

## Pre-Performance Staging

During a band's 2-minute field exit, the next band will move to the **goal line** while their front ensemble instruments & equipment move to the **20 yard line**. Each band will begin their 5-minute field entry from these designated starting points. **Pre-performance staging may not interfere with or delay the previous band's 2-minute field exit.** The 5-minute field entry clock will begin when the announcement, "*BandName, you may enter the field*" is made. At that time the next band may cross the designated starting points (goal line and/or 20 yard line).
