lot of space too. As per our current operating policy in Investigations, even though the camera shows nothing of interest, I downloaded that footage too.

The following items were entered into EPSO Evidence reference EPSO Case No. 2020-00001382:

On 1/30/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I generated a search warrant for security video from Memorial Hospital - Central which would document time spent there by Leticia Stauch, Det. J. Bethel and myself. The reason for using a search warrant is because security staff told me the sensitive patient areas covered by the video I was seeking would not be readily released by the hospital's administration.

I presented the search warrant application to the Honorable Judge Laura Findorff, in Division F of the El Paso County Courts. Judge Findorff reviewed and approved the search warrant. I filed the search warrant with the Clerk of the Court, and it was assigned search warrant tracking number 20-342. A copy is attached to this report. I also obtained an order to seal the search warrant from the El Paso County District Attorney's Office and Judge Findorff approved that too.

At approximately 1630 hours, I served the search warrant to Lieutenant Bruce Porter of Memorial Hospital's security staff. I provided Lt. Porter with my contact information and requested a call when the video is ready for pick up.

Lieutenant's Statement

On January 30th, 2020, I, Lieutenant John Sarkisian 01079, currently assigned as the Special Operations Section Lieutenant, was contacted by Chief Brad Shannon in reference to this case. Chief Shannon directed me to attend a meeting on January 31st, in reference to the search efforts for ██████████ ██████████. During the meeting on January 31st, I was designated as the Operations Section Chief for the search element.

I ran search operations on the following dates and in the following areas: January 31, Lorson Ranch Area; Feb 1, Lorson Ranch Area; Feb 2, Lorson Ranch Area; Feb 3, Lorson Ranch Area and El Pomar Sports Complex; Feb 5, Lorson Ranch Area, Feb 6, Lorson Ranch Area; Feb 12-20, S. Perry Park Road. During these operational periods I organized the Incident Command and supervised overall operations.

Documentation was provided on Activity Logs (ICS 214) forms and identified areas were recorded on sartopo maps. This information was then provided to the investigation's division liaison, Lieutenant Manzanilla.

Recovery of Evidence

During search efforts on Feb 15, 2020, I left the command area to assess search efforts in the identified zones. While in the field, I was directed to an area where search members had a K9 show interest. This area was in our identified area Zone 4A, which is located at 15027 S. Perry Park Road, just northwest of Sierra Pines Lane.

At approximately 1100 hours, while in the area, I asked if search members had been checking the barb wire fence along S. Perry Park Road for evidence items. I looked at the barb wire fence and moved north from the north "S" turn on S. Perry Park Road. As I moved up the fence line, I observed a piece of wood, which appeared to be a small piece of particle board. This was a flat board approximately 2 feet wide, 2.5 feet long and ½ inch thick. The board was approximately 20-30 feet off the edge of the road, just north of the "S" curve in a treed area. I observed a stain in the middle of the board and one edge of the board still under a small section of snow. This indicated to me no one had moved or closely inspected the board. There were multiple footprints and apparent search efforts previously through the area. Due to this, I picked up the board with a gloved hand to inspect it closer. Due to my training and experience I recognized the stain as suspected dried blood.

I placed the board back in its original location and notified the FBI Evidence Recovery Team. The FBI ERT did a presumptive field test for blood, which showed a positive result. The FBI ERT collected the board and coordinated with EPSO Investigations for processing.

No further information at this time.

CHILD VICTIM

Initial Information

On Thursday January 30, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, followed up on the financial accounts belonging to Letecia Stauch. I also attempted to identify the location where she got gas on Monday January 27, per her statement, and per her American Express card report. Additionally, I called [REDACTED] to ask some follow up questions.

I also spoke to EPSO Detective Bauman at approximately 0900 hours and he advised he was in the process of downloading Letecia's cell phone at the US Secret Services Denver office.

Court Orders for Financial Records

At approximately 1100 hours, I presented to the Honorable Judge Laura Findorff in Division F of the El Paso County Courts four court orders for the following:

- **Capital One Bank, Attn: 12070-7000, 15000 Capital One Dr, Richmond, VA 23238**, to order the production of records relating to Letecia Stauch and her credit card accounts ending * [REDACTED] and * [REDACTED]
- **JP Morgan Chase NA, Attention: Chase Bank USA N.A., 7610 W Washington St, Indianapolis, IN 46231**, to order the production of records relating to Letecia Stauch and her credit card accounts ending * [REDACTED]
- **American Express/Datamark, Attn: American Express Subpoena Response Unit, 43 Butterfield Circle, El Paso, TX 79906**, to order the production of records relating to Letecia Stauch and her credit card accounts ending * [REDACTED] and * [REDACTED]
- **USAA Federal Savings Bank, Attn: DataMark Legal, 10750 McDermott Freeway, San Antonio, TX 78288**, to order the production of records relating to Letecia Stauch and her debit card accounts ending * [REDACTED] as well as any accounts associated with [REDACTED]

Judge Findorff reviewed the court orders and signed them without change. I also presented a request and order to seal the court orders, signed by DA Jennifer Viehman. The court orders were submitted to the court records office, 20-336, 20-335, 20-337, and 20-334.

I served the court orders thus:

- I faxed the court order to Capital One Bank, fax # [REDACTED], and emailed [REDACTED] at [REDACTED]. I called Mr. [REDACTED] at [REDACTED]. He responded and returned a spreadsheet for Letecia's account via email.
- I called JP Morgan Chase Bank at phone # (888) 363-6586 and emailed [REDACTED]. [REDACTED] advised via phone that the last transaction recorded on Letecia's account was Truth.com. Between 12/23 and 1/10 there were several attempts, but no authorizations, for charges of .51 cents or .41 cents.
- I called American Express representative [REDACTED] at Phone# (800) 528-4800 and emailed [REDACTED] a copy of the court order. He verbally reported to me the following activity: card *21000 no activity. Card * [REDACTED] activity:
 - 1/27 at 1127 hours PetCo for \$34 (rounded up/down)
 - 1/27 at 1324 hours PetCo for \$21 (rounded up/down)
 - 1/27 at 1029 hours ConocoPhillips 80918 for \$100 (preauthorization for fuel)
 - 1/28 at 1902 hours Co/Sp Airport Parking \$200 (preauthorization, not actual amount)
 - 1/28 at 0822 hours Budget Credit Auto Club, unknown amount
- I called USAA Federal Savings Bank, phone # [REDACTED] and [REDACTED], and faxed a copy of the court order to fax# [REDACTED]. I also responded to the USAA branch located at 1855 Telstar Drive at approximately 1600 hours. I was told by personnel at the branch and personnel at both phone numbers that USAA could not comply with my order until it was received and processed by the legal department in San Antonio, Texas. I mailed the court order to 10750 McDermott Freeway, San Antonio, TX 78288 overnight via UPS, tracking # [REDACTED].

Follow Up with [REDACTED]

At approximately 1400 hours, I called [REDACTED] to ask him if he could provide me information about his USAA account. He advised his joint account had the following activity:

Nothing during weekend.

Items posted 27th: (unknown authorization dates or locations)

- Capital One payment
- Dutch Brothers \$3.50
- Chick Fil-A \$4.06

Follow up with Gas Stations in Zip Code 80918

I researched Conoco and Phillips 66 gas stations and went to as many as possible to attempt to identify where Letecia got fuel on Monday January 27. I identified the following locations:

- 507 W Garden of the Gods Rd (Phillips 66). I spoke to employee Amanda. She did not know how to look up video or receipts. I determined zip code is 80907.
- 428 W Garden of the Gods Rd (Conoco). I spoke to employee Tiffany, who also did not know how to look up video or receipts. I left my business card with her and requested she pass on my request to the manager Corey ██████████. The zip code for this location is also 80907.
- 4605 Austin Bluffs Pkwy (Phillips 66). I spoke to employees Nicole and Joey. Neither of them knew how to look up video or receipts but agreed to pass on my business card and request to the manager Scott in the morning.
- 4805 Beverly St (Conoco). I spoke to employee **Trison Glynn**, who agreed to pass on my business card and request to the manager Cindy ██████████.
- 6740 N Academy Blvd (Conoco). I was unable to contact anyone at this location.
- 4315 N Academy Blvd (Conoco). I spoke to employee Nate ██████████ who stated he checked all receipts for Monday 1/27 between 1000 and 1100 hours. Did not find a matching receipt for a card ending *██████████. He stated his manager told him the billing information that comes up when a purchase is made in the store is tagged "market" but a gas purchase would come up "ConocoPhillips."
- 2817 Dublin Blvd (Conoco). I was unable to contact anyone at this location.

Initial Information

CHILD VICTIM

On Friday, January 31, 2020, at approximately 08:00 am, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

At approximately 8:30 am, I was informed of various vehicle warrants that needed to be updated due to the following new learned information.

Detectives were previously unsure if Ms. Leticia Stauch had rented the Kia Rio on January 28, 2020 or January 29, 2020. It was later confirmed she had rented it on January 28, 2020. This information was updated in the warrants.

I was also advised warrants needed to be issued for the telematic systems located in the Kia Rio and the Volkswagen Tiguan.

Kia Rio

At approximately 9:30 am, I began drafting an amended warrant for the Kia Rio and its telematics system.

At approximately 11:00 am, I appeared in the Office of Honorable Judge Laura Findorff. Judge Findorff reviewed the search warrant for information regarding:

A 2019, White Kia Rio, 4 Door, passenger vehicle, bearing Texas Plate LWH1205, VIN [REDACTED] registered to PV Holding Corporation, 17307 Pine Cut, Houston TX. The vehicle is located at the Colorado Springs Airport, 7770 Milton East Proby Pkwy, on the South side of the Avis service center under a gray canopy, and requires a tow to the El Paso County Sheriff's Office Evidence Facility, located at 2749 East Las Vegas Street, Colorado Springs, CO 80906, to be searched.

Verizon Telematics, 2002 Summit Blvd., Suite 1800, Atlanta, GA 30319 for all telematics and data stored within any compute storage device or processing/storage devices located on/in the 2019, White Kia Rio, 4 Door, passenger vehicle, bearing Texas Plate LWH1205, VIN [REDACTED] registered to PV Holding Corporation, 17307 Pine Cut, Houston TX.

This vehicle is a rental vehicle that has been utilized by Ms. Stauch recently.

At approximately 11:19 am, Judge Findorff approved and signed the warrant.

The warrant was provided to Detective Tim Ferrell to allow for it to be served.

CHILD VICTIM

Volkswagen Tiguan

At approximately 10:00 am, I began drafting an amended warrant for the Volkswagen Tiguan and its telematics system.

At approximately 11:00 am, I appeared in the Office of Honorable Judge Laura Findorff. Judge Findorff reviewed the search warrant for information regarding:

A 2019, Black Volkswagen Tiguan, utility passenger vehicle, bearing South Carolina Plate CYY283, VIN # [REDACTED] registered to Letecia Stauch, with an associated address of 4697 Farm Lake Drive, Myrtle Beach, SC 29579. The registration showed the vehicle was assigned Colorado Temporary Tag [REDACTED]. This vehicle is located at the El Paso County Sheriff's Office Evidence Facility, 2749 East Las Vegas Street, Colorado Springs, CO 80906.

Verizon Telematics, 2002 Summit Blvd., Suite 1800, Atlanta, GA 30319 for all telematics and data stored within any compute storage device or processing/storage devices located on/in the 2019, Black Volkswagen Tiguan, utility passenger vehicle, bearing South Carolina Plate CYY283, VIN # [REDACTED] registered to Letecia Stauch

This vehicle is registered and utilized by Ms. Stauch.

At approximately 11:21 am, Judge Findorff approved and signed the warrant.

At approximately 11:25 am, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-347.

The warrant was provided to Detective Tim Ferrell to allow for it to be served.

Contact with ADT

At approximately 10:15 am, I received a call from ADT regarding the warrant I served the day prior. The ADT employee advised I was given bad information from the call center and the warrant could not be served at the Florida address or via fax. I was requested to overnight the warrant to 7700 E ARAPAHOE RD #220, CENTENNIAL, CO 80112.

The warrant was mailed overnight to the new address provided.

Nissan Frontier Warrant:

I was made aware a warrant had not been drafted for the Nissan Frontier, belonging to [REDACTED]. The vehicle was utilized by Ms. Stauch while he was out of town for work. I conducted a search of the vehicle's VIN# [REDACTED] on CCIC/NCIC. The VIN showed it was registered to [REDACTED] with South Carolina license plate # [REDACTED]. At approximately 12:30 pm, I drafted a warrant for the vehicle. I was advised, [REDACTED] was willing to have the vehicle processed as soon as the warrant was signed.

At approximately 1:20 pm, I appeared in the Office of Honorable Judge Samuel Evig. Judge Evig reviewed the search warrant for information regarding:

A 2016 Nissan Frontier registered to [REDACTED]. The vehicle bears VIN# [REDACTED] and South Carolina License plate BFN927. The vehicle is currently in the possession of [REDACTED] and will be taken to the to the El Paso County Sheriff's Office Evidence Facility, 2749 East Las Vegas Street, Colorado Springs, CO 80906 upon the signing of this warrant..

The vehicle belongs to [REDACTED] and is utilized by Ms. Stauch.

At approximately 1:34 pm, Judge Evig approved and signed the warrant.

At approximately 1:40 pm, the warrant was turned into the Court Clerk for further processing.

The number assigned to the warrant is 20-349.

Nissan Frontier Issues

At approximately 1:50 pm, I sent the warrant to Detective Tim Ferrell. Detective Ferrell was assisting the Federal Bureau of Investigation (FBI) with processing the vehicles belonging to the Stauch family.

Approximately an hour later I received a call from Detective Ferrell advising the vehicle arrived to his location and was bearing Alaska license plate #JMZ869. I conducted a secondary search of the vehicle's VIN# [REDACTED] through CCIC/NCIC. The VIN did not show that it was registered in Alaska.

I conducted a search of the Alaska plate number provided by Detective Ferrell and learned the plate was associated to a different VIN. The VIN associated is # [REDACTED]. I confirmed the VIN on the vehicle with Detective Ferrell and learned the Alaska Plate is registered to the wrong VIN.

Due to the issues with the vehicles VIN and license plate a second warrant was drafted for the vehicle explaining the situation.

At approximately 3:15 pm, I appeared in the Office of Honorable Judge Samuel Evig.

Judge Evig reviewed the search warrant for information regarding:

A 2016 Nissan Frontier registered to [REDACTED] The vehicle bears VIN# [REDACTED] and Alaska License plate # MZ869. The vehicle is currently in the possession of [REDACTED] and will be taken to the El Paso County Sheriff's Office Evidence Facility, 2749 East Las Vegas Street, Colorado Springs, CO 80906 upon the signing of this warrant.

The vehicle belongs to [REDACTED] and is utilized by Ms. Stauch.

At approximately 3:28 pm, Judge Evig approved and signed the warrant.

At approximately 3:31 pm, the warrant was turned into the Court Clerk for further processing.

The number assigned to the warrant is 20-356.

The warrant was provided to Detective Ferrell to allow for it to be severed.

Case # 2020-1382

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Wednesday, January 31, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that [REDACTED] [REDACTED] was still missing.

Corrections of Warrants

I was advised by Detective Sergeant Rosario Hubble (07050) that there were errors on the two warrants submitted on January 30th. In these warrants, I included information I learned about a text conversation between [REDACTED] and his stepsister [REDACTED] (DOB [REDACTED]). Based on the Cellebrite phone extraction it was believed this conversation took place after the time frame [REDACTED] was reported missing. It was later learned that the information provided by Cellebrite was not converted to Mountain Standard Time. After adjusting the time zone, it was learned the conversation took place earlier in the afternoon before [REDACTED] was reported missing.

This information was included in the search warrant for the Call Detail Records (CDR) associated with [REDACTED] as well as the Search warrant for her car and cell phone.

I amended both of the original warrants with a statement explaining the error and provided the correct times.

Search Warrants Signed

I presented Deputy District Attorney (DDA) Oliver Robinson, (42773) with a Request for Seal on both warrants. The requests were signed without issue.

I presented the warrants and seals to Honorable Judge Laura Findorff in Division F for the following.

-AT&T, Attn: Global Legal Demands Center, 11760 US Hwy 1, Ste 300, North Palm Beach, FL 33408. Records of [REDACTED]

-A White VW Jetta with the license plate [REDACTED] Vin # [REDACTED] registered to [REDACTED] [REDACTED] An iPhone hosted by AT&T associated with phone number [REDACTED] belonging to [REDACTED]

Honorable Judge Findorff swore me in and signed the warrants and seals without change. The search warrants were submitted to the court records office with the seals. The search warrant for [REDACTED] assigned case number 20-344. The search warrant for the car and cell phone were assigned case number 20-345.

Tracker Warrant for Rental Car

I was advised by Detective Timothy Ferrell (13001) that Ms. Letecia Stauch had obtained a new rental car that [REDACTED] and Ms. Stauch were using for transportation. This rental car was identified as a Silver 2020 Nissan Altima bearing Colorado fleet license plate OMW400 and VIN [REDACTED]. I was asked to complete a warrant to install a tracker on this vehicle.

Ms. Stauch and [REDACTED] have refused to cooperate so far in this investigation and have provided no assistance in locating [REDACTED]. Their behavior is inconsistent with that of a family member missing a stepbrother or stepson.

I learned from Detective Marissa Williams (12009), that a search of Ms. Stauch's financial history show she just received a large wire transfer for approximately \$2600. The payment went from [REDACTED] credit card to [REDACTED] PayPal account, and then into [REDACTED] and Ms. Stauch's joint USAA account. Due to this large amount of money being moved into her account and Ms. Stauch's history of obtaining multiple rental cars, it was believed she may try to return to her family in South Carolina.

I drafted a search warrant for the installment of a tracker on the new rental car. I presented DDA Robinson with a Request for Seal on the warrant. The request was signed without issue.

I presented the warrant and seal to Honorable Judge Sam Evig in Division B for the following.

Authorization for the installation, removal, repair, and monitoring of an electronic Tracking Device on the exterior of a silver 2020 Nissan Altima bearing Colorado fleet license plate OMW400 and a VIN [REDACTED]

Judge Evig swore me in and signed the warrant without change. Judge Evig limited the Seal to 90 days unless additional time was needed.

The search warrant was submitted to the court records office with the seal and assigned case number 20-355.

Detectives with the El Paso County Metro Vice and Narcotics Unit (VNI) installed the tracker on the rental car.

Apple iCloud Preservation

On this day I was requested by Detective Jessica Bethel (07088), to complete a preservation request for the iCloud account associated with the email address [REDACTED] - <mailto:[REDACTED]>. I learned that this was the iCloud account for [REDACTED]. I submitted the request under exigent circumstances. I received data back from apple and was advised that a warrant must be submitted within 30 days.

This is a supplement to El Paso County Sheriff's Office case 20-1382.

Initial Information **CHILD VICTIM**

On 1/31/20 at approximately 0830 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was assigned by Sergeant Hubbell/07050 to canvass the area of the University Village shopping center (area of 5262 North Nevada Avenue) to determine when Letecia Stauch (DOB [REDACTED]) was there and with who.

University Village Shopping Center

I arrived at Petco (5020 North Nevada Avenue), and management allowed me to view their surveillance. The owner, Shawn Drake, later informed me requests for copies of the video would have to go through their corporate office, since the surveillance computer would not allow any downloads.

According to the video from Petco, at 1111 hours, Letecia came into the store and walked back to the front doors at 1115 and 1116 hours before departing at 1121 hours after making a purchase. She appeared as a white female (looks somewhat Hispanic) with long black hair, wearing a white beanie with a short bill, blue jacket, black shirt with light-colored lettering, and dark pants.

Shawn provided me information for his regional security manager, William MacCaulay. William told me if I sent a request for video surveillance, he would make sure it was provided for me. I attached the request to William digitally to this report.

2871 Dublin Boulevard (Conoco)

At the Conoco located at 2871 Dublin Boulevard, I met with employees who reviewed the video facing the gas pumps from the front of the store, and we did not locate the red Nissan Frontier or black Volkswagon Tiguan on 1/27/20.

Area of Lorson Boulevard and Marksheffel Road

I later responded to the area of Lorson Boulevard and Marksheffel Road and attempted the following canvass:

- 9705 Wando Drive: Joseph Piko stated he had no relevant video.
- 9713 Wando Drive: Todd Marsh stated he had no cameras.
- 9721 Wando Drive: No answer.
- 9712 Wando Drive: Resident stated he had no cameras and refused to identify himself.
- 9575 Rubicon Drive: Jasmine stated she would call back later when she got into her system.

Telephone #910-374-6568

CHILD VICTIM

At approximately 10:17 am, I, was asked by Detective Jessica Bethel to conduct research on telephone # [REDACTED] because this was Letecia's new telephone number. Through law enforcement databases I was able to determine the telephone number has a North Carolina area code and its carrier is Verizon.

Appletree Golf Course

At approximately 11:15 am, I and Detective Vigil were sent to Appletree golf course located at 10150 Rolling Ridge Road on a tip that was provided. The tip stated there was an orange bag that was not there the previous day and had recently turned up. Detective Vigil located a bright orange empty garbage bag. Detective Vigil and I searched and additional two bridges on the golf course and did not locate anything of evidentiary value.

9875 Rubicon Drive

At approximately 12:24 pm, I and Detective Vigil responded to 9875 Rubicon Drive at the request of Detective Bethel to complete a search of the residence. The residence belong's to [REDACTED] friend, [REDACTED]. We spoke to the homeowner who agreed to allow us to search the residence; however, we did not locate [REDACTED].

Taco Bell (405 E. Platte Ave)

At approximately 12:58 pm, Detective Vigil and I were sent to the Taco Bell located at 405 E. Platte Ave of a possible tip a young male was seen at the restaurant alone on January 30, 2020 between 1:00 and 2:00 pm. The child was wearing dark clothing and had greenish/grey shoes on. On 01/31/20, I, Detective Mike Boggs of the El Paso County Sheriff's Office (EPSO) Investigations Division, responded to Massage Envy, located at 3254 Cinema Point.

At approximately 10:25 AM, while I was en route, I called Massage Envy. A female who verbally identified herself as Janine answered the phone. I asked if [REDACTED] was working today. I was told [REDACTED] was not working and she had quit. I asked to speak to the manager. I was told the manager was not there. I explained to Janine that I was en route to the business and I would contact her when I arrived.

At approximately 10:34 AM, I arrived at Massage Envy. I contacted Brinli Burchinal who was one of the three ladies working the front reception desk. I asked to speak to Janine. I was told she was currently assisting a customer and was not available. I asked if there was a manger or someone in charge who I could talk to. Elizabeth Morrison, who is the Regional Office Manager for Massage Envy was currently in the lobby.

Elizabeth Morrison:

I contact Morrison and asked if I could speak to her in private. Ms. Morrison and I went to an office. I explained to her why I was there and that I needed to speak to the employees who work with [REDACTED] and I also asked if she could provide me with a copy of [REDACTED] timecard from Sunday, January 26, 2020 and Thursday, January 30, 2020. Ms. Morrison printed off a copy of it which is included.

The timecard shows [REDACTED] worked on the following dates, which includes time clocked in, time clocked out and the amount of time used for breaks during the day.

Sunday January 26, 2020: Clocked in at 3:15 PM

Clocked in at 10:18 PM

Total time shown for breaks: 32 minutes 44 seconds

Monday January 27, 2002: Clocked in at 8:30 AM

Clocked in at 4:15 PM

Total time shown for breaks: 24 minutes 68 seconds

Tuesday January 28, 2020: [REDACTED] did not work on this day

Wednesday, January 29, 2020: Clocked in at 10:21 AM

Clocked in at 5:30 PM

Total time shown for breaks: 30 minutes 40 seconds

Ms. Morrison said she goes back and forth between three clinics and is not always at the location on Cinema Point but would assist with me interviewing [REDACTED] coworkers.

I asked Ms. Morrison if she knew why [REDACTED] had quit. She said on Thursday, January 30, 2020 [REDACTED] was scheduled to work for another employee, but did not show up. Ms. Morrison said sometime between 3:00 AM and 4:00 AM, [REDACTED] had sent a text message to another manager, identified a Jordyn Goddard (spelling unknown), indicating she was not coming back to work.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight

Ms. Morrison does not know exactly what the was in the text message which Ms. Goddard had received. According to Ms. Morrison, Ms. Goddard was not working today.

Ms. Morrison said [REDACTED] was a sales associate who worked the front desk at Message Envy. There are 8 employees to include [REDACTED] who work the front desk reception area. The other employees were identified as Beth Dukes (not at work), Brinli Burchinal (working), Cosette Ormord (not at work), [REDACTED] (not at work), Janine Sanchez (working), Kaylee Wilson (working). Ms. Morrision said [REDACTED] has only been working there for about 3 to 4 months but was not exactly certain how long.

I asked Ms. Morrison is she could describe [REDACTED] personality to me. Ms. Morrison described [REDACTED] as a quiet, reserved, kind, caring, sweet and bubbly girl. She does not interact with [REDACTED] that much at work and not at all after work. She said on Wednesday, [REDACTED] was sad and not bubbly like she normally is. Ms. Morrison said the front desk personnel are not normally allowed to have their cell phones with them while working the front desk, but [REDACTED] was allowed to have her cell phone, due to the situation regarding her stepbrother's disappearance.

Ms. Morrison mentioned [REDACTED] was/is planning to join the Air Force because of her stepdad. She does not know what kind or color of vehicle [REDACTED] drives. This was all the information Ms. Morrison could provide.

I gave Ms. Morrison my business card and asked her to call me if she thought of anything else which may be relevant to this investigation.

Jennifer Martinez:

While I was talking to Ms. Morrison, another employee who identified herself as Jennifer Martinez came into the office.

I asked Ms. Martinez if she knew [REDACTED]. She said she does, but she does not have a lot of interaction with [REDACTED] because Ms. Martinez supervises the employees in the therapy area of the business which is in the back half of the business. She did say on Wednesday [REDACTED] was not her normal bubbly self. She said [REDACTED] was upset because of the situation regarding her stepbrother's disappearance. This is all the information Ms. Martinez could provide.

I gave Ms. Martinez my business card and asked her to call me if she thought of anything else which may be relevant to this investigation.

Kaylee Wilson:

I contacted Kaylee Wilson, who is one of the ladies working the front desk reception. I explained to Ms. Wilson why I was contacting her. Ms. Wilson is a Front Desk Associate and has been working there since December 2019. Mr. Wilson described [REDACTED] as bubbly, talkative, nice, sincere, and a caring person. Ms. Wilson said she considers her relationship with [REDACTED] as more of an acquaintance.

I asked Ms. Wilson how [REDACTED] has been acting since Sunday. Ms. Wilson could not remember if she worked on Sunday, January 6, 2020, and therefore could not remember if she worked with

██████ on that day. She said she does not recall seeing ██████ Ms. Wilson did not work on Monday, January 27, 2020, because of an appointment. The last time Ms. Wilson worked with ██████ was on Wednesday, January 29, 2020. She said ██████ was not herself. She was sad, not bubbly and she did not really want to talk because of the situation with her missing stepbrother. Ms. Wilson said she did not press the issue and left it at that. At an unknown time during their work shift, Ms. Wilson believes ██████ got a phone call. ██████ left the front desk area and went into an office to take the call. She does not know what it was about.

CHILD VICTIM

I asked Ms. Wilson if ██████ talked about her family at all. Ms. Wilson said ██████ does not talk about her family much. ██████ told her she was an only child until her mom remarried and now ██████ has a stepbrother and stepsister.

Ms. Wilson said ██████ talks about her boyfriend; Jace a lot but it is in the context of the typical boyfriend and girlfriend stuff. I asked her if she could tell me what she knew about Jace. She said she does not know him or anything about him.

I asked Ms. Wilson if she could tell me what kind of vehicle and color of vehicle ██████ drives. Ms. Wilson does not know what kind of vehicle ██████ drives or the color of it. This is all the information she could provide at this time.

I gave Ms. Wilson my business card and asked her to call me if she thought of anything else which may be relevant to this investigation.

Brinli Burchinal:

I contacted Brinli Burchinal, who is one of the ladies working the front desk reception. I explained to Ms. Burchinal why I was contacting her. Ms. Burchinal said she is the Lead Shift Manager. She works with ██████ a couple times a week. She considers ██████ a friend and they get along well, but they do not hang out together after work. She described ██████ as sweet, professional and always smiling.

I asked Ms. Burchinal how ██████ has been acting since Sunday. Ms. Burchinal said on Tuesday, January 28, 2020 at about 10:10 AM, there was a group text which was sent out by ██████ regarding her missing stepbrother and asking her co-workers to be on the lookout for her stepbrother. I asked Ms. Burchinal if I could see the group text message she received. Ms. Burchinal got her phone and showed me the group text message which she received. I asked Ms. Burchinal if I could take some photos of the text message. She said, "yes." Using my office issued cell phone, I took three photos regarding the group text message and replies. The photos will be downloaded at a later time.

Ms. Burchinal last worked with ██████ on Wednesday, January 29, 2020. She said when ██████ came into to work, they hugged each other. ██████ seemed to be holding it together. During her work shift, ██████ kept checking her phone, go to the office and cry. ██████ was also crying at the front desk. Ms. Burchinal said ██████ was upset over something with her mom, flights for her grandparents and did not know if they could afford the flights. ██████ was also worried about getting her dog at the house. At one point, ██████ mentioned something about a candlelight vigil and that she did not think she was going to go to it because of her stepdad. ██████ was sent home

early.

According to Ms. Burchinal, [REDACTED] did not talk about her family. Ms. Burchinal knew [REDACTED] had siblings, but she never talked about them. Occasionally [REDACTED] would talk about her mom and stepdad, because her mom was pushing her to go to school and about her future.

When I asked Ms. Burchinal if she knew anything about [REDACTED] boyfriend, she said she knew [REDACTED] had one, but she did not know his name. I also asked I she knew what kind and color of vehicle [REDACTED] drove. Ms. Burchinal said she did not know what kind of vehicle, but she said it was a smaller dark color vehicle. This is all the information she could provide at this time.

I gave Ms. Burchinal my business card and asked her to call me if she thought of anything else which may be relevant to this investigation.

Janine Sanchez:

I contacted Janine Sanchez, who is one of the ladies working the front desk reception. I explained to Ms. Wilson why I was contacting her. Ms. Sanchez said she is a Front Desk Sale Associate and Shift Lead. She has been working at Massage Envy since November 2018. I asked her how she would consider her relationship with [REDACTED]. Ms. Sanchez said she would consider it as co-workers. She said she does not hang out with [REDACTED] after work. [REDACTED] has gone to a couple of bible studies with Ms. Sanchez in the past but that was about it.

Ms. Sanchez described [REDACTED] as social, very positive, bubbly, kind and professional. MS. Sanchez said [REDACTED] is going into the Air Force and she may start her training in March. I asked Ms. Sanchez if she communicates with [REDACTED] via text or anything like that. She said they really do not text each other much, but they do share funny videos with each other using the app Tick Tock. Ms. Sanchez said while she was at work on Monday night, she received a text from [REDACTED] asking her to look out for her brother who was missing.

Ms. Sanchez said the only day she worked with [REDACTED] this week was on Wednesday, January 29, 2019. This was the last time she worked with [REDACTED]. She said [REDACTED] was crying Wednesday morning at work. She said [REDACTED] asked her if her and her mother could stay the night at her (Ms. Sanchez's) house, which Ms. Sanchez agreed to. She also said after work, she went with [REDACTED] to pick up her mom who was at the hospital. Ms. Sanchez said [REDACTED] mom was upset because the hospital held her. I asked how [REDACTED] was acting. Ms. Sanchez said [REDACTED] was acting timid and overwhelmed. After picking up [REDACTED] mom from the hospital, they went to Ms. Sanchez residence located at 10082 Intrepid Way. [REDACTED] and her mother stayed the night at Ms. Sanchez's house because they could not go back to their home due to a search being done. I asked Ms. Sanchez if anyone else was at her house. She said her two roommates were at the house and she identified them as Alisha Singleton and Rey Vincent Ganoy.

I asked Ms. Sanchez why [REDACTED] had quit her job. Ms. Sanchez said she did not know why [REDACTED] quit. On Thursday, January 30, 2020. Ms. Sanchez said she received a text from [REDACTED] saying she (Ms. Sanchez) was going to be closing with the other [REDACTED] (Harley Ford). When Ms. Sanchez arrived at work at 3:00 PM, she was told [REDACTED] had quit. Ms. Sanchez said she has not heard from [REDACTED] since. She said this is not normal, but she said [REDACTED] may be feeling

overwhelmed because of the situation with her stepbrother.

I asked Ms. Sanchez if I could look at the string of text messages she had received from [REDACTED]. Ms. Sanchez said I could. She got her phone opened it up and showed me the string of text messages. I asked Ms. Sanchez if I could take some photographs of the text messages. She said, "yes" and hand the phone to me.

Using my office issued cell phone, I took photographs of the text message string starting on Monday at 9:29 PM and going through to the messages on Thursday at 11:17 AM. I took 8 photographs which will be downloaded at a later time.

I asked Ms. Sanchez if [REDACTED] talked about her family. Ms. Sanchez said she did not even know [REDACTED] had a stepbrother or stepsister, until she got the group text from [REDACTED] about her missing stepbrother. She said [REDACTED] complains that her parents are strict especially when it comes to [REDACTED] going out with her boyfriend; Jace. Ms. Sanchez did not know much about Jace other than [REDACTED] meet him while going to school at Pikes Peak Community College (PPCC) last Fall (2019). I asked Ms. Sanchez if she knew what kind of vehicle [REDACTED] drove and the color. She said she did not know what kind of car it was other than it was a white sedan. This is all the information she could provide.

I gave Ms. Sanchez my business card and asked her to call me if she thought of anything else which may be relevant to this investigation.

Contact with Ms. Morrison prior to leaving the business:

I after speaking with the employees who worked closely with [REDACTED] I contacted Ms. Morrison again to see when the other employees who work with [REDACTED] would be working. Ms. Morrison said the manager Jordyn Goddard was currently out of state. Beth Dukes was scheduled to work today at 3:15 PM, but Ms. Morrison did not know if Ms. Dukes would be in, because she had gone out of state for a family emergency. Cosette Ormand was scheduled to work at 3:15 PM today. I obtained the telephone numbers for Ms. Dukes, Ms. Goodard, Ms. Ormond and Harley Fout.

I asked Ms. Morrison if the video surveillance cameras in the lobby worked and if they were recording. Ms. Morrison said the video surveillance camera system has not worked in 6 months ever since the company Atticus took over. After speaking with Ms. Morrison, I left and returned to the EPSO Investigations Division.

Returned to Massage Envy and contacted Cosette Ormond:

At approximately 4:05 PM, I arrived at Massage Envy to interview Cosette Ormond.

I contacted Ms. Ormond, who was working the front reception desk. Ms. Ormond and I went to an office where I explained to her why I was contacting her. Ms. Ormond is a Shift Lead for the front desk employees. She said she does not know [REDACTED] very well. She does not do anything with [REDACTED] outside of work and she does not communicate with her outside of work. She described [REDACTED] as friendly, sweet and professional. She knows [REDACTED] has a boyfriend but does not know his name or anything about him. According to [REDACTED] her relationship with Jace is

wishy washy. Mr. Ormord does not know what kind of car [REDACTED] drives or the color.

Ms. Ormord said she worked with [REDACTED] on Sunday January 26, 2020 and on Monday January 27, 2020. I asked her to describe how [REDACTED] was acting on those two days. She said on Sunday, [REDACTED] seemed to be fine and acting normally. At an unknown time toward the end of the evening, [REDACTED] received a text message from her mom, which made [REDACTED] cry. The text message was in reference to a fire involving a candle that had been knocked over and burned the carpet. [REDACTED] mom said a blanket had been thrown on something, but [REDACTED] was worried that her dog had been burned. Ms. Ormord thought [REDACTED] had said her stepbrother was there. [REDACTED] was not sure if her dog or stepbrother had been burned.

[REDACTED] left the front desk and went into an office. When she came back, she said everything was fine; her dog was fine, her stepbrother was fine, and the house was fine. [REDACTED] was iffy about the details but mentioned her mom had come downstairs and discovered the fire. Mr. Ormord thinks this may have happened in the basement, but she was not sure what [REDACTED] meant by downstairs, since it was never clarified. [REDACTED] said her mother was worried that [REDACTED] stepdad was going to be upset about the damage.

Ms. Ormord said [REDACTED] showed her a photo of the burned carpet. She said there was a blanket around a burned area. She does not know how big the burn area was, but based on what she saw in the photograph, she estimated it was no bigger than 12 inches in circumference.

As for Monday, [REDACTED] came into work and said everything was ok and seem to be acting normally.

She knew [REDACTED] had quit and did not come into work on Thursday, January 30, 2020. She believes this was because of the situation with her missing stepbrother and going off to military training. This is all the information she could provide.

I gave Ms. Ormord my business card and asked her to call me if she thought of anything else which may be relevant to this investigation.

I returned to the Investigations Division. I entered [REDACTED] timecard into evidence as item # 46. I downloaded the photographs I took of the text messages onto a CD-R. The CD-R was placed into evidence as item #50. A copy of the evidence invoice is included.

I have no further information at this time.

On Friday, January 31, 2020, at approximately 2:12 pm, I, Detective Jon Price #02034, facilitated the FBI's Evidence Response Team in executing Search Warrants #20-345 and #20-347. The search occurred at the EPSO Evidence Facility, 2749 E. Las Vegas Street. Full documentation of these searches can be found under FBI case ID #7C-DN-3223717.

We began by processing the 2019 VW Tiguan which was in Bay B. (#20-347). After entry photos had been taken, it was decided that the execution of this warrant should be postponed. The Tiguan was locked and we did not possess keys. There was concern that forcing entry into the Tiguan could damage the data stored in the vehicle's on-board computers.

We, therefore, transitioned to searching the 2019 VW Jetta. (#20-345) The Jetta was moved to the EPSO Fleet Services Building, 2727 E. Las Vegas Street. Both vehicle bays were occupied at the Evidence Facility, and processing the Jetta required it to be indoors.

The following items were collected from the Jetta:

1. Dog outfit purchased from Ross on 1/26/20 with receipt.
2. Documents and identification of [REDACTED]
3. Five USB / Memory Devices
4. Five keys including secondary Jetta FOB
5. Documents and identification of Leticia Stauch (including US Passport and SSN Card)
6. Documents and identification of [REDACTED] (including US Passport and SSN Card)
7. Documents and identification of [REDACTED] (including birth certificate, empty passport holder)
8. Black backpack.
9. Apple laptop computer.
10. Retainer
11. Prescription medication Leticia Stauch
12. Key FOB to VW Tiguan
13. Swabs, trace evidence
14. Engine Air filter.
15. Sonic Receipt

The following supplements case number 20-1382.

Electronic surveillance of vehicle driven by Letecia Stauch

On January 31, 2020, I Sergeant Jake Apendschar (#02020) coordinated with units of the Metro Vice Narcotics and Intelligence unit (MVNI) to place a vehicle under electronic surveillance. The vehicle was a rented Nissan Altima, operated by Letecia Stauch. Ms. Stauch is a person of interest in the disappearance of her stepson.

I coordinated delivery of the surveillance equipment to members of MVNI. At 1530 hours, I was notified a search warrant had been approved to initiate surveillance on the vehicle. The equipment was then placed on the vehicle and MVNI detectives left the area. I confirmed throughout the evening that the equipment was working properly.

Surveillance ended

On February 1, 2020 the surveillance equipment indicated the vehicle was parked at a rental car return lot at Denver International Airport. Detectives verified the vehicle was no longer being operated by Ms. Stauch. Detective Karl Mai responded to the airport and retrieved the surveillance equipment at approximately 1640 hours. The equipment was then remotely powered down.

CHILD VICTIM

On 01-31-20, I was assigned duties at the Office of the Sheriff located at 27 E. Vermijo Ave. All circumstances described in this report occurred within El Paso County, State of Colorado.

At the request of EPSO Investigations to assist with follow up investigation at 6627 Mandan Dr., I left the OTS and began driving to the address. I was advised that Leticia Stauch and her daughter [REDACTED] would be there removing property and they potentially had smart watches that may contain evidence to assist in this investigation, and if so, seizure of the watches was requested. Additionally, I was advised that information had been learned that [REDACTED] possibly wrote a letter in a notebook in reference to the candle incident. I was instructed not to allow any notebooks, journals, binders that contained writings, etc, leave the house.

While driving to the house, I also completed additional follow up in reference to information previously told to me by Leticia. As we had not yet been able to determine why "10315 Declaration Dr" had been searched on [REDACTED] phone, and the only explanation that Leticia offered was the possible delivery of "Jingle Baskets" in early December 2019, I began calling the residents to ask about the possible delivery of a Jingle Basket.

At about 1102 hours, I contacted Marvin Yanez at [REDACTED]. I explained that I was following up on the information about his address being in a search on [REDACTED] cell phone. I explained that there was information that the Stauch family may have dropped off an anonymous gift basket as part of a "Jingle baskets" community type event in early December. I asked if he remembered receiving anything like that. He stated that he did not. I asked if he could call his wife and ask her if she remembered anything similar. He said he would and he called me back a few minutes later. Marvin told me that his wife told him they did receive a small gift bag left on their porch that contained mints. When I tried to confirm the time in December he said he would have to call her back. I related that I would call her directly so I wasn't continuing to call him and asking him to call her.

At about 1142 hours, I arrived at 6627 Mandan Dr. After I arrived, I observed a white Ford cargo style transport van with Colorado license plate BIP-726 parked in front of the residence. It also had "C067" on the rear passenger side door. I also saw a silver Nissan Altima with Colorado Fleet plate OMW-400, parked on the street east of the residence. I contacted the driver, who identified herself as Brenda (Possibly an Aunt of Leticia) and said she was waiting on Leticia to finish at the house. [REDACTED] along with "Dakota" and Debra Locklear (Leticia's mother) were packing items from the house into the van. I asked that contents already loaded be checked to ensure the notebook or journal of interest was not already packed before the vehicle departed. A check showed it was not.

I met Leticia inside with several other people that were not identified to me. A Dell laptop (Service Tag # [REDACTED] that was packed in a suitcase was asked to be left at the house in the event it contained potential evidence.

Prior to Leticia leaving we talked in the front yard. I asked her about the Jingle basket she had previously talked to me about. I asked about the type of basket or bag they left on the porch of the house to compare with what Marvin told me was left. Leticia told me that it was a large basket and indicated with her arms a circumference of about 2' or larger. She stated that the basket contained

two bottles of wine, dog treats, dog toys, candy and other Christmas items. She also related that she knew the people at the house had 2-3 dogs. The description of the basket she says she left at the house they dropped off their Jingle Basket at, is not remotely close to what was described to me by Marvin. She also stated that the person running the Facebook group for the Jingle Baskets was Kelly Corsidi (unknown spelling). No other items of note occurred, however there is BWC footage documenting the entire encounter. At about 1210 hours, Leticia and Brenda departed in the silver Nissan and the others left in the white van.

At about 1230 hours, I called Louisa Yanez at [REDACTED]. I asked her about the basket and she confirmed that it was only a small gift bag that contained life saver type mints and it was dropped off anonymously near the beginning to middle of December. She related that they had one dog. I asked about bottles of wine or alcohol and she said nothing like that was ever delivered. I asked if they posted a photo of the bag online and she said they did not.

I then responded to the Widefield District 3 school bus barn. I met with Ron Kirby the Asst Manager for Transportation ([REDACTED]). Kirby looked up information for the bus that drives the route that picks up and drops off kids at the bus stop on Rubicon Dr. near Mandan Dr. Kirby supplied the following information from his computer records.

Route A115 is the designated route for that bus stop. The pick-up time is scheduled for 0659 hours and drop off at 1506 hours. The bus averages 45-55 kids that ride that route although over 80 are authorized. Bus #115 was the bus that was operating on January 27, 2019. GPS coordinates and time stamps from the bus data show that bus stopped at the designated stop across from 9845 Rubicon Dr. at 1511 hours and departed at 1512 hours. The bus has one camera and it is located inside the bus, up front, facing back. The camera is not set to capture images outside the bus, however when the door is open it does pick up the area right outside the door. The recordings are saved onto a hard drive on the bus.

Mr. Eric Lance, the Transportation Operations Manager [REDACTED] went to bus 115 and removed the hard drive for the purpose of allowing us to review the video and obtain a copy of the recordings for the time frame around the drop off on 01-27-19. The video recorded on the hard drive is only accessible through a proprietary software by the manufacturer "REI". Lance tried for an extended time to retrieve the images from the hard drive but he was unable to get anything. He related that he did not know if the hard drive failed and nothing was recorded or if the software to download was not working. He stated that he would work with the manufacturer and determine what was wrong and attempt to supply us with the video recorded to CD or a flash drive for 1508 hours through 1515 hours. Deputy Gingrich who is the School Resource Officer for Widefield Dist 3 was with me and agreed to work with Lance on these efforts. Lance agreed to maintain the hard drive and not reinstall it in the bus until they were able to determine what the malfunction was.

I communicated the information learned during these follow up efforts to Det. Bethel and Sgt. Hubbell.

Nothing further.

This is a supplemental narrative for EPSO Case No. 2020-00001382, Homicide.

On 1/31/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

I reviewed video evidence collected by Det. T. Ferrell (EPSO) on 1/29/20. The video evidence related to ██████████ visiting an Ulta Beauty store, located at 3153 Cinema Pt., in Colorado Springs, CO on 1/27/20. According to Det. Ferrell's report, she entered the store at 1337 hours, and she exited the store at 1346 hours. When I reviewed this video, no matter what video playing software I used, there was no timestamp appearing on the video. Any timestamps referred to in this report, or the attached PDF document containing screen shots from the videos, will refer to the playing timestamp of the video file. The time references have nothing to do with the store's security video recording system. The videos reviewed for this report are held in EPSO Evidence reference EPSO Case No. 2020-00001382 as Item #21.

The video collected is store security video. One camera appears to be mounted directly above the store's front doors and looks toward the middle of the store. Another camera is mounted at ceiling level and covers the front doors. These are the entry and exit camera angles. The other two cameras look over the checkout or register area inside the store. One camera angle was titled, "Reg 12." Another camera angle was titled, "Reg 345." I used a photo of Hunt I captured from her Facebook page as a reference for what she looked like.

Within a few seconds of beginning both the Entry and Exit videos, ██████████ is seen entering the store. Her personal appearance (face, hair, skin tone) looks the same as her Facebook photo. When she came into the store, she was wearing a maroon colored sweater that was long, hanging well below her waistline, but above her knees and the sweater had long sleeves. She appeared to be wearing a dark blue, or black shirt with a V-neck. There was a white logo on the upper left breast area that I believe to be associated with her job at Massage Envy. ██████████ was wearing slim fitting, blue or black legging type pants and light gray shoes with white accents. When she entered the store, she was carrying a cell phone in her right hand and a small beige, or light pink pocketbook in her left hand.

When looking at the, "Entry View," video ██████████ is exiting the store holding a green shopping bag she received at checkout, at timestamp 04:01, near the end of the recording. This would indicate she was in the store for only about four minutes. However, when watching the, "Exit View," video she doesn't depart the store until timestamp 07:18. Both videos play smoothly and appear to be recorded in real time. There are no skips in the images indicating either camera is only taking images once every few seconds or doing something else commonly used to save storage space. In the Exit view video, ██████████ can be seen crossing by the front doors again at timestamp 05:00. She is headed in and looking in the direction of the checkout stands. I have no explanation for the time discrepancy between the two cameras.

In the video for, "Reg 12," ██████████ enters the picture at timestamp 02:07 and exits the camera's view at 02:40. In the video, "Reg 345," ██████████ passes through the upper left corner of the image at 06:48. She reappears at timestamp 07:30 and makes a purchase, receiving the little green shopping bag she left the store with. According to Detective M. Williams, the purchase does not appear on any of ██████████ financial records in evidence.

When I was reviewing these videos, I observed ██████████ appeared to be shopping at this store by herself.

This is a supplemental narrative for EPSO Case No. 20-1382, Kidnapping.

On 1/31/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I traveled to the Grand Mountain School, located at 11060 Fontaine Blvd., in El Paso County, CO. I was there to collect personal items associated with the victim in this case, [REDACTED]. I arrived at approximately 1705 hours and I met with Assistant Principal Ursula Reese [REDACTED]).

Ms. Reese escorted me to [REDACTED] classroom, room 308. The room was on one of the upper floors of the complex and it had a west facing window. Ms. Reese showed me where all of [REDACTED] things were at. I took overall photos of the room just to document the layout of it and the location of the items I was collecting. I later downloaded the photos I took during this process and saved them to a CD which was entered into EPSO Evidence. The digital camera I used assigned file names to each photo. The file names start with, "DSC_0..." and they are numbered from 1 to 42. In this narrative, I will only refer to the photos by the last few characters representing which of the 42 photos I'm speaking to. For instance, photo #1 is a picture of the front of the school, while photo #22 is a picture of a blue, plastic pencil box sitting on a table inside the classroom.

The identifying placard for the room was posted to the right-hand side of the door as I stood outside the classroom facing west. The placard (photo #3) says, "308, Classroom, 5th Grade, Ms. Collar." At this time of day, school had already been dismissed and most of the chairs in the room had been placed on top of the tables where the kids would sit during class. The teacher's workstation was in the northwest corner of the room. There was a large dry-erase board on the north wall. Many of the student workstations had pencil boxes and books still in their place. Each student had several storage locations, including a personal mailbox. Each storage location was clearly marked with the student's first name.

Along the south wall of the room, there was a set of suspended shelves and cubbies mounted to that wall. I say suspended because the shelves were off the floor and there was clearance underneath them. Beneath the shelves were hooks for the students' jackets and coats. Ms. Reese pointed to a blue jacket sitting on the carpeted floor near the western end of the shelves. Ms. Reese stated the jacket belonged to [REDACTED]. The jacket was not hanging from a hook. It was in a clump on the floor. See photos 14, 17, 18 and 19. I collected [REDACTED] jacket as evidence. When I did so, I compressed it maintaining the clump it was in. I didn't just pick it up, let it hang from my hand and fold it up. I wanted to trap anything that could be inside the coat, so that's why I picked it up that way. I placed the jacket into a paper evidence sack, similar to a paper grocery sack. Later, when I entered the jacket into evidence, I left it inside the paper sack while I manipulated the jacket just enough to read the label. I didn't pull the jacket out of the sack to accomplish this.

[REDACTED] pencil box was sitting on a desk very close to the teacher's workstation. It was blue, opaque plastic and [REDACTED] name was written on the box in black permanent marker. Inside the box was a pair of inner-ear, audio headphones. These are sometimes called ear buds. There

were also highlighter pens, crayons, scissors, glue and a few other things. The pencil box was sitting on top of a book with a purple cover. I was told the book was a library book, so I didn't take it. Looking at photo #8, the teacher's station is front and center in the photo and [REDACTED] workstation is just beyond it, almost in a straight line between the teacher's station and classroom door in the far corner. On the teacher's desk, there was a salmon colored tin bucket full of pencils, pens, scissors, etc. To the right of that and beyond, on the first desk, is [REDACTED] blue pencil box. In photo #9, [REDACTED] blue pencil box sits at the left edge of the photo about one-third of the way from the bottom to the top. Also see photos 20 to 23. I collected the blue pencil box and its contents.

CHILD VICTIM

On the north wall of the classroom, between the dry erase board and the teacher's workstation, was a movable (rolling) cabinet. It had gray handles and an orange interior (photos 25 & 26). There were several shallow trays made of an opaque, white plastic. The trays were numbered too. In this cabinet, tray number 24 had [REDACTED] name on it. Ms. Reese said the contents were consumable textbooks. Later, when I thumbed through the books, I observed students could write in the books as they proceeded through the lessons. I took the textbooks and left the tray.

Sitting on top of the teacher's workstation was [REDACTED] school identification card. I collected the card as evidence. Please refer to photos 28 & 29.

[REDACTED] also had a plastic container with some workbooks in it that was sitting in one of the cubby-holes for the suspended shelves on the south wall of the room. [REDACTED] tub was red in color and his name was written on a label, which was posted on the plastic tub. Please refer to photos 14, 15 and 16. I collected the contents to [REDACTED] red tub.

On the east wall of the room, there was a large bank of cabinets. Some were high and some were low and there was a countertop in between. It was kind of like kitchen cabinets. In photo #20, the cabinets are pictured on the wall, on the far side of the room. On the countertop were several more plastic tubs (photo #30), but they were not student specific. Ms. Reese said in one of the tubs, [REDACTED] could have another workbook. I started searching through the tubs, starting with the shallow brown one on the left-hand side and I located [REDACTED] workbook in there. Please refer to photos 32 & 33. I collected that workbook too.

Photo #40 shows a bank of mailboxes in a floor standing brown cabinet immediately inside the door for the classroom. [REDACTED] had a mailbox in the right most column, five boxes from the bottom. The mailbox had a label with [REDACTED] name (photos 41 & 42). I collected the contents of the mailbox.

[REDACTED] also had a piece of student artwork posted on a wall immediately outside the classroom. I took that item too. Please refer to photos 2 (student artwork is right center), 38 and 39.

After collecting these items and photographs, I transported [REDACTED] things to the El Paso County Sheriff's Office Evidence Facility. I placed the items into a temporary evidence locker and put a padlock on the locker. I also downloaded the photos I took to a CD and entered the CD into evidence the same day. On 2/11/20, I returned to the evidence facility and I entered all

of [REDACTED] things into evidence. I also photocopied some pages from a couple of [REDACTED] workbooks to capture examples of [REDACTED] handwriting. The following entries were made in evidence reference this investigative step:

CHILD VICTIM

- Evidence Item #47: All photos taken during the collection of [REDACTED] things from his classroom.
- Evidence Item #287: Workbooks collected from [REDACTED] tray in the gray and orange cabinet near the teacher's workstation.
- Evidence Item #288: [REDACTED] blue plastic pencil box.
- Evidence Item #289: [REDACTED] blue jacket. It was a, "Pro-Player," brand jacket, "Pro-Line," series, size large (boys). When I entered the jacket into evidence, I did not search the pockets.
- Evidence Item #290: [REDACTED] notebooks and workbooks from the red basket, south wall, suspended storage cabinets. The photocopies I made came from workbooks in this group of items.
- Evidence Item #291: The contents of [REDACTED] classroom mailbox.
- Evidence Item #292: [REDACTED] workbook from the brown tub on the cabinets connected to the east wall of the classroom.
- Evidence Item #293: [REDACTED] student identification card.
- Evidence Item #294: [REDACTED] artwork from the wall outside the classroom.

When I first collected these items on 1/31/20, I did take several minutes to go through [REDACTED] workbooks and notebooks, looking for anything which could be helpful to this case. I didn't note anything unusual or alarming during this effort. There were no distress notes, suicide notes, disturbing artwork, or anything else peculiar. There were no clues as to where [REDACTED] might be found either. [REDACTED] workbooks and notebooks were very clean. He appeared to be quite studious. I never even saw an example of [REDACTED] doodling in his workbooks. When I entered these items into evidence on 2/11/20, I didn't repeat this review process.

This is a supplemental narrative for EPSO Case No. 20-1382, Kidnapping.

On 1/31/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I made telephone contact with Detective Jamie Major (██████████), with the Denver Police Department (DPD). Det. Major is assigned full time the Denver International Airport (DIA). I made a formal request for video evidence related to ██████████ departing DIA on 1/26/20 at 0655 hours. Attached to this report is an email I sent to DIA regarding that request. The addressee on the message is not Det. Major. It is a general address used for this type of request.

When I have received and reviewed this video evidence, I will generate another supplemental report. In the meantime, I did receive information from Det. Major indicating she had reviewed the video evidence and she observed three males with similar descriptions to ██████████ boarding the flight identified in the attached email. Det. Major sent me via multi-media text message (MMS) some still photos of the security video. One of the males is dressed exactly like ██████████ was when he was picked up at the Colorado Springs Airport on the morning of 1/28/20. Both males in the photo are wearing a predominantly white hat with a blue accent at the base of the cap. Both males are wearing a gray sweatshirt with a logo image similar to the Colorado state flag. Both men are carrying backpacks with military like colors and pockets on the shoulder straps. Det. Major also stated ██████████ boarded the flight alone. There were no indicators in the flight passenger data or in the security videos indicating any of the males depicted in the photos Det. Major sent to me had a juvenile passenger with them. I had asked Det. Major to specifically look for ██████████ traveling with a juvenile male and she stated he was not. Det. Major stated the security video she reviewed indicated all three of the men she identified did get on the plane.

Attached to this report is the email I sent to DIA requesting the video and the photos I received from Det. Major. I placed the photos on a MS Word document with some commentary. The original photos and the email were saved to a CD which was entered into EPSO Evidence reference EPSO Case No. 20-1382 as Item #138.

CHILD VICTIM

On 01/31/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO), conducted follow up on this case.

A secondary neighborhood canvass was completed in the area of Mandan Drive. During this canvass, Detective Nick Brklich and I collected Ring Doorbell Video footage from 6650 Mandan Drive.

This address is located on the northwest corner of Mandan Drive and Carriage Meadows Drive. It is across Mandan Drive from the Stauch residence and approximately three houses to the west.

The Ring Doorbell Video collected from this address was later placed into the El Paso County Sheriff's Office Evidence Facility under Item # 34 for this case. A copy of the evidence invoice is included with this report.

After responding to the Stauch home at 6627 Mandan Drive, it was brought to our attention that cleaning brushes inside the dishwasher had what appeared to be carpet fibers in them.

██████████ signed a search waiver to allow the collection of these items. The signed waiver was later placed into the El Paso County Sheriff's Office Evidence Facility under Item #227 for this case.

Photographs were taken using my work issued cellular telephone prior to the collection of the items. These photos were later placed on a CD and entered into the El Paso County Sheriff's Office Evidence Facility under Item #638.

The items removed from the dishwasher are listed below;

- 2 pairs scissors, 1 green handle, 1 pink handle
- 1 scrub brush with possible hair and carpet fiber
- 1 blue and white scrub brush
- 1 pair silver colored tweezers
- 1 blue and white scrub brush
- 1 Brillo scrub brush

One additional item was recovered from the kitchen trash can. ██████████ told me this appeared out of the ordinary for an entire bottle empty in the trash.

1 empty Heinz Vinegar bottle

The items removed from the home were later placed into the El Paso County Sheriff's Office Evidence Facility under the following item numbers;

#230-Empty Vinegar bottle

#231-Brillo scrub brush

#232-Blue and white scrub brush

#234-Silver colored tweezers

#235-Blue and white scrub brush

#236-Scrub brush with possible hair and carpet fiber

#237-2 pairs scissors, 1 green handle, 1 pink handle

Copies of the evidence invoices for the photos, waiver and items are included with this report.

February 1, 2020

On January 31, 2020, I, Detective P. Vigil #10011 of the El Paso County Sheriff's Office, Investigation Division, was assigned to this case (EPSO case#2020-0001382) for follow up.

Apple Tree Golf Course (10150 Rolling Ridge Rd, Colorado Springs 80925)

Detective Arndt and I went to the Apple Tree Golf Course to follow up on a tip. The tip said there was an orange bag under a bridge that was big enough to where someone could fit inside the bag. I located the orange bag under a bridge. The bag was a bright orange, almost the color of hunting gear orange. The bag was empty. I took a photo of the bag and it was confirmed to be the correct bag under the bridge. Detective Arndt and I also searched the other bridges along the creek bed. We checked three (3) other bridges and did not locate any items of evidentiary value.

Secondary Search at 9875 Rubicon Dr.

Detective Arndt and I were instructed to go to 9875 Rubicon Drive to conduct a secondary search for [REDACTED]. This address is where one of [REDACTED] friends lives by the name of [REDACTED]. We searched the house and there was no sign or further evidence at this home to help in locating [REDACTED]. We left the address.

Taco Bell (405 E Platte)

Detective Arndt and I were given another tip to follow up on. The tip was that on January 30, 2020 a child came into the Taco bell alone and ordered food. The child was wearing dark clothing and had greenish/grey shoes on. We looked at the security camera footage we located a child that matched that description in the camera footage. The child was a younger boy wearing all dark clothing. The camera footage was grainy, and it was hard to see what shoes he was wearing. This young boy did not match look like the missing child, [REDACTED]. Furthermore, the manager at Taco Bell said that during this time frame there was a game going on at the nearby high school and it is not uncommon for many kids to come in and hang out and buy food alone. A photo was taken of the boy at the counter and placed into the El Paso County Sheriff's Office Evidence Facility with item # 108.

Neighborhood Canvass (6626 Mandan Dr)

Detective Arndt and I were at 6626 Mandan Dr. I spoke with the homeowner of the address identified as Ricardo Price [REDACTED]. He was able to locate a time frame we were asking for. We got video footage from his Ring camera system from Friday, January 24 to Monday, January 27. We attempted to download the videos on to a thumb drive but could not get the videos to load properly. Ricardo said he would work on it and we could come get the thumb drive the next day.

Neighborhood Canvass (6634 Mandan Dr)

I went to 6634 Mandan Dr. We rang the doorbell knocked door several times with no answer. The doorbell was a Skyview camera. At this time, no one had made any contact to this address to my knowledge.

Neighborhood Canvass (6642 Mandan Dr)

I went to 6642 Mandan Dr. I contacted the homeowner of the house who has a camera on her house. However, the last recorded video that was capture was on July 18, 2019. She was unaware that her camera had a limited about of storage. She did not have any video footage for Friday, January 24 to Monday, January 27, 2020.

I have nothing further at this time.

Initial Information

On Friday January 31, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, I followed up with USAA. I also followed up on Letecia's Bank of America account. I preserved records for two Google Gmail accounts. I also called Letecia's employer with Academy School District 20, and [REDACTED] school, Grand Mountain, to try to determine when and how his absence had been called in.

Follow Up with USAA

I talking with the US Secret Service, I learned of an employee at USAA who would be capable of providing me the information I was seeking in my court order reference Letecia's and [REDACTED] accounts. I called USAA employee **Adam Blaes** at 0948 hours. He provided the following information verbally:

USAA had records of a Youth Spending account linked to both [REDACTED] and Letecia.

There was a transfer of \$2675.70 from PayPal to [REDACTED] account on January 30, 2020.

I then received a follow up email from USAA employee **Derick McCorvey** with screenshots for Letecia's debit card activity and [REDACTED] debit card activity, showing the following:

Follow up Reference Letecia's Text to Academy School District 20

EPSO Lieutenant Mitch Mihalko forwarded me an email from **Brian Grady**, Executive Director for Security and Transportation (ph# [REDACTED] and [REDACTED], email [REDACTED] at Academy School District 20, who had emailed him a PDF attachment showing text messages someone received from Letecia Stauch Monday January 27 at 0300 hours. Mr. Grady received the texts via email from Holly Meacham [REDACTED] who received the

texts from Leslie Hicks, assistant principal of Mountain Ridge Middle School (ph# [REDACTED] or [REDACTED], email [REDACTED])

The text messages had the following content.

CHILD VICTIM

0300 hours "Tecia": I'm sorry for the time of night message but My stepfather passed away....someone hit him with a car while he was walking. I can update you at a later time (sad face).

0437 hours "Tecia": I'm sorry for the time of night message but My stepfather passed away....someone hit him with a car while he was walking. I can update you at a later time (sad face).

0549 hours Leslie Hicks: "Oh my goodness, Tecia! I'm so sorry. Shall we try to find a sub for you today?"

0721 hours "Tecia": ?? It's a parent. All my family lives on the east coast. I am Trying to find a way to get there.

0721 hours Leslie Hicks: Ok. I am just trying to understand your plans so that we can find coverage. Am I understanding that you will not be in today?

0721 hours "Tecia": Yes, it's my parent. I can't believe that would not be an assumption in a time like this.

0721 hours Leslie Hicks: I am so sorry for your loss and we will support you but I cannot make assumptions. I do need some direction from you. We will get a sub today. Please let us know what else you need moving forward.

I then called Leslie Hicks. She advised she received the text messages on her work phone ([REDACTED]) at 0300 hours, and again at 0437 hours. The texts came from Letecia's phone number [REDACTED]. The only prior contact with Letecia was both via text at the same phone number or via email at [REDACTED] ("Taylor Stauch"). The prior conversations were with regard to getting more references and requesting her credentials. There were no texts after Ms. Hicks' final message, ending "Please let us know what else you need moving forward."

Ms. Hicks said Letecia was interviewed on January 10 for a teacher position. She was asked to provide references. Some of the references she provided were suspicious. She provided the following:

[REDACTED] for "**Peggy Coleman**, a Human Services Supervisor in South Carolina" This phone number is actually associated to an **Yvonne Rodger** in Conway, SC per both Accurint and CellHawk.

[REDACTED] for "Connie Huddle, a retired school principal" This phone number actually belongs to [REDACTED]. Ms. Hicks said this phone number went to a computerized voicemail message. No one responded. Ms. Hicks asked for another reference, but Letecia provided another number, supposedly for Connie Huddle. [REDACTED] When Ms. Hicks called this number, she said a female responded and she could hear children in the background. She said the caller ID then popped up "[REDACTED]". At this point, Ms. Hicks asked if she was talking to Letecia, but she pretended she was Connie and said she needed to go and hung up. This phone number is actually [REDACTED].

██████████ for “Sylvia Libby, an Administrator in International Services” This number is a Bandwidth phone number per Accurant and CellHawk.

██████████ for “**Elisa Diaz**, a teacher at Myrtle Beach Middle School” in South Carolina (Elisa Diaz DOB ██████████ resident of Myrtle Beach, SC per Accurant).

CHILD VICTIM

Ms. Hicks mentioned that Letecia told her she would be leaving Thursday January 16 on a cruise. Ms. Hicks said she called Letecia on Wednesday January 15 to request some credentials, and Letecia told her she had left early and was on a cruise in Cabo.

Follow up with ██████████ School

I called the principal of Grand Mountain School, where ██████████ was a student of the 5th grade, to follow up on the excused absence annotated on ██████████ school attendance record for Monday January 27. The record showed “Excused, sick per dad.” The principal was identified as **Brian Pohl**. He said the person who takes attendance is April Tafoya-Baker. He asked her if she could provide any information on how ██████████ was called in sick. She said she believed it was a phone call or message, because she did not have an email. The note indicated he was “excused as sick per dad” was logged on Monday January 27 at 1352 hours. Ms. Tafoya-Baker said she remembered logging this information because she saw ██████████ and realized ██████████ was not in school and she needed to make that note. Mr. Pohl confirmed the number that would have been called to report ██████████ sick would be ██████████ Detective Jessica Bethel informed me ██████████ told her he did not call the school to excuse his son Monday.

Mr. Pohl also advised a teacher at the school, **Kaitlyn Collar**, had an email conversation with ██████████ father Monday night. He provided me a copy of the email string.

At 1615 hours on January 27, Ms. Collar emailed ██████████ (██████████) with a test review attachment.

At 2012 hours on January 27, ██████████ responds,

“Kaitlyn, I’m so sorry to bother you but I’m in Oklahoma for army training and ██████████ is missing. I don’t know where else to go for info. He had mentioned a friend named ██████████ that he had wanted to play with is all the info I have. They ride the same bus so he lives close. He has never done anything like this so I’m terrified of what is going on. My wife is home trying to find him. I don’t want to alarm you but I don’t know where else to turn. My wife’s number is ██████████ if you know how we maybe can find out where this kid lives. ██████████ Sent from my iPhone.”

At 2034 hours on January 27, Ms. Collar responds,

“Hi, I am so sorry to hear this. I have not heard any information but will contact you ASAP if I do. Are you aware that he was absent from school today as well? Did you wife see him this morning?”

At 2045 hours, ██████████ returns,

“Yes he has stomach problems. He had some issues with that today. They still can’t find him. Sent from my iPhone.”

At 2058 hours, Ms. Collar writes,

“Ok, so this happened this evening? I am working with admin but as of now I have been told I cannot disclose ██████████ information. They are working together right now to see what

they can do. We are able to speak with the police and they can speak with one of our administrators. Are they involved yet?"

At 2104 hours, [REDACTED] writes,

"They found [REDACTED] house and he's not there. Sent from my iPhone."

At 2118 hours, Ms. Collar writes,

"Thank you for the update. I am so sorry to hear that. Please keep me updated this evening and I am saying my prayers for you all!"

At 0630 hours on January 28, Ms. Collar writes,

"Hi, Have there been any updates?"

At 0636 hours, [REDACTED] responds,

"Nothing. Sent from my iPhone."

Mr. Pohl also indicated that a David McGhee ([REDACTED])

[REDACTED] reported to him that Letecia and her daughter were going door-to-door the night before [REDACTED] went missing, asking if anyone had seen him. EPSO Detective David Glenn said he had already spoken to Mr. McGhee about this and would follow up.

Mr. Pohl also advised on Tuesday January 28, Letecia told him [REDACTED] had been seen on Academy Blvd with some other boys. I confirmed with Detective Glenn that this had been one of the tips someone provided to law enforcement independent of Letecia.

Google Preservation

EPSO Detective Christina Perry asked me to assist her in preserving a gmail account associated with [REDACTED]. I had also learned from Detective Bethel that

[REDACTED] was associated with email [REDACTED].

[REDACTED] I sent a preservation request for both accounts to Google via their internal website. I received a confirmation reference number #3412196.

Initial Information

On Saturday, February 1, 2020, at approximately 08:00 am, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Detectives became aware through various forensic downloads of electronic devices belonging to the Stauch family of email address associated to Google, Yahoo, Facebook, and Apple iCloud. Several accounts were also discussed during interviews and conversations with the Stauch family.

I was requested to begin drafting warrants in regard to these accounts.

Apple iCloud

At approximately 9:30 am, I began drafting a warrant for five email addresses believed to be associated to Apple iCloud accounts for the Stauch family.

At approximately 10:40 am, I contacted the On-Call Duty Judge, Honorable Judge Meredith Patrick Cord via telephone. Judge Patrick Cord swore me in via the telephone and requested I send the warrant via the On-Call Duty Judge email address. Judge Patrick Cord reviewed the search warrant for information regarding:

Apple Inc., Attention- Privacy and Law Enforcement Compliance, One Apple Park Way, MS: 169-5CLP, Cupertino, CA 95014 .

The accounts belong to Ms. Leticia Stauch, Ms. [REDACTED] and [REDACTED]

At approximately 11:16 am, Judge Patrick Cord approved and signed the warrant.

The warrant was turned into the Court Clerk by Judge Patrick Cord for further processing via email.

The warrant was assigned number 20-365.

The warrant was served to Apple via email address [REDACTED].

The warrant was assigned number 20-363.

The warrant was served to Google via email at USLawEnforcement@google.com.

Facebook Accounts

At approximately 12:00pm, I began drafting a warrant for multiple Facebook accounts and Facebook Group accounts associated to this case. The groups have been utilized throughout this investigation by the community to provide false information regarding this investigation. They have also created issues in releasing information that had not yet been confirmed or released in this case.

Ms. Stauch has also been utilizing her sisters and mother's Facebook accounts to discuss case details. They were identified as Ms. Aimee Lowry (Ms. Stauch's sister) and Ms. Debra Locklear (Ms. Stauch's mother). Warrants for their accounts were also drafted.

At approximately 12:30 pm, I contacted the On- Call Duty Judge, Honorable Judge Meredith Patrick Cord via telephone. Judge Patrick Cord swore me in via the telephone and requested I send the warrant via the On-Call Duty Judge email address. Judge Patrick Cord reviewed the search warrant for information regarding:

Mandan Drive Address

At approximately 5:30 pm, I was informed due to photographs located on Ms. Stauch's cellular phone of [REDACTED] sleeping in his bedroom from the day of his disappearance that an additional search warrant was needed for the Stauch family residence to collect his bed, bedding, pajama's, and other items possibly associated to his disappearance. I began drafting a search warrant for 6627 Mandan Drive, El Paso County, State of Colorado.

At approximately 6:00pm, I contacted the On-Call Duty Judge, Honorable Judge Meredith Patrick Cord via telephone. Judge Patrick Cord swore me in via the telephone and requested I send the warrant via the On-Call Duty Judge email address. Judge Patrick Cord reviewed the search warrant for:

6627 Mandan Drive, Colorado Springs, CO 80911, a single family residence located in El Paso County, State of Colorado. This residence is a single story with an attached two car garage, cream color with white trim and brown bricks. There is a pillar located on the west side of the front entry way with the numbers "6627" in black. The residence faces north and sits on the south side of the street.

At approximately 6:24pm, Judge Patrick Cord approved and signed the warrant.

The warrant was turned into the Court Clerk by Judge Patrick Cord for further processing via email.

BWC NOT AVAILABLE

Initial Information

On Wednesday, February 1, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that [REDACTED] was still missing.

Facebook Preservation Requests

During the course of this investigation, there has been a large amount of Community Support specifically on Facebook. At this time there are three different Facebook Groups referencing [REDACTED]. These groups are Find [REDACTED], Where is [REDACTED], and [REDACTED] Search Party. I have joined each of these groups utilizing a Facebook account used solely for investigative purposes. I have looked at the posts in these groups on several occasions during the investigation.

On this day I observed a post on the Where is [REDACTED] group, that referenced Letecia Stauch (DOB [REDACTED]) commenting in the [REDACTED] Search Party group utilizing her mother's Facebook.

I looked in the [REDACTED] Search Party Group but was unable to find any such post.

I returned to the Where is [REDACTED] page and reviewed the comments. Multiple people were commenting on the post asking what was posted as they could not find it either. One person shared a link that went directly to the original post. I reviewed the comments and it was unclear if it was Ms. Stauch or her mother, Debra Locklear (DOB [REDACTED]). In the comments, multiple people were asking Ms. Locklear's account, details about what occurred leading up to [REDACTED] disappearance.

Someone using Ms. Locklear's account was answering most of the questions presented. The post appeared to be deleted but accessible through the link.

Due to the odd nature of accessing the post, I took screenshots of the post and comment thread to ensure the data was collected.

At this time, I completed a preservation request for the associated link. I also submitted a preservation request for Debra Locklear's account, Ms. Stauch's sister Aimee Lowry's account, Find [REDACTED], Where is [REDACTED], and [REDACTED] Search Party. I received Facebook Case #4475662, and #4476345. I passed all of this information to Detective Courtney McCormack (13150) to complete a search warrant.

iCloud Preservation

On this day I was advised that the Federal Bureau of Investigations (FBI) Agent Kevin Hoyland was collecting all data that could contain location information. I forwarded the information I received from Apple on [REDACTED] iCloud account to Agent Hoyland.

Missing Bedding

Detective Sergeant Rosario Hubbell (07050) advised me to meet at the Fountain Landfill located at 10000 Squirrel Creek Rd, Fountain, CO 80817 at 12:00 pm. I was advised that there was bedding missing from the home and we were going to conduct a search at the landfill in hopes of finding the bedding or anything else of evidentiary value.

I spoke with Detective Jessica Bethel (07088) and learned that there was a photograph taken of [REDACTED] on Monday, January 27, 2020, at approximately 8:00 am on Ms. Stauch's cell phone. In this photograph, [REDACTED] is lying in bed and appears to be sleeping.

The bedding pictured in the photograph has not been located. During the search waiver executed on January 28th, there was a different set of sheets in [REDACTED] room. I asked Detective Bethel to provide me with pictures of the bedding photographed.

Detective Bethel sent me three pictures of the bedding. In the photographs, there was a matching sheet and pillowcase that were light blue with anchors on them and a southwestern style red and white blanket that appeared to have snowflakes on it. It is believed the pillow is also missing.

Transfer Station Searched

At approximately 1200 hours I responded to the Fountain Landfill. Multiple members of the El Paso County Search and Rescue responded as well as several other detectives. We were advised by Sergeant Hubbell that the waste from the Lorson Ranch area was identified by the landfill staff and had been located. We were told to search the waste for anything of evidentiary value in the case to include any bedding, boys' clothing, or indicia for 6627 Mandan Drive. I showed all the searchers the bedding photographs provided to me by Detective Bethel prior to starting the search.

During the search, multiple pieces of mail were found that had addresses in the Lorson Ranch area to include Mandan Drive. Nothing was located with the 6627 Mandan Drive address on it.

Several pillows were collected by Detective Lisa Montville (01060) and transported to the El Paso County Evidence Facility located at 2749 E Las Vegas St.

Evidence Entered

I returned to the investigations office and removed the evidence collected on January 28, 2020, during the execution of a search waiver. I entered the following items into evidence at this time:

1. Swabs from a black and white Nike woman's right shoe. This was found in the laundry room by the garage by Detective Timothy Ferrell (13001). Item # 109.
2. Swabs from a black and white Nike woman's left shoe. This was found in the laundry room by the garage by Detective Ferrell. Item # 110.
3. Swabs of the light switch located in the basement hallway outside of [REDACTED] room. Collected by Detective Ferrell. Item # 111.
4. Swabs of the light switch located inside [REDACTED] room in the basement of the home. Collected by Detective Ferrell. Item #112.
5. Swabs of [REDACTED] bed located on the East wall of the room in the basement of the home.

6. Additional swabs of [REDACTED] bed located on the East wall of the room in the basement of the home. Collected by Detective Vigil. Item #114.
7. Swabs of the exterior side of [REDACTED] door in the basement of the home. Collected by Detective Vigil. Item # 115.
8. Swabs of the interior side of [REDACTED] door in the basement of the home. Collected by Detective Vigil. Item # 116.
9. A burned carpet square found in a trash can located in the backyard of the house. This was found by Detective Ferrell. Item #117.
10. A candle that appeared to have carpet fibers, a sock, and other items melted into the wax. This was found in a different trashcan located in the back of the house by Detective Ferrell. Item # 118.
11. A search waiver signed by [REDACTED] (DOB [REDACTED] for 6627 Mandan Drive. Item #119.
12. Scribe sheet completed during the execution of the search waiver. Item #120.

I have nothing further at this time.

Initial Information

CHILD VICTIM

On 2/1/20 at approximately 0830 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was assigned by Sergeant Hubbell/07050 to canvass the construction sites near Mandan Drive for a person described as a Hispanic male approximately five feet, six inches tall with a pock-marked face and handlebar or fu manchú style moustache named Eduardo.

New Build Area of South of Lorson Boulevard Canvass

I spoke with approximately two dozen construction workers in the new build area south of Lorson Boulevard east of Marksheffel Road, and no one knew an Eduardo matching the description given to me. As I approached the lot labeled 6649 Lamine Drive where the framing for a house was being done, the three Hispanic males there saw me and started speaking together out of earshot from me. They began to back away and then all ran the opposite direction through the unfinished neighborhood. None of them appeared to match the description of Eduardo, but I followed them as long as I could, but they all split up and eventually got into vehicles and left the area. The following are descriptions of them:

1. 20s year old Hispanic male wearing a blue hoodie and black jeans
2. 20s year old Hispanic male wearing a black hoodie with light-colored lettering
3. 20s year old Hispanic male wearing jeans and possibly a dark green hoodie

The following vehicles picked up at least suspects one and two and left the area:

1. A black 2005 Ford F150 pickup bearing Colorado plates AGW632 (VIN [REDACTED] with a black toolbox in the bed.
2. A newer model white SUV with unknown plates.

