

CAPABILITY STATEMENT

WOODLAND ENVIRONMENTAL

Your partners in environmental compliance and sustainability

Why work with us?

Our mission is to provide practical, personalised advice and deliverables to our Clients in the public and private sectors. This ensures environmental risks are identified and managed throughout project delivery and facility operations. We have a thorough understanding of regulatory requirements which results in environmental compliance and positive project outcomes, including reduced costs and delays. Woodland Environmental prides ourselves on our attention to detail, timeframe management and proactive and collaborative approach.

Who are we?

Woodland Environmental is a highly regarded boutique environmental consultancy based in Brisbane. Woodland Environmental is owned and managed by Alysha Woodland, an environmental engineer with almost 20 year industry experience within the public and private sectors. We offer a range of environmental services from project planning to post construction and environmental education and engagement.
