Dear Jyoti, Olga and Blossoms for Pink,

Thank you so much for making an impact in the fight against breast cancer. Because of you, Brem is providing innovative and lifesaving breast care for our underserved neighbors. We are grateful for your generous, tax-deductible donation of \$10,000 to the Brem Foundation dated November 24, 2022, in support of the B-Fund. Your gift maximizes women's chances of finding breast cancer early, when it's most treatable.

Brem is committed to a world where more women can access high-quality, individualized screening - so more women survive and thrive after a breast cancer diagnosis. Brem improves overall screening rates, but particularly for at-risk women who are disproportionately impacted by obstacles to transportation and care.

Brem is driven by its core values: innovation, education, personalized, patient-based care, and self-advocacy. Thank you for advancing early detection for all women.

I cannot thank you enough for your lifesaving gift.

With gratitude,

Clare Dougherty
CEO

In April 2020, screenings dropped by 89%. Please don't skip your annual breast screening in 2023.