I was unable to locate anyone named Eduardo, or anyone who knew an Eduardo from the construction area.

- 9785 Rubicon Drive: April Shores stated no one came by on Sunday.

Search of the Area of Highway 105 and Noe Road (Douglas County)

At approximately 1330 hours, Detective Whitehead and I drove to the area of Highway 105 and Noe Road within Douglas County based on information from a tracker placed on Letecia's vehicle the night before. Based on the tracker data, she drove from El Paso County north along Interstate 25, then the stretch of Highway 105 to about the Larkspur area, back south to Noe Road (Douglas County Road 74) to the east, and possibly a private road south of Noe Road, also to the east, which is identified by Douglas County Assessor as accessing parcel number 2771-200-00-021, 13802 and 13800 South Perry Park Road. This road was gated.

Kim Veitch and several other members of EPSO Search and Rescue arrived shortly later with article search dogs, and we searched from Highway 105 along Noe Road eastbound to mile marker two without any substantial alerts from the dogs. I obtained verbal permission from Rochelle Leiser to search the fields on her ranch (12828 South Perry Park Road), which is the southeast corner of Highway 105 and Noe Road. There were several retention ponds, ravines, and discarded items such as a 55 gallon drum and air conditioning unit in the field. The search and rescue dogs became interested in the area south of the first access road to the ranch off Noe Road (approximately GPS 39.180357, -104.914233), but did not really alert on anything specific. Detective Whitehead and I searched about a quarter mile radius of this location, including shoveling mounds of dirt in the area, without any results.

EPC SHERIFF'S OFFICE

At about 1600 hours, members of the organization NecroSearch International assisted in the search by deploying a drone with both optical and infrared capability. They were unable to locate anything of interest in the defined search area, except an outbuilding nearby on the Leiser property, which turned out to be just a roofed pavilion.

CHILD VICTIM

Detective Whitehead located a game camera at Noe Road, about one mile in from Highway 105, which was an access road for the property 1000 West Noe Road. He later informed me the owner of that game camera gave us verbal permission to pull the memory card from the device; however, when I went to inspect the device, it was switched to "Off" and there was no memory card in the device.

2. 2 Footwear Impressions
3. 1 Apple Watch
4. 1 Receipt from the Colorado Springs Airport dated 1/28/20
5. 3 Engine / interior air filters
6. Multiple Swabs
7. Vegetation and debris from the undercarriage.

CHILD VICTIM

I gave the Apple watch to EPSO Detective Stefan Hare for processing. Detective Hare was present with a Volkswagen Technician to download data from the infotainment system.

The search was concluded at approximately 7:15 pm. I ensured a copy of the warrant and a list of items seized was left in the Tiguan. I secured the items seized in locker #A to be processed and entered at a later time.

I prepared a Report of Execution of Search Warrant for 20-347.

2020-00001382 (3) Follow up:

On Saturday, February 1, 2020, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigation's Division, conducted follow up on this case.

CHILD VICTIM

At about 9:00 am, I, along with Detective Robert Sirois, conducted a neighborhood canvass in the new residential construction area of Lorson Boulevard and Old Glory Drive, for a male who Leticia identified as Eduardo. Leticia described Eduardo as a Hispanic male, 5'06", slender, with a mustache and pock marked face, who worked in construction in the area.

I contacted several workers in the area ranging from painters, concrete workers, carpenters, drywall installers and roofers. Of all the workers I contacted, no one knew anyone by the name of Eduardo with the above description. I also did not locate anyone who fit that description.

Detective Sirois attempted to contact several carpenters in the 6400 Block of Chaplin Drive, but they took off running before he could contact them and we were not able to locate them.

At about 1:15 pm, Detective Sirois and I responded to the area of Highway 105 and Noe Road, to meet with search and rescue. Information gathered from a tracker placed on one of Leticia's vehicles indicated she was lingering in the area the night before.

Detective Sirois and I split up with search and rescue with each team having a search dog. The entire length of Noe Road was searched on foot with the dogs, but efforts were met with negative results. I located a game camera facing Noe Road at the entrance to 1000 Noe Road. A sign posted at the entrance had a phone number to contact in case of an emergency [REDACTED]

I passed that information on to detectives working at the office who were able to make contact with the owner of the property. Permission was given by the owner to retrieve the SD Card and download the video. Detective Sirois went to retrieve the card, but the camera was off and there was not an SD Card within.

At about 4:00 pm, members with the NecroSearch arrived with a drone. They conducted an aerial search with the drone, but nothing of interest was located.

I have nothing further at this time.

Search warrant execution on Nissan Frontier:

CHILD VICTIM

On 02/01/2020, at approximately 09:13 am, I, Detective Timothy Ferrell, with the El Paso County Sheriff's Office (EPSO), Investigations Division, conducted follow up in reference to this case.

The Federal Bureau of Investigation's (FBI) Evidence Recovery Team (ERT), executed search warrant #20-3356, on the red 2016 Nissan Frontier, Alaska JMZ869, VIN: [REDACTED] at the El Paso County Sheriff's Office (EPSO) Evidence Facility, located at 2749 E. Las Vegas Ave.

The ERT started processing the vehicle at 09:13 am on 02/01/2020, including photographs, collecting trace evidence, trace evidence filters, swabs from interior of vehicle, engine air filter, and cabin air filters. ERT packaged and sealed all evidence and turned the evidence over to me at 5:07 pm, on 02/01/2020.

I entered the following evidence into the EPSO Evidence Facility:

- Item #93, FBI ERT scribe sheet
- Item #94, Nissan Frontier engine air filter
- Item #95, 2 cabin air filters from Nissan Frontier
- Item #96, 4 trace evidence filters
- Item #97, swab from truck bed
- Item #98, swab from truck bed
- Item #99, swab from truck bed
- Item #100, swab from truck bed
- Item #101, swab from truck bed
- Item #102, swab from truck bed
- Item #103, swab from truck bed
- Item #104, swab from passenger side front door cup holder
- Item #105, trace evidence
- Item #106, trace evidence

A copy of the search warrant and the scribe sheet were left in the vehicle. A copy of the scribe sheet is attached with this supplement.

CHILD VICTIM

At approximately 9:55 am, I attempted to contact the residence at 6634 Mandan Court in attempts to obtain video surveillance from their doorbell camera; however, there was no answer.

Neighborhood Canvas for Eduardo

At approximately 10:09 am, Detective Vigil and I were tasked to complete a neighborhood canvas of the construction area in attempts to identify an Eduardo. We were assigned to the area east of Markshuffel Road up to Grand Mountain School District, and North of Fontaine Boulevard towards the Colorado Springs Airport. We located an individual working in a construction zone that Detective Vigil spoke with and said he did not know a person by the name of Eduardo (See Detective Vigil's supplement).

Identify a young boy seen on camera in front of 6915 Mandan Drive

At approximately 11:00 am, I was asked by Detective Bethel to identify a young male in a blue coat seen on camera in front of 6915 Mandan Drive on January 27, 2020 at 3:27pm.

I first spoke with residence at 6931 Mandan Dr; however, they just set up their ring doorbell on January 28, 2020 and did not know who the boy was in the vide.

I spoke with a resident at 6939 Mandan Dr.; however, their video only records at night.

I spoke with a resident at 6938 Mandan Dr. who stated there were kids playing on Monday at her neighbors home at 6946 Mandan Drive. In addition, she checked her video and there was nothing recorded between the hours of 6:19 am and 4:33 pm.

I went to 6946 Mandan Dr., however there was no answer. In addition, there was no answer at 6947 Mandan Dr. and 6954 Mandan Dr.

I spoke with a resident at 6962 Mandan Dr; however, I was advised the camera only goes to the end of the driveway. He was able to check his cameras and advised me there nothing on it showing the location of the young male.

I went to 6970 Mandan Dr. and the homeowners advised there doorbell only records when someone rings it.

I then spoke with residence at 9505 Rubicon Dr. The resident had a video and I was able to see the young male walking near 6915 Mandan Dr went to play basketball at 6946 Mandan Drive. The resident also stated there were boys playing next door at 6970 Mandan Drive and one of them was wearing a blue jacket.

I went back to 6970 Mandan Drive; however, the boy at the residence was not the same one as in the

video; however, he stated the boy in the video was "[REDACTED]" who is a second grader.

I went back to 6946 Mandan Drive and was able to reach the homeowner through their ring camera. I spoke with Shannon Ruiz (DOB: [REDACTED]). Shannon stated she has seen the video of the boy in the blue coat and identified the boy as [REDACTED] who resides at [REDACTED] and was the boy playing basketball with her son in a blue Grand Mountain Mavericks hoodie. Shannon was unsure of [REDACTED] last name but his mother's name was [REDACTED] ([REDACTED]).

I informed Detective Bethel the young boy in the blue jacket was identified as [REDACTED]

At this time, I have nothing further.

Case Supplement, 20-1382

Detective Statement:

On February 1, 2020, at about 12:00 p.m., Detective Montville was conducting follow-up on this case. I went to the Fountain Landfill, located at 10000 Squirrel Creek Road, in Fountain, Colorado.

Upon arrival, I met with Detective Mike Boggs who explained some of the facts and circumstances regarding this case and the search of the landfill. Detective Bethel had emailed me photographs of suspected missing bedding from 6627 Mandan Drive. I examined the photographs and noted the patterns and colors of each item.

I was assigned to photograph the area and collect any evidence found from El Paso County Sheriff's Office Detectives and members of the El Paso County Search and Rescue Team. The search area had been identified by Detective Mike Boggs.

The search began at about 1:10 p.m. I took digital photographs of the area prior to anyone searching. The GPS coordinates of the east side of the search area were around 38°40'32" N 104°38'2" W. Several pillows were collected during the search by detectives and members of SAR. I conducted a visual examination of each pillow for obvious signs of blood or trace evidence. I took digital photographs of each pillow. I later placed the pillows into a temporary evidence storage locker at the El Paso County Sheriff's Office Evidence Facility located at 2749 East Las Vegas Street, Colorado Springs, Colorado.

No blankets were found during the search that was consistent to the possible missing bedding at 6627 Mandan Drive.

I took additional digital photographs during and after the search. The search ended at about 3:40 p.m. The photographs were placed onto a CD. I later entered the CD into the El Paso County Sheriff's Office Evidence Facility under item number 136. A copy of the evidence voucher is attached to this supplement.

Case Supplement, 20-1382

Detective Statement:

On February 1, 2020, at about 5:19 p. m., I, Detective Montville received a telephone call from Detective Sergeant Rosario Hubbell. Sgt. Hubbell stated members of the search team for [REDACTED] had located a suspicious dirt mound, consistent with a clandestine grave, near the area of Waterville Way and Bonterra Lane, in the unincorporated area of El Paso County, Colorado. Sgt. Hubbell requested I respond to the area to assist with the investigation.

I drove north on Bonterra Lane from Waterville Way. The road came to a dead-end. At the dead-end I met with Sgt. Hubbell, Detective Riley and Detective Brklich. I gathered the necessary supplies I would need to document the area. I was given a ride on an all-terrain vehicle to the middle of a vacant lot located near GPS coordinates: 38°44'2"N 104°40'12"W. This undeveloped parcel of land was located east of Powers Blvd and south of Fontaine Blvd.

I noticed several, random dirt mounds in the surrounding area. The dirt mound I was sent to investigate appeared consistent with the surrounding area and landscape. I took several digital photographs of the surrounding area and suspicious dirt mound. I noted footwear impressions around the dirt mound and on the top layer of dirt. I took digital photographs of the footwear with scale. I learned during this investigation that several members of the search party and a horse had walked on the suspicious dirt mound.

I measured the dirt mound using a tape measure. The dirt mound measured approximately 8 feet and 2 inches from north to south and approximately 5 feet and 9 inches from east to west. The dirt mound had vegetation in several spots with roots, consistent with being in place for more than a week. I also noted large, dried dirt clumps in the dirt. Sgt. Hubbell brushed off several layers of dirt at time. Approximately 6 inches of dirt was brushed off the pile. Detective Brklich also probed the dirt pile in several areas with a metal rod. Compacted and clumped dirt adhered itself to the rod. Digital photographs were taken after layers of dirt were being brushed off and the probing was being done. I found nothing suspicious or consistent with a clandestine grave.

I later placed the photographs onto a CD, and I entered the CD into the El Paso County Sheriff's Office Evidence Facility under item number 139. A copy of the evidence voucher is attached to this supplement.

I left the scene at about 6:30 p.m.

On 02/01/20, I, Detective Mike Boggs of the El Paso County Sheriff's Office (EPSO) Investigations Division, was contacted by EPSO Investigations Sergeant (Sgt.) Rosario Hubbell. I was assigned to assist in the search of the Fountain Landfill located at 10000 Squirrel Creek Road Fountain, CO 80817. I was told there was going to be approximately 10 individuals who would be conducting the search and the trash collected from the Lorson Ranch area had been identified and isolated by Fountain Landfill staff. I was also assigned to transport the tools and equipment needed for those assisting in the search, which had previously been set out. Sgt. Hubbell asked that I arrive before the search was to begin at 12:00 PM and assess if additional personnel would be needed to complete the search.

Upon arrival, I contacted the Fountain Landfill staff on scene. I was taken to the area where the trash had previously isolated. I was shown the trash pile. I was also told the some of the trash from the Lorson Ranch area may have gotten mixed in with another pile so both we left for us to go through. I contacted Sgt. Hubbell and advised him additional personnel would not be needed.

Pre-Search Briefing:

The landfill search team consisted of personnel from the El Paso County Search and Rescue, Detective Christina Perry, Detective Lisa Montville and I. Sgt. Hubbell was present as the on-scene supervisor. A safety briefing was conducted by the landfill staff. After the safety briefing, those involved in the search were told they would be searching the trash for anything items of evidentiary value in the case to include any bedding, boys' clothing and indicia for 6627 Mandan Drive. Detective Montville showed all those involved in the search, photographs of the bedding, which she had obtained prior to starting the search.

Search:

The search began at about 1:10 p.m. Detective Montville took digital photographs of the area prior to anyone searching. Once she was done taking photographs, the search began.

During the search I did not find any items of evidentiary value. Other personnel found mail for addresses on Mandan Drive, but mail was found for 6627 Mandan Drive. For further information regarding the search and items found please see Detective Montville and Detective Perry's supplements.

This is a supplemental narrative for EPSO Case No. 20-1382, Kidnapping.

On 2/01/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I traveled to the Enterprise car rental business located near Denver International Airport (DIA). The Enterprise lot is located at 24530 E 78th Ave, Denver, CO 80249. Their phone number is [REDACTED]. At that location, I met with Officer Maria Boren of the Denver Police Department (DPD), at approximately 1600 hours. Off. Boren is permanently assigned to DIA.

Off. Boren had been dispatched to the Enterprise lot to locate and secure a silver Nissan Altima, bearing Colorado license OMW-400. I had been informed by Det. Bethel earlier on 2/1/20 this license plate did not belong on that car, but it's the one Enterprise mounted to the vehicle before they released it to the person who rented and/or made use of the car. Off. Boren stated she arrived at the Enterprise lot at approximately 1445 hours. The car had been returned to Enterprise by the person who rented it, believed to be Brenda Acquard ([REDACTED]). Off. Boren stated Enterprise personnel had already cleaned the car's interior (vacuuming at least) and they had removed all trash from the car. Off. Boren stated Enterprise had washed the car too, but their car wash does not have the ability to spray and clean the car's undercarriage. Off. Boren and/or Detective Jamie Major (DPD also assigned to DIA) had secured permission from Enterprise for law enforcement to search the vehicle. This is why Off. Boren was staying with the car until I arrived.

I took a few photos of the car. I observed there was some soil and sand stuck to the plastic surfaces inside the car's wheel wells. I had previously been told Letecia Stauch may have driven this car to the area of Larkspur, CO and she had driven on some back roads in the foothills of the mountains. I scraped some soil samples from the wheel wells on the driver's side of the car. Soil taken from the rear, driver's side wheel well, was some clumps of dirt that had fallen to the ground below the car. The location where the car was parked at Enterprise was relatively clean and free of debris. It was obvious these clumps of dirt had come from the Altima. The soil I collected from the left front wheel well was scraped from those surfaces. I used a stiff paper ruler to scrape the soil/sand from the wheel well and I dropped that ruler into the evidence bag with the sample. During this entire collection process, I wore blue latex gloves. I also briefly inspected the car's interior and I didn't notice anything important there. I also inspected the car's engine air filter and I didn't notice any large debris items there either.

When I was done with my search of the vehicle, I informed Off. Boren she could let Enterprise know that law enforcement no longer had an interest in the vehicle, and they could rent it out again.

After I was done at the Enterprise lot, I returned to Colorado Springs with the soil samples. I placed the two evidence envelopes into a secure temporary locker inside EPSO's evidence facility and I placed a padlock on the locker. On 2/11/20, I had evidence technicians open that locker for me so I could formally enter the soil samples into evidence. On 2/12/20, I downloaded the pictures I took of the car from my duty cell phone, saved them to a CD and I entered the CD into evidence as well.

February 1, 2020

On February 1, 2020, I, Detective P. Vigil #10011 of the El Paso County Sheriff's Office, Investigation Division, was assigned to this case (EPSO case#2020-0001382) for follow up.

Neighborhood Canvass (6618 Mandan Dr)

Detective Arndt and I were instructed to go assist with a neighborhood canvass. We went to 6618 Mandan Dr, the homeowner stated they have already emailed the video footage they had to a detective.

Neighborhood Canvass (6626 Mandan Dr)

Detective Arndt and I were at 6626 Mandan Dr. I spoke with the homeowner of the address identified as Ricardo Price [REDACTED]. He was able to locate a time frame we were asking for. We got video footage from his Ring camera system from Friday, January 24 to Monday, January 27. That footage was placed on a thumb drive and later placed into the El Paso County Sheriff's Office Facility under item #: 107.

Neighborhood Canvass (New Construction Area)

Detective Arndt and I were instructed to conduct a canvass of the area where the new homes are being built. We were given the area from Markshuffle Road and Fontane Blvd to the north all the way down to the Grand Mountain School. There was only constructor work working on Saturday, February 1, 2020. He was working at construction site for soon to be address of 6052 Nash Drive Lot 186. He was in an excavator digging out a foundation. His name was Larry. Larry said he did not know anyone by the name Eduardo, with a pocked marked face, handlebar mustache about 506 with a slim build. He said that most of the construction work Monday-Friday from 7:30 AM - 4:30 PM. He did not have any further information.

Neighborhood Canvass (6915 Mandan Dr)

Detective Arndt and I were instructed to follow up on camera footage that was sent in as tip. The video footage was of a boy wearing blue hooding walking down their street then yells at some of friends and runs toward the south. I contacted the homeowner identified as Kyle. He said he was just going through his camera footage and saw this. He thought it would be smart to send it in. Supplemental Narrative

Detective Marissa Williams #12009

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Saturday February 1, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, followed up on several tips that had come into the El Paso County Sheriff's Office per Detective Glenn. I followed up on the trash services used in the area of Falcon (Safeway) and the University Village Shopping Center (surrounding PetCo). I also responded to the Enterprise Rent-a-Car location on Chelton Rd in Colorado Springs reference vehicles Letecia and her family were currently using. I also attempted to determine which car wash Letecia had used to wash the Volkswagen Tiguan on Wednesday January 29 just before arriving at the Sheriff's Office at approximately 1200 hours.

Tips

I called **Raymond Miller** [REDACTED], who stated he is in the army and has used volunteers in the army to conduct a search party in the Lorson Ranch neighborhood Tuesday January 28. The party consisted of 100-200 members. The only areas of the neighborhood left in question were: 1) a pond to the north of the neighborhood which had iced over, but which had several places where the ice appeared to have been disturbed, and 2) the Jimmy Camp creek bed north of the neighborhood had small footprints leading away from the neighborhood, which were lost at a certain point (indicated on the map, will send me a screenshot of place where footprints were last seen). Otherwise, Mr. Raymond stated he received an email from someone who said a psychic told them she saw a vision that [REDACTED] was in Helen Hunt Falls. A couple volunteers with the army went out this morning and checked the area with negative results.

I called Adam (ph# [REDACTED]), who stated on Thursday January 30 between 1615 and 1630 hours, he was driving north on Corporate Dr at Mark Dabling in Colorado Springs. He had just made a purchase at the hockey store down the street (Pure Hockey, 6255 Corporate Drive) when he observed a child he believed could possibly be [REDACTED]. He described the child as appearing to be approximately 12 years old with dark hair. He had a hood up over his head and was wearing a blue jacket. He was by himself and had a backpack and was carrying a hard-shell case in one hand. He was on the west side of the street, walking south on the sidewalk. He was between the Platinum Group Realty and the Indian Motorcycle dealership buildings at the time he saw him.

EPSO SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

I also canvased Grinde Drive between Trapper Ln and Lyckman Dr in Fountain, CO based on a

tip Detective David Glenn received. A reporting party stated either Tuesday January 28 or Wednesday January 29 between 0500 and 0600 hours, they observed a child similar to the description of [REDACTED] walking north on Grinde Dr, coming from the area of Lyckman Dr and Lyckman Pl, near the Welte Education Center. The child was picked up by someone in a dark-colored truck in front of one of the houses on Grinde Dr. I identified one residence with exterior surveillance cameras in the area, 1018 Grinde Dr. The resident, **Jacie Olson** ([REDACTED]) showed me her Ring doorbell footage, which did not pick up any children or trucks in the area during the dates and times indicated.

Trash Services: Falcon and University Village

Per the request of Lieutenant Mihalko, I followed up on trash services for Falcon Safeway (7655 McLaughlin Rd, Peyton, CO) and University Village Shopping Center (5262 N Nevada Ave, Colorado Springs, CO).

Falcon Safeway

Safeway manager Ian advised they use Waste Management (POC Mike [REDACTED]). They have an internal access compactor in the back, but also two dumpsters on either side of the store that are open.

University Village Shopping Center

Trader Joe's (5342 N Nevada Ave) manager **Michael McCarthy** advised they use Waste Management, but that they leave the dumpster doors open and normally keep the dumpster itself locked.

Costco (5050 N Nevada Ave) advised they use Waste Management, but have a trash compactor which is only accessible from inside the building

Lowe's (4880 N Nevada Ave) manager Shawn advised they use Waste Management, but have a trash compactor which is only accessible from inside the building

I called Waste Management Transfer Station and spoke to a female employee (who did not provide her name), ph [REDACTED]. I asked to speak to a supervisor about holding garbage collected from specific locations. She stated she would give the supervisor my message, but said I would probably not get a call back until Monday.

Enterprise Rent-a-Car

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

Per the direction of EPSO Detective Sergeant Jacob Abendschan, at approximately 1340 hours, I

responded to Enterprise Rent-a-Car at 421 N Chelton Rd, Colorado Springs, Colorado. I spoke with assistant manager **Brooke Adamek** and employee **Chase Bodenhorn**. I inquired as to whether the following persons had rented or returned any vehicles within the last week: Letecia Stauch, [REDACTED], Debra Locklear, and Aimee Lowry. I was told by Mr. Bodenhorn that Ms. Lowry was a secondary driver on a cargo van that was returned to this location today. I asked specifically about the vehicle bearing Colorado license plate #OMW400. Ms. Adamek advised that vehicle had been rented by a **Brenda Acquard**, the same person who was the primary for the cargo van that had been rented at this location. The vehicle bearing Colorado license plate #OMW400 was confirmed a gray Nissan Altima. It had been rented from the Denver International Airport location (24530 E 78th Ave, Denver, CO) on January 30th and was returned to the same location today. Ms. Adamek stated when a vehicle is rented using a debit card, return flight information is required. However, when a vehicle is rented under a credit card, that information is not compulsory. The Enterprise area manager (for Colorado Springs) contact was provided, **Shane Ansell** (ph# [REDACTED]).

I later identified Brenda Acquard as **Brenda G Acquard** (DOB [REDACTED]), a resident of Lumberton, North Carolina, alleged to be an aunt of Letecia Stauch on her mother's side.

Car Wash Search

Between 1630 and 1800 hours, I went to the following car washes I identified within a 3 mile radius of the El Paso County Sheriff's Office (27 E Vermijo Ave, Colorado Springs, CO):

- 525 S Nevada Ave (Water Works Car Wash) - I spoke to the manager Mike and reviewed the video from 0900 to 1200 hours for Wednesday January 29, 2020. No black Volkswagen Tiguan was seen in the video. The license plate CYY283 was also not logged as ever having been serviced.
- 1018 S Nevada Ave (Wash and Roll Laser) - I spoke to employee **Robert Grant**, who showed me the video surveillance for the same timeframe. I did not see the Tiguan.
- 395 S 8th St (Speedy Shine Express Car Wash)-I left my business card requesting follow up from the supervisor. I provided the vehicle description and timeframe I was requesting.
- Uintah St and 17th St (National Pride Car Wash)-I observed two exterior video surveillance cameras, one on either side of the business. I could not find an address for the business, much less a phone number or owner name. Per the Colorado Secretary of State website, the owner of the trade name is **John Zayac** with an associated address of 4643 S Ulster St, Ste 1485, Denver, CO 80237. A Google search of the business revealed extensive history of the owner not being responsive to news media, the Better Business Bureau, or customers.
- 1392 S 21st St (Wild Water Washes)-I spoke to one of the owners, **Nick Lewis** (ph# [REDACTED]). He advised his business partner Kyle would be able to review the

video for me (ph# [REDACTED]). I provided him my business card. He stated he would have Kyle call me tomorrow.

- 699 S 8th St (Shell gas station)-I provided my business card to an employee who stated she did not know how to review the cameras, but the manager, Dana Munguia, would be able to assist me.

The following car washes were identified as within the same radius of the Sheriff's Office, but I was unable to contact an employee:

- 2510 E Boulder St (7th Wave Car Wash)
- 309 Bonfoy Ave (Power Wash)
- 86 N Academy Blvd (Wild Blue)
- 2280 S Circle Dr (Car Wash at the Broadmoor)

I later forwarded these businesses to the 4th Judicial District Attorney's Office Investigator Kim Martinez for follow up.

I later learned from EPSO Detective Stefan Hare that the path associated with Letecia's cell phone just prior to arriving at the Sheriff's Office was along the E Platte Ave route, heading from the east into downtown. Therefore, based on this information I will not follow up with the businesses on 8th St and 21st St.

Case Status: SAO

On Sunday February 2, 2020 at approximately 10:00 am, I, Detective Jon Price #02034, visited the EPSO Evidence Facility. I acquired the following items:

1. Air Filters from VW Tiguan (FBI item #9)
2. Swabs of undercarriage of VW Tiguan (FBI item #21)
3. Vegetation and debris from undercarriage of VW Tiguan (FBI item #22)

These items were not yet entered in the EPSO evidence system, but were still secured in locker #A.

I transported these items to Colorado State University in Ft. Collins, Colorado. I delivered them to botanist Pamela Smith for analysis.

Case: 20-1382

Date 02/21/2020

Detective S. Hare #11014

CHILD VICTIM

On February 2nd, 2020 at approximately 1030 hours I was instructed by Sergeant Rosario Hubbell to coordinate video retrieval at 6643 Mandan Drive. 1103 hours I met with Roderick Drayton the homeowner of 6643 Mandan Drive. Mr. Drayton informed me that he had viewed two videos which he believed showed relevant video footage. I copied several hours of footage. These files were hosted on a cloud service account I noted the account as "Rod_Drayton". I copied the available files. Mr. Drayton provided verbal consent to access his account and I learned these videos had been previously collected during a neighborhood canvas before my arrival. Mr. Drayton provided verbal consent for EPSO to navigate through other videos. His account information was logged into from the Office of the Sheriff.

Detective Whitehead and I reviewed this video in conjunction with the neighboring ring doorbell at 6626 Mandan Drive. Preliminary time frames were noted and a search warrant was authored for the Xfinity account. This data is only available in 3 minute intervals and the data connection would intermittently reset proving to enhance the difficulty of downloading relevant video. To ensure data integrity I submitted a preservation order to Xfinity for the account Rod_Drayton. At the time of this report search warrant results are still pending for this account.

I copied the files obtained to optical media, sealed this media inside a manila evidence envelope and placed this item into the El Paso County Sheriff's Office under item #443.

I have nothing further at this time.

On Sunday, February 2, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

Detective Stefan Hare contacted me via telephone and informed me he completed a search warrant for [REDACTED] cell phone information including tower locations. Detective Hare told me there was a possibility [REDACTED] and Mrs. Stauch could have been on Fort Carson on Monday, January 27, 2020 based on information gleaned from the search warrant.

I attempted to contact physical security on Fort Carson to request a download of all gate videos and CAT card readers to see if Mrs. Stauch came on post. I was not able to reach anyone. I contacted Lt. Mihalko, who was able to contact command staff on post and submit the request for video, license plate readers and CAT card scans. Detective Robert Sirois was tasked with collecting the content and ensuring it was reviewed.

I will continue to document investigative efforts in additional supplements.

INTRODUCTION:

I, Detective Vincent Sapp 08035, am a Metro VNI Detective from the El Paso County Sheriff's Office (EPSO) and have been employed by EPSO since 2008. I am currently assigned to the FBI Southern Colorado Safe Streets Task Force (SCSSTF) as a Task Force Officer (TFO). I have been in my current position as a TFO since September, 2015.

DETECTIVE STATEMENT:

On February 2, 2020 I learned that an Amazon Echo Dot device may be in the residence. Through training, and experience I learned that the Echo Dot device records a user's voice when it receives commands. Through research I learned of law enforcement cases in which data was recovered from the Amazon "Alexa" account. In some of those cases recordings were captured when the device was waiting for the "wake" word or phrase even though the device was not directly engaged. I contacted an Amazon Law Enforcement liaison and learned that the "wake" word or phrase could be changed to anything the user chose but that it was "Alexa" by default. I also learned that search queries and recordings would potentially be stored in the account and the device as long as they weren't deleted. I was made aware that even if there was a file deleted there was potential for it to remain in the custody of Amazon.

SEARCH WARRANT:

On February 5, 2020 I prepared a search warrant for the Amazon Echo Dot device found in the room belonging to [REDACTED] with associated number DSN [REDACTED]. The Honorable Judge Ann Rotolo granted and signed the warrants at 8:22AM. The warrant was served electronically and a copy was sent by certified mail to Amazon.

On February 12, 2020 I received an electronic return of results from Amazon Law Enforcement Response Specialist Kristi Irwin. These results were downloaded to a disc and will be placed into evidence.

Case Title: Missing/Runaway Child
Detective Nickolas Brklich # 05007

CHILD VICTIM

This is a supplement to Case # 2020-1382 Supp 5

Sunday February 9, 2020

Initial Call

On Monday February 3, 2020, at approximately 8:00 am, I, Detective N. Brklich was asked to assist with a search in the area of 2212 Executive Circle, Colorado Springs, CO, 80906 (El Pomar Sports Park). Reports had been received of a possible clandestine grave site in this area. Due to this area being in the jurisdiction of Colorado Springs Police Department (CSPD), members of their homicide unit were also there to observe.

Investigative Activity

At approximately 8:00 am, I met with Sgt. K. Smith and was briefed on what actions we would be taking. At approximately 11:30 am, I along with Sgt. Smith and Metro Crime Lab CSI proceeded to the reported site to begin processing the area. After initial photographs of the area were taken by CSI, I began a probe of the site. Upon meeting with negative results of possible foreign objects approximately one inch of soil was removed from the area. This method was repeated until we were able to reach an area of solid ground with rock and vegetative growth. No remains were discovered in this area.

Additional Investigative Activity

At approximately 3:00 pm, I contacted several trash transfer stations in the area requesting information on persons using the facility for dumping their trash. I was informed there is not a record kept of who dumps trash at the transfer stations. An identification card is only held in the cases where individuals need to use a safety vest provided by the company. I was informed the card is only held but not recorded.

Search Warrant Execution

At approximately 6:00 pm, I was directed to proceed to 6627 Mandan Dr, Colorado Springs, CO 80925, to assist the Metro Crime Lab CSI's with additional processing of the residence. Upon arrival I met with Detective Sgt. Rosario Hubbell, Detectives Mark Riley, Tim Ferrell and members of the Metro Crime Lab CSI's. CSI's began the processing by photographing the residence. I was later informed the main purpose of this search was to attempt to locate any possible blood residue which may have been cleaned up or missing while attempting to clean.

During the processing of the residence it was determined several areas of the house showed a positive reaction to the Bluestar blood reagent being used, indicating the presence of possible blood. Several attempts were made to capture this reaction with digital photographs, which met with negative results. The following are areas I observed the Bluestar reagent reacting in a positive result:

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

Main level: several spots reacted on the carpet leading from the stairs to the laundry room area. The laundry room area also leads to the garage.

Stairs: The stairs leading to the basement consist of approximately six steps leading to a small landing. From the landing the stairs turn to the right with approximately six additional steps leading to the basement area. I was able to observe a positive reaction in the following areas of the stairs: multiple spots on three of the steps leading to the landing. One step appeared to be spread out as if it was scrubbed or wiped up. Multiple spots on the landing to include spots on the baseboard and wall, multiple spots on the stairs leading to the basement.

Basement: I observed a large area react positively at the basement landing of the stairs. This area also appeared to have been scrubbed or wiped up. I also observed spots next to the computer table, spots leading into and within the storage room and spots leading into the bedroom of [REDACTED]

[REDACTED] bedroom: I observed multiple areas on the carpet and on the inside door handle of the bedroom door. While standing in the doorway and identifying the wall straight ahead as the north wall, I observed a large area of positive reaction on both the east and north wall. This is the corner of the room where [REDACTED] bed was located. Upon pulling the carpet away from the wall, I was able to see what appeared to be blood soaked through the carpet, the underlying pad and staining the cement floor below. This carpet and padding was cut out and taken as evidence for additional analysis at a later time.

Items recovered during the search of the residence consisted of multiple swabs of possible visible blood stains and swabs of positive Bluestar reactions, photographs, carpet and padding from basement bedroom and a Smith and Wesson M&P 9C 9mm pistol.

CHILD VICTIM

Initial Information

On Wednesday, February 3, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that [REDACTED] was still missing.

Background Information on [REDACTED] Boyfriend

On this day I was asked to gather background information on [REDACTED] (DOB [REDACTED] boyfriend.

[REDACTED] boyfriend was identified as Jace Morin (DOB [REDACTED]). I conducted a search of multiple law enforcement databases I have access to.

10645 Delaney Lane came back as an address associated with Jace. A search of the county assessor's website showed the owners of this house to be Lanelle Morin (DOB [REDACTED] and Pete Morin (DOB [REDACTED]). I conducted a search of Mr. and Ms. Morin through multiple databases and found the following associated phone numbers. Ms. Morin showed an associated phone number of [REDACTED] and Mr. Morin showed an associated phone number of [REDACTED].

Through my searches, I did not find anything of note for Mr. and Ms. Morin. I was able to locate a Facebook and Instagram account associated with Jace Morin. On his Facebook profile is a picture of a red Jeep Cherokee with Colorado license plate number CBE-306.

I conducted a query of this license plate in NCIC/CCIC and it came back to a Jace Morin at 10645 Delaney Lane.

Identifying Phone Numbers

Detective Jessica Bethel (07088) notified me of four unidentified phone numbers that were in contact with Letecia Stauch (DOB [REDACTED] during the time frame that [REDACTED] went missing.

I searched multiple Law Enforcement Databases and found the following:

CHILD VICTIM

On 02/03/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO), conducted follow up on this case.

At approximately 11:00 a.m., I assisted in the execution of a Search Warrant at the Stauch home located at 6627 Mandan Drive.

The search began in the garage area of the home by the Colorado Springs Police Department Metro Crime Lab. Crime Scene Investigator's Christian Lewer and Robert Zaleski processed the garage. During this initial search, BlueStar was used. It is described as a forensic blood reagent used to reveal blood that is not always visible to the naked eye.

The following items were seized during the garage portion of the search;

1. Trace evidence
2. Photographs
3. Wood samples
4. Rug

A scribe sheet documenting the items seized was completed and a copy is included with this report.

Later in the evening, the search was continued in the remainder of the house. This portion of the search was delayed due to the need for darkness to complete processing with the use of Bluestar. The closed garage was sufficient to allow the use of Bluestar during that portion of the search.

During the search of the remainder of the home, Bluestar revealed blood from [REDACTED] room downstairs, into the family room downstairs, up the stairway and out to the garage.

Due to camera malfunction, the Bluestar reaction was not captured in photographs.

In the southeast corner of [REDACTED] room, a suspected blood stain was found in the carpet, carpet pad and on the concrete below. These were all documented in photographs.

At the completion of this search, the following items were taken;

1. Multiple swabs (possible blood and Blue Star positions)

The Crime Lab took possession of the items seized. A scribe sheet was completed for the items taken.

A copy of the scribe sheet is included with this report.

Jan 28 2020 at 0915 - Soldiers get out of the SUV and Leticia and [REDACTED] pull into the driveway in the Kia Rio. Nissan is parked curbside.
Jan 28 2020 at 1000 - Soldiers leave in Silver SUV, moments later Nissan returns home and parks curbside.

CHILD VICTIM

The Ring camera located at this address did not pick up on every movement. The Nissan can be seen parked curbside at the residence, will be gone in the next video, and then can be seen parking curbside at the residence in the next video. Some videos are not available. In some videos, the camera freezes, but sound can be heard.

There are four videos of significance from 6626 Mandan Drive:

Jan 28 2020 at 0622 - Tiguan leaves the house.
Jan 28 2020 at 0632 - Tiguan returns to the house and appears to sit in the driveway for at least two minutes.
Jan 28 2020 at 0634 - Garage door opens and someone can be seen moving from left to right inside the garage and appears to be dragging something. That part of the video is only about one to two seconds.
Jan 28 2020 at 0636 - Tiguan backs into the garage and there is movement near the front of the garage by the headlights right before the video stops.

Video from 6643 Mandan Drive, shows the Tiguan pulling out of the garage and 8:13 am. A parking voucher found in the Tiguan shows an entry time of 8:30 am on 01/28/20, and an exit time of 7:02 pm on 01/28/20 with a duration of 10 hours and 32 minutes.

I downloaded the aforementioned videos from 6626 Mandan drive to a DVD and placed it into Evidence Locker #INV1 as Item # 150.

I have nothing further at this time.

Search warrant execution at 6627 Mandan Dr:

CHILD VICTIM

On 02/03/2020, at approximately 06:00 pm, I, Detective Timothy Ferrell, with the El Paso County Sheriff's Office (EPSO), Investigations Division, assisted in executing a search warrant at 6627 Mandan Dr.

The Colorado Springs Police Department Metro Crime Lab (MCL) had already started processing the residence earlier in the day with other detectives. Upon arrival back at the residence, they again photographed the residence to show the state it was in at the start of the search.

MCL resumed processing the scene in the hallway directly inside of the laundry room. Upon using Blue Star, several areas in the hallway leading from the laundry room to the stairs to the basement exhibited a reaction. MCL attempted to photograph the reactions but were having issues with the camera capturing the Blue Star reaction. I observed MCL swab several of the areas where the reaction occurred.

MCL then followed the Blue Star reactions to the stairs leading to the basement. I observed a reaction on a piece of trim at the top of the stairs on the garage side of the stairs. There were numerous Blue Star reactions on the stairs leading down to the basement. Multiple stairs appeared to have been scrubbed based on the wide swath of the reaction visible. MCL also located two visible spots they believed was possibly blood. One was on the trim on the first landing halfway down the stairs and the second was on the wall on the side of the staircase facing the front of the house. I observed MCL attempt to photograph the reactions but again had issues with the camera capturing the reactions. I also observed MCL swab multiple areas of the reactions on the stairs and they also swabbed both visible spots.

MCL then checked the area of the basement directly at the bottom of the staircase. A large area approximately 4 feet by 6 feet was observed to have a reaction to the Blue Star. I observed MCL attempt to photograph the reaction and they swabbed the area of the reaction.

MCL then continued with Blue Star and found areas which reacted leading into the utility room in the basement and into a bedroom located near the utility room. MCL photographed and swabbed the areas in the utility room and the hallway leading to the bedroom.

MCL used Blue Star in the bedroom and I observed several areas react leading to the back-right portion of the room which had contained a bed previously taken as evidence. Blue star reactions were also observed on the wall in the back-right corner of the room. I took two photographs of the Blue Star reactions on the wall using a cell phone due to MCL having continuing issues with their camera. I later downloaded the two photographs onto a CD and placed it into evidence at the El Paso County Sheriff's Office item #137. MCL was able to photograph the reactions using their camera and swabbed the areas.

After MCL completed the photographs, Sergeant Rosario Hubbell was looking at the carpet in the corner of the room and when he touched the edge, stated it felt like something was in the carpet. MCL pulled back the edge of the carpet and located a large brown/red stain on the bottom of the carpet consistent with possibly being blood. It was found to have soaked through the carpet and padding

underneath and had stained the concrete. MCL photographed the stain and removed the carpet and padding for later processing and swabbed the stain. I also observed the inside door handle to the room appeared to be covered in a brown substance. MCL checked the door handle with Blue Star and observed a reaction. A swab was taken from the door handle.

CHILD VICTIM

A handgun was also located in the residence in the master bedroom and was taken for further processing. The handgun was a Smith & Wesson 9mm, unknown serial number due to it being covered by the grip.

MCL collected all evidence for further processing in their lab. I completed a scribe sheet for the items collected while I was on scene and a copy was left with the search warrant on the kitchen counter. I provided Detective Mark Riley with the original scribe sheet.

I have nothing further.

I was able to go to the gym everyday, dance classes, vacations, etc. Now, I'm attending softball practice, preparing dinner, and helping with homework. I willingly chose this life, and I don't want you to feel guilty. But I am asking that you be aware of what I have given up and supportive of those times when I choose to pursue my passions. You may not see it, but there's a double standard put on stepmoms. We are held to an extremely high standard, and the second we screw up, someone is on our cases. The world looks for flaws in us more than they do biological parents. But if I could be in this same place with a husband that understands my perspective a little better, my quality of life and peace of mind would be exponentially better. There are many things I do around the house to keep our home running smoothly, and honestly, you probably don't even notice half of them. Understand that I may make it look easy, but I could always use your help. We both work really hard, and I understand when you're home, you want to relax. But I enjoy relaxation too</p>

Sergeant Rosario S. Hubbell EID 07050
Supplement to case 2020-00001382
Missing Person

On Monday, February 03, 2020, Detective Sergeant Rosario S. Hubbell of the El Paso County Sheriff's Investigations Division Major Crimes Unit, conducted follow up on case 2020-00001382.

Initial Brief

I was the supervisor on scene for an additional search of 6627 Mandan Drive. This search was specific to locating potential blood evidence not visible to the naked eye. This would be accomplished with the Colorado Metro Crime lab Crime Scene Technicians using Blue Star. Blue Star is a reagent used to do a presumptive test for blood. I directed the Crime scene technicians to start in the garage and follow any positive hits until they stopped. The following is summary of Blue Star processing for details on items swabbed and collected please refer to the CST's (Crime Scene Technician's) report.

Scene

The scene was located at 6627 Mandan Drive in unincorporated Colorado Springs, El Paso County, State of Colorado. The location is a single-family ranch style home with a finished basement. The house generally faces north.

The Blue Star processing started in the garage, my presence was to provide assistance to the Crime Scene Technicians, Detectives and observe the Blue Star process. Blue Star is a liquid that is sprayed on surfaces and illuminates potential blood not visible to the human eye. This process is done in low light so the illumination can be seen. I assisted with this process by helping to turn lights on and off when needed between spraying and photographing.

The process started at the stairs for the entry/exit door into the garage. The overhead garage door was closed, and the entry door was closed to eliminate outside light. The Blue Star showed positive results on the stairs and the rug at the foot of stairs.

The Blue Star was used moving to the east in the garage and did hit showing a possible blood trail from the stairs to a set of four boards laid on the garage floor. The trail then ended at the lumber.

Christian and Robert then moved back to the stairs and started at the threshold of door into the house. This door opens in the laundry room then moves into the house. The laundry room did have some positive reaction to the Blue Star. On the floor next to the threshold for the doorway in the living area of home was a positive reaction to the Blue Star. This indicated the potential

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/2021

of additional positive hits into the hallway and living room area. Christian and Robert continued in this direction and did find some positive hits from the Blue Star in this area. Christian began to have issues with photographing the positive hits. Due to the technical difficulties with the camera I completed a sketch. The Sketch is not to scale and only a summary of my observation

CHILD VICTIM

to provide a general overview of what was seen and is not an exact duplication.

The Blue Star continued to show positive hits as the team continued to move down the stairs to the basement level. During the process of getting positive hits sample swabs were taken from several the areas having positive hits. At the base of the stairs there appeared to be a very large are that was consistent with cleaning. The Blue Star did not show an immediate hit but began to illuminate a large area slowly. This would be consistent with the Blue Star reacting to potential cleaning agents showing a large area of cleaning. There were still technical difficulties with the photographs, and I completed another sketch of basement area.

There were some small hits of Blue Star that lead from the stairs to the hallway leading to [redacted] room and into [redacted] room. While setting up in [redacted] room I saw an area next to wall near the south east corner of the room. There area next to the wall below the electrical socket had a stain on the carpet that appeared to be blood. I knelt down next to the stain and brushed my hand across the surface. I realized I had just removed my gloves and had not yet placed a new pair of gloves on. I immediately notified CST Christian that I had found a potential blood stain and I touched prior to replacing my gloves. Christian said he would note that in his

the electrical's OFFICE
 Release to Jennifer Knight

report.

I then requested the carpet be pulled back to see if the stain had saturated the carpet. The carpet was pulled back and revealed the stain had saturated the carpet and was visible on the backside of the carpet. The stain saturated the padding and was visible on the concrete underneath the padding. The carpet and padding were cut and collected.

The blue star was used on the east and south walls near the south east corner of the room and positive hits were observed. Photographs of the positive hits were taken.

After conferring about the positive hits from the Blue Star it appeared the positive hits were consistent with showing a movement from [REDACTED] room to the hallway, the storage room next to [REDACTED] room the basement area near the stairs, up the stairs and from the stairway toward the laundry room and into the garage. All these positive hits revealed themselves without an initial visual clue that blood was present. This would be consistent with the blood being cleaned up.

Copies of the sketches are attached to this report and were entered into evidence under item number 709.

The property invoice is attached to this report.

Nothing Further.

Case status - Same as original.

This is a supplemental narrative for EPSO Case No. 20-1382, Kidnapping.

On 2/3 and 2/2, 2020, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I received some emails and reports from Pam Smith [REDACTED], a Botanist associated with Necro Search International and working at Colorado State University. The reports related to some analysis Smith did on some plant material recovered from vehicles associated with this case. I have attached her messages and reports to this supplemental report. Instead of my trying to interpret or explain Smith conclusions, I would refer the reader to her reports and emails for all the details. I can say the reason Smith was contacted was to utilize her expertise to determine where the searched vehicles the plant materials came from had traveled.

Attached to this report are the following documents:

1. Email from Pam Smith dated 2/2/20 at 0751 hours.
2. Email from Crystal Strouse, an associate of Pam Smith, dated 2/2/20 at 0855 hours.
3. Email from Pam Smith dated 2/3/20 at 0753 hours.
4. A PDF document received from Pam Smith in connection with Item #1 above.
5. A MS Word document received from Pam Smith in connection with Item #3 above.

CHILD VICTIM

Initial Information

On Monday February 3, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, called Jim Gillen with the National Insurance Crime Bureau. I also identified the location where Letecia got fuel on Monday January 27, and I issued several court orders for financial records and a search warrant for the records from the gas station.

Insurance Inquiry

I called Senior Special Agent Jim Gillen with the National Insurance Crime Bureau (NICB) to request any records of open policies or claims relating to Letecia Stauch, [REDACTED], [REDACTED], [REDACTED], and [REDACTED] with emphasis on records relating to [REDACTED]. Mr. Gillen advised he could research claims, but would have to refer me to the International Claims Association (ICA) to research open policies. I emailed the ICA at [REDACTED] to request records of open life insurance policies for [REDACTED] and Letecia Stauch.

Follow Up with USAA

20

EPSO Detective Mark Riley advised me [REDACTED] had given the El Paso County Sheriff's Office permission to access his USAA account online using his username and password. Detective Riley called him and [REDACTED] double-authenticated the access via text code. I then took screenshots of recent activity and associated insurance policies and credit card accounts. The following transactions were recorded for [REDACTED] and Letecia's joint account, checking [REDACTED]

Car Wash Follow Up

Based on the charge observed on the USAA account at Hot Wash, at 1115 hours I responded to Hot Wash car wash located at 4365 Venetucci Blvd and spoke to assistant manager Brigeta Holston, employee Taylor, and owner Jared Maddox (ph# [REDACTED]). I reviewed the video surveillance for Wednesday January 29 and did not observe Letecia or the Volkswagen Tiguan come through the wash between 1000 and 1200 hours. When Ms. Holston checked the account, the it showed the charge on the USAA account was for a monthly Deluxe Club membership, charged to a card ending in * [REDACTED]. The account was opened May 1, 2019. The last visit was January 8, 2020 at 1127 hours. The associated vehicle license plate was * [REDACTED] Carolina.

Gas Station Follow Up

CHILD VICTIM

I spoke to Detective Stefan Hare, who had reviewed the ping reports from AT&T relating to [REDACTED] cell phone. He advised that [REDACTED] cell phone pinged along Mesa Ridge Pkwy with a radius that overlapped Fountain Mesa Rd and Mesa Ridge Pkwy. On Monday January 27 at 1037 hours, [REDACTED] [REDACTED] cell phone sent a message to [REDACTED] his step-sister, advising that he was with his step-mother Letecia, and that she had left her cell phone at home, so if [REDACTED] needed to get a hold of Letecia to contact him [REDACTED]. The cell phone belonging to [REDACTED] showed a history of being in the area of Mesa Ridge Pkwy and Fountain Mesa Rd on January 27 at 1018 hours. The next location showed [REDACTED] phone in the area of Fontaine Blvd and Kokomo St with a radius of 2500 meters, which overlaps a Conoco along Mesa Ridge Pkwy at Fountain Mesa Rd with the address of 7725 Fountain Mesa Rd in Fountain, Colorado. There is a secondary location recorded at the same time (1035 hours), showing [REDACTED] phone within 2500 meters of Fort Carson, near Mesa Ridge Pkwy and I-25. The large radius of 2500 meters is indicative of movement, but tends to show the route of movement along the corridor of Mesa Ridge Pkwy, heading toward I-25. The subsequent location at 1047 hours then places the vehicle within 1500 to 2500 meters of I-25 and S Circle Drive, heading north along I-25.

Ring doorbell cameras and Xfinity security cameras of neighbors across from and west of 6627 Mandan Drive show Letecia leave the residence with [REDACTED] [REDACTED] in their 2016 red Nissan Frontier at 1013 hours.

A Google maps search indicates the time it would take to get to the Conoco gas station at 7725 Fountain Mesa Rd from 6627 Mandan Dr is between 10 and 12 minutes by car. This average driving speed measurement would put Letecia and [REDACTED] at the Conoco at approximately 1025 hours, just before the requested authorization to pump gas occurs at 1029 hours on Letecia's American Express card.

On Monday February 3, 2020 at 1200 hours, I went to the Conoco located at 7725 Fountain Mesa Rd and spoke to the owner of the store, identified as Alan Du (DOB [REDACTED]). I explained the circumstances to Mr. Du and asked him to review the video footage and receipts for the gas purchase, but he refused to do so, stating that it was a waste of his time. He walked away from me and went out the door. I left my business card with employee Letecia Crosby at 1220 hours and advised her I would return with a search warrant and that Mr. Du can contact me if he changes his mind and decides to talk to me.

Grand Mountain School Phone Records

I followed up on the phone number associated to Grand Mountain School, [REDACTED] by checking it in CellHawk to determine the service provider. CellHawk reported the provider as iLoka dba Microtech-Tel, aka New Cloud (ph [REDACTED] fax# [REDACTED]). I called the business and spoke to Amy at 0900 hours. She advised the business address is 160 Inverness Dr W #100, Englewood, CO 80112. She stated she would have someone call me back regarding the account confirmation. I later received a call from Jim Byrns, who confirmed the customer account. He advised to email the court order to Jim Byrns at fax # [REDACTED].

Waste Management Follow Up

I attempted to follow up with Waste Management. I had received a voicemail from Frank Ingraldi (ph [REDACTED] around 0800 hours. I called him back at approximately 0930 hours and got his voicemail. I left a message. I also called the Waste Management Transfer Station again and requested follow up from a supervisor.

Court Orders and Search Warrant Signed

At approximately 1530 hours, I presented to the Honorable Judge Laura Findorff in Division F of the El Paso County Courts three court orders and one search warrant for the following:

- **Capital One Bank, Attn: 12070-7000, 15000 Capital One Dr, Richmond, VA 23238**, to order the production of records relating to [REDACTED]
- **Bank of America, N.A., Attn: Legal Order Processing/ Christina IV, 800 Samoset Drive, Newark, DE 19713**, to order the production of records relating to Letecia Stauch.
- **NewCloud Network, Attention Jim Byrns, 160 Inverness Drive W, Ste 100, Englewood, CO 80112**, to order the production of records relating to phone number [REDACTED] to include all related numbers on the same account.
- **The gas station/convenience store (7-Eleven/Conoco), located at 7725 Fountain Mesa Rd in Fountain, El Paso County, Colorado, which has a tan-colored stucco exterior and the emblem "7-Eleven" as well as the numerals "7725" displayed above the front entrance, which faces west toward Fountain Mesa Rd, and any electronic devices therein capable of storing video surveillance or transaction information**, to search for and seize electronic devices, video recordings, and receipts for January 27, 2020.

Judge Findorff reviewed the court orders and search warrant and signed them without a hearing. I also presented a request and order to seal the court orders and search warrant, signed by DA Oliver Robinson. The court orders and search warrant were submitted to the court records office, 20-375, 20-374, 20-376, and 20-377 respectively.

Bank of America

I called and spoke to a representative of Bank of America. I was advised there was no activity on Letecia Stauch's account except on January 31, Letecia called in and changed address to a PO Box in Myrtle Beach, SC. The last transaction on the account occurred January 4. The representative advised he would be able to follow up with documentation once Bank of America received the court order.

Execution of Search Warrant: Conoco

At 1700 hours I went with Detective Michael Bauman to the Conoco (7-Eleven store #33043) at 7725 Fountain Mesa Rd to execute the search warrant. I called ahead and spoke to employee Scott. I advised him I would be serving a search warrant and asked him to contact the owner, Alan Du to have him meet us there. When I arrived, Scott told me Alan had refused to meet me. I provided Scott a copy of the search warrant and he showed me the back room where the video surveillance equipment was set up. The computer monitoring the video was not locked or password protected, so Detective Bauman was able to rewind the video to Monday January 27 and we reviewed the footage between 1000 and 1100 hours.

At approximately 1028 hours, the red 2016 Nissan Frontier is seen driving into pump #8 in front of the store. The driver, who is wearing black clothing and a white hat (which is consistent with images of Letecia exiting 6627 Mandan Dr just prior to this time and with videos of her at PetCo shortly after) pumps gas and then gets back into the truck and leaves the parking lot at the far end at approximately 1033 hours. No one else exits the vehicle and Letecia does not walk away from the pump. Detective Bauman downloaded the video onto a jump drive. We confirmed the timestamp on the video was accurate to the actual time by observing the live cameras and reviewing the time of our arrival on camera.

During the time we were there downloading video, the owner of the store, Alan Du, called Scott and asked to speak to me. He stated he would be willing to look up the receipt for me immediately. He stated he would get it done tonight or early tomorrow morning and promised to get it to me by 1100 hours. I wrote all of the information relevant to the receipt (date, time, pump #, last 4 on card, vehicle description) on my business card and left it with a copy of the search warrant beside the video surveillance computer.

CHILD VICTIM

Initial Information

On Wednesday, February 4, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that [REDACTED] was still missing.

Background Information on Intrepid House

Detective Stefan Hare (11014) advised me that he had been reviewing surveillance footage for Tuesday, January 28, 2020. This footage was collected from a residence two houses up from 6627 Mandan Drive. At approximately 6:30 am the VW Tiguan belonging to Letecia Stauch (DOB [REDACTED]) is seen leaving the residence and returns 10 minutes later. It is unknown where the vehicle was taken in the 10-minute window.

A review of the surrounding neighborhood was conducted to see what was accessible in a five-minute radius. The 10082 Intrepid Way address, where Ms. Stauch and [REDACTED] (DOB [REDACTED]) spent the night appeared to be within that radius.

The residence at this address had not yet been contacted and interviewed. Detective Nick Brklich (05007) and I responded to the address to conduct an interview.

Due to my previous research conducted on this residence, I knew the listed owners to be Jonathan and Judith Sanchez.

10082 Intrepid Way

Detective Brklich and I started our canvas by going to 10082 Intrepid Way. We contacted an Alicia Cutcher (DOB [REDACTED]) at the address who explained that she was a roommate in the home and explained that Janine Sanchez (DOB [REDACTED]) was the one that was "in charge." I asked if the home belonged to Janine's parents and she stated it did, but Ms. Cutcher, Janine, and one other roommate rented it.

Ms. Cutcher stated she did not know Ms. Stauch. She did however go to bible study with [REDACTED] and knew [REDACTED] worked at Massage Envy with Ms. Sanchez. She said the only time she knew of that they came over was on January 29th.

I asked if we could look inside of the garage, but the roommate said she did not feel comfortable giving us permission and would rather we ask Ms. Sanchez. The roommate was unsure when Ms. Sanchez would be home and did not know her current location.

Detective Brklich asked if they owned any type of carpet or steam cleaner and they stated that they did.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight

Detective Brklich reached out to Detective Mike Boggs (88028) who interviewed all of the Massage Envy employees.

Detective Boggs was able to provide contact information for Ms. Sanchez.

10090 Intrepid Way

CHILD VICTIM

While standing at 10082 Intrepid Way I observed a camera pointed directly at the driveway coming from 10090 Intrepid Way. Detective Brklich and I approached the house to speak with the residents. The homeowner identified himself as Mr. Jonathan Haynsworth, (DOB [REDACTED]). Mr. Haynsworth gave Detective Brklich his contact information and stated he would be happy to provide us with the video footage from his Ring cameras.

I contacted Detective Hare and asked him to follow up with John to collect the video footage.

Detective Hare contacted John and was allowed access to his Ring account. The recording was only available for the previous seven days. This meant there was no coverage on the time frame we were looking for on January 28th. I was advised by Detective Hare he would contact Ring to see if they held the footage past seven days anywhere.

10166 Declaration Drive

Detective Brklich and I spoke with a resident at 10166 Declaration Drive which is the corner across the street from 10082 Intrepid way. The female at this residence stated she would be happy to share her footage, but she wasn't sure how to do so. I learned that Detective Rob Sirois (13025) was in the area collecting video footage from residence. I contacted Detective Sirois and asked if he could assist in the video collection at this address. Detective Sirois agreed.

Janine Sanchez

Ms. Sanchez was called by both Detective Brklich and I but both times it went straight to voicemail.

Detective Brklich and I thought Janine might be at work since it appeared to be off. Detective Brklich and I responded to Massage Envy and asked if Janine was working. We learned that she was not working but were provided with contact information for her.

The phone number was the same number provided by Detective Boggs and continued to go straight to voicemail.

Detective Brklich and I decided to return to the home and while we were on the way I received a phone call from Ms. Sanchez. I asked if she was at her home and available to talk to us. Ms. Sanchez stated she was at home and she was willing to talk to us.

Ms. Sanchez was completely cooperative with the interview and explained that she spoke with Detective Boggs earlier in the week. Ms. Sanchez stated she had never met Ms. Stauch before the night she stayed over.

Ms. Sanchez said she knew [REDACTED] and they sometimes carpooled to bible study, but [REDACTED] had never been inside the home.

PC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

Ms. Sanchez explained that [REDACTED] contacted her about spending the night and she agreed. [REDACTED] and Ms. Sanchez then went to the hospital to pick up Ms. Stauch. While all three of them were in the car,

■■■■■ texted Ms. Sanchez asking if her mother could stay as well. Ms. Sanchez found this odd that she didn't ask aloud but agreed and they both stayed in the main level living area.

Ms. Sanchez let us look in the garage and common areas and we did not see anything of note. Ms. Sanchez and her roommates retrieved their carpet cleaner and stated they use it frequently and did not believe ■■■■■ or Ms. Stauch borrowed it. I asked if anyone gave Ms. Stauch or ■■■■■ a key or if they had any spare keys. Ms. Sanchez stated they were never given a key.

I concluded our interview and Detective Brklich and I left the house.

Approximately 10 minutes after we left the house, I received a phone call from Ms. Sanchez. One of the roommates informed Ms. Sanchez that there had been a spare key in a bowl located near the entranceway. When they went to check and make sure it was still there, they noticed it was missing.

Detective Brklich and I returned to the address. Ms. Sanchez stated that nobody in the house remembered seeing the key in the last week.

Ms. Sanchez and her roommates stated they were "freaked out" by their basement because the key was missing, and no one ever went down there. Ms. Sanchez asked if we would be willing to check it for them. We agreed but did not find anything of note in the basement.

As we were leaving, we asked if they would allow us to take the carpet cleaner for possible testing in the lab. Ms. Sanchez agreed and produced a second handheld carpet cleaner for us to take as well.

Evidence

Both cleaners were taken to the El Paso County Evidence Facility located at 2749 E Las Vegas Street. The cleaners were secured in a locker for processing at a later date.

Video Footage review

When I returned to the office, I was asked to Assist Detective Hare with reviewing video footage. I began reviewing Xfinity video footage from 6643 Mandan Drive which is just west of the Stauch's residence. I was advised that Detective Hare watched the video up until approximately 6:30 am. on Tuesday, January 28th. I began watching the video footage from where he left off. The following was observed:

8:13 a.m. Tiguan leaves the house.

8:32 a.m. Silver SUV arrives at the house.

8:36 a.m. Silver SUV leaves.

8:51 a.m. Jetta pulls out of the driveway and back in.

8:53 a.m. Jetta pulls out of the driveway again and back in.

9:08 a.m. Silver SUV returns.

9:16 a.m. White KIA arrives, and occupants join occupants from Silver SUV.

On 02/04/20, at approximately 8:30 AM, I, Detective Mike Boggs of the El Paso County Sheriff's Office (EPSO) Investigations Division, was assigned to assist in conducting a neighborhood canvas for additional video surveillance footage. EPSO Detective Robert Sirois and Detective Pete Vigil were also assigned to this and assigned different residences in the area. I was assigned to contact five residences on Galpin Drive. The residences were the first five located on the north side of Galpin Drive and on the east end of the street which intersects with Rubicon Drive. I was told there was a residence at 6642 Galpin Drive, which had a video surveillance camera mounted on the rear of the residence and may have a view of the back yard of 6627 Mandan Drive. I was asked to contact the resident at 6642 Galpin Drive and obtain the video surveillance footage.

I left the Investigations Division and responded to Galpin Drive. I arrived in the area at approximately 11:15 AM. Upon arrival I noticed a vehicle running in the driveway of 6632 Galpin Drive. I went to that address before the resident left.

6632 Galpin Drive:

I noticed the front video doorbell was a Skybell. I contacted Kevin Brown and his wife Tatiana Etsitty. I identified myself and explained to them why I was contacting them. I asked Mr. Brown if he had a video surveillance camera mounted on the back of his residence. He said he did not. Mr. Brown said his video surveillance system has not recorded since Halloween of 2019.

I asked Mr. Brown and Ms. Etsitty if they had seen anyone jumping backyard fences since Sunday, January 26, 2020. Both said no. I asked if they have seen anyone they are not accustomed to seeing or anyone suspicious in the neighborhood since Sunday. The both said no. I asked them if they had seen any strange or suspicious vehicles in the neighborhood. Again, both said no.

I asked them if they had dogs. Mr. Brown said they have three dogs; 2 Chihuahuas and a Dachshund mix. I asked how the dogs would react if someone was to go over the 6 foot wood privacy fence and into their back yard. Mr. Brown said the dogs would go nuts by barking. The dogs would bark even if they heard a strange noise in the back yard. Since Sunday the dogs have not barked at anything or anyone in the back yard.

I asked if then if they are aware of the missing boy [REDACTED] [REDACTED]. They said they are aware of him and have not seen him lately. Mr. Brown and Ms. Etsitty said they keep to themselves, but Mr. Brown has seen [REDACTED] playing with a dog in the back yard of his residence in the past, but Mr. Brown has not seen him recently. This is all the information they could provide at this time.

I gave Mr. Brown and Ms. Etsitty my business card and asked them to call me if they thought of anything which may be relevant to this investigation.

6622 Galpin Drive:

Upon arrival at approximately 11:35 AM, I noticed the front video doorbell was a Skybell. I contacted Rachel Mensah and Haruna Mohammed. I identified myself and explained to them why I was contacting them. I asked them if they had a video surveillance camera mounted on the back of his residence. They said they do not. Mr. Mohammed said the video doorbell has not worked since 2018 and the company has not repaired it since it stopped working.

I asked if they had a dog. Ms. Mensah said no. I asked them if they are aware of the missing boy [REDACTED]. They said they have never seen [REDACTED].

I asked Mr. Mohammed and Ms. Mensah if they had seen anyone jumping backyard fences since Sunday, January 26, 2020. Both said no. I asked if they had seen anyone unusual or suspicious in the neighborhood since Sunday, January 26, 2020. The both said no. I asked them if they had seen any strange or suspicious vehicles in the neighborhood. Again, both said no. This is all the information they could provide at this time.

I gave Mr. Mohammed and Ms. Mensah my business card and asked them to call me if they thought of anything which may be relevant to this investigation.

6612 Galpin Drive:

Upon arrival at approximately 11:53 AM, I noticed the front video doorbell was a Skybell. I contacted Larry Sweeney, his wife Vanessa Sweeney and their daughter [REDACTED]. I identified myself and explained to them why I was contacting them. I asked them if they had a video surveillance camera mounted on the back of his residence. Mr. Sweeney said they do not have a video surveillance camera mounted on the back of their residence.

I asked Mr. Sweeney if he had a dog. He said they a 3-year-old German Shepard. I asked how the dog would react if someone was to go over the 6 foot wooden privacy fence and into their back yard. Mr. Sweeney said the dog would start barking. Their dog barks when people just walk by the front of the residence.

I asked the Sweeney's if they had seen anyone jumping backyard fences since Sunday, January 26, 2020. All of them said no. I asked if they had seen anyone unusual or suspicious in the neighborhood since Sunday. Mr. Sweeney, Ms. Sweeney and [REDACTED] said no. I asked them if they had seen any strange or suspicious vehicles in the neighborhood. Again, they said no.

I asked them if they had seen the missing boy [REDACTED]. Mr. Sweeney said his daughter [REDACTED] goes to school with [REDACTED]. [REDACTED] attends Grand Mountain School. I asked [REDACTED] if she has seen [REDACTED] recently. She said she has not. She said she did not see [REDACTED] at the bus stop on Friday, January 24, 2020 and he was not in school on Monday, January 27, 2020.

This was all the information they could provide at this time. I gave Mr. Sweeney my business card and asked them to call me if they thought of anything which may be relevant to this investigation.

6642 Galpin Drive:

Upon arrival at approximately 12:13 PM, I noticed the front video doorbell was a Vivint. I contacted Giovanni Barba. I identified myself and explained why I was contacting him. I asked Mr. Barba if he had a video surveillance camera mounted on the back of his residence. Mr. Barba said he does. I asked him if the videos surveillance system is working and recording. He said it was. Mr. Barba showed me the view and the camera angel does capture the back yard/fence area of 6627 Mandan Drive, which is just to the northeast.

CHILD VICTIM

I contacted Detective Sirois and requested he respond to my location to download the footage. Deputy Sirois did respond and downloaded the video surveillance footage. Please see his supplement for further information.

CHILD VICTIM

Mr. Barba does have a dog, but it is an 8 week old German Shepard puppy.

I asked Mr. Babra if he had seen anyone jumping backyard fences since Sunday, January 26, 2020. He said no. I asked Mr. Barba if he had seen anyone unusual or suspicious in the neighborhood since Sunday. Mr. Barba said no. I asked him if he had seen any strange or suspicious vehicles in the neighborhood. Again, he said no.

I asked him if he had seen the missing boy [REDACTED] Mr. Barba said no. He does not know him or the family.

This was all the information they could provide at this time. I gave Mr. Barba my business card and asked him to call me if he thought of anything which may be relevant to this investigation.

6652 Galpin Drive:

Upon arrival at approximately 12:41 PM, I noticed the front video doorbell was a Ring. I contacted Jennifer Hopper-Weir. I identified myself and explained why I was contacting her. I asked Ms. Hopper-Weir if she had a video surveillance camera mounted on the back of her residence. Ms. Hopper-Weir said she does not.

I asked Ms. Hopper-Weir if she had a dog. She said she has one dog. I asked how the dog would react if someone was to go over the 6 foot wooden privacy fence and into her backyard. Ms. Hopper-Weir said her dog would bark one time if someone was around. Since Sunday January 26, 2020 her dog has not barked alerting her to someone being in her backyard.

I asked Ms. Hopper-Weir if she had seen anyone jumping backyard fences since Sunday, January 26, 2020. She said no. I asked her if he had seen anyone unusual or suspicious in the neighborhood since Sunday. She said no. I asked her if she had seen any strange or suspicious vehicles in the neighborhood. Again, she said no.

I asked her if he had seen the missing boy [REDACTED] Ms. Hopper-Weir said no. She does not know him or the family.

This was all the information she could provide at this time. I gave Ms. Hopper-Weir my business card and asked her to call me if she thought of anything which may be relevant to this investigation.

I have no further information at this time.

Initial Information

CHILD VICTIM

On 2/4/20 at approximately 0830 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was assigned by Sergeant Abendschan/02020 to continue the canvass of Mandan Drive and ensure as much of the neighborhood video evidence as possible was collected.

Canvass

Several EPSO detectives and myself continued to canvass Mandan Drive and the area immediately surrounding 6627 Mandan Drive, and I assisted in gathering video for other detectives who did not have the equipment to gather video.

Detective Vigil/10011 provided me login information from Nicole Marx at 9875 Rubicon Drive for her Vivint account, and I downloaded all the available clips from 1/26/20 at 0000 hours to 1/28/20 at 0800 hours.

Detective Vigil also gave me login information for Cambra Peterson's Vivint account at 9885 Rubicon Drive; however, there appeared to be a technical problem with the system and there was no video available. I call Cambra at [REDACTED] and she told me she would contact Vivint and see if the issue could be resolved and call me back.

I met with Detective Boggs/88028 at 6642 Galpin Drive and assisted him in downloading Vivint motion events for the backyard camera from 0000 hours on 1/26/20 to 0800 hours on 1/28/20.

At 6635 Mandan Drive, I spoke with Claire Mendy, who had originally told District Attorney's Office investigators she thought her camera was not working. When I double checked her system to see if there were any clips available, I was able to download three clips from 1/28/20.

At 6651 Mandan Drive, I spoke with Sonja Cross, who told me her surveillance system was not turned on.

At 6659 Mandan Drive, I spoke with Kaylin Medellin, who provided me footage from an ADT Pulse camera mounted above her garage facing her driveway and the street, as well as video events from her Ring doorbell mounted to her front door from 0000 hours on 1/26/20 to 0800 hours on 1/28/20.

At 9835 Rubicon Drive, I spoke with Toni Rigby who told me their camera system was not recording.

Monday February 10, 2020

Initial Call

On Tuesday February 4, 2020, at approximately 9:15 am, I, Detective N. Brklich along with Detective Christina Perry were asked to contact the occupants of 10082 Intrepid Way, Colorado Springs, CO, 80925. This residence was identified as a place where Ms. Leticia Stauch and her daughter ██████ spent the night on Wednesday January 29, 2020.

Investigative Activity

At approximately 10:00 am, I made contact with Ms. ██████, DOB: ██████. Ms. Cutcher stated she is only a roommate in the house and when asked about ██████ and Leticia she stated her roommate, identified as Ms. Janine Sanchez, DOB: ██████ did let them spend the night at the house. Alicia stated Janine was not at home and believed she was out running errands. I asked if we would be able to look in their garage for anything the two may have left behind. Alicia stated it was not her house and she did not feel comfortable letting us in. I provided a business card to her and requested she have Janine call when she came home.

At approximately 11:15 am, I received a phone call from Janine stating she was now at home. Upon returning to the residence we spoke to Janine about ██████ and Leticia. Janine stated she did let them spend the night on Tuesday January 29, 2020. Janine stated ██████ was already going to spend the night but called beforehand asking if her mom could also stay. Janine stated she told them Leticia could also spend the night. Janine stated she had never met Leticia before this time. She also added ██████ had never been inside her house before this night. Janine stated she and ██████ are co-workers and also go to the same bible study group. Janine stated ██████ had been over to the house before but only to pick her up to carpool to the study group. Janine stated ██████ had never come inside the house, just parked in front and waited for Janine to come out.

Janine was asked if she would allow us to look around the house and in the garage. She stated we could and invited us into the house. Janine stated when ██████ and Leticia spent the night they both slept in the living room on the main level of the house. Janine stated she never gave ██████ or Leticia a key to the residence and did not believe they had any spare keys. A check of the house and garage met with negative results. We asked if they had a steam cleaner. She stated they did and provided it for us to look at. Janine stated no one but her and her roommates have used the cleaner. She stated neither ██████ or Leticia asked to use the cleaner.

We thanked Janine and her roommate for their time and departed the address.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

Approximately 10 minutes after leaving the residence, I received a call from Janine. She stated they may have had a spare key in a bowl which was kept on the table just inside the front door.

We returned to the house to confirm the key was missing. Janine stated they were not sure about the key but felt it may have been missing for the last week or two. While talking about this she and her roommates mentioned they have never been to the basement area of the house and asked if we could check this area for them. A check of the basement was conducted which also met with negative results. After checking the basement Janine was asked if she would be willing to turn over the steam cleaner for possible testing in the lab. Janine stated she would and also produced a second handheld cleaner, allowing us to take both.

Video Canvass

At approximately 12:30 pm, prior to leaving the area, Detective Perry and I observed home security cameras at the next door neighbor's house, 10090 Intrepid Way. Contact was made with the owner of the house, Mr. Jonathan Haynsworth, DOB: [REDACTED] Mr. Haynsworth stated he would be happy to provide any camera footage he could. He also provided us with his username and password for his account to access the saved footage directly.

At approximately 12:45 pm, contact was made with the resident at 10166 Declaration Dr, Ms. Samantha Orand, DOB: [REDACTED] Ms. Orand had a video doorbell on her home and stated she would be willing to provide us with any possible footage they may have.

This information was passed along to other detectives working on the collection of home security videos.

Both steam cleaners were placed into temporary storage lockers at the EPSO evidence facility.

DNA Collection

At approximately 4:42 pm, while at the Office of The Sheriff (OTS), I was asked to collect buccal swabs from [REDACTED] and [REDACTED] This had previously been arranged with them and they had arrived to the OTS for this purpose. They were both escorted to a recorded interview room. At approximately 4:43 pm, two buccal swabs were collected from both [REDACTED] and [REDACTED]

The swabs were then placed back into the original wrapper, with the wrappers being placed into separate envelopes. The envelopes were then given to Detective L. Montville to be processed into the EPSO evidence facility.

CHILD VICTIM February 4, 2020

On February 4, 2020, I, Detective P. Vigil #10011 of the El Paso County Sheriff's Office, Investigation Division, was assigned to this case (EPSO case#2020-0001382) for follow up.

Neighborhood Canvas (6658 Mandan Dr)

I went to 6658 Mandan Dr. I contacted the homeowner who had a Vivint doorbell camera. She stated Kim from the District Attorney's Office had already been to her house and collected her video footage.

Neighborhood Canvas (6674 Mandan Dr)

I went to 6674 Mandan Dr. I contacted the homeowner Desire Rodriguez. She said her Skybell doorbell camera has not been working since November 21, 2019. She did not have any recordings after that date.

Neighborhood Canvas (6682 Mandan Dr)

I went to 6682 Mandan Dr. This residence had a Vivint doorbell camera. The homeowners said they just moved in and the camera is not active and does not record.

Neighborhood Canvas (6690 Mandan Dr)

I went to 6690 Mandan Dr. There was no doorbell, or any security cameras on the exterior of the house. There was no answer at the door.

Neighborhood Canvas (6634 Mandan Dr)

I went to 6634 Mandan Dr. I contacted the homeowner Kellie Gasper DOB: [REDACTED]. She said her Skyview doorbell camera has not worked properly since they have moved into the home in July 2018. The camera does not connect properly and as of six (6) months ago the camera does not work at all.

She said every time she leaves her house, she "checks out" the neighborhood. She said on January 27, 2020 at approximately 1530 hours she noticed 6627 Mandan Dr garage was open, there was a boy's bike in the driveway with a red truck in the driveway. She returned home at approximately 1630 hours, she noticed the boy's bike was moved and the garage was closed, and the red truck was gone.

Supplemental Narrative

Detective Marissa Williams #12009

Date: 02/04/2020

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Tuesday February 4, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, got three court orders issued for financial accounts owned by Letecia and [REDACTED]. I attempted to contact the area manager for Waste Management again. I also followed entered updated returns from USAA, Chase, Capital One, and NewCloud into evidence.

Court Orders Signed

Prior to authoring court orders for PayPal, EPSO Detective Perry advised me she reviewed part of [REDACTED] Facebook profile and observed that Facebook reported payment history using: [REDACTED] PayPal, VISA * [REDACTED] and MC * [REDACTED]. EPSO Detective Vincent Sapp also advised me that Letecia's Apple account was paid for using PayPal [REDACTED].

Additionally, I noticed a \$500 mobile payment posted on January 27 to a Capital One account on Al and Letecia's joint account that did not show up on Capital One account(s) I had records for.

At approximately 1530 hours, I presented to the Honorable Judge Ann Rotolo in Division G of the El Paso County Courts three court orders for the following:

- **Capital One Bank, Attn: 12070-7000, 15000 Capital One Dr, Richmond, VA 23238**, to order the production of records relating to any accounts for Letecia Stauch.
- **PayPal, Inc., Attn: Global Investigations Team, 2211 North First Street, San Jose, CA 95131**, to order the production of records relating to Letecia Stauch and [REDACTED] and their associated email addresses of [REDACTED].
- **Synchrony Financial Bank, Attn: SIT Team OH3-1030, P.O. Box 8726, Dayton, OH 45482**, to order the production of records relating to Letecia Stauch.

Judge Rotolo reviewed the court orders and signed them without change. I also presented a request and order to seal the court orders, signed by DA Oliver Robinson. The court orders were submitted to the court records office, 20-384, 20-385, 20-381.

Follow Up with Waste Management

I attempted to contact the area manager of Waste Management again. I called the company's general contact number 800-482-6406. The calltaker advised he would send an email to the area manager for Colorado Springs, requesting immediate follow up with me. I also called phone number [REDACTED] for Frank Ingraldi, the area manager. He had left a voicemail for me Monday. I called him back and it did not go to voicemail. On this date I left a voicemail explaining the reason for contact and requesting a response as soon as possible.

Response from JP Morgan Chase Bank

I had emailed JP Morgan Chase Bank representative Stephanie Nicholls asking for documentation for Letecia's account. She responded via email and provided a spreadsheet with the following information:

Card number: [REDACTED]

AOC: IHG

Name: Letecia Stauch

Address: PO Box 50991 Myrtle Beach, SC 29579-0017

Phone: [REDACTED]

Email: [REDACTED]

Current Balance: \$0.95

Credit Limit: \$2500

Fraud Status: MP

Fraud Closure Date: 12/26/19

Authorizations: (As previously noted, there were many small and large charges for "Calltruth.com" between 12/23/19 and 1/30/20)

On 2/1/20 at 2048 and 2049 hours, there were two attempts to charge the account at Candlewood Suites in Amarillo, TX 79109 for \$91.78 each.

Of note, there were two recent occasions where charges were made on this account outside of Colorado or internet-based shopping: On November 7, there were charges for Castaway Cove Park, Holiday Inn Express, and Calypso Cap Pool and Bar in Kissimmee, FL. On December 3 and 4, there were charges for Allure Resort Hotel, Rosen Centre Reds Deli and 7-Eleven in Orlando, FL.

Response from Capital One Bank

I received an email from Capital One Bank representative Jeremy Bloxson with an Excel spreadsheet attachment for the same account Mr. Bloxson had previously sent me in the name of Letecia Stauch. However, Mr. Bloxson included a tab on the account showing authorized users. The authorized users for the Capital One accounts included Letecia Stauch (beginning 2014 to current), [REDACTED] (beginning 10/10/18 to 2/13/19, then 2/14 to 2/24/19), [REDACTED] (beginning 12/13/17 to 1/6/18), and [REDACTED] (1/7/18 to current). [REDACTED] is [REDACTED] ex-wife.

Response from NewCloud

Jim Byrns emailed me a response to my request for records relating to Grand Mountain School's phone number [REDACTED]. He attached an Excel spreadsheet for incoming calls and one for outgoing calls.

In the outgoing call record, the calls begin at 0651 hours on January 27, 2020. The calls go through 1841 hours on January 28, 2020. There is one outgoing call to Letecia at 0728 hours on Tuesday January 28, duration 2.75 minutes.

The incoming call record provided begins at 1359 hours on Monday January 27, through 1656 hours on Tuesday January 28. There is no record of any of the Stauch's phone numbers calling in during this timeframe.

I emailed Mr. Byrns back and called him to ask for records going through Sunday January 26 for both incoming and outgoing calls. I did not get a response on this date.

Evidence

I entered the following items into evidence:

Item #142-Photos of HotWash account and search warrant execution at Conoco (from 2-3-20)
Item #143-CD containing USAA screenshots for Al & Letecia's joint account, Excel spreadsheet from Chase Bank, Excel spreadsheet from Capital One, and NewCloud records.

Detective Christina Perry #14004

Date: 02/5/2020

Case # 2020-1382

CHILD VICTIM

BWC NOT AVAILABLE

Initial Information

On Wednesday, February 5, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that [REDACTED] was still missing.

Video Footage Early Morning Review

Based on Cell Phone data gathered by Detective Stephan Hare (11014), I was asked to look at the video footage from 6643 Mandan Drive for January 28, 2020, around 1:20 am. Due to snow it is difficult to make out specific details, but the following was observed:

1:23 a.m. A vehicle stops in front of the house with flashers on.

1:24 a.m. Flashers are turned off, but brake lights are still on.

1:25 a.m. Vehicle lights turn off unable to see further.

Review for Carpet Van

I was advised that Ms. Letecia Stauch (DOB [REDACTED]) has told several different stories regarding [REDACTED] and a man named Eguardo. During her interview, Ms. Stauch told detectives that she contacted a guy by the name of Eguardo, who was a construction worker nearby. Eguardo allegedly brought carpet into the home, sexually assaulted Ms. Stauch, and took [REDACTED]. Later, a Facebook account associated with Ms. Stauch's mother, [REDACTED] (DOB [REDACTED]) posted that Eguardo actually worked for a carpet company that came out to the house.

I was asked to review video footage for Monday, January 27th to see if there was ever any carpet van or maintenance type vehicle. I did not observe anything that appeared to match the description of a carpet company or a man bringing carpet into the home. I did, however, notice utility workers out in front of the house that appeared to be working on the transformer several times during the day.

I observed the following times that the utility workers were at the home.

1:17 pm. A utility truck arrives.

1:25 pm. A utility truck departs.

1:35 pm. A utility truck arrives.

1:48 pm. A utility truck departs.

2:50 pm. A utility truck arrives.

3:15 pm. A utility truck departs.

3:20 pm. The utility worker walks back up to the house without the truck.

3:21 pm. A young girl that appears to be [REDACTED] is seen talking to utility the worker.

3:25 pm. A utility worker leaves walking eastbound on Mandan.

Utilities

Based on my knowledge of what had been completed thus far in the case I did not believe the utility workers had been contacted or interviewed. Due to the time when this information was discovered I was unable to contact the utility company because of business hours.

I will follow up with the utility workers on February 6, 2020.

I have nothing further at this time.

Initial Information

CHILD VICTIM

On 2/5/20 at approximately 0830 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was assigned by Sergeant Abendschan/02020 to canvass the area of Main Street in unincorporated county from Highway 85/87 to Bradley road based on call detail record data from Letecia Stauch's (DOB [REDACTED] phone number.

University Village Additional Canvass

At about 1200 hours, I arrived at 5623 Pulpit Peak View (UCHealth Grandview Hospital), and spoke with security staff there, who allowed me to view their camera system, which had a very small view of traffic on Nevada Avenue. On 1/27/20 at 11:40:12 (surveillance timestamp), a vehicle travelled northbound on Nevada Avenue closely matching the description of the Nissan pickup truck Letecia was driving; however, it was too distant to tell for sure. I attempted contacting the security (Allied) supervisory staff, but no one answered the phone or returned any calls in order to download the footage. The timestamp on the hospital footage was ten minutes and 47 seconds ahead of real time.

At 392 East Garden of the Gods Road (Maaco), the camera system was not functioning.

At 4325 North Nevada Avenue (Enterprise Rent-A-Car), Nevada Avenue was outside the view of the cameras.

At 4585 North Nevada Avenue (Ent Credit Union), there were no external cameras.

Circle Drive at Interstate 25 Area

At 2880 South Circle Drive (Phillips 66), the camera facing Circle Drive were directly in the sunlight, and the view was too washed to observe detail, and the other external camera was not working.

At 2883 South Circle Drive (Pikes Peak BOCES), there were no cameras facing Circle Drive.

Main Street Canvass

At 510 Security Boulevard (7-11 Store) I obtained footage showing a partial view of the intersection of Main Street and Security Boulevard on 1/28/20 from 1130 to 1200 hours.

At 280 Main Street (Walgreens), there were no cameras facing Main Street.

At 331 Main Street (Iglesia Ni Cristo), there was at least one camera which faced Main Street and Jennifer Knight voicemail at the number for the church, which was closed.

At 1801 Main Street (Circle K), there were no cameras facing Main Street.

At 1810 Main Street (7-11 Store), there were no cameras facing Main Street.

At 1822 Main Street (Mister Car Wash), there were no cameras facing Main Street. I reviewed footage on 1/29/20 for the morning through noon and did not observe the black Tiguan Letecia drove go through the car wash. License plates were clearly visible in the footage.

At 1845 Main Street (R&R Liquor), there were two views of Main Street, but the camera system was not functioning properly, and I was unable to export any video. I reviewed the video, but did not observe the rented white Kia from 1130 to 1200 on 1/28/20.

Evidence

I later entered the video from 510 Security Boulevard (7-11) into evidence, identified as item 195.

Case status: SAO.

Initial Information

CHILD VICTIM

On Wednesday, February 5, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Google Exigency

At approximately 9:30 am, I brought a motion for non-disclosure to the Office of Honorable Judge Ann Rotolo. Judge Rotolo reviewed the motion for:

Google Incorporated, Attn: Custodian of Records 1600 Amphitheatre Parkway Mountain View, CA 94043 for account information related to:

[REDACTED]

These are Ms. Leticia Stauch, Ms. [REDACTED] and [REDACTED] accounts.

At approximately 9:32 am, Judge Rotolo signed the order.

At approximately 9:37 am, the order was turned into the Court Clerk for further processing.

The order is attached to warrant number 20-363.

The warrant was provided to Google via email.

Tiguan Warrant

At approximately 10:00 am, I was informed [REDACTED] Tiguan needed further processing due to several areas of blood being located through a bluestar reagent within the vehicle during a previous search warrant. Previously the compartment area where a spare tire typically is kept was not checked and did not have the reagent used on it. There was now concern this area may contain blood or biological samples related to this case and needed to be processed. Due to this a warrant was authored for the vehicle.

At approximately 2:45pm, I appeared in the office of, Honorable Judge Samuel Evig. Judge Evig reviewed the search warrant for information regarding:

A 2019, Black Volkswagen Tiguan, utility passenger vehicle, bearing South Carolina Plate CYY283, VIN # [REDACTED] registered to Letecia Stauch, with an associated address of 4697 Farm Lake Drive, Myrtle Beach, SC 29579. The registration showed the vehicle was assigned Colorado Temporary Tag [REDACTED] This vehicle is located at the El Paso County Sheriff's Office Evidence Facility, 2749 East Las Vegas Street, Colorado Springs, CO 80906.

EL PASO COUNTY SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

At approximately 3:06 pm, Judge Evig approved and signed the warrant.

At approximately 3:10 pm, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-401.

CHILD VICTIM

Mandan Drive Address Warrant

At approximately 1:30 pm, I was informed blood was located in [REDACTED] bedroom during a walkthrough of the residence. The blood appeared to have been cleaned up with exception of small droplets that were located on the wall surrounding the area of the bed. During a previous search warrant blood had been located under [REDACTED] bed. Due to this information it was decided the house needed to be further processed by the Metro Crime Lab.

At approximately 2:45pm, I appeared in the office of, Honorable Judge Samuel Evig. Judge Evig reviewed the search warrant for information regarding:

6627 Mandan Drive, Colorado Springs, CO 80911, a single family residence located in El Paso County, State of Colorado. This residence is a single story with an attached two car garage, cream color with white trim and brown bricks. There is a pillar located on the west side of the front entry way with the numbers "6627" in black. The residence faces north and sits on the south side of the street.

6627 Mandan Drive

At approximately 4:00 pm, I responded to 6627 Mandan Drive, El Paso County, State of Colorado with the signed warrant for this address mentioned above (20-401).

At approximately 4:50 pm, I arrived at the address where I met Detective Sergeant Kurt Smith, Detective Mark Riley, Detective Jon Price, and the Metro Crime Lab Crime Scene Investigators (CSI).

EL PASO SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

The address was photographed and processed by CSI Alyssa Berriesford and CSI Christian Liewer.

A blue star reagent was used in the area of the stairs leading from the basement to the upstairs living room. The reagent shows a glowing reaction when it comes in contact with presumptive blood. For the reaction to be viewed, the area being processed has to have dark lighting. A possible presumptive positive result occurred in the area of the stairs. The results from the Bluestar reagent were photographed by the crime lab.

The reagent was used on several rooms located in the basement of the home to include, [REDACTED] bedroom, [REDACTED] bedroom, the basement storage room, the hallway areas leading between the rooms, and the bathroom located in the basement.

[REDACTED] Bedroom Processing

The reagent showed a possible presumptive positive reaction in [REDACTED] room in an area located around where his bed was previously located. The bed was removed from the home during a previous search warrant.

In this same location, several small blood droplets were identified on the wall's surrounding where the bed once was. A blue star reagent was used on the walls showing a possible presumptive positive test for what appeared to be blood spatter surrounding where the bed was originally located.

The area was documented by the crime lab to allow for them to photograph it appropriately. A sample from the blood was collected for further testing by the crime lab.

There is a visible large red stain on the concrete directly below where the bed originally was. The carpet was previously removed from that location during the same search warrant where the bed was removed. The Bluestar reagent was used on the stain and again showed a possible presumptive positive result.

All Bluestar reagent's reactions was photographed by the crime lab.

Storage Room Located in the Basement Processing

The storage room located within the basement was tested with the Blue Star reagent showing a possible presumptive positive reaction on the concrete floor. The reagents reaction was photographed by the crime lab.

The hallway located between this room and [REDACTED] room was also processed using the Blue Star reagent. A possible presumptive positive reaction occurred on the carpet area between the rooms.

The Bluestar reagent's reaction was photographed by the crime lab.

[REDACTED] bedroom

The bedroom belonging to Ms. [REDACTED] was processed using the Blue Star reagent. No presumptive positive reactions occurred in the main area of the bedroom. A mattress pad was located on the bed in the room. The mattress pad appeared to have a small

reddish colored stain located on it. Due to this stain this item was collected by the crime lab for further testing.

Within the closet of the bedroom a laundry basket with a bedding sheet was located inside it was found. This sheet did show a possible presumptive positive reaction to the blue star reagent when tested. This sheet was collected by the metro crime lab for further testing.

Living Room Area

While in the home, it was noticed a single fitness weight was located on a Peloton Cycling Training Machine. This machine had two slots for the weights, however, one appeared to be missing. A search for the weight was conducted within the home, it was not located. It is unknown where the weight may have gone or if it is related to this case.

The weight was collected by the metro crime lab due to odd circumstances of the item.

Scribe Sheet

While on scene I conducted a scribe sheet to document the items removed from the home. All items were collected by the Metro Crime Lab and placed into evidence by them. The following items were collected:

1. Carpet from the basement family room.
2. Mattress Cover found in [REDACTED] bedroom.
3. Comforter found in [REDACTED] bedroom.
4. Peloton weight found in downstairs family room.
5. Swabs from downstairs.
6. Photos from throughout the home address.
7. Cleaning supplies from the kitchen and laundry area.
8. Sheet found in [REDACTED] bedroom laundry basket.

At approximately 9:00 pm the search warrant was completed. A copy of the Scribe sheet was left at the address.

On Wednesday, February 5, 2020, at about 3:00 pm, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigation's Division, began reviewing video obtained from the residence located at 6659 Mandan Drive. This residence is located several houses to the south, and is on the same side of the street as [REDACTED] residence.

I reviewed 27 videos from the Ring doorbell camera that faces directly across the street from the residence. The videos are time stamped starting on 01/27/2020 at 0657, and the last one on 01/28/2020 at 1539. I did not see any movement in the videos that would provide any evidentiary or informative value to this case.

I then reviewed 159 videos from the ADT Pulse Driveway Camera that faces a southern direction overlooking the driveway. These videos were not time stamped, but had an associated number I was not able to decipher. I did not see any movement in the videos that would provide any evidentiary or informative value to this case.

By: Detective Mark Riley #02073

CHILD VICTIM

On 02/05/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO), conducted follow up on this case.

At approximately 4:50 p.m., I assisted in the execution of a Search Warrant at the Stauch home located at 6627 Mandan Drive. This was to further document the blood found previously on 02/03/20.

The home was processed by Colorado Springs Police Department Crime Scene Investigators (CSI) Christian Liewer and Alyssa Berriesford. CSI Berriesford also completed a bloodstain analysis on a large number of blood spatter located on the east and south wall corner area of [REDACTED] room.

During the processing, Bluestar Forensic blood reagent was utilized. The reactions obtained throughout the house were documented by photographs. The suspected blood found in [REDACTED] room on the carpet and on the concrete underneath during the prior search warrant reacted in the positive to the Bluestar.

Other areas of the home which resulted in a positive reaction to Bluestar include the stairs leading from the basement to the living room upstairs, the storage room in the basement and a portion of the small hallway leading from [REDACTED] room.

During the search of the home, a mattress pad was found in the second basement bedroom. This had suspected blood on it and was collected. A sheet found in the second basement bedroom laundry basket was collected.

A Peloton exercise bicycle located in the family room in the basement appeared to be missing a small dumbbell weight. One weight was located on the bicycle in a holder, while the other holder was empty. The remaining weight was collected.

Cleaning supplies from the kitchen and laundry room were collected.

The following are the items seized during the search;

1. Carpet from basement family room.
2. Mattress cover from second basement bedroom
3. Comforter from second basement bedroom
4. Peloton weight found in basement family room
5. Swabs from downstairs

Case Status: SAO

On 02/05/20, I, Detective Mike Boggs of the El Paso County Sheriff's Office (EPSO) Investigations Division, was assigned to conduct video surveillance camera footage follow up. I was assigned to check the rear of the houses on Mandan Drive, which face and back up to the east side of S. Marksheffel Road between Fortuna Boulevard on the north and Lorsen Boulevard on the south. If a house was found to have a video surveillance camera mounted on the rear of the house, I was asked to contact the residents and obtain the video surveillance footage for the time periods of 12:00 AM on Sunday January 26, 2020 through 8:00 AM on Tuesday, January 28, 2020.

CHILD VICTIM

I responded to the area and at approximately 1:29 PM, I located a house which had a video surveillance camera mounted on the rear of the house and the camera faced west toward S. Marksheffel Road. The house was identified as 6938 Mandan Drive.

I responded to the residence and contacted the homeowner John Wilson. I identified myself to him and explained to him why I was contacting him. Mr. Wilson confirmed he had a Ring Video Surveillance System and there was a camera mounted on the rear of his residence. I asked Mr. Wilson about the sensitivity settings. He said he has the rear camera sensitivity set to only pickup motion in his back yard. Most of the time the motion sensor is set off by his 8 month old Labrador puppy. When the motion sensor is activated by motion in his backyard, the camera will begin recording. While the camera is recording, vehicles travelling north and south on S. Marksheffel Road will be seen in the recording.

Mr. Wilson located 9 files during the time frame I requested, which he downloaded. All of files were dated 01/27/20. The files were downloaded onto a black and red SanDisk thumb drive, which he turned over to me.

While talking with Mr. Wilson, he told me about a man who lives further south on S. Marksheffel Road, who has a lot of surveillance cameras on poles. He said the house is near S. Marksheffel Road before it turns into C&S Road. After leaving the Wilson residence, I drove south on S. Marksheffel Road.

At approximately 2:48 PM, I located the residence Mr. Wilson was talking about. It was 8475 Furlong Circle. As Mr. Wilson had said, there were several poles erected on the property with numerous video surveillance cameras mounted on the poles. I went to the driveway of the property, which was gated. There were numerous Private Property, No Trespassing, Beware of Dog signs posted around the entrance. The gate was locked and there was nothing posted indicating a way to contact the residents. I waited at the entrance for a while hoping someone inside the residence would see me at the entrance and come out to the gate. When this did not occur, I contacted the EPSO Communications Center (dispatch) to see if they had any calls for service at the address and if so, was there a contact telephone number available. I was told they would research it and get back to me. There was a vehicle on the property with Colorado license plate 822-ZBG, which I also provided to dispatch.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight

In the meantime, there was a sign on the property near the intersection of Furlong Circle and S. Marksheffel Road which had a telephone number on it and a website. The telephone number on the sign was [REDACTED]. I called the telephone number. I received a recording saying the

number I was calling was not reachable. The website below the telephone number was "HandmanProCo.com". I looked up the website and the telephone number for the business was the same as the one I called earlier.

I went back to the driveway gate and waited again. No one from the residence came out and I did not get any information from dispatch. I put one of my business cards in the mailbox by the entrance and requested a telephone call. I left the area.

At approximately 3:27 PM, I received a telephone call from dispatch, who provided me with a possible telephone number.

I called the telephone number and spoke to a male who identified himself as Vadim Segal. Mr. Segal said he was home, and if had I waited another two minutes he would have come out and talked to me. He said he saw me put something in his mailbox. He went out to see what it was and found my business card. I explained to Mr. Segal why I was trying to contact him and inquired about his video surveillance system. He said it was working and it was recording. I asked him if he had any video surveillance footage from 12:00 AM on Sunday, January 26, 2020 through 8:00 AM on Tuesday, January 28, 2020. Mr. Segal said he did not have any video surveillance footage from that time and he had already been contacted about the video surveillance footage earlier in the week. He went on to say if he had been contacted much earlier in the investigation then he may have been able to provide video surveillance footage. I thanked him for his time and ended the phone conversation.

Upon return to the EPSO Investigations Division, I placed the black and red SanDisk thumb drive I obtained from Mr. Wilson, into evidence as item #151. A copy of the evidence invoice is included.

I listened to a telephone messages I had received one from Kaylee Wilson (not associated to John Wilson), which she left on 01/31/20 at 6:17 PM. Kaylee Wilson had some additional information which she wanted to let me know about. I called Kaylee Wilson, but she did not answer the phone, so I left a message to call me.

I have no further information at this time.

Nothing Further

//

This is a supplemental narrative for EPSO Case No. 20-1382, Kidnapping.

On 2/5/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

While in the area of 6946 Mandan Dr., in El Paso County, Colorado, I was flagged down by the residents and this address. Shannon Ruiz ([REDACTED]) told me she had a Ring video camera mounted above her garage which had a good view of the street in front of her house and the area where Mandan Dr. intersects with Rubicon Dr. Mrs. Ruiz said she could share the videos with me via email. I instructed Mrs. Ruiz to forward me videos dated between the morning hours of January 26th and January 29th around noon.

Over the course of the remainder of the day on 2/5/20 and again on 2/6/20, Mrs. Ruiz ended up sharing with me 248 videos from the device mounted above her garage. When I downloaded the videos from the Ring website, it was clear to me the camera was motion activated, but it captured all activity on the street and sidewalk in front of her house and in her driveway. The video clips shared were generally a little over a minute long and the video was high quality, even during hours of darkness.

I saved 5.26 Gigabytes worth of video clips to a CD and entered it into EPSO Evidence reference EPSO Case No. 2020-00001382 as Item #181. During a neighbor canvass, Det. Jennifer Arndt (EPSO) had recovered two of these video clips herself. She had entered them into evidence as Item #154. Mrs. Ruiz told me Det. Arndt had determined that a small boy, wearing a blue jacket over black pants, who was playing basketball in front of 6946 Mandan Dr. on 1/27/20 at approximately 1527 hours was not [REDACTED]. It was another boy who lives elsewhere in the neighborhood. Please refer to Det. Arndt's reporting for further details.

I did not review all the videos I downloaded. That task was assigned to Deputy R. McClellan (EPSO). Please refer to her report for details regarding her review.

Initial Information

On Wednesday February 5, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, attempted to follow up with the owner of the Conoco/7-Eleven on Fountain Mesa Rd reference my request for Letecia's purchase receipt on Monday January 27. I also attempted to follow up with Waste Management again. I received records from PayPal, and USAA. I also served an updated court order to USAA.

Follow Up with Conoco/7-Eleven

I called the 7-Eleven owner, Alan Du, at 0930 hours. He did not answer so I left a voicemail. Mr. Du called me back at 1130 hours and claimed he did not see the information I had left regarding my request for the receipt, but he stated he saw the warrant. I provided the requested information to him over the phone and he agreed to get the receipt records for me immediately. He offered to drop the records off at my office. Around 1400 hours, Mr. Du came to the Office of the Sheriff (27 E Vermijo Ave) and dropped off paper receipts.

The receipt showed a fuel purchase on January 27, 2020 at 1031 hours for \$33.00, for 12.227 gallons of gas at \$2.699/gallon. The card used ended in * [REDACTED] I entered the receipts into evidence.

Follow Up with Waste Management

I called corporate at Waste Management again, who sent an email to district manager. I called the Colorado Springs transfer station again and requested contact with the area manager. I also received a return call from Mike Mesick [REDACTED] the Waste Management representative for the Falcon Safeway service. He advised the area director is Dave Bernal. He asked me to email him, so that he could forward the request to Dave.

Follow up with Capital One

Jeremy Bloxson responded to my third court order request, advising that there had been a \$500 payment on the same account he had already provided records for in the name of Letecia Stauch and [REDACTED]. He provided an updated Excel spreadsheet to reflect payments on the account.

Court Order Issued for USAA

At approximately 1600 hours, I presented to the Honorable Judge Ann Rotolo in Division G of the El Paso County Courts a court order for the following:

- **USAA Federal Savings Bank, Attn: DataMark Legal, 10750 McDermott Freeway, San Antonio, TX 78288**, to order the production of records relating to any accounts for Letecia Stauch, [REDACTED] [REDACTED] and USAA account [REDACTED]. The order also requested activity monitoring for 30 days from the date signed.

Judge Rotolo reviewed the court order and signed it without change. I also presented a request and order to seal the court order, signed by DA Oliver Robinson. The court order was submitted to the court records office, 20-403.

Follow Up with USAA

I called USAA Federal Savings Bank fraud department and spoke to employee **Julia Pugh**. She advised she could monitor accounts activity. She also advised the joint account for which Al and Letecia were authorized users had been emptied out. She provided an updated spreadsheet for activity on [REDACTED] account, but could not find an account for Aimee Lowry. I provided [REDACTED].

Pugh a copy of the court order via email. I also had the order sent to USAA's corporate address via UPS.

I later got a couple calls and emails from Adam Blaes (at 1926 hours) and Cynthia Brauer (at 2120 hours, phone number [REDACTED] to advise of debit card use. Ms. Brauer had called into EPSO Dispatch, who created a call for service. The call for service was emailed to me, but in the call screen it indicated Lieutenant Mihalko had been contacted and that he would be calling the reporting party back.

The activity annotated included:

- 1) A purchase at Zaxby's in Jacksonville, FL on 02/05/20 at 2003 hours, using card * [REDACTED] in the name of [REDACTED]
- 2) A purchase at Raceway #983 in Kingsland, GA on 02/05/20 at 2125 hours
- 3) Another purchase at Raceway #983 in Kingsland, GA on 02/05/20 at 2128 hours
- 4) A purchase at Flash Foods #141 in Kingsland, GA on 02/05/20 at 2139 hours

Evidence

I entered the following items into evidence on this date:

Item #152-CD containing updated USAA account records, Capital One records, and PayPal records for Letecia and [REDACTED]

Item #153-Receipts, copies of Conoco receipts for Letecia's fuel purchase on 01/27/20 at 1031 hours

*All PayPal records will be uploaded directly to LERMS.

SUPPLEMENT TO CASE: 20-1382
INCIDENT: Missing/Endangered Child
Detective C. McCormack -Supplement #7

Initial Information

CHILD VICTIM

On Thursday, February 6, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Google Warrant Information

At approximately 8:00 am, I was made aware by Detective Stefan Hare the Google return information provided by Google LLC did not have adequate location information for the accounts. The night prior (February 5, 2020) I had received return information from Search Warrant 20-363. I provided these returns to Detective Hare who processed them to be reviewed at a later time.

Previously, detectives were made aware Ms. Leticia Stauch was continuing to use email to communicate to [REDACTED] over the weekend. Detectives were unsure what email account she was using or where her current location was.

Due to this information, it was decided location data was needed for the accounts. An additional warrant was drafted for this information.

Google Warrant (20-411)

At approximately 1:30 pm, I appeared in the office of Honorable Judge Samuel Evig. Judge Evig reviewed the search warrant for information regarding:

Google, Inc., Attention Custodian of Records, 1600 Amphitheater Parkway, Mountain View, California, 94043

[REDACTED]

At approximately 1:45 pm, Judge Evig approved and signed the warrant.

At approximately 1:50 pm, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-411.

Verizon Warrant (20-417)

Earlier in the week detectives learned Ms. Stauch and her biological daughter, Ms. [REDACTED] had left the state of Colorado and were possibly in South Carolina region. Stauch had made a Facebook post regarding going back to her home. It is known Ms. Stauch is originally from the South Carolina area.

EPSO SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 R

It was unknown where Ms. Stauch was exactly or if she was in fact in South Carolina. Ms.

Stauch had also purchased a new phone and was using a different phone number. This phone number was identified as [REDACTED]. Due to Ms. Stauch being involved in an active investigation and being one of the last individuals to see [REDACTED] it was determined information regarding her new phone number was needed. A warrant was drafted for this information.

CHILD VICTIM

At approximately 4:20 pm, I appeared in the office of Honorable Judge Ann Rotolo. Judge Rotolo reviewed the search warrant for information regarding:

**Verizon; Attn: VSAT, 180 Washington Valley Road Bedminster, NJ 07921
Records of [REDACTED]**

This warrant is for Ms. Leticia Stauch's new cellular phone number.

At approximately 4:33 pm, Judge Rotolo approved and signed the warrant.

At approximately 4:40 pm, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-417.

The warrant was provided to Detective Sergeant Rosario Hubble to serve the next day.

Tiguan Warrant (20-418)

A previous search warrant was served on Ms. Stauch's Volkswagon Tiguan. During that time several areas of blood were located through a bluestar reagent inside the vehicle. A slip from the Colorado Springs Airport was also found in the vehicle from January 28, 2020 showing the vehicle was kept in a lot at this location. The slip showed the vehicle left the lot between the hours of 7-8 pm that same day.

Ms. Stauch had previously advised detectives this vehicle was left in the area of French Elementary or Mesa Ridge High School during that time, not at the airport.

Ms. Stauch is also known to be heavily dependent on electronic devices and map programs to allow for her to find her way around town. It was learned, Ms. Stauch's Tiguan may possess information on Ms. Stauch's routes taken the days of [REDACTED] disappearance. Due to this information it was determined a warrant needed to be written to allow for the telematics system in the vehicle to be forensically processed.

At approximately 4:20 pm, I appeared in the office of Honorable Judge Ann Rotolo. Judge Rotolo reviewed the search warrant for information regarding:

A 2019, Black Volkswagen Tiguan, utility passenger vehicle, bearing South Carolina Plate CYY283, VIN # [REDACTED] registered to Letecia Stauch, with an associated address of 4697 Farm Lake Drive, Myrtle Beach, SC 29579. The registration showed the vehicle was assigned Colorado Temporary Tag 893377. This vehicle is located at the El

CHILD VICTIM

This is a supplement to El Paso County Sheriff's Office case 20-1382.

Initial Information

CHILD VICTIM

On 2/6/20 at approximately 0830 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was assigned by Lieutenant Mihalko/03026 to canvass the area defined by Fontaine Boulevard to the south, Powers Boulevard to the west, Bradley Road to the north, and Marksheffel Road to the east. The timeline for this area was for suspect vehicles in the area on 1/28/20 from approximately 0615 hours to 0645 hours.

I was also directed to collect a substantial amount of video footage from Fort Carson entry point security cameras.

Fort Carson

At approximately 0930 hours, I met with Fort Carson's Access Control Supervisor Micah Howell, who allowed me access to the DVR system at Gate 20 (Mesa Ridge Parkway) and Gate 19 (Charter Oak Ranch Road). Micah explained to me that there were nine relevant cameras on Gate 20, each of which would take approximately four hours to download via the software. I searched the file system of the software and found that all 16 channels were being recorded to proprietary files (which would require the software to view), although the file sizes were significantly smaller. I began a download of 1/27/20 and 1/28/20 as well as the file Micah already exported and a copy of the software. Micah locked the room again (which could only be accessed at the lieutenant level or above) and told me he would notify me when the download was complete.

Gate 19 appeared to be recording in a similar fashion, although I did not have another drive large enough for the data with me at the time to begin a download.

Geographically Defined Canvass Area

At about 1400 hours, I began driving the area defined by Fontaine Boulevard to the south, Powers Boulevard to the west, Bradley Road to the north, and Marksheffel Road to the east. I spoke with security staff at the L3 Harris building (4619 Foreign Trade Zone Boulevard), so provided me a clip of footage with Bradley Road in the distance background for the time frame 1/28/20 0615-0645. There appears to be traffic lights at 0631 hours closer to Powers Boulevard which stop for a while, but I was unable to locate any law enforcement information for activity there from EPSO Dispatch (which includes Fountain PD) and Colorado State Patrol.

I attempted gaining video from the following residences on Meadowbank Lane, many of which had cameras mounted to the rear of their homes facing Marksheffel Road:

- 6014: No view of the road.

- 6022: No answer.
- 6030: No answer.
- 6038: Kayla Mari provided me clips which had Marksheffel in the view from the camera above her rear sliding glass door from 0615-0645 on 1/28/20, although the camera was motion-activated and did not provide continuous data. Kayla also told me that on 1/26/20, she and her husband noticed a truck with loud exhaust out in the field near a semi trailer sometime after 2200 hours, which drove around in the field for about ten minutes.
- 6046: No answer.
- 6054: No answer.
- 6062: No answer.
- 6070: No answer.
- 6078: No answer.
- 6086: No answer.
- 6094: I left a business card since there was a sign that said the babies were sleeping.
- 6102: No answer.
- 6110: Leishla Rodriguez provided me several clips from her camera mounted above her rear sliding glass door which had a view of Marksheffel Road from 0615-0645 hours on 1/28/20.
- 6118: No events for the time period.
- 6126: No answer.
- 6134: No answer.
- 6142: No answer.
- 6150: No answer.
- 6158: No answer.
- 6166 and further were new builds adjacent new construction, and did not appear to be occupied and had no external cameras.

None of the houses on the opposite side (west side) of Marksheffel Road (Summer Meadows Drive) had external cameras facing Marksheffel.

I spoke with Lucas Hale at Widefield Water and Sanitation District (8495 Fontaine Boulevard), who

provided me video from 0615-0645 hours on 1/28/20. The camera angle was from the parking lot, which was lower than Fontaine Boulevard, but did have a partial view of traffic.

Received Original Video Footage from Petco

CHILD VICTIM

At about 1700 hours, I reviewed an email from [REDACTED] which contained footage from the Petco located at 5020 North Nevada Avenue in Colorado Springs for two time frames I requested: 1/27/20 1100-1130 hours and 1/27/2020 1300-1330 hours.

Evidence

I later entered the video from 4619 Fontaine Boulevard (L3 Harris) into evidence, identified as item 196.

I later entered the video from 6038 Meadowbank Lane into evidence, identified as item 197.

I later entered the video from 6110 Meadowbank Lane into evidence, identified as item 198.

I later entered the video from 8495 Fontaine Boulevard (Widefield Water and Sanitation District) into evidence, identified as item 199.

I later entered the video from Petco into evidence, identified as item 200.

On February 6, 2020, at approximately 9:00 AM, I, Detective Katherin Huston #12012, of the El Paso County Sheriff's Office (EPSO) Investigations Division participated in a conference call with the Federal Bureau of Investigations Behavioral Analysis Unit (BAU) team 3 along with Detective J. Bethel, Detective M. Riley, Det. Sgt J. Abendschan, FBI Agent Amber Cronan, and FBI Agent Phil Niedringhaus. Detectives Bethel, Riley and I provided a brief of the facts and investigative steps taken of this case to the FBI Agents and BAU team 3. BAU Team 3 made some recommendations regarding further investigative steps.

At the conclusion of the call I was tasked with gathering information to forward to the BAU. I placed all information onto a thumb drive and a discs and provided it to Agent Cronan to forward to the BAU.

Search warrant execution on Volkswagen Tiguan:

CHILD VICTIM

On 02/06/2020, at approximately 10:00 am, I, Detective Timothy Ferrell, with the El Paso County Sheriff's Office (EPSO), Investigations Division, assisted in executing search warrant #20-400 on the 2019 Volkswagen Tiguan, South Carolina plate # CYY283, VIN: [REDACTED]

The Federal Bureau of Investigation (FBI) Evidence Recovery Team (ERT) conducted the search of the vehicle which was in a vehicle bay at the EPSO Evidence Facility located at 2749 E. Las Vegas St. in El Paso County, Colorado. The search was started at 10:00 am on 02/06/2020.

The ERT photographed the vehicle and then processed the inside of the rear hatch as well as the spare tire compartment located under the rear hatch floorboard. Trace evidence was collected into a trace evidence filter. ERT utilized Luminal on both areas. No reaction occurred on the rear hatch and no reaction was observed in the spare tire compartment. A possible reaction was noted on the lower central portion of the rubber seal to the rear hatch. The bottom section of the rubber seal was removed and collected from the vehicle.

While looking inside of the vehicle, I observed a SD card plugged into a SD card slot located in the glove box on the front passenger side of the vehicle. ERT collected the SD card for further processing.

I took possession of the collected evidence and placed the following items into the EPSO Evidence Facility:

- one FBI ERT scribe sheet, item #175
- one Volkswagen SD card, unknown S/N, item #177
- one trace filter, item #178
- one rubber seal, item #180

A copy of the search warrant and the scribe sheet was left inside of the vehicle.

I have nothing further.

Sunday February 9, 2020

Initial Call

On Thursday February 6, 2020, at approximately 1:50 pm, I, Detective N. Brklich was asked to contact Ms. LeeAnne Troutman, DOB: [REDACTED] in reference to her son possibly having contacted [REDACTED] via text.

Investigative Activity

At approximately 2:05 pm, I contacted Ms. Troutman at 2603 Conosa Dr., Colorado Springs, CO 80910. I spoke to her about her son's cellphone and requested permission to conduct a voluntary download of the phone. Ms. Troutman stated it would not be a problem. Ms. Troutman was advised this was a voluntary download and she had the right to refuse. She stated she understood this and completed a Cellular Telephone Search Waiver.

Ms. Troutman provided me with the cellphone, a black LG K 30, [REDACTED], passcode [REDACTED]. I departed her residence and returned to the Office of The Sheriff, giving the phone to Detective M. Baughman to perform the download.

At approximately 5:15 pm, Detective Baughman returned the phone to me stating the download was complete. At approximately 5:30 pm, I returned the phone to Ms. Troutman. While speaking with Ms. Troutman I asked if she would be willing to bring her son in to Safe Passage for a forensic interview on Friday February 7, 2020, at 10:30 am. She stated he had other appointments that morning but would be available at 1:30 pm. The interview was scheduled for that time.

A copy of the search waiver was attached to this supplement with the original being placed into the EPSO evidence facility reference item # 228.

Case Status: Active Investigation

On 02/06/20, I, Detective Mike Boggs of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted additional follow up regarding this case.

At approximately 3:39 PM, I called the Ms. Sanchez, who answered the phone. I identified myself and explained to her I was calling her back regarding the telephone message she had left me on 01/31/20, indicating she had additional information.

Ms. Sanchez said she had spoken to two other detectives, but she wanted to let me know about some odd things that occurred while she was with [REDACTED] and after they picked up [REDACTED] mother at the hospital. Ms. Sanchez this was on Wednesday (01/29/20) and the same night [REDACTED] and her mother spent the night at Ms. Sanchez's house.

Ms. Sanchez said when they left the hospital, She was in the front passenger seat, [REDACTED] was driving, and [REDACTED] mother was in the rear passenger area of the vehicle. Ms. Sanchez said [REDACTED] was quieter than she normally is. [REDACTED] mother apologized for them having to stay at [REDACTED] house. Ms. Sanchez said [REDACTED] mother was acting weird. [REDACTED] mother made the comment, "I hope you do not think we are a bunch of murderers."

While they were driving to Ms. Sanchez's residence, [REDACTED] mother asked [REDACTED] for her cell phone. [REDACTED] gave the cell phone to her mother. [REDACTED] mother was sending texts to [REDACTED] stepdad and posing as [REDACTED] When I asked what the text messages consisted of, Ms. Sanchez said she did not know. I asked how she knew [REDACTED] mother was sending out text messages and posing as [REDACTED] Again Ms. Sanchez said [REDACTED] was driving and Ms. Sanchez was sitting next to her, when Ms. Sanchez received a text message from [REDACTED] cell phone. Ms. Sanchez said the text message was asking her if they could spend the night. Ms. Sanchez said she did not see [REDACTED] use her cell phone. Ms. Sanchez said this odd and could not understand why [REDACTED] would have to send a text message when all she ([REDACTED] had to do was ask since they were sitting next to each other in the car. Ms. Sanchez said [REDACTED] mother said she was turning off the location services on [REDACTED] cell phone, because she had to. [REDACTED] mother then passed the cell phone back to [REDACTED]

While at the hospital, [REDACTED] mother had mentioned evidence had been found at the house. Ms. Sanchez also remembered [REDACTED] mentioning the fire had gone through the carpet and she ([REDACTED] could see cement underneath. [REDACTED] also said her mother had cut out the carpet and replaced it so [REDACTED] stepfather would not find out.

This is all the information Ms. Sanchez said she had at this time.

I have no further information at this time.

Mountain View Electric

CHILD VICTIM

I was tasked by Sgt. Rosario Hubbell to locate and identify utility workers seen in the area of 6627 Mandan Drive on January 27, 2020. The utility truck seen in a video belonged to Mountain View Electric.

I contacted Mountain view Electric and was advised the two individuals working on Mandan Drive on January 27, 2020 were Terry May (DOB: [REDACTED]) and his work cell phone is [REDACTED] and Levi Saurez (DOB: [REDACTED] with his cell phone number as [REDACTED].

I recorded the following conversations on my handheld audio recorder, which was later downloaded onto a CD and placed into evidence under item #

I contacted Terry via telephone who stated he was working on a transformer on an unknown date in front of 6627 Mandan Drive and his partner Levi was in a bucket down the street. Terry did not remember when they arrived or left the area for the job they were doing. Terry stated her remembers talking to a little girl in front of the house and telling her he was fixing the light and the end of her street and said, "she was all happy." Terry stated he did not see anyone else or around, did not observe anything suspicious nor did he know of anyone by the name of Eguardo.

I then spoke with Levi who was with Terry at the time. Levi stated he remember a whole bunch of kids walking in the street and a litle girl asking him about fixing the carpet because there was a fire in their basement. Levi stated he does not know anybody by the name of Eguardo

I again contacted Terry and Levi to ask if they had seen a construction or carpet vehicle in the are; however, both said they had not. This part of the conversation was not recorded.

They intersect on the northeast and on the southwest. The residence of 6611 Manden Drive is located on the northeast end of Manden Drive and on south side of the road, two houses east of 6627 Manden Drive (Stauch residence). It is the southwest corner house at the intersection of Manden Drive and Rubicon Drive.

EPSO Investigations Sergeant (Sgt.) Rosario Hubbell told me that he wanted me to look for [REDACTED] walking toward [REDACTED] house. [REDACTED] resides at 9875 Rubicon Drive, which is located on the east side of Rubicon Drive at the intersection of Manden Drive and Rubicon Drive.

There are approximately 85 video files/segments. There are 17 files/segments with a date stamp of 01/26/20, there are 33 files/segments with a date stamp of 01/27/20, there are 34 files/segments with a date stamp of 01/28/20 and there is one file/segment with a date stamp of 01/29/20.

The first video file is identified as, "Vivint-Driveway-2020-Jan-26-070935". In reviewing this file, I noticed it is dark out. With the time stamp on the file indicating 070935 (24 hour clock configuration), this should be showing activity at 7:09:35 AM, and it should be daylight outside; not dark. I do not know exactly how far off the time stamp is and if it is fast or slow.

It should also be noted the video surveillance camera appears to be mounted near the northwest corner of 6611 Manden Drive. The camera view is generally to the north and to northeast with a view of the intersection of Manden Drive and Rubicon Drive.

I compared the video surveillance footage from 6611 Manden Drive to the video surveillance footage collected from 6629 Manden Drive, which are generally located across the street from each other, to determine an approximate time stamp, but I was unsuccessful.

I noticed there were considerable time gaps where the video surveillance system from 6611 Manden Drive, did not capture any video. In the video surveillance footage from 6629 Manden Drive I saw people walking in front of 6611 Manden Drive and well as a school bus going in front of it, but for an unknown reason this was not captured by the video surveillance system at 6611 Manden Drive.

After going through all the video files/segments for the video surveillance footage obtained from 6611 Manden Drive, I did not see anyone matching the description of [REDACTED] walking in front of the residence.

I have no further information at this time.

This is a supplemental narrative for EPSO Case No. 2020-00001382, Kidnapping.

On 2/6/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I received a FedEx mailing from the Technical Services Office at the Denver International Airport (DIA). The mailing contained one computer CD with DIA security video associated with [REDACTED] departure on from that airport on 1/26/20, at 0655 hours, on American Airlines Flight 2153 from DIA to Dallas/Fort Worth, Texas. The video covers passenger embarkment activity at Gate A53 from 0610 to 0652 hours.

I reviewed the video and observed Stauch going past the passenger final check-in location (the last location where the passenger's boarding pass is scanned immediately prior to getting on the plane) at 06:20:25 am. He is wearing the exact same outfit he was wearing when he was picked up at the Colorado Springs Airport on the morning of 1/28/20 by Letecia Stauch. He was wearing a white and blue ball cap, a Colorado Avalanche gray hooded sweatshirt and blue jeans. [REDACTED] was also carrying a military style backpack, just like when he was picked up by Letecia. This passenger's appearance matched all the examples of images I have access to for [REDACTED]. The video confirms [REDACTED] boarded the flight.

There are two separate time stamps on the video from DIA. I don't know the reason for this, and I don't know which timestamp is more accurate. There is 19-minute difference between the two references. However, the date and general time frame is still 1/26/20 around 0630 hours.

I entered the CD containing this video into EPSO Evidence reference EPSO Case No. 2020-00001382 as Item #172. I am attaching a document to this report with some screenshots of the information being discussed in this narrative.

END OF REPORT

CASE STATUS: Active

There is no audio and visual recording of this incident on a body worn camera.

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 7, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB.

CHILD VICTIM

On February 6 and 7, 2020 I reviewed video footage from neighbors' residential cameras related to a missing person case originally taken at 6627 Mandan Drive on 1/27/2020 located in unincorporated El Paso County, Colorado. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #181.

I reviewed video footage from a Ring doorbell system belonging to 6946 Mandan Drive. This address is located approximately 0.4 miles from the original address of occurrence. The Ring camera from this residence appeared to be mounted to an area above the garage. The camera looks over the driveway, facing East and has views of surrounding residences. This residence is closest to the intersection of Mandan Drive and Rubicon Drive. The Ring camera system is not a non-stop recording system, the camera is activated off a motion sensor.

The following was observed while reviewing Ring camera footage.

On January 26, 2020 video footage was observed from 0447 hours until 1950 hours. Each video clip through the day has a date and time stamp associated.

- At 1420 hours, a white juvenile male wearing jeans and a blue hoody is seen riding a scooter down the street. The juvenile is seen towards the south, towards Rubicon Drive. The associated file to this incident is referenced to; 6786364536099583302_stamp.
- At 1707 hours until 1713 hours, there are what appear to be three juveniles riding dirt bikes back and forth on Mandan Drive. They stay mostly in view of the camera footage to a nearby address. All of them were wearing helmets and covered with other gear, so their faces were not able to be seen. The associated files to this incident is referenced to; 6786407511542347078_stamp, 6786407868024632646_stamp, 6786408237391820102_stamp, 6786408568104301894_stamp, and 6786408877341947206_stamp.
- At 1746 hours until 1820 hours, juveniles and adults are seen outside of this residence playing basketball. The male juvenile from the 1420 hours, footage arrives to play basketball. The associated files to this incident is referenced to; 6786417746449413446_stamp, 6786423226827683142_stamp, 6786425752268453190_stamp, and 6786426289139365190_stamp.

The juveniles seen in video footage from today were identified by EPSO Detectives when they were previously conducting a canvass in the neighborhood. None of the juveniles were identified as the missing child, [REDACTED]

On January 27, 2020 video footage was observed from 0217 hours until 2328 hours.

- At 1522 hours until 1620 hours, juveniles get dropped off at home by the school bus. Several

juveniles and adults are seen outside playing basketball again in front of this residence. These were the same individuals seen from the day before outside playing. The associated files to this incident is referenced to; 6786751542717723974_stamp, 6786752479020594582_stamp, 6786753749603534150_stamp, 6786753033071375586_stamp, 678675450074438725_stamp, 6786754892792214854_stamp, 6786755914994431302_stamp, 6786756314426389830_stamp, 6786756941491615046_stamp, 6786757242139325766_stamp, 6786758264341542214_stamp, 6786761919358711110_stamp, 6786762293020865862_stamp, and 6786766347469993286_stamp.

On January 28, 2020 video footage was observed from 0013 hours until 2216 hours.

- At 1242 hours, a red Nissan truck is seen driving south on Mandan Drive towards Rubicon Drive. The truck circles around and appears to pop back out on Clatsop Drive, heading back north on Mandan Drive. This vehicle in the video is a Nissan truck, with a light on the grille and black grille guard. The truck is a red four door with what appears to be only one attached license plate. The truck has running boards and black tires with black and silver rims. The bed of the truck appears to have a folded cover or a black object in the bed. While reviewing a map of the neighborhood it shows that on the far northeast corner on the video a red vehicle appears, this street is identified as Clatsop Drive. It is unknown how many people were in the vehicle. This vehicle is similar to the associated Nissan in this case that I previously reviewed photographs of. The associated file to this incident is referenced to; 6787081494990304582_stamp.

On January 29, 2020 video footage was observed from 0158 hours until 1215 hours. There was nothing to note from this video footage associated to the case.

Nothing further at this time.

Case Status: SAO

On February 6, 2020, I, Detective Jon Price #02034, received a package via FedEx. The package contained disks of photos taken by the FBI's Evidence Response Team during the searches of the four vehicles on January 31st and February 1st. I entered the following into evidence:

Item #173: Photos of search of Tiguan on February 1st. 1 disk with photos in JPG format & 2 disks with photos in RAW format.

Item #174: Photos of opening search of Tiguan and complete search of the Jetta on January 31st. 6 disks.

Item #176: Photos of search of Kia Rio on January 31st. 1 disk with photos in JPG format & 2 disks with photos in RAW format.

Item #179: Photos of search of Nissan Frontier on February 1st. 1 disk with photos in JPG format & 1 disk with photos in RAW format.

Supplemental Narrative

Detective Marissa Williams #12009

Date: 02/06/2020

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Thursday February 6, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, collected video evidence from the Colorado Springs Airport. I followed up with Waste Management. I also went to the area of [REDACTED] workplace (Massage Envy on Cinema Pt in Colorado Springs), to search for video/receipts related to purchases she made on January 27, as well as to check the nearby car wash.

Follow Up with Waste Management

I called Waste Management Transfer Station again and asked for Dave Bernal at 0850 hours. Dave Bernal called me back around 1400 hours, ph [REDACTED] and [REDACTED]. He advised I would need to talk to the district manager for the area landfills, Travis Apodaca. He provided me his phone number [REDACTED]. Mr. Apodaca called me at approximately 1430 hours. He stated he was able to locate the area where the Falcon area commercial trash had been dumped between Monday January 27 and Wednesday January 29. I requested he hold that area and not dump on top of it. He agreed to hold the area for the next two weeks or until I advise him otherwise.

Airport Video

Per EPSO Detective Karl Mai's request, I responded to airport and met with Colorado Springs Police Officer Kevin Gatewood (ph [REDACTED]) and Sergeant Matt Harrell. Officer Gatewood provided me video on a USB jump drive for Tuesday January 28 during the time Letecia picks up [REDACTED] at the airport and rents a car. Officer Gatewood advised they only have surveillance inside. A private company monitors the parking lot. Sgt. Harrell informed me of the activity for the license plates requested, which information he had obtained from the private company. There was no indication any of the license plates were present on the airport property during the month of January. However, the license plate reader only captures the vehicles present on the property at approximately 2330 hours each day. Sgt. Harrell emailed the information to Detective Mai.

I later reviewed the video provided.

hours. She is wearing a pair of sunglasses on her head, a blue jacket with what appears to be a round, yellow emblem on her left breast, a light brown/tan colored T-shirt with white lettering on the front, a pair of green sweatpants, and white and gray tennis shoes with black laces and some red/pink along the front and edges. Letecia is carrying a blue and white plastic bag in her right hand. She also has her black purse on the back of her shoulder.

CHILD VICTIM

At 0842 hours, Letecia is seen with [REDACTED] in the East Baggage Claim. Both [REDACTED] and Letecia are on their cell phones consistently while waiting to pick up [REDACTED] luggage. They leave this area at approximately 0847 hours.

At 0847 hours, Letecia goes up the escalator alone to the rental car area. She exits the frame at approximately 0848 hours.

Around 0850 hours, Letecia is seen at the rental car counter.

At 0856 hours, Letecia and [REDACTED] exit the airport at the ground floor atrium together.

I later placed the USB storage device in evidence.

Follow Up Near Massage Envy

Checked the area of Massage Envy (3254 Cinema Pt, Colorado Springs) for the following purchases that occurred on [REDACTED] USAA debit card ending * [REDACTED] on Monday January 27, 2020. Her timecard for Massage Envy showed she clocked in at 0830 hours and out at 1615 hours. She had a total of 24.68 minutes break time.

The following times appear to be in Central Standard Time, based on comparison with other purchases at known locations:

9:15	Starbucks	\$10
10:08	Subway	\$7.57
	00182592	

I went to the following Subway addresses:

2878 N Powers Blvd - At 1040 hours I spoke to manager Megan. There were no purchases matching the date, time, and amount and last 4. This location is near Starbucks inside Safeway in same shopping strip.

6042 Stetson Hills Blvd - At 1100 hours I spoke to employee Samantha, who checked the date, time, amount and last 4 and did not find a match. This location is near a freestanding Starbucks and Starbucks inside King Soopers in same shopping strip.

5754 Palmer Park Blvd - At 1830 hours I spoke to employee Tony. He confirmed there were no purchases for \$7.57 on Monday Jan 27. I asked Tony to pass on my request to the district

manager Brigitte and provided him business card, so that I might be able to determine the location of the purchase.

EPSO Detective Mike Boggs advised me there was no available video for Massage Envy per the manager. The manager told him the company operating their video surveillance was Atticus, and that this company took over approximately 6 months ago. Since then, the manager told Detective Boggs the video surveillance system has not worked at all. Detective Boggs said another employee at Massage Envy stated she saw [REDACTED] at work Sunday and Monday.

I also went to the Big Wave Car Wash at 2873 New Center Pt at approximately 1110 hours. I washed my car and drove directly to the Office of the Sheriff via E Platte Ave. The trip took 18 minutes to drive from the car wash to the parking garage. My car had a similar moisture amount to the Tiguan when Letecia drove in on Wednesday January 29. The weather on this date was a similar temperature (low 40s), overcast and dry. The time of day was also similar to that during which Letecia drove into the Office. The District Attorney Investigator Martinez advised me she is still waiting on video from Big Wave.

Follow Up with USAA

I received a call from Cynthia Brauer with USAA around 1530 hours. She advised the Holiday Inn charge on the card appears to have been reversed (referring to a charge for \$315.70 for Holiday Inn Resort in Orlando, FL, dated 02/04/20). There was no new activity.

I provided all financial information to FBI Special Agent KC Hughes.

Evidence

I entered the following items into evidence:

Item #194-a USB storage device containing video from Colorado Springs Airport for January 28, 2020

Forensic interview of [REDACTED], [REDACTED] and [REDACTED]

On Friday, February 7, 2020, at approximately 8:30 am, I, Detective Jennifer Arndt #06095 and Detective Peter Vigil #10011 of the El Paso County Sheriff's Office Investigation Division, assisted in conducting follow up on this case. We were tasked to watch the forensic interviews of [REDACTED] and [REDACTED].

The content of the both Forensic Interviews were documented by Detective Vigil (See Detective Vigil's supplement.

Time corrections from [REDACTED]

At the end of the forensic interviews I was advised by [REDACTED], [REDACTED] mother, she was attempted to get a hold of the FBI agent who came out and spoke with her because she provided wrong times on her communication with the Stauch family on the day [REDACTED] was reported missing. [REDACTED] stated On Monday, January 27, 2020 she first received a text message from [REDACTED] at 7:35 pm asking if she know where [REDACTED] was. [REDACTED] had previously reported 6:30 pm; however, she stated that was a telephone call with her mother. [REDACTED] stated at 7:48 pm she received a telephone call from Letecia telling her [REDACTED] was missing. [REDACTED] stated she then arrived at the Stauch residence approximately 5 minutes after the call from Letecia.

The original contact with [REDACTED] was documented under FBI Case # 7C-DN-3228727, dated 2/6/20 by FBI agent John W. Smith.

At this time, I have nothing further.

Case status: Active-Investigations

This is a supplement to El Paso County Sheriff's Office case 20-1382.

Initial Information

CHILD VICTIM

On 2/7/20 at approximately 0830 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was assigned by Lieutenant Mihalko/03026 to continue downloading video from Fort Carson access points.

Fort Carson

At approximately 0930 hours, I met with Fort Carson guards, who had been directed to allow me access to gate security camera systems. I collected the drive from Gate 20, which finished downloading the footage through 1/31/20. I attached a new drive to the Gate 19 system and left it in the locked room to download.

Search of Rented White Van

At about 1400 hours, I arrived at 421 North Chelton Road (Enterprise Rent-A-Car), and contacted Caleb Mills, a Risk Supervisor with Enterprise. He allowed me access to process a vehicle of interest in this case, which was returned to that location. The vehicle was a white 2019 Ford Transit van bearing Colorado plates BIP726 (VIN [REDACTED]).

I took overall pictures of the van, inside and outside. I located several items in the van:

- A brown button in a small plastic baggy at the back on the floor by the rear doors.
- A pair of dike-style pliers in the upper front ceiling compartment
- A receipt under the parking brake lever from Wendy's (222 North Wahsatch Avenue) on 1/29/20 at 1439 hours for \$20.70 card ending in 2041.

The items in the glove box all appeared to belong to the rental vehicle.

I swabbed four different locations for DNA: the steering wheel and shifter, the floor by the side sliding door, the floor in the middle of the cargo area, and the floor at the threshold of the rear doors.

Evidence

I later entered photographs from the rented white van into evidence, identified as item 207.

I later entered the Wendy's receipt from the rented white van into evidence, identified as item 208.

I later entered the button in plastic bag from the rented white van into evidence, identified as item 209.

I later entered the blue-handled dike style pliers from the rented white van into evidence, identified as item 210.

CHILD VICTIM

I later entered the DNA swabs for the steering wheel and shifter from the rented white van into evidence, identified as item 211.

I later entered the DNA swabs for the floor area near at the threshold for the passenger side sliding door from the rented white van into evidence, identified as item 212.

I later entered the DNA swabs for the middle floor area from the rented white van into evidence, identified as item 213.

I later entered the DNA swabs for the threshold of the floor area of the rear double doors from the rented white van into evidence, identified as item 214.

I was unable to enter the Gate 20 footage due to the file size, but kept the video locked on the temporary drive until a more permanent solution could be found.

Friday, February 7,

On Friday, February 07, 2020, I, Detective D. Glenn Jr. of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted in conducting follow up for this case. Detective Sergeant Rosario Hubbell tasked me with contacting the West Chester, Ohio, Police Department and the Butler County, Ohio, Coroner's office to obtain any reports related to the 2014 death of Letecia Stauch's former husband, Chance McArthur-Hunt, DOB: [REDACTED]

At approximately 1100 hours, I spoke with Norma Sechrist, of the Butler County, Ohio, Coroner's Office who emailed me copies of the Coroner's reports in reference to Chance's death.

During my conversation with Norma, she provided me an email address for Lieutenant Tivin of the West Chester Police Department and said I could contact him to obtain the police report detailing Chance's death.

At approximately 1130 hours, I emailed a records request to Lt. Tivin asking for a copy of the police report.

Supplemental Narrative 20-1382

On 2/7/20, I, Lieutenant David Manzanilla EID/07019, who is assigned to the El Paso County Sheriff's Office Investigations Division, conducted follow-up for this case. FBI TFO Greg Young/02071, met with the Widefield School District 3 Executive Director Kirk Vsetecka, and obtained Leticia Stauch's personnel file.

At approximately 2:26PM, TFO Young responded to the Office of the Sheriff (27 E Vermijo Avenue) 2nd floor and handed me the personnel file (66 pages). Subsequently, Detective Karl Mai/98039 entered the document into the EPSO evidence system and I placed the physical copy into evidence:

2020-00001382 (13) Follow-up with Verizon regarding ping:

On Friday, February 7, 2020, at about 3:16 pm, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigation's Division, followed up with Verizon; in reference to a search warrant, I sent them earlier in the day.

CHILD VICTIM

I made contact with a call taker who told me the request was fulfilled and the records were sent. I told her the search warrant was not for records, but it was for a pen trap and trace of a cellular telephone. After I was on hold for several moments, she advised me someone was starting the pen trap and trace.

I asked her if she had the point of contact information I provided on the fax coversheet and she said she did. I asked her if she could do the updates hourly and she said the updates would be done every 15 minutes. She reviewed the warrant and then told me they would not execute the warrant because an end time for the pen trap and trace was not listed.

I edited the warrant stating the pen trap and trace was to start immediately and remain in effect for the next 30 days.

At about 4:30 pm, I responded to the El Paso County Courthouse, located at 270 South Tejon Street, Colorado Springs, CO 80903, with the revised search warrant.

I met with the Honorable Judge William Bain with the 4th Judicial District, and presented him with a warrant for the search of Verizon; Attn: VSAT, 180 Washington Valley Road, Bedminster, NJ 07921 (Records of: [REDACTED])

At about 4:38 pm, Judge Bain signed the search warrant. I responded to the clerk's office to file the search warrant that was assigned Case Number 20-428. I attached a copy of the signed search warrant with the blanket sealing request and order to this supplement.

At about 4:57 pm, I faxed the updated search warrant and cover sheet to [REDACTED]; and received a confirmation the fax was sent at 5:00 pm.

At about 5:30 pm, I contacted the Verizon Subpoena and Search Warrants section to see if they received the warrant. I spoke with David Silva who stated they did not receive anything, and provided me with his email address [REDACTED]. I emailed him the search warrant and requested he reply indicating he received it and that it met their criteria.

I did not get a confirmation email from David; however, I began receiving emails with updated ping information.

I attached a copy of the signed search warrant, the search warrant faxed to Verizon, and the confirmation the fax was successfully submitted.

At approximately 4:53 PM, Judge Bain approved and signed the warrant as well as the sealing order.

The warrant was filed with the clerk of the courts.

At approximately 7:45 PM Detective Sergeant R. Hubbell and I responded to 6627 Mandan Drive and met Frank Slimski DOB [REDACTED] with EZ Lock to have the front door re-keyed. Mr. Slimski related he was unable to re-key the lock that was on the door and would need to replace the deadbolt. However, Mr. Slimski was unable to get the key to work for the one deadbolt he had.

At approximately 8:15 PM, I responded to Lowe's and purchased a deadbolt. I then returned to the residence and installed it on the front door.

Sergeant Hubbell unplugged the garage door opener and locked the garage door. The door going into the house from the garage was also secured.

The back door, a sliding glass door, was locked and a small board was placed into the track in an attempt to prevent it from being manipulated open.

The front door was locked on the way out and I maintained control of the keys and the garage door opener which were turned over the Lieutenant Mihalko on February 8, 2020 at approximately 8:30 AM.

Nothing further.

On Friday, February 7, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

With the assistance of FBI Agent Andrew Cohen, I prepared a Title III warrant for a cell phone Mrs. Letectia Stauch was known to be using. The warrant was reviewed and signed by Chief Judge William Bain and District Attorney Daniel May.

The contents of the warrant are under seal at the El Paso County Courthouse per the sealing order of Judge Bain and are not available for upload.

I will continue to document investigative efforts in additional supplements.

Missing Person

On Friday, February 07, 2020, I, Detective Sergeant Rosario S. Hubbell of the El Paso County Sheriff's Investigations Division Major Crimes Unit, conducted follow up on case 2020-00001382.

Initial Brief

I was told by Lt. Mihalko that we would be seizing the residence 6627 Mandan Drive, Colorado Springs, Colorado, State of Colorado. I requested Kat Huston complete the warrant and assigned her the responsibility of responding to the address to have the residence re-keyed.

At approximately 7:00 pm I contacted EZ In Locksmith Services and spoke with Brad. I asked if it would be possible to just re-key the front door lock of the residence. I was told the lock could be re-keyed and that he could dispatch his technician Frank, later identified as Frank Slimski. I requested he send his technician to the residence and I would meet him there.

Scene

The scene was located at 6627 Mandan Drive in unincorporated Colorado Springs, El Paso County, State of Colorado. The location is a single-family ranch style home with a finished basement. The house generally faces north.

I arrived at approximately 7:38 pm, Detective Huston and I awaited the arrival of EZ In Locksmith Services technician Frank.

At approximately 7:45pm, Frank arrived. He proceeded to examine the lock on the Front Door of the residence. After looking at the lock Frank explained the type of lock on the front door needed the original key to be able to complete any type of re-keying of the lock. The original key was not available, Frank provided a second option of replacing the Deadbolt. I told Frank to go ahead and replace the deadbolt. Frank attempted to replace the deadbolt, but the lock would not function and he could not get a key to work.

At approximately 8:15pm, Detective Huston went to Home Depot and purchased a new deadbolt. The new Deadbolt was installed, and the original deadbolt was set aside so it could be re-installed once the house is released.

I then went to the garage and unplugged the garage door opener so the house could not be accessed by remote. A 2x4 was then used to help secure the sliding glass door. Once the house was secured Detective Huston and I departed.

Nothing Further.

CASE STATUS: Active

This is a supplemental narrative for EPSO Case No. 20-1382, Kidnapping.

On 2/7/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I coordinated with sworn members of the Metro Vice Narcotics & Intelligence unit (VNI) to conduct further neighborhood canvass operations in the Lorsen Ranch area surrounding 6627 Mandan Dr., the address of occurrence for this case. I met with Sergeant Roger Vargason (VNI) and provided him with maps and questionnaires. Sgt. Vargason then deployed his team to conduct the canvass. At the end of the day, I received all the documents I had given to Sgt. Vargason, including any and all completed questionnaires.

On 2/8/20, I scanned those documents for uploading into EPSO computerized reporting systems known as LERMS. The questionnaires are attached to this report. I entered the original forms into EPSO Evidence reference EPSO Case No. 2020-00001382, as Item #218. The following is a list of addresses I collected questionnaires for. I'm also including the name of the officer or deputy who completed the questionnaire. If there are any significant details on the questionnaires, I will comment on those too. Otherwise, the reader should refer to either the scanned copies, or the original questionnaires held in evidence for the complete details of this portion of the neighborhood canvass.

The questionnaires used by VNI while conducting the neighborhood canvass sourced from the Federal Bureau of Investigation (FBI). They are commonly used questionnaires for missing child cases like this one. The last question on the form was changed from having the investigator ask consent to search the neighbor's house, vehicles and storage areas to, "Has anyone from the family come to your house looking for the missing child." The FBI agent who provided the forms to me, Special Agent Amber Cronan, suggested I make this change. As I understood it, there were a couple of reasons for doing this. The first was, at this point in the investigation, EPSO had little hope [REDACTED] (the missing child) was hiding out in one of the neighbor's houses. The second reason was, Letecia Stauch had claimed during a previous interview that when [REDACTED] went missing, she went door to door looking for him and EPSO was interested in verifying that claim. I also added to the form the EPSO case number and a date/time reference the investigators should focus on when questioning the neighbors. That date/time reference was assigned by the lead investigator in this case, Detective J. Bethel (EPSO).

At the end of the day, Sgt. Vargason gave me a synopsis of what his team learned. He stated very few if any of the neighbors knew [REDACTED] before this incident occurred. Most of, if not all the neighbors, were aware of the case and had been following social media and the news for updates. Sgt. Vargason did get one lead to speak with the owners of a barber shop located in the city of Fountain, Colorado. I know Sgt. Vargason was able to do that and he will be generating a report about that follow-up. Beyond these basic details, if there is anything of note on an individual questionnaire, I will comment on it below.

On February 7, 2020, I, Detective Jon Price #02034, facilitated the execution of Search Warrant #20-418. This Warrant was executed on the 2019 VW Tiguan, which was in Bay A of the El Paso County Sheriff's Office Evidence Facility, 2749 E. Las Vegas Street. The search began at 1:30 pm, and concluded at 2:06 pm. **CHILD VICTIM**

The warrant was executed by FBI Special Agent David Donati and members of the FBI's Strategic Vehicle Technical Unit. (SVTU)

The following were collected from the Tiguan:

1. Information Electronics Control Module.
2. Infotainment System Display.
3. Emergency call module.

SA Donati maintained custody of these items to forward to the FBI for analysis.

I completed a scribe sheet, a copy of which was left in the Tiguan along with a copy of the Search Warrant. I later entered the Scribe Sheet into evidence as item #215.

I composed a Report of Execution of Search Warrant for 20-418.

CHILD VICTIM

February 7, 2020

On February 7, 2020, I, Detective P. Vigil #10011 and Detective J. Arndt #06095 of the El Paso County Sheriff's Office, Investigation Division, was assigned to this case (EPSO case#2020-0001382) for follow up. We were asked to observe forensic interview on [REDACTED] Stauch and Konner Taylor. The interviews were conducted at Safe Passage located at 423 South Cascade Avenue. Both interviews were audio and video recorded.

Safe Passage Interview with [REDACTED] Bio Parents

Prior to the interview, I, along with Detective Arndt and FBI Forensic Interviewer (FI) Karen Blackwell met with [REDACTED] and [REDACTED] to obtain information that may assist in the Forensic Interview. During the conversation, [REDACTED] and [REDACTED] said they have been keeping [REDACTED] away from the media as much as they can. [REDACTED] said [REDACTED] did see the video that was put on news because he was watching it and she looked over his shoulder. The video on the news is a home camera system where it is assumed that Letecia and [REDACTED] get in a red truck in the driveway. Both parents said that [REDACTED] is seeking a lot more attention lately. They said that [REDACTED] is starting to put somethings together from when [REDACTED] went missing. They said [REDACTED] has realized that some of the thing's stepmother Letecia Stach had [REDACTED] do was a just "a lie". [REDACTED] has been calling Letecia "a liar." [REDACTED] and [REDACTED] said they are trying to not let [REDACTED] hear "adult conversations" about [REDACTED]. [REDACTED] said [REDACTED] is in counseling and has completed a session so far. During the counseling session, the counselor stated she just watched [REDACTED] and did not ask many questions.

Safe Passage Interview [REDACTED] [REDACTED]

When it was time for the forensic interview to begin with [REDACTED] she didn't want to go into the interview room. Karen along with [REDACTED] [REDACTED] and staff from Safe Passage attempted to get [REDACTED] in the interview room for a while; however, [REDACTED] did not want to go in the room. At first [REDACTED] didn't want to leave the playroom and then she would run around the building into different rooms and hide underneath a table in a conference room. While she was running around the hallways, she was laughing and saying she did not want to be in there. Due to attempting to get [REDACTED] into an interview room there were two CD's made with recordings. The first CD consisted of attempting to get [REDACTED] into a room and the second CD consisted of the interview with [REDACTED]

After approximately 30 minutes, at approximately 9:52 am, [REDACTED] went into the interview room with Karen and the interview began. The following is a synopsis of the interview with [REDACTED] and [REDACTED] should not be considered a verbatim transcription. The interview was audio and video recorded which was later placed on a CD and entered into El Paso County evidence facility under [REDACTED] #203 along with the notes and a drawing [REDACTED] completed.

Karen started the interview by attempting to build rapport with [REDACTED]. Karen told [REDACTED] that during this interview, she is not in trouble and they just want to talk about stuff that is true and real. [REDACTED] nodded her head yes; she would talk to Karen; however, during the interview [REDACTED] struggled to remain still and on at least two occasions she ran out of the interview room. Due to [REDACTED] unable to focus, a full interview could not be completed. However, the following information was obtained.

CHILD VICTIM

[REDACTED] said they went hiking on Sunday (January 26, 2020). She began to explain the hike. She said at the end of the hike, "[REDACTED] used the bathroom in his pants." [REDACTED] says later that night, there was a fire. [REDACTED] forgot to put his candle out and the candle got knocked over, Tesha (Latecia) saved "bubbas" (Bubba is a nick name that [REDACTED] uses for [REDACTED]). Tesha put blankets over [REDACTED] to put out the fire. [REDACTED] had a little bit of fire on his shirt. When [REDACTED] was describing where the fire was on [REDACTED] she pointed to her left side lower abdomen. It is unsure if [REDACTED] shirt was on fire.

[REDACTED] said when the fire happened, she was in her bedroom on her bed. [REDACTED] heard the fire alarm going off. Tesha said "load up in the car with the puppies." [REDACTED] was freaking out saying, "I'm sorry, I'm really sorry." Tesha kept saying its, "okay, its okay." They drove around in the car. When they got back home, Tesha told [REDACTED] to go into Tesha's room because she did not want [REDACTED] to go into her own bedroom. [REDACTED] said Tesha did not want [REDACTED] in her own room because "people can look through her window." [REDACTED] was in Tesha's room and was watching the puppies. Tesha was downstairs with [REDACTED] [REDACTED] could hear [REDACTED] crying. Karen said what happened next. [REDACTED] said then it was the next day.

Karen began asked [REDACTED] how [REDACTED] shirt caught on fire and how she knew that. [REDACTED] said the shirt did catch on fire and she knew this because Tesha told her. Tesha showed [REDACTED] her burn mark. When [REDACTED] was describing where Tesha got burned she pulled her sleeve up on her left arm and pointed to the bottom of her forearm. [REDACTED] burns were also on his arm, but [REDACTED] did not know what arm it was on. Karen ask how she knew this, [REDACTED] said "cause Tesha told me."

[REDACTED] said Tesha was freaking out and described this as Tesha in her room taking several very deep breathes and then said she feel asleep in her bed. When Tesha was freaking out, [REDACTED] was in [REDACTED] bed because there was smoke downstairs. Tesha and [REDACTED] put [REDACTED] in [REDACTED] bed. [REDACTED] was crying but not anymore when he went into [REDACTED] bed. [REDACTED] did not say anything when he was crying.

[REDACTED] said when it was time for her to go to bed. [REDACTED] was taken to his room by Tesha and so [REDACTED] could sleep in her bed. [REDACTED] said when Tesha moved [REDACTED] to his room; [REDACTED] was "asleep."

[REDACTED] came home from work at message envy. She came home and began loving her dog "Chance". Tesha and [REDACTED] told [REDACTED] what happened referencing the candle. [REDACTED] asked if [REDACTED] was okay. Tesha told [REDACTED] you have to go to sleep go in your bedroom. [REDACTED] went to her room and went to sleep. [REDACTED] said when she went to bed, Tesha and [REDACTED] were watching TV in the living room.

SHERIFF'S OFFICE
asked
to Jennifer Knight

When [REDACTED] was in [REDACTED] bed. [REDACTED] was in “daddy room” in the bed with dogs. [REDACTED] said daddy was on an airplane.

CHILD VICTIM

[REDACTED] said the following day she had school because it was Monday (January 27,2020). [REDACTED] could not go to school because of his tummy. [REDACTED] said “Tesha made this up and it was just a lie.” [REDACTED] talked about Tesha putting [REDACTED] in the car, went somewhere, dropped him off, and then went back home. Karen asked how [REDACTED] knew about that. She said she saw it on someone else’s camera. He lives two houses down and his cameras can see all the way to “his” house. This was also the video that was on the news that [REDACTED] saw. When [REDACTED] went to school she said [REDACTED] was in his room sleeping. She knew he was asleep because she helped put him in his bed. When she helped put him in his bed, Karen asked what [REDACTED] looked like. [REDACTED] demonstrated straightening her body out on the couch to act as if she was sleeping and she closed her eyes. She said Tesha had to bend [REDACTED] legs because he was too sleepy to walk. Tesha and [REDACTED] helped [REDACTED] go downstairs. They took him to his bedroom, then [REDACTED] saw the “fire spot”, she described a big cut out on the carpet near the couch. She said there was also some candle wax on the couch.

[REDACTED] said when she was getting ready for school, [REDACTED] was at work. [REDACTED] asked Karen she could use the restroom. When Karen and [REDACTED] came back into the room, Karen continued the conversation discussing what occurred when she came home from school. [REDACTED] stated Tesha was the only one home and she just got done working out. [REDACTED] asked Tesha where [REDACTED] was and she replied he was downstairs sleeping, [REDACTED] asked if she could go check on him and Tesha said “no.” [REDACTED] described Tesha “cleaning stuff;” Tesha was cleaning her room and the kitchen. She got the supplies to clean from under the sink. While Tesha was cleaning, [REDACTED] went outside to ride [REDACTED] bike because something was wrong with her bike. When [REDACTED] was done riding her bike. Tesha was the only one at the house and she was still cleaning. She was cleaning her room and the kitchen.

[REDACTED] said when Tesha went to pick up [REDACTED] from the airport she stayed at the babysitters.

When asked what occurred next, [REDACTED] said “it was Tuesday.” [REDACTED] did not go to school because [REDACTED] was missing.

[REDACTED] said that Tesha acted good with her and then left the room. Karen was able to get [REDACTED] back to the room to continue the interview.

Karen was able to only get one question of what [REDACTED] had to eat, [REDACTED] replied popcorn, soup, beef jerky for a snack, and had cereal for dinner. [REDACTED] then walked out of the room concluding the interview.

In addition, they exchanged phone numbers and would “chat” and have sleep overs. During sleepovers at █████ house they would hang out in the large basement living room. They would play games and video games. They had a lot of sleep overs together. Karen asked how many sleep overs you did have over at █████ house. █████ said “he lost count;” they would alternate almost every weekend. █████ would sleep in █████ room because he had two beds. The rules for the sleepovers where they could not use electronics when in bed. They would have to ask for a snack or a drink and were only allowed to eat/drink in the in the kitchen.

█████ said, █████ was closest with either his father or █████ He described, █████ and █████ relationship as close, but they would fight just like any kid does and would make up quickly. █████ said that if █████ would get in trouble he would be sent to his room and would not get any electronics. █████ calls Letecia “Tee”.

█████ said █████ always has his phone with him so if the other family members/friend would contact him. █████ would normally always answer his phone.

█████ described his friendship with █████ as, “like family.” █████ said █████ talked to him about going to Grand Mountain School. █████ did not want to go to the school because he thought he would not know anybody but learned his friend █████ was also a student at the school.

█████ was asked what he knew about █████ missing. █████ said he knew he was missing from “the 23rd” when he finished texting him. █████ said he got a text from █████ saying, “see you soonish”. █████ said this was “Spooky”. It was spooky because he did not know what it meant, and this was not how █████ normally talked. Later, █████ texted █████

saying “dude what’s up?” but [REDACTED] did not reply. [REDACTED] Father [REDACTED] called [REDACTED] and asked if they saw [REDACTED] [REDACTED] said no, told [REDACTED] to get a flashlight and get ready because they were going to look for [REDACTED]

[REDACTED] said he went to [REDACTED] house with his mother and saw Tesha, [REDACTED] and [REDACTED]. While at the house, [REDACTED] learned [REDACTED] phone was there, so “they” checked the history on [REDACTED] phone. [REDACTED] said he was told by his mother that Tesha found some stuff in [REDACTED] backpack he was told were “some drugs” which [REDACTED] referred as “soap suds.” When asked to describe the “soap suds,” [REDACTED] shrugged his shoulders. He was asked if he saw the “soap suds;” however, he did not see them, but his mom did. [REDACTED] described [REDACTED] backpack having “sonic” on it. [REDACTED] said [REDACTED] never talked about using drugs nor did he ever see him with drugs.

Tesha told [REDACTED] before [REDACTED] went missing, [REDACTED] was on his electronics and without knowing it he knocked over a candle. The smoke alarm began going off, Tesha went downstairs and saw all the smoke, she grabbed [REDACTED] and went to the car. [REDACTED] started crying and saying I’m sorry, I’m Sorry. Then [REDACTED] went missing after that. When asked how he knew about all of this, he said Tesha told him.

[REDACTED] said after Tesha told him about this, Tesha seemed stressed. Tesha voice inflection seemed to [REDACTED] as if she was scared or stressed. [REDACTED] was on the couch crying with the dogs.

During this conversation, Tesha, [REDACTED] [REDACTED] [REDACTED] and [REDACTED] were all upstairs because they couldn’t go downstairs because the carpet was all messed up. [REDACTED] said the dogs kept trying to go downstairs; however, [REDACTED] would not let them go down.

[REDACTED] went with [REDACTED] and [REDACTED] going door to door to look for [REDACTED]. [REDACTED] said Tesha told him [REDACTED] was supposed to be with [REDACTED]. They located [REDACTED] and learned he did not have an older brother. [REDACTED] called Tesha and said we found [REDACTED] but he does not have an older brother and all three of them returned to [REDACTED] home. When they arrived and again told Tesha [REDACTED] did not have an older brother she responded with, “we are back at square one.”

[REDACTED] said him and his mom then returned home.

The interview was concluded.

Both interviews in their entirety will be submitted to the El Paso County Records Department for transcription. Once they are completed they will be attached to a supplement.

I have nothing further at this time.

Jace Morin's Cell phone

On Saturday, February 8, 2020, I, Detective Jennifer Arndt #06095 of the El Paso County Sheriff's Office, Investigation Division, assisted in conducting follow up on this case. I met with Jace Morin ([REDACTED] boyfriend) at his place of employment, O'Riley's Auto parts located at 6730 Camden Boulevard, to obtain his cell phone.

I met with Jace Morin who voluntarily signed a cellular search waiver for his black iPhone 8 and provided his passcode, [REDACTED]. I took control of Jace's cell phone and brought it to the Office of the Sheriff to have a IT forensic Detective complete a digital data extraction on the cell phone. A copy of the search waiver is attached to this report and the original was placed into evidence under item #216.

At approximately 12:35 pm, I returned to Jace's cellphone to him back at his place of employment.

At this time, I have nothing further.

Initial Information

On Wednesday, February 9, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that [REDACTED] was still missing.

Ms. Stauch posting on Facebook

During the course of this investigation, I have joined three different Facebook Groups using a Facebook account created solely for investigative purposes. These Facebook groups include Where is [REDACTED] [REDACTED] Find [REDACTED] and [REDACTED] Search Party.

On occasion, I have checked these pages and observed posts being made by various family members of [REDACTED]

On this day I observed a post on the Where is [REDACTED] Facebook group. This post referenced Ms. Letecia Stauch (DOB [REDACTED] posting on her personal account, Tee Stauch. Several people took screenshots of Ms. Stauch's post and copied them in the comments of the group.

I saved a copy of the screenshots and observed additional information in the comments. The original post was three pictures worth of text from Ms. Stauch. This post was removed approximately three minutes after it was posted, and a new post was put up with multiple pictures of [REDACTED] Screenshots had also been taken of this post before it was also deleted after a short amount of time.

Ms. Stauch engaged in conversations in the comments of her post. During these conversations, Ms. Stauch was using obscenities towards other people commenting. Screenshots were also taken of these comments and I saved copies.

An additional post was made by Ms. Stauch on the Lorson Ranch Residents group. I do not have access to this group however screenshots were taken by others and posted in the Where is [REDACTED] group.

Copies of these screenshots were saved to the Investigations Drive to be entered into evidence at a later date.

2020-00001382 (16) Review of video from 9875 Rubicon Drive:

On Sunday, February 9, 2020, at about 9:45 am, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigation's Division, began reviewing video obtained from a Vivint Doorbell Camera at 9875 Rubicon Drive, Colorado Springs, CO 80925.

This residence faces west and captures the entryway to the residence and down Galpin Drive. This residence is located around the corner to [REDACTED] residence. The first video is time stamped "Vivint-Doorbell-2020-Jan-26-191000" and the last one "Vivint-Doorbell-2020-Jan-28-221306" and there are 46 videos associated to the residence.

2020-Jan-28-014842: [REDACTED] runs up to the door and appears to be frantic. She rings the doorbell, looks in the window, looks back out to the street and then places her hand over the camera.

2020-Jan-28-014921: [REDACTED] pulls her hand away from the camera and looks out to the street where a vehicle is parked. The porch light comes on, the front door opens and [REDACTED] walks away from the house.

2020-Jan-28-015029: A truck drives to the west down Rubicon Drive.

2020-Jan-28-021230: The resident exits the residence and walks out towards the street.

2020-Jan-28-042137: A truck is driving south on Galpin Drive and turns west onto Rubicon Drive. This truck closely resembles the Nissan.

2020-Jan-28-050233: Vehicle stopped in the intersection of Rubicon Drive and Galpin Drive. The resident exits the residence and starts to walk out to the street.

In the following videos, various vehicles are driving through the area to include patrol cars and the resident returns home. The aforementioned videos are the only ones obtained that show anything of interest.

I have nothing further at this time.

2020-00001382 (17) Review of video from 6658 Mandan Drive:

On Sunday, February 9, 2020, at about 10:40 am, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigation's Division, began reviewing video obtained from the residence located at 6658 Mandan Drive, Colorado Springs, CO 80925.

This residence is located to the west and on the opposite side of the street from [REDACTED] residence. The camera overlooks the driveway and faces across the street and slightly to the west. Video was saved under the following folders:

Saturday 12am to 1159pm, and contained 89 videos.

Sunday 12am to 1159pm, and contained 12 videos.

Monday 12am to 1159pm, and contained 75 videos.

I reviewed all of the aforementioned videos and I did not see anything that would provide any information to aid in the investigation.

This is a supplemental narrative for EPSO Case No. 20-1382.

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 11, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB. Today I conducted the following follow up regarding this case:

On 2/9/2020 EPSO Deputies assigned as School Resource Officers and to the Rural Enforcement Outreach Unit conducted a neighborhood canvass in the Lorson Ranch area surrounding 6627 Mandan Drive, the original address of occurrence for this case. Deputies Steven Paddack (04078) and Michelle Reed (11020) were provided maps and questionnaires to conduct the canvass and collected at the end of the day.

On 2/11/2020, I scanned those documents for uploading into EPSO computerized reporting systems known as LERMS. The questionnaires are attached to this report. I entered the original forms into EPSO Evidence reference EPSO Case No. 2020-00001382, as Item #283. The following is a list of addresses I collected questionnaires for. I'm also including the name of the Deputy who completed the questionnaire. Any specific statements made in interviews are notated below.

The questionnaires used by the SRO's and REO while conducting the neighborhood canvass sourced from the Federal Bureau of Investigation (FBI). They are commonly used questionnaires for missing child cases like this one.

A total of 20 questionnaires were completed by the SRO and REO units on 2/9/2020.

Questionnaires completed on Mandan Drive:

1. 6642 Mandan Drive - Questionnaire completed by Deputy Reed (11020). Resident Timothy O'Kelly [REDACTED] was interviewed.
2. 6843 Mandan Drive - Questionnaire completed by Deputy Reed (11020). Resident Katrina Beard [REDACTED] was interviewed.
3. 6922 Mandan Drive - Questionnaire completed by Deputy Paddack (04078). Resident Michael Washington [REDACTED] was interviewed.
4. 6923 Mandan Drive - Questionnaire completed by Deputy Paddack (04078). Resident Daniel Nuhn [REDACTED] was interviewed.
5. 6947 Mandan Drive - Questionnaire completed by Deputy Reed (11020). Resident Christopher Cero [REDACTED] was interviewed.

Questionnaires completed on Rubicon Drive:

6. 9605 Rubicon Drive - Questionnaire completed by Deputy Paddack (04078). Resident Michael Stansbury [REDACTED] was interviewed.
7. 9615 Rubicon Drive - Questionnaire completed by Deputy Paddack (04078). Resident Tory Squire [REDACTED] was interviewed.

Questionnaires completed on Wando Drive:

8. 9729 Wando Drive - Questionnaire completed by Deputy Reed (11020). Resident Bobby

McKenzie [REDACTED] was interviewed.

9. 9737 Wando Drive - Questionnaire completed by Deputy Reed (11020). Resident Joshua Goodwin [REDACTED] was interviewed. Joshua has a 9.5-year-old child who resides with him, [REDACTED]

While answering #18, What do you know about [REDACTED] and his family? Joshua said he knows [REDACTED] is shy, he and [REDACTED] ride the bus together and have been to each other's house for a playdate.

While answering #19, What have you heard about this family? Joshua said he had met the family through the military. Stepmom, "T" had posted through social media for help watching the kids when [REDACTED] was working nights last year.

While answering #27, Is there anything else you would like to tell us about this incident? Joshua said on 1/27/2020 his wife, Amanda [REDACTED] received a text message from [REDACTED] at 1953 hours. The message stated, "Hey how's it going. Does your son know a Jimmy that rides their bus? We think [REDACTED] went there to play and hasn't come home yet".

10. 9745 Wando Drive - Questionnaire completed by Deputy Reed (11020). Resident Gregory Strauch ([REDACTED]) was interviewed.
11. 9752 Wando Drive - Questionnaire completed by Deputy Paddack (04078). Resident Gerald Quick ([REDACTED]) was interviewed.
12. 9753 Wando Drive - Questionnaire completed by Deputy Reed (11020). Resident Kenneth Pickel ([REDACTED]) was interviewed.

SUPPLEMENT TO CASE: 20-1382
INCIDENT: Missing/Endangered Child
Detective C. McCormack -Supplement #8

Initial Information

CHILD VICTIM

On Sunday, February 9, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Officer Statement

I received information from Detective Jessica Bethel regarding [REDACTED] Stauch. I was informed [REDACTED] is [REDACTED] full sister and is not Ms. Letica Stauch's biological daughter. This is new learned information and will be updated in future warrants.

AT&T Information

At approximately 2:00 pm, I was made aware by Detective Stefan Hare and FBI Agent Andrew Cohen that Ms. Stauch had again gotten a new phone number over the weekend.

Previously, on Thursday, February 6, 2020, I was informed that Ms. Stauch was using phone number [REDACTED]. This is a Verizon pre-paid phone.

From February 6, 2020 to February 8, 2020, Ms. Stauch contacted Apple multiple times in attempt to have this phone number linked to a new iPhone Ms. Stauch had purchased.

Apple was unable to do so, unless her old number was temporarily activated on the new iPhone. The phone was temporarily activated under her old phone number [REDACTED].

The new iPhone was then transferred to a new unknown phone number. Apple was unable to provide the phone number but was able to provide the associated email to the Apple iCloud account as: [REDACTED]. Apple also provided an IEMI# [REDACTED].

AT&T Warrant

At approximately 2:30 pm, I contacted the On-Call Duty Judge, Honorable Judge Jill Brady via telephone. Judge Brady swore me in via the telephone and requested I send the warrant via the On-Call Duty Judge email address. Judge Brady reviewed the search warrant for information regarding:

AT&T, Attn: Global Legal Depands Center, 11760 US Hwy 1, Ste 300, North Palm Beach, FL 33408. Records for IEMI # [REDACTED] and iCloud account registered to TECIALYNN2006@yahoo.com

At approximately 3:04 pm, Judge Brady approved and signed the warrant.

The warrant was turned into the Court Clerk by Judge Brady for further processing via email.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

The warrant was assigned number 20-434.

The warrant was faxed to AT&T at (888) 938-4715 to be processed immediately. The warrant was also emailed to them per the AT&T support technician to process the request.

Evidence

Throughout this investigation several items sought through warrants have been returned and placed securely on the Investigations Server. The following items were burned on to a disk and placed into evidence as follows:

- Item #156-Facebook Returns Leticia Stauch (Warrant 20-361).
- Item #157-Aimee Lowery Facebook Returns(Warrant 20-361).
- Item # 158- ██████████ Facebook Returns(Warrant 20-361).

Detective C. McCormack -Supplement #9

CHILD VICTIM

Initial Information

On Monday, February 10, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

AT&T Follow UP Information

At approximately 6:30 am, I again contacted AT&T in reference to warrant 20-434. They advised they were working on the warrant and I would receive the information regarding the account associated to [REDACTED] and IEMI# [REDACTED]

At approximately 11:21 am, I received the return information from AT&T. The information provided by AT&T showed on 02/08/2020, Ms. Leticia Stauch's previous phone number [REDACTED] and Ms. [REDACTED] previous phone number [REDACTED] were approved to be moved to a separate account. Ms. Stauch's phone number was reactivated to the previously mentioned IEMI number.

Detective Stefan Hare assisted in reviewing this information provided. As he was doing so, he realized the dates provided by AT&T were incomplete. Detective Hare assisted me in contacting them to require he correct information. This was provided to him to allow for him to process and enter it.

6627 Mandan Drive Warrant (20-444)

At approximately 3:05 pm, I appeared in the Office of Honorable Judge Laura Findorff. Judge Findorff reviewed the search warrant for information regarding:

6627 Mandan Drive, Colorado Springs, CO 80911, a single family residence located in El Paso County, State of Colorado. This residence is a single story with an attached two car garage, cream color with white trim and brown bricks. There is a pillar located on the west side of the front entry way with the numbers "6627" in black. The residence faces north and sits on the south side of the street.

This warrant was in regard to the Wi-Fi Router located at this address. This address is the Stauch family residence.

At approximately 3:19 pm, Judge Findorff approved and signed the warrant.

At approximately 3:25 pm, the warrant was turned into the Court Clerk for further processing. **PROCESSED BY COURT CLERK'S OFFICE**
Released To: Jennifer Knight
9/1/23 RF

The warrant was assigned number 20-444.

The warrant was provided to Detective Nick Brklich, whom executed it. A Report of

Execution was later conducted for the warrant by Detective Brklich.

ISMI Warrant (20-449)

At approximately 5:05 pm, I contacted the On-Call Duty Judge, Honorable Judge William Trujillo. Judge Trujillo was provided a copy of my search warrant via email and swore me in over the phone. Judge Trujillo reviewed the search warrant for information regarding:

AT&T, Attn: Global Legal Depands Center, 11760 US Hwy 1, Ste 300, North Palm Beach, FL 33408. Records of IMSI [REDACTED]

This is for data and information stored by Ms. Stauch's Tiguan. The Tiguan has the ability to capture a subscriber's GPS data in connection with the vehicle's IMSI which may allow detectives to know the vehicles path of travel.

At approximately 5:35 pm, Judge Trujillo approved and signed the warrant.

The warrant was sent to the Court Clerk for further processing via email.

The warrant was assigned number 20-449.

The warrant was provided to AT&T by Detective Hare.

A Report of Execution was later conducted for the warrant.

Spartan Nash Warrant (20-448)

At approximately 5:05 pm, I contacted the On-Call Duty Judge, Honorable Judge William Trujillo. Judge Trujillo was provided a copy of my search warrant via email and swore me in over the phone. Judge Trujillo reviewed the search warrant for information regarding:

Spartan Nash, 850 76th St SW, Byron Center, MI 49315
For accounts asociated to Debra Locklear or [REDACTED]

This is Ms. Debra Locklear's email address. The email address was used to communicate with Ms. Stauch regarding [REDACTED] disappearance.

At approximately 5:47pm, Judge Trujillo approved and signed the warrant.

The warrant was sent to the Court Clerk for further processing via email.

The warrant was assigned number 20-448.

The warrant was served to Kathleen Mahoney with Spartan Nash, via email, fax, and mail.

CHILD VICTIM

Initial Information

On Wednesday, February 10, 2020, at approximately 8:00 am., I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that [REDACTED] was still missing.

Warrant Return of Executions

On this day I completed Returns of Execution (ROE) for the six warrants I completed on this case to include:

- A White VW, Plate: BUR711, VIN# [REDACTED] and a cell phone, [REDACTED] belonging to [REDACTED] Criminal Action number 20-333.
- Call Detail Records for [REDACTED] AT&T cell phone number [REDACTED] Criminal Action number 20-341.
- An amended version of the warrant for a White VW, Plate: [REDACTED] VIN# [REDACTED] and a cell phone, [REDACTED] belonging to [REDACTED] Criminal Action number 20-345.
- An amended version of the warrant for Call Detail Records for [REDACTED] AT&T phone number [REDACTED] Criminal Action number 20-344.
- Call Detail Records for Letecia Stauch's AT&T cell phone, [REDACTED] Criminal Action number 20-307.
- Authorization for the installment of a tracker on a 2020 Nissan Altima Vin [REDACTED] Criminal Action number 20-355.

I presented all of these to the El Paso County Court Records Office.

Video Footage Review

I began reviewing video footage collected at 10090 Intrepid way. This was the house next to the address where Ms. Stauch and [REDACTED] stayed on the night of January 29, 2020. Due to the formatting of the footage, I was unable to tell any time or date stamps.

I reviewed all video clips associated with this address. I observed what appeared to be normal behavior of the 10082 Intrepid Way residence coming and going in their vehicles. In one series of videos that appeared to be the length of one night, a white car is seen parked in the driveway. This was consistent with [REDACTED] VW Jetta, and the knowledge that she and Ms. Stauch spent one night at the house.

I did not observe the vehicle at the house on any other occasion. I did not observe anything else in the footage of note.

CHILD VICTIM

Initial Information

On Monday February 10, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, attempted to follow up with Subway regarding [REDACTED] purchases, got several court orders issued for financial or account records, and received further updates from USAA Federal Savings Bank.

At approximately 0900 hours, I also took part in a meeting with several members of the Federal Bureau of Investigations (FBI) and the El Paso County Sheriff's Office (EPSO). I received direction from Special Agent Jon Cronnin to follow up several financial-related accounts, to include GoFundMe, AirBnB, Craigslist, CashApp, and Apple Pay. I was advised Letecia had been using the name "Kylie Brit" to make her reservation with AirBnB and to post an advertisement on Craigslist within the last week, and may also be using that same email address to access her digital wallets/cash apps. I was also advised Letecia's new phone number was [REDACTED]

[REDACTED] It was unknown whether she had changed her phone number on Saturday February 8 when she went to the AT&T store in Myrtle Beach, SC. I was instructed to follow up with **Robert Bos**, Special Agent with the FBI, regarding all financial information. I provided him all information I had currently obtained, to include copies of court orders, warrants, receipts, and all documentation provided by the financial businesses.

Follow Up with Subway

I called several of the Subway restaurants in the Colorado Springs area to try to follow up with an area manager, to include the Subway on N Academy Blvd and the Subway on N Powers Blvd. I did not receive an answer.

Follow Up with USAA

I received emails throughout the day from USAA employee **David Gamez**. He provided the following transaction information:

Follow Up with GoFundMe

At approximately 1220 hours, I visited the website "GoFundMe.com" and searched "Letecia Stauch." This search provided the result of "Fountain, CO, Help bring [REDACTED] home, Raising money in hopes of bringing [REDACTED] home healthy and whole. T..." \$0 of \$150,000. I was unable to visit the link, as it appeared the campaign had already been removed from the website.

When I searched "[REDACTED]" a campaign in Conway, SC titled "Finding Cannon" popped up. The campaign had been created 3 hours ago, and did not have any information on who the money was going to. The content of the campaign appeared to be similar to a Facebook fundraising page belonging to [REDACTED] Hiott's uncle, intended to raise money for [REDACTED] to be able to stay in Colorado to help search for her son. \$0 of \$1500 had been raised. See attachment "GoFundMe Screenshots."

Court Orders Issued

I determined by researching the apps that Green Dot Bank is the operator of Apple Pay accounts. I also determined that Square, Inc. operates CashApp. I also attempted to call Wells Fargo to determine if Letecia has an active account with this bank but was unable to get an answer from anyone.

At approximately 1500 hours, I presented to the Honorable Judge Douglass Miles in Division K of the El Paso County Courts five court orders for the following:

- **Green Dot Bank, Attn: Law Enforcement Subpoena Requests (Legal Documents), P.O. Box 5100, Pasadena, CA 91117**, to order the production of records relating to any accounts for Letecia Stauch, [REDACTED] their associated phone numbers and email addresses.

EPC SHERIFF'S OFFICE

- **Counsel Investigations Square, Inc., 1455 Market Street, Floor 6, San Francisco, CA 94103**, to order the production of records relating to any accounts for Letecia Stauch, [REDACTED] their associated phone numbers and email addresses.
- **Craigslist, Attention: Custodian of Records, 222 Sutter St, 9th Floor, San Francisco, CA 94108**, to order the production of records relating to any accounts for Letecia Stauch, [REDACTED] their associated phone numbers and email addresses.
- **AirBnB, Inc. Attn: Law Enforcement Investigations Manager, 888 Brannan Street, 4th Floor, San Francisco, CA 94103**, to order the production of records relating to any accounts for Letecia Stauch, [REDACTED] their associated phone numbers and email addresses.
- **Wells Fargo Bank, N.A.**, to order the production of records relating to any accounts for Letecia Stauch.

Judge Miles reviewed the court orders and signed them without change. I also presented a request and order to seal the court orders, signed by DA Martha McKinney. The court orders were submitted to the court records office, 20-442, 20-441, 20-443, 20-439, and 20-440.

I served the court orders thus:

I submitted the court order to Square, Inc. via their internet portal.

I submitted the court order to AirBnB via email to [REDACTED].

I submitted the court order to Green Dot Bank via email to [REDACTED] and via fax at [REDACTED].

I submitted the court order to Craigslist via email to [REDACTED].

I submitted the court order to Wells Fargo via fax at [REDACTED], via email to [REDACTED] and in person at 410 S Cascade Ave, Colorado Springs, CO 80903 to Branch Manager **Lorrie Thorson**.

Response from AirBnB

I immediately received a response from AirBnB employee Alana [REDACTED]. She called me at 1615 hours and advised she had already pulled the information, because the information had previously been looked up in reference to a request for this case. She said she had not yet received a court order for the information nor provided the documentation to anyone. She advised she would email a link to the internet portal to receive the documents.

Follow Up with NewCloud

Around 0830 hours, I called Jim Byrns with NewCloud to request the complete records for the Grand Mountain School phone account I had requested. He advised he was out of town but would have **Robert Albo** call me and follow up with the request.

I later received a call from Mr. Albo, who advised he would look up the records. Over the phone he told me the account had not received any incoming or made any outgoing calls on Sunday January 26. I also had Mr. Albo run all of the known phone numbers associated to the Stauchs to see if those numbers had called into the Grand Mountain School phone account at all Sunday or Monday (January 26 or 27). He was unable to find any record of the Stauchs' phone numbers calling in. I later received an updated spreadsheet for all incoming calls to the Grand Mountain School for Monday January 27. (See attachment "Incoming Calls NewCloud Updated")

I analyzed the records he provided me. There were 64 incoming calls on Monday January 27. None of the numbers were associated to the Stauchs or anyone listed as a responsible party for [REDACTED] 43 of the incoming calls were received prior to 1352 hours, which is when [REDACTED] was logged as "sick per dad." (See attachment "Incoming Calls NewCloud Analyzed" for all names and addresses identified as associated with the phone numbers. The method used to identify the callers was Accurint and CellHawk.)

CHILD VICTIM

On February 10, 2020, I, Detective Michael Bauman (14003), of the El Paso County Sheriff's Office Investigations Division was directed to respond to the Big Wave Car Wash at 2873 New Center Point, Colorado Springs, Colorado. Upon arriving at the scene, I contacted the owner, Kevin Bradford and was permitted to obtain video from the DVR system for the business. DVR footage from the exterior cameras at the business were collected for January 29, 2020 from 0900 to 1200 hours. This time frame was specified to me by Sergeant Hubbell. The download of this video took several hours and was allowed to run overnight. I collected the downloaded video, which I placed into evidence under item # 393.

A review of the video revealed a vehicle matching the description of the VW Tiguan in this case passing the business southbound on Tutt Boulevard then proceeding westbound on Constitution at 1132 hours. The vehicle did not appear to stop at the carwash. Stills from this portion of the video were saved and submitted with the video footage.

INTRODUCTION:

I, Detective Vincent Sapp 08035, am a Metro VNI Detective from the El Paso County Sheriff's Office (EPSO) and have been employed by EPSO since 2008. I am currently assigned to the FBI Southern Colorado Safe Streets Task Force (SCSSTF) as a Task Force Officer (TFO). I have been in my current position as a TFO since September, 2015.

DETECTIVE STATEMENT:

On February 10, 2020 I prepared a search warrant for Facebook and Instagram for the accounts: [REDACTED], [REDACTED] 39, [REDACTED] debra.s.locklear, and a private group with associated number [REDACTED]. The warrant requested all data associated to the accounts as well as a pen register. The Honorable Magistrate William Trujillo granted and signed the warrants at 6:13 PM. The warrant was served electronically through the Facebook online portal.

WARRANT RETURNS:

By February 27, 2020 I received the last of the Facebook returns. These returns were downloaded and will be placed in evidence.

Initial Information

CHILD VICTIM

On 2/11/20 at approximately 0830 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was assigned by Lieutenant Mihalko/03026 to continue gathering video from previously established leads.

Fort Carson

At approximately 1000 hours, I met with Fort Carson guards, who had been directed to allow me access to gate security camera systems. I collected the drive from Gate 19, which finished downloading the footage from 1/26/20 through 1/31/20.

University Village

At about 1200 hours, I arrived at 5262 North Nevada Avenue and met with Jeff Houlton, who had access to cameras attached to the building housing 5230-5320 North Nevada Avenue. Only one camera faced the roadway, which was from northeast to southwest at the intersection of Eagle Rock Road and the first cross street for the shopping center when entering the area westbound from Nevada Avenue. It was not possible to see which direction of travel any of the vehicles went on Nevada, since it was out of view of the camera. I collected video from the intersection from 1130 to 1150 hours, and 1320 to 1340 hours, both on 1/27/20.

Vapor Source and The Snack Shack

At about 1300 hours, I arrived at 8027 Fountain Mesa Road (Vapor Source) in Fountain and collected video from the manager, Kayla. The video was previously requested by Metro VNI detectives, and appeared to cover the range of 1230 to 1400 hours on 1/27/20. The video was of the parking lot in front of the store front, but one of the cameras was from inside the store and material on the glass storefront severely obfuscated the view.

I also spoke with staff at 8005 Fountain Mesa Road (The Snack Shack), and began a download of video from their system, which included an external camera facing north from the building, which covered the parking lot in front of Vapor Source and Song's Barber Shop.

Evidence

I later entered video from University Village into evidence, identified as item 299.

Initial Call

On Tuesday February 11, 2020, at approximately 10:20 am, I, Detective N. Brklich received a call from FBI Agent Brian Turner requesting I meet him at 6627 Mandan Dr. I had been briefed earlier by Detective Sgt. Rosario Hubbell I would need to escort Mr. Turner into the house to execute a search warrant for the collection of a WI-FI router. Sgt. Hubbell also provided me with the key for the deadbolt lock on the front door.

Investigative Activity

At approximately 10:45 am, I met Mr. Turner outside the residence. I escorted Mr. Turner to the location of the router, located in the upstairs bedroom associated to [REDACTED] [REDACTED]. Mr. Turner determined he would be able to retrieve the stored data from the router without removing it from the house.

Mr. Turner was able to connect to the router with his laptop, apparently retrieving the data associated with the router.

At approximately 11:01 am, Mr. Turner and I departed the residence and I re-secured the front door deadbolt lock.

Evidence Processing

At approximately 2:20 pm, I began processing evidence, which had been stored in the temporary lockers of the evidence facility, into the EPSO evidence facility. These items consisted of firearms, ammunition and clothing. The items processed were assigned item #'s 275, 277, 278, 279, 282, 284 and 285.

CHILD VICTIM

On 2/11/20 at approximately 1400 hours, I, Detective Hare #1104 of El Paso County Sheriff's Office (EPSO), along with Detective Siriois #13025 searched the culverts, bridges, and pull-offs along South Spruce Mountain Road in Douglas County from County Line Road in El Paso County to Douglas County Road 74. A large green dumpser was found near GPS coordinates 39.149236, -104.885623 and a service road accessing Spruce Mountain from Highway 105 to appropriate search and rescue personnell. During the time of this search, there was at least one foot of snow covering most areas near the roadway and visibility was extremely limited. We attempted to find any game cameras or DVR systems from nearby houses with relevant footage with negative success. No items of evidentiary value were recovered during these efforts.

Initial Information

CHILD VICTIM

On 2/11/20 at approximately 1400 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO) Investigations Division, along with Detective Hare/11014 searched the culverts, bridges, and pull-offs along South Spruce Mountain Road in Douglas County from County Line Road in El Paso County to Douglas County Road 74. We passed on some information we gained about a dumpster at approximately 39.149236, -104.885623 and a service road accessing Spruce Mountain from Highway 105 to the search teams. We also searched a section of Carpenter Creek where it cross under Spruce Mountain Road, but not the ponds in the that area since they were across fence lines on private property. There was also a significant amount of snow which made searching difficult.

Initial Call

On Tuesday February 11, 2020, at approximately 3:58 pm, I, Detective N. Brklich filed a Return of Execution (ROE) for search warrant 20-1382, Court # 20-444, with the records section of the county courthouse.

Case Status: Active Investigation

The following supplements case number 20-1382.

Report Generation

On February 11, 2020, I Sergeant Dale Abendstam conducted follow up on the above case.

At the request of Lt. Mitch Mihalko, I generated an address report for the electronic surveillance of a vehicle driven by Ms. Letecia Stauch. Ms. Stauch is a person of interest in the disappearance of her stepson.

I created the report through web-based software associated with the surveillance equipment utilized. The report was exported into an excel format. A copy of this report is attached. A working copy was delivered to the digital forensics unit and placed in an electronic folder. I notified Detective Hare of the report information.

Supp 20

On Tuesday, February 11, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

I received a phone call from [REDACTED] teacher, Mrs. Kaitlyn Collar. The phone call was recorded and entered into evidence as item # 356. The recording was sent to EPSO records for transcription. During the transcription process, it was learned the entire call did not download properly. The call was redownloaded and entered into evidence as item # 420. The transcription was updated to reflect the entire phone call.

I reviewed the transcription for accuracy and have uploaded it to this supplement.

I will continue to document investigative efforts in additional supplements.

On 2/11/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I received a telephone call from Shannon Ruiz ([REDACTED]), who lives at 6946 Mandan Drive, in El Paso County, Colorado. This address is down the street from the primary address of occurrence for this case, 6627 Mandan Drive. The call came into my work desk number at 1657 hours.

Mrs. Ruiz wanted to tell me she has a son named [REDACTED]. [REDACTED] knows the victim in this case, [REDACTED] because they ride the same school bus together. Mrs. Ruiz said when her son returned home from school today (2/11/20) he reported having a conversation with [REDACTED] younger sister, who has apparently been back at school for a couple of days by now. [REDACTED] and [REDACTED] were talking at recess, which was held indoors because of very low temperatures on this day. Other kids were present, but [REDACTED] and [REDACTED] were having their own conversation. [REDACTED] reported to his mother [REDACTED] asking him if he knew her brother [REDACTED] told [REDACTED] he did. [REDACTED] then said something to the affect of, "I know my step-mom left [REDACTED] at a hotel."

Mrs. Ruiz had no other information to give. I asked her if anything else was said and she said that was all her son reported. I asked Mrs. Ruiz to ask her son if [REDACTED] said anything about a location. Mrs. Ruiz did this while I was still on the telephone with her. [REDACTED] didn't say anything to [REDACTED] about the location of any hotel.

I also provided this information to Det. D. Glenn, who is tracking tips for this case.

On 2/11/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

While conducting an audit of video evidence related to this case, I observed some videos which had been shared for this case via the EPSO Investigations server, had not been downloaded to a CD and entered into evidence. So, I downloaded the videos and entered them myself. This applies to the following evidence items held under EPSO Case No. 2020-00001382:

- Evidence Item #276. This CD contains video evidence originally collected by Det. J. Bethel. She had been provided access to a cloud type account which contained video shared from an address in the 7200 Block of Alpine Daisy Dr. Det. Bethel informed me she had reviewed the video, but she hadn't been able to download it. I was able to download the videos, save them on a CD and enter it into evidence.
- Evidence Item #280. This CD contains video evidence originally collected by Det. S. Hare. He had collected it from, or had it shared with him by a homeowner living at 10090 Intrepid Way. I saved the data to a CD and entered it into evidence.

I have attached an evidence invoice to this report. I did not review any of the video evidence myself.

Supplemental Narrative

Detective Marissa Williams #12009

Date: 02/11/2020

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Tuesday February 11, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, again attempted to follow up with Subway. I also had several new court orders issued for Letecia and [REDACTED] financial accounts, requesting more historical information per the request of the FBI. I also followed up with the Grand Mountain School Principal Mr. Pohl and received responses from Craigslist and Green Dot Bank reference my court orders sent out yesterday.

Follow Up with Subway

I called the Subway restaurant located at N Powers Blvd and the manager, Megan, answered. I asked her if she could have her regional manager get in touch with me to run the credit card number, to determine when and where the purchase was made. Megan said she had just spoken to the regional manager, so she would pass my contact information on to her right away. She also mentioned the FBI had come by asking about the same purchase. I called FBI Special Agent Bos and asked him if he was aware of anyone with the FBI canvassing Subways. He later confirmed one of their agents had been out there, but that the purchases for 1/27/20 for the dollar amount \$7.57 did not match the debit card number for [REDACTED] USAA account.

Follow Up with USAA

I received one email from USAA employee **David Gamez**. He provided the following transaction information:

USAA	[REDACTED]	Letecia Stauch	[REDACTED]	2/11/20	15:05	Dollar Tree 1110 Seaboard, Myrtle Beach	1110 Seaboard
USAA	[REDACTED]	Letecia Stauch	[REDACTED]	2/11/20	15:23	Lowe's Food #1240	215 Fresh

There were no amounts associated with the authorizations provided. See attachment titled "USAA Update 2-11-20" for screenshots of the transaction information provided via email.

Follow Up with Grand Mountain School

I emailed Grand Mountain School Principal Brian Pohl on February 10. He responded around

0713 hours. He advised the “parents in our district receive a mass text at 10am from the district if their child is absent, but they cannot reply back. April cannot recall how it came in [REDACTED] [REDACTED] excused absence]. No email of record. She has racked her brain trying to recall how this occurred, but can not remember unfortunately”

CHILD VICTIM

I asked for a list of phone numbers for any person listed as responsible for [REDACTED] Mr. Pohl provided me the following information:

Letecia/step-mom [REDACTED]

[REDACTED] Family member [REDACTED]

Heather Davis/Non-Household relationship [REDACTED]

I checked the call records I received from NewCloud and did not observe an incoming call from any of the names or numbers listed as responsible parties for [REDACTED] In fact, most of the numbers I was able to identify as belonging to a different person/address from the Lorson Ranch neighborhood area. I asked Mr. Pohl if there is a possibility April logged it because [REDACTED] told her [REDACTED] was home sick. He responded that April said it is possible that happened. (See attachments: Email from Principal Pohl ref. attendance 1-3).

Mr. Pohl also supplied a PDF attachment, which included an email from [REDACTED] teacher, Kaitlyn Collar. The email confirms the absent excused change was recorded by April Tafoya-Baker at 1352 hours on January 27, 2020. She conjectures that the dad may have called in from Oklahoma, where he was training. The attachment also showed a detail record for when Ms. Collar showed him absent at 0743 hours that morning. There was no other activity on [REDACTED] account between the absent annotation by Ms. Collar and the excused annotation by Ms. Tafoya-Baker. (See attachment “Grand Mountain School Attendance Detail”)

Court Orders Issued

Per the request of the FBI for more historical financial information, I sought updated court orders for the financial accounts I had previously served: Capital One, American Express, JP Morgan Chase Bank, Bank of America and USAA Federal Savings Bank.

At approximately 1600 hours, I presented to the Honorable Judge Shannon Gerhart in Division H of the El Paso County Courts five court orders for the following:

- **Bank of America, N.A., Attn: Legal Order Processing/ Christina IV, 800 Samoset Drive, Newark, DE 19713**, to order the production of records relating to any [REDACTED] for Letecia Stauch from 1 December 2018 to current date.
- **JP Morgan Chase NA, Attention: Chase Bank USA N.A., 7610 W Washington St, Indianapolis, IN 46231**, to order the production of records relating to any accounts for

Leticia Stauch from 1 December 2018 to current date.

- **Capital One Bank, Attn: 12070-7000, 15000 Capital One Dr, Richmond, VA 23238.**, to order the production of records relating to any accounts for Leticia Stauch and [REDACTED] from 1 December 2018 to current date.
- **American Express/Datamark, Attn: American Express Subpoena Response Unit, 43 Butterfield Circle, El Paso, TX 79906**, to order the production of records relating to any accounts for Leticia Stauch from 1 December 2018 to current date.
- **USAA Federal Savings Bank, Attn: DataMark Legal, 10750 McDermott Freeway, San Antonio, TX 78288**, to order the production of records relating to any accounts for Leticia Stauch and [REDACTED] from 1 December 2018 to current date.

Judge Gerhart reviewed the court orders and signed them without change. I also presented a request and order to seal the court orders, signed by DA Oliver Robinson. The court orders were submitted to the court records office, 20-466 to 20-470 (respectively).

I served the court orders thus:

I submitted the court order to Bank of America via fax at [REDACTED] and via mail.

I submitted the court order to JP Morgan Chase Bank via fax at [REDACTED], and email to [REDACTED].

I submitted the court order to Capital One Bank via email to [REDACTED] and via fax at [REDACTED].

I submitted the court order to American Express via email to [REDACTED] and via mail.

I submitted the court order to USAA via email to [REDACTED] and by mail.

Each of the court orders also requested account activity monitoring for 30 days. In serving each new court order, I advised to consider the previously submitted court orders fulfilled, and to fulfill the new request in its place.

Response from Green Dot Bank

I received a response via email from Green Dot Bank representative **Michael Menz**. He advised he could not find any information responsive to my court order request. I verified the type of information necessary to locate an account and Mr. Menz stated he can locate an account with a social security number, a name and address, email addresses, an invoice number, an account number, or a WAVE case number. He advised the Apple Pay service is separate from Apple Wallet. He also advised in order to locate an account number or invoice number(s), one may have to open the Apple Pay app on the phone itself to get the number.

I asked Computer Crimes Detective Michael Bauman, who had analyzed Letecia and [REDACTED] cell phones, if he had been able to get any more information from the Apple Pay app on either phone. He advised he believed only [REDACTED] cell phone had Apple Pay on it, but he would have to double check for an invoice number or account number. He also advised there were approximately 400 apps downloaded on Letecia’s phone, so he would double check that as well.

See attachment Green Dot Bank Response.

*I provided all updated financial information to Special Agent Bos at 1730 hours via email.

Evidence

I later entered the following items into evidence:

Item #302-CD copies of email communication with Grand Mountain School

Sunday February 16, 2020

Initial Call

On Wednesday February 12, 2020, at approximately 8:00 am, I, Detective N. Brklich was asked to respond to 6627 Mandan Dr., to contact Mr. [REDACTED] and [REDACTED] [REDACTED] to escort them into the residence to retrieve personal clothing items and food.

Investigative Activity

At approximately 9:00 am, I met with [REDACTED] and [REDACTED] I escorted them into the residence and observed as they decided what items they needed to take. Prior to packing up the items, photographs were taken of the items. During the course of this event [REDACTED] called me over to him to tell me he was receiving a phone call from who he believed was Leticia.

Additional Activity

[REDACTED] began talking to her as I opened a voice recorded application on my office issued cellphone. Prior to starting the recording I directed [REDACTED] attention to my phone and indicated I wanted to record the conversation. [REDACTED] moved his head in an up and down motion indicating he agreed to the recording.

[REDACTED] talked about [REDACTED] emailing him asking for help but would not tell him where they were. Leticia stated they are at an extended stay on the north end of town. [REDACTED] told Leticia if she is in danger he would come to her with law enforcement to make sure she is safe. Leticia asked if they would be coming back with him. [REDACTED] told her they would decide. Leticia refused to give an exact location for her. Leticia continually told [REDACTED] they wanted help and started talking about money he was receiving but not helping her at all. [REDACTED] told her he has offered to help her from day 1 but she refuses.

Leticia stated [REDACTED] would come back from a friend's house and later stated the friend was from Massage Envy. [REDACTED] asked if [REDACTED] has her iPhone. Leticia stated she did not. [REDACTED] asked what [REDACTED] is using to email him since the messages are stamped with "sent from iPhone". Leticia stated she has her iPad. When asked what iPad, Leticia stated her friends gave her an iPad or iPhone and [REDACTED] logged into her iCloud.

During the conversation Leticia told [REDACTED] was talking to her in front of a meeting and asked who was yelling in the background. There was no yelling in the background.

Leticia continued to accuse [REDACTED] of leaving them. [REDACTED] told her she moved out on her own and even admitted to that during her interview. [REDACTED] asked again where she was so [REDACTED] could make sure she was safe. Leticia stated she wanted to know where [REDACTED] was so they could go and be safe.

The conversation was ended by [REDACTED] at this time. This conversation was approximately 8 minutes 26 seconds in length.

A copy of the photos and the recorded conversation were later downloaded to separate CD's and placed into the EPSO evidence facility reference item # 378.

CHILD VICTIM

Initial Information

On Wednesday, February 12, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), Investigation Division, was conducting follow up on this case.

I learned that [REDACTED] was still missing.

Wood Pile in Field

I was advised that Analysts with the Federal Bureau of Investigations (FBI) were reviewing information stored on Letecia Stauch's (DOB [REDACTED] cell phone. Ms. Stauch had an app on her phone called Life360. This is an application that is used for family members to share their locations with each other. It appeared Ms. Stauch turned off her phone, went to a field near her house, and returned home. When she returned home and turned the cell phone back on the application collected data from the location she went to. This field is west of the intersection of Marksheffel and Lorson Boulevard.

I learned that this location was searched early on in the investigation by Search and Rescue.

However, there was a large woodpile located in the area that appeared to be undisturbed. I responded to the woodpile with several other detectives, District Attorney's Office investigators, and an Agent with the FBI.

When I arrived on scene, I observed the woodpile. The pile appeared to be a large tree that had been uprooted and fallen over. There were multiple branches and pieces of the tree in the pile. The stack of wood appeared to be approximately 10 feet in diameter and up to 4 feet tall.

The area in and around the woodpile was searched but nothing of note was found. The immediate area was searched, and I observed a manhole cover with a smaller water access next to it. I lifted the water access and was able to see the bottom of the access and did not observe anything inside of it. I attempted to lift the manhole cover but was unable to do so.

The search of the area was concluded at this time.

Tee Stauch Support Group

Upon returning to the office I observed a new Facebook group called Tee Stauch Support Group. I requested to join the group using a Facebook account used solely for investigative purposes. My request was accepted, and I began reviewing the page. One person posted that [REDACTED] (DOB [REDACTED] was unable to attend her drill weekend because of the situation. The person said that [REDACTED] only receives \$200.00 when she attends drill and was most likely struggling for money. The person suggested [REDACTED] donating to [REDACTED] and posted her Paypal, Venmo, and CashApp accounts.

I knew Detective Marissa Williams (12009) was monitoring all of Ms. Stauch and [REDACTED] financial

On this day I burned all of the Facebook screen shots I had saved so far in the investigation, to a CD. I placed this CD into evidence locker number INV1 under item # 309.

I have nothing further at this time.

Wednesday, February

On Tuesday, February 12, 2020, at approximately 1100 hours, I, Detective D. Glenn Jr. of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted follow up on this case. I assisted Special Agent Kyle Pressel, of the Federal Bureau of Investigation, with a search of a pile of downed trees inside an open field directly west of the intersection of Marksheffel Road and Lorson Boulevard in El Paso County, Colorado.

The trees appeared to have been pushed into a pile by large machinery while the area was being graded to build a residential subdivision. I did not find anything of evidentiary value in reference to this case inside the pile.

At approximately 1600 hours, I arrived at 15375 South Perry Park Road in Douglas County, Colorado, to assist with a search of the area. While on scene, Lieutenant Mitch Mihalko asked me to obtain Search Waivers from the residents of 15375 South Perry Park Road and 15255 Sierra Pine Lane. Lieutenant Mihalko told me to make sure the Waivers covered a search for the next day. I wrote the search dates of 2/12/20-2/14/20 on the side of both waivers as I obtained them from the resident of 15375 South Perry Park Road, Richard Murray, DOB: [REDACTED], and the resident of 15255 Sierra Pine Lane, Justin Ballard, DOB: [REDACTED]

While I spoke with Justin, he indicated he was willing to provide EPSO with any assistance necessary to accommodate the search efforts on his property. Justin was very cooperative and even provided the gate code to his property, stating we could access the property at any time if we needed to.

Richard also indicated he was willing to provide EPSO with any assistance necessary to accommodate the search efforts on his property and was not concerned with the amount of time we might need to conduct a thorough search.

Due to the time of day, the search was suspended until daylight the following day, February 13, 2020.

I placed the waivers in evidence as Item 428.

Thursday, February 20,

On Tuesday, February 12, 2020, at approximately 1100 hours, I, Detective D. Glenn Jr. of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted follow up on this case. I obtained signed search waivers from the following individuals:

Mike Zarkovacki, DOB: [REDACTED], at 15365 Sierra Pine Lane

Bill Beckwith, DOB: [REDACTED], at 15450 South Perry Park Road

Deanne Chapman, DOB: [REDACTED], at 15388 South Perry Park Road

As I spoke with Deanne, she told me her father is Richard Murray, who lives across South Perry Park Road at 15375. Deanne said there was a gate along South Perry Park Road just south of Richard's driveway that led to a utility easement and that she always tied the gate closed with a horse lead utilizing a very specific knot. Deanne remembered noticing within the past week the gate had been tied differently as if it was tampered with. Deanne was unsure exactly when she noticed the change in the way the gate was tied and said she looks at it while driving through the area almost daily and would notice a change in the way it was tied. Deanne said she did not believe Richard would have messed with the gate due to his age and the fact there was knee-deep snow in the area.

By the time Deanne told me about the gate, El Paso County Search and Rescue searched the area and had already opened the gate to access Richard's property.

I informed Special Agent David Donati with the Federal Bureau of Investigation about Deanne's statement.

I placed the waivers in evidence as Item 428.

This is a supplemental narrative for EPSO Case No. 2020-00001382, Kidnapping.

On 2/14/20 and 2/15/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I met with Sergeant Dave Beyer (██████████) of the Douglas County (CO) Sheriff's Office (DCSO) to conduct several searches relating to finding the missing child in this case, ██████████. Sgt. Beyer had a scent hound specially trained to follow the scent of an article of clothing associated with ██████████. The night before, during a warrant search of ██████████ residence (6627 Mandan Dr., EPC), Detective N. Brklich (EPSO) recovered a pair of ██████████ shoes which were intended for use as a scent article during Sgt. Beyer's. Det. Brklich also had a pair of shoes associated with Letecia Stauch, the last person known to be with ██████████ before he disappeared.

During our search, Sgt. Beyer and I were joined by Detective M. Boggs (EPSO), Patrol Deputy B. Morse (EPSO, 2/14) and Reserve Patrol Deputy John Zachmann (EPSO, 2/15). The owner of Sgt. Beyer's search hound, "Pat," was also present but she didn't participate in the search. She's an elderly person.

Sgt. Beyer is going to provide a report to EPSO regarding the search for ██████████. I am attaching to this report a call screen related to our search on 2/14/20 because it names all the intersections we crossed and when we were there. In the middle of the call screen, there is some data unrelated to this investigation which was erroneously placed there by EPSO Dispatch. I have marked the section so it is obvious what information should be disregarded. The only summarizing statements I can lend to the investigation are these. On 2/14/20, we didn't find ██████████. However, we were able to verify, using the tracking dog, a route driven by Letecia Stauch on the evening of 1/28/20 which led her up to the area of Colorado Highway 105 and the El Paso/Douglas county line.

On 2/15/20, Sgt. Beyer and I joined the search efforts for ██████████ in the area of the 14000 block of South Perry Park Rd. in Douglas County. Again, we did not find ██████████. I do not have a call screen for that day. I didn't build a call for service with EPSO Dispatch and Sgt. Beyer and I were not regularly reporting our movements to the Mobile Command Center overseeing the physical search for ██████████ and/or evidence related to the case. I can report several addresses we went to and a summary of our results. Again, refer to Sgt. Beyer's report for additional details.

The following is a list of properties Sgt. Beyer and I entered during our search on 2/15/20. We did not extensively search the entire property when we were there. We merely followed the dog as it tracked ██████████ scent in an effort to vector in and narrow the area to be searched by larger, human search and rescue crews.

- 14717 S. Perry Park Rd.
- Just south of 14717 S. Perry Park Rd. was a locked gate accessing a property on the west side of the road. According to the owners at 14549 S. Perry Park Rd., the gate can be accessed by several people who own property west of Perry Park Rd. but situated behind other properties immediately next to the main roadway. The owner of 14549 S. Perry Park Rd. gave us a key to access the gate and we checked a small area of land just past the gate at this location.

Prior to beginning our search in this Palmer Divide area, where the EPSO Command Post was set up, I had been given information that a 2019 Volkswagen Tiguan associated with Letecia Stauch had traveled to this area and had gone no further north than approximately one-half mile past an S-curve, located where S. Perry Park Rd. and Sierra Pines Ln. meet. Sgt. Beyer's tracking hound seemed to verify this as it did not want to track further north than 14121 S. Perry Park Rd., approximately one mile north of that intersection. When the dog was at that address, the dog wanted to go southward too. During our search, we also spent a lot of time on S. Perry Park Rd. The dog generally wanted to stay on the road, but it also wanted to track down the driveway for 14115 and 14121 S. Perry Park Rd. The same lengthy driveway accesses both properties. At the west end of the driveway, the dog wanted to track southwest, leading into the foothill mountains west of S. Perry Park Rd. We didn't have the equipment necessary to continue our track into this harsh terrain.

Towards the end of the day on 2/15/20, Sgt. Perry and I were getting indicators from his dog that one area to be searched could lie in the foothills, west of Perry Park Rd., north of 14717 and south of 14121 S. Perry Park Rd.

I have passed all this information on to the person in charge of the search for [REDACTED]

Regarding the clothing articles taken from the house, here is the chain of custody info..

1. On the morning of 2/14/20, I accepted the two pairs of shoes from Sgt. R. Hubbell (EPSO), who had taken them from Det. Brklich the night before.
2. The items remained in my possession, secured in the trunk of my assigned EPSO vehicle until the afternoon of 2/15/20. With Sgt. Hubbell's knowledge and permission, I did take the items home with me the night of 2/14/20 so I could make use of them again on 2/15/20. The items were obtained specifically to aid in the search for [REDACTED] and we were not done with them.
3. At approximately 1630 hours on 2/15/20, I passed the items off to Sgt. Beyer. He was planning to continue searching with some other EPSO Detectives on 2/16/20 while I took a day off.
4. At the end of the day on 2/16/20, the items once again ended up in Det. Brklich's possession.

As of the writing of this report on 2/19/20, Det. Brklich still has those items. Based on the likelihood we will be continuing to search for [REDACTED] with Sgt. Beyer's help, I instructed Det. Brklich to place the items into a temporary evidence locker at EPSO Evidence, rather than officially enter them under the associated case number. When I need them, I will retrieve them

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 14, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB.

Today I conducted follow up on the original case report that occurred at 6627 Mandan Drive located in unincorporated El Paso County, Colorado

CHILD VICTIM

I reviewed video footage from Dollar Tree, 6955 Mesa Ridge Parkway. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #253

Dollar tree is located approximately 4.5 miles from the original address of occurrence. During original interviews with family members to the case it was noted on 1/28/2020 at approximately 1700 hours, [REDACTED] [REDACTED] and [REDACTED] were at the local Dollar Tree. There are several cameras inside of this business which are mounted from the ceiling facing various directions. This business is located in a shopping center near Mesa Ridge Parkway and Fountain Mesa Road in Fountain, Colorado. The camera system in Dollar tree appears to be a nonstop recording system and records 24 hours a day.

The video footage collected was requested for 1/28/2020 from approximately 1700 hours until 1720 hours. The time stamps on the video were not visible. The time stamps will be documented by the time frame of each video. The following was observed while reviewing video footage.

Video camera footage titled CD_DVD_LocalHost_ch01[Clip 1]_Part1[800x600x10fps], is 26:25 minutes long. This camera is mounted from the ceiling facing towards the west, the front door and main entrance of the business.

- At 55 seconds into this video [REDACTED] and [REDACTED] are seen walking into the store. [REDACTED] has a blue sweater, black pants and white shoes on. [REDACTED] is seen wearing jeans, shoes, and a jacket. It was unknown what vehicle they were in on this day; camera footage did not show the parking lot where they came in from.
- [REDACTED] and [REDACTED] go out of view of this camera and at 5:10 minutes [REDACTED] is seen walking back up to the front, waving to someone and grabbing a handheld basket.
- At 15:26 minutes [REDACTED] and [REDACTED] are seen leaving the store.

Video camera footage titled CD_DVD_LocalHost_ch02[Clip 1]_Part1[800x600x10fps], is 26:44 minutes long. This camera is mounted with a view of the middle of the store from the ceiling facing east, from the front door facing the registers and aisles.

- At 5:03 minutes [REDACTED] comes into view of the camera and grabs a handheld basket.
- At 12:50 minutes [REDACTED] and [REDACTED] are seen getting into line at register "1", furthest south of the aisles and later move to register "3".
- At 15:35 minutes [REDACTED] and [REDACTED] check out and leave the store.

Video camera footage titled CD_DVD_LocalHost_ch03[Clip 1]_Part1[800x600x10fps], is 26:47 minutes long. This camera is mounted with a view of the middle and north side of the store from the ceiling facing east, from the front door facing the registers and aisles.

- At 5:26 [REDACTED] and [REDACTED] are seen walking down the aisles.
- At 13:35 [REDACTED] and [REDACTED] are seen walking up to register 3, checking out and leaving the store at 15:30 minutes.

EPC SHERIFF'S OFFICE

Video camera footage titled CD_DVD_LocalHost_ch04[Clip 1]_Part1[800x600x10fps], is 21:24 minutes long. This camera is mounted from the ceiling mostly facing the managers office, in the northwest corner of the business. This camera also has views of some registers on the north side of the building.

- At 11:40 minutes, [REDACTED] and [REDACTED] are seen walking to the register and leaving the store.

Video camera footage titled CD_DVD_LocalHost_ch05[Clip 1]_Part1[800x600x10fps], is 24:43 minutes long. This camera is mounted with a view of the middle and south side of the store from the ceiling facing east, from the front door facing the aisles.

- At 5:29 minutes [REDACTED] and [REDACTED] come into view and are seen walking the aisles of the store.

Video camera footage titled CD_DVD_LocalHost_ch06[Clip 1]_Part1[800x600x10fps], is 5:53 minutes long. This camera is mounted from the ceiling was a view of the storage room on the east side of the business.

- There was nothing to note from view of this camera.

Time stamps were not visible on the video footage for what was reviewed. Based off what was observed on footage that was collected for 1/28/2020, [REDACTED] and [REDACTED] were in Dollar during the evening around 1700 hours. They were the only two observed walking around, [REDACTED] or other family members were not seen.

Nothing further at this time.

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 14, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB. Today I conducted the following follow up regarding this case:

Today I reviewed body worn camera footage and photographs from the residence of 6627 Mandan Drive, the original address of occurrence for this case. I was specifically looking for any photographs or video from the outside of the residence.

On the west side of the residence is the side gate that enters the backyard. This gate and fencing are lined right against the residence. Looking at the gate from the front the handle and latch is located behind a gutter and cannot be clearly seen or looked at from the middle of the driveway.

On 1/29/2020 Metro Crime Lab took photographs of the residence; CSI Zaleski #6883. Photographs of the front of the residence do not clearly show the latch, due to it being behind the gutter. Photographs were taken of the backyard on the west side of the property. These photos were more directed at the trashcan but also showed the back view of the side gate.

Photographs labeled as Set 1 - RAZ_0492, Set 1 - RAZ_0493, Set 1 - RAZ_0494, Set 1 - RAZ_0495 by Metro Crime Lab show photographs of the back of the residence. These photographs show the back of the gate does not have any type of lock attached to it.

A lock was later found to be on the gate from the front from a later search. The photos observed from the backyard show that a silver lock may be on the gate during this search by Crime Lab, but is not very clear. The photos do show there was no lock on the inside of the gate from the backyard.

Nothing further at this time.

On February 14, 2020, I, Detective P. Vigil #10011 of the El Paso County Sheriff's Office, Investigation Division, were assigned to this case (EPSO case#2020-0001382).

I was tasked with going to 13802 Perry Park Road, Larkspur, Colorado 80118 to pick up some evidence that was found during a search. The items were a long piece of black hair and several search waivers. The hair was placed into evidence under item #: 368. The search waivers were also placed into evidence under the following evidence numbers.

- Evidence #: 363; 15533 S. Perry Park Road, Larkspur, Colorado 80118
- Evidence #: 364; 14538 S. Perry Park Road, Larkspur, Colorado 80118
- Evidence #: 365; 15021 S. Perry Park Road, Larkspur, Colorado 80118
- Evidence #: 366; 15027 S. Perry Park Road, Larkspur, Colorado 80118
- Evidence #: 367; 15367 S. Perry Park Road, Larkspur, Colorado 80118

I have nothing further at this time.

Case Status: Active-Investigation.

This is a supplement to El Paso County Sheriff's Office case 20-1382.

Initial Information

CHILD VICTIM

On 2/15/20 at approximately 0830 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was assigned by Lieutenant Mihalko/03026 to continue the canvass of the Mandan Drive area and have residents answer questions from pre-built questionnaires and obtain additional video, if available.

I conducted a canvass of the following residences:

- At 6730 Mandan Drive, I spoke with Bill Eller (██████████), who lived with his son, ██████████ (12 years old), and roommate, Chris Foster. Bill stated he lived in the residence approximately 1.5 years, and did not have anything suspicious to report. He said children in the neighborhood typically played in the street or in a field behind the houses to the east. He did not have a surveillance system.
- At 6763 Mandan Drive, I spoke with Patrick Sharshel (DOB ██████████), who lived with his wife, Emily, and children, ██████████ (three years old), and ██████████ (four years old). He said everyone was home on the night of the 1/27/20, although they had been running errands throughout the day. They lived there for approximately one year. Patrick said he remembered waking up at about 0200 hours in the morning, and again at 0400 hours in the morning because of his child moving around a lot in the bed at night, and between those two times, there were footsteps that appeared in the frost in his driveway, but didn't come all the way up to his door. He figured they were just from people searching for ██████████ which he learned of the next morning. Patrick said children often played out in the street, or at the basketball hoop someone had set up to the west on the street. His Ring doorbell was not recording because he did not have internet for a few months.
- At 6632 Galpin Drive, I spoke with Victor Cortez (DOB ██████████), who lived with his wife, Monica, and children: ██████████ (ten years old), ██████████ (nine years old), and ██████████ (17 years old). He said he lived at that address for approximately one year. He believed the family was at school and work on 1/27/20. He said his boys knew ██████████ from the bus, but didn't hang out with him outside of that or go to the same classes or anything. He said he did not have anything suspicious to report, and everything he heard was from the news. He said children in the area just played in the street in front of his house. Victor did not have a camera system.
- At 6672 Galpin Drive, I spoke with Johnathan Mendoza (DOB ██████████) and his wife, Marilyn Mendoza. Johnathan's brother in law, Orlando Trujillo also lived with them. They lived in the house for about 1.5 years. He believed they were all at home watching television on 1/27/20, and did not have anything suspicious to report. He said children often played at the dead of Rubicon Drive by Mandan Drive. Johnathan allowed me to view his Ring doorbell footage from

1/28/20 0620-0632 hours, and there were no vehicles of interest which drove by. He said he previously checked his ADT Pulse camera over the driveway for [REDACTED] and didn't see him or anyone that looked like him.

CHILD VICTIM

- At 6807 Simcoe Drive, I spoke with Farby Wilson (DOB [REDACTED]), who only lived with his wife, Magdalena. He said he lived there for about seven months, and did not have anything to report as he mostly kept to himself. He allowed me to download footage from his Vivint system from 0000 hours on 1/26/20 to 0800 hours on 1/28/20, although the clips were event-based and not continuous.
- At 6821 Simcoe Drive, I spoke with John Yoo (DOB [REDACTED]) who lived with his wife, Trisha, and parents-in-law, Terry and Betty Jordan. He lived at that address for approximately nine months. On 1/27/20, everyone was home except himself, and Trisha got home at about 1730 hours. They did not have anything suspicious to report. John believed someone moved in recently on Wando Drive near the intersection. He said children often played on bicycles on the other side of Lorson Boulevard. John did not have a camera system.
- At 6835 Simcoe Drive, I spoke with Tristan Sher (DOB [REDACTED]), who lived with his step-father, Gerald Brown, mother, Andrea Colbert, and younger brother, [REDACTED] (13 years old). They lived at that address for about one year. Tristan said everyone in the family followed a similar schedule, arriving back home between 1600 and 1700 hours. He said there was nothing suspicious to report. He said someone moved in recently on Wando Drive in a blue house near the mailboxes. He said children often played in a field to the east. He said the family had previously reviewed their Ring doorbell, and did not locate anyone like [REDACTED] on it.
- At 6849 Simcoe Drive, I spoke with Joshua and Sarah Hayduk, who lived there for about ten months. Joshua said he did not believe he was home on 1/27/20, and Sarah was out running errands, but was otherwise home. Sarah said sometime within the past month, but before [REDACTED] went missing, there were some religious people that came by, and a concrete company, but she did not remember anything about them. She told me children in the area often played in the dry creek bed or in the cul-de-sac. They did not have a camera system.

I assisted Deputy Torres/12020 in gathering video from 9505 Rubicon Drive, which was Vivint footage from 0000 on 1/26/20 to 0800 hours on 1/28/20. The footage was event-based, and not continuous.

Evidence

I entered the video from 6807 Simcoe Drive into evidence, identified as item 371.

I entered the video from 9505 Rubicon Drive into evidence, identified as item 372.

On 02/15/20, at approximately 9:00 AM, I, Detective Mike Boggs of the El Paso County Sheriff's Office (EPSO) Investigations Division, met with EPSO Detective Karl Mai and Douglas County Sheriff's Office (DCSO) Sergeant (Sgt.) Dave Beyer, at the EPSO Mobile Command Post located, at 13802 S. Perry Park Road, which is in Douglas County.

Prior to beginning the search for the day, EPSO Reserve Deputy John Zachman was assigned to assist with traffic control.

The following times are based on the factory installed digital clock mounted in my assigned unmarked vehicle.

9:55 AM: Arrived on scene at 15947 S. Perry Park Road (also known as Colorado Highway 105). The temperature was 33° and it was windy.

9:59 AM: Search hound on the ground. The search hound went north on S. Perry Park Road.

10:03 AM: Search hound stopped. It was decided to move to the next drop search location which was just before what is referred to as the "S Curve". Vehicles retrieved.

10:08 AM: Arrived at 15388 S. Perry Park Road which is at the "S Curve".

10:10 AM Search hound on the ground. Search hound went west through the "S Curve" and then north for approximately 75 yards.

10:15 AM: Search hound stopped. Vehicles retrieved and it was decided to go to the next drop search location.

10:24 AM: Arrived at next drop search location, which was just north of a 14302 S. Perry Park Road.

10:27 AM: Search hound on the ground. Search hound went north on S. Perry Park Road for a very short distance then turned west onto a long dirt driveway on the west side of S. Perry Park Road, which allowed access to multiple residential properties. The known addresses were 14115, 14117, 14119, and 14121 S. Perry Park Road. Search hound began going west toward the driveway of 14115 S. Perry Park Road. The search hound went past the driveway to the next the next residence which was located 14119 S. Perry Park Road. On the south side of the log dirt driveway and across from 14119 S. Perry Park Road was the paved driveway for 14121 S. Perry Park Road. The search hound was not taken to the residence at 14121 S. Perry Park Road because of a loose dog, which was barking and coming toward our location.

10:35 AM: Search stopped and went back to the vehicle.

10:40 AM: Back at the vehicles on S. Perry Park Road.

10:42 AM: Search hound on the ground at vehicles. Search hound began going south on S. Perry Park Road. Another search team on horses was encountered and track stopped.

10:43 AM: Search hound loaded up due to cold temperature. Moved to 14717 S. Perry Park Road

10:45 AM: Arrived 14717 S. Perry Park Road. Search hound on the ground. Search hound went north on S. Perry Park Road to 14538 S. Perry Park Road. Checked residence and barn.

11:06 AM: Track stopped search hound loaded up.

11:12 AM: Search stopped due to temps and returned to the EPSO Mobile Command.

11:18 AM: Arrived on scene at EPSO Mobile Command.

During this time, Detective Mai and I were directed to respond to the area of the "S Curve" to pick up a piece of particle board the FBI ERT had located. Detective Mai and I responded and upon arrival several FBI ERT agents were in the process of packaging up the evidence and getting GPS coordinates. Once the item was package and sealed, Agent Charles DeFrance turned it over to me. I signed the United States Department of Justice (USDOJ) Federal Bureau of Investigation (FBI) Receipt for Property form; FBI case #7C-DN-3228727 and was provided a copy.

Detective Mai and I returned to the EPSO Mobile Command. While there, EPSO Detective Jon Price arrived and took custody of the particle board and he also took the Receipt for Property form. See Detective Price's supplement for further information.

During this time EPSO Reserve Deputy John Zachman had responded to 14549 S. Perry Park Road and contacted the property owner and obtained a written search waiver for the property. The signed search waiver was turned over to me. A copy is included. See Deputy Zachman's supplement for further information.

Deputy Zachman had also be reassigned to other duties and could only offer limited help with traffic control.

12:53 PM: Arrived at the gated driveway for Fountainhead Farm, 14549 S. Perry Park Road. Driveway gate opened.

12:58 PM: Search hound on the ground and began going west up the driveway. Search hound spent some time in the woods southwest of the barn and main residence.

1:19 PM: Track stopped, and search hound loaded up. Sgt Beyer and Detective Mai spoke to the property owners and obtained additional information about the area and obtained a gate key for the gate at the Preserve at Hawk Ridge

1:47 PM: Arrived at the Preserve at Hawk Ridge (exact address unknown). Driveway is gated and locked. After the gate was opened, the search hound was put on the ground and went west into the gated driveway approximately 20' to 30' then came back out and went north to the driveway of 14717 S. Perry Park Road. Track stopped due to safety reasons (heavy traffic). Search hound loaded up.

2:03 PM: Arrived at 14121 S. Perry Park Road.

2:23 PM: Search hound on the ground. Search hound went north on the dirt driveway/road for about 175 yards then turned west along the creek and into the trees. I lost sight of Sgt. Beyer, Detective Mai and the search hound.

2:41 PM: Sgt. Beyer, Detective Mai and the search hound returned. Sgt. Beyer and Detective Mai contacted the resident at 14121 S. Perry Park Road and obtained verbal permission to search the property with the search hound.

2:49 PM: Sgt. Beyer and I took the search hound up to the residence. Due to the amount of snow encountered earlier and not knowing the terrain west of the property, no track done.

3:12 PM: Search hound taken back to vehicle and loaded up.
3:34 PM: Arrived at 14717 S. Perry Park Road. I was told there was no search waiver for this property. I went to the residence and contacted Kyle Fields. I identified myself and explained to him why I was contacting him. Mr. Fields gave permission for a search to be done. Deputy Zachman arrived and obtained a signed Search Waiver for the property. A copy is included.
3:42 PM: Search hound on the ground. Went around west side of the residence, then back south to the driveway and then east to S. Perry Park Road. Search hound went north on S. Perry Park Road to Yarnell Road. Track stopped.
4:05 PM: Search terminated for the day. Returned to the EPSO Mobile Command.

Upon return to the EPSO Mobile Command, I was contacted by FBI ERT agent DeFrance again. I was told additional items had been found and collected as evidence. There was a Douglas County Sheriff's Office (DCSO) deputy's business card which was wet and in two pieces, some hair and some purple fibers. At this time, he turned over three sealed evidence envelopes associated to FBI case #7C-DN-3228727. I signed the United States Department of Justice (USDOJ) Federal Bureau of Investigation (FBI) Receipt for Property form; FBI case #7C-DN-3228727 and was provided a copy. The evidence envelopes are as follows:

#4. Douglas County Patrol business card. Collected by C. DeFrance

Location Found: N 39° 08.503

W 104° 54.875

#5. Hair. Collected by S. Rosenbaum

Location Found: N 39° 08.512

W 104° 54.892

#6. Purple Fibers. Collected by C. DeFrance

Location Found: N 39° 08.524

W 104° 54.884

I was told the envelope containing the wet business card would have to be opened and the DCSO business air dried before it was entered into evidence.

I responded to the EPSO Evidence Facility. Upon arrival I entered the two property search waivers Deputy Zachman had obtained, into evidence as items #375 and #376.

I cut open the bottom of the clear plastic evidence envelope containing item #3; the Douglas County Patrol business card. While wearing latex gloves, I removed the wet business card which was in two pieces from the evidence envelope. I placed the business card on the brown bag so it could dry. All the items I received from FBI ERT Agent DeFrance were secured in an evidence locker until the Douglas County Patrol business card is dry. Once it is dry all items will be entered into evidence.

I have no further information at this time.

Monday February 24, 2020

Initial Call

On Saturday February 15, 2020, at approximately 8:00 pm, I, Detective N. Brklich received a message from Lieutenant Mitch Mihalko directing me to respond to 13802 S. Perry Park Road, located in the unincorporated area of Douglas County, CO, on Sunday February 16, 2020, at 8:00 am, for a briefing on the day's activities. I was informed I would be assisting Douglas County Sheriff's Office K9 (DCSO) team with a search of the area along Highway 105.

Investigative Activity

On Sunday February 16, 2020, at approximately 8:05 am, I attended a meeting detailing the search area, personnel being used in the search and the operations plans for the day. I was informed upon the arrival of the of the DCSO K9, I would assist them with a scent search.

Just prior to the meeting I met with Detective Marissa (EPSO) and Sergeant Dave Beyer (DCSO, K9 handler). Sergeant Beyer informed us the K9, Nora, a blue tick hound and her handler were enroute to our location but was held up in traffic.

At approximately 8:50 am, Nora and her owner arrived on scene. For safety reasons, EPSO Reserve Deputy John Zachman was responsible for slowing or stopping traffic on the roadway, as needed. My duties during the scent search consisted of keeping notes for the handler.

At approximately 9:01 am, Sgt. Beyer began the scent search with Nora. The search began at the corner of S. Perry Park Road (Highway 105) and Sierra Pines Lane. After being presented with an article of clothing from [REDACTED] (shoe), Nora began a search of the area with her nose to the ground. Sgt. Beyer explained she was sniffing the vehicles and surrounding area attempting to locate the scent from [REDACTED]. Nora placed her nose to the ground and began tracking a short distance up an adjoining driveway. She proceeded up the drive for a short period of time before lifting her head for an air scent. Nora then traveled back east to the roadway. Nora continued to perform both air sniffs and ground sniffs. Upon returning to the roadway, Nora proceeded across the highway to a driveway headed east for approximately 20 feet. She eventually turned back to the road. During this entire time Sgt. Beyer held a very loose leash, so not to direct Nora, and gave limited commands to the effect of "go to work" or "find him".

Once Nora returned to the roadway, she began to drool slightly and headed north on S. Perry Park Road with her nose to the ground. Sgt. Beyer explained the drool was an indication of Nora having a positive scent for [REDACTED]. While traveling north Nora was moving in a zigzag pattern down the road for approximately 200 yards. At this point Sgt. Beyer stopped Nora and loaded her into the vehicle.

At approximately 10:00 am, Sgt. Beyer and Nora began a scent search at an address known as

ERC SHERIFF'S OFFICE

Fountainhead Farm (14549 S. Perry Park Road). Sgt. Beyer stated Nora did not show any interest of tracking any further north of this farm. Sgt. Beyer stated Nora had shown interest in moving south and west from this location. She did not give any indication of tracking east.

At approximately 10:10 am, Sgt. Beyer, Detective Williams and I began walking up the driveway of an area named "The Preserve at Hawk Ridge". Nora was not utilized in this area as she did not show interest. The purpose of this search was to attempt to locate an possible hiding areas and to see how far a person might be able to quickly drive or walk up the driveway. Approximately 100 yards up the driveway I observed a structure to the right (north) of the driveway. I could not tell if the structure was occupied by people but did observe a canine watching us. No evidence of any kind was located in this area.

At approximately 10:30 am, the search was called off and we returned to the mobile command post.

Case Status: Active Investigation

On February 15, 2020 at approximately 10:58 PM, I, Detective Katherin Huston #12021, of the El Paso County Sheriff's Office (EPSO) Investigations Division assisted with pretext phone calls between [REDACTED] and Letecia Stauch along with FBI agents Amber Cronan and KC Hughes. These pretext calls were transcribed by EPSO records supervisor Jen Harris. I have reviewed the transcriptions for accuracy and attached them to this report.

On February 15, 2020, I, Detective Jon Price #02034, had a conversation with EPSO Evidence Technician Christina Cervantez at the EPSO Evidence Facility.

She told me she spoke with Letecia Stauch on 1/31/20 at 8:03 am. Mrs. Stauch asked if she could get her property back. Tech Cervantez asked what items she was inquiring about and she stated that we had her, "Passport, her daughter's book bag and Macbook along with her purse and ID." She advised that we had her whole life in her car and her daughters car. Tech Cervantez advised the only thing she was authorized to release was her purse and money found in black backpack. Mrs. Stauch later obtained these items from the Evidence Facility.

On 2/7/20 EPSO Evidence Supervisor Janet King received a call from a female claiming to be [REDACTED]. She wanted to know if her personal items were available for release. She stated she needed her book bag which contained her Macbook, passport and credit cards. Supervisor King advised this is an ongoing investigation, and those items are not currently available for release.

On 2/12/20 Tech Cervantez received a call from a female claiming to be [REDACTED]. Tech Cervantez did not believe this was [REDACTED] but recognized the voice was Letecia's. The female requested to get her property back - her bookbag, passport, Macbook, and birth certificate. She stated she is a flight attendant and needs it for travel. Tech Cervantez was suspicious that a 17 year old is already employed as a flight attendant. She advised she could not release the items.

Tech Cervantez had no additional information, but agreed to update me should the Evidence Facility receive additional phone calls.

I arrived at the command post at approximately 12:15 pm. I contacted Detective Karl Mai, who had the board in the trunk of his vehicle. The board was already packaged in standard brown paper. There was a label affixed which indicated the item had been collected by Agent Stephen DeFrance of the FBI's Evidence Response Team. This recovery is documented under FBI case ID # 7C-DN-3228727.

Detective Mai gave me a FBI Evidence Receipt Form which had been signed by Agent DeFrance and EPSO Detective Michael Boggs.

At approximately 2:45 pm, I delivered the item to the Metro Crime Laboratory where I delivered it to Analyst Donna Manogue. It was entered into evidence under MCL case #20MCL267 item #6074 0001. Ms. Manogue provided a receipt for the item.

I returned to the Office of the Sheriff where I entered the chain of custody documents into EPSO Evidence as item #373.

Initial Call

On Sunday February 16, 2020, at approximately 5:25 pm, I, Detective N. Brklich received a message from Lieutenant Mitch Mihalko directing me to respond to 13802 S. Perry Park Road, located in the unincorporated area of Douglas County, CO, on Monday February 17, 2020, at 7:15 am, for a briefing on the day's activities. I was informed I would be the lead liaison between EPSO and the FBI Evidence Response Team (ERT).

Investigative Activity

On Monday February 17, 2020, at approximately 8:00 am, I attended a meeting detailing the search area, personnel being used in the search and the operations plans for the day. I was informed I would assist the FBI's ERT with identifying any possible evidence or points of interest located by search teams.

Between the hours of 9:09 am and 1:53 pm, Search Waivers were collected for the following addresses:

1141 Noe Rd, 1069 Noe Rd, 717 Noe Rd, 12529 Greenland Acres Road, 12476 Greenland Acres Road, 1000 Noe Road, 525 Noe Road and 12828 S Perry Park Road.

The purpose of these Search Waivers was to allow Search and Rescue teams access to properties adjoining the area of Noe Road and S. Perry Park Road.

During the searches being conducted, the following items were collected as possible evidence:

Plastic bag, piece of plastic, black tape, label, red thread, blue/gray glove and black plastic.

All of these items were collected by the FBI's ERT, packaged and documented. These items were later signed over to myself.

All items were transported to the EPSO evidence facility and placed into temporary storage lockers for safekeeping until they could be processed into the EPSO evidence facility.

The Search Waivers and Receipt for Property were later placed into the EPSO evidence facility reference item # 451 and 452.

Interview with Jace Moran

I was informed by Detective Vince Sapp, he needed assistance with a voluntary interview with Mr. Jace Moran. Mr. Moran is Ms. [REDACTED] boyfriend.

Mr. Moran was interviewed by Detective Sapp at the FBI building in downtown Colorado Springs. I was present during this interview.

Mr. Moran told Detective Sapp he was unsure where Ms. [REDACTED] currently was but believed she was in North Carolina due to a photo of a sunset he received from her. Mr. Moran said he has not asked her where she was and is trying to avoid being involved in the case.

Mr. Moran did not know about what happened to [REDACTED] or where he may be. He also believed Ms. [REDACTED] did not know anything regarding the case. Ms. [REDACTED] believed they had to leave Colorado due to people threatening them on social media.

During the interview, Mr. Moran handed Detective Sapp his cellular phone and allowed for him to look thorough it.

Detective Sapp will complete a more detailed supplement regarding his interview with Mr. Moran. He will also place a copy of the recorded interview into evidence.

EPSO Case 2020-00001382 - **Missing Person**

Supplemental Narrative

Detective Marissa Williams #12009

Date: 02/16/2020

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Sunday February 16, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, responded to the area of the 13800 block of S Perry Park Rd in Douglas County, Colorado to assist searching the area. I received follow up information from USAA regarding Letecia and [REDACTED] shared account. Additionally, I received information from Lieutenant David Manzanilla that one of the El Paso County Dispatchers had information to pass along, which needed to be followed up on. I entered several items into evidence, to include copies of calls Letecia made to strangers, copies of email correspondence between Letecia and Leslie Hicks with School District 20, and copies of the USAA account updates.

Canine Search off Hwy 105/S Perry Park Rd (Douglas County)

At approximately 0715 hours, I responded to 13802 S Perry Park Rd per the direction of Lieutenant Mitchell Mihalko, to meet with the Douglas County Sheriff's Office canine handler and Detective Nicholas Brklich. The canine handler Sergeant Dave Beyer and Detective Brklich arrived prior to 0800 hours. However, the canine, a bluetick hound by the name of Nora, did not arrive until approximately 0900 hours. EPSO Reserve Deputy John Zachman was present to stop traffic on the roadway while the dog tracked the scent of [REDACTED]. I remained in the area until approximately 1045 hours. During this time, no new leads were developed.

The canine was brought to the corner of Sierra Pines Ln/S Perry Park Rd, on the west side of the roadway. I presented the scent article to Nora (the inside of [REDACTED] tennis shoe). The handler, Sgt. Beyer gave Nora the command to "go to work." Nora went nose down to the ground and trailed north. She went to a short driveway north of Sierra Pines Ln on the west side of S Perry Park Rd, which had a green wooden gate blocking it. On either side of the gate were low barbed wire fences. The dog went under the gate. Sgt. Beyer went around the gate, over the barbed wire, but commanded the dog to "find him," at which point the dog put her nose to the ground and went west down the driveway a short ways (about 20 feet). The dog then lifted her nose in the air and then trailed back east toward S Perry Park Rd. She walked north up S Perry Park Rd in a zig-zag pattern approximately 200 yards. At this point Sgt. Beyer had Nora loaded back up into the car she came in.

Sgt. Beyer indicated Nora was not interested in tracking anything south of Sierra Pines Ln, and that she was not interest in tracking anything north of Fountainhead Farm (14549 S Perry Park

Rd). He also indicated the dog was strongly interested in the west side of S Perry Park Rd as opposed to the east side. The distance in which Nora showed interest (between Sierra Pines Ln and Fountainhead Farm) represents a linear distance of 0.9 miles. There were three other driveways on the west side of the road between this distance. One of the driveways was a long, winding dirt road that had been intended as a neighborhood subdivision street. This driveway had a gate in front of it that, according to Deputy Zachman, was ordinarily locked. Deputy Zachman had spoken to the owner of the property, identified as Steve, resident of Fountainhead Farm.

Sgt. Beyer, Detective Brklich and I unlocked the gate to this subdivision driveway and walked about 200 feet back onto the property to gauge how far a person might be able to quickly drive on and leave something if the gate were unlocked, and to try to identify anything that appeared out of place. There was nothing that stood out on the property and very little in the way of hiding places except the horse stable (which was occupied by at least three well-cared-for horses).

School District 20 Evidence

Around 1200 hours, when I returned to the office, I met with EPSO Commander Andrew James who provided me a copy of some emails he received from School District 20. The emails were correspondence between Leslie Hicks and Letecia Stauch during the course of her being vetted as a new-hire in January 2020. I placed these emails in evidence.

On January 17, Letecia signs her letter “Dr. Stauch sent from Grand Bahama.” On January 16, Letecia signs “sent from Ensenada.” On January 15, she signs “sent from Mexico City.”

USAA Follow Up

On this date, I received emails from USAA. The emails contained a partial production of records for the youth spending account (ending * [REDACTED] shared by Letecia and [REDACTED] as well as updated transactions for the past weekend. The last item listed on the statements provided was dated 01/09/20 for King Soopers at 7925 Constitution Ave in Colorado Springs, CO. On the same date there was a Starbucks purchase of \$10.00. The average balance in the account appears to be about \$200.

The statement included a list of IP addresses used to access the account, but only provided dates and not times.

(See USAA Statements Nov-Jan Letecia and [REDACTED] attachment)

The recent transaction updates for Letecia and [REDACTED] USAA account included food purchases in the area of Myrtle Beach, SC. (See attachments USAA updates 2-12-20 and 2-13-20)

Follow Up with Square/CashApp

I received an email containing links to four documents from Square, Inc., the owner of CashApp. The first document contained instructions on reading the data. The second document was a certification of records, and the third was a cover letter. The fourth contained account records. Letecia Calls Strangers

Lt. Manzanilla asked me to call **Leah Stevens** in Dispatch for a lead. Leah received some videos via Facebook from **Jamie Ducworth** (ph# [REDACTED]) of a **Michelle Fox** (ph# [REDACTED]) talking to Letecia around 1155 hours this morning.

The video recording was broken into three 3-minute videos, for a total of 9 minutes. Jamie told me she had recorded Michelle at her request, and that Michelle knew Jamie was forwarding the information to the Sheriff's Office. The content of the conversation Michelle had with Letecia was thus: Letecia states she wanted to reach out to (website) admins. She denies being a "horrible person." Letecia states, "this is not true," and "I did not do any of this," but it is not clear to what she is referring. Letecia mentions she thinks someone was else "did this on purpose," and mentions motives of getting back at [REDACTED] or getting the kids back or being owed money. Michelle asks where Letecia thinks [REDACTED] is. Letecia says she does not have [REDACTED] Letecia mentions she was talking to [REDACTED] yesterday and that they had "five people in our family, two dogs, and big jobs." Letecia claims she has tried to help. Letecia claims if the police took the information she gave seriously, "we could be further along in this search." Letecia claims she is still in Colorado Springs. She claims she is hotel-hopping and being followed. Letecia claims [REDACTED] is losing weight. Letecia also claims [REDACTED] is leaving for the air force recruiting station in two weeks. She mentions [REDACTED] got home (Monday the 27th) around 4:30-5:00, and that [REDACTED] is trying to remember things.

Dispatcher Leah Stevens also mentioned she got a call from **Cory Gower** (ph# [REDACTED]), who stated he had been given a recording by a friend, **Kayli Coffin** (ph# [REDACTED]), who spoke with Letecia on the phone this morning for approximately 40 minutes. He also talked to and shared the conversation with **Amanda Gammill** (ph# [REDACTED]). I spoke to all parties and received a copy of the audio recording for Kayli and Letecia's conversation, which Kayli had emailed to the tip line. A large portion of the audio was digitized and muffled. A large portion was also Kayli talking rather than Letecia. The following is a summary of the content and does not represent the entirety or a verbatim transcript:

(unknown)...**Letecia**: And this is not about me, but I did feel like I was left out. I felt attacked there, left out, because she didn't help me, and it was hard. And it was hard when I didn't have anybody to find out something, or, you know, know how to fix something, or something that she

had all these years' experience-you know what I mean? And so I took anger to that, because, you know, I had helped so much, and did so much, and then I didn't have her there. [unknown to whom she is referring, but likely ██████████ (unintelligible, second speaker talking/overlapping)]

Leteica continues: He's just not that person now. He's just not going to let someone hurt us. (unintelligible, second speaker talking/overlapping, digital sounds-skipping)

Kayli: ...I get it, that has to be hard, but I don't know. I don't get how her getting all of the-'cause she's like, his mom, that everybody automatically flockes to her, of course. But, why-what-was it just that? For lack of a better word, jealousy? Do you really honestly think she could do that do him?

Leteica: What is going on? Hold on, one second (unintelligible). Bye, thank you so much. What did you say the question was again?

Kayli: I mean, honestly, did you say that out of spite, out of jealousy-or did you honestly think she could have done something to him, or...

Leteica claims ██████████ was always threatening things that "could involve harm" toward the children. "So, yes, I did think that, not because I thought she would have hurt him, by no means, that is completely not what I would have thought, but because I would have thought to make it look unfit, or like we did something wrong, so that she could have them back, because when moms are desperate they do a lot of things because they want their children." Letecia then states the guardian ad litem took the kids from ██████████

In another part of the conversation, Letecia states, "If my GPS pinged on something-they're going to search it." She adds that she went to Douglas County area to buy a bike for her husband for Valentine's Day.

Kayli asks her about going to PetCo twice. Letecia does not answer. Letecia mentions she was at PetCo because she was "Going to go talk to someone about play it again sports and about a bike." She also states she "didn't even have phone on me at PetCo." Letecia later says, she has "Already gotten over who had done this and why," and is, "Thinking about who I can punish."

Leteica claims she and ██████████ earned \$180,000 a year together, and that they had five people and two dogs at their home.

Kayli asks, "Do you think he is ok?" Letecia answers, "At this point I want to keep all my faith and know that he is ok...But I also know ██████████ I know if he was hanging out with someone he would have said something to someone."

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

Leteica later says, "I just want you to think for a minute. Take that out of your brain for a minute. Just please pray in your mind, heart soul. That person who done this-the person who picked him

up, took him-that they'll just decide that it's time to come out. It's time to come let us know. ...Pretty confident of people knowing of some idea of who it coulda been. Or things like that. I'm confident of that. And I can't give those details."

CHILD VICTIM

Kayli asks, "You mean you're confident in you know who did it?"

Letecia says, "No, I'm not going to say that. I'm just going to say I'm confident the person who did-"

Kayli, "--will have a conscience-"

Letecia, "--and they're gonna break down. They're gonna give in. That's why I'm so adamant about us trying to show the love and quit-and the hate's been put on me so much. Think about it. If a person was out there (unintelligible), don't you see they would have already been probably out of Colorado by now. Like, they would have already been gone somewhere and said, like, 'Wow, no one's even focusing on me. No one's even focusing on this.' Look at it. That's a criminal mentality, though."

Evidence

I entered the following items into evidence under this case:

Item #377-Emails between Leslie Hicks and Letecia Stauch, D20 School Employment

2020-00001382 (24) Ring return for 6627 Mandan Drive:

On Monday, February 17, 2020, at about 8:00 am, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigation's Division, conducted follow-up on this case.

CHILD VICTIM

On Friday, February 14, 2020, at about 4:14 pm, I received an email from Ring Subpoenas, with a link to a shared folder on Drop Box. I followed the link and opened an attachment titled "2020000424 Account Information." The attachment contained the account information for a search warrant I did of 6626 Mandan Drive, and not for 6627 Mandan Drive.

At about 8:09 am, I replied to the Ring Subpoena email and notified them of the error. I received an automated response and information regarding a formal response from them.

At about 2:18 pm, I received an email from Ring that said the production materials have been supplemented pursuant to the search warrant they received.

On Wednesday, February 19, 2020, at about 3:47 pm, I still have not heard back from Ring, so I replied to the email and attached a copy of the search warrant that specifies 6627 Mandan Drive.

I have nothing further at this time.

Case Status: Active.

2020-00001382 (25) Items from Dollar Tree:

On Monday, February 17, 2020, at about 8:30 am, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigation Division, conducted follow up in this case. Lt. Mihalko asked me to respond to the Dollar Tree, located at 6955 Mesa Ridge Parkway, Fountain, CO 80817, and make the same purchases [REDACTED] did based off a receipt.

At about 9:15 am, with the assistance from a manager, I purchased the following items using a purchase card given to me by Lt. Mihalko. The description in parenthesis is what the item is further described as on the packaging.

AD BLK RND SALON QUAL ELASTICS

(Elastics Salon Quality, Clasp-Free, hair ties 15 count)

A&H EXTRA STRENGTH DEO 16.3 Z

(Arm & Hammer Extra Strength carpet odor eliminator with Oxi Clean 16.3 oz.)

BAKING SODA FRESH & NATURAL 12 Z

(Arm & Hammer Fresh-N-Natural household odor eliminator 12 oz.)

BABY OIL 6.5 Z

(Baby Love baby oil pure & gentle 6.5 fl oz.)

ANGEL OF MINE BABY LOTION 15 Z

(Angel of Mine baby lotion 15 fl oz.)

DUBBLE BUBBLE 3 FLAVOR TWST 4 Z

(America's Original Dubble Bubble, Bubble gum. Watermelon, grape and apple 4 oz.)

TRASH BAGS FLAP TIE 30 GL 7 CT

(Good Sense Flap-Ties large trash bags 7 count)

ASSURED COTTON ROUNDS 80 CT

(Assured 100% pure cotton, cotton rounds, 80 count)

I later compared a description of the items I bought on the receipt to the description of the items bought on [REDACTED] receipt and the descriptions were identical. The only difference is that I bought (1) A&H EXTRA STRENGTH DEO 16.2 Z, and [REDACTED] bought (2).

I took a digital photograph of each item separately, and then I opened the trash bags and place one bag on a counter and took a digital picture of the plastic bag. I made a copy of the receipt and then downloaded all images to include the receipt onto a CD. I placed the CD into Evidence Locker #INV1 as Item #382.

The actual items bought will not be placed into evidence as they were purchased for comparison only.

I have nothing further at this time.

Supplement
Case No. 20-1382
Case Title: Missing Person

On 02-17-2020, at about 1:30 pm, I, Detective Montville, was conducting follow-up on this case. I had previously placed digital photographs collected during a search warrant executed at 6627 Mandan Drive, onto a flash drive. The digital photographs were previously collected during the execution of a search warrant on 02-05-2020. The digital photographs included markings, measurements, and processing of [REDACTED] bedroom. I entered the digital photographs into the El Paso County Sheriff's Office Evidence Facility, under item #383.

I prepared a Colorado Bureau of Investigation Request for Laboratory Examination form. I also prepared a cover letter addressed to the Colorado Bureau of Investigation giving some of the facts and circumstances about this case. I requested item #383, one flash drive containing digital photographs of 6627 Mandan Drive, during the execution of the search warrant, be analyzed for blood stain patterns to determine the events that had occurred inside of [REDACTED] bedroom.

I emailed the CBI Request, along with the lab cover letter, to the El Paso County Sheriff's Office Evidence Technicians for processing. A copy of the documents are attached to this supplement. A copy of the evidence voucher for item # 383 is also attached to this supplement.

Nothing follows.

CHILD VICTIM

On 02/17/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO), conducted follow up on this case.

At approximately 5:30 p.m., I received a phone call from Victoria Yanguba at telephone number [REDACTED]. Ms. Yanguba resides at 6746 Mandan Drive. She indicated she had a text message conversation with Letecia Stauch, and the content concerned her. I asked that she forward the conversation to me via email.

At approximately 6:17 pm on this date, I received the first email from Ms. Yanguba. I received a total of six emails from Ms. Yanguba ranging from 2/17/20-02/25/20. These emails contained the conversation Ms. Yanguba had with Ms. Stauch.

A copy of the email is included with this report.

Initial Information

On Tuesday, February 18, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Enterprise Warrant Return (20-538)

At approximately 9:00 am, I was contacted by Enterprise Holdings manager Sean Tully. Mr. Tully advised he received my warrant and all items had been processed.

Mr. Tully emailed me two separate emails with the return information from warrant 20-538. Mr. Tully stated the physical video footage would have to be picked up from the Denver Enterprise location due to it being too large of files to be placed into email. This lead was passed on to Detective David Gleen.

The return information was placed into evidence as Item #456.

On Tuesday, February 18, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

At approximately 11:00 am, FBI victim's advocate, Alicia notified me the Family Advocacy Program (FAP) with Fort Carson was conducting an investigation into [REDACTED] case. I was told Mrs. Gigi Harris was the point of contact for the case and her phone number was [REDACTED]. I attempted to contact Mrs. Harris but was unable to reach her. I left a voicemail for her to call me back.

On Thursday, February 20, 2020 at approximately 10:00 am, I contacted Mrs. Harris. She referred me to Mrs. Danielle Maaks ([REDACTED]). Mrs. Maaks is assigned to investigate the case through FAP. I informed Mrs. Maaks the EPSO was conducting the investigation and asked her to refrain from contacting family members and friends. She agreed.

I will continue to document investigative efforts in additional supplements.

**This is a Supplement to Case # 20-1382
2020**

Thursday, February 20,

On Tuesday, February 18, 2020, at approximately 1430 hours, I, Detective D. Glenn Jr. of the El Paso County Sheriff's Office (EPSO) Investigations Division, was approached by Commander Andy James, who was holding an opened envelope with a gloved hand that was sent through the US Postal Service to the Office of the Sheriff, located at 27 East Vermijo Avenue, Colorado Springs, CO.

I put gloves on and took the envelope from Commander James to inspect it. The envelope appeared to have a small piece of paper taped to the front with the following typed on the paper:

Sheriff Bill Elder
El Paso County Sheriff's Office
27 East Vermijo Avenue
Colorado Springs, CO 80903

The postal mark at the top of the envelope indicated the letter passed through Weschester, New York on February 10, 2020.

Inside the envelope was a single sheet of paper with a map that appeared to show the area of Highway 115 at Little Turkey Creek Road in El Paso County with two concentric circles around the intersection indicating that area should be a starting point for a search for [REDACTED]. Along the top of the map were several questions about the circumstances of the case that were answered with a yes or no. There was a short message at the bottom of the letter indicating the map was from an anonymous member of the community.

Commander James said he was notified by the Criminal Investigations Division Administrative Assistant, Leanne Mitchell, after she opened the letter and realized it was in reference to this case.

I placed the letter and the envelope in evidence as Item 429.

A digital scan of the letter and of the envelope is included with this supplement.

Supplemental Narrative

Detective Marissa Williams #12009

Date: 02/18/2020

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Tuesday February 18, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, I issued an updated court order to PayPal for financial information relating to Letecia and [REDACTED]. I also followed up with JP Morgan Chase Bank and Wells Fargo bank. Additionally, I received an update for Letecia and [REDACTED] USAA account.

PayPal Follow Up

At approximately 1515 hours, I presented to the Honorable Judge Monica Gomez in Division C of the El Paso County Courts a court order for the following:

- **PayPal, Inc., Attn: Global Investigations Team, 2211 North First Street, San Jose, CA 95131**, to order the production of records relating to any accounts for Letecia Stauch and [REDACTED] including known email addresses and account identifiers, from 1 December 2019 to current date.

Judge Gomez reviewed the court order and signed it without change. I also presented a request and order to seal the court order, signed by DA Oliver Robinson. The court order was submitted to the court records office, 20-559.

I served the court order to PayPal by emailing it directly to Calum Morgan via [REDACTED]. She confirmed receipt and advised she would be able to produce the records tomorrow.

Chase Bank Follow up

I spoke to an unidentified employee with Chase Bank (ph# [REDACTED]), who requested a production date of March 18. I advised as long as I can get any updates from February 1 forward right away, that production date should be fine. The employee provided internal reference #SB1112300 and advised there were no known updates to the Letecia Stauch's account(s).

USAA Follow Up

On this date, I received an email from Julia Pugh with USAA Federal Savings Bank, [REDACTED] Jennifer Knight
a spreadsheet for updates to the shared account of Letecia and [REDACTED] ending * [REDACTED] RF
spreadsheet contained transaction history from February 10 through February 16. The
transactions showed the usage of three separate debit cards, * [REDACTED] (Latecia's), * [REDACTED] ([REDACTED])

Wells Fargo Follow Up

On this date, I received an email from Wells Fargo, containing a link to a secure internal document sharing website. The link contained a zip folder for the production relating to my request for records from July 1, 2019 to current date for Letecia Stauch (plus aliases). The production consisted of 7 files. Some of the files contained redacted information past the date of February 10 (the date the court order was signed). I called Wells Fargo employee Will in subpoena processing and advised him the information needs to be provided for the dates redacted, and that the account needs to be monitored for activity for thirty days from the date the court order was signed. Will stated he understood and would resubmit the request to the legal order processing department.

The following 7 files were provided:

File 1-A word document containing raw data for each transaction on the Wells Fargo account between the dates specified.

File 2-A PDF "Business Records Declaration," for internal case # [REDACTED] identifying the items provided were (3) signature cards, (26) statements, and (1) check/debit, for a total of (30) pages of electronic documents.

File 3-A copy of the court order I served.

File 4-A 3-page PDF document containing the signature card for Wells Fargo personal checking account # [REDACTED] opened on 05/10/2017 by Letecia H Stauch, sole owner, DOB [REDACTED] social [REDACTED] phone number [REDACTED] address 4697 Farm Lake Dr, Myrtle Beach, SC 29579, with signature attached 2x:

File 5-An word document listing an index of the files provided.

File 6-A 26-page PDF containing statements for the account identified between 6/12/19 and 2/11/20:

Statement 1, from 6/12 to 7/10, ending balance was -\$14.00. One check for \$405.33 was written out of the account on June 21 (Unknown further).

Statement 2, from 7/11 to 8/9, ending balance was -\$14.00. There were no transactions.

The following information was reflected on the following statements from August 10, 2019 to February 11, 2020.

Supp 9

On Tuesday, February 18, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

I received information with agents from the Federal Bureau of Investigations concerning a phone call Letecia Stauch made to a fake polygraph company. Two of Mrs. Stauch's phone lines were being monitored through a title III warrant. I was told Mrs. Stauch contacted a company called "fakepolygraph.com" and enquired about getting a polygraph drafted concerning the disappearance of [REDACTED]. This coincides with Mrs. Stauch offering to take a polygraph when she spoke with Mr. Stauch. Mrs. Stauch requested Mr. Stauch pick a polygraph company for her to complete the polygraph with. Mr. Stauch offered law enforcement sources with the FBI and EPSO for Mrs. Stauch to take the polygraph. Mrs. Stauch refused to complete a polygraph with law enforcement and informed Mr. Stauch she did not trust law enforcement.

I researched the company through an open source and found the website <https://www.fakepolygraph.com/>. The associated contact phone number for the website is [REDACTED].

At approximately 11:21 am, I called the fakepolygraph company to preserve records as there was no listed law enforcement guide for preservation. I Spoke with "John" who was apprehensive to preserve the records.

At approximately 12:00 pm, John called back and identified himself as Luke Devlin, DOB: [REDACTED]. Mr. Devlin told me he would preserve the records and send them to Agent Andrew Cohen with the FBI. Agent Cohen did not receive the records.

The fakepolygraph company is based in UK and no court service is able to be issued. The second call was recorded and Mr. Devlin provided the questions Mrs. Stauch asked, her date of birth, an email address associated to the reply of the fake polygraph and the email address associated to the paypal account used.

The return call from Mr. Devlin at 12:00 pm was partially recorded. The recording was not initiated at the time of the phone call because I was not near a recorder. Detective Mark Riley met with me and was able to record the phone call with his office issued telephone. I was not able to use my telephone to record the call because I was using it to speak with Mr. Devlin.

The Fakepolygraph recording was entered into evidence as item #422 and again as item #470 . The recording was sent to EPSO records for transcription.

I received the transcription and reviewed it for accuracy. It is attached to this report.

On 02/18/20, I, Detective Mike Boggs of the El Paso County Sheriff's Office (EPSO) Investigations Division, responded to the EPSO Evidence Facility located at 2749 E. Las Vegas Street to see if the wet Douglas County Sheriff's Office (DCSO) Patrol Deputy business card was dry.

CHILD VICTIM

Upon arrival, I contacted the evidence technician on duty and requested the lockers containing the items I had received from FBI ERT Agent Charles DeFrance on 02/15/20, be opened. The lockers were opened.

The DCSO business card was completely dry along with the interior of the clear plastic FBI evidence bag. I removed the business card and photographed it. I placed it back into the original FBI evidence bag. I sealed the bag with red evidence tape. I placed my initials, IBM, EPSO case number and date on the seal.

I photographed the front and back of the evidence envelopes and bag. I entered the all items to include the FBI Receipt for Property invoice into evidence. A copy of the FBI Receipt for Property is included.

The photographs were taken using the following camera.

Camera: Nikon
Model #: D3200
Serial #: 3644440
Description: 24.2 Mega Pixel Digital Camera

I took a total of 12 photographs. The photographs were downloaded onto a CD-R and entered into evidence as item #402. A copy of the evidence invoice is included.

On February 18, 2020, I, Detective Katherin Huston #12021, of the El Paso County Sheriff's Office (EPSO) Investigations Division was made aware there were issues with the recordings of at least one interview and a day of pretext phone calls between [REDACTED] and Letecia Stauch by Jen Harris who was assigned to transcribe the recordings.

CHILD VICTIM

A check of the recordings showed the following had not downloaded correctly from Detective Bethel's digital recorder:

Interview with [REDACTED] on 2/11/2020, evidence item number 356

Pretexts between [REDACTED] and Letecia Stauch on 2/14/2020, evidence item number 362

Pretexts between [REDACTED] and Letecia Stauch on 2/17/2020, evidence item number 391

Additionally, when I spoke with Detective Bethel and Detective Riley regarding these recordings, I was made aware there was another pretext phone call made on 2/16/2020 which was not downloaded. Detective Riley related the recording was too large and he had provided it to Det Hare to download onto the investigations server.

Detective Bethel related she would re-download the pretext calls and interviews as they were still on her digital recorder.

On February 20, 2020, I downloaded the complete recordings which were placed on the server and entered them into evidence.

Pretexts between [REDACTED] and Letecia Stauch on 2/14/2020 new evidence item number 418.

Pretext between [REDACTED] and Letecia Stauch on 2/17/2020 new evidence item number 419.

Interview with [REDACTED] on 2/11/2020, new evidence item number 420.

Pretext call between [REDACTED] and Letecia Stauch on 2/16/2020, evidence item number 421.

Detective Bethel also asked me to download and enter a conversation she recorded between herself and polygraph company. This was placed into evidence under item number 422.

The original evidence items, numbers 356, 362, and 391, were not removed from evidence or altered in any way by me.

This is a supplemental narrative for EPSO Case No. 2020-00001382, Kidnapping.

On 2/18/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I received two envelopes from Detective K. Huston (EPSO) containing video evidence related to this case. The video was originally collected by Investigator Stephanie Courtney, of the El Paso County District Attorney's Office and by Special Agent David Tsang of the Federal Bureau of Investigation. It was transferred to EPSO by the FBI during one of the regular meetings regarding this case, which takes place nearly every morning. The video evidence relates to the King Soopers store located at 3570 Hartsel Dr., in Colorado Springs, CO.

Based on telephone calls and information I have received about this evidence, I believe Inv. Courtney had requested video evidence related to the grocery store and SA Tsang had requested video related to the King Soopers owned fuel station on the same property. When all the video was ready for pick-up, SA Tsang took control of it and I directed him to transfer it to EPSO during the next meeting, which was on 2/14/20. I also noticed each of the envelopes, one for the store and one for the fuel station, had two CD's in it (four CD's in all). I briefly reviewed the contents of the CD's to verify they were working and determine what their area of coverage was and what timeframe they covered. When I did this, I observed King Soopers had provided two identical CD's for each area of concern. Usually this is done so law enforcement has a working copy of the CD for review. At this time, I did not review the full videos provided for evidence pertaining to this case.

Because the CD from both areas pertain to the same day and timeframe, I entered all the CD's into evidence as one item. They were entered into EPSO Evidence reference EPSO Case No. 2020-00001382 as Item #401. Markings on the CD's indicated the videos were downloaded by King Soopers employee Brian Thornton (REDACTED).

END OF REPORT

CASE STATUS: Active

This is a supplemental narrative for EPSO Case No. 20-1382.

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 18, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB. Today I conducted the following follow up regarding this case:

On 2/15/2020 EPSO Deputies assigned to Investigations and School Resource Officers conducted a neighborhood canvass in the Lorson Ranch area surrounding 6627 Mandan Drive, the original address of occurrence for this case. Deputies Teresa Murphy (07001), Robert Sirois (13025), Peter Vigil (10011), and Amanda Torres (12020) were provided maps and questionnaires to conduct the canvass and collected at the end of the day.

On 2/18/2020, I scanned those documents for uploading into EPSO computerized reporting systems known as LERMS. The questionnaires are attached to this report. I entered the original forms into EPSO Evidence reference EPSO Case No. 2020-00001382, as Item #398. The following is a list of addresses I collected questionnaires for. I'm also including the name of the Deputy who completed the questionnaire. Any specific statements made in interviews are notated below. Deputy Sirois completed a separate supplement on his questionnaire's.

The questionnaires used by Investigations and School Resource Officers while conducting the neighborhood canvass sourced from the Federal Bureau of Investigation (FBI). They are commonly used questionnaires for missing child cases like this one.

A total of 35 questionnaires were completed by Investigations and SRO's on 2/15/2020.

Questionnaires completed on Galpin Drive:

1. 6643 Galpin Drive - Questionnaire completed by Deputy Murphy (07001). Resident Nikkole Marquez () was interviewed.
2. 6672 Galpin Drive - Questionnaire completed by Deputy Sirois (13025).
3. 6732 Galpin Drive - Questionnaire completed by Deputy Sirois (13025).
4. 6753 Galpin Drive - Questionnaire completed by Deputy Murphy (07001). Resident Savannah Hockaday () was interviewed.
5. 6823 Galpin Drive - Questionnaire completed by Deputy Murphy (07001). Resident Roqueit Jackson () was interviewed.

Questionnaires completed on Mandan Drive:

6. 6730 Mandan Drive - Questionnaire completed by Deputy Sirois (13025).
7. 6763 Mandan Drive - Questionnaire completed by Deputy Sirois (13025).
8. 6939 Mandan Drive - Questionnaire completed by Deputy Torres (12020). Resident Sherri Tucker () was interviewed.

Questionnaires completed on Simcoe Drive:

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 18, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB.

Today I conducted follow up on the original case report that occurred at 6627 Mandan Drive located in unincorporated El Paso County, Colorado

CHILD VICTIM

I reviewed video footage from Chick-Fil-A, 7925 Fountain Mesa Road. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #255

Chick-Fil-A is located approximately 4.5 miles from the original address of occurrence. During original interviews with family members to the case it was noted on 1/28/2020 at approximately 1345 hours [REDACTED] was at the local Chick-Fil-A. There was video footage provided from one camera angle outside of the business. This business is located in a shopping center near Mesa Ridge Parkway and Fountain Mesa Road in Fountain, Colorado. The camera system outside of Chick-Fil-A appears to be a nonstop recording system and records 24 hours a day.

The video footage collected was requested for 1/28/2020 from approximately 1345 hours until 1446 hours. The following was observed while reviewing video footage.

Video camera footage titled, (360 Camera 1) Tue Jan 28 2020 13h 45m 00s (GMT-07_00) is an outdoor camera looking over the drive thru. The view of this camera has views of vehicles driving by on the main road of Fountain Mesa Rd, a nearby business, and the vehicles in the drive thru. The camera has a "fisheye view", a 360 degree footage of the surroundings. The camera is mounted on the side of the building near the southwest corner of the building. The camera looks down onto the top of vehicle coming from ordering their food to the pick up window. This video footage starts on 1/28/20 at approximately 1345 hours and is 30:20 minutes long. While reviewing this video I observed a vehicle that was similar to [REDACTED] white Jetta at 6:17 minutes until 8:45 minutes into the video. A license plate was not visible and there is no view into the vehicle to see who it was occupied by.

I reviewed video footage from, (360 Camera 1) Tue Jan 28 2020 14h 14m 23s (GMT-07_00). This footage has the same view as the first one and a continuance of the recording. This camera footage starts at 1414 hours and is a 32:06 minute video. There was nothing located in this video to note any surveillance of [REDACTED] or her vehicle.

Nothing further at this time.

Supplemental Narrative

Detective Marissa Williams #12009

Date: 02/18/2020

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Tuesday February 18, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, I issued an updated court order to PayPal for financial information relating to Letecia and [REDACTED]. I also followed up with JP Morgan Chase Bank and Wells Fargo bank. Additionally, I received an update for Letecia and [REDACTED] USAA account.

PayPal Follow Up

At approximately 1515 hours, I presented to the Honorable Judge Monica Gomez in Division C of the El Paso County Courts a court order for the following:

- **PayPal, Inc., Attn: Global Investigations Team, 2211 North First Street, San Jose, CA 95131**, to order the production of records relating to any accounts for Letecia Stauch and [REDACTED] including known email addresses and account identifiers, from 1 December 2019 to current date.

Judge Gomez reviewed the court order and signed it without change. I also presented a request and order to seal the court order, signed by DA Oliver Robinson. The court order was submitted to the court records office, 20-559.

I served the court order to PayPal by emailing it directly to Calum Morgan via [REDACTED]. She confirmed receipt and advised she would be able to produce the records tomorrow.

Chase Bank Follow up

I spoke to an unidentified employee with Chase Bank (ph [REDACTED]), who requested a production date of March 18. I advised as long as I can get any updates from February 1 forward right away, that production date should be fine. The employee provided internal reference #SB1112300 and advised there were no known updates to the Letecia Stauch's account(s).

USAA Follow Up

On this date, I received an email from Julia Pugh with USAA Federal Savings Bank, containing a spreadsheet for updates to the shared account of Letecia and [REDACTED] ending * [REDACTED]. The

spreadsheet contained transaction history from February 10 through February 16. The transactions showed the usage of three separate debit cards, * [REDACTED] (Latecia's), * [REDACTED] ([REDACTED]) and * [REDACTED] ([REDACTED] new card). Ms. Pugh advised that [REDACTED] reported fraud on her debit card and was issued the new debit card February 11. All charges to the account appeared to reflect local purchases in Myrtle Beach, SC or online purchases at Apple.com, Amazon Prime, Target, or mobile wallet verification. See attachment "USAA Update 2-18-20."

Wells Fargo Follow Up

On this date, I received an email from Wells Fargo, containing a link to a secure internal document sharing website. The link contained a zip folder for the production relating to my request for records from July 1, 2019 to current date for Letecia Stauch (plus aliases). The production consisted of 7 files. Some of the files contained redacted information past the date of February 10 (the date the court order was signed). I called Wells Fargo employee Will in subpoena processing and advised him the information needs to be provided for the dates redacted, and that the account needs to be monitored for activity for thirty days from the date the court order was signed. Will stated he understood and would resubmit the request to the legal order processing department.

The following 7 files were provided:

File 1—A word document containing raw data for each transaction on the Wells Fargo account between the dates specified.

File 2—A PDF "Business Records Declaration," for internal case # [REDACTED] identifying the items provided were (3) signature cards, (26) statements, and (1) check/debit, for a total of (30) pages of electronic documents.

File 3—A copy of the court order I served.

File 4—A 3-page PDF document containing the signature card for Wells Fargo personal checking account # [REDACTED] opened on 05/10/2017 by Letecia H Stauch, sole owner, DOB [REDACTED] social [REDACTED], phone number [REDACTED] address 4697 Farm Lake Dr, Myrtle Beach, SC 29579, with signature attached 2x:

File 5—An word document listing an index of the files provided.

Initial Information

On Wednesday, February 19, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Amazon Warrant

At approximately 9:15 am, I was informed by Detective Vincent Sapp that he had received information regarding his warrant provided to Amazon from the beginning of February. Detective Sapp was advised, the Amazon Echo Dot device located in [REDACTED] bedroom appeared to no longer have data stored on it from January 27, 2020 to current.

Amazon advised two other Echo Dot devices were attached to the account shared by [REDACTED] Echo Dot under Ms. Leticia Stauch's email address [REDACTED]

No other Echo Dot's have been located in the home.

Amazon Echo Dot devices use "Alexa" which is a virtual assistant installed in the Echo Dot device. It allows for the user to ask questions and receive answers from the device.

Due to these devices not being found and my knowledge of Ms. Stauch's reliance on electronics it was determined another warrant was needed for Amazon for the other devices.

At approximately 11:20 am, I appeared in the Office of Honorable Judge Meredith Patrick Cord. Judge Patrick Cord reviewed the search warrant for information regarding:

**Amazon.com, INC: Corporation Service Company; 300 Deschutes Way SW, Suite 304
Tumwater, WA 98501; Attn: Legal Department- Legal Process
Accounts associated to [REDACTED]**

This is Ms. Stauch's Amazon account linked to Ms. [REDACTED] [REDACTED] and her Echo Dots.

At approximately 11:35 am, Judge Patrick Cord approved and signed the warrant.

At approximately 11:45 am, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-577.

The warrant was mailed to Amazon at their request.

Yahoo Warrant and FakePolygraph.com

I was briefed by Detective Jessica Bethel, that Ms. Stauch attempted to buy a fake polygraph

from outside of the United States. She attempted to do this through "FakePolygraph" at www.fakepolygraph.com.

Detective Bethel contacted the company and was provided with the email address Ms. Stauch attempted to have the results sent to. The company did not provide Ms. Stauch with results. The email address Ms. Stauch provided to "FakePolygraph" was: [REDACTED]. With this information I drafted a warrant for the yahoo email address provided.

At approximately 11:20 am, I appeared in the Office of Honorable Judge Meredith Patrick Cord. Judge Patrick Cord reviewed the search warrant for information regarding:

[REDACTED]

At approximately 11:35 am, Judge Patrick Cord approved and signed the warrant.

At approximately 11:45 am, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-574.

The warrant was provided to Yahoo via their law enforcement portal.

At approximately 1:41 pm, Yahoo responded with an email stating:

"The user account specified in your request, [REDACTED], is not a valid Yahoo email address or Yahoo ID."

Key Bank Warrant

I was advised a warrant was requested from Key Bank located at 3605 Hartsel Drive, Colorado Springs, Colorado to provide video footage of a possible route Ms. Stauch took on January 28, 2020. A warrant was drafted.

At approximately 11:20 am, I appeared in the Office of Honorable Judge Meredith Patrick Cord. Judge Patrick Cord reviewed the search warrant for information regarding:

Key Bank located at 3605 Hartsel Drive, Colorado Springs, Colorado, which has a brick exterior. The emblem "Key Bank" and "3605" is displayed on the building. To include any electronic devices therein capable of storing video surveillance.

At approximately 11:40 am, Judge Patrick Cord approved and signed the warrant.

Xfinity Warrant

CHILD VICTIM

I was also advised of several "MAC ID's" that were discovered on [REDACTED] cellular phones forensic download. I was advised [REDACTED] phone was continuing to link to various Xfinity internet routers despite the phone's location services being turned off. It also continued to link to routers the day after his disappearance. The following routers were connected to by [REDACTED] phone from 1/27/2020 to 1/28/2020 (after [REDACTED] was reported missing):
4E:7A:8A:9B:FC:B2, 92:AD:43:18:9C:88, 82:F2:9E:9C:2C:28, 7C:9A:54:E9:2D:5D,
84:17:EF:8C:BA:4C, 54:A6:5C:99:DF:99, 28:7A:EE:B9:44:BB.

A warrant was authored in reaction to this information in attempt to determine a route of travel for [REDACTED] on January 27, 2020.

At approximately 11:20 am, I appeared in the Office of Honorable Judge Meredith Patrick Cord. Judge Patrick Cord reviewed the search warrant for information regarding:

On Wednesday, February 19, 2020, at about 4:00 pm, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigation's Division, was in communication with Balazs Hubai via email, who was the Law Enforcement Specialist with Ring.

I again emailed Balazs and advised him I was sent information I already received through a previous search warrant for 6626 Mandan Drive, and the current search warrant was for 6627 Mandan Drive. Balazs replied and asked if we could talk via telephone, so I provided him with my number.

Moments later Balazs called me and told me he was aware of the error. Balazs said he placed the account information for 6627 Mandan Drive in a shared Drop Box folder. Balazs said he failed to communicate that with me in the email. I thanked him for clearing that up with me and asked him for video for 6627 Mandan Drive. He stated there was no video available for the dates I requested.

I downloaded the account information from Drop Box and attached the document to this supplement.

I have nothing further at this time.

I, Deputy Draper, Jeremy, 18124 was assigned duties at the El Paso County Sheriff's Office, Investigations Unit located at 27 East Vermejo Avenue Colorado Springs, CO 80903 in the County of El Paso.

From February 19, 2020 through April 20, 2020 I was assigned to collect television news media videos for the murder investigation of [REDACTED] using Tveyes, Inc.

CHILD VICTIM

Tveyes is a Media Monitoring Suite. Tveyes makes TV and radio broadcasts searchable by keyword, phrase or topic - just as you would use a search engine for text. Tveyes Media Monitoring Suite is a subscription-based product used by PR professionals, Fortune 500 companies, Political Campaigns, Government Agencies, and anyone who needs to know what is being broadcast on TV and radio in real-time. Tveyes does not cover all news broadcast one example is Fox News, a Nationwide cable news channel owned by Fox Corporation.

Using the El Paso County Sheriff's Office subscription searched by placing the following text into the power search menu "[REDACTED] Leticia Stauch". The function then allows to pick a starting date and time and an ending date and time. The media then brings up clip sections of the Newscast, the user then picks a video start and end time. The selected video file is then downloaded to a media center folder on the websites user profile. The files are compressed into a Zip format including the video and transcript from the news outlet. There is also a limited time the News Video Media can be collected. There is News Video Media that was not available due to this limitation.

Files were then downloaded to a PNY 64GB USB 3.0 Flash Drive and for backup purposes, A total of 10.5 Gigabytes of media file were stored. The files are labeled with the Stations Call letters, date and time of broadcast. The files are then separated into city and state.

The PNY Flash Drive contains 3370 media files from 458 Television Stations in 48 States, Washington DC and National Cable Television Channels. There is one file containing 70 hyperlink files gathered by El Paso County Sheriff's Office Public Information Officer Jacqueline Kirby. These files are links to media on the internet.

PNY Flash Drive was placed into evidence. Item# 761 and Barcode 1157496.

This is a supplemental narrative for EPSO Case No. 2020-00001382, Homicide.

On 2/19/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I received an email from Pam Smith at Colorado State University (CSU). The email contained an attached document related to her investigative efforts for this case. It was a final report of her findings. A copy of the email and the report is attached to this message. I printed the report in a PDF format so it could not be altered. Both the original version of the report and the PDF version are attached. Smith's email message is also attached to this report in PDF format.

END OF REPORT

CASE STATUS: Active

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 19, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB.

Today I conducted follow up on the original case report that occurred at 6627 Mandan Drive located in unincorporated El Paso County, Colorado

CHILD VICTIM

I reviewed video footage from Safeway, 6925 Mesa Ridge Parkway. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #258.

Safeway is located approximately 4.5 miles from the original address of occurrence. During original interviews and phone logs it was noted on 1/28/2020 at approximately 1345 hours Leticia Stauch was possibly in the area of Safeway and the shopping center. There was video footage provided from Safeway from various angles. This business is located in a shopping center near Mesa Ridge Parkway and Fountain Mesa Road in Fountain, Colorado. The camera system outside of Safeway appears to be a nonstop recording system and records 24 hours a day.

The video footage collected was requested for 1/28/2020 from approximately 1345 hours until 1445 hours. The following was observed while reviewing video footage.

Safeway provided video footage from four angles. Three of the cameras were on the north side of the business, showing the front of the store and parking lot. One camera was on the south side of the store, facing the back door and view of Cross Creek Rd.

The camera on the back side of the business facing Cross Creek Rd was grainy and did not provide a clear view of people or cars passing by.

On the front of the business the camera labeled "PL East" was blurry and did not show a clear view of people or cars.

The two other cameras "PL West" and "PL Center" were clear and showed vehicles and people passing by Safeway or walking into.

I watched video through the view of the two clear cameras, which show the front of the business and part of the parking lot. I did not locate any vehicle associated to Leticia or any of the family walking around this area.

Nothing further at this time.

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 19, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB.

Today I reviewed video footage from neighbors' residential cameras related to a missing person case originally taken at 6627 Mandan Drive on 1/27/2020 located in unincorporated El Paso County, Colorado. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #259.

I reviewed video footage from a Vivint doorbell camera system belonging to 6618 Mandan Drive. This address is located across the street and approximately two houses to the west of the original address of occurrence. The Vivint camera from this residence appears to be attached to the westside of the residence, mounted as the doorbell. The camera looks towards the driveway, facing East and has views of surrounding residences including 6627 Mandan Drive. This residence is closest to the intersection of Mandan Drive and Carriage Meadows Drive. The Vivint camera system is activated off a motion sensor and each video clip are approximately 30 seconds long.

The following was observed while reviewing Vivint camera footage. The recordings have dates on them associated to the file copied but time stamps are not visible.

On January 27, 2020, 11 video clips of footage were provided.

- Video clip titled, Vivint-Doorbell-2020-Jan-27-135823, appears to be in the morning with kids going to school. In view of this clip is the Stauch residence. A black SUV and white sedan are parked in the driveway and the red truck is parked on the street in front of the residence.
- Video clip titled, Vivint-Doorbell-2020-Jan-27-152007, shows the white sedan no longer in the driveway at the Stauch residence.
- Video clip titled, Vivint-Doorbell-2020-Jan-27-191433, shows the red truck no longer parked out on the street and out of the area.

On January 28, 2020, 31 video clips of footage were provided. All these videos are at night, the Stauch residence is not easily seen with porch lights off through the night.

- Video clip titled, Vivint-Doorbell-2020-Jan-28-014615, shows the outside lights on at the Stauch residence and the red truck in the driveway. It appears the lights are on and the vehicle is running at this time.
- Video clip titled, Vivint-Doorbell-2020-Jan-28-014808, shows the red truck leaving the residence going west out of the neighborhood. It is unknown who was in the vehicle.
- Video clip titled, Vivint-Doorbell-2020-Jan-28-015419, shows the red truck coming back to the residence.
- Video clip titled, Vivint-Doorbell-2020-Jan-28-035036, shows a silver SUV pull up to the Stauch residence. Nobody is seen getting out of the vehicle.
- Video clip titled, Vivint-Doorbell-2020-Jan-28-050810, shows two vehicles stopped in front of the Stauch residence with their vehicle lights on. One of these vehicles appears to be a marked patrol unit.
- Video clip titled, Vivint-Doorbell-2020-Jan-28-053130, shows an unknown color SUV drives

- by slow turning their hazard lights on.
- Video clip titled, Vivint-Doorbell-2020-Jan-28-061238, shows two vehicles stopped in front of the Stauch residence and a couple other vehicle driving around the neighborhood. It appears one of these vehicles is a marked patrol unit.

CHILD VICTIM

It is unknown at this time if the time stamps to the videos are what are associated to the clip name or not. No other movement is seen from the Stauch residence during the time of when video footage was provided through the Vivint footage.

Nothing further at this time.

On February 19, 2020, I, Detective Jon Price #02034, received a package from Pamela Smith of Colorado State University via FedEx.

The package contained the following:

CHILD VICTIM

- Item #58: Engine Air filter from Kia Rio
- Item #59: Cabin air filter recovered from Kia Rio
- Item #61: Soil debris from wheel well of Kia Rio

Also in the package were:

- Engine air filter from the Tiguan which had not been entered into EPSO evidence. I entered it as item #407.
- Swab of undercarriage of the Tiguan which had not been entered into EPSO evidence . I entered them as item #408.
- Vegetation and debris from undercarriage of the Tiguan which had not been entered into EPSO evidence . I entered them as item #409.
- Insect fragments collected from the Engine air filter of the Kia Rio (Item #58) during processing by CSU . I entered this as item #410.

Attached to each item was a Chain of Custody form. I combined the forms into one item, and entered them into evidence as item #411.

I submitted all the above to the Evidence Custodian.

On February 19, 2020, I, Detective Jon Price #02034, prepared a request for laboratory examination in memo form for the following items:

EPSO item #345 Barcode 1154452: Hair sample collected from [redacted]

CHILD VICTIM

EPSO item #368 barcode 1154487: 1 strand black hair

EPSO item #395 barcode 1154576: Unknown hair

The request is to examine each to determine if it is animal or human in origin. Further, if any item is human, I requested the lab recommend if the sample is appropriate for nuclear and/or mitochondrial DNA testing. I entered the items and their related requests into the Laboratory Information Management System (LIMS).

I went to the EPSO Evidence Facility where I signed out items #368 and #395 from Evidence Technician Christina Cervantez. She told me item #345 was not checked into the evidence facility.

I transported the items to the Metro Crime Lab where I transferred the custody of them to Analyst Beck Strub. Analyst Strub confirmed the Metro Crime Lab has possession of item #345, and has already performed analysis of it. It was delivered directly to the lab by Detective Sirois. It was not packaged and did not have a barcode label attached as the request for examination was urgent. Analyst Strub provided a copy of the receipt signed by Detective Sirois and Analyst Manogue on 2/14/20. She also provided a receipt for the two items I delivered.

The request memo and chain of custody documents are entered into evidence as item #417.

CHILD VICTIM

Initial Information

On Wednesday February 19, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, followed up with several financial institutions, including Synchrony Bank, Bank of America, USAA, and PayPal. I received further communication from Michelle Fox, who had again spoken with Letecia by phone. I also attempted to collect video from the KFC in Falcon, per the request of Colorado Springs Police Department (CSPD) Detective Chris Mace, but was unsuccessful. Additionally, I tried to follow up with Subway again regarding the purchases on [REDACTED] debit card for January 27.

Synchrony Bank Follow Up

I called Synchrony Financial Bank employee **Sandra Roberson**, to inquire about the status of my court order request. Ms. Roberson said she had responded to my request back on February 6th and was surprised that I had not received the email she sent. She confirmed my email address, which was correct. She stated she would resend the response immediately. I received the response from her by email at 1025 hours. The email contained a link to a secure document-sharing internal website. The production included 5 files.

File 1-A copy of the court order I had emailed and faxed.

Bank of America Follow Up

On this date at approximately 1000 hours, I called Bank of America and spoke to employee Mark. He advised Bank of America had not received either COPR I had mailed on February 4 or February 11. I asked him if I could fax it or email it. He provided fax number [REDACTED], to which I refaxed the most recent COPR signed on February 11 at 1006 hours. The fax went through. I called Bank of America again at 1430 hours to confirm the fax had been received. I spoke to a female employee who stated it had not yet been uploaded. I asked for a fax number I could send it directly to her, or an email. She provided fax [REDACTED]. I sent the fax to that number at 1502 hours and the fax went through. I called again at 1645 hours to confirm the fax had been received and learned it had. Bank of America refused to provide any information over the phone or by email, and advised I would have to wait for the legal order processing team to provide documents to me.

USAA Follow Up

On this date I received an email from USAA Federal Savings Bank employee Julia Pugh containing a spreadsheet update for transactions that occurred February 17 and 18. The spreadsheet identifies purchases using cards * [REDACTED] (Letecia) and * [REDACTED] ([REDACTED]). All purchases appear to be local (Myrtle Beach, SC), including Zaxby's, Glamour Nails, Wal-Mart, Starbucks, Panera Bread, Chick-Fil-A, Smartstyle, Target, Ollies Bargain Outlet, Kroger, and Dollar Tree. The only exception is a \$60 transfer from PayPal. See attachment "USAA Update 2-19-20."

PayPal Follow Up

I received an email from Calum Morgan with PayPal containing a secure link to the records production reference my most recent court order request. The documents contained in the internal document sharing website were 26 documents (activity and transaction logs, as well as account information records and Venmo account records). The records contained the following information:

- Account # [REDACTED] -no transactions
- Account # [REDACTED] -Associated with [REDACTED]

Follow up with Michelle Fox

I received an email from Michelle Fox reference her conversation with Letecia Stauch. She had continued to talk with her via Facebook since Sunday the 16th. She forwarded 21 screenshots of text conversation and provided two videos of recorded audio conversation (approximately 6 minutes total, the conversation is broken in between the videos).

The audio conversation does not provide any important information. Letecia talks about not “owing anyone an explanation” and “helping find [REDACTED]” Letecia also claims her account was hacked, and that she has been harassed on social media by “the community.” Michelle mentions trying to come up with reward money. Letecia suggests \$10-15,000 for a reward amount.

In the text message content, on the 16th Letecia pretends her account got hacked and claims someone with the phone company learned [REDACTED] was taken to Mexico. She refers to herself as “Tee,” and “evil bitch.” On the 19th Letecia says she just took a polygraph but would not provide the “agency” she took the polygraph with. (See attachment “Screenshots 2-19-20”)

Video at Falcon KFC

At 0900 hours I took part in a joint-agency meeting, during which I met with CSPD Detective Chris Mace. He requested assistance collecting video from the KFC in Falcon, Colorado, because Letecia’s cell phone connected to the wifi at that location on January 28, 2020 between 1927 and 1956 hours. Detective Mace advised he had previously met with the supervisor there, who told him they had a Lorex surveillance system, but she did not know how to view or download the video. Detective Mace also advised he had called Lorex and was told by the company they would be able to remotely preserve or provide available video. He provided reference number #01158029.

I called Lorex and was told they needed to know the DRV model and serial number to assist. I responded to the KFC (7384 McLaughlin Rd, Falcon, CO). I met with the manager Vanessa She [REDACTED] allowed me to access the camera system. I called Lorex and provided them the model and serial number of the unit. While viewing the camera system, I could see there were supposed to be approximately 8 cameras hooked up. All of the cords were plugged in correctly, but the cameras

were not recording anything and only provided a black screen and only intermittent recordings. There were no recordings on January 28, 2020, other than short, 30-second to 60-second black screen/no-audio recordings. The timestamp on the camera system appeared to be correct. The video recordings for the 28th were marked as having occurred between 0030 and 0100 hours, and then again around 1100-1200 hours. There was an error message on the settings for the system which indicated the network was not connected and “video disconnected error.” The cords to the cameras themselves ran through the ceiling, so I was unable to verify the connection to the cameras or the network. Lorex was not helpful in troubleshooting the issue and could not provide any information.

Subway Follow Up

I went to Subway at 2878 N Powers Blvd in Colorado Springs again to try to speak with the manager, Megan. She was not available so I left my business card with employee Macey, who said she would provide it to manager Megan.

Evidence

On this date I entered the following items into evidence:

Item #414-CD of USAA Bank update, PayPal production, and Synchrony production

Item #415-CD of emails/video/photos from Michelle Fox of conversation with Letecia Stauch

Tuesday, February 25,

On Thursday February 20, 2020, at approximately 1330 hours I, Detective David Glenn Jr., of the El Paso County Sheriff's Office Criminal Investigations Division, conducted follow up on this case. I assisted the El Paso County Search and Rescue Team with a search of 1068 Noe Road in Douglas County, Colorado.

The Search and Rescue Team deployed two dogs to track the area for any scent related to this investigation with negative results.

At approximately 1435 hours, Bruce Thomas, DOB: [REDACTED], arrived on scene to allow access to the interior of the residence and its' two outbuildings. The residence and outbuildings appeared to be secure with no signs of forced entry and there was nothing inside any of the structures on the property.

CHILD VICTIM

I reviewed video footage from Snack Shack, 8005 Fountain Mesa Road. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #301.

Snack Shack is located approximately 4.8 to 5 miles from the original address of occurrence. During original interviews and canvasses with businesses it was notated that on 1/27/2020 at any time around 1230 hours to 1400 hours Leticia Stauch was with [REDACTED] at Song's Barbershop to trim up his recent haircut. Video footage was collected from nearby businesses in the shopping center near Fountain Mesa Road and Cross Creek Rd. The camera system at Snack Shack appears to be motion activated.

The video footage collected was requested for 1/27/2020 from approximately 1230 hours until 1400 hours. The following was observed while reviewing video footage.

Snack Shack provided video clips from outside of their business. The camera is mounted to the wall on the exterior of the business on the north side. The camera has views to the northwest, including the parking lot shared with Song's Barbershop. There were 82 video clips provided, ranging from 2 second videos to 2-minute videos each. There were some video clips that were missing around 30 seconds to a minute of footage due to the motion sensor. I did not observe Leticia, [REDACTED] or any of their associated vehicles pull into the parking lot during this time.

Nothing further at this time.

I reviewed video footage from Vapor Source, 8027 Fountain Mesa Road. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #300.

Vapor Source is located approximately 4.8 to 5 miles from the original address of occurrence. During original interviews and canvasses with businesses it was notated that on 1/27/2020 at any time around 1230 hours to 1400 hours Leticia Stauch was with [REDACTED] at Song's Barbershop to trim up his recent haircut. Video footage was collected from nearby businesses in the shopping center near Fountain Mesa Road and Cross Creek Rd. The camera system at Vapor Source appears to be a nonstop recording system and records 24 hours a day.

The video footage collected was requested for 1/27/2020 from approximately 1230 hours until 1400 hours. The following was observed while reviewing video footage.

Vapor Source provided 1 one-hour video recording from inside of the business and 1 one-hour video recording from outside of the business. Neither video had a time stamp on the time frame of the video provided.

The first video provided titled, Fountain-Cam01_20200127_123000_20200127_143000_ID_0000_0001, was one hour long and a view from outside of the business. This camera is mounted to the wall of the business and has a view of the parking lot and front entrance to the southwest. Song's Barbershop is one business to the north of Vapor Source, there are approximately four business in the row in the one building. Each business has its own address clearly labeled at the door. The video is grainy and does not show a clear view of license plates, but vehicles can be seen. After reviewing nearby businesses video, it appeared the timestamp from this video was from approximately 1217 hours until 1317 hours. I did not observe Leticia, [REDACTED] or any of their associated vehicles in the view of this video.

The second video provided titled, Fountain-Cam03_20200127_123000_20200127_143000_ID_0000, was one hour long and a view from inside of the business. This camera appears to be mounted to the ceiling inside of the business and has a view to the west and part of the parking lot. This view is visible right up to the shared wall with Song's Barbershop. The view from this camera is grainy, the business has window decals and bars on the windows making it hard to see the movement outside. The hour video from inside of the business did not appear to match up with what was recorded outside. It is unknown what time this recording was done at. I did not observe Leticia, [REDACTED] or any of their associated vehicles in the view of this video.

Initial Information

CHILD VICTIM

On Thursday, February 20, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

I was informed the seizure warrant for 6627 Mandan Drive, El Paso County, Colorado was nearing its seizure time and needed to be reissued. This is due to new evidence being discovered each day during our investigation.

A separate warrant needed to be obtained to allow for further items of relevance in this case to be searched for and if found removed from the home. These items included [REDACTED] eco dot, any camel backs located in the home, Epson salts, medications, and wood matching the piece found previously with [REDACTED] blood in the Larkspur area.

Mandan Drive Seizure Warrant (20-596)

At approximately 2:45 pm, I appeared in the Office of Honorable Judge Laura Findorff. Judge Findorff reviewed the search warrant for information regarding:

6627 Mandan Drive, Colorado Springs, CO 80911, a single family residence located in El Paso County, State of Colorado. This residence is a single story with an attached two car garage, cream color with white trim and brown bricks. There is a pillar located on the west side of the front entry way with the numbers "6627" in black. The residence faces north and sits on the south side of the street.

This is for seizure of the Stauch family residence.

At approximately 2:59 pm, Judge Findorff approved and signed the warrant.

At approximately 3:15 pm, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-596.

The warrant was provided to Detective Jon Price to execute.

The residence faces north and sits on the south side of the street.

This is for further processing of the Stauch family residence.

At approximately 3:03 pm, Judge Funderf approved and signed the warrant.

At approximately 3:15 pm, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-595.

The warrant was provided to Detective Jon Price to execute.

Officer Note

It was later noticed the warrants from this date were signed by the judge with the incorrect date but are stamped with the correct date.

AT&T Return information

During the day I received an email from AT&T advising search warrant #20-537 had been processed. AT&T provided records for [REDACTED], this is Ms. Deborah Locklear's cellular phone. The records were missing location data that was provided later by AT&T.

The data was placed onto the Investigations secure server for further processing.

Verizon Return information

During the day I received an email from Verizon advising search warrant #20-539 had been processed. Verizon provided records for [REDACTED], this is Mr. Dakota Lowry's cellular phone.

The data was placed onto the Investigations secure server for further processing.

CHILD VICTIM

This is a Supplement to Case # 20-1382
2020

Tuesday, February 25,

On Friday February 21, 2020, at approximately 0800 hours I, Detective David Glenn Jr., of the El Paso County Sheriff's Office Criminal Investigations Division, spoke with Detective Sergeant Rosario Hubbell, who told me someone contacted Detective Nickolas Brklich about information she left on the El Paso County Sheriff's Office tip line during the previous day. Detective Sergeant Hubbell indicated the person, later identified as Nicole Mobley, DOB: [REDACTED], had been in recent contact with Letecia Stauch and had information she believed was important to this investigation.

At approximately 1000 hours, I spoke with Nicole on the telephone and she explained she lived in the same neighborhood as Letecia and joined a www.Facebook.com group supporting her after [REDACTED] went missing. Nicole stated Letecia recently asked her to download a smartphone app called, textPlus, so that they could communicate in private.

Nicole indicated she downloaded the textPlus app and continued to correspond with Letecia. After Nicole and Letecia began communicating over the textPlus app Letecia asked if Nicole was willing to make a false report to law enforcement stating she saw [REDACTED] walking through the Lorson Ranch Neighborhood with an adult male carrying a suitcase on the night of his disappearance.

I asked Nicole if she was available to come to the Office of the Sheriff OTS, located at 27 East Vermijo Avenue in Colorado Springs, Colorado, for an interview later that day. Nicole said she was on her way to an appointment in Denver, Colorado, but she would be available sometime in the afternoon and would contact me when she returned to Colorado Springs.

I ended my telephone call with Nicole and arranged for Federal Bureau of Investigation Special Agent Jon Beutelschies to assist me with the interview.

At approximately 1400 hours, Nicole arrived at the OTS.

At approximately 1415 hours, Special Agent Beutelschies and I interviewed Nicole in Interview Room #4 which was equipped with audio and video recording equipment.

During the interview Nicole signed a waiver allowing Detective Stefan Hare to download the contents of her cellular phone. I gave the waiver to Detective Hare, along with Nicole's phone. See his supplement for more information.

A copy of the interview in its entirety will be transcribed and attached in a separate supplement.

A digital copy of the recording was transferred to a compact disc and entered into evidence as Item #475.

This is a supplement to El Paso County Sheriff's Office case 20-1382.

Initial Information

CHILD VICTIM

On 2/21/20 at approximately 1100 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), was tasked by Sergeant Hubbell/07050 to seize a silver 2020 Nissan Altima sedan bearing Colorado plates OMW400 (VIN [REDACTED]) from Enterprise Rent-A-Car located at 24530 East 78th Avenue in Denver, Colorado 80249. The vehicle was possibly previously driven by Letecia Stauch, and there was a likelihood it contained evidence.

Search Warrant 20-603

I prepared a search warrant for seizing the vehicle from that location, where it was being returned to later in the day. Deputy District Attorney Jennifer Viehman signed a request for sealing the warrant. At about 1200 hours, I arrived at 270 South Tejon Street (El Paso County Combined Courts), and presented the warrant to Judge Frances Johnson (Division 24), and she reviewed it and swore me to the facts of it before signing it at approximately 1205 hours.

I took the warrant to court records staff, who assigned it number 20-603. The signed warrant is attached digitally to this report.

Seizing of Altima

At approximately 1330 hours, Walker Sears, a risk manager with Enterprise, contacted me and told me the vehicle had arrived from the previous renter, and he placed it at the exit gates for the facility. I arrived at about 1440 hours and provided Walker with a copy of the search warrant. He gave me keys to the vehicle.

I took overall pictures of the external of the vehicle, but did not process the inside at all.

Bob's Towing arrived on scene at about 1600 hours, and I followed the tow truck back to EPSO's Evidence Facility where I locked the vehicle in the front vehicle lot at about 1900 hours. The impound was done under I-62.

Evidence

I entered the vehicle into evidence, identified as item 445.

I entered the photographs of the external of the vehicle into evidence, identified as item 446.

Supp 30

On Friday, February 21, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

At approximately 1:00 pm, I conducted a walk through of 6627 Mandan Dr. with [REDACTED]. The purpose of the walk through was for me to take notes of any missing items. I noted what was missing from each room as [REDACTED] reported it to me. The following is what was noted:

[REDACTED] Room

- TV has been moved from [REDACTED] room to [REDACTED] room. This was done before [REDACTED] left for training.
- A green and white comforter that was in the corner of the room is not normally kept in [REDACTED] room and belongs in the master bedroom.
- A white, collapsible hamper with a lid is missing from the room.
- The Broncos trashcan from the upstairs bathroom closest to [REDACTED] room was in her room.
- The table in the corner to the right side of the TV stand (as you face it) was normally on the other side of the TV stand.

Upstairs Bathroom closest to [REDACTED] room

- Nothing missing other than the trash can that is in [REDACTED] room

Closet by the upstairs bathroom closest to [REDACTED] room

- Nothing abnormal

Front closet closest to front door

- Nothing missing. Primary closet for [REDACTED] clothing
- 1 Blue and 1 pink Camel Bac located still contained liquid. Blue identified as [REDACTED] pink identified as Mrs. Stauch's or [REDACTED]

Shelf in entry hallway next to kitchen

- [REDACTED] reported Mrs. Stauch removed all of his photos from the shelf and put them in the master bedroom closet.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

Kitchen

- Multi-colored wooden cutting board, handcrafted by [REDACTED] missing. Is square and approximately 10 inches by 10 inches
- Black handled steak knife from knife block missing.
- Scissors belonging to knife set missing
- No pedipops were located. Mrs. Stauch reported she provided [REDACTED] with pedipops for his constipation.
- Mrs. Stauch's medications were gone from the medicine cabinet. (she had previously collected her and [REDACTED] items from the home)

Livingroom

- iPad in white case (initially thought to be missing, but was later located by Sgt. Hubbell)
- black tablet (initially thought to be missing but was later located by Sgt. Hubbell)

Pantry

- White and grey colored broom was not in the pantry. Was later located in the garage.

Master Bedroom

- [REDACTED] noted Mrs. Stauch's belongings were collected from the room and connected bathroom. He added new bedding was purchased for him by a friend.

Laundry Room

- Nothing missing

Garage

- A green footlocker type storage tote was moved from its normal position next to a shelf with military gear.
- A blue tub was moved to the middle of the garage
- [REDACTED] thought it was possible a long, wooden handled round tipped shovel was missing. He mentioned the handle was weathered wood and he could not recall if he left the shovel in Alaska.
- [REDACTED] noted his hand saws were not in the appropriate place. They were left lying on the work bench in the garage as opposed to being hung up like they normally are.
- A black bag, which belongs to the wet/dry vacuum in the garage was on top of the table in the

garage as opposed to on the vacuum.

- The wet/ dry vacuum was used and the cord was not put away like it normally is stored. It was missing several attachments and an extra hose. All attachments and the hose were black.
- A can of fast drying polyurethane was on the rack with military gear and not next to the other wood sealant [REDACTED] uses.
- [REDACTED] noted a silver handled utility knife was missing from his work bench area.

Downstairs Livingroom

- A "Duke" blanket was missing
- Two black 3-5 lb weights which belong to the Peleton bicycle were missing (EPSO collected one weight. According to [REDACTED] the other has been missing for approximately 2 weeks prior to 2/21/2020.)
- Watermelon blanket is missing

[REDACTED] Room

- [REDACTED] room cleaned out.

Utility Room

- Bass brand, brown coat missing from garment box in utility room.
- Large green suitcase missing from utility room. [REDACTED] reported he was not sure if the suitcase was thrown away or not during previous cleanings of the house.

Storage room under stairs

- [REDACTED] did not recall the totes being under the stairs

[REDACTED] Room

- [REDACTED] could not tell what was missing or not missing. The room had been searched by the crime lab and items had been removed for evidence including portions of the wall and carpet along with [REDACTED] bed and mattress.

I passed the information I learned onto Sgt. Hubbell. Sgt. Hubbell and a team of detectives conducted a search of the house for additional evidence after my walk through with [REDACTED] was not present for the search or the briefing after the walk through. The list of missing items was compiled and given to Lt. Manzanilla and Lt. Mihalko to assist them with physical searches. [REDACTED] Sheriff's Office

On Friday, February 21, 2020, at approximately 1:07 pm, I, Detective Jon Price #02034, assisted with the execution of Search Warrants #20-595 and #20-596 at 6627 Mandan Drive. Detective Sergeant Rosario Hubbell was present as were CSI's Brooke Havko and Robert Zaleski. The full documentation of the search can be found in Metro Crime Lab Report #20MCL167.

CHILD VICTIM

I searched the garage for the corner of the particle board broken off of the piece recovered from Hwy 105. I was unable to locate it. I found three hand planes and one powered planer tool which I pointed out to CSI's Havko and Zaleski to examine.

I removed and searched boxes, bags and items from the storage/furnace room. I did not locate any items of evidential value. I observed as CSI's Havko and Zaleski processed the empty storage/furnace room with BlueStar. There were multiple positive reactions for blood on the concrete floor. These reactions formed a path from the door to the corner of the room where the sump pump is located. The terminus of the path is where the large piece of cut carpet was located when room was searched with items in their original positions.

I removed and searched the boxes and items in the storage closet underneath the staircase. I did not discover any items of evidential value. CSI's Havko and Zaleski processed this area with BlueStar, but did not obtain any positive reactions for blood.

I composed the scribe sheet for the search. The following items were collected:

1. The residence
2. Echo Dot from [REDACTED] room
3. Prescription medications
4. Biological samples
5. Photographs
6. Baby shoe with stain
7. Plastic storage box with stains
8. 2 iPhone boxes
9. 2 Camelback bags
10. Wallet from top of [REDACTED] chest of drawers
11. 2 hand saws with stains
12. Black android tablet IMEI [REDACTED]
13. iPad serial # [REDACTED]

At approximately 8:45 pm, I began receiving text messages from Mrs. Landen Hoitt. Photos were taken of the messages and entered into evidence as item #468. The following is a synopsis of the texts.

At approximately 8:45 pm, Mrs. Hoitt stated "Tecia said mike was dead? Prob another lie but I have not been able to reach him nor his sister". The information Mrs. Hoitt received about Mike (Michael Hoitt, Landen's husband) being deceased supposedly came from a reporter that Mrs. Letecia Stauch contacted.

I conversed with Mrs. Hoitt and attempted to gather information about Mr. Hoitt's last known location and contact information. She stated Mr. Hoitt was seen around her home the Friday before [REDACTED] went missing and is never in that area. Mrs. Hoitt told me Mr. Hoitt would never hurt [REDACTED] but would hurt her to get at her. Mr. Hoitt was not in jail and Mrs. Hoitt was not able to get in touch with him. I told her EPSO would look into the matter.

I passed the information I learned onto Sgt. Rosario Hubbell. He informed me he would speak with FBI agents in South Carolina and file a missing persons case with local authorities in South Carolina if he was not able to locate Mr. Hoitt. (See Sgt. Hubbell's supplement).

On February 24, 2020, I, Detective Jon Price #02034, participated in the following investigative activities:

At approximately 7:30 am I visited the EPSO Evidence Facility. I accessed the 2020 Nissan Altima bearing Colorado license plate OMW400 / VIN [REDACTED] which was seized under Search Warrant #20-603. I arranged for the Altima to be towed by Bob's Towing to the Enterprise Rent a Car's refurbishment facility at the Colorado Springs Airport, 7770 Milton E. Proby Parkway.

FBI Special Agent Stephen DeFrance administered a "scent line-up" which was conducted by three separate cadaver dog teams. The dogs performed a sniff search of the Altima and four other similar vehicles. The identity of the target vehicle was not revealed to the dog handlers. No dog made a trained final indication on the target Altima. This search was conducted under the scope of Search Warrant 20-603.

After the line-up was complete, I made arrangements for Bob's Towing to return the Altima to the Evidence Facility where I secured it in the south yard.

During the afternoon, the same three dogs performed sniff searches of the Tiguan, Jetta, Frontier, and Kia Rio which were at the Evidence Facility. The results were inconclusive.

Please reference FBI case ID #7C-DN-3228727 for complete details and results of the scent line-up.

The search of these four vehicles was done under the scope of the four following Search Warrants:

20-614 Jetta

20-615 Kia

20-616 Frontier

20-617 Tiguan

I ensured a copy of each Search Warrant was left inside each respective vehicle. Members of the FBI's Evidence Response Team collected a soil sample from the undercarriage of the Kia. I listed "soil sample" as an item collected on the copy of this warrant.

On February 25, 2020, at approximately 10:05 am, I, Detective Jon Price #02034, received a phone call from a Jeanette Dietrich DOB [REDACTED] of Scottsbluff, Nebraska. She called to report seeing [REDACTED] at an Arby's restaurant in Scottsbluff, NE on February 8, 2020.

The Arby's is at 601 W. 27th Street in Scottsbluff. Mrs. Dietrich was dining there between 1:30 and 2:00 pm. She observed a male child who looked very similar to [REDACTED]. This child was accompanied by two adults, and was causing a disturbance. He was yelling something to the effect, "Please help, they are going to hurt me." The three involved persons left in a white jeep which was bearing Nebraska license plate 21-K173.

The Scottsbluff Police Department was called due to the disturbance, and contacted the Jeep approximately one block from the restaurant. The disposition of their activities are unknown.

Mrs. Dietrich described the female as being in her mid-thirties, unknown race. She had long, dark hair. Mrs. Dietrich was unable to describe the adult male accompanying the child. She could only describe the child as wearing blue jeans and as being similar in appearance to [REDACTED].

There is a manager at the Arby's name Tara who also witnessed the incident.

Mrs. Dietrich had no additional information.

Initial Information

CHILD VICTIM

On Tuesday, February 25, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Text Plus Warrant (20-642)

At approximately 10:15 am, I appeared in the Office of Honorable Judge Karla Hansen. Judge Hansen reviewed the search warrant for information regarding:

Textplus.com, 13160 Mindanao Way Suite 217, Marina Del Ray, CA 90292 for accounts associated to:

[REDACTED]

This account belongs to Ms. Stauch and has been used to contact individuals regarding this case.

At approximately 10:22 am, Judge Hansen approved and signed the warrant.

At approximately 10:28 am, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-642.

As of the date of writing this supplement (3/12/2020) Textplus has not provided any return information. They have also been contacted several times regarding this information and has not returned emails or phone calls.

Mandan Drive Warrant for Items (20-658)

At approximately 6:00pm, I contacted the On-Call Duty Judge, Judge Robin Chittum. Judge Chittum reviewed the search warrant for information regarding:

6627 Mandan Drive, Colorado Springs, CO 80911, a single family residence located in El Paso County, State of Colorado. This residence is a single story with an attached two car garage, cream color with white trim and brown bricks. There is a pillar located on the west side of the front entry way with the numbers "6627" in black. The residence faces north and sits on the south side of the street.

This is for further processing of the Stauch family residence.

At approximately 6:45 pm, Judge Findorff approved and signed the warrant.

The warrant was turned into the Court Clerk for further processing via email by Judge Chittum.

CHILD VICTIM

On 02/25/2020 I received a cellular search waiver signed by Nicole Mobley. I took photographs of this device and specifically photographs of the Text plus application. I attempted to perform a logical extraction of this device but was informed her phone would be needed for an interview. I stopped the logical extraction, and copied the files obtained to optical media. I placed these files into the El Paso County Sheriff's Office Evidence Facility under item #478. I placed the signed waiver under item #479.

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 25, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB.

Today I conducted follow up on the original case report that occurred at 6627 Mandan Drive located in unincorporated El Paso County, Colorado

CHILD VICTIM

I reviewed video footage from UC Health Emergency Room, 7890 Fountain Mesa Road. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #342.

UC Health is located approximately 4.2 miles from the original address of occurrence. During original interviews and review into the case Leticia would have been passing through this area on 1/28/2020 around 1400 hours. The video footage collected was requested for 1/28/2020 from approximately 1345 hours until 1445 hours. The following was observed while reviewing video footage.

UC Health provided video footage from four cameras on the property;

- Video titled, 13-45-00_amb, faces towards the east with a partial view of traffic passing by on Fountain Mesa Road. The footage focuses more on the ambulance parked in the bay.
- Video titled, 13-45-00_front 1, is mounted on the north side of the building. The camera covers view of the north side of the parking lot and a view east of some traffic on Fountain Mesa Road.
- Video titled, 13-45-00_side 2, is mounted on the north side of the building. The camera has a view of some traffic passing through nearby businesses and Mesa Ridge Parkway.
- Video titled, 13-45-00_side 3, is mounted on the south side of the building. The camera has a view to the southwest. Some of the traffic passing through Walgreens is visible.

Each camera has video approximately one hour long.

I was not able to locate any of the vehicles associated to this case passing by the area. Footage out to the main roadways was not clear enough to identify vehicles. I did not see any of the associated vehicles pass by the area of UC Health or Walgreens.

Nothing further at this time.

CHILD VICTIM

I reviewed video footage from University Village Shopping Center, 5262 N Nevada Ave. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #299.

University Village is located approximately 23 miles from the original address of occurrence. During original interviews it was noted on 1/27/2020 at approximately 1110 hours and 1315 hours, Leticia Stauch was in the area of this shopping center. The video footage reviewed shows a 4- way stop inside of the shopping center, west of Nevada Ave and Eagle Rock Rd. Video surveillance from this area appears to be non-stop recording and records 24 hours a day.

The video footage collected was requested for 1/27/2020 from approximately 1130 hours to 1340 hours. The time stamps and dates were visible on the footage provided. The following was observed while reviewing video footage.

Video one titled, 11295804, showed surveillance from 1130 hours to 1150 hours. I was not able to locate any people or vehicles associated to this case.

Video two titled, 13201404, showed surveillance from 1320 hours to 1340 hours. According to the time stamp; at 13:27:38 hours to 13:27:52 hours, the red Nissan is seen driving through the intersection. The Nissan is driving east towards Nevada Ave. It is unknown who was in the vehicle.

Nothing further at this time.

On February 25, 2020, I, Detective Jon Price #02034, was contacted by Detective Sergeant Rosario Hubbell. Reference the two CamelBack bags recovered from the hall closet at 6627 Mandan Drive, he directed me to have the liquid contents of each tested. He stated there is a possibility [REDACTED] was poisoned by Epsom salt and/or prescription medications dissolved in the liquid.

CHILD VICTIM

I contacted the laboratories of both the Colorado Bureau of Investigation (CBI) and the Metro Crime Laboratory (MCL). I learned neither has the capability to test for Epsom Salt (Magnesium Sulfate). Such testing would require the use of a private laboratory.

Both labs are, however, able to test for the presence of drugs. The Metro Crime Lab was able to complete this testing in a more timely manner than CBI, and I selected MCL to conduct the testing. I spoke with MCL Chemist Daniel Gammie via telephone. We discussed the purpose and reasoning behind this request.

I contacted CSI Robert Zaleski via telephone. He told me the CamelBack bags have been labeled as MCL Evidence item #4269 SW 6-07.

I spoke with CSI Brooke Havko, who still had custody/control of these items. She agreed to deliver them directly to Chemist Daniel Gammie.

I entered a request for processing into the Laboratory Information Management System (LIMS).

CHILD VICTIM

Initial Information

On Tuesday February 25, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, received updated information from USAA and Wells Fargo. I also got a call from Bank of America reference my request. I also sent a court order to Zelle (aka Early Warning Services).

USAA Follow Up

On this date I received several emails from USAA Federal Savings Bank employee Julia Pugh containing spreadsheet updates for transactions that occurred February 19 through 24. The spreadsheets identify purchases using cards * [REDACTED] (Letecia) and * [REDACTED] ([REDACTED]). All purchases appear to be local (Myrtle Beach, SC), including Zaxby's, Kroger, Panera Bread, Circle K, and Logan's Roadhouse, with the exception of two purchases: one at "bigbigwig" in London, and one at Robeson County, NC Register of Deed Vitals. The last purchase indicates Letecia likely ordered two certified copies of either birth, death, or marriage records. See attachment "USAA Update 2-21-20," "USAA Update 2-24-20" and "USAA Update 2-25-20."

Wells Fargo Follow Up

I received updated records from Wells Fargo via email. The updated records unredacted the statement previously provided. The transactions that had been redacted were:

2/11 Interest payment of 0.01

2/11 Monthly Service Fee of \$15.00

Ending balance \$1011.30

Court Order to Zelle

Based on the activity observed in the Wells Fargo Bank account, which I could not find mirrored in any other known financial accounts, I issued a court order to Zelle, which is operated by Early Warning Services.

At approximately 1435 hours, I presented to the Honorable Karla Hansen in Division 12 of the El Paso County Courts a court order for the following:

Scottsdale, AZ 85260, to order the production of records relating to any accounts for Letecia Stauch, [REDACTED] and all Zelle reference numbers provided by Wells Fargo, from 1 June 2019 to current date.

CHILD VICTIM

Judge Hansen reviewed the court order and signed it without change. I also presented a request and order to seal the court order, signed by DA Oliver Robinson. The court order was submitted to the court records office, 20-650.

Bank of America Follow Up

I got a call from Bank of America (ph [REDACTED]), advising they will try to produce the records I requested by Friday, February 28.

Evidence

On this date I entered the following items into evidence:

Item #481-CD containing USAA updates and Wells Fargo updates

I forwarded all information to FBI Special Agent Cally Evanoff via email.

Amatrita Yanez Interview

At approximately 1100 hours, I interviewed Amatrita Yanez at the Office of the Sheriff, located at 27 E Vermijo Avenue in Colorado Springs, Colorado. The interview was conducted in Interview Room #4 which was equipped with audio and video recording equipment.

During the interview, Amatrita explained she joined a Facebook group titled, Tee Stauch Support Group, that was created in support of Letecia Stauch. After joining the group, Amatrita began communicating with Letecia and maintained daily interactions with her via Facebook and Instagram.

On February 25, 2020, Letecia asked Amatrita to post information on Facebook indicating [REDACTED] was not [REDACTED] biological father and that there was a possibility [REDACTED] biological father was in the Lorson Ranch area during the time of [REDACTED] disappearance. Amatrita said she was uncomfortable with following through with Letecia's request and decided not to post the information.

Amatrita said she noticed a new user named Victoria Michelle who joined the Tee Stauch Support Group and posted the same information Letecia asked Amatrita to post. Amatrita later confirmed with the administrator of the Tee Stauch Support Group Letecia was using the Victoria Michelle username to interact with other users in the group.

Amatrita indicated the user, Victoria Michelle, hosted a question and answer session with other users while stating she was an investigator who had intimate knowledge of the investigation of [REDACTED] disappearance during the evening of February 25, 2020.

Amatrita emailed me digital screenshots of the question and answer session. I transferred the screenshots to a compact disc and entered them into evidence as Item #485.

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On February 26, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB.

Today I reviewed video footage from Enterprise Rent A Car related to a missing person case originally taken at 6627 Mandan Drive on 1/27/2020 located in unincorporated El Paso County, Colorado. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #476 and #477.

I reviewed video footage from Enterprise; 421 N Chelton Road Colorado Springs 80909. Enterprise, 24530 E 78th Ave Denver 80249. These Enterprise locations are associated to and located by Colorado Springs intersection Platte Ave and Chelton Rd and Denver International Airport.

The following was seen while reviewing footage from Denver Enterprise;

Video was provided on 1/30/2020 per the timestamps at approximately 10:55:55 through 11:11:30 for the entry line. This video shows several people waiting in line and at the counter renting vehicles. At approximately 10:56:16 hours, family members of Leticia Stauch are seen getting into line. Her mother and brother were identified as renting the vehicle. Her mother was seen wearing a black jacket, grey and black shirt, a scarf and glasses. Her brother was seen wearing a black Columbia hat, black shirt, and tan jacket.

At 11:05:13 hours, one of the females is seen walking up to the desk to rent the vehicle, Leticia's brother is in the background on the phone, and a third female wearing a grey jacket, jeans with black hair sits by the brother.

At 11:11:16 hours, all three of them are seen walking outside.

At approximately 11:18:40 hours, the vehicle that was rented is seen leaving the exit booth of the Enterprise. A silver Nissan sedan displaying Colorado plate OMW400, exits the parking lot. The vehicle was occupied by three people.

On 2/1/2020 at approximately 13:09:30 hours, the Nissan is seen being returned to Denver International Airport. The vehicle was occupied by Leticia's brother, her mother and another female. After dropping off the vehicle all three of them are seen walking towards the bus and getting on the bus around 13:17 hours. The following items and luggage's were seen coming out of the vehicle and going onto the bus; one white purse, one red roller suitcase, one roller pink suitcase, one white and gray purse, and one small brown roller luggage. All of these items appeared to be the same as the luggage that flew with the individuals into DIA.

The following was seen while reviewing footage from Colorado Springs Enterprise. Video footage provided from this location did not have associated time stamps;

At an unknown time, the Nissan rented in Denver is seen pulling into the parking lot of Enterprise. The family members from DIA, Leticia Stauch, and [REDACTED] are seen getting out of the Nissan.

At an unknown time, all of the family members are seen walking into the lobby of Enterprise in

Today I conducted follow up on the original case report that occurred at 6627 Mandan Drive located in unincorporated El Paso County, Colorado

CHILD VICTIM

I reviewed video footage from 6691 Mandan Drive. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #346.

6691 Mandan Drive is located approximately 6 houses to the west, on the same side of the street as the original address of occurrence. This residence has a camera mounted above the garage and a doorbell camera through Vivint. Five video clips were provided from this residence. The cameras to this residence are motion sensed and do not record all the time.

- Video one titled, Driveway Camera 20200127 1515, is mounted above the garage and has views of addresses to the east and across the street. This video was 5 minutes long and did not provide any new information or movement from the original address of occurrence.
- The remaining four videos were approximately 30 second video clips from the doorbell. The view from this camera shows the front door and a couple houses across the street. Nothing was located in any of these clips with information in reference to the original address.

CHILD VICTIM

Initial Information

On Wednesday February 26, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, met with several other detectives currently assigned follow up tasks with this case. I learned that information relating to Letecia's use of [REDACTED] phone was important to the case. I had previously spoken to Leslie Hicks with Academy School District 20, who had unwittingly told me she called [REDACTED] phone number [REDACTED], because Letecia had given it to her as an employment reference, allegedly for a Connie Huddle. However, when Ms. Hicks called the number, she saw the caller ID come up as "[REDACTED]" and heard children in the background. She asked if she was speaking to Letecia and the female speaking to her pretended to be "Connie" and quickly made an excuse to hang up. I did further research into this contact.

Research into [REDACTED] Phone Records

I reviewed [REDACTED] Cellebrite report and noted that there were no incoming or outgoing calls captured after 12/16/2019. This is likely indicative of information having been manually deleted.

I then checked the records received from AT&T reference search warrant 20-456, which requested records relating to phone numbers:

[REDACTED] and [REDACTED]

I searched the documents provided for voice calls relating to [REDACTED] phone number, ending [REDACTED]. I found the following calls from Leslie Hicks [REDACTED] recorded for [REDACTED] phone number:

CHILD VICTIM

Page 3232 of ReportAU_2910622.pdf, showing voice calls for [REDACTED]

There were six total calls between the two numbers, between January 13 and 15, with no other inbound or outbound calls in between. The only call that appears to have connected was on January 14 at 2022 hours. The call duration lasted 69 seconds and happened at GPS coordinates 38.7361, -104.6803, which is in the area of Mandan Drive.

I forwarded this information to Colorado Springs Police Department Detective Kevin Clark via email.

Initial Information

On Thursday February 20, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, received updates from USAA and American Express. I forwarded this information to the FBI. I also noticed the video Michelle Fox sent me on February 16 did not download properly onto the disc I placed in evidence, so I re-entered the videos.

USAA Follow Up

On this date I received an email from USAA Federal Savings Bank employee Julia Pugh containing a spreadsheet update for transactions that occurred February 18 and 19. The spreadsheet identifies purchases using cards *█████ (Letecia) and *█████ (█████). All purchases appear to be local (Myrtle Beach, SC), including Zaxby's, Home Depot, and Circle K. See attachment "USAA Update 2-20-20."

American Express Follow Up

I received call from Jason Reynolds with American Express. He asked if I had received follow up regarding my court order request yet. I told him I had not, and, in fact, did not have anything in writing from American Express yet. I asked if he could email me a spreadsheet for the authorizations he had explained over the phone (1/26 onward). I told him I had mailed my most recent court order (signed February 11) to the subpoena processing company Datamark, and that he also told me he had forwarded it internally when I emailed it to him the same day.

I later received an email from Mr. Reynolds with authorizations from January 26 through the current date. The email contained the following data:

CHILD VICTIM

On 2/27/20 at approximately 1230 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), spoke with Detective Bethel/07088, who provided a waiver for a white iPhone belonging to [REDACTED]

Cellebrite of [REDACTED] iPhone

The iPhone 8 (S/N [REDACTED]) was in a black wallet-style case, and there was no damage to the screen.

Detective Bethel provided an unlock PIN code of [REDACTED] which successfully unlocked the device. I connected the device to a Cellebrite Touch 2, and initiated a partial logical filesystem extraction, which completed successfully.

Since the emails did not appear to copy over from the device, I completed a manual extraction of the Mail application inbox, as well as any emails between [REDACTED] and Letecia Stauch while keeping the device offline.

Evidence

I later provided a working copy of the Cellebrite data to Detective Bethel, and entered another copy into evidence, identified as item 585, which also included photographs of the device and emails.

I later entered the original waiver into evidence, identified as item 586.

On Thursday, February 27, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

Sgt. Hubbell contacted Detective Mark Riley and I and informed us EPSO would be releasing the house and its contents to [REDACTED]. The home was previously seized by EPSO and the locks were changed on the house. Sgt. Hubbell retained the keys to the home.

Sgt. Hubbell provided Detective Riley and I with the keys to the home and requested we change the lock on the front door to the home back to the lock that was previously there.

Detective Riley and I responded to the home at approximately 12:00 pm. We changed the lock on the front door and replaced it with the lock [REDACTED] had a key to. While we were in the home Detective Riley and I photographed the upstairs and kitchen area and I collected a steak knife from the knife block in the kitchen that was missing a knife from it.

The photos were placed into evidence as item # 511 and the knife was entered into evidence as item # 491. A scribe sheet was completed for the collection of these items (executed under search warrant 20-596). The scribe sheet was entered into evidence as item # 512.

[REDACTED] was contacted and informed he could return to his home.

I will continue to document investigative efforts in additional supplements.

Today I reviewed video footage from neighbors' residential cameras related to a missing person case originally taken at 6627 Mandan Drive on 1/27/2020 located in unincorporated El Paso County, Colorado. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #372.

I reviewed video footage from a Vivint camera system belonging to 9505 Rubicon Drive. This address is located approximately 0.4 miles from the original address of occurrence. The Vivint camera from this residence appeared to be mounted to an area above the garage. The camera looks over the driveway, facing north and has views of surrounding residences. This residence is closest to the intersection of Mandan Drive and Rubicon Drive. The camera system is not a non-stop recording system, the camera is activated off a motion sensor.

The video clips do not have associated dates and time stamps. There were 41 video clips provided from this residence. Each video clip was approximately 15 seconds to 1 minute each. The sensor to this camera covers motion to the residence and driveway only. There were no suspicious people or vehicles identified thought any of these video clips. Vehicles associated to [REDACTED] or [REDACTED] were not seen.

Friday, March 13, 2020

On Friday, February 28, 2020, I, Detective David Glenn, Jr., with the El Paso County Sheriff's Office Criminal Investigations Division conducted follow up on this case. Detective Sergeant Rosario Hubbell directed Detective Jon Price and I to 6627 Mandan Drive to search for any large bathroom towels that may be bloodstained. Specifically, we were to search for a white or light-colored towel that may be bloodstained. Additionally, we were directed to determine if there was a presence of human blood on the exterior of a Tide liquid laundry detergent bottle in the laundry room.

At approximately 1309 hours, we picked up [REDACTED] at Jackson's Auto, located at 411 Royalty Place in Fountain, Colorado.

At approximately 1325 hours, we arrived at 6627 Mandan Drive with [REDACTED]. Upon arrival, Detective Price obtained a signed Search Waiver for the residence from [REDACTED]. I asked [REDACTED] where the bathroom towels were kept inside the house and he stated they were always folded and placed under the sink inside each bathroom cabinet throughout the house. [REDACTED] indicated there were three bathrooms throughout the house, two upstairs and another bathroom downstairs in the basement.

At approximately 1331 hours, I began photographing the house, including the laundry room, Tide bottle, and interiors of all bathroom cabinets in the house. I searched all the bathroom cabinets throughout the house and found one folded white towel in a stack of multicolored folded towels in the master bathroom. I inspected the towel but did not see any bloodstains. I laid the towel across the bathroom floor and photographed both sides of the towel. There were no other white or light-colored towels inside the residence.

At approximately 1353 hours, Detective Price indicated he completed the Blue Star presumptive kits and determined there was no presence of blood on the exterior of the Tide bottle. Both kits showed a negative result for blood. I photographed the test results.

At approximately 1356 hours, we left the house.

At approximately 1410 hours, we dropped [REDACTED] off at the Colorado Springs Airport.

Mrs. Devine said [REDACTED] told her how she moved into a new apartment with her dad but not her stepmom. Mrs. Devine said when [REDACTED] mentioned her stepmom she put two thumbs down. [REDACTED] told Mrs. Devine her stepmom made [REDACTED] disappear. [REDACTED] said her stepmom said she took him out with the carpet. Mrs. Devine said she did not know what that meant and changed the subject. Mrs. Devine felt this statement from [REDACTED] was odd. Mrs. Devine did mention she believed [REDACTED] has overheard her parents talking.

The conversation concluded.

I will continue to document investigative efforts in additional supplements.

Supp 33

On Friday, February 28, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

I prepared an arrest warrant for Mrs. Letecia Stauch, DOB: [REDACTED] with the assistance of Special Agent Andrew Cohen of the FBI. Many detectives, FBI agents and other specialists were involved in the investigation and the collection of factual evidence which in turn supported the violation of the following Colorado Revised Statutes:

18-3-102 (1) (f) Murder in the First Degree- Child Under Twelve- Position of Trust

18-6-401 (1) (a), (7) (A) (I) Child Abuse Resulting in Death

18-8-610.5 Tampering with a Deceased Human Body

18-8-610 (1) (a) Tampering with Physical Evidence

At approximately 1:26 pm, the Honorable Judge Ann Rotolo administered the Oath of Affirmation to me and signed the arrest warrant after she reviewed it. The warrant was sealed by DDA Michael Allen.

I retained the original warrant and provided it to Sgt. Hubbell to be entered into NCIC/CCIC and filed with the El Paso County Court House on Monday, March 2, 2020, the date planned for Mrs. Stauch's arrest in Myrtle Beach, SC.

The sealed arrest warrant is attached to this supplement.

I will continue to document investigative efforts in additional supplements.

CHILD VICTIM

On Friday, February 28, 2020, I, Detective Sergeant Rosario S. Hubbell of the El Paso County Sheriff's Investigations Division Major Crimes Unit, conducted follow up on case 2020-00001382.

Initial Brief

At approximately 12:30PM, I received a phone call from dispatch. They wanted to know if they could transfer a [REDACTED] who was identifying himself as [REDACTED] Grandfather. I told them to transfer [REDACTED] and I would speak with him.

[REDACTED] wanted me to know that two days ago he was contacted by an anonymous male. The male party asked, "Is this [REDACTED] [REDACTED] replied, "Who's asking?" The male party then told [REDACTED] he could find his grandson at 39 Calumet "P", "L", [REDACTED] said he believed the "P", "L" meant "Place". [REDACTED] said he believed it was a crank call but then the male party told him that [REDACTED] was aware of this information. [REDACTED] said he tried to get a hold of someone at the Sheriff's office earlier, but no one returned his call.

Investigative steps

A google search provided the following locations where 39 Calumet Place exists.

Buffalo, NY;
San Antonio , TX;
Mississauga, ON (Canada);
Greensboro, NC and
Beavercreek, OH.

I found no matching address for 39 Calumet Place in Colorado Springs, or El Paso County. I then conducted a search on Geographic.org/streetview and listed all the street names for Colorado Springs. I did not locate a Calumet on the list of Street names for Colorado Springs. Below are the listed street names for Colorado Springs that begin with the letter "C".

The lead Detective on this case, Detective Bethel, has been in contact with Landon through out the case. Landon has reached out to Detective Bethel to express concerns on other tips and rumors she has learned about on social media. As of the writing of this supplement Landon has not reached out to Detective Bethel to say she is aware of [REDACTED] being at 39 Calumet Place.

Due to the lack of credible leads to follow up on this lead will not be looked into further.

For tracking purposes this information will be forwarded to Detective Glen to document on the tips sheet for this case.

On February 28, 2020, I, Detective Jon Price #02034, received a photo from CSI Alyssa Berriesford. The photo is a still shot pulled from the FARO system. It is a scan of the basement family-room of 6627 Mandan Drive. Using the FARO software, CSI Berriesford made measurements of the column and the couch which are presented on the photo. The purpose of the photo is to enable a recreation of the scene if arson testing is to be conducted.

I entered the photo into evidence as item #532.

On February 28, 2020, I, Detective Jon Price #02034, was contacted by Detective Sergeant Rosario Hubbell. He directed Detective David Glenn and I to return to 6627 Mandan Drive to search for any towels which may have blood stains on them. Further, we were to process stains on the exterior of a bottle of Tide Liquid Laundry Detergent for the presence of blood.

CHILD VICTIM

The following are my notes of these activities:

1:09 PM We picked up [REDACTED] at Jackson's Auto, 411 Royalty Place, Fountain, Colorado.

1:25 PM We arrived at 6627 Mandan Dr.

1:29 PM [REDACTED] signed an EPSO Search Waiver form, giving consent for us to search the residence.

1:31 PM Detective Glenn began photographing the house.

1:33 PM Photos are complete. I locate a 4.08 liter bottle of Tide on the shelf above the washer/dryer in the laundry room. I begin examination of the Tide Bottle using two BlueStar Identi-Hem kits, lot number #26039 expiration 3/2022. I read and understand the instructions of the BlueStar Identi-Hem kit.

1:36 PM I swab the bottle with Swab #1. I submerged it in the buffer tube #1 and shake vigorously for 10 seconds. The buffer has lot #28019-03. The residue I swabbed is opaque and sticky consistent with laundry detergent.

1:39 PM I swab the bottle with Swab #2. I submerged it in the buffer tube #2 and shake vigorously for 10 seconds. The buffer tube has lot #28019-03.

1:43 PM Per the instructions, I have insured both BlueStar Identi-Hem reaction devices are at room temperature. Per instructions I placed four drops of the buffer #1 into device #1, and four drops of buffer #2 into device #2. I begin a 10 minute waiting period for the sample per the instructions.

Feb 28, 2020 at 1:53 PM The 10 minute observation period ends. There is a solid red line across control zone (c) of both devices. Per the instructions, this indicates the test was correctly performed and the reagents correctly worked. This is a negative result for human hemoglobin.

1:56 PM We left the house.

2:10 PM We dropped [REDACTED] off at the Colorado Springs Airport so that he can obtain a rental car.

Supplemental Narrative 20-1382

INITIAL INFORMATION **CHILD VICTIM**

On 2/29/20, I, at approximately 8:00 AM, members of the El Paso County Sheriff's Office (EPSO) Search and Rescue began a search (Operational Period 12), in the area of Highway 105 near Highway 83, Monument, Colorado. The search was commanded by EPSO Lieutenant J. Sarkisian EID/01079, and members of the Emergency Management Division.

DETECTIVE STATEMENT

At approximately 11:00 AM, Lt. Sarkisian notified me via phone that the search element located several items of possible interest in this investigation. Subsequently, I, Detective Lieutenant David Manzanilla EID/07019, who is assigned to the El Paso County Sheriff's Office (EPSO) Investigations Division, contacted Detective M. Bauman EID/14003 via telephone and instructed him to respond to the EPSO Mobile Command Center (MOCOM); in the area of Highway 105 near Highway 83, Monument, Colorado.

At approximately 12:00 PM, I responded to MOCOM. Shortly thereafter, Detective Bauman met me there, at which time I instructed him to collect video surveillance from several houses identified in the search area. Additionally, I instructed him to collect the previously mentioned evidence SAR had located during their search efforts. For additional information, please see Detective Bauman's supplement.

Nothing further at this time.

Initial Call

On Saturday February 29, 2020, at approximately 9:19 am, I, Detective N. Brklich received a phone call from Detective Sergeant Rosario Hubbell requesting I respond to 6627 Mandan Dr, Colorado Springs, CO 80925, to meet with Mr. [REDACTED]. Sgt. Hubbell informed me [REDACTED] had found his son's Nintendo Switch, which had originally been reported missing along with his son, in the house.

Investigative Activity

I arrived on scene at approximately 9:55 am, to meet with [REDACTED] which met with negative contact. I then contacted [REDACTED] by phone. [REDACTED] stated he would be enroute to the address and was approximately 10 minutes away.

At approximately 10:13 am, [REDACTED] arrived on scene and invited me into the house. [REDACTED] stated he was in the process of moving out of the house and had found the Switch hidden behind some DVD's next to the television set in the basement. He stated he was advised to put the Switch and case in a plastic bag. [REDACTED] removed the bag from the top of the refrigerator and handed it to me. I looked inside the bag and observed a black and red carrying case. Inside the case was a Nintendo Switch, serial number: [REDACTED] which [REDACTED] identified as his son's.

The case and game console were collected as evidence at approximately 10:16 am.

Photos were taken of the bag, carrying case and console. The photos were later downloaded to CD and placed into the EPSO evidence facility, along with the carrying case and console reference item # 549 and 534.

CHILD VICTIM

On 03/02/20, I, Detective Mark Riley #02073, along with Detective Jessica Bethel, of the El Paso County Sheriff's Office Investigations Division, conducted follow up on this case.

At approximately 9:00 a.m., we arrived at the Myrtle Beach office of the Federal Bureau of Investigations.

After a briefing of the upcoming operation to arrest Letecia Stauch, Detective Bethel and I accompanied FBI Special Agent Andrew Cohen and Jonathan Grusing, to the Coastal Grand Mall.

This is the location where Ms. Stauch's daughter [REDACTED] had a scheduled meeting with the United States Air Force recruiter. The address for the recruiting office is 780 Coastal Grand Circle V-06, in Myrtle Beach, South Carolina.

At or around 10:00 a.m., Ms. Stauch arrived in the parking lot of the Mall and dropped off [REDACTED] near the entrance to the recruiting office. After dropping [REDACTED] off, Ms. Stauch drove around the outer portions of the parking lot before parking.

Once Ms. Stauch's vehicle was parked, Myrtle Beach Police Department SWAT members effected the arrest of Ms. Stauch. She was transported to the Myrtle Beach Police Department Annex located at 3399 Mustang Street #3301, in Myrtle Beach, for an interview.

I accompanied Special Agent Cohen to the recruiting office to interview [REDACTED]. This interview was video recorded by Special Agent Cohen and audio recorded by me. My audio recording was later placed on a CD and entered into the El Paso County Sheriff's Office Evidence Facility under Item #604.

This interview will be documented in a future supplement.

After the interview was completed with [REDACTED] she was taken to the Myrtle Beach Police Department located at 1101 N Oak Street in Myrtle Beach. She arrived at approximately 11:00 a.m. and was accompanied by a worker from the South Carolina Department of Social Services.

After arriving at the Myrtle Beach Police Department, [REDACTED] signed a search waiver for her cellular telephone.

FBI Special Agent Cohen and I then responded to 109 Campania Street in Myrtle Beach to

interview a friend of Ms. Stauch. She was identified as Deitra Moss.

I was present for only a short time of Special Agent Cohen's interview with Ms. Moss. During the portion of the interview I was present for, Ms. Moss indicated Ms. Stauch had only told her about ██████ running away. It does not appear Ms. Stauch gave any other ██████ of why she came to South Carolina. I did not record the interview of Ms. Moss. While we were at Ms. Moss's residence, a search warrant for the home was being completed. (see additional officer reports for further)

After completing the interview with Ms. Moss, Special Agent Cohen and I responded to the Myrtle Beach Police Department Annex where Ms. Stauch was being interviewed. The interview was conducted by Jonathan Grusing from the FBI.

After the interview with Ms. Stauch was completed, I learned she was taken to the hospital for a reported miscarriage. It was reported by detectives that Ms. Stauch did not have a miscarriage and had attempted to claim she was infected with the Corona Virus. Neither of these were found to be true and she was cleared medically and housed at the Myrtle Beach Police Department until 03/03/20, when she was transported to the J Reuben Long Detention Facility located at 4150 J Reuben Long Avenue in Conway, South Carolina.

The passenger van Ms. Stauch was driving at the time of her arrest was processed by the FBI Evidence Recovery Team. This was completed at the Myrtle Beach Police Department Annex.

While processing the contents of the van, a suitcase was removed. On the inside flap of the suitcase, suspected blood was found. A blanket inside the van also had suspected blood on it. All items of evidence were collected by the FBI Evidence Recovery Team.

On Monday, March 2, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

Detective Riley and I traveled from El Paso County, CO to Myrtle Beach, SC on Sunday, March 1, 2020 to continue the investigation of the murder of [REDACTED] and to be present when Mrs. Letecia Stauch was arrested for his murder.

On Monday, March 2, 2020 at approximately 9:00 a.m., Detective Riley and I, along with Special Agents of the FBI (Agent Amber Cronan, Agent K.C. Hughes, Agent Andrew Cohen and Jonathan Grusing) met with additional FBI Special Agents at the Myrtle Beach office of the Federal Bureau of Investigations. Detective Riley and I attended a briefing concerning the plan to arrest Letecia Stauch, conduct interviews with involved persons and execute search warrants on two homes and a vehicle Mrs. Stauch had been driving. The search warrants completed in South Carolina are attached to this supplement.

After the briefing, Detective Riley and I traveled with FBI Special Agent Andrew Cohen and Jonathan Grusing, to the Coastal Grand Mall where Mrs. Stauch's daughter [REDACTED] had a scheduled meeting with the United States Air Force recruiter. The address for the recruiting office is 780 Coastal Grand Circle V-06, in Myrtle Beach, South Carolina.

At approximately 10:00 a.m., Mrs. Stauch arrived in the parking lot of the mall. She was driving a dark colored minivan. I observed a female I knew to be [REDACTED] get out of the vehicle near the entrance to the recruiting office. [REDACTED] walked in between two buildings to the recruiter's office and was no longer in my sight. Mrs. Stauch drove around the parking lot in circles. Detective Riley and I hid in the backseat of the rental vehicle Jon Grusing was driving to avoid being spotted. Mr. Grusing told Detective Riley and I when our vehicle was positioned in order for us to not be seen by Mrs. Stauch and we sat back up in the vehicle.

Mrs. Stauch parked the van near a tire shop on the outskirts of the mall parking lot. Myrtle Beach Police Department SWAT members effected the arrest of Mrs. Stauch. She was transported to the Myrtle Beach Police Department Annex located at 3399 Mustang Street #3301, in Myrtle Beach, for an interview.

Jonathan Grusing and I responded to the Myrtle Beach Police Department Annex to interview Mrs. Stauch. Mrs. Stauch was mirandized prior to the beginning of the interview and she expressed an interest in speaking with Mr. Grusing.

The interview was conducted in an interview room which was equipped with audio and video recording. The recording of the interview was collected from Myrtle Beach Detective Pete Woods on March 3, 2020 and transported back to Colorado by me. The interview along with other documentation from Myrtle Beach, SC was entered into evidence by Sgt. Hubbell as evidence item #660.

During the interview Mrs. Stauch was offered water and the use of a restroom. I accompanied Mrs. Stauch to the restroom on two occasions. She was not handcuffed or restrained in any way. Both times I

took Mrs. Stauch to the restroom she could not recall where the interview room door was despite me telling her. On her second visit to the restroom, I told Mrs. Stauch to continue down the hallway and enter the door directly in front of her. When we reached the door, Mrs. Stauch turned her body to the left as if she were going to continue left down the hallway to an exterior door which was open. I placed my hand on Mrs. Stauch's left bicep and told her to go straight into the room. She complied.

Several times during the interview Mrs. Stauch was asked to describe the last time she saw [REDACTED] Mrs. Stauch could not provide a description. Please see Grusing report for further information.

After the interview with Mrs. Stauch was completed she was transported to a holding facility within Myrtle Beach. I was later contacted by Detective Woods who told me Mrs. Stauch claimed to have a miscarriage and was taken to the hospital. It was reported by detectives that Mrs. Stauch did not have a miscarriage and had attempted to claim she was infected with the Corona Virus. Neither of these were found to be true and she was cleared medically and housed at the Myrtle Beach Police Department until 03/03/20, when she was transported to the J Reuben Long Detention Facility located at 4150 J Reuben Long Avenue in Conway, South Carolina. 7 pages of medical paperwork from the Grand Strand Health center, were later collected and placed into evidence as item # 617.

The passenger van Ms. Stauch was driving at the time of her arrest was processed by the FBI Evidence Recovery Team. This was completed at the Myrtle Beach Police Department Annex.

While processing the contents of the van, a suitcase was removed. On the inside flap of the suitcase, suspected blood was found. A blanket inside the van also had suspected blood on it. All items of evidence were collected by the FBI Evidence Recovery Team.

I will continue to document investigative efforts in additional supplements.

CHILD VICTIM

This is a supplemental narrative to Case # 2020-00001382
Tuesday, March 17, 2020

Supp 15

On Tuesday, March 3, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

Detective Mark Riley and I along with agents from the FBI traveled to Myrtle Beach, South Carolina on Sunday, March 1, 2020 to effect an arrest on Mrs. Letecia Stauch for 1st degree murder. (see additional supplement for further information).

On Monday, March 2, 2020 at approximately 10:00 am (eastern time), Mrs. Stauch was taken into custody at the Costal Grand Mall located at 1100 Coastal Grand Circle, Myrtle Beach, SC 29577 by the Myrtle Beach Police Department. Mrs. Stauch was interviewed by FBI Agent Jonathan Grusing at the Myrtle Beach Police Department annex located at 3399 Mustang Street #3301, Myrtle Beach SC. (see additional supplement for further information).

When the interview was completed, Mrs. Stauch was held in custody by the Myrtle Beach Police Department, where she stayed until she attended court proceedings for extradition. Mrs. Stauch waived extradition back to El Paso County, Colorado and completed paperwork stating the same. It was ordered EPSO had 20 days to extradite Mrs. Stauch from South Carolina. Mrs. Stauch was transported to the J. Reuben Long Detention Center located at 4150 J. Reuben Long Ave. Conway, SC 29526. I notified EPSO supervisors of Mrs. Stauch's decision to waive extradition.

At approximately 10:12 am (EST) Lt. David Manzanilla contacted Riley via telephone. He told Detective Riley and I we would be transporting Mrs. Stauch back to Colorado via airplane. Detective Riley and I were originally scheduled to depart Myrtle Beach, SC at 3:45 pm via airplane with FBI Agent Hughes. Detective Riley and I were concerned about Mrs. Stauch's safety, as this case has been covered by national media outlets and it was likely she would be recognized by citizens traveling with her. It was suggested Mrs. Stauch be driven back to El Paso County, CO. The conversation with Lt. Manzanilla concluded.

Lt. Manzanilla later contacted Detective Riley and informed him a civilian passenger van (Chrysler minivan) had been rented to transport Mrs. Stauch to Colorado. Detective Riley and I were instructed to collect Mrs. Stauch from the J. Reuben Long Detention Facility. Lt. Manzanilla made arrangements for us to borrow restraints from the facility, get the extradition paperwork and drive Mrs. Stauch straight to the El Paso County Criminal Justice Center.

Prior to getting Mrs. Stauch from the detention facility, Detective Riley and I picked up food and drinks for the transport. A GoPro camera was purchased to document the transport of Mrs. Stauch. We checked the rental vehicle for child locks on the passenger doors and did not locate any. During the planning of the transport of Mrs. Stauch, Lt. Manzanilla instructed Detective Riley and I to drive to the airport in Nashville, TN to pick up Deputy Makayla James, who is a member of the Special Response Team (SRT) and would be assisting with the transport of Mrs. Stauch.

EPC SHERIFF'S OFFICE
Released by Jennifer Knight
3/17/20

At approximately 10:30 am, Detective Riley and I picked up Mrs. Stauch from the J. Reuben Long Detention Center. We completed detainer removal paperwork for her and collected her booking paperwork along with 2 extradition documents. The booking report and detainer information (total of 2 pages) was entered into evidence as item # 619. The two extradition documents were entered into evidence as item # 618. Mrs. Stauch was charged from issued inmate attire into her personal clothing. I collected her sunglasses and sealed medical paperwork from staff at the detention facility.

Mrs. Stauch's legs were restrained with leg irons which were checked for tightness and double locked. Her hands were restrained to her waist by short chains which were connected to handcuffs. The handcuffs were placed around Mrs. Stauch's wrists, checked for tightness and double locked. The chain to which the handcuffs were attached was snugly wrapped around Mrs. Stauch's waist and secured with a padlock. Detective Riley and I maintained the keys for the padlock on our person.

Prior to Mrs. Stauch entering the minivan I explained to her she was in custody and was to not attempt to reach for any doors or escape. I told Mrs. Stauch on video while she was in the minivan, prior to our departure there was a video camera which would be monitoring the entire trip. I explained she was not to reach for anything and was to ask for a snack, beverage or to use the restroom. I told Mrs. Stauch she should not reach for the door, as that would be considered an attempted escape and Detective Riley and I would react accordingly. Mrs. Stauch acknowledged my statements to her by saying, "Ok". This conversation was recorded using the GoPro. The entire GoPro video of the transport was placed into evidence as item # 611. The file associated to the warning given to Mrs. Stauch is labeled GH010003.MP4.

During the transport Mrs. Stauch was offered food and drinks. She refused to eat any food other than beef jerky and drank a couple of diet cokes. While stopped at a gas station in Nashville, TN Mrs. Stauch helped herself to a Monster energy drink that was in the rear passenger area and had it placed between her legs. I took the drink from her and told her she was not allowed to have it. Mrs. Stauch complained, stating she wanted to stay awake for the rest of the trip. I did not allow her to keep the drink.

Detective Riley and I offered Mrs. Stauch multiple opportunities to use the restroom, offered her food and drinks (including offering to stop at any fast food restaurant), and offered her multiple opportunities to readjust her restraints and opportunities to stretch her limbs individually out of restraints. Mrs. Stauch did not want to eat or drink anything of any true sustenance and shrugged her shoulders at me when I told her she needed to eat to survive. Mrs. Stauch refused to sleep for any long period of time and complained of feeling dizzy occasionally. Mrs. Stauch's behavior was not abnormal. She was able to maintain conversations, asked for snacks and drinks and to use the restroom. To pass the time during the trip Mrs. Stauch played along with trivia and sang songs.

During the transport, Mrs. Stauch complained the leg irons were resting on her ankle bones causing her pain. I adjusted her leggings over the leg irons to prevent the metal from resting directly on her ankle bones. She thanked me and told me her ankles felt better. I also checked the leg irons for tightness, which I deemed to be an appropriate fit and ensured they were double locked. Detective Riley and I stopped for a brief period of time to get the GoPro running again when the battery ran out. I began recording Mrs. Stauch on my office issued phone until the GoPro was plugged in and operational again. During this time (Tuesday, March 3, 2020 at 2:57 pm EST, iPhone file name IMG_0163.MOV) Mrs. Stauch was given the opportunity to get out of the vehicle to stretch her legs and stretched her arms (individually) out of restraints while seated in the van. The video of this incident was placed onto a disk and entered into evidence as item #642 along with other iPhone videos of Mrs. Stauch during the transport. 9/1/23 RF

Mrs. Stauch was afforded the opportunity to use the restroom and preferred using rest areas along the interstate as opposed to gas stations or stores. The trips to the restroom were recorded using my office

issued cell phone. The videos were entered into evidence as item #642. The videos did not capture Mrs. Stauch using the restroom and she was allowed to enter a stall alone while still restrained to use the restroom. Mrs. Stauch was able to use the restroom and wash her hands without being unrestrained.

On Wednesday, March 4, 2020 at approximately 12:00 am Detective Riley and I picked up Deputy James from the Nashville airport. Deputy James was briefed outside of Mrs. Stauch's presence by me and assumed the position of watching Mrs. Stauch. I took over driving from Detective Riley.

During one visit to the restroom (Wednesday, March 4, 2020 at 6:35 am CST), Mrs. Stauch tripped and fell onto the sidewalk. I immediately helped her up and asked if she was hurt. Mrs. Stauch denied being hurt and the clothing she was wearing (thin athletic pants and shirt) were not ripped or torn. I asked Mrs. Stauch if she was sure she was ok and if she needed medical attention. She assured me she was fine and did not want any medical attention. This incident was captured on iPhone video (evidence item # 642) and can be located under file name, IMG_0170.MOV.

As we were traveling through Kansas, westbound on Interstate 70, Mrs. Stauch began talking to Deputy James. Mrs. Stauch was whispering and asked something about a gun. I later learned from Deputy James, Mrs. Stauch asked her if she brought her gun with her, if it was in her backpack or on her person, and if it was pointed at her. Mrs. Stauch told Deputy James her nephew was killed with a gun.

At approximately 12:20 pm (CST), Mrs. Stauch slipped out of her handcuffs, struck Deputy James in the head with a full, unopened can of Monster energy drink, jumped across the aisle to Deputy James' captain seat and reached for Deputy James' waist where Deputy James had her gun. Detective Riley was driving at the time and we were traveling at approximately 75 mph westbound on Interstate 70 at or near mile marker 284. Deputy James reacted to Mrs. Stauch hitting her and pushed her off. She held Mrs. Stauch's arms and hands away from her body. During this time Deputy James was able to push Mrs. Stauch back to her captain's seat located on the passenger side. Detective Riley slammed on the breaks while pulling on the shoulder of the road. Both Deputy James and Mrs. Stauch's bodies quickly went forward. Mrs. Stauch struck the back of the front passenger seat I was sitting in. I exited the vehicle and went to the rear passenger door where Mrs. Stauch was still actively fighting Deputy James by pulling her arms away from Deputy James and grasping for her. While Detective Riley was stopping the vehicle, multiple commands to stop were given to Mrs. Stauch. Mrs. Stauch continued to resist and screamed something to the effect of, "She's threatening me!".

As I opened the door to the vehicle, I could see Mrs. Stauch was no longer restrained. I attempted to control Mrs. Stauch's right arm and was positioned behind Mrs. Stauch's back. Deputy James was in front of Mrs. Stauch attempting to control her left arm. Mrs. Stauch tensed her body and held her arms close to her torso which made it impossible for me to gain control of her arms without striking her. I ordered her multiple times to give me her arm and to comply with me. Mrs. Stauch continued to resist and told me she would listen to me but not to her (Deputy James). Mrs. Stauch turned her head towards me at one point in time and appeared to glance at my waist for my weapon. Detective Riley gave Mrs. Stauch orders to comply from the driver's seat of the van. He was not able to exit immediately due to traffic passing by his door at a high rate of speed. Eventually Detective Riley was able to exit the vehicle and walked around the rear of the vehicle to assist Deputy James and me. Just before Detective Riley came to the door where I was standing, Mrs. Stauch lunged towards Deputy James again and grabbed for her waist where Deputy James' gun was. At this point in time I was concerned Mrs. Stauch would be able to access Deputy James' weapon and potentially kill someone. I placed my left arm around Mrs. Stauch's chest area and pulled her close to me. I transitioned my hands to Mrs. Stauch's low back line (hypoglossal) and bent Mrs. Stauch's head back quickly in an attempt to control her movements. Mrs. Stauch was still not restrained at this point and was resisting Detective Riley's efforts to control her right arm. I again placed my left arm around Mrs. Stauch's neck and chest and brought her close to my body to

further control the movements of her torso. I assisted Detective Riley by controlling her left arm and eased up the pressure on her neck and chest when Detective Riley had placed her right hand behind her back. I transitioned into a partial hypoglossal hold with one hand and gained control of Mrs. Stauch's left arm behind her back. Mrs. Stauch was restrained with handcuffs behind her back. I unlocked the other handcuffs she slipped out of and placed them back onto Mrs. Stauch's wrists. Both sets of handcuffs were checked for tightness and double locked for safety.

CHILD VICTIM

I restrained Mrs. Stauch with her seatbelt. I asked Detective Riley to call 911 to get assistance. Detective Riley informed me he was not able to get his phone to work. Deputy James remained in her position behind Mrs. Stauch and I closed the door. I got back in the front passenger seat and locked the van door that Mrs. Stauch had access to. I began searching for our location on my phone so I could call 911. While I was searching for our location, Mrs. Stauch asked for the air conditioning to be turned on. When her need was not met, she opened the van door next to her by pushing the open button with her foot. The van door opened despite being locked and I got out of the vehicle and stood in the way of the open door. While I was calling 911, I placed my right knee onto Mrs. Stauch's right thigh and applied pressure to keep her from moving. I also held onto her right wrist with my left hand. I provided the dispatcher with information and requested assistance from other law enforcement. Detective Riley took over the phone call from the driver's seat so I could focus on preventing Mrs. Stauch from escaping.

Several deputies from the Dickinson County Sheriff's Office responded to our location to assist us. Deputy Andrew Toolin #817 and Deputy Brandon Hurt #807 assisted with removing Mrs. Stauch from the van and ensuring she was properly restrained. Mrs. Stauch was ordered to kneel on the ground in the ditch while her restraints were adjusted by Deputy Toolin. She complained of her head hurting and said she had an injury to her head. I did not see any visible injuries on Mrs. Stauch's head. Dickinson County Sheriff's Office Sgt. Steve Davis # 809 responded to the scene and assisted by securing Mrs. Stauch in the back of his patrol vehicle. I escorted Mrs. Stauch to the patrol vehicle with Deputy James. I utilized a Mechanical Advantage Control Hold (MACH) to escort Mrs. Stauch. My left arm was tucked under her left arm and my left hand was holding onto my right bicep. During the escort Mrs. Stauch dropped all of her weight and refused to walk. Deputy Hurt had to pick up her legs and assisted in carrying Mrs. Stauch to Sgt. Davis' patrol vehicle. When Mrs. Stauch dropped her weight, I experienced pain and popping in my left shoulder.

Because Mrs. Stauch complained of being injured, deputies arranged for medical staff to meet us at a gas station off of the highway to evaluate Mrs. Stauch. Mrs. Stauch was transported to the gas station in the back of Sgt. Davis' patrol vehicle. She was lifted up into the ambulance and evaluated by medical staff. I was informed Mrs. Stauch had normal vital signs and did not appear to be having a medical emergency. I asked for a medical clearance and was informed Mrs. Stauch would need to be seen at the emergency room in order to get a medical clearance.

Mrs. Stauch was transported by Sgt. Davis to Memorial Hospital located at 511 NE 10th in Abilene KS 67410. When Mrs. Stauch arrived at the hospital at approximately 12:57 pm, she would not communicate with anyone and appeared to be unresponsive. Despite being unresponsive, Mrs. Stauch was able to sit upright in Sgt. Davis' patrol vehicle. Medical staff got Mrs. Stauch out of the vehicle and placed her onto a gurney. Some of her clothing was cut off because she was not responding. Her wrist restraints were adjusted and secured to the hospital bed. She remained in leg irons.

Medical staff evaluated Mrs. Stauch and conducted tests on her including a CAT scan of her head. She was medically stable and "woke up" while in the hospital. Mrs. Stauch asked me what happened and where she was. She said, "We were having such a good time singing country songs Bethel. What happened?" I did not speak to Mrs. Stauch and left the room to check on Deputy James who was receiving medical care.

Mrs. Stauch was monitored by deputies from the Dickinson County Sheriff's Office while Detective Riley and I were occupied with making arrangements for securing Mrs. Stauch. I was informed by Deputy Toolin Mrs. Stauch was talking about seeing [REDACTED] on January 27, 2020. I asked him to complete a supplement for his interactions. I also confirmed no deputies had on body worn cameras. Deputies from the Dickinson County Sheriff's Office informed me the incident would be documented under Dickinson County Sheriff's Office case # 2020-1624.

Deputy James was evaluated by medical staff and was diagnosed with a concussion. She was advised to not be alone and to not sleep.

Mrs. Stauch was diagnosed with the following, "Syncope and collapse; imprisonment and other incarceration- safe for confinement" The 4-page document from the hospital was placed into evidence as item #664.

Mrs. Stauch was transported to the Saline County Sheriff's Office jail located at 255 N 10th Street, Salina KS 67401. She was booked in at approximately 5:40 pm (CST). I briefed medical staff and law enforcement on Mrs. Stauch and provided them with paperwork from the hospital. I requested Mrs. Stauch be monitored and a log of her activity be maintained. The staff at the jail complied and provided me with an observation log. The log was entered into evidence as item #616. Mrs. Stauch was housed until approximately 3:00 am (CST) when EPSO Sgt. Lawrence Gallegos and EPSO Deputy Andrea Heredia #16028 picked her up for transport back to El Paso County, CO.

During the time Mrs. Stauch was detained in the Saline County Jail, Detective Riley, Deputy James and I were ordered to stay in Kansas at a hotel and be ready to assist Sgt. Gallegos and Deputy Heredia when they were ready for their transport.

On Thursday, March 5, 2020 at approximately 3:00 am (CST) Mrs. Stauch was picked up from the Saline County jail by Sgt. Gallegos and Deputy Heredia. Detective Riley, Deputy James and I followed behind Sgt. Gallegos and Deputy Heredia's vehicle that had Mrs. Stauch in it. During the transport of Mrs. Stauch from Saline County KS to the El Paso County Criminal Justice Center Mrs. Stauch was manipulating her handcuffs. Sgt. Gallegos contacted Detective Riley and informed him of the situation. The transport was stopped, and we drove to the Ellis County Jail at 105 W 12th Street, Hays KS 67601 for Mrs. Stauch's restraints to be checked. It should be noted we already passed the Ellis County Jail, but because it was the closest jail to us, we turned around to use it for the restraint check.

The transport continued and Mrs. Stauch was ultimately booked into the El Paso County Criminal Justice Center at approximately 9:20 am on Thursday, March 5, 2020.

I will continue to document further investigative efforts in separate supplements.

CHILD VICTIM

On 03/02/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office Investigations Division, conducted follow up on this case.

After the arrest of Letecia Stauch in Myrtle Beach, South Carolina, I accompanied FBI Special Agent Andrew Cohen to the United States Air Force recruiting office located in the Grand Coastal Mall. Ms. Stauch had previously dropped her daughter, [REDACTED] at the office for a pre-enlistment appointment.

We responded to the recruiting office to speak with Ms. Hunt in regard to any information she may have about [REDACTED] disappearance.

Special Agent Cohen conducted the majority of the interview. The following is a synopsis of the interview and is not a word for word transcription. For full details of the interview the disk containing the recorded interview should be reviewed in its entirety.

The disk containing the recording was later placed into the El Paso County Sheriff's Office Evidence Facility under Item #604 for this case.

Upon entering the recruiting office, [REDACTED] was speaking to a recruiter. The recruiting staff had been made aware of what was happening and agreed to let us speak with [REDACTED] in their office.

SA Cohen interrupted their conversation and told [REDACTED] we needed to speak with her.

SA Cohen explained to [REDACTED] she was not in any trouble or under arrest. He explained the door was open and she could leave at any time.

SA Cohen explained that her mother, Letecia had just been arrested in the parking lot. He asked for her date of birth. She told him [REDACTED] and a good phone number for her is [REDACTED]. Her mailing address is P.O. Box 50991 in Myrtle Beach, SC 29579. She is currently staying with her friend at 190 Campania Street in Myrtle Beach.

SA Cohen asks if she is surprised her mother has been arrested and she replies "yeah". She tells him she doesn't know why she would be arrested.

SA Cohen asks if she has a clear recollection of when [REDACTED] went missing. She tells him yes. She confirms the last time he was seen was the 27th of January. She confirms she was at work that day.

SA Cohen asks her to tell him what happened when she got home from work that day.

[REDACTED] tells him she came home and she and her little sister ([REDACTED]) went to the store. They were going to the store for herself. She doesn't remember what items she got.

EL PASO COUNTY SHERIFF'S OFFICE
Released To: Jennifer Knight

SA Cohen advises her she could get into trouble if she does not tell the truth to him.

She says she is supposed to go to basic training on March 17.

She tells him they went to the dollar store. They returned home and were just waiting for [REDACTED] to come home. Her mother said he was supposed to be there by 6:00 p.m.

The last time she saw [REDACTED] was Monday morning. She believes this was around 8:00 a.m.

When she got home from the store, the house still smelled like smoke from the fire. Her mom was doing normal cleaning like the dishes. She doesn't know if her mom was cleaning carpet or anything like that.

SA Cohen explains the items to include baking soda and vinegar were items picked up at the dollar store. [REDACTED] states her mom asked her to pick these up.

She gave the items she picked up to her mom when she got home.

SA Cohen asks if she has been following what has happened to [REDACTED]. She tells him no because she has got death threats. She agrees to show SA Cohen screen shots of the threats later.

[REDACTED] says her mom is always cleaning the house.

She didn't go into [REDACTED] room when she got home.

She indicates she went out looking for [REDACTED]

After the police came to the house, some people brought some food to them. She thinks it was people from the neighborhood.

She got up before 10:00 a.m. on Tuesday. She doesn't remember her mom leaving early in the morning. She remembers her going to pick up [REDACTED] from the airport.

Tuesday night was weird because it was just her and [REDACTED] at home. Her mom and [REDACTED] were out searching for [REDACTED]

The next time she saw her mom was on Tuesday night. She left the house and went to the First and Main complex where she met her mom. Her mom met her there in her Tiguan vehicle. She believes her mom dropped off her rental car earlier.

Her mom left her Tiguan at the complex and rode home with [REDACTED]

She thinks they got back to the house around 1:00 a.m.

She says her mom has not told her what to say to authorities.

She says her mom wasn't mad about the candle incident, she was more concerned about [REDACTED] being hurt.

When they left Colorado, they drove into New Mexico, Texas and actually stayed a few days in

Florida before coming to South Carolina.

All of her clothes are at Laura Abernathy's house.

She says her mom has said a few things about [REDACTED] incident. Mostly these comments are about the accusations people are making about her. She says the police have not been in contact with them.

I ask if her mom has told her what she believes happened to [REDACTED] She tells me no.

The interview is ended.

The interview invoice for this recorded audio interview was submitted with a previous supplement.

Facebook Return information

At approximately 8:00 am, I was notified from Facebook INC, they had processed search warrant 20-712. Facebook provided all available information from the requested dates for the requested accounts. I began processing the information, placing it on to disks to allow for it to be placed into evidence. All items were placed into evidence.

The return information will be reviewed at a later date and documented by its reviewer.

Starbucks Return information

Throughout the day I was notified Starbucks had processed search warrant #20-714. I was provided a link to download the video footage from a secure server. The footage was downloaded and placed onto a disk for evidence.

The return information will be reviewed at a later date and documented by its reviewer.

Yahoo Return information

During the day I received a package from Yahoo related to search warrant #20-711. The package contained the requested information from the warrant placed on to a disk. The disk was placed into evidence.

The return information will be reviewed at a later date and documented by its reviewer.

Spartan Nash

Throughout this investigation I have contacted Spartan Nash on several occasions in reference to search warrant #20-448. This warrant was served to the company in early February and no return information has yet been provided. On this date I received a follow up email from Ms. Kathleen Money stating the following:

My apologies for the delayed response. I have asked the IT to provide the data. I am told I will have it by the end of the week. I will confirm with you by the end of the week.

I'm adding Ellen - my administrative assistant - to ensure I remember to update you.

Thanks for your patience.

CHILD VICTIM

This is a supplement to Case # 2020-1382 Supp 14

Tuesday March 3, 2020

Initial Call

On Tuesday March 3, 2020, at approximately 9:46 am, I, Detective N. Brklich received a phone call from the front desk personnel stating there was a gentleman in the lobby requesting to speak with a detective in reference to the missing child [REDACTED]. I informed them I would come down to meet him.

Investigative Activity

At approximately 9:50 am, I met with Mr. Jerald Hagerman, DOB: [REDACTED]. Mr. Hagerman explained to me on Monday January 27, 2020, at approximately 1:19 pm, he was shopping at the Harbor Freight located at 2835 E. Fountain Blvd, Colorado Springs, CO 80910. Mr. Hagerman stated as he left the store at approximately 1:30 pm, he began driving west on Fountain Blvd. Mr. Hagerman stated as he was passing an old abandoned building located on the south side of Fountain Blvd, he noticed a maroon Toyota pickup truck driving behind the building down onto the trails behind. Mr. Hagerman stated he didn't think much of it at the time other than to think he would not drive a newer model truck like this one on those trails.

Mr. Hagerman stated later in the day he discovered the report of the missing child, [REDACTED]. He advised, after speaking with his wife, they decided to call into the EPSO hotline to leave a possible tip as to [REDACTED] location. Mr. Hagerman stated the only reason he came in today is because he had not heard back and didn't know if his message was received. I thanked him for taking the time to come in to the OTS and advised him we would look into this area.

I reported this tip to Detective D. Glenn, who has been the detective assigned to vetting tips and discovered he had already vetted this particular tip.

Case Status: Active Investigation

On 3 March, 2020, I, Deputy Michaela James, EID 17041, was assigned to assist with the extradition of Letecia Stauch, DOB: [REDACTED] to the El Paso County Jail, located at 2739 East Las Vegas do Springs, Colorado 80906.

CHILD VICTIM

At approximately 1000 hours, I received a call from Sgt. Joshua Seiter, EID 11018, asking if I would be available to leave at approximately 1700 hours that same day to conduct an extradition. I told him I was available. He said I would be flying to Nashville, Tennessee to meet up with two detectives and would continue from there.

At approximately 1700 hours, I boarded a plane to Denver. From Denver, I flew to Nashville and arrived at approximately 2355 hours, local time. I met with detectives Mark Riley, EID 02073, and Jessica Bethel, EID 07088, approximately 10 minutes later. They were driving a silver Chrystler minivan. I was informed by Detective Bethel that Ms. Stauch was in the passenger side middle seat in full restraints (leg restraints and a belly chain with wrist restraints attached at each side). Detective Bethel also informed me that Ms. Stauch had not been sleeping and refused to eat anything but a few bites of beef jerky. I was also informed Ms. Stauch was being recorded at all times. During the drive she was being recorded by a GO PRO that was right in front of her on the front passenger seat. I was told I would be walking behind Ms. Stauch and use Detective Bethel's office issued phone to record her at all times except while inside the restroom during rest stops. After talking to detectives about Ms. Stauch's behavior, I got into the driver side middle seat, next to Ms. Stauch, and we left the airport.

During the drive, Ms. Stauch was talkative and occasionally mentioned areas she recognized. To pass the time, we listened to music and began guessing who the artists were and what the songs were called to see who could get the most correct. Ms. Stauch laughed and played the game. She stated a couple times that she was a little cold. I turned down the air for her. Ms. Stauch also began manipulating her seatbelt by locking the shoulder strap tight then unfastening the buckle.

Ms. Stauch asked me at one point during the drive how I got my gun on a plane without a box for it and mentioned TSA guidelines and that she was once a flight attendant. I told her, "There are ways" and ended the conversation. It appeared Ms. Stauch believed my gun was in my bag which I continued to let her believe and I moved my bag even further away from her than it previously was. Ms. Stauch asked me, "Your gun isn't pointed at me is it?" I had to have her repeat the question multiple times as I was unsure I heard her correctly. She repeated the question and explained that she had a

EPC SHERIFFS OFFICE
Released to: Jennifer Knight

nephew killed by an accidental gun shot and that was why she asked. I told her, "You don't have to worry about that" and ended the conversation. At our next break, I asked Detective Bethel who was sitting in front of Ms. Stauch if she heard her mention my gun and informed her that was the second time she had mentioned it. Detective Bethel had heard the comment.

CHILD VICTIM

Throughout the drive, we asked Ms. Stauch if she needed a restroom break and continued to remind her to let us know when she needed to stop. Ms. Stauch preferred rest stops instead of stopping at gas stations. We did utilize rest stops to reduce the possibility of others recognizing her in order to keep her safe. During one rest stop, Ms. Stauch fell to the ground and rolled onto her back. It did not appear as though she had tripped, but instead had fallen intentionally. She was helped up by Detective Bethel who asked her if she was okay or if she was hurt. Ms. Stauch said she was okay. Detective Bethel asked her if she wanted us to roll her sleeves up or check for any injuries. She stated she was fine and that was not necessary.

I continuously monitored the Gro Pro to ensure it was not knocked loose and or out of place. If it looked as though it was out of place, I asked Detective Bethel to adjust it. This also served as a reminder to Ms. Stauch that she was being recorded.

As we proceeded with the drive, Ms. Stauch appeared to be trying to sleep. She would close her eyes for awhile but I would then notice her looking around. She would adjust and appear to go to sleep again.

In Kansas on Interstate 70 headed westbound, on March 4th at approximately 1220 hours, I had been looking out the window of the vehicle for approximately 30 seconds when I heard a yell just before feeling a sharp pain on the right side of my head and my head hit the window. I blacked out for a brief moment but felt the weight of Ms. Stauch against me and her arms were low around my waist. I pushed her and was able to remove my seatbelt. I then stood up holding Ms. Stauch's arms yelling that she was unrestrained. The van came to an abrupt stop as I was pushing Ms. Stauch back into her seat. Detective Bethel was also attempting to subdue Ms. Stauch. After the van stopped Detective Bethel exited and opened the passenger side rear door. Detective Riley was not immediately able to assist due to oncoming traffic preventing him from safely exiting the vehicle. Detective Bethel and I gave Ms. Stauch loud verbal commands to give us her arms but she resisted and continued to yell. She was saying, "She's hurting me!" and, "She's been threatening me the whole time!" Ms. Stauch attempted to lunge at me again with her arms out reaching towards me as I was still holding her, but Detective Bethel was able

EPC SHERIFF'S OFFICE
Released to: Jennifer Knight
9/1/23 RF

to grab her and pull her back. We continued to give verbal commands as Detective Riley was able to assist in controlling her arm from the rear passenger door.

I was able to get Ms. Stauch's left arm behind her back and held it there until it was in restraints while I monitored her face to ensure she would not attempt to bite me due to her face being close to my shoulder. Ms. Stauch was placed back in the belly chain restraints and was also secured behind her back using a set of standard wrist restraints. After she was in restraints, I moved to the back seat right behind Ms. Stauch in case she attempted anything else. Detective Bethel closed the side door and moved to the front to call for backup due to Detective Riley's phone not working. While Detective Bethel was on the phone, Ms. Stauch began stating that she could not breathe. Ms. Stauch reached with her foot to the automatic button to open the side door and quickly began sitting up as the door began to open. I reached around Ms. Stauch and pulled her back into her seat. Using my right hand, I pulled Ms. Stauch's head back and placed fingers in the hypoglossal pressure points under her jaw. I applied pressure and gave Ms. Stauch verbal commands to stop resisting. As soon as she complied, I released pressure. Every time Ms. Stauch began resisting by twisting her body or attempting to pull away, I applied pressure and gave more commands to stop resisting. I attempted to de-escalate Ms. Stauch's behavior by talking to her until more officers arrived. Within minutes, deputies from the Dickinson County Sheriff's Office arrived on scene.

After deputies arrived, we removed Ms. Stauch from the van and walked her away from the vehicle to avoid the possibility of being hit by oncoming traffic. Deputy Andrew Toolin, #817, and Deputy Brandon Hurt, #807, assisted us in moving Ms. Stauch. Restraints were adjusted, checked, and double locked. We decided to place Ms. Stauch in a secure patrol car and go to a safer location off the highway. Ms. Stauch refused to walk. I placed her right arm in a MACH (Mechanical Advantage Control Hold) by tucking my right arm under her right arm and my right hand was holding onto my left bicep. Detective Bethel placed her left arm in a MACH. We carried her upper body while Deputy Hurt lifted and carried her legs. She was placed in secure vehicle belonging to Sgt. Steve Davis, #809, and taken to a safer location up the road in a parking lot of a gas station. Multiple other patrol vehicles were on scene. Medical was also called to the scene to assess Ms. Stauch due to her complaints of not being able to breathe.

While at the parking lot, EMTs stated they were unable to provide a med clearance for Ms. Stauch. The EMTs stated she would have to be taken to the hospital to be cleared. Ms. Stauch was placed back

DICKINSON COUNTY SHERIFF'S OFFICE
Released To: Jennifer Knight

in a patrol car and taken to Memorial Hospital located at 511 NE 10th in Abilene KS 67410. Upon arrival, she was lifted onto a hospital bed from the vehicle. Due to placement of the restraints behind her back, the wrist restraints were removed and she stayed restrained by the belly chain and with one wrist to the bed. I also secured the chain of the leg restraints to the guard rail of the bed using another set of wrist restraints to prevent her from kicking or attempting to escape.

While waiting for tests to be completed for Ms. Stauch, someone mentioned the bump on my head was quite large where she hit me. I was told it should be looked at in case of any injuries. I checked into the hospital and received a CT scan which came back normal. I was told I had a concussion and needed to take it easy and not to sleep until late that night. I was released and Ms. Stauch was released from hospital care.

Ms. Stauch was taken by patrol vehicle to the next county jail in Salina, Kansas for a courtesy hold. She was taken into the jail without incident. The Detectives and I went to a hotel and developed a plan for the next day to finish the extradition. We were informed that 2 more deputies were going to come to us with a marked SUV for Ms. Stauch and an unmarked patrol car. The two deputies, Sgt. Lawrence Gallegos, EID 07073, and Deputy Andrea Heredia, EID 16028, were going to ride in the SUV with Ms. Stauch and the detectives and I would follow behind with the unmarked vehicle.

As soon as Deputy Heredia arrived at approximately 0200 hours, we began preparing to complete the extradition. We briefed both deputies on the previous events. The deputies brought a smaller set of restraints and a black box. Ms. Stauch was placed in restraints and placed in the SUV. We continued the extradition and at the state line, met up with another unmarked patrol car with two more deputies. Upon arriving to the El Paso County Jail, we entered through the back door of the Sally Port. Intake deputies came out and Ms. Stauch proceeded with the booking process.

Interview Details

On Friday, February 21, 2020, at approximately 1400 hours, Nicole Mobley arrived at the Office of the Sheriff with her Husband, Randall Mobley, DOB: [REDACTED]

At the beginning of the interview, Special Agent Beutelschies spent some time building rapport with Nicole and Randall. After several minutes, Randall was excused from the interview room and I joined Agent Beutelschies in the interview room.

The interview in its entirety was transcribed by the El Paso Caounty Sheriff's Office Records Section and is attached with this supplement. The transcript was not reviewed for accuracy.

At the conclusion of the interview, Agent Beutelschies and I spoke with Nicole about conducting a pretext phone call with Letecia to find out more information about the false police report Letecia asked her to make. At that time, Nicole's telephone was being downloaded in the El Paso County Sheriff's Office Digital Forensic Unit's lab. I contacted Detective Stephan Hare and told him Nicole needed her telephone to attempt the pretext call. Detective Hare indicated the download was incomplete but that he believed he captured all the text data from Nicole's phone at that time.

I gave Nicole her phone and she attempted to contact Letecia via a telephone call and through text messages but did not receive a response in a timely manner prior to the end of the interview.

Agent Beutelschies and I asked Nicole to attempt to schedule a time to speak with Letecia if she responded to Nicole's messages and keep us informed of any developments.

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On March 3, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB.

Today I reviewed video footage from neighbors' residential cameras related to a missing person case originally taken at 6627 Mandan Drive on 1/27/2020 located in unincorporated El Paso County, Colorado. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #280.

I reviewed video footage from a home security camera system belonging to 10090 Intrepid Way. This address is located approximately 0.6 miles northeast from the original address of occurrence. There are two cameras on the residence that video footage was provided from. One of the cameras is attached to the side overhang of the garage overlooking the driveway to the residences on the north. The second camera is mounted at the front door as the doorbell and has views of the front door and partial traffic driving by north and south in front of the residence. The camera system is not a non-stop recording system, the camera is activated off a motion sensor.

There were 124 video clips provided from the doorbell, each clip was approximately 1 to 2 minutes long. There were no dates or time stamps provided with these videos. There were no vehicles or people seen associated to [REDACTED] driving by the driveway.

There were 431 video clips provided from the garage camera, each clip was approximately 10 seconds to 30 seconds long. These videos had previously been reviewed and notated in as supplemental report by Deputy collecting the evidence. There were about 20 clips from this view; from 6787591217377206268 to 6787794562603835388, showing the neighbors residence to the north. There was a vehicle in the driveway similar to the white Jetta associated to the Stauch family. There was not a clear view to find identifiers on the vehicle.

Nothing further at this time.

I reviewed video footage from a Vivint camera system belonging to 6807 Simcoe Drive. This address is located approximately 0.3 miles south from the original address of occurrence. The Vivint camera from this residence appeared to be mounted to an area above the garage. The camera looks over the driveway, facing north east and has views of traffic driving by the area of Wando Drive and Simcoe Drive. The camera system is not a non-stop recording system, the camera is activated off a motion sensor.

The video clips do not have associated dates and time stamps. There were 50 video clips provided from this residence. Each video clip was approximately 20 seconds each. This address is in a cul de sac and picks up mostly traffic driving into the cul de sac. Vehicle associated to [REDACTED] or [REDACTED] were not seen through any of these clips.

I reviewed video footage from Shell Gas Station, 4270 E Platte Ave. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #432.

This Shell gas station is located in the city of Colorado Springs, Colorado and located near the north west corner of E Platte Avenue and N Murray Blvd. The video footage from the business cameras appear to record 24/7. The video footage collected was requested for 1/29/2020 from approximately 1100 hours until 1130 hours. The following was observed while reviewing video footage.

The footage provided had seven various angles of the store and parking lot.

- Camera 5 showed footage from inside of the store facing the front door.
- Camera 6 showed footage from inside of the store facing the front door.
- Camera 12 was mounted to the front of the building on the south side of the property. The camera pointed south and showed the gas pumps and some of the traffic on Platte Ave.
- Camera 13 was mounted to the front of the building on the south side of the property. The camera pointed south east and showed the gas pumps and the intersection of Platte Ave and Murray Blvd.
- Camera 14 was mounted to the west side of the property. This camera faces towards the entrance of the carwash, the dumpster, and traffic passing through the back of the building.
- Camera 15 and 16 showed the inside of the carwash.

The video footage from all of the cameras is mostly from a timeframe of 1100 hours through 1130 hours. All of the cameras skipped frames on occasion anywhere from 10 seconds to a minute at a time. Camera 12 and 13 show footage of the parking lot and gas pump. No vehicles or people associated to [REDACTED] were observed coming through the parking lot. Traffic passing through on Platte Ave was observed but specific makes and models of vehicle could not be seen.

Camera 14 shows some vehicle and foot traffic passing through from the back of the building. No people or associated vehicles were seen around the dumpster.

The other cameras had no movement, or no one was located associated to the incident.

Nothing further at this time.

Case number: 2020-00001382

Offense: Homicide

By: Detective Mark Riley #02073

CHILD VICTIM

On 03/03/20, I, Detective Mark Riley #02073, along with Detective Jessica Bethel of the El Paso County Sheriff's Office Investigations Division, conducted follow up on this case.

After the completion of the March 2nd operation to arrest Letecia Stauch, complete search warrants and conduct interviews, Detective Bethel and I began preparing for our scheduled flight back to Colorado from South Carolina.

Earlier in the morning, Ms. Stauch had been present in a Myrtle Beach court for her extradition hearing. During this hearing, Ms. Stauch waived further hearings in regard to being extradited back to Colorado. The court ordered that Ms. Stauch must be extradited within 20 days of this hearing.

At approximately 10:12 a.m., Eastern Standard Time, I received a telephone call from Lieutenant D. Manzanilla. This call was in reference to purchasing a plane ticket for Letecia Stauch on the flight back to Colorado with Detective Bethel and I at 3:45 p.m.

Concerns were voiced to Lieutenant Manzanilla by both Detective Bethel and myself in regard to flying with Ms. Stauch, as we had not been cleared through training to fly armed. It was also a concern that Ms. Stauch was likely to do something to cause the plane to be diverted.

Lietenant Manzanilla agreed that driving Ms. Stauch was probably the best course of action. A short time later, Lieutenant Manzanilla contacted us and told us a passenger van had been rented for us to transport Ms. Stauch back to Colorado.

Lieutenant Manzanilla told us to drive straight through from South Carolina to Colorado. We asked about our lack of having proper restraints for this transport. We were advised that arrangements would be made to borrow restraints from the jail Ms. Stauch was being housed at in South Carolina.

Due to the length of the trip and Ms. Stauch's documented behavior to this point in the investigation, we recommended the transport be documented using video. A GoPro camera was purchased to document the trip back to Colorado. We also purchased food and drinks from a Walmart for the upcoming transport. This included snacks and other items which could be easily accessible and provided to Ms. Stauch during the trip.

A short time later, Lieutenant Manzanilla told us EPSO would be sending a member of the EPSO SRT to Nashville, TN to assist in the transport. Deputy Michaela James was identified as the SRT member being sent to assist in the transport.

We picked up the rental vehicle at the airport in Myrtle Beach. We planned to place Ms. Stauch during the transport, due to the vehicle not being secured. Upon getting the vehicle we checked it for child locks on the sliding doors on either side of the van and were unable to locate any.

EL PASO SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

We responded to the J. Reuben Long Detention Facility in Conway, South Carolina, where Ms. Stauch was being held. Ms. Stauch was taken from a holding cell and was changed from jail issued clothing into her personal clothing.

Ms. Stauch was placed into leg irons (which were checked for tightness and double locked). Her hands were restrained in handcuffs attached to a chain around her waist. The chain around her waist was checked for tightness and locked with a padlock. Her hands were positioned along each side of her body near the hip line. The handcuffs were checked for tightness and double locked. The keys for the padlock was in the possession of Detective Bethel and I.

Prior to being placed in the van, Detective Bethel explained to Ms. Stauch that she was in custody and she should not attempt to grab any doors or do anything without asking. She explained to Ms. Stauch the entire transport would be recorded. It was explained to her if she wanted a snack, drink, or bathroom break she just needed to ask. Ms. Stauch was told if she were to reach for a door, it would be considered an escape attempt, which we would deal with appropriately.

Throughout the transport, Ms. Stauch was offered food, drinks and breaks at rest areas found throughout the drive on the highway. When we stopped for fuel, Ms. Stauch did not want to use the restroom facilities and seemed to prefer using rest areas. Ms. Stauch had a couple of drinks but refused to eat during the trip, except for a small amount of beef jerky. We stopped at a Taco Bell and she indicated she did not wish to eat at that time. I told her she could tell me at any time she was hungry and we would stop along our route and get her whatever meal she would like. Later in the trip, she refused to eat food purchased for her at a Jack in the Box.

During a brief stop to recharge the battery of the GoPro, Ms. Stauch was afforded the opportunity to stretch her legs, and move her arms around one at a time without restraints while sitting in the van. This was recorded using Detective Bethel's work cellular telephone.

At approximately 12:00 a.m. on 03/04/20, we arrived at the Nashville, TN airport and picked up Deputy James.

As we continued the transport into Kansas, we were travelling westbound on Interstate 70 near mile marker 284. I was driving, Detective Bethel was in the front passenger seat and Deputy James was in the passenger seat behind me and next to Ms. Stauch.

At approximately 12:20 p.m., Ms. Stauch was able to slip her handcuffs and attacked Deputy James using a can of Monster energy drink. She jumped across the open portion of the passenger compartment between the seats and struck Deputy James in the head with the drink. Deputy James was able to fend off the attack and pushed Ms. Stauch back to her seat.

I rapidly pulled to the side of the Interstate and stopped the vehicle. Detective Bethel exited her door and entered the rear passenger compartment through the sliding door. During this action, multiple commands were given to Ms. Stauch to stop her actions.

Due to the high number of tractor trailers passing, I was unable to exit the vehicle safely upon stopping the vehicle. While waiting for the opportunity to exit, I observed Ms. Stauch actively resisting both Detective Bethel and Deputy James's efforts to control her. Multiple commands were given by both Detective Bethel and Deputy James to stop resisting. I heard Ms. Stauch tell Detective Bethel she would comply with her but not Deputy James. Her actions, however, did not reflect what she said. She continued to resist efforts to control her.

I gave multiple commands for Ms. Stauch to comply with the efforts of Detective Bethel and Deputy James. She did not comply.

After traffic cleared sufficiently for my exit of the vehicle, I responded to the open rear passenger door. After I exited the vehicle, Ms. Stauch's aggressive behavior escalated. When I reached the door, Detective Bethel was attempting to control Ms. Stauch while Deputy James attempted to control her hands.

I was able to gain control of Ms. Stauch's right arm by pulling it away from her torso. I applied pressure by turning the arm and bending the wrist upward.

Once I controlled her arm, Detective Bethel was able to transition control of Ms. Stauch's head and upper body to Deputy James. Detective Bethel and I were able to handcuff Ms. Stauch behind her back at this time. The handcuffs she had slipped out of previously were reapplied as well.

I attempted to call 911 but was unable to receive enough cell service to do so.

Deputy James was behind Ms. Stauch in a position to better control her. Detective Bethel exited the vehicle, shut and locked the sliding door and began searching for our exact location on her phone. Ms. Stauch began saying something about air conditioning and opened the sliding door by pushing the button to open the door with her foot. Detective Bethel stood in the open doorway, blocking any exit of Ms. Stauch from the vehicle.

Detective Bethel was able to get a call into 911 and began giving them our information. I took over the phone call to 911, while she could assist Deputy James with Ms. Stauch.

Several deputies from the Dickinson County Sheriff's Office were dispatched to our location. Upon their arrival, Mrs. Stauch was removed from the van and restraints were checked. Ms. Stauch was ordered to kneel on the ground away from the van where the restraints were adjusted by Deputy Toolin of the Dickinson County Sheriff's Office. Ms. Stauch complained of an injury to her head and that she was having a hard time breathing. I did not observe any injuries to any part of Ms. Stauch. Dickinson County Sheriff's Office Sergeant Davis secured Ms. Stauch in the back of his patrol vehicle. Ms. Stauch was placed into the patrol vehicle by Detective Bethel and Deputy James. While being taken to the vehicle, Ms. Stauch dropped her weight, causing pain to Detective Bethel's shoulder.

Medical staff was summoned to meet us off of the highway to evaluate Ms. Stauch. Ms. Stauch was transported to the gas station in a Dickinson County Sheriff's Office patrol vehicle. She was evaluated by medical staff who indicated Ms. Stauch did not appear to be having a medical emergency. A request for a medical clearance was made and we were informed Ms. Stauch would need to be taken to the hospital for a clearance.

Ms. Stauch was transported to Memorial Hospital located at 511 NE 10th in Abilene KS 67410 in a Dickinson County Sheriff's Office patrol vehicle. Upon arrival, Ms. Stauch would not communicate and appeared to be unresponsive. Ms. Stauch remained upright in the vehicle and reacted when a Dickinson County deputy applied a sternum rub. Medical staff removed Ms. Stauch from the vehicle and entered the emergency room of the hospital. During treatment, portions of her clothing were removed and/or cut off to allow medical personnel access for treatment. Ms. Stauch was secured to the hospital bed by utilizing handcuffs. Her leg restraints

were secured to the bed.

Ms. Stauch was evaluated and treated by medical staff. Tests were conducted to include a CAT scan of her head were completed.

CHILD VICTIM

Deputy James was evaluated and treated by medical staff. She was diagnosed with a concussion.

Deputies from the Dickinson County Sheriff's Office remained with Ms. Stauch while Detective Bethel and I were in contact with Lieutenant Manzanilla, who was briefed on what had occurred. We also made arrangements for the detention of Ms. Stauch in a nearby detention facility. Deputy Toolin later told me that Ms. Stauch had been talking about seeing [REDACTED] on January 27, 2020. I requested a report from him as well as any other members of his agency who heard the comments. The associated Dickinson County Sheriff's Office case number is 2020-1624.

Ms. Stauch was medically cleared and was transported to the Saline County Sheriff's Office jail located at 255 N 10th Street, Salina KS 67401. Medical staff were briefed and appropriate clearance paperwork was provided to them. A request for Ms. Stauch to be monitored and a log of her activity be maintained. The jail staff provided an observation log prior to Ms. Stauch's removal from their facility. Mrs. Stauch was housed until approximately 3:00 am (CST) when EPSO Sgt. Lawrence Gallegos and EPSO Deputy Andrea Heredia #16028 picked her up for transport back to El Paso County, CO.

After Ms. Stauch was detained in the Saline County Jail, we were ordered to stay in Kansas at a hotel and be ready to assist Sgt. Gallegos and Deputy Heredia in the continued transport of Ms. Stauch.

We were tasked with assisting Sgt. Gallegos with the transport of Mrs. Stauch from the Kansas jail to El Paso County.

On Thursday, March 5, 2020 at approximately 3:00 am (CST) I assisted Sgt. Gallegos, and Deputy Heredia with the removal of Ms. Stauch from the Saline County jail.

Detective Bethel, Deputy James and I followed behind Sergeant Gallegos in Deputy Heredia's vehicle she had driven to Kansas. During the transport Ms. Stauch attempted to manipulate her handcuffs while secured in the back of Sergeant Gallegos's vehicle. Sergeant Gallegos contacted me by phone and informed me we would be stopping to check Ms. Stauch's restraints. We responded to the Ellis County Jail at 105 W 12th Street, Hays KS 67601 for the restraint check. This happened approximately ½ hour after passing Hays Kansas, which resulted in a additional hour of travel time to the transport.

We continued to follow Sergeant Gallegos and the transport was completed when Ms. Stauch was booked into the El Paso County Criminal Justice Center at approximately 9:20 am on Thursday, March 5, 2020.

I, Deputy Rena McClellan #11022, am currently assigned to the El Paso County Sheriff's Office (EPSO) Law Enforcement Bureau, Patrol Division. On March 4, 2020, I was working in El Paso County, Colorado. Today I was temporarily assigned to the Investigations Section of the LEB.

Today I conducted follow up on the original case report that occurred at 6627 Mandan Drive located in unincorporated El Paso County, Colorado

CHILD VICTIM

I reviewed video footage from Wendy's, 7525 McLaughlin Rd. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #304.

This Wendy's is located in unincorporated El Paso County, Colorado and located near the intersection of E Woodmen Road and McLaughlin Road. The video footage from the business cameras appear to record 24/7. The video footage collected was requested for 1/28/2020 at approximately 1700 hours until 1/29/2020 until approximately 0130 hours. The following was observed while reviewing video footage.

The footage provided had five various angles of the business and parking lot. The footage appears to skip on occasion up to several minutes at a time.

- Camera 1 is mounted to the east side of the building and has views of the drive thru order box and the dumpster belonging to the business.
- Camera 3 is on the inside of the building and has views of the employee side of the counter facing the registers.
- Camera 4 is on the inside of the building and has views of the employee side of the drive thru window.
- Camera 14 is mounted to the southeast side of the building and has views of the parking lot outside of the front door and some traffic passing on Woodmen Road.
- Camera 15 is mounted to the north side of the building and has views of the exit to the drive thru and traffic passing by in the shopping center.

All of the video footage from these cameras starts at 1700 hours and end anywhere around 0115 hours until 0130 hours. During original interviews and investigation into the case it was found Leticia could have possibly passed by this area of the shopping center.

After reviewing the video footage, I was not able to locate any vehicles or people related to [REDACTED] [REDACTED] I observed two dumpsters in the video and no suspicious vehicles or people were seen by the dumpsters. I was not able to see a clear view of traffic passing on Woodmen Road, but nobody was seen on the shoulder or in the grass closest to the shopping center.

On March 4, 2020, I, Detective Jon Price #02034, was assigned to review the video surveillance footage recovered from the Kohl's store at 4910 N. Nevada Ave. The footage is of activity at the store on Monday, January 27, 2020. I am aware Leticia Stauch shopped at the Petco Store next door to the Kohl's at 11:20 am and 1:20 pm on this date.

Exterior PTZ

I was provided with a file of footage from the Exterior PTZ (Pan/Tilt/Zoom) camera. In general, the camera faces to the south. The Petco is to the north. Footage of the front door of the Petco was, therefore, mostly unavailable. The operator does move the camera around the parking lot on a regular basis.

The only footage of evidential value is a brief glimpse of the Red, Nissan Frontier at 11:27 am:

The driver's door is open, and movement is seen from an unknown individual, likely Leticia Stauch, in the driver's compartment. It is not possible to determine any other occupants or activity in the truck.

Misses Entrance

I was provided footage from the interior Misses Entrance Camera. I did not review this footage as the Exterior PTZ camera records activity in this area, and the footage is redundant.

Men's Entrance

I was provided footage from the interior Men's Entrance Camera. I reviewed from 11:10 - 11:30 am and 1:10-1:30 pm. I did not find either Letecia or [REDACTED] entering the store via this angle.

This concluded my review of the video surveillance footage.

Initial Information

On Wednesday March 4, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, reviewed the response I received from JP Morgan Chase Bank and spoke to another Chase Bank employee regarding my request for records.

JP Morgan Chase Bank Follow Up

I reviewed the document Chase Bank provided, which was an 83-page PDF.

I also received a call from Cindy with Chase Bank (ph [REDACTED]). I had faxed my request for further information to her at fax [REDACTED]. Cindy advised the ChasePay Net card I had asked about (ending * [REDACTED] was not associated to either Letecia Stauch or [REDACTED] and that I would need to submit a new court order request for those records.

Thursday, March 12,

On Thursday, March 5, 2020, at approximately 1445 hours I, Detective David Glenn, Jr., with the El Paso County Sheriff's Office Criminal Investigations Division was contacted by the Investigations Division administrative assistant Leanne Mitchell. She said a letter was delivered through the United States Postal Service containing an anonymous psychic tip in reference to this investigation.

The letter was typed and included the following message:

"This is regarding the disappearance of [REDACTED] Whenever I have asked God to bring justice in the matter, I "see" a ravine where either the crime occurred and/or where his body lies. The top part of the terrain is flat with scrub brush on the flat terrain and in the ravine. Not a lot of grass, but sparse amounts of grass with small rocks. It's like the place is on the front range.

This is sent anonymously because I don't want any attention for this."

The envelope was addressed to El Paso County Sheriff's Office Investigations at 27 East Vermijo Avenue, Colorado Springs, Colorado 80903 with no return address listed on the envelope.

The letter and envelope were entered into evidence as Item #603. A digital scan of the letter and the envelope are also attached to this supplement.

On Thursday, March 5, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

I returned back to El Paso County, CO after completing a transport of Mrs. Letecia Stauch. During the transport a GoPro and my office issued cell phone were utilized to record Mrs. Stauch.

The GoPro was given to Detective Courtney McCormack for entry into evidence (item #611). I placed the content of the iPhone onto a flash drive and entered it into evidence as item # 642.

A hard drive was collected from Myrtle Beach Detective Pete Woods on Tuesday, March 3, 2020. The hard drive was sealed in its original package and was password protected. The hard drive contained the interview of Mrs. Stauch at the Myrtle Beach Annex and other court and jail documents. The hard drive was secured and was later placed into evidence by Detective Sgt. Rosario Hubbell.

Deputy Jane Pludowski was tasked with reviewing the videos from the iPhone and GoPro. She completed a supplement for the review she did.

I will continue to document investigative efforts in additional supplements.

Today I conducted follow up on the original case report that occurred at 6627 Mandan Drive located in unincorporated El Paso County, Colorado

CHILD VICTIM

I reviewed video footage from King Soopers, 3570 Hartsel Drive. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #401.

This King Soopers is located in the city of Colorado Springs, Colorado and located in a shopping center near the intersection of E Woodmen Road and Lexington Dr. The video footage from the business cameras appear to record 24/7. There was video footage collected from the grocery store and the nearby gas station.

Video footage from the gas station was provided for 1/28/2020, 1955 hours to 2025 hours. This video footage had camera angles from six different views and overlapping views. The original investigation showed Leticia Stauch may have been driving through or by the area of this gas station on this day. Video footage primarily covers the gas pumps and the clerk. There is little view outside of this area showing traffic driving by. Leticia and any of her associated vehicles were not seen in the area of the gas pumps.

Video footage from the grocery store was provided for 1/28/2020, 1955 hours to 2205 hours. This video had camera angles from four different views. All four views were of the south side of the store, there were no views of the rear of the building. One camera titled as cam59 moved 360 degrees during the time it recorded. This camera appeared to record 24/7 and showed the parking lot and the front entry into the store. Nobody was seen walking up to the trashcan at the entryway and no vehicles associated to Leticia Stauch were seen. One camera titled as cam1 was stationary and showed the entry and exit of the store. Leticia or any family members were not seen coming in and out of the main entry.

I reviewed video footage from Starbucks Coffee, 3560 E Woodmen Rd #100. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #504. This Starbucks is located in the city of Colorado Springs, Colorado and located in a shopping center near the intersection of E Woodmen Road and Lexington Dr. The video footage from the business cameras appear to record 24/7.

Video surveillance was provided for 1/28/2020, 1945 hours to 2000 hours. There were two camera views provided. One was from the registers and the other was from the drive thru. Both cameras are inside of the building and have no view of traffic driving by the area.

Leticia or any associated family members were not seen in the store at this time. There was no view of the outside to locate any vehicles or people in the area.

On March 5-9, 2020, I, Deputy Jane Pludowski 95027 am currently assigned Modified Duty for the Investigations Division of the El Paso County Sheriff's Office, Colorado Springs, CO 80906. On the above dates, I was assigned to review camera footage for Case 2020-1382.

The videos I reviewed were to attempt to locate Ms. [REDACTED] sleeping at the ROSS Store located at 3850 Bloomington Street, Colorado Springs 80922.

The videos I reviewed is held in evidence as Item # 341.

I attempted to locate Ms. [REDACTED] on multiple cameras at the store. The following camera DVR0863 - camera channel 01, 02, 06, 07 were utilized.

I was unable to specifically identify [REDACTED] as the video footage is often grainy.

I did identify a person I believe may be [REDACTED] entering the ROSS store at approximately 01:49:42 hours on Channel 1. She is identified as long brunette hair, curly, beige long-sleeved jacket, dark skinny jeans, and flats shoes. She is carrying a white purse with brown straps. She is by herself.

I observed what appears to be a logo on the upper left shirt and although I am unable to zoom onto it, it appears it could be an employee shirt with a logo ME in white capital letters. [REDACTED] was employed by Massage Envy. I compared the logo with those of employees on the Massage Envy website. Their shirts are dark in color with the logo ME in white capital letters and the words 'Massage Envy' under them on the front left of their shirts.

I identify the above person again at 01: 59 in aisle along the checkouts on channel 6.

I identify the same person at 2:01 hours on Channel 7 standing at register 2. This person makes purchase a blue dog bed and other items and exits the store at approximately 02:01 on channel 2.

Attached to this report are several computer screen shots of the images referenced in this narrative .

A comparison of Ms. [REDACTED] financials for her purchases on 1/26/20, 1345-1530 hours may assist in positive identification, particularly the dog bed the person is carrying.

Deputy Jane Pludowski 95027

On March 5, 2020, I, Detective Jon Price #02034, was assigned to review video surveillance footage from the Native Roots Store at 3140 Santa Fe Trail in Trinidad, Colorado. The footage is from 12:00 - 1:00 pm on February 1, 2020. There are 53 mp4 files in the folder containing this footage. I determined the following seven are of evidential value:

CHILD VICTIM

1. Ch03_20200201122718
2. Ch03_20200201123714
3. Ch03_20200201123802

5. Ch03_20200201123922
6. Ch03_20200201124019
7. Ch03_20200201124123
8. Ch03_20200201124157

At the end of the 12:27 video, there is not a white van visible in the parking lot. Files for the time frame of 12:27 - 12:37 are not in the folder. At the beginning of the 12:37 video, there is a newer white van, possibly a Ford, parked in the parking lot on the right side of the screen:

The van is parked in this position through 12:41. No one comes or goes from it. Shortly before it departs, the front passenger door briefly opened and closed. I was unable to clearly see any occupants. It is obviously assumed this is the van Letecia Stauch was driving. I did not see any other possible vehicles arrive or depart during this hour time frame.

On March 6, 2020 at 8:37 am, I, Detective Jon Price #02034, was contacted by Detective Sergeant Jacob Abendschan. He told me he received a phone call last night from [REDACTED]. She attended a school function at which she learned there were reports of physical abuse made to the staff of Grand Mountain Elementary School. The reports are alleged to have occurred last fall and again two weeks prior to the disappearance of [REDACTED]. The report in January was the result of a bruise on [REDACTED] which his teacher thought was indicative of physical abuse. No report of this bruise was made to DHS. [REDACTED] teacher is [REDACTED]. Sergeant Abendschan directed me to follow up on this concern.

At 10:12 am I spoke with Mrs. Bullard-Hoitt via telephone. She stated she met with a DHS caseworker yesterday and learned that DHS had no prior reports of child abuse concerning [REDACTED] or [REDACTED].

However, Mrs. Bullard-Hoitt has learned sometime last fall [REDACTED] reported to [REDACTED] he had been physically abused by Letecia. Further, two weeks prior to his disappearance he showed bruised to [REDACTED] and reported that Letecia had caused them. [REDACTED] reported it to the school administration, but the complaint did not go any further.

Mrs. Bullard-Hoitt also stated in May, 2019 [REDACTED] suffered an injury to her upper lip. She told Mrs. Bullard-Hoitt that Letecia had rubbed her head into the carpet. This injury was seen by a substitute teacher at Webster Elementary School, [REDACTED]. Mrs. [REDACTED] is the mother of [REDACTED] friend, [REDACTED]. Mrs. [REDACTED] reported the injury to the administration of Webster elementary school. The school did not forward the allegation of child abuse to DHS or Law Enforcement.

Mrs. Bullard-Hoitt confronted [REDACTED] about this abuse. He responded with an angry text demanding that Mrs. Bullard-Hoitt apologize to Letecia for this accusation. Mrs. Bullard-Hoitt sent me a copy of this text, and two photos of [REDACTED] lip injury. She stated she had already disclosed this information to a detective during a prior interview, and that these images had already been discovered during a download of her cell phone.

Mrs. Bullard-Hoitt did not have any additional information.

I researched, and discovered both [REDACTED] and the staff of Grand Mountain Elementary School have been interviewed by Detectives Bethel

and Riley. Further, Mrs. Troutman has also apparently been interviewed by an unknown detective. Detectives Bethel and Riley are not working today. I sent Mrs. Bullard-Hoitt a text informing her of my plan to confer with Detectives Bethel and Riley, and pursue this matter further after that.

On 03/06/20, I, Detective Mike Boggs of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted additional follow up regarding this case. I responded to 6611 Mandan Drive to contact the owner of the residence and obtain additional date and time information regarding the Vivint Security Video Surveillance System at the residence. This is being done because while I was reviewing the video surveillance footage obtained from the residence, the date and time stamp on the files was not matching up to the actual time of day seen in the video files.

Upon arrival at approximately 9:10 AM, I contacted the homeowner Kenneth Mathis. I identified myself to him and explained to him why I was contacting him. I explained to him the date and time discrepancies I was seeing while reviewing the video surveillance footage and also the fact that his system was not recording all movement.

Mr. Mathis showed me the wall mounted monitor which was located on the wall to the left of the front door. I noticed the time on the monitor was the same time which was on my watch and the date was also correct. I asked Mr. Mathis if he could access the system setting so I could see what time and zone the system was set for. When Mr. Mathis opened the Settings file, I noticed the time and zone was UTC -6:00 and the time zone was US/Mountain.

As for the system not recording properly, I pointed out to Mr. Mathis that he could see my unmarked car in his current view but there was no recording of me pulling up in my vehicle or me walking up to the door. Mr. Mathis said he would contact Vivint and have someone come out and look at his system.

While I was there, Mr. Mathis' wife called Vivint and explained the problem. No recording of my vehicle appeared on the monitor, until the representative for Vivint had reset the whole system. At 9:40 AM my vehicle finally appeared in a recorded video on the wall mounted monitor.

It should be noted this was two days before Daylight Savings Time. UTC does not observe Daylight Savings Time. Therefore, it is believed the correct UTC time for the time stamps of the video files should be UTC -7:00 or 7 hours earlier.

I have no further information at this time.

Case Status: CBA

This is a supplemental narrative for EPSO Case No. 2020-00001382, Homicide.

On 3/6/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I reviewed video evidence collected by the FBI regarding this case. The video was obtained from the Best Buy store, located at 3150 New Center Point, in Colorado Springs, Colorado. The video was collected in relation to timelines associated with both Letecia Stauch and her daughter, [REDACTED]. In order to view this video evidence, I had used a Genetec Video Player I located in a file folder associated with videos collected from two different Starbucks stores for this case. An example can be found in EPSO Evidence Item #504 for this case.

I have created a document which demonstrates what I found when I reviewed the video evidence and it is attached to this report. In this narrative I will make the following comments:

- [REDACTED] white VW Jetta, bearing Colorado license number BUR-711, appears to pass in front of the Best Buy on 1/29/20 at 10:24:53.
- Backing up the video from that point, I observed the vehicle circle around the southwest side of the nearby Panera Bread restaurant, between 10:24:17 and 10:24:30. The vehicle then begins driving north, from the southeast corner of Panera Bread and passes the front doors of the Best Buy store.
- It is difficult to be sure, but the vehicle appears to be occupied by two people in the front seats. I cannot confirm who they could be when looking at this video evidence.
- The quality of the images makes it difficult to read, but in my opinion, the vehicle's license plate can be verified, especially when looking at the last three characters, "711."
- I never observed either Stauch or [REDACTED] on foot in the area, or entering the Best Buy store and they did not appear to stop at the Panera Bread restaurant.
- I never observed the black VW Tiguan associated with Letecia Stauch in the parking lot video.

The timestamp on the video appears to be generally accurate. According to information available on the internet, this Best Buy store opens at 10:00 am daily. When I was reviewing the video, I noted several people approaching the front door at 9:58 am, according to the video timestamp.

I reviewed the entire 12 hours video collected by the FBI, which covers from 1/29/20 at 12:00 am to 12:00 pm. I was able to watch the video in a faster than real time speed and still pick up on everything happening in that parking lot. The video quality is pretty good. Until I saw [REDACTED] car, I was able to rule out other similar vehicles based on the window or taillamp configuration, not having a sunroof, the headlamp assembly, the style of the wheels and several other factors. I am very confident the car I observed was [REDACTED]. During this video review, I never observed any other case related vehicles in the field of view offered by this parking lot PTZ camera.

Released To: Jennifer Knight

In the same evidence file folder provided by the FBI, there was a second video which was provided by Best Buy. It has an interior view of the store's front desk, the loss prevention desk,

which is just inside the front doors. That video covered 1/28/20, from 7:00 pm to 8:00 pm. When I reviewed that video, I didn't see anything of relevance to this investigation.

On 03/09/2020, I, Detective Timothy Ferrell, with the El Paso County Sheriff's Office (EPSO), Investigations Division, conducted follow-up on this case.

I reviewed video collected from Walmart, located at 2921 Toupal Dr., in Trinidad, CO, which contained five clips. The videos were dated 02/01/2020.

On clip #1, which is a camera view of a parking lot, a white panel van is observed entering the view from the left of the camera at 11:57 am. The vehicle parks and a person walks from the driver's side of the vehicle toward the front of the store. The person was wearing a grey long sleeve shirt, black pants, and a black backpack style purse. The person goes out of view at 12:01 pm.

On clip #2, I see the same person, wearing the same clothing, approach an entertainment counter carrying a white box at 12:12 pm. After appearing to purchase the unknown item, the person leaves the counter with the box in a grey Walmart bag.

Clip #3 and clip #4 were reviewed and nothing found.

Clip # 5 appears to show an exit door and at 12:18 pm, the person wearing the grey shirt, black pants, and carrying a backpack style purse and the store bag, exits the store through the doors after having stopped and showed security the contents of the store bag. Upon exiting, I was able to identify the person as Letecia Stauch, DOB: [REDACTED]

On clip #1, Letecia comes back into view at 12:15 pm and walks back to the white panel van which leaves the parking lot at 12:20 pm.

I took screen shots of the video and placed them on a document which is attached with this supplement.

I have nothing further.

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Tuesday, March 10, 2020, at approximately 8:00 am, I, Detective Christina Perry of the El Paso County Sheriff's Office (EPSO), was conducting follow up on this case.

Over the course of the past several days I have been reviewing video footage provided by Xfinity from the address 6643 Mandan Drive. This is the same footage I was reviewing earlier in the investigation but was unable to complete due to account limitations from Xfinity.

I began reviewing the video footage provided. The footage was formatted in three-minute video clips that were titled with a date and time. In order to get the accurate time for these video clips they must be converted to Mountain Standard Time by subtracting seven hours. I have converted all times listed in this report.

The video clips cover from January 26, 2020 at 12:10 am to January 28, 2020 at 8:44 am. 6643 Mandan Drive is on the same side of the street as the Stauch residence located at 6627 Mandan Drive, and is two houses West. There is a single camera angle that points East and captures the driveway and front yard of the Stauch residence.

I know of several vehicles that belong to the Stauchs' that I am able to identify during the video review.

The following vehicles are known to me as belonging to the Stauchs':

- Red Nissan Frontier which has a truck style body.
- White VW Jetta which is a smaller 4 door sedan.
- Black VW Tiguan which is a smaller SUV type vehicle.

When I started reviewing the clips, I observed the Frontier parked in the street, and the Jetta parked in the driveway. I separated out the clips that included any type of movement at the Stauch Residence.

Video Review

During my review I observed the following:

1/26/20 at 1:54 pm, two children who appear to be [REDACTED] (DOB [REDACTED]) and [REDACTED] (DOB [REDACTED]) can be seen playing out in front of the Stauch's Residence.

1/26/20 at 1:58 pm, an unidentified child appears to be running towards the front door of the Stauch Residence.

1/26/20 at 5:07 pm, the Tiguan backs out of the driveway and leaves the house.

1/26/20 at 9:29 pm, an unidentified vehicle pulls up to the front of the Stauch's residence. Due to the

EL PASO SHERIFF'S OFFICE
Released To: Jennifer Knight

lack of light it is unclear what vehicle it is. Taillights are visible for a minute and then turn off.

1/26/20 at 10:39 pm, what appears to be the Jetta pulls up to the residence and stops for a second. The previous unidentified vehicle appears to back up leaving a path into the driveway. The Jetta appears to pull into the driveway and the vehicle pulls forward again.

CHILD VICTIM

1/27/20 at 8:05 am, the Jetta pulls out of the driveway and leaves the residence.

1/27/20 at 10:11 am, an adult female in a white hat with black hair, that appears to be Ms. Letecia Stauch (DOB [REDACTED]) walks out to the Frontier. The frontier is pulled forward, then is backed into the driveway of the Stauch residence. Ms. Stauch appears to get out of the vehicle and walk back inside.

1/27/20 at 10:13 am, Ms. Stauch returns to the frontier with a child that matches the description of [REDACTED]. Ms. Stauch stands by as [REDACTED] steps into the driver's side back seat. Ms. Stauch appears to bend forward, stands, then walks to the driver's seat and gets in. After a few seconds Ms. Stauch gets out and walks back into the house. Ms. Stauch returns to the Frontier and gets in the driver's seat.

1/27/20 at 10 :15 am, the Frontier pulls out of the driveway and leaves the house.

1/27/20 at 2:19 pm, the Frontier returns to the residence and stops in the street in front of the Stauch Residence for approximately one minute. The Frontier pulls forward and backs into the driveway. After about 30 seconds a person that appears to be Ms. Stauch gets out of the front driver's seat. No one exits the driver's side back seat. I have reviewed this video clip multiple times at different speeds and can not determine if a second person got out of the vehicle on the passenger's side. When Ms. Stauch opens her door there appears to be a shadow that blocks the light coming from underneath the Frontier near the back seat. This occurs at the edge of the screen and is seen very briefly. This could be consistent with someone stepping out on the passenger's side of the frontier and going towards the Stauch's Garage. Ms. Stauch walks off camera in the direction of her house.

1/27/20 at 2:24 pm, the Tiguan is pulled out of the driveway, turns around in the street, and is backed into the driveway. The Tiguan is on the far side of the drive way causing the view to be blocked by the Frontier which is parked on the near side of the driveway. The shadow of the Tiguan is seen underneath the Frontier and appears to back into the garage and stop.

1/27/20 at 3:17 pm, A child that appears to be [REDACTED] walks out of the Stauch residents and walks up the street heading West.

1/27/20 at 3:20 pm, an unidentified male walks up to the transformer located in front of the Stauch residence, [REDACTED] walks up to the male and appears to talk to him. After a moment [REDACTED] walks around the Frontier and appears to walk inside. The male opened the transformer and appeared to be working on something inside of it.

1/27/20 at 3:29 pm, a child that appears to be [REDACTED] leaves her house with a bicycle. She stops in front of the house for a moment and an older child walks by her heading west. [REDACTED] then rides up the street in the direction of the other child. I am unable to determine what time [REDACTED] returned to her house. However, if she rode her bike around the block and approached the house from the east the Frontier would obscure any sight of her.

1/27/20 at 4:37 pm, the Jetta parks in front of the Stauch residence. An adult female that appears to be

██████████ (DOB ██████████) gets out of the driver's seat and walks inside the house.

1/27/20 at 4:51 pm, Two females who appear to be ██████████ and ██████████ return to the Jetta. ██████████ gets into the front passenger seat and ██████████ gets into the driver's seat. The Jetta leaves heading east.

1/27/20 at 5:33 pm, the Jetta returns and parks in the street in front of the Stauch residence. ██████████ appears to exit the vehicle and run inside. ██████████ exits the vehicle and walks inside. ██████████ appears to be carrying a grocery bag.

1/27/20 at 5:44 pm, a vehicle pulls up near the Stauch residents and backs into driveway. Because of the lighting and weather conditions I am unable to tell for sure if the vehicle backs into the Stauch's driveway or the next house down at 6619 Mandan Drive.

1/27/20 at 6:56 pm, the Frontier pulls out of the driveway, turns around in the street, and pulls back into the driveway so that it is no longer backed in.

1/27/20 at 7:21 pm, the Jetta drives up to Stauch residence and parks in the driveway.

1/27/20 at 10:09 pm, due to lighting conditions the footage is unclear. A car drives by and headlights show two people at a vehicle out front of the house.

1/27/20 at 10:17 pm, an EPSO marked patrol car parks in front of the Stauch residence.

1/27/20 at 10:32 pm, an additional patrol unit arrives and parks in front of the house.

1/27/20 at 11:16 pm, multiple people appear to walk out of the house and get into a vehicle. Lighting conditions make it difficult to identify who the people are or what vehicle they get into.

1/28/20 at 6:17 am, the Frontier is pulled out of driveway and parked on street.

1/28/20 at 6:35 am, the Tiguan is pulled forward slightly the switches back into reverse. The vehicle appears to be backing into the driveway however, the video clip cuts out and resumes a minute later. In the second clip the Tiguan is not visible.

I have nothing further at this time.

CHILD VICTIM

Initial Information

On Wednesday, March 10, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Medical Documents

At approximately 9:00 am, I received copies of medical documents from FBI Agent Kyle Pressel. The documents belonged to Mr. [REDACTED] and [REDACTED]. The documents were obtained from medical release waivers signed by [REDACTED] previously during this investigation.

Agent Pressel advised he had placed the documentation in evidence for the FBI as well.

The copies provided by Agent Pressel were placed into evidence under Item #612-614.

Go Pro Hard Drive

On Thursday, March 5, 2020, I had received a disk containing Go Pro footage and data documenting the transport of Ms. Leticia Stauch back to Colorado. I was requested to have the data placed onto a hard drive to be placed into evidence. Due to the size of the data, I requested Detective Mike Bauman assist with this task.

At approximately, 3:15 pm today (03/10/20) I was notified by Detective Bauman the hard drive was complete. The drive was placed into evidence under Item #611.

Title III Disk From FBI

At approximately 9:20 am, I was provided with a copy of the Title III Line Sheets from the FBI in reference to this case. The copy provided by the FBI was placed into evidence to allow for it to be presented to a judge at a later date.

The copy was placed into evidence under Item #615.

CHILD VICTIM

On 03/10/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office Investigations Division, conducted follow up on this case.

At approximately 4:30 p.m., I responded to 6627 Mandan Drive to collect an item found during a clean up of the home.

One of the owners of the home, Michael Webb at telephone number [REDACTED] called and relayed the following information.

During the clean up of the home, an item was found after [REDACTED] had moved from the residence. This item was described as a small card which appeared to normally hold earrings. On this card, there was a stain that appeared to be blood. This was found on the window sill in the second basement bedroom previously occupied by [REDACTED]

I responded to the address where Mr. Webb's wife, Sigita Webb was cleaning.

Ms. Webb signed a search waiver for the home and escorted me to the room where the item was located. The search waiver was later placed into the El Paso County Sheriff's Office Evidence Facility under Item #621 for this case.

I collected the small earring card. It was stained with suspected blood. This card was later placed into the El Paso County Sheriff's Office Evidence Facility under Item #620 for this case.

After returning to the Office of The Sheriff, I viewed scene photographs taken during search warrants of the home at 6627 Mandan Drive, to include the room and window sill where the card was located.

I did not observe the card in any of the photographs which included the window sill. It is unclear if the card was found on the window sill as reported, or if it was found elsewhere and placed on the sill.

Copies of the evidence invoices and the search waiver is included in this report.

Supplemental Narrative 20-1382

On 3/10/20, I, Detective Lieutenant David Manzanilla EID/07019, who is assigned to the El Paso County Sheriff's Office (EPCO) Investigations Division, conducted follow-up for this case.

CHILD VICTIM

I completed a review of video surveillance that was collected from Atlas Auto, 1925 E. Platte Avenue, Colorado Springs, Colorado; by District Attorney's Office Investigator Martinez on 2/20/20 (Evidence item# 430). The recording was from Wednesday, January 29th from approximately 10:58AM to 11:55AM. The camera faced north and covered a very small amount of E. Platte Avenue near Swope Avenue. Based on the quality of the video and placement of the camera within the business, I could only observe vehicles on the top right of the video frame going both east and west bound, on E. Platte Avenue.

Furthermore, depicted in the master timeline drafted for this investigation, Ms. Leticia Stauch DOB: [REDACTED] travelled in the black Volkswagen Tiguan as follows:

-11:00AM Departs New Center Point

-11:03AM South on Powers

-11:11AM Exits off Powers onto Space Center Dr

-11:12AM Turns Right (West) on E Platte Ave

-11:21AM Exits off E Platte Ave to E Boulder St

-11:23AM-11:27AM: Double backs on E Boulder St

-11:29AM Power Wash E Platte Ave/Bonfoy Ave

Based on this route, I concentrated my efforts reviewing the previously mentioned surveillance from approximately 11:13AM to 11:25AM. At approximately 11:19:14AM, I observed a vehicle matching the description of the black Tiguan, heading west bound on Platte Avenue, near Swope Avenue:

That said, based on the quality of the video I am not able to confirm the vehicle above was being driven by Ms. Stauch, or if this vehicle was in fact Ms. Stauch's Volkswagen Tiguan.

Today I conducted follow up on the original case report that occurred at 6627 Mandan Drive located in unincorporated El Paso County, Colorado

CHILD VICTIM

I reviewed video footage from YMCA, 3035 New Center Point. The footage reviewed was previously collected for evidence and placed into Evidence by FBI. This YMCA is located in the city of Colorado Springs, Colorado and located in a shopping center near the intersection of Tutt Blvd and S Carefree Cir. The video footage from the business cameras appear to record 24/7.

Video footage from YMCA was provided for 1/28/2020 and 1/29/2020, for various hours depending on the camera. Two different angles of video footage were provided from YMCA. Both cameras showed the front of the property, the center (west) and the north lot facing S Carefree Cir. There is some footage from the evening hours and other during the day.

Video one labeled, Outside Front Center 1 28 11p-12a, is a 9:02 minute video. This video covers a time frame of 1/28/2020 2256 hours to 0004 hours. The camera is mounted to the front of the business and has views to the west, covering the main parking lot. Vehicles associated to Letecia Stauch were not located. The view at night from this camera is visible to traffic passing in the first couple rows. Surrounding traffic is hard to see specific types or colors of vehicles.

Video two labeled, Outside Front Center 1 29 10a-1130a, is a 1:30:54 hour video. This video covers a time frame of 1/29/2020 0957 hours to 1130 hours. The camera is mounted to the front of the business and has views to the west, covering the main parking lot. Vehicles associated to Letecia were not located. Views outside of the main parking lot were not clear enough to locate specific vehicles makes and models.

Video three labeled, Outside Front Center Zoomed 1 29 20 10a-1130a, is a 1:26:47 hour video. This video covers a time frame of 1/29/2020 1000 hours to 1133 hours. This video has the same view as the previous two videos but zoomed into the northwest corner of the parking lot. At 11:17:49 a white sedan is seen coming from the round about and heading east on S Carefree Circle. This sedan is similar to the white Jetta. A license plate or persons in the vehicle cannot be seen.

Video four labeled, Outside Front North 1 28 11p-12a, is a 23:42 minute video. This video covers a time frame of 1/28/2020 2258 hours to 0624 hours. This camera shows the entrance onto the property from S Carefree Circle. Vehicle passing east and west from Tutt Blvd are not visible to see make and models of vehicles. Vehicles associated to Letecia were not located.

Video five labeled, Outside Front North 1 29 10a-1130a, is a 1:04:54 hour video. This video covers a time frame of 1/29/2020 1000 hours to 1130 hours. This camera shows the entrance onto the property from S Carefree Circle, the north end of the business and parking lot. At 11:17:49 a white sedan is seen heading east on S Carefree Circle approaching Tutt Blvd. This sedan is similar to the white Jetta. A license plate or persons in the vehicle cannot be seen. This video ends just before 1130 hours, it is unknown if the Tiguan passed through this area on S Carefree Cir.

CHILD VICTIM

I reviewed video footage from Starbucks Coffee, 6845 Mesa Ridge Parkway. The footage reviewed was previously collected for evidence and placed into the El Paso County Sheriff's Office Evidence Facility as item #576. This Starbucks is located in the city of Fountain, Colorado and located in a shopping center near the intersection of Mesa Ridge Parkway and Fountain Mesa Road. The video footage from the business cameras appear to record 24/7.

Video footage from Starbucks was provided for 1/28/2020, 1200 hours to 1415 hours. During interviews and investigation into this case it was determined Leticia should have been in the area of this shopping center on this day video was collected for. Starbucks provided video from three different angles of the business, none of these included any outdoor traffic around the business.

The three camera angles covered the front door and vehicles passing by into the drive thru, inside of the business watching the drive thru, and a view of the safe. Leticia and her vehicles were not seen passing through in the parking lot of the business or walking by.

Nothing further at this time.

On March 10, 2020, I, Detective Jon Price #02034, continued my follow-up on whether reports of the abuse of [REDACTED] and [REDACTED] Stauch were properly handled by Grand Mountain and Webster Elementary Schools.

CHILD VICTIM

I spoke with Detective Mark Riley. He stated [REDACTED] had been interviewed multiple times, but he is unsure if the question of reported abuse had specifically been asked of her. He also stated Leanne Troutman has been interviewed, although he is not sure by whom. He is aware of the allegation Letecia caused injury to [REDACTED] lip. Detective Riley indicated this report is probably an attempt on the part of Mrs. Bullard-Hoitt to gain leverage in a custody battle for [REDACTED]

I spoke with Detective Jessica Bethel via telephone. She stated she has interviewed [REDACTED] and the school administration of Grand Mountain Elementary. None of them brought up any past history of abuse, although Detective Bethel could not recall if the question had specifically been asked. Detective Bethel also indicated she thinks this report is probably an attempt on the part of Mrs. Bullard-Hoitt to gain leverage in a custody battle for [REDACTED]

At approximately 3:18 pm I spoke with [REDACTED] via telephone, and specifically asked if there was a history of physical abuse with [REDACTED]. She stated she never saw any injuries on him. He never reported to her that he was being physically abused at home. [REDACTED] stated she has been questioning herself for the past several weeks, wondering if she missed something and if she could have prevented [REDACTED] death. She seemed credible in her responses.

[REDACTED] stated she was contacted a couple of days ago by [REDACTED] who was asking the same questions.

I attempted to locate a phone number for Leanne Troutman. I was unable to find one in the case folder prior to the end of my shift.

Case Status: Active-Investigation.

This is a supplemental narrative for EPSO Case No. 2020-00001382, Homicide.

On 3/11/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

CHILD VICTIM

I went to the EPSO Evidence Facility to place two items into evidence related to this case. The items were shoes associated with the victim in this case, [REDACTED] and another pair of shoes associated with the defendant in this case, Letecia Stauch. The items had originally been collected from the victim and defendant's address at 6627 Mandan Dr., in El Paso County, Colorado on 2/13/20, by Detective N. Brklich (EPSO). The shoes were collected specifically to serve as scent articles for a specially trained working dog associated with Sergeant Dave Beyer, of the Douglas County Sheriff's Office. They were never officially entered into evidence until now, because I was making sure to keep them available for use during the several physical searches for [REDACTED]

To the best of my knowledge, the chain of custody for these items is as follows:

1. Initial collection by Det. Brklich on 2/13/20.
2. Handed off to Sgt. Hubbell (EPSO) on 2/13/20 and kept overnight.
3. Handed off to Det. Mai on the morning of 2/14/20.
4. Kept by Det. Mai, secured in the truck of his EPSO assigned car for search purposes on 2/14 and 2/15/20.
5. Handed off to Sgt. Beyer, DCSO on the afternoon of 2/15/20 and kept overnight.
6. Handed off to Det. N. Brklich midday, 2/16/20 after search for [REDACTED] using Sgt. Beyer's dog was complete.
7. Delivered to EPSO Evidence by Det. Brklich on 2/16/20 and placed into a temporary evidence locker with Det. Mai's business card posted on it. Locker #96.
8. Entered into evidence reference EPSO Case No. 20-1382, by Det. Mai, on 3/11/20.
 - a. [REDACTED] Nike shoes, black and gray, size 4.5Y entered as **item #624**.
 - b. Letecia's, "Time & Tru," shoes, gray & white, size 8W entered as **item #625**.

When I entered the shoes into evidence, I took evidence processing photos, documenting the appearance of the shoes and the tread pattern on both sets of shoes, with and without scale. I downloaded those pictures to a CD and entered it into evidence as item #627. I have attached an evidence invoice to this report.

Friday, March 13, 2020

On Thursday, March 12, 2020, I, Detective David Glenn, Jr., with the El Paso County Sheriff's Office Criminal Investigations Division conducted follow up on this case. Lieutenant Mitch Mihalko told me there were FBI Special Agents who investigated a new construction area along Lake Woodmoor Drive in El Paso County Colorado and discovered a couple small dumpsters that may have been used to conceal evidence by Letecia Stauch. Lieutenant Mihalko asked me to determine if there was any trash collected from those dumpsters from January 26-31, 2020 and what landfill that trash went to.

I spoke with FBI Special Agent David Donati, who told me the company who owned the dumpsters was Home Builder Services (HBS).

At approximately 1046 hours, I spoke with an HBS customer service representative who told me trash from the dumpsters at the new construction site along Lake Woodmoor Drive would have been collected on Tuesday, January 27, 2020, and Friday, January 31, 2020. Tangee stated the loads would have either been dumped at the Waste Management Transfer Station, located at 1965 Commercial Boulevard in Colorado Springs, Colorado, or the Waste Connections of Colorado Transfer Station, located at 3650 Bradley Road, in Colorado Springs, Colorado. Tangee told me she would try to find out where exactly the loads would have been dumped on those dates and call me back when she had that information.

On March 12, 2020, I requested DVD evidence to be returned to me regarding downloaded interviews on Case # 20-1382, Stauch, ██████████ **CHILD VICTIM**

The DVD's requested were the following:

██████████ Interview #1 / 1 disc

████████████████████ Interview #1 / 2 disks

████████████████████ Interview #3 / 1 disk

Leticia, Stauch Interview #1 / 7 disks

Nicole, Mobley Interview #1 / 4 discs

I requested these DVD's because I recently downloaded DVD's on a previous case and the District Attorney's Office was not able to open them as they were downloaded as 'zip files'. I needed to verify these Interviews were on the correct format to be viewed.

All videos were re-downloaded to .exe or .psx files. They were placed back into the evidence locker (INV 1) located at Investigation on 3/16/2020.

They are also located in the Major Case Files for case 20-1382.

I have no further information to add.

Deputy J. Pludowski 95027

On March 12, 2020, I, Detective Jon Price #02034, visited the EPSO Evidence Facility. I accessed item #337 - a sample / standard of carpeting from 6627 Mandan Drive. I removed a small piece of this sample and entered it in separately as item #628. I then resealed #337 in the original package with my initials.

The purpose of creating #628 is to provide a standard for fiber comparison.

BWC NOT AVAILABLE

CHILD VICTIM

Initial Information

On Wednesday March 12, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, I got a new search waiver signed for the parcels south of Bradley Rd and east of S Marksheffel Rd. I also received documents from JP Morgan Chase Bank and USAA Federal Savings Bank.

Waiver for Bradley Rd/Marksheffel Rd

I was directed by Detective Lieutenant David Manzanilla to get a new search waiver signed for the area immediately south and east of the intersection of Bradley Rd and S Marksheffel Rd in El Paso County, Colorado. This area is near the Lorson Ranch neighborhood and the parcels identified had a small pond on them. Lt. Manzanilla told me the owner of the property was a Russell Tutt (DOB [REDACTED]), and that Mr. Tutt worked at Nor'wood Development, located at 111 S Tejon St, Suite 222, Colorado Springs, CO 80903. I called Mr. Tutt and he invited me to meet with him at approximately 0845 hours at his office.

I explained to Mr. Tutt the Sheriff's Office wished to search that property, primarily the pond on the property, again because the ice had melted. Mr. Tutt said he was fine with that and would help the Sheriff's Office in whatever way we needed, whether to unlock the gates to the property or otherwise. I mentioned the possibility of draining the pond, and Mr. Tutt said he did not have a problem with it and would try to help when the time came if the Sheriff's Office would just call him beforehand at [REDACTED].

I showed Mr. Tutt a printed photograph taken from Google Maps to identify the property. Mr. Tutt pulled up the parcel numbers identified with the property (two separate parcels), #5500000224 and #5500000291. Mr. Tutt signed the search waiver and I placed it in evidence.

JP Morgan Chase Bank Follow Up

I received an email from Chase Bank with the final documentation regarding my court order request. The only new records provided were a letter of correspondence reference Chase Bank card * [REDACTED] for Letecia Stauch. The letter was dated March 19, 2019 and advised that the credit card was being mailed to her (4697 Farm Lake Dr, Myrtle Beach, SC), due to unauthorized transaction activity.

Pages 667-683-Loan applications from for vehicles.

Bank of America Follow Up

I received two packages by mail from Bank of America at the Sheriff's Office at approximately 1700 hours. The packages contained 1) a passcode, and 2) the production of records on disc and a signed affidavit of records. The records provided were a repeat of the Bank of America credit card account documents for the account ending * [REDACTED] between December 2019 and February 10, 2020. Tuesday, March 17,

On Friday, March 13, 2020, I, Detective David Glenn, Jr., with the El Paso County Sheriff's Office Criminal Investigations Division conducted follow up on this case.

At approximately 0922 hours, I spoke with Travis Apodaca of Waste Management on the telephone. Travis confirmed he was holding two separate landfill areas pending the outcome of this investigation and that he could continue to do so for several more months.

At approximately 1506 hours, I spoke with Tangee Hise of Home Builder Services (HBS) on the telephone, who said the same truck, #623, picked up trash from the dumpsters at the construction site along Lake Woodmoor Drive on January 27 and 31, 2020. Tangee was unable to provide any more information about where the truck dumped the trash.

At approximately 1525 hours, I spoke with Travis Apodaca on the telephone and he said there was no record of HBS truck #623 dumping trash at the Waste Management Transfer Station on January 27 or 31, 2020.

At approximately 1553 hours, I spoke with Alice Cochran at the Waste Connections of Colorado Transfer Station, located at 3650 Bradley Road, in Coorado Springs, Colorado. Alice stated HBS truck #623 dumped three loads at the following times on January 27, 2020:

0804 hours

1039 hours

1257 hours

Alice indicated HBS truck #623 also delivered two loads to the transfer station on January 31, 2020, at the following times:

0934 hours

1236 hours

Alice said all trash from the transfer station was dumped at the Waste Connections of Colorado landfill, located at 10000 Squirrel Creek Road, in Fountain, Colorado.

At approximately 1600 hours, I spoke with Julie Laughlin at the Waste Connections of Colorado landfill on the telephone and asked if she could determine what area of the landfill the trash collected by HBS truck #623 on January 27 and 31 might have been dumped. Julie said there was no way to determine where that trash was dumped inside the landfill and even if she were

able to determine a possible location, it would be within a 300-foot diameter area. Additionally, Julie stated the landfill receives approximately 1000 tons of new trash each day and the trash collected on January 27 and 31 would likely be underneath twenty feet of new trash.

This is a supplemental narrative for EPSO Case No. 2020-00001382, Homicide.

On 3/13/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

I reviewed video associated with the Lowe's store, located at 4880 N. Nevada Ave., in Colorado Springs, CO. The video was obtained by the FBI and it is in their evidence in association with their supporting case for the [REDACTED] investigation.

According to digital files and the information I could see when viewing the videos, the time reference for the videos is 1/31/20, from 1930 hours to 2130 hours. There were four separate videos, all with the same time reference. All the videos were from cameras mounted outside the store, monitoring the stores parking lot and the driveway that passes in front of the store. The cameras generally faced east but, one camera was a Pan/Tilt/Zoom (PTZ) camera mounted above the store's main entrance and it generally looked northward, along the driveway.

The quality of the videos from all four cameras was not spectacular. For vehicles that were in the driveway, or in the first several parking spaces closest to the store in the various isles, I could generally make out what type of vehicle it was, but I was never able to read any license plates. The video titles, "PL-Lumber..." was not in focus at all. About the only thing it was good for was alerting me to a car that may be coming down the driveway toward the PTZ camera. The further away from the camera the action was, the worse the quality was. There is a driveway on the east end of the Lowe's parking lot, and I could only tell if the vehicles there were cars, or trucks, or SUV of light or dark color. I could not be more specific than that.

At about 14 minutes into the videos, the sun had gone down completely and the darkness hindered my review of this video footage even further. According to timeanddate.com, nighttime started at 1850 hours on 1/31/20. Looking at the video from Lowe's titled, "PL-Center...", there is a good view of some sky in the upper righthand corner of the image. As the sun goes down and it gets darker, it was nearly completely dark at 1950 hours. Therefore, the stores timestamp for these videos is one hour ahead of real time. The actual time covered by the videos is 1/31/20 from 1830 to 2030.

When I was watching these videos, I understood the suspect in this case, Letecia Stauch, may have been to a PetCo store nearby around this time and she could have been driving or associated with a silver Nissan Altima. I have seen photographs of all the vehicle associated with this case. When I reviewed the video, I was on the look out for any of the involved vehicle. I never saw them. While watching the video titled, "PL-Center..." at timestamp 1/31/20 at 21:21:02, I observed what appeared to be a Nissan Frontier, similar in color to the one owned by [REDACTED] coming down one of the parking lot isles then turning north. I was able to follow vehicle's travel path with the PTZ camera and it parked in a darkened are of the lot. However, the parking spot it parked in looked like it could be a handicapped parking space. I compared images of [REDACTED] truck to this one and there were enough physical differences to make me thing it was not [REDACTED] truck. After the vehicle parked, I observe two people exit the truck and enter the Lowe's store. When they approached the front entrance, I observed the two people looked like an older couple, both heavy set and both with gray or white hair. The male appeared to have a white beard. I could not think of anyone associated with this case that fits this description.

I never saw any other vehicles which appeared to be involved in this case during my review

On Saturday, March 14, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, assisted with an investigation of a missing child which occurred at 6627 Mandan Dr. in unincorporated El Paso County, CO.

I reviewed the calls Mrs. Letecia Stauch placed to the El Paso County Communications Center (Dispatch). These calls were originally reviewed by me on February 2, 2020, but due to the labor-intensive investigation, I have not had the opportunity to document the calls until March 14, 2020.

There was a total of 2 calls Mrs. Stauch placed to dispatch on January 27, 2020. The following is a summary of each of the calls and should not be considered a verbatim transcription. The calls were placed into evidence as item #370.

Call number 1 was made to the emergent line in dispatch (911). Mrs. Stauch provided her address of 6627 Mandan Dr. in Colorado Springs and identified herself as Tecia. She provided the following phone number: [REDACTED]. Mrs. Stauch stated she was not sure if she should call the emergent line or not. She continued stating her son was supposed to be home at 6:00 and it was almost 7:00. Mrs. Stauch told the dispatcher she checked her son's friends houses and was told he was not at their homes and never came to his friend's homes. She said she did not know any other people to call and ask. Mrs. Stauch stated she contacted her husband and told him she was contacting the police because she did not know anyone else to call. Mrs. Stauch told the dispatcher her son is only 11 years old. Mrs. Stauch identified her son as [REDACTED]. During the call Mrs. Stauch said she could barely drive and needed to park her car. The dispatcher informed Mrs. Stauch she had the information in and would need to ask her multiple questions. The dispatcher asked Mrs. Stauch to contact the non-emergency line and provided her with a phone number. Mrs. Stauch repeated the phone number and was instructed to call the non-emergent number.

Call number 2 was made to the non-emergent line in dispatch. Mrs. Stauch informed the dispatcher she was instructed to call after calling 911. She stated her 11-year-old son was supposed to be home at 6:00 and it was only 7:00. Mrs. Stauch stated she checked with his friends and he was never there. She provided the dispatcher with the same address and identified her son as [REDACTED] with a middle name of [REDACTED]. Mrs. Stauch told the dispatcher he was last seen around 3:30 and 4:00 and was supposed to be back home at 6:00. When asked about nicknames, Mrs. Stauch said [REDACTED] family calls him [REDACTED]. She provided the dispatcher with a description of [REDACTED] and gave approximate height and weight. She told the dispatcher [REDACTED] date of birth is [REDACTED]. She did not know his social security number. Mrs. Stauch stated [REDACTED] was wearing a blue zippered jacket and had on jeans. She told the dispatcher [REDACTED] takes Vyvance for ADHD and does not suffer from any other disabilities. She denied [REDACTED] using drugs or alcohol. The dispatcher asked Mrs. Stauch if [REDACTED] had a cell phone. Mrs. Stauch confirmed he did and told the dispatcher they had not been able to locate it in the house. She provided the dispatcher with [REDACTED] phone number: [REDACTED] with AT&T being the provider. When asked if the phone was equipped with a tracker, Mrs. Stauch said it should be. The dispatcher asked Mrs. Stauch if

she was [REDACTED] mother. Mrs. Stauch stated she was his stepmother. The dispatcher asked Mrs. Stauch for her email address. Mrs. Stauch provided the email: [REDACTED].

[REDACTED] The dispatcher asked if this had ever happened before. Mrs. Stauch said no but added there were some things that happened last night. She said her husband could tell the officer about it, but [REDACTED] has never been in trouble. The dispatcher asked if there were any suspicious circumstances today. Mrs. Stauch explained her husband contacted her and said [REDACTED] was talking about a friend wanting to play games and was asking about bath salts. The dispatcher asked Mrs. Stauch what steps had been taken to locate [REDACTED]. Mrs. Stauch reported they went to the neighbor's houses where [REDACTED] usually plays and her daughter checked a park. The dispatcher asked Mrs. Stauch if [REDACTED] was associated with any gangs. Mrs. Stauch said not that she was aware of. The dispatcher asked who the last person was to see [REDACTED]. Mrs. Stauch said, "uh I guess me". The dispatcher asked where [REDACTED] was the last time he was seen. Mrs. Stauch stated he was in the house and explained she was working out. She said it was the same thing as every other day she told the dispatcher they have to play outside everyday for a certain amount of time before they are allowed to have technology. The dispatcher asked if [REDACTED] left with a bicycle or skateboard. Mrs. Stauch said [REDACTED] bike was here and he did not have a skateboard. The dispatcher asked if [REDACTED] was with anyone when he left. Mrs. Stauch said she did not know because she was in the house. She added her husband lets him walk around the neighborhood and she did not even know any of the parents. When asked if [REDACTED] carried any weapons Mrs. Stauch said she was not aware of it. When asked if [REDACTED] had any history of mental illness or violence Mrs. Stauch said no. The dispatcher advised Mrs. Stauch she would send a deputy when they were available and concluded the call.

I will continue to document other investigative steps conducted for this case in additional supplements.

Extradition - Leticia Stauch

CHILD VICTIM

On March 16 - March 19, I, Deputy Jane Pludowski 95027 was assigned a modified duty assignment at the Investigations Division of the El Paso county Sheriff's Office.

Initial Brief

Sergeant Hubbell and Detective Bethel asked me to go over video footage on the extradition of Mrs. Leticia Stauch; Herein referred to as 'Leticia'.

I began Reviewing "GO PRO" videos of the extradition transport of Leticia Stauch DOB: [REDACTED] from South Carolina to Colorado Springs, Colorado. Mrs. Stauch was being extradited on the charges of first-Degree Murder.

The video dates referred to in this report are accurate. The timestamps referred to do not necessarily reflect the actual time of events but coordinate with the Downloaded Video for reference points. This was due to a technical error when setting the GO PRO.

Assignments

Detective J. Bethel - Transporting Detective - Primary

Detective M. Riley - Transporting Detective

Deputy M. James - Transport assistant / SRT member

On March 3, 2020 Detectives Bethel and Riley arrive the J. Reuben Long Detention Center 4150 J. Reuben Long Ave, Conway, SC 29526. They will be extraditing Leticia Stauch to the El Paso County Jail located at 2739 E. Las Vegas Street, Colorado Springs, CO 80906.

Upon Detective Bethel and Riley taking custody of Leticia, she was restrained in a belly belt and leg restraints. Detective Bethel notified Leticia she would be on camera the duration of the trip. While adjusting the cameras view, Detective Bethel stressed to Leticia not to reach for anything and any attempt to reach for the door would be considered an attempt to escape and handled accordingly. Leticia responded, "OK." Detective Bethel also encouraged Leticia to ask either of them for water, food, and restroom.

Letecia's seat belt is off. Letecia is sitting with her knees bent on the seat. Detective Bethel and Riley reenter the van. No words were exchanged between Letecia and Deputy James while detective Bethel and Riley were outside of it. At 0946 they are back on the highway. Siri announces 395 miles to the destination.

START OF FIGHT /1202

EVIDENTIARY

Letecia's seatbelt is off. She leans forwards, close to floor as if she's grabbing or reaching downward for the unopened monster drink can, she moves back slightly.

1241: Letecia sits up some, leans forward, then back. Her face appears strained; struggling. This is when she pulls her right hand out of the handcuff. Letecia leans back, turns her head towards Deputy James and stares at her.

Letecia's left shoulder drops, her right shoulder level; gripping can. Letecia leans forward some and places her knee down off the seat to assist with her momentum. She can push from her feet.

12:49 -12:51 Letecia turns her torso towards Deputy James lunging toward Deputy James in one motion bringing her right hand up and back striking Deputy James on the left side of her face with the Monster Drink can. Both Letecia's hands are free of restraints. Her left-hand pushes Deputy James back. Deputy James carried her weapon on her right side which is closest to Letecia's left hand. This 'initial assault' takes approximately 3 seconds. However, Letecia continues to resist.

12:52 - 12:59 Deputy James reacts, pushing Letecia backward with right her right elbow. The two are struggling, Letecia appears to be reaching towards Deputy James weapon. Deputy James is trying to maintain control of Letecia's hands as Letecia attempts to overpower Deputy James.

13:05 - Detective Bethel pulled over, exited the driver's side, and approaches the passenger side sliding open the passenger side van door. Detective Bethel immediately brings her left arm around Letecia's chin, grasping it in a hypoglossal hold to maintain control of Letecia's fighting. She and Deputy Riley are attempting to get Letecia's hands secured with handcuffs. Letecia keeps pulling away, Detective Bethel ordering Letecia, "Give me your arm!" Letecia responds, "I will, with you, but not her, she (referring to Deputy James) keeps on threatening me this whole time." She repeats this several times. Repetitive orders are given to Letecia as she continues to stiffen and resist restraint efforts. Letecia continues, "She shouldn't be doing me like this." Detectives Riley and Bethel handcuff Letecia with handcuffs behind her back.

Continuation Start of Fight / 1202 / EVIDENTIARY

1601: Detective Bethel tells Detective Riley, "Call 911 get a car out here now!"

Letecia states, "Don't put her near me, she done nothing but hoe the hole trip." Detective Bethel tells

Letecia, "Stop." Detective Betel checks Letecia's leg restraints. While doing this Deputy James tells her to lean back, she doesn't want Letecia to lean forward while Detective Bethel is leaning down.

17:20 Letecia states, "I don't have a problem with her, I never have."

1220 / 911 call.

CHILD VICTIM

00:28 Letecia asks, "Can you turn air on?" Letecia states she asked Deputy James for help to put the air on and that Deputy James had been nothing but mean to her the whole day.

00:57 Letecia is sitting on the seat and says, "I can't breathe. Open it so I can breathe that's all I want to do is breathe." Letecia gets the van door open by pushing the button with her foot. Detective Bethel returns to the side door re-securing the seat belt and checking restraints. She orders Letecia to 'stop'.

Deputy James applies a hypoglossal to keep Letecia with her back against the seat. Deputy James explains she will not apply pressure if she is compliant.

03:14 Detective Bethel is on the phone with 911 and identifies herself and who she is transporting. Approximate location is given. She explains the suspect Letecia Stauch slipped her handcuffs and assaulted a deputy and tried to escape. Letecia tries to interrupt saying she did not try to escape, she just wanted air.

03:14 Detective Bethel requests a Code 3 response.

0:08 Kansas State Patrol and Saline Kansas deputies arrive on scene.

09:27 Letecia is removed from the van so her restraints can be adjusted properly.

Letecia is placed into a marked Kansas police unit. Medical arrives on scene to evaluate Letecia. Detective Bethel remains with Letecia for the drive to the Kansas jail facility.

100015 - Letecia Stauch will be housed at the Saline Kansas County Jail located at 255 N 10th Street, Saline, Kansas 67401 until transport arrangements can be made.

GO PRO is switched off.

Initial Information

CHILD VICTIM

On Tuesday, March 17, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Text Plus Update

Over the past several weeks, I have attempted to contact Textplus regarding warrant #20-642. As of the dated of this supplement I have not received any returns from this company regarding this warrant. The original warrant was served to their law enforcement email on 02/25/2020. A second attempt was made on 03/03/2020. On 03/11/2020 a phone call was made to their law enforcement phone line and a message was left regarding the warrant. No emails or phone calls have been returned. On 03/16/2020, a third attempt was made to serve the warrant to the site. This time a confirmation email was returned advising the case was issue #998 but no further information was provided.

Spartan Nash Update

Over the past several weeks, I have attempted to contact Ms. Kathleen Mahoney with Spartan Nash regarding warrant #20-448. Ms. Mahoney previously advised they would have the returns sent around March 7, 2020. Ms. Mahoney was again contacted on 03/16/2020. Today, I received the following email from Ms. Mahoney.

Thanks for your patience. As a company that distributes food and operated grocery stores you can imagine all of our focus has been on getting food to the shelves.

That being said, we are sending you documents this afternoon, which is not a complete set as we are working through the last of the emails. There will be in excess of a box of copies of personal emails, and to the extent they still exist, the emails showing what emails were captured by the filter the company uses (proofpoint).

You will see that all the emails say they are to Dottie Woodruff. She is our admin in legal and the way we can get the emails to the printer is to send them to her for printing.

You will also be receiving info on the browsing history during the relevant time period.

Thanks again for your understanding and hope this finds you well.

An additional email was received from Ms. Woodruff advising the following:

Two paper boxes of physical documents have been sent with UPS for delivery to you on Thursday. The majority of the documents are personal weekly email subscriptions. There is a red rope in one of the boxes that contains other types of personal emails and contact information. As Kathy stated we are actively processing additional documents for sending to you.

On its arrival the documents provided from Spartan will be documented and placed into evidence.

Amazon Update

Over the past several weeks, I have attempted to contact Amazon regarding warrant #20-577. This warrant was mailed to Amazon per their request on 02/19/2020. It was again provided digitally on 03/03/2020 with an email requesting an update. Today, 03/17/2020, Amazon was again contacted via their law enforcement email requesting an update.

At approximately 10:11 am, I received an email from Ms. Loren Summers with Amazon providing my return information.

I conducted a review of the information and noticed the returns do not have information past 04/25/2019. I contacted Ms. Summers and requested more information on why the returns stopped at that date.

A separate supplement will be conducted at a later time regarding that information.

VW Jetta Warrant (20-865)

At approximately 9:00 am, I appeared in the Office of Honorable Judge Denise Peacock. Judge Peacock reviewed the search warrant for information regarding:

**A White VW Jetta bearing license plate #BUR711 and VIN # [REDACTED]
This vehicle is registered to [REDACTED] and primarily utilized by Ms. [REDACTED].
The vehicle is located at the El Paso County Sheriff's Office Evidence Facility, located at 2749 East Las Vegas Street, Colorado Springs, CO 80906 and any Jewellery located in this vehicle.**

At approximately 9:22am, Judge Peacock approved and signed the warrant.

At approximately 9:30 am, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-865.

The warrant was provided to Detective Jessica Bethel to execute.

Wednesday, March 18,

On Wednesday, March 18, 2020, at approximately 0830 hours, I, Detective David Glenn Jr. of the El Paso County Sheriff's Office Criminal Investigations Division, conducted follow-up on this case in reference to a tip that was received through the EPSO Tip Line indicating Kenneth Francis, of Myrtle Beach, South Carolina, previously dated Letecia Stauch and may have information about her.

I spoke with Kenneth Francis, DOB: [REDACTED], on the telephone. Kenneth stated he met Letecia Stauch in 2010 while they were on a softball team together in 2010 in Myrtle Beach, South Carolina. Kenneth said he and Letecia began dating each other within a few months of meeting and remained in a romantic relationship for approximately six months.

Kenneth stated Letecia and [REDACTED] moved in with him after they dated for approximately four months, but things quickly began to deteriorate between them, and the relationship ended two months later. Kenneth recalled Letecia often asked him to babysit [REDACTED] during their breakup so she could go on dates with other men. Kenneth said Letecia once snuck up on him and attacked him from behind, putting him into a chokehold and biting him on the back. Kenneth told me Letecia was charged criminally for the incident, but he did not know the outcome of the case.

Kenneth said, approximately nine months after he and Letecia broke up, a police officer arrested him at home for assault. Kenneth said the officer told him it was because he assaulted Letecia earlier that day, but Kenneth stated he had not had any contact with her for approximately nine months. Kenneth told me the case was eventually dismissed.

Kenneth said he could not remember most of the details regarding his relationship with Letecia because it had been so long since they dated but remembered a time when he drove Letecia, [REDACTED] and one of [REDACTED] friends to Disneyland for a vacation. Kenneth recalled getting into a big argument with Letecia which resulted in the vacation ending early.

I captured my interview with Kenneth on a digital recorder and transferred a copy of the recording to a compact disc. I entered the disc into evidence as Item #659.

On Wednesday, March 18, 2020, at approximately 1300 hours, I, Detective David Glenn Jr. of the El Paso County Sheriff's Office (EPSO) Criminal Investigations Division, conducted follow-up on this case in reference to a tip that was received through the EPSO Tip Line indicating a hiker found some hair along the Spruce Mountain Trailhead in Douglas County, Colorado.

I spoke with the reporting party, Cayla West, DOB: [REDACTED], who stated she was hiking along the Spruce Mountain Trail near Paddock's Point on February 16, 2020, between 1100 and 1400 hours, when she found a tuft of long dark hair sticking out of the snow. Cayla dug the hair out of the snow and collected it. Cayla stated she still had the hair inside a Ziploc bag at her residence in Colorado Springs, Colorado.

According to information listed on the following websites:

[REDACTED] Paddock's Point is located approximately one mile west along the trail from the east entrance to the Spruce Mountain Open Space located on Spruce Mountain Road. Additionally, there is an approximate 300-foot elevation gain between the east trailhead and Paddock's Point.

I discussed this information with Detective Sergeant Rosario Hubbell and the determination was made to collect the hair as a precautionary measure.

I contacted the EPSO Communications Center and requested a patrol deputy to be dispatched to Cayla's residence at 3310 Glade Court to collect the hair sample and enter it into evidence.

On Wednesday, March 18, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

At approximately 4:28 pm, Detective Mark Riley and I received a text message from Lt. Mitchell Mihalko requesting we contact Lt. Scott Jones (██████████) with the Santa Rosa Sheriff's Office in Santa Rosa County, FL reference a dumped body.

I contacted Detective Riley, who said he would contact Lt. Jones for me because I was out of the office.

Detective Riley later contacted me via telephone and told me he believed the dumped male juvenile was ██████████. Detective Riley informed me the physical description of the child in addition to the fact he was in a green or grey suitcase and the bedding that was with him made Detective Riley believe the child was ██████████. I responded to the Office of The Sheriff to further assist in the investigation.

Detective Riley received photos of the scene where the child was found and of the child while an autopsy was being performed on him. I viewed the photos with Detective Riley. The bedding found with the child appeared to be the exact same bedding and blanket that was missing from the Stauch home that searchers had been looking for. The suitcase matched the description of the suitcase ██████████ reported may be missing. The child was a white child with longer dark hair similar to ██████████ and was thin just as ██████████ was. The child had two large front teeth with a distinctive gap in between them just like ██████████. Based on all of the information I received and viewed, I also believed the child found deceased and dumped in a suitcase to be ██████████.

Detective Sgt. Hubbell coordinated with the coroners in both counties to transfer medical documents to assist in identifying the child. The results were not immediately available.

Lt. Jones reported ██████████ was discovered by a road maintenance crew who was conducting work on the Escambia River bridge off of Hwy 90.

During one of the pretext phone calls, Mrs. Stauch was providing an explanation of where she thought ██████████ was. She told ██████████ something to the effect of she believed ██████████ was abducted and authorities needed to look along a certain interstate. I do not recall the exact interstate Mrs. Stauch stated, but do recall ██████████ clarifying with her which roadway she was talking about. ██████████ mentioned the roadway was located on the east coast of the United States.

I will continue to document investigative efforts in additional supplements.

CHILD VICTIM

On 03/18/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted follow up on this case.

At approximately 4:28 p.m., Detective J. Bethel and I received a text message from Lt. Mitchell Mihalko requesting we contact Lieutenant Scott Jones [REDACTED] with the Santa Rosa Sheriff's Office in Santa Rosa County, FL reference a dumped body they were investigating.

A short time later I called Lieutenant Jones and obtained the following information. A body was discovered in their jurisdiction on 03/17/20. A green suitcase had been found under the east bound side of the Escambia River Bridge on U.S. Highway 90. The body was inside the suitcase with bedding items. The body appeared to be that of a 11-12 year old male. Clothing on the body included a blue Spalding jacket, Minecraft t-shirt and sweatpants with white stripes down the legs. Lieutenant Jones also described a shark and anchor pattern set of bedding.

Detectives of the Santa Rosa County Sheriff's Office determined there were no missing children within their jurisdiction which matched the description of the body found. Lieutenant Jones explained they had seen the story of [REDACTED] on national news and believed the body found could be [REDACTED]. They reached out to our office with the information about their incident.

Upon hearing the description of the suitcase, bedding and clothing, I advised Lieutenant Jones I believed it may be [REDACTED]. He advised me photographs were taken and he would send them to me via email.

At approximately 5:37 p.m., I received two emails from Collen Burt, the Crime Analyst for the Santa Rosa County Sheriff's Office. These emails each contained one PDF file of photographs collected. The first email contained the photographs of the scene under the Escambia River Bridge. The second contained photographs from the autopsy conducted.

The photographs of the scene documented a Briggs & Riley green suitcase, a pillow with a predominately blue and white pillow case with a shark pattern on one side and anchor pattern on the other. One blanket found inside the suitcase matched the pillow case, with a anchor pattern on one side and a shark pattern on the opposite side. The second blanket is a red, green black and white. The pattern has designs similar to snowflakes.

The bedding items documented in the photographs match bedding in [REDACTED] room which were photographed prior to the incident.

The photographs documenting the body show hair and teeth similar to [REDACTED]. The child had two large front teeth with a significant gap in between them just like [REDACTED]. Photographs taken

prior to the incident were compared with the photographs sent from Florida. Based on this comparison, and the matching bedding, I believed the body was [REDACTED]

This information was relayed to Detective Sergeant Hubbell who coordinated with the Medical Examiner in Florida to transfer relevant medical documents to assist in identifying the child. The results were not immediately available.

On 03/19/20, I received an email from Santa Rosa County Sheriff's Office Detective Jason Yoder containing a report he generated for his involvement in finding the body. A copy of the report is included with this report.

The photographs received were later placed into the El Paso County Sheriff's Office Evidence Facility under Item #702 for this case. A copy of the evidence invoice is included with this report.

Missing Person

On Wednesday, March 18, 2020, Detective Sergeant Rosario S. Hubbell of the El Paso County Sheriff's Investigations Division Major Crimes Unit, conducted follow up on case 2020-00001382.

Initial Brief - approximately 5:00pm

I was informed by Detective Riley that a Florida Law Enforcement Agency, Santa Rosa Sheriff's Office, was working a body dump of an unknown juvenile and thought there might be similarities to the case the El Paso County Sheriff's Office was investigating with [REDACTED] as the victim. I requested Detective Riley continue contact with Santa Rosa S.O. and I would contact the Medical Examiner to determine their status.

Phone call to Florida Medical Examiner's Office - approximately 5:30

I contacted Steven Caudill of the Florida Medical Examiner's Office and explained my reason for calling. Mr. Caudill was familiar with the case and asked if a profile for [REDACTED] had been entered in CODIS as a missing person. I told Mr. Caudill I believed that had been completed and that I would follow up via email. He also requested some biographical information on [REDACTED] as well. Mr. Caudill explained the body had heavy decomposition and at this time they did not have positive identification but an entry in CODIS as well as Dental records, if available, would help with their identification process.

I asked how long this identification process would take and Mr. Caudill referred me to the Director of the 1st Judicial district, Dr. Jeff Martin. I thanked Mr. Caudill for his time and ended my phone call. I contacted the Colorado Springs Metro Crime lab and confirmed that [REDACTED] DNA profile was entered into CODIS. I then copied the biographical information requested by Mr. Caudill and sent him an email providing him with [REDACTED] biographical information and that his DNA profile was in CODIS.

Phone call to Dr. Jeff Martin - approximately 5:40

I contacted Dr. Martin via cell phone. I did not get an answer and left a message, my phone call was immediately returned. I spoke to Dr. Martin and he was familiar with the Santa Rosa case and suggested that sending dental x-rays could help with an Odonatological identification. He explained the body's decomposition was fairly heavy and dental records might be fastest way to gain a positive Identification. Dr. Martin estimated he could have an answer the next morning if I could get him the records tonight. I took down Dr. Martin's contact information and said I would send him the requested information as soon as possible. I thanked Dr. Martin for his time and ended my phone call with him. I then completed and email and attached the dental record and x-rays of [REDACTED]

I made a follow up call to Dr. Martin to let him know I sent him an email and that the attachments I sent were not able to be opened by myself. Dr. Martin told me he would be able to view them and said he was familiar with file extension .pano that I mentioned. He informed me that he did not have anybody available to look at them now but would have them looked at in the morning.

Follow up phone call to Dr. Jeff Martin on Thursday March 19, 2020

I did not hear from Dr. Martin in the am and made a follow up call to him. During our discussion he informed due to the high-profile nature of the case his ME (Medical Examiner) was not comfortable making a positive ID by the dental records. Dr. Martin told me he understood his ME's concerns and agreed with a decision to follow up with attempting to develop a DNA profile and run the profile against

CODIS for any matches. Dr. Martin was uncertain how long that would take but believed we could get an answer by the end of next week. I talked to Dr. Martin about the x-rays and he told me he viewed the ones I sent and compared them to the x-rays they took. He believed he saw a match and that I too could see it if I looked at the x-rays. Dr. Martin sent me the comparisons they completed. I told Dr. Martin this was definitely a high-profile case and I knew his office would be receiving inquiries from the news media. I expressed my concern of news of ██████ being located being released before a formal identification occurs. I explained we would like to let the family know prior to any release. Dr. Martin explained their process and said they would not release any information about identification and saying this was ██████ Dr. Mating and I did talk about the x-rays and how they appear to definitely match. Dr. Martin said his office would be willing to release that a tentative ID has been made but this case is an active investigation and no information would be released until a formal ID has been made.

At approximately 12:00 pm, I appeared in the Office of Honorable Judge Laura Findorff. Judge Findorff reviewed a search warrant for information regarding:

An Apple iPhone in a purple Merkury case, utilized by Ms. Leticia Stauch. The iPhone is currently located at the El Paso County Evidence Facility.

This warrant is for Ms. Leticia Stauch's cellular phone that was located with her upon her arrest in South Carolina.

At approximately 12:12 pm, Judge Findorff approved and signed the warrant.

At approximately 12:30 pm, the warrant was turned into the Court Clerk for further processing.

The warrant was assigned number 20-890.

This warrant was provided to the EPSO Digital Forensic unit to execute.

Initial Call

On Thursday March 19, 2020, at approximately 3:00 pm, I, Detective N. Brklich responded to 2749 E. Las Vega St, EPSO evidence facility, to execute a search warrant on a white Volkswagen Jetta. The purpose of the warrant (20-865) was to search for any jewelry remaining inside the vehicle.

During the execution of the warrant digital photographs were taken of the vehicle and items found.

The photos were later burned to CD and placed into the EPSO evidence facility reference Item # 708.

Additional Information for Evidence Item 301 **CHILD VICTIM**

On 3/19/20 at approximately 1625 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), reviewed my evidence submissions for EPSO cast 20-1382. Evidence item number 301, which I initially reported I began downloading on 2/11/20, was video surveillance from 8005 Fountain Mesa Road (Snack Shack).

I picked up that evidence the following day, 2/12/20, at approximately 0730 hours, and later entered it into evidence that day.

On Thursday, March 19, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

I met with Angelina Gratiano with the District Attorney's Office along with FBI Agent David Donati. The purpose of this meeting was to collect all physical evidence concerning the Title III warrants executed on Mrs. Stauch's telephones and bring it to Chief Judge Bain for sealing.

I collected the two warrants which were signed for Mrs. Stauch's phone and EPSO evidence # 615, a disk containing Title III Line sheets from the FBI. The disk was collected by Detective Courtney McCormack and entered into evidence previously. None of the content of the disk was retained for any purpose. The release of evidence item #615 was documented by evidence technicians and the associated paperwork is attached to this report.

I collected relevant evidence items from Agent Donati and completed an evidence sheet for the transfer of the items. The evidence sheet is attached to this supplement. The following is a list of all the items collected from Agent Donati:

"1D2 Bluera y Disk"

"1D4 DVD"

"1D5 DVD"

"1D6 Bluera y Disk"

All the collected evidence items and the two Title III warrants were taken to Chief Judge Bain and placed in an envelope which was sealed. Ms. Gratiano completed paperwork sealing the contents of the envelope. The envelope was stored at the El Paso County Court house.

I will continue to document investigative efforts in additional supplements.

CHILD VICTIM

Initial Information

On Friday March 20, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, continued to follow up on the vehicle Letecia and [REDACTED] used to travel from Colorado to South Carolina by issuing a court order to Budget Truck Rental, followed by a search warrant for the vehicle itself.

Court Order to Budget

At approximately 0930 hours, I presented to the Honorable Judge David Price in Division 2 of the 4th Judicial District a court order for the following:

- **Avis Budget Group, Attn: Subpoena Compliance, 6 Sylvan Way, Parsippany, NJ 07054**, to order the production of records relating to any rentals in the name of Letecia Stauch or [REDACTED] or any rentals associated with Letecia's American Express card debits, from 1 January 2020 to current date.

Judge Prince reviewed the court order and signed it without change. I also presented a request and order to seal the court order, signed by DA Michael Allen. The court order was submitted to the court records office, 20-901.

I served the court order in person by first responding to Budget Truck Rental located at 3930 Galley Rd in Colorado Springs, after talking with employee Irene B. at the phone number associated with this location (ph [REDACTED]). I learned when I arrived that the business had been moved to 1207 S Nevada Ave in Colorado Springs. I reached this location at 1030 hours and met with Irene.

Irene looked up Letecia Stauch and could not find any records for her location, but called an associated (Josh) at the Budget Truck Rental located at 140 E Garden of the Gods Rd. Josh confirmed the rental agreement was signed at his location and he had the records available.

I arrived at the E Garden of the Gods location at approximately 1100 hours. Employee Josh Johnson provided me the rental agreement for Letecia Stauch, which consisted of five pages. Josh also provided me Todd Heller's phone number, and advised Todd, the area manager, would be able to give me the current location of the vehicle.

Budget Truck Rental Documentation

The following is a summary of the information provided in the rental agreement employee Josh provided me:

CHILD VICTIM

Page 1) Rental Agreement. One-Way, Personal. Customer: Letecia Stauch, driver's license SC * [REDACTED] Rental Period 2/1/20 0815 hours to 2/5/20 0815 hours. Destination: Six Star Rentals LLC 617 E Dallas Rd, Grapevine, TX 76851. Employee: JohnJG. Rental information: Cargo van, 4 days. Total \$679.41.

Page 2) Rental agreement terms initialed and signed by Letecia Stauch.

Page 3) Rental agreement for Letecia Stauch, one-way-personal, picked up from 140 E Garden of the Gods Rd in Colorado Springs. Rental period from 2/1/20 0815 hours to 2/5/20 0815 hours. Vehicle #911739. Other charges discussed (such as extra days). Initialed and signed agreement by Letecia Stauch.

Page 4) Vehicle identified as a 12' truck, weighing 10,050lbs, MSRP \$26,000. Insurance company advisement acknowledged by Letecia Stauch's signature.

Page 5) Vehicle identified by Budget Truck #911739, license plate #3DM837. (I spoke to Josh and Todd about which state the vehicle was registered in and learned it is an OKLAHOMA plate.) Reference #1808231508037. This page contained notes on preexisting damage to the vehicle. The mileage going out was 10,341. Letecia Stauch signed this page and dated it 2/1/20.

I then had EPSO Dispatch run the vehicle in the Oklahoma's motor vehicle records. I learned the vehicle was identified as a **white 2019 Ford Transit van, bearing OK plate [REDACTED]** [REDACTED] registered to Avis Budget Group.

I then called Todd Heller. He advised me the truck was returned in Myrtle Beach on 2/6 to "East Coast" at 1400 Cannon Rd, Myrtle Beach, SC, phone number [REDACTED]. Todd was able to see that the vehicle had been rented out four times since its return to that location, but the last record showed it in that dealer's lot since February 26, 2020. He also requested I talk to the corporate security manager, **John Wotton** (ph [REDACTED] [REDACTED]). Todd advised he had already spoken to John and John should have left me a voicemail. (I had not received it because the voicemail was left at my desk phone.)

I called the business at 1400 Cannon Rd in Myrtle Beach and spoke to the manager Amy. She advised she received the vehicle on February 6, but no longer had the vehicle. She had some difficulty in tracking down where it went from there, but eventually determined it was currently located at "Budget of Middletown," 707 W Main Rd, Middletown, RI 02841, phone [REDACTED].

At approximately 1230 hours, I called Budget of Middletown and spoke to employee Damian. He advised the truck was located in his lot. I asked him to hold the vehicle, because I would be having local law enforcement seize it as a part of an ongoing investigation. He requested I talk to

his boss, Aaron Riposa [REDACTED]

I sent Aaron an email explaining my intent to seize the truck and requested the business hold it until local law enforcement arrive. I did not receive a response.

CHILD VICTIM

Around 1245 hours, I had arrived back at the Sheriff's Office and received an email from John Wotton asking me to call him and to provide a copy of my court order. I called him and explained that I was able to get records and confirm the vehicle's current location. I advised him I would be seizing the vehicle and would provide him with both the court order and search warrant. I sent Mr. Wotton the court order for records. Mr. Wotton responded by providing me the GPS log associated with the truck. He later confirmed via email the time zone in which the log is recorded is Eastern Standard Time (EST), that the GPS is set to upload data every 6 hours, and that the annotation "Power Up" in between the 6-hour marks was a random internal system check and is not associated with the vehicle starting. The GPS log showed activity from January 30 to March 20, 2020, confirming the vehicle was currently located at Budget of Middletown.

The GPS log had each event numbered. I will refer to the date, time, location and event number in this summary:

Event #13, 2/1/20 at 0410 hrs MST, vehicle stopped at 140 E Garden of the Gods Rd, Colorado Springs

Event #14, 2/1/20 at 1010 hrs MST, vehicle stopped at Love's #266, Pueblo, CO

Event #40, 2/6/20 at 1810 hrs EST, vehicle stopped at 1400 Cannon Rd, Myrtle Beach, SC (Budget East Coast)

This GPS log also contained data for the number of miles recorded on the vehicle. The mileage between events #26 and #28 are of interest. Power Ups do not log mileage. Event #26 records total mileage at 18,510.9km (29451 US Hwy 98, Daphne, AL). Event #28 records total mileage at 18,666.8km (8080 N Davis Hwy, Ferry Pass, FL). The route between these two locations is a direct shot along I-20, measured at 45.1mi (72.58km). However, the distance recorded per the GPS log is 155.9km. Therefore, the vehicle traveled an extra 83.3km (51.75mi) between events #26 and #28. There are no other distances annotated on the GPS log where there appears to be such a significant detour from the direct route. See attachment "Budget GPS log"

Search Warrant for Budget Truck Rental

At approximately 1325 hours, I presented to the Honorable Judge David Price in Division 2 of the 4th Judicial District a court order for the following:

- **A 2019 white Ford Transit van, bearing Oklahoma license plate #3DM837, VIN [REDACTED] registered to Avis Budget Group, currently located at "Budget of Middletown" 707 W Main Rd, Middletown, RI 02841, to seize the vehicle and search for indicia, electronics, trace evidence, paperwork, computer data stored by the vehicle, etcera.**

Judge Prince reviewed the court order and signed it without change. I also presented a request and order to seal the court order, signed by DA James "Jim" Bentley. The court order was submitted to the court records office, 20-905.

I provided a copy of this search warrant to both the security director of Avis Budget Group (John Wotton) and FBI Agent Jon Cronan. Agent Cronan coordinated local FBI members in Rhode Island to execute the search warrant. At approximately 1500 hours, I was advised via EPSO

Investigations Lieutenant Mitchell Mihalko that the Budget van had been seized by the FBI.

Follow Up with PlatePass

CHILD VICTIM

At approximately 1500 hours, I received an email from PlatePass regarding my request for documentation. The email advised the bill was associated with OK license plate #3DM837, registered to Avis Budget Group, currently rented to Letecia Stauch (2/1/20-2/5/20).

The bill showed the following toll charges:

2/3/20 at 1143 hrs, I-25WS-US287-22, Texas Turnpike Authority, \$2.10

2/3/20 at 1143 hrs, Administrative fee, 4 days @ \$3.95/day, \$15.80

Evidence

I entered the following items into evidence under this case:

Item #699-Budget Truck Rental agreement for Letecia Stauch (paperwork)

Item #700-CD containing Budget GPS log, emails from John Wotton; PlatePass documentation and email

All items have been attached to this supplement in MFR.

Case Status: CBA

This is a supplemental narrative for EPSO Case No. 2020-00001382, Homicide.

On 3/20/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

While reviewing a Master Case Index spreadsheet created by Sergeant R. Hubbell, I observed some evidence items that may require some clarification regarding their collection.

As part of the effort to complete a neighbor canvass of an area known as, "CARRIAGE MEADOWS SOUTH AT LORSON RANCH FIL NO 1," according to the El Paso County Assessor's website, I sent numerous different police officers from the El Paso County Sheriff's Office and the Metro Vice, Narcotics & Intelligence Unit, to that neighborhood to knock on doors and complete pre-formatted questionnaires with the residents. When those questionnaires were completed, the officers would bring the forms back to me so I could log and track the forms. Initially, I entered a set of these forms into EPSO evidence myself, under the captioned case number. An example of this is Item #218, which was several questionnaires completed by VNI Detectives on 2/7/20.

After this date, I had some help from Deputy Rena McClellen (EPSO) in generating supplemental reports intended to summarize the questionnaires. After I received the questionnaires from the field investigators, I would log the addresses and then give the forms to Dep. McClellen. Dep. McClellen would then scan the forms to a virtual case file and enter the original documents into evidence, often in groups based on the days the forms were completed. However, in the virtual case file, the forms were cataloged according to the street address associated with the completed forms. When she did all of this, Dep. McClellen noted that I was the collector of the forms and she was the submitting officer, putting the forms into evidence.

This applies to the following evidence items:

- Item 281: NEIGHBORHOOD CANVAS, FBI QUESTIONNAIRES, COMPLETED BY SRO'S ON 2/8/2020.
- Item 283: NEIGHBORHOOD CANVAS, FBI QUESTIONNAIRE, COMPLETED BY SRO'S AND REO ON 2/9/2020.
- Item 286: NEIGHBORHOOD CANVAS, FBI QUESTIONNAIRE, COMPLETED BY VNI AND PATROL 2/11/2020.
- Item 297: SIGNED RING CONSENT FORMS, COLLECTED OVER LAST WEEK. ENTERED FOR EVIDENCE 021220.

Please refer to Dep. McClellen's reporting for further details regarding the completed questionnaires.

On Tuesday, March 24, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

I reviewed evidence item #660 which contained information provided to EPSO by Myrtle Beach Law Enforcement. Detective Sgt. Rosario Hubbell downloaded the hard drive which contained information from the Myrtle Beach Police Department. The following is a summary of the items within the folder.

There are 4 "Export" files of the interview conducted with Mrs. Stauch. FBI Interviewer Jonathan Grusing is documenting the interview with Mrs. Stauch.

There is a file labeled "FW_Inmate Stauch- Outlook_files" This folder has icons listed in it.

A PDF labeled "20-003294 Letecia Stauch court paperwork" contains 15 pages court documents and charging information. (This file will be attached to this supplement)

A PDF labeled "20003294 mbpd incident report" contains a 5 page report from the Myrtle Beach Police Department. (This file will be attached to this supplement)

The Google file labeled "FW_Inmate Stauch - Outlook.html" contains a link to Detective Peter Woods email account. An email from Tiffany Whitmire is visible with a link to a Special Watch Observation PDF. The link in the file does not open.

A PDF labeled "REPORTE030320_12_52_22 cad report" contains a two-page event report (or call screen) from the Myrtle Beach Police Department. (This file will be attached to this supplement)

A PDF labeled "REPORT030320202_12_54_55 booking report" contains two pages of booking paperwork for Mrs. Stauch at the Myrtle Beach Police Department. (This file will be attached to this supplement)

A PDF labeled "SPECIAL_WATCH_OBSERVATION_RECORDS03032020_04_37_11" contains three pages of observations officers made of Mrs. Stauch while in custody at the Myrtle Beach Police Department. (This file will be attached to this supplement)

A PDF labeled "stauch_letecia" contains 8 pages of medical documents. 1 page is a Myrtle Beach Police Department Inmate Medical Report and the other 7 pages are from Mrs. Stauch's visit to the Grand Strand Health facility.

I contacted Myrtle Beach Police Department Detective Peter Woods and requested any additional reports and body worn camera footage from the arrest of Mrs. Stauch. Detective Woods advised he would get any further information and mail it to me.

Item #260 is a school attendance form for [REDACTED]. It was collected from Mrs. Ursula Reece at Grand Mountain Elementary School on Tuesday, January 28, 2020. The record is attached to this supplement.

A patient in custody release form from Memorial Hospital for Mrs. Stauch, dated 1/29/2020 was collected from medical staff at Memorial Hospital on Wednesday, January 29, 2020 and entered into evidence as item # 267. The release is attached to this supplement.

Photographs of paperwork, a cd and evidence collected from the execution of a 41.1 (order for non-testimonial evidence) were collected on Wednesday, January 29, 2020. The photographs were placed onto a disk and entered into evidence as item # 268.

Screenshots of text messages between Detective Bethel and [REDACTED] were taken and placed onto a disk and entered into evidence as item #653 on Tuesday, March 17, 2020. The screenshots contain communication between me and [REDACTED] throughout the course of the investigation.

I placed phone calls made by Mrs. Stauch at the El Paso County Criminal Justice Center (CJC) between the time frame of March 9, 2020 to March 15, 2020 onto a disk and into evidence as item # 665. The phone calls were originally collected by Deputy Kevin Sypher and are being reviewed by DA Investigator Cecil Weir.

I collected an officer activity log for Mrs. Stauch from the Saline County Adult Detention Facility on Thursday, March 5, 2020. The log annotated pass on about Mrs. Stauch. The log was placed into evidence as item # 616. The log is attached to this supplement.

TextPlus Search Warrant Returns

I was notified via email I had received warrant return information from TextPlus regarding search warrant 20-642. TextPlus advised the following information:

I was able to identify the accounts using the usernames provided. I have attached the call log, text log, location data and all of the user information we have available for the numbers you provided. Please note that our location data is very limited, we do not have IP addresses and cannot ping phones, all we can identify is City/State/Province and Country. Our textPlus phone numbers recycle to different users very frequently. Our users are also not required to verify their accounts, so it is not guaranteed that the information attached belongs to the person you are looking for. Also, please note that if our users delete their call and text history on their end, we cannot see it in the logs on the back end. This is all of the information we have to provide.

All information provided was placed on a disk and placed into evidence as *Item #704*.

A Report of Execution was conducted and turned in to the County Court Clerk.

Review of TextPlus Data

I conducted a review of the data provided by TextPlus, the following information is what was located. The account Ms. Leticia Stauch was using is located under [REDACTED] and is using the screen name [REDACTED]. Majority of the text messages from the account were deleted, however, what was left in the account shows Ms. Stauch changed the phone number of the account approximately 6 times that can be accounted for. The numbers she used are as follows:

[REDACTED]

A review of the voice calls conducted by Ms. Stauch 's account, showed the following incoming and outgoing call info:

- From 02/20/2020- 02/28/2020, 4 incoming calls to Ms. Nicole Mobley's (Lexishep-1) account and 2 outgoing calls to Ms. Mobley's account were made.
- On 02/20/2020 a call was placed to [REDACTED]. This is the phone number to Mr. [REDACTED].

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight

- On 02/20/2020 a call was place to [REDACTED]. This is the El Paso County Tip Line.

A review of Ms. Mobley's account showed primarily personal conversations between her and other people. None of the conversations between Ms. Stauch and her were still stored in the account messages. However, a conversation between Ms. Mobley and phone number [REDACTED] states the following info related to this case:

"She wants me to lie and say I saw [REDACTED] leave in a car with a man"

A review of Ms. Mobley's account only showed voice calls from 02/20/2020 until 02/28/2020. In these calls, 4 outgoing calls to Ms. Stauch was located and 2 incoming calls to Ms. Stauch was located.

No further related information was found in the accounts.

Spartan Nash Search Warrant Returns

I was notified via email from Spartan Nash, they had sent some of the information requested from search warrant 20-448 via a zip file. The rest of the information was being mailed to the Sheriff's Office.

The information received via email was burned to a disk and placed into evidence as *Item #705*.

The information provided via mail was scanned, separated, and placed into evidence.

Majority of the emails provided were advertisements for businesses. These items were placed into evidence under *Item # 706*.

A small amount of emails were personal emails and were placed under *Item #707*.

Review of Emails provided

A review of these emails was conducted during this process. Two emails were located to Ms. Leticia Stauch. These emails primarily said things about Ms. Stauch needing to stay strong.

Other personal emails from Ms. Debra Locklear were located in the process. These emails were to various people telling them that [REDACTED] was missing, to pray for her family, and that the community was saying mean things on Facebook about the Family. None of the conversations contained further details of the case.

Minimal response emails were located in what was provided and no response emails were located from Ms. Stauch.

The original email chain between Ms. Stauch and Ms. Locklear regarding [REDACTED] disappearance was also not located, leaving me to believe several emails were deleted and

not able to be recovered by Spartan Nash.

Item #91 - Receipt from Dollar Tree dated 1/27.

I discovered and collected this item from the kitchen island of 6627 Mandan Drive during the execution of the Search Warrant on January 29th. At the conclusion of the search I secured the receipt in locker #96 at the EPSO Evidence Facility (with the Ulta Beauty Salon Receipt [#90] which was discovered by Detective Arndt.) I packaged and entered both receipts on February 1st.

Item #201 - Receipt from Colorado State University

I entered this receipt into evidence on February 7th.

Item #219 - Scribe Sheet for Search Warrant #20-366

I entered this scribe sheet into evidence on February 8th.

Item #220 - Scribe Sheet for Search Warrant #20-347

I entered this scribe sheet into evidence on February 8th.

Item #480 - Scribe Sheet for Search Warrants #20-595 & #20-596

This item is a photo of the yellow carbon copy of the scribe form. I mistakenly destroyed the original top white form. This photo was taken by Sgt. Hubbell. The ink handwriting which documents the two additional electronic devices is his. He collected these devices after I had departed the scene and sent this photograph to me. On Monday, March 30, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

At approximately 9:25 am, I collected a FedEx package from the FedEx building located at 25 N. Cascade Ave. in Colorado Springs, CO. The package was sealed completely and addressed to me.

I responded to the Office of The Sheriff (located at 27 E. Vermijo Ave) in order to process the package from FedEx. The package contained a password protected hard drive which was prepared and sent by Detective Peter Woods of the Myrtle Beach Police Department. The hard drive was downloaded and placed into evidence as item #711.

I reviewed evidence item #711 which contained information provided to EPSO by Myrtle Beach Law Enforcement. The following is a summary of the items within the folder. Some of the information contained within the evidence item have already been submitted to EPSO and have been documented in previous supplements.

A folder labeled BWC arrest contains 21 body worn camera footage videos of the arrest of Mrs. Letecia Stauch in Myrtle Beach, SC on Monday, March 2, 2020. I reviewed each video. The videos will be documented in a separate supplement.

A folder labeled BWC GSR transport contains 6 body worn camera footage videos of Mrs. Letecia Stauch while she is in custody of Myrtle Beach Police Department. I reviewed each video. The videos will be documented in a separate supplement.

Within a folder labeled Milestone Video (Interview Stauch), there are 4 "Export" files of the interview conducted with Mrs. Stauch. FBI Interviewer Jonathan Grusing is documenting the interview with Mrs. Stauch. These files did not download off the hard drive because the file path was too long. Detective Sgt. Rosario Hubbell was notified of the situation and advised he would notify Detective Sirois to see if he would be able to download the interview. It should be noted, Mr. Grusing has been provided with the interview files from a previous collection of evidence from the Myrtle Beach Police Department.

The folder labeled MBPD contained a PDF labeled "20-003294 Letecia Stauch court paperwork". The PDF contains 15 pages court documents and charging information. (This file will be attached to this supplement)

A folder labeled Medical and Jail paperwork contained a PDF labeled "SPECIAL_WATCH_OBSERVATION_RECORDS03032020_04_37_11". This PDF contains three pages of observations officers made of Mrs. Stauch while in custody at the Myrtle Beach Police Department. (This file will be attached to this supplement). The folder also contained a PDF labeled "Medical stauch_letecia" contains 8 pages of medical documents. 1 page is a Myrtle Beach Police Department Inmate Medical Report and the other 7 pages are from Mrs. Stauch's visit to the Grand Strand Health facility. The folder also contained a link to an outlook item. The outlook item was an email from

EPSCO SHERIFF'S OFFICE
Released To: Jennifer Knight

Peter Woods to Tiffany Whitmire. The email contained the Special Observation records PDF as an attachment. I was not able to open the PDF.

A folder labeled Reports contained four PDF documents. The first document is a PDF labeled "20003294 Incident Report with Supplements" contains a 13-page report from the Myrtle Beach Police Department. (This file will be attached to this supplement). A PDF labeled "REPORT030320_12_52_22 cad report" contains a two-page event report (or call screen) from the Myrtle Beach Police Department. (This file will be attached to this supplement). A PDF labeled "REPORT030520_14_36_26 cad medical transport" contains a two-page event report (or call screen) from the Myrtle Beach Police Department for the transport of Mrs. Stauch to Grand Strand Regional Hospital. (This file will be attached to this supplement). A PDF labeled "REPORT030320202_12_54_55 booking report" contains two pages of booking paperwork for Mrs. Stauch at the Myrtle Beach Police Department. (This file will be attached to this supplement)

I will continue to document investigative efforts in additional supplements.

On Monday, March 30, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

At approximately 2:24 pm, I received an email from Detective Ryan Mahoney of the Rhode Island State Police Department. Detective Mahoney informed me he completed a search warrant for the 2019 White, Ford Transit Van, bearing Oklahoma license plate 3DM837 and VIN [REDACTED]. He stated in his email the warrant would be sealed when the search of the vehicle is complete.

I have attached the 17-page warrant Detective Mahoney forwarded to me.

The Rhode Island State Police documented the van and the incident under the following:

The van was issued property number 20RIX1-1173-PR, and the incident report number is 20RIX1-565-OF.

CHILD VICTIM

Initial Information

On Thursday April 2, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, requested evidence items #3 and #25 to copy the photographs per the request of Investigations staff member Leanne Mitchell, because the photographs associated with these evidence entries could not be found in the case folder.

I responded to the Evidence Facility at approximately 0900 hours and retrieved the two items from Evidence Technician Christina Cervantes. I opened the packages, copied the photographs to the case folder, and then replaced the discs in the packaging and resealed the items. The items were returned to evidence.

Associated Case: EPSO Case file # 2020-00004273

On Thursday, April 2, 2020 at approximately 2044 hours, I, Lieutenant M. Mihalko of the El Paso County Sheriff's Office (EPSO) Investigations Division was alerted by EPSO Information Manager Jacqueline Kirby that an arrest warrant affidavit for Letecia STAUCH in this case had apparently been released to media. My knowledge at the time was that the document had been sealed by court order and was not available for public release.

ASSOCIATED CASE 2020-00004273:

I subsequently verified information and assigned DET R. Sirois to conduct the investigation into how the sealed document was accessed and released to social media,

The case investigation was completed under EPSO Case file #2020-00004273.

DET Sirois ultimately identified a suspect in the case, developed probable cause that the suspect engaged in a criminal offense, and worked with the 17th Judicial District Attorney's Office to serve a Misdemeanor Summons and Complaint to the defendant in that case.

On 04/14/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO), conducted follow up on this case.

At approximately 11:00 a.m., I responded to the El Paso County Sheriff's Office Evidence Facility.

Evidence from the Santa Rosa County Sheriff's Office had been received and needed to be processed into our facility.

The following items were entered into the facility;

- Paperwork associated to the received evidence
- Projectile recovered during autopsy in Florida
- Hair recovered from head at autopsy in Florida
- 2 plastic pieces recovered from head at autopsy in Florida
- Fingernail clippings collected at autopsy in Florida
- 2 projectiles recovered from pillow in Florida
- CD containing photos of scene in Florida
- CD containing photos of autopsy in Florida
- Thumbdrive with video from stores in Florida
- CD of scans from scene in Florida
- CD containing photos of projectiles and pillow
- Buccal swabs of Matthew Goines
- Buccal swabs from Macon Ponder

I also entered two items of evidence received from the Rhode Island State Police from the processing of a rental vehicle in Rhode Island. These items were sealed in packaging with evidence tape but did not have anything on the exterior of the package to note was inside. These were entered into the facility as "other" and will be further documented in a later supplement.

On Tuesday, April 14, 2020, I, Lieutenant M. Mihalko of the El Paso County Sheriff's Office (EPSO) Investigations Division continued investigative and administrative efforts in this case.

JANUARY SURVEILLANCE CAMERA REQUEST:

During the initial stages of the investigation into the disappearance of [REDACTED] I had directed EPSO DET SGT J. Abendschan to have a surveillance camera placed near the residence of 6627 Mandan Drive to provide a view of the front of the residence. This occurred on or about January 31, 2020.

DET J. Arndt was subsequently directed to get a link for the device setup for viewing. DET Arndt indicated there had been problems connecting with the administrators of the surveillance equipment. At that time, my belief was that the video was recorded and the priority of getting the direct link was reduced.

During a later date, I began inquiring about the status of the video. I was erroneously told the video was not set up to record and that the surveillance equipment was not capable of this function. Due to this information, the lead for video collection was closed.

On or about April 10, 2020, I spoke with Mr. Donald Chagnon, Colorado Springs Metro Vice, Narcotics and Intelligence. During my conversation with him, I asked specifically about surveillance camera equipment and if such equipment ever recorded. I was surprised to find out the equipment did indeed video record. I discovered the retention period for the video was approximately a rolling thirty day timeframe. I was also told the camera had been removed April 7, 2020.

I noted the likely retention period of the video would have not kept any recordings from the January or February time frames. Based on the retention schedule, the recordings would have likely retained information from early March 2020 through the time it was removed.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
9/1/23 RF

Mr. Chagnon was subsequently asked to request to preserve any remaining camera footage from the system administrator. DET R. Sirois was assigned to work with Mr. Chagnon on providing

media to download the preserved information. It was discovered that the system administrators required brand new media in the original packaging. This needed to be purchased and delayed the ability to retrieve the video at that time.

On Thursday, April 16, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

Detective Mark Riley and I attempted to conduct interviews with the following individuals via telephone. Detective Riley listened to the interview but did not actively participate in the interview.

Brenda Acquard

At approximately 10:30 AM, I attempted to contact Mrs. Brenda Acquard via telephone at [REDACTED] in order to conduct an interview with her. The phone was disconnected, and I was not able to leave a message. The phone call was recorded using my MP3 player. I placed the recording into evidence as item #746.

Aimee Lowry

At approximately 10:32 AM, I contacted Ms. Aimee Lowry DOB [REDACTED], via telephone at [REDACTED]. Ms. Lowry stated she was busy and asked that I call her back at 2:00 PM (eastern time). I agreed and later contacted Mrs. Lowry at 2:00 PM. Mrs. Lowry spoke with me concerning her stepsister, Letecia Stauch. Each phone call was recorded using my MP3 player. I placed the recordings (2) into evidence as item #747. The following is a summary of the interview with Ms. Lowry and should not be considered a verbatim transcription.

Ms. Lowry identified herself to me verbally as Aimee Lowry, DOB: [REDACTED]. Ms. Lowry told me she and Mrs. Stauch are stepsisters. She said Mrs. Stauch's mother married her father when they were young. They have been siblings for approximately 30 years.

I asked Ms. Lowry when the last time she was in Colorado. She told me she visited in January 2019.

I asked Ms. Lowry what she knew about [REDACTED] disappearance. She told me Mrs. Stauch contacted her in the early morning hours following [REDACTED] disappearance and told her [REDACTED] went to a friend's home and did not return home. Ms. Lowry stated Mrs. Stauch texted her initially but did not give her many details because she was up all night searching and had been crying. Mrs. Stauch later called Ms. Lowry and told her more details about how [REDACTED] did not return home at his curfew.

Ms. Lowry told me she started seeing changes in Mrs. Stauch's story when new things would come out on social media. I asked what she meant by changed information. Ms. Lowry said she found out Mrs. Stauch stated a man was in her home. Ms. Lowry told me she did not receive much information from Mrs. Stauch and learned more from social media. Ms. Lowry stated Mrs. Stauch would provide her with limited information because she was concerned about her phone being listened to or interfering with the investigation. I asked Ms. Lowry what she thought about

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight
4/17/20

the progression of the story. She told me she was confused but Mrs. Stauch stated she was in fear for her life and that people were after her. Ms. Lowry said Mrs. Stauch would not provide her with specific details about who was after her. Ms. Lowry said Mrs. Stauch told her the people had more money and more power and they (her family) could not help her.

CHILD VICTIM

I asked Ms. Lowry if Mrs. Stauch owned any weapons. Ms. Lowry could not confirm Mrs. Stauch currently had any weapons but believed she may have inherited a weapon(s) (gun) from an uncle who passed away. Ms. Lowry did not have knowledge of any specifics concerning the weapon(s) and did not have personal knowledge of Mrs. Stauch purchasing weapons.

I asked Ms. Lowry who came out to Colorado to assist Mrs. Stauch. She said Mrs. Stauch's mother, aunt and brother came out. Ms. Lowry did not have any knowledge of items removed from the home on Mandan Dr. but did know Mrs. Stauch was not able to get all of her personal belongings when she left the house.

I asked Ms. Lowry about Mrs. Stauch's behavior before [REDACTED] went missing. She told me she thought Mrs. Stauch was fine. Ms. Lowry described Mrs. Stauch as hyper, energetic, helpful and happy. She further explained she and Mrs. Stauch last communicated around Christmas time and she thought everything was fine. Ms. Lowry described Mrs. Stauch as being a good mother to her daughter [REDACTED] and to [REDACTED] and [REDACTED]. Ms. Lowry said Mrs. Stauch always made sure the children were provided for even if it meant spending her own money to purchase medications and clothing for them. Ms. Lowry told me Mrs. Stauch assisted [REDACTED] with a custody battle for the children and had previously cut a visit with her short when she found out the children were in an unsafe situation with their biological mother. Ms. Lowry was not aware of any troubles between Mr. and Mrs. Stauch and described their relationship as a good relationship. Ms. Lowry said Mr. and Mrs. Stauch did argue but said their relationship had normal ups and downs like any other marriage.

Ms. Lowry did not believe Mrs. Stauch would ever hurt the children and told me she was inclined to believe her sister. She did mention she was conflicted about the story Mrs. Stauch provided her about her examination and custody in the hospital one night. Ms. Lowry explained Mrs. Stauch contacted her while she was at the hospital and said she was being held against her will. Ms. Lowry said Mrs. Stauch used the telephone to call her when she was being transported to a test at the hospital. Ms. Lowry stated Mrs. Stauch also told her she completed full examinations and tests to collect evidence, but Ms. Lowry later learned that was declined by Mrs. Stauch based on what she read online. Ms. Lowry said she has unresolved questions about the discrepancy in the story about the hospital. Ms. Lowry stated if it were her in that situation, she would have cooperated completely to make sure evidence was collected to prove her story was true.

I asked Ms. Lowry what Mrs. Stauch's behavior was like after [REDACTED] went missing. Ms. Lowry said she generally had short and choppy conversations with Mrs. Stauch and never was able to sit down and talk to her to obtain the whole story. Ms. Lowry said she was trying to be respectful of the situation and did not want to add stress to the situation by contacting Mrs. Stauch by much. Ms. Lowry said she became worried when Mrs. Stauch told her people were watching her hotel and following her. Ms. Lowry said she initiated more contact with Mrs. Stauch during that time to make sure she was ok.

I asked Ms. Lowry if there was anything else about Mrs. Stauch, she felt I should know. Ms. Lowry told me Mrs. Stauch maintains her innocence and someone else was involved. I asked if Mrs. Stauch ever gave Ms. Lowry any information about the person involved. Ms. Lowry told me she has not been given specifics, but Mrs. Stauch tended to lie. [REDACTED] knew more than what he was sharing. Ms. Lowry said she did not have any further information other than [REDACTED] had more information than he was sharing. Ms. Lowry said she thought it could possibly be true but did not know for sure.

I asked Ms. Lowry what she thought when Mrs. Stauch's story changed. She said she was inclined to believe Mrs. Stauch, however she expressed her frustration with her because she felt Mrs. Stauch should have disclosed more information to her family instead of her family having to learn details through social media. When confronted, Mrs. Stauch would reiterate her concern for her safety. Ms. Lowry said the wording Mrs. Stauch used about the people that were out to hurt her was more like something you would see on TV but did not believe Mrs. Stauch was making things up.

I again asked Ms. Lowry if there was anything else she wanted to tell me about Mrs. Stauch. She told me she felt Mrs. Stauch was a good mother and put other's needs before her own. Ms. Lowry said she knew Mrs. Stauch to make sure [REDACTED] and [REDACTED] were well taking care of and had the best of the best when it came to material things such as clothing.

I ensured Ms. Lowry had my contact information and asked her to contact me if there was anything else she felt I needed to know. Ms. Lowry agreed, and we concluded our conversation.

Deborah Locklear

At approximately 10:40 AM, I attempted to contact Ms. Deborah Locklear via telephone [REDACTED] for an interview. The first two numbers I called were disconnected. I left a message on the last number for Ms. Locklear to call me back [REDACTED]. The phone call was recorded using my MP3 player. I placed the recording into evidence as item #744.

Dakota Lowry

At approximately 10:43 AM, I attempted to contact Mr. Dakota Lowry via telephone [REDACTED]. A female answered the phone and identified herself as Marika Robinson. She stated Dakota was not at the number I was calling. The female sounded as if she was a child but identified herself as Christopher's wife. The phone call was recorded using my MP3 player. I placed the recording into evidence as item #743.

Julie Lowry

At approximately 10:54 AM, I attempted to contact Ms. Julie Lowry via telephone [REDACTED] for an interview. Phone number one and three were disconnected. A young sounding female answered the phone number 2 ([REDACTED]) and told me I had just called her. This number is the same number listed for Dakota Lowry. The calls were recorded using my MP3 player. The phone call was recorded using my MP3 player. I placed the recording into evidence as item #745.

On 04/16/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO), conducted follow up on this case.

At approximately 10:30 a.m., Detective Jessica Bethel #07088 included me in a conference call to attempt interviews with the following individuals;

10:30 a.m.-Brenda Acquard

Attempted contact at telephone number [REDACTED]. Message given indicating the phone number was disconnected.

10:32 a.m.-Aimee Lowry

Contact made with Ms. Lowry at telephone number [REDACTED]. She requested a second call at 2:00 p.m. eastern time. The second call was made and a phone interview was conducted. The call was recorded by Detective Bethel. See Detective Bethel's supplemental report for details of the interview.

10:40 a.m.-Deborah Locklear

Attempted contact at telephone numbers [REDACTED] and [REDACTED]. The first two numbers indicated by message they were disconnected. Detective Bethel left a message at the third number requesting a call back from Ms. Locklear.

10:43 a.m.-Dakota Lowry

Attempted contact at telephone number [REDACTED]. A female answered the phone and indicated Dakota was not at this number.

10:54 a.m.-Julie Lowry

Attempted contact at telephone numbers [REDACTED] and [REDACTED]. The first and third numbers indicated by message they were disconnected. The second number is the same number called for Dakota Lowry and the same female from that attempt answered.

All recordings were placed into the El Paso County Sheriff's Evidence Facility for this case by Detective Bethel.

* [REDACTED] MEDIA SUPPLEMENT*

I, Deputy Draper, Jeremy, 18124 was assigned duties at the El Paso County Sheriff's Office, Investigations Unit located at 27 East Vermejo Avenue Colorado Springs, CO 80903 in the County of El Paso.

From February 19, 2020 through April 20, 2020 I was assigned to collect television news media videos for the murder investigation of [REDACTED] using Tveyes, Inc.

Tveyes is a Media Monitoring Suite. Tveyes makes TV and radio broadcasts searchable by keyword, phrase or topic – just as you would use a search engine for text. Tveyes Media Monitoring Suite is a subscription-based product used by PR professionals, Fortune 500 companies, Political Campaigns, Government Agencies, and anyone who needs to know what is being broadcast on TV and radio in real-time. Tveyes does not cover all news broadcast one example is Fox News, a Nationwide cable news channel owned by Fox Corporation.

Using the El Paso County Sheriff's Office subscription searched by placing the following text into the power search menu "[REDACTED] Leticia Stauch". The function then allows to pick a starting date and time and an ending date and time. The media then brings up clip sections of the Newscast, the user then picks a video start and end time. The selected video file is then downloaded to a media center folder on the websites user profile. The files are compressed into a Zip format including the video and transcript from the news outlet. There is also a limited time the News Video Media can be collected. There is News Video Media that was not available due to this limitation.

Files were then downloaded to a PNY 64GB USB 3.0 Flash Drive and for backup purposes, a 1TB WD My Passport 25E! USB Device labeled as EPSO Investigations-CFU 1TB-I. A total of 10.5 Gigabytes of media file were stored. The files are labeled with the Stations Call letters, date and time of broadcast. The files are then separated into city and state.

The PNY Flash Drive contains 3370 media files from 458 Television Stations in 48 States, Washington DC and National Cable Television Channels. There is one file containing 70 hyperlink files gathered by El Paso County Sheriff's Office Public Information Officer Jacqueline Kirby. These files are links to media on the internet.

PNY Flash Drive was placed into evidence. Item# 761 and Barcode 1157496.

CHILD VICTIM

On 04/27/20, I, Detective Mark Riley #02073, of the El Paso County Sheriff's Office (EPSO), conducted follow up on this case.

I assisted Detective Jessica Bethel #07088 with processing of evidence received from the Santa Rosa County Sheriff's Office and Rhode Island State Police.

The items were identified by the following evidence numbers for this case;

#732 Disk containing photos of scene in Florida

#733 Disk containing photos of autopsy in Florida

#734 Flash drive containing video from stores in Florida

#735 Disks (3) containing multiple scene photos and scans in Florida

#736 Disk containing photos of pillow in Florida

#739 Package from Rhode Island State Police which contained 12 smaller envelopes and 4 medium size manila envelopes.

#740 Package from Rhode Island State Police contained a item wrapped in white paper with evidence tape on it. Detective Bethel was Previously told the item was a cut out of the rubber floor mat of the van that was searched.

All evidence items containing digital evidence were removed from the sealed packaging, the contents were copied, and the original item was returned to the packaging and sealed. This allowed a working copy to be made and accessed by detectives working this investigation.

The items from Rhode Island were all photographed. They remained in their original sealed evidence packaging after photographs were taken. They were then returned to the larger evidence package noted by evidence #739, and resealed.

The photographs of the evidence items were placed on a disc and entered into Evidence Facility under Item #748 for this case.

Initial Information

On Wednesday April 28, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, received an email from Zelle/Early Warning Services in response to my court order request.

Zelle Response

The response contained 5 document: four PDF files and one word document. The word document was a letter stating that Early Warning Services, in response to the search warrant request "is compelled to object to the request on the basis and to the extent it is overly broad and/or unduly burdensome." Nonetheless, the company stated it is "producing the enclosed records after conducting a reasonable search of those repositories where responsive records are most likely to reside."

It should be noted, in my court order to Zelle, I requested information and transactions relating to Letecia Stauch, [REDACTED] [REDACTED] (including dates of birth and social security numbers), and 22 specific money transfers, identified by reference number, date, amount, and originating account.

The first PDF document was a copy of the email I had received.

The second PDF document was a standard question and answer relating to the terminology used in a records production.

The third PDF document was a declaration of records.

The fourth PDF document was as 7-page rendition of Early Warning Services' search results.

Page 1: Cover Page.

Page 2: Zelle Customer Profile Information. There were 6 different active accounts identified.

The first three accounts were with USAA Bank (two for Letecia Stauch and one for [REDACTED]

[REDACTED] The next two were for Wells Fargo accounts (one for Letecia Hardin and one for [REDACTED] Letecia Stauch). The last account was for Bank of America for Letecia Stauch. All accounts were listed as active except the Wells Fargo account in the name of Letecia Hardin. There were two active email addresses associated to Letecia Stauch for both her USAA account and her Wells Fargo account. [REDACTED] and [REDACTED]

On Wednesday, April 29, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

I was contacted by Criminal Intelligence Analyst Kevin Clark. He requested I contact staff at the Candlewood Suites located at 1953 Northcross Lane in Pensacola FL to collect information concerning Mrs. Letecia Stauch's stay at the hotel. He was specifically looking for check in and out times while Mrs. Stauch stayed at the hotel on February 4, 2020.

At approximately 7:15 am, I called (██████████) and contacted Ms. Shannon Malicote, who is a receptionist for the Candlewood Suites. I identified myself to Ms. Malicote and asked her if she was able to provide information about Mrs. Stauch's stay at the hotel. Ms. Malicote told me Mrs. Stauch made a reservation to stay at the hotel at 11:45 pm on February 3, 2020. At 00:23 am on February 4, 2020, Mrs. Stauch checked into the hotel and she checked out of the hotel at 11:11 am on February 4, 2020. Mrs. Stauch paid with a credit card and her ID was not copied.

I asked Ms. Malicote if any vehicle information was annotated on the hotel documents. She told me she would have to retrieve the file from storage to see.

I asked Ms. Malicote if she would email me the invoice for Mrs. Stauch's stay along with any other documents related to her stay. Ms. Malicote said she would and collected my email address from me. Ms. Malicote provided me with a two-page folio for Mrs. Stauch's stay at the hotel. She also provided me with a photo of the check in and out times for Mrs. Stauch's stay. I have attached the document and photo to this supplement.

The photo and document was entered into evidence as item #756.

I passed the information I collected onto Analyst Clark.

CHILD VICTIM

Initial Information

On Monday May 11, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, received two letters via the mail at the Sheriff's Office from American Express in response to my request for records relating to Letecia Stauch.

American Express Response

The two letters American Express sent contained a total of 5 pages and a USB storage device. The password for the USB device was contained in an envelope separate from the device. However, the device was empty when I plugged it into my computer. After attempting to search the device in different ways and receiving the same information (that the device was empty), I emailed American Express at [REDACTED] to advise of the issue and to request the documentation intended in response as soon as possible.

Evidence

I entered the following items into evidence under this case:

On Friday, May 15, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

I received an email from Detective Jason Yoder of the Santa Rosa County Sheriff's Office. The email contained two laboratory reports concerning DNA testing conducted by the Florida Department of Law Enforcement Laboratory. The reports are attached to this supplement.

The first report is two pages and was documented under agency number SRSO20OFF002744 (submission 2). The date of the report is May 15, 2020. The following is a synopsis of the report and should not be considered a verbatim transcription.

Senior Crime Laboratory Analyst Trevor B. Seifert, Ph. D. reported, during a one-time search of the Colorado Springs Police Department Metro Crime Lab LDIS, a match occurred between this case and the following case. This is an investigative lead indicating the same DNA profile was found in both cases. Trevor annotated the EPSO agency case number (20-01382).

The second report was also authored by Trevor Seifert. The second report is two pages long and was documented under agency number SRSO20OFF002744 (submission 2). The date of the report is May 15, 2020. The following is a synopsis of the report and should not be considered a verbatim transcription.

Trevor documented samples that were collected from evidence item #3 (Rib bone). A total of 4 samples were collected from the rib bone. Of the four samples collected, only one sample (3.4 cutting from rib bone) qualified for a one-time search of CODIS but it did not meet the criteria to be maintained within CODIS.

I have nothing further at this time.

CHILD VICTIM

Initial Information

On Tuesday May 19, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, received two letters via UPS at the Sheriff's Office from American Express in response to my request for records relating to Letecia Stauch. I had asked for a replacement of the production I received the week prior, because it contained no data. The USB drive I received this time had data on it.

American Express Response

The two letters American Express sent contained a total of 5 pages and a USB storage device. The password for the USB device was contained in an envelope separate from the device. The device contained a single PDF document of 229 pages. The document contained statements for two Delta rewards credit card accounts, the first ending in * [REDACTED] and the second ending in * [REDACTED]

Account * [REDACTED] included statements between the dates of July 2019 and February 13, 2020. There was nothing new included in these records during January and February which I did not already have records for. The records prior to January included a date, general location, amount and description of the purchase. No other details were provided, such as timestamps.

Account * [REDACTED] included statements between the dates of December 13, 2018 and February 11, 2020. Beginning in October 2019, the records are redacted, apparently for a second cardholder on the account. For the period of January 13 to February 11, 2020, there are many transactions on the account for the other party which are redacted.

The account information provided indicated the primary cardholder is Letecia Stauch at 6627 Mandan Dr, Colorado Springs, CO 80925, social [REDACTED], phone number [REDACTED], DOB [REDACTED] email [REDACTED] (updated April 21, 2019). There was no bank account linked to the cardholder, but there was record of payments made from two USAA accounts (* [REDACTED] and * [REDACTED] for which the full account numbers and routing number are provided.

EPC SHERIFF'S OFFICE
Released To: Jennifer Knight

On page 226, the records show another account number connected to Letecia Stauch with the name of [REDACTED] DOB [REDACTED] email [REDACTED] address on Mandan Dr in Colorado Springs, social [REDACTED]

[REDACTED] account [REDACTED]

There are two users who access the accounts online, [REDACTED] and [REDACTED]

I emailed American Express at [REDACTED] to request unredacted records per the court order for the accounts identified.

There was one recorded call attached to the PDF document. A date is not provided. The caller is Letecia Stauch, who called in to reset her password to access her account online.

On Thursday, May 21, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

I was tasked with scanning in evidence items to be released to the District Attorney's Office through discovery. It was requested I open and scan the contents of evidence items 291, 293, 683 and 694.

At approximately 3:09 pm, I met with Evidence Technician Tanya Rubio and signed for the aforementioned evidence items. I opened each item and scanned them into a digital format for release to the District Attorney's Office.

The following is a list of items I opened and scanned. The items were placed back into evidence when I was finished.

Item 291, bearing barcode 1154344, 6 pages of paperwork from [REDACTED] School.

Item 293, bearing barcode 1154346, [REDACTED] student identification.

Item 683, bearing barcode 1155920, Mountain Ridge Middle School Visitor Badge for Letecia Stauch.

On April 3, 2020, Joseph Shoars, DOB: [REDACTED], the resident of 9785 Rubicon Drive, emailed the EPSO public tip line indicating he had home surveillance video of Letecia Stauch on January 27, 2020.

On Wednesday, May 27, 2020, I, Detective David Glenn Jr. of the El Paso County Sheriff's Office (EPSO) Criminal Investigations Division, conducted follow-up on this case. I contacted Joseph Shoars, via email and requested a copy of the video footage. At approximately 1936 hours, Joseph sent a reply email with an attachment of the video. Joseph indicated the video was from January 27, 2020, at approximately 2049 hours, based on the timestamp associated with the cloud-based video storage system.

I reviewed the footage, which appeared to show Letecia Stauch and [REDACTED] contacting a female at the front door to ask if she saw a little boy. At that time, [REDACTED] held up her cell phone to the person at the front door. The phone appeared to be illuminated with an image, however, the footage was too grainy to determine what the image was. As Letecia and [REDACTED] stepped toward the door, another female wearing a long sleeve shirt with a Batman logo on the front could be seen standing on the porch behind them. After being told by the resident she had not seen a boy that night, Letecia and [REDACTED] could be seen walking away from the residence.

I transferred a digital copy of the video onto a disc and entered it into evidence as Item #774.

CHILD VICTIM

Initial Information

On Monday June 8, 2020, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, received two letters via UPS at the Sheriff's Office from American Express in response to my request for records relating to Letecia Stauch. I had asked for a replacement of the production I received the on May 19, because the records were redacted, contrary to the language in the search warrant request.

American Express Response

The two letters American Express sent contained a total of 5 pages and a USB storage device. The password for the USB device was contained in an envelope separate from the device. The device contained a single PDF document of 235 pages. As before, the document contained statements for two Delta rewards credit card accounts, the first ending in * [REDACTED] and the second ending in * [REDACTED]

Account * [REDACTED] included statements between the dates of December 13, 2018 and February 11, 2020. This account had previously been redacted. The account statements are reflected in pages 43 to 173. The unredacted data confirmed the secondary authorized card holder is [REDACTED]. Her card ends in * [REDACTED] as opposed to Letecia's, which ends in * [REDACTED]. Between January 13 and February 11, 2020, the new charges were as follows:

Letecia Stauch -- * [REDACTED] \$1206.01

[REDACTED] -- * [REDACTED] \$205.90

Total new charges \$1411.91

The charges on [REDACTED] card, beginning January 20, include:

01/20/20 Chipotle Online \$35.56 (Unknown)

01/20/20 Starbucks.com \$10.00 (Unknown)

1/24/20 Starbucks.com \$10.00(Unknown)

On Friday, August 8, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

I received an email from Nicolette DuBois who is a Crime Analyst for EPSO and is currently monitoring the EPSO tip line. Nicolette informed me Letecia Stauch called the tip line twice on August 6, 2020. Nicolette summarized the content of the calls in an email to me and provided me with the recordings of the calls. The following is a summary of her email.

“Good morning,

I wanted to let you know Letecia Stauch called the CJC Crime Tip Hotline twice yesterday from A2 at 0716 and 0747. In the first call she said she wants to report something going on and she knows people here hate her and she didn't do what people think she did. She says people are money laundering money and that they used to do it out of a coffee store but now another location. They are taking kids out of the back of vans, going to kill more kids, and the moment you don't agree to be involved they will hurt you or someone you care about. They are also trying to break out one of their leaders from a supermax and they have an engineer helping. She knows places you can go in Canon City and Denver to find them. This is what is got her into this situation in the first place, they hurt her child already and are getting worse. They are in Colorado Springs right now. The second call was just seeing if anyone got her message because time is of the essence and she wants to talk to someone. “

The calls were placed into evidence as item # 809.

District Attorney Michael Allen was made aware of the calls and contacted Mrs. Stauch's attorneys to see if an interview would be feasible.

Initial Information

CHILD VICTIM

On August 27, 2020, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Previously a search warrant (20-2362) was obtained for:

USAA Life Insurance, 9800 Fredericksburg Road, San Antonio, Texas 78284. For any life insurance policies:

- Involving [REDACTED] DOB: [REDACTED]
- Issued by Leticia Stauch, DOB: [REDACTED] or that Leticia Stauch is the beneficiary of

On today's date, the policy information was returned and reviewed.

It appears life insurance policies were taken out in 2017 for all 3 children residing at the Stauch residence. The policy was requested by Ms. Leticia Stauch.

It does not appear, Ms. Stauch has attempted to collect on the policy. However, Mr. [REDACTED] has attempted to contact USAA regarding the policy several times to see if she has and the terms of the policy. This has been done several months after [REDACTED] was found to be deceased.

The return information provided by USAA was burned to a disk and placed into the evidence facility as Item #815.

Detective Statement:

On September 3, 2020, at about 1:15 p.m., I, Detective Montville, was informed two boxes had been received by the El Paso County Sheriff's Office Evidence Facility, in reference to this case. The boxes were shipped via the United Parcel Service from the Santa Rosa County Sheriff's Office located in Milton, Florida.

I responded to the El Paso County Sheriff's Office Sheriff's Office Evidence Facility, located at 2749 East Las Vegas Street, in Colorado Springs, Colorado. I met with Evidence Supervisor Janet King and Evidence Technician Christina Cervantes. The boxes received from the Santa Rosa County Sheriff's Office were photographed and processed inside one of the vehicle bays. I placed brown butcher block paper on the floor of the bay prior to any processing. Some of the items inside of the boxes had a strong odor of decomposition and decay.

Detective Brklich took digital photographs of the evidence in their original condition and packaging. Please see his supplement for additional information. A copy of the evidence vouchers for all items entered into the El Paso County Sheriff's Office Evidence Facility is attached to this supplement.

I opened both boxes of evidence and compared the inventory sheets provided by the Santa Rosa County Sheriff's Office to items in the boxes. The items were left in their original packaging. The items were listed on the Santa Rosa County evidence sheets as follows:

Exhibit #4-Suitcase

Exhibit #5- Bio Sample

Exhibit #11- Buccal swabs collected from the victim at autopsy

Exhibit #12- 1 SA Kit on victim from autopsy

Exhibit #13- FTA Card Collected Autopsy

Exhibit #14-Multi-Colored Blanket

Exhibit #15- Pillow with Blue Print Pillowcase

Exhibit #16- Blue Print Twin Comforter

Exhibit #17- Victims Clothing

Exhibit #18- Body bag used to transport suitcase

Exhibit #19- Body bag used to transport suitcase

Exhibit #23- Interview of Macon Ponder

On 9/25/20 at approximately 0800 hours, I, Detective Robert Sirois/13025 of El Paso County Sheriff's Office (EPSO), examined evidence item #83, a silver Apple Macbook Air laptop computer model A1932 (unknown serial number). The display was damaged (evident by an internal crack on the right side of the screen), and would not show any information, although the backlight appeared to work. I connected the device to an external monitor and used "clamshell" mode by closing the lid of the laptop in order for it to utilize the external display instead of the built-in display. I attempted to boot the device to a Blacklight Macquisition drive to forensically copy the internal hard drive; however, security restrictions prevented me from doing so. The OS recovery screen also showed me that the internal hard drive was encrypted. A password for the only public account on the device "[REDACTED]" was required.

This is a supplemental narrative for EPSO Case No. 2020-00001382, Homicide.

On 10/29/20, I, Detective Karl Mai #98039, conducted the following investigation regarding this case:

I uploaded a Microsoft Excel spreadsheet titled, "Video Evidence Summary," to the case file. This spreadsheet contains a list of individual evidence items related to this case. All of the items on the spreadsheet relate to video evidence collected by numerous investigators associated with this case. When this investigation was in full swing, one of the things I was in charge of was managing all of the video evidence collected for the case. I devised this spreadsheet not only to catalog that evidence, but to track the viewing of the evidence and make sure EPSO was reviewing all relevant video evidence. I updated the spreadsheet numerous times during the investigation. I did not keep or otherwise maintain any historical versions of the spreadsheet.

The spreadsheet is self-explanatory. It identifies the evidence number for the collected video evidence, the date it was collected, and who collected the evidence. It also identifies who reviewed the video evidence, because it was not always the same person as the investigator who collected it, and when that review was completed. Prior to submitting this spreadsheet to the case file, I gave it one final review to make sure all the data was entered correctly and there were no outstanding leads which needed to be addressed. I made some minor corrections, saved the update, and password protected the spreadsheet.

The spreadsheet is attached to this report.

On Friday, November 6, 2020, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

Through conversation with DA Investigator Stephanie Courtney, I learned a search of the purple iPhone (evidence item #671) Ms. Stauch had in her possession when she was arrested in Myrtle Beach, SC was not completed. Investigator Courtney did not have any extraction or data from the device from any agency involved in investigating this case.

On March 19, 2020, Detective Courtney McCormack obtained a search warrant for the device which was filed with the El Paso County Courthouse under action #20-890. A Report of Execution was filed on this device on March 24, 2020 by Detective McCormack reflecting data was obtained from the phone. I spoke with Detective McCormack who informed me she was under the impression the phone was downloaded and analyzed by agents with the Federal Bureau of Investigations.

Because of the large quantity of data and devices collected in this case along with the multiple agencies assisting in this case, the download of this particular device was thought to be completed by the FBI who was assisting with other similar devices.

I completed a second search warrant which included an explanation of the error made in the affidavit and presented it to the Honorable Judge Findorff in her chambers. Judge Findorff was also the judge who signed warrant #20-890.

Judge Findorff administered the oath of affirmation to me and signed the warrant after her review. I filed the new warrant for this device with the El Paso County Courthouse under action #20-3129. The warrant is attached to this supplement along with an update copy of the warrant spreadsheet.

I requested this device be examined by members of the digital forensic unit.

Videos

The videos searched between 1/20/2020 and 3/2/2020. Were made by Letecia's daughter, [REDACTED]. In the videos she was creating content for a youtube channel. The following is a summary of the videos that pertained to this case. They are not a verbatim transcription.

In the video titled, [REDACTED] was created on 2/16/2020 at 2:13:25 AM. [REDACTED] discussed [REDACTED] being missing for three weeks. She mentioned how the case has gone nationwide and stated she wanted to discuss some of the assumptions that were made. (A smoke detector beeping can be heard in the background). [REDACTED] stated she was with her family that Sunday morning but then went to work that evening. [REDACTED] said her mother told her about the fire around 10:30 pm when she returned home. [REDACTED] said they were checking on [REDACTED] throughout the night because they were concerned the fire had traumatized [REDACTED]. [REDACTED] continued, stating she checked on [REDACTED] Monday morning and then went to work. She said she was at work from 8:30 am to 4:30 pm and she has no knowledge of anything and did not help her mother at all. [REDACTED] mentioned her mother had an interview with news reporters and came back to the van to speak with [REDACTED]. [REDACTED] stated the news station took the conversation between her and her mother out of context and edited the video to make it sound like she said, "Do you want me to say yes?". [REDACTED] denied making this statement and explained she was asking her mother if she could talk about any other things such as the fire because she did not want to hinder the investigation. [REDACTED] said people were accusing her of doing it herself or helping her mother. [REDACTED] added this was not true. [REDACTED] said she has been getting death threats and messages from random people. She said she wanted to remind people she is a minor. She asked for people to focus on [REDACTED] being missing and their family is hurting. [REDACTED] said the public needs to stop coming up with accusations. [REDACTED] said the video is to bring [REDACTED] home and described him as kind and loving and helpful. [REDACTED] discussed the things that [REDACTED] "wanted" like helping people. She moved onto Facebook and said the groups that were created needed to be taken down. [REDACTED] asked people to come together to pray for [REDACTED] to bring him home. [REDACTED] spoke more about getting threats on Facebook and people are trying to ruin her life. [REDACTED] again mentioned she wanted to make the video for [REDACTED] and for everyone to come together to think about a child is missing and to stop hurting her family more than they are already hurting. [REDACTED]

EPSO SHERIFF'S OFFICE
To: Jennifer Knight

said [REDACTED] was always so sweet and caring and she missed his smile. She said she hoped to find out something soon so he could come home. She told [REDACTED] they all love him and are all there for him and were praying for him. [REDACTED] discussed her schedule on Sunday and Monday and said she did not help her mother and did not know anything that happened. She mentioned she saw [REDACTED] Sunday night after the fire and he was fine. [REDACTED] said because of all the false accusations that have been made she has lost everything, and her family has been torn apart. [REDACTED] stated the police came, put her in handcuffs and were screaming at her. She said she did not know why she had to be put in handcuffs, and she was not a fugitive. [REDACTED] said she witnessed her mother have a gun pointed at her and the police took her phone and her car that she had been paying for. [REDACTED] added it was wrong and the police will not give it back to her. [REDACTED] listed other property that was seized by police such as her passport, birth certificate and her computer. [REDACTED] said all of that happened because of the false accusations and she has so much stress on her and is terrified because they might come running at her with a gun again. [REDACTED] mentioned she was putting the video on "this" platform because she has locked down all her other social media after people found her. She mentioned people are commenting hateful things and what people are doing is wrong. She accused people of not considering that [REDACTED] is missing and they as a family don't know what to do to help. [REDACTED] talked about the video being for [REDACTED] and how they want him home and safe. [REDACTED] asked people to be proactive to bring [REDACTED] home. The video concluded.

Video labeled [REDACTED] was created on 2/16/2020 at 2:32:59 AM (UTC-7). [REDACTED] discussed [REDACTED] being missing and her work schedule. She denied knowing what happened to [REDACTED] or helping her mother. The content of the video was similar to the video labeled [REDACTED]. The video concluded.

Video labeled [REDACTED] was created on 2/16/2020 at 2:36:53 AM (UTC-7). [REDACTED] stated she was making the video to bring [REDACTED] home. She stated the accusations made were hindering the investigation. [REDACTED] said she wanted to do what [REDACTED] would do which is be kind to one another. [REDACTED] said the accusations have hindered the investigation but its not helping to find [REDACTED]. [REDACTED] asked people to work together to focus on [REDACTED] and the other missing children. [REDACTED] asked people to stop putting people down and said there was no reason she should be receiving death threats. [REDACTED] said it is hurtful to her and no one knows what the police have done to her and her family. [REDACTED] said the people making the bad comments are hurting a minor and are talking to a minor based on a situation where another minor is missing. [REDACTED] mentioned her mother was being accused as well. [REDACTED] believed because of the accusations the police hunted her down, put her in handcuffs and took all her property. [REDACTED] said she was not even there; she was at work and she has done nothing wrong. [REDACTED] said she wanted the drama to stop and wants to bring her brother home. She said [REDACTED] deserves better and does not deserve the hurtful comments towards the family. [REDACTED] told [REDACTED] they all love him, miss him and want him there. The video concluded.

Video labeled [REDACTED] was created on 2/16/2020 at 2:45:41 AM (UTC-7). [REDACTED] stated she wanted to say her mom would never do anything to hurt those children because she loved them like they were her own and she would do anything for them. [REDACTED] added her mother loved them with all her heart. [REDACTED] showed [REDACTED] the dogs and told him they missed him and loved him, and they want him home. The video concluded.

I did not find anything else of evidentiary value.

I have nothing further at this time.

On Monday, December 21, 2020, I, Detective Jon Price #02034, conducted the following investigation:

At approximately 9:36 pm, I responded to the El Paso County Sheriff's Office Evidence Facility located at 2749 E. Las Vegas St. and met with Oleksandr Zhyvkov, DOB [REDACTED] who is the driver for Global Transport United, a company contracted to transport the van Ms. Stauch drove from Colorado to South Carolina. DAO Investigator Cecil Weir was also at the evidence facility to process the vehicle.

The van, a 2019 white Ford Transit van, bearing Oklahoma license plate number 3DM837, VIN [REDACTED] registered to Avis Budget Group was transported from the Rhode Island State Police Headquarters located at 311 Danielson Pike North Scituate, RI 02857 to the El Paso County Evidence Facility.

The van was on a transport trailer and was sealed with tape bearing the signature/ initials of Rhode Island State Police Detective Ryan Mahoney. Investigator Weir photographed the van prior to being offloaded from the transport vehicle. I observed seals on the doors of the van which also had the signature of Detective Mahoney.

Investigator Weir collected a bag which contained a key for the van from Mr. Zhyvkov. The bag was sealed with Detective Mahoney's initials and was documented with photos by Investigator Weir.

Investigator Weir opened the bag containing the key and broke the seal to the driver's side door. He entered the vehicle and drove it off the truck and into the secured evidence lot. The vehicle was locked, and the driver door was sealed by Investigator Weir.

Mr. Zhyvkov emailed me a one-page Bill of Lading and Vehicle Inspection report.

I completed an EPSO impound sheet under I#528. I entered the following items into evidence:

- #865 2019 Ford Transit Van VIN # [REDACTED]
- #866 Key to van with attached Budget Rent a Truck key chain
- #867 Rhode Island State Police Evidence Bag which contained key #866
- #868 Bill of Lading and Vehicle Inspection Report

On Tuesday, January 12, 2021, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

I sent an email to the Colorado Springs Police Department's (CSPD) evidence facility and EPSO's evidence facility requesting the evidence items collected by Officer Brumm be transferred to the El Paso County Evidence Facility and linked to this case. I was informed by Ms. Monica Meraz-Madrid (Evidence Technician for CSPD) the screenshots Officer Brumm collected reference were stored in DIMS which was not managed by CSPD Evidence and could not be transferred. Ms. Meraz-Madrid suggested I contact the Metro Crime Lab to have them assist me with the screenshots as they are the department responsible for the management of the DIMS system.

Officer Brumm provided the screenshots to me with his case report (CSPD 21-1261) and I attached them to my supplement detailing my interaction with Officer Brumm about his case.

I spoke with Sgt. Hubbell and informed him of the situation. Sgt. Hubbell stated he would contact the Metro Crime Lab and request the retention period for the screenshots reference CSPD case 21-1261 be expanded so the screenshots would not be deleted.

I have nothing further at this time.

Case Status: CBA

On 7 February, 2021, I, Deputy Michaela James, EID 17041 was assigned as Bravo Mod (BMod), at the El Paso County Jail, which is located at 2739 East Las Vegas Street, Colorado Springs, Colorado 80906.

At approximately 1150 hours, I walked into [REDACTED] to inform the deputy she had an inmate scheduled for a webex visit. The inmate scheduled to go was identified as Stauch, Leticia, DOB [REDACTED]. Due to a previous incident with Ms. Stauch during her extradition, I do not interact with Ms. Stauch. Ms. Stauch is a 2 Dep/FRAD inmate meaning two deputies must escort her to her professional while she is in full restraints. Due to the previous incident, I assumed duties in [REDACTED] while the ward deputy and the Amod deputy walked her to her professional.

Approximately an hour later, I returned to [REDACTED] to allow the other two deputies to escort her back to the ward. Upon returning to the ward, the second deputy quickly stepped away to grab an item out of the mod. Ms. Stauch began speaking to me before I was able to leave the ward.

Ms. Stauch said, "Hey, I'm sorry for what I did before, I wasn't on my Ativan. I've been wanting to tell you that ever since but I never see you." The only interaction I have had with Ms. Stauch was during her extradition when she assaulted me. I did not speak to Ms. Stauch before she started the conversation and did not ask any questions.

CHILD VICTIM

On February 10, 2021 at approximately 1:45 pm, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

At this time, I was notified by my chain of command of a message sent to Sheriff Bill Elder from Ms. Cynthia Coffman regarding this investigation. I was advised the sheriff did not contact Ms. Coffman back and I was requested to do so. I was provided her phone number at this time.

I attempted to contact Ms. Coffman via telephone number [REDACTED]. She did not answer, and a message was left for her.

On February 11, 2021 at approximately 8:40 am, I again attempted to contact Ms. Coffman via the phone number I was provided. She did not answer, and a message was left for her.

Phone Call from Ms. Coffman

On February 11, 2021, at approximately 4:15pm, I received a return phone call from Ms. Coffman. At this time, she advised she had information associated to this investigation she wanted to provide to ensure it was not made public.

Ms. Coffman advised she was currently assisting with the civil custody case involving Mr. [REDACTED] and Ms. [REDACTED]. During this time, she received information from Ms. [REDACTED] (AKA Nann) that her son, Mr. [REDACTED] had witnessed information he did not disclose during his safe passage interview conducted previously during this investigation.

Ms. Troutman advised [REDACTED] was scared of [REDACTED] and had been threatened by him due to seeing him hit [REDACTED] in September 2019. [REDACTED] had told Ms. Troutman at this time, he saw [REDACTED] smacking [REDACTED] in the legs several times as he was walking down the stairs. He was then told by [REDACTED] he would "hurt him" if he told anyone.

Several days later around September 28, 2019- September 29, 2019 timeframe [REDACTED] accompanied [REDACTED] to a Rockies baseball game in Denver, Colorado. At that time, [REDACTED] had worn shorts and had several visible bruises on his legs which [REDACTED] asked about. He was told at that time; the bruises were from the incident [REDACTED] previously observed.

[REDACTED] has never reported the incident to anyone other than Ms. Troutman who contacted Ms. Hoitt's attorney with the information. Due to this information [REDACTED] spoke with Dr. Downing to assess [REDACTED] ability to be considered a credible witness for the custody hearing. It was decided at that time, he could not be considered a credible

witness.

Ms. Coffman stated from the information she received by Ms. Troutman, [REDACTED] was scared still of [REDACTED] and was refusing to leave the home and was sleeping under his bed. Due to this fear, Ms. Troutman contacted Colorado Springs Police Department (CSPD) requesting a case be taken for the treats. She was advised by CSPD the case would have to be taken by EPSO due to the location of the crime.

Ms. Troutman then contacted EPSO and was directed to an unknown detective regarding the information. She was told at that time, there was nothing that could be done. Ms. Troutman advised Ms. Coffman she was upset about this and would go to the media with the information if something wasn't done.

Ms. Coffman stated she believed [REDACTED] would have also disclosed this information if he was seen by a councilor before his death.

I thanked Ms. Coffman and advised I would look into the situation.

The call with Ms. Coffman and the previously placed calls with my voicemails were recorded with my office issued handheld recorder. They were burned to a disk and placed into evidence as **Item #885**.

Follow Up Information

After the phone call I spoke with Detective Jessica Bethel regarding this information. At that time, I was advised Ms. Troutman had reported her son's name being released to the media from an interview she conducted previously. This was reported to CSPD(CSPD Case# 21-1261) on January 3, 2021. It is noted in the report Ms. Troutman is a friend of Ms. Hoitt.

Detective Bethel was made aware of the report and had spoke with Ms. Troutman. None of the information provided by Ms. Coffman was disclosed during this incident.

[REDACTED] was also previously interviewed at Safe Passage for this investigation, none of this information was disclosed during that time.

Detective Bethel advised she would conduct the follow up associated to this information.

I have nothing further at this time.

On Wednesday, February 10, 2021, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, conducted further follow up on this case.

I was made aware of a text message sent to El Paso County Sheriff's Office, Sheriff Bill Elder by Ms. Cynthia Coffman. The text message stated the following,

"Hello, Sheriff - I hope you are staying safe and well.

There is some information that has recently come up in relation to [REDACTED] death, and I'd like to be certain you are aware of it. It has the potential of becoming public in a manner that is potentially destructive.

Would you mind calling me at your convenience? It will take about 15 minutes depending on how much detail you would like.

Thank you. Cynthia a"

The text message was forwarded to Detective Commander Mihalko via email.

Detective McCormack was tasked with contacting Ms. Coffman but was unable to reach her on Wednesday, February 10, 2021.

On Thursday, February 11, 2021 at approximately 5:00 pm, Detective McCormack contacted me and informed me she spoke with Ms. Coffman over the telephone. Detective McCormack stated Ms. Coffman told her she was informed [REDACTED] [REDACTED] witnessed [REDACTED] being hit by his father, [REDACTED] in September of 2019. [REDACTED] reported [REDACTED] threatened to hurt him if he told anyone.

Ms. Coffman stated [REDACTED] was evaluated by a physician, Dr. Downing reference being a credible witness for a custody case involving [REDACTED] and [REDACTED]. Dr. Downing deemed [REDACTED] to not be a credible witness. [REDACTED] mother was identified as Ms. Leanne Troutman. Ms. Coffman told Detective McCormack [REDACTED] reported the incident of [REDACTED] being hit and the threat [REDACTED] made to him to Dr. Downing and his mother. (Please see Detective McCormack's report for more information).

I spoke with Detective Sgt. Hubbell and Detective McCormack about what Ms. Coffman reported. Because [REDACTED] was the victim of the alleged physical abuse and he is now deceased, an investigation into the alleged abuse of [REDACTED] by [REDACTED] will not be conducted.

Because [REDACTED] was allegedly threatened by [REDACTED] a case for Harassment will be investigated by Detective Jennifer Arndt.

District Attorney Michael Allen was made aware of the text message to Sheriff Elder stating Ms. Coffman had information related to [REDACTED] death. He was also informed of the statement Ms. Coffman provided to Detective McCormack, which is not related to [REDACTED] death, but rather an allegation of previous abuse and a threat made by [REDACTED]

I have nothing further at this time.

On February 16, 2021 at approximately 10:30 am, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

LeeAnne Troutman Phone Call

At this time, I received a phone call from Ms. LeeAnne Troutman from phone number [REDACTED] who advised she received my phone number from Ms. Cynthia Coffman. Ms. Troutman requested an update on the information I received from Ms. Coffman the week prior.

At this time, I advised a case number was going to be pulled and would be handled by Detective Jennifer Arndt. Ms. Troutman asked if I could explain why the prior detective stated nothing could be done regarding the information she provided. I stated I could not explain that unless I was informed who she spoke with. Ms. Troutman advised the detective she spoke with utilized phone number [REDACTED]

Deputy Gibson

At approximately 11:00 am I contacted the phone number Ms. Troutman provided. There was no message and a voicemail was left for the phone number. Several minutes later I received a phone call from EPSO Patrol Deputy Kyle Gibson utilizing this phone number. Deputy Gibson advised he did speak with Ms. Troutman on February 8, 2021 when she reported her son, identified as Mr. [REDACTED] had told his councilor that he witnessed Mr. [REDACTED] disciplining Mr. [REDACTED] at their home located on Mandan Drive in September 2019. At that time, he saw [REDACTED] give [REDACTED] a fat lip from the discipline.

Several days later [REDACTED] accompanied the Stauch's to a baseball game in Denver, Colorado where he asked [REDACTED] if he was okay. At that time, [REDACTED] leaned over and stated he would "hurt" [REDACTED] if he said anything. Ms. Troutman reported to Deputy Gibson the councilor has since been fired by [REDACTED]

Deputy Gibson stated he spoke with [REDACTED] on the phone briefly about the incident. During that conversation he could hear Ms. Troutman in the background talking to [REDACTED]

I requested Deputy Gibson complete a case report with this information under EPSO Case number 21-1779.

This case number was provided to Ms. Troutman via a text message.

Initial Information

On Wednesday March 3, 2021, I, Detective Marissa Williams #12009, of the El Paso County Sheriff's Office, was notified by lead Detective Jessica Bethel that one of the evidence items I had entered did not contain the same documents as were identified in the case folder and provided to the district attorney's office during discovery. The item was identified as #256, which was originally described as "CD containing updated USAA records and updated Grand Mountain School phone records." In attempting to identify what I had burned to the disc for item #256 some time after the fact, I had labeled the following 6 digital documents as item #256:

- 1) Absent Annotations 1-27-20.jpg
- 2) Incoming Calls Updated.csv
- 3) NewCloud Email 2-10-20.pdf
- 4) Outgoing Calls.csv
- 5) School attendance detail.pdf
- 6) USAA update 2-10-20.docx

These items are being entered into evidence as item #895, or as "item #256 corrected for discovery." Without physically reviewing the evidence, I do not know which digital documents I did or did not include in the original item #256.

On Friday, August 20, 2021, I, Detective J. Bethel of the El Paso County Sheriff's Office (EPSO) Investigations Division, was told by Detective Jon Price an inmate told officers with the Pueblo County Police Department that Letectia Stauch told her how she killed [REDACTED]

Detective Price sent me a text message at 10:53 AM, requesting I contact Detective Ryan Lanreth with the Pueblo Police Department at [REDACTED]. Detective Price stated one of Ms. Stauch's cellmates, identified as [REDACTED] gave information on what Ms. Stauch said about killing [REDACTED]. Detective Price explained Detective Landreth recorded the interview with Ms. [REDACTED] on his body worn camera and told me EPSO Lt. Charles Kull wanted me to pick up the footage of the interview because I was conducting follow up in Pueblo on another case. Detective Price explained Lt. Kull asked him to pass on the information to me.

When I received the message, I was already back in Colorado Springs at the Office of The Sheriff. I was able to speak with Lt. Kull later in the day at approximately 2:00 PM. I explained to Lt. CHILD VICTIM

On Thursday, September 30, 2021, I, Sergeant Rosario S. Hubbell of the El Paso County Sheriff's Patrol Division, Midnight Shift, conducted follow up on case 2020-00001382 .

Initial Brief

On Wednesday, September 29, 2021 at approximately 5:00 PM, I had a phone conversation with DDA David Young. The conversation centered around his physical review of the evidence in the Stauch case. When reviewing the firearms collected in this case DDA Young noticed there where 3 pistols collected and not two. Which was his original understanding of the evidence in this case.

He then began to review the physical evidence with the Lab DNA report to match up the DNA results with the correct Barcode (Item No.) listed in the Metro Crime Lab DNA reports. DDA Young realized after completion of his review my testimony was the DNA of Letecia Stauch was found on the Smith & Wesson M&P 9mm but his review of evidence was showing the DNA was found on the Smith & Wesson M&P .380. We scheduled a meeting for 5:00 PM on Thursday, September 30, 2021 to go over the lab reports confirm findings and make corrections.

On Thursday September 30, 2021 at approximately 5:15 pm I meet with DDA Young and was shown the following Metro Crime Lab Reports.

Young found the following associations: (Lab report dated Thu May 07, 202)

Barcode (Item No.) 1155932 (695) - Smith and Wesson, M&P Bodyguard, Caliber 380 AUTO pistol bearing the serial number [REDACTED]

Barcode (Item No.) 6839 SW@-05 (1154403) – Smith and Wesson, model M&P 9C, 9mm pistol bearing the serial number [REDACTED]

Barcode (Item No.) 1154333 (284) – FMK, Model 9C1G2, 9x19mm pistol bearing the serial number [REDACTED]

DNA results from Lab report dated Tue Feb 18, 2020

Barcode (Item No.) 1154333.01.02 – Trace swabs of slide of firearm -**RESULT** The major profile matches Letecia Stauch, a minor profile present was not suitable for comparison.

Barcode (Item No.) 115433.01.03 – Trace swabs of grip, front strap, back strap, trigger and magazine release button of firearm. **RESULT** The major profile matches Letecia Stauch, a minor profile present was not suitable for comparison.

DNA results from lab report dated Thur April 2, 2020

Barcode (Item No.) 6025-695-A.01 – Swab from Smith & Wesson .380 [REDACTED] **RESULT**

The DNA profile from the swab from the Smith & Wesson handgun is a mixture of two contributors, one of which is male. The major profile matches Letecia Stauch, a minor profile present was not suitable for comparison.

Barcode (Item No.) 6839 SW2-05.01.01 – Swab of inside muzzle and outer front edge of muzzle Smith & Wesson M&P handgun. LMG+ **RESULT** – DNA Profile could not be developed.

Barcode (Item No.) 6839 SW2-05.01.02 – Swabs of front of barrel, front of front slight, front of trigger guard – Smith & Wesson M&P handgun **RESULT** – At one contributor, This profile is not suitable for comparison.

Barcode (Item No.) 6839 SW2-05.01.03 – Swabs of slide, slide release, trigger, sides if trigger guard, magazine release and front grip – Smith & Wesson M&P handgun **RESULT** – Mixture of three contributors. Not suitable due to number of contributors and complexity.

Barcode (Item No.) 6839 SW2-05.02.01 – Swabs of laser grip attachment – Smith & Wesson M&P handgun. **RESULT** – Mixture of at least four contributors. Not suitable due to number of contributors.

After reviewing these reports, it is clear that Letecia Stauch's DNA was confirmed on two Pistols:

Barcode (Item No.) 115433 (284) – FMK, model 9C1G2, 9x19mm pistol bearing Serial number [REDACTED]

Barcode (Item No.) 1155923 (695) – Smith & Wesson M&P Bodyguard, caliber 380 AUTO, Serial number [REDACTED]

Letecia Stauch's DNA can *NOT* be confirmed to be found on:

Barcode (Item No.) 6839 SW2-05 (1154403) – Smith & Wesson M&P 9C 9mm, Serial number [REDACTED]

For clarification **Barcode (Item No.) 6839 SW2-05 (1154403)** – Smith & Wesson M&P 9C 9mm, Serial number [REDACTED] is the pistol that was matched as firing the projectiles recovered from [REDACTED] body and pillow. Letecia Stauch's DNA Profile can NOT be confirmed as being found on this pistol. This Supplement was completed to correct that error and notify the court.

On Tuesday, February 4, 2020, at approximately 08:00 am, I, Detective Courtney McCormack of the El Paso County Sheriff's Office (EPSO), Investigations Division continued to assist in this case.

Follow up-Google Contact

At approximately 9:07 am, I sent another email request to Google via email address [REDACTED] in regards of a previous warrant that was issued on 02/01/2020 and served to Google legal on that date. I had not received any information or follow up from Google. I had left a message the day prior 02/03/2020 on the Google Exigency telephone line and did not receive a call back.

In my email I noted this is my third attempt to have contact Google LLC with this warrant and was in need of the warrant to be processed immediately due to the email account being a primary form of communication for Ms. Leticia Stauch over the past few days. We were made aware through Mr. [REDACTED] that she had sent him multiple messages saying weird things along the lines of "I know where [REDACTED] is" and "[REDACTED] is not dead". Due to this occurring we requested the accounts be processed as soon as possible.

At 09:30 am, I received a call from a female with Google who stated they would process the request but needed a new exigency form filled out. The original exigency form was filled out with only [REDACTED] email account of [REDACTED] and not the other two that were requested in the warrant.

The original exigency form was filled out by Detective Christina Perry previously with a preservation for the account.

I requested Google send the exigency form to me or approve the Law Enforcement account I attempted to create on their law enforcement website previously. The website contains a portal for the forms use by google.

At approximately 12:00 pm, I was granted portal access from Google to fill out the exigency form. I completed the form and resent the warrant. Google began processing the request and advised it would be placed into the Google portal under Case#3464944.

Yahoo Contact

At approximately 12:39 pm, I received a call from Alyssa with Yahoo regarding the two warrants they began processing the day prior. Alyssa advised me she had overnight mailed the results from Search Warrant 20-364 to me however, it showed cancelled on the shipping update. I advised Alyssa they had not been received. Alyssa stated there may be some confusion with the package and she would update me when she found out more information.

At 4:30 pm, I received an email from Alyssa advising they attempted to deliver the package during the morning, however, were unable to due to the office not opening until 09:00 am due to weather.

CHILD VICTIM

Ring Contact

At approximately 12:42 pm, I received an update from Detective Stephan Hare asking if I had been in contact with Ring (Ring Doorbell). I advised I had regarding footage at 6626 Mandan Drive. The footage was previously provided to us via the owner's login in ID and password, however, we were no longer able to access it due to how the account was set up. A preservation for this account was made on 02/01/2020.

Detective Hare advised he had located new video footage of the Stauch home via Ring that would confirm if [REDACTED] ever exited the home. Pieces of the footage was missing and was needed immediately. This footage would show who entered the home with [REDACTED]

Detective Hare provided me with an address of 1009 Intrepid Way, El Paso County, State of Colorado. He also provided the account users ID as [REDACTED]

I contacted Ring via emergency email address [REDACTED] advising of the situation.

At approximately 2:19pm, I received an email from Balazs Hubai with Ring requesting I call him at [REDACTED]. I contacted him via the telephone number provided. Mr. Hubai advised he had located the footage and would send it to our agency pending a release form being signed by the Ring account holder.

Mr. Hubai sent the form to me via email. I provided the form to Detective Hare to allow for him to contact the homeowner he was working with for the account.

Apple Follow Up

At approximately 4:03 pm, I received a follow up email from Apple advising they had processed my warrant completely, however, they were unable to locate email addresses [REDACTED]

Apple previously provided some data in reference to the accounts on 02/01/2020, however, not all items requested were provided. I contacted Apple and was informed there was several gigabytes of data that would be overnight mailed.

Apple advised the information will be at the Sheriff's Office on Wednesday, February 5, 2020.

I have nothing further

2020-00001382 (20) Review of video from 6110 Meadowbank Lane:

On Sunday, February 9, 2020, at about 2:05 pm, I, Detective Bradley Whitehead, #05071, of the El Paso County Sheriff's Office Investigation's Division, began reviewing video from the residence located at 6110 Meadowbank Lane, Colorado Springs, CO 80925.

This residence is located north of Fontaine Boulevard in a different neighborhood. The camera is located on the backside of the residence and faces west. I watched all five videos that captured north and southbound traffic on Marksheffel Boulevard. I did not see anything out of the ordinary in the videos.

The videos are not timestamped and there is no indication of when the videos were taken.

I have nothing further at this time.
