

# READY TO JOIN THE CLUB?

Ready for your child to explore, build,  
and soar?

Be part of a community that makes  
learning exciting and empowering.

## How to Get Started:

✨ Visit [www.littlejetsclub.com](http://www.littlejetsclub.com)

✨ Follow us on Instagram & Facebook  
@littlejetsclub

✨ Join our mailing list for updates and  
event registration.

✨ Book your spot in our next camp or  
workshop!

✨ Enroll today and watch your child's  
imagination soar! ✨

## MEET YOUR FLIGHT CREW

At Little Jets Club, learning isn't just fun it's an adventure!  
Our friendly flight crew helps guide every Little Jet as they  
explore the skies of STEAM, teamwork, and imagination.

Nova the Fox – The Curious Creator

Nova is always tinkering, building, and dreaming  
up new ideas! She reminds our Little Jets that  
curiosity is the key to discovery. With her spark  
of creativity, she helps kids see that every  
mistake is just another step toward innovation.

Ace the Tiger – The Brave Explorer

Ace is bold, confident, and loves a good  
challenge! He teaches our Little Jets to be  
courageous, try new things, and never give up.  
Whether it's flying paper planes or testing new  
experiments, Ace encourages kids to soar higher  
than they ever imagined.

Liberty the Cheetah – The Heart of the Sky

Liberty inspires every child to believe in their  
dreams and lead with kindness. She reminds our  
Little Jets that true leadership means helping  
others shine. With her calm, caring nature,  
Liberty helps kids find their inner strength and  
the courage to take flight!

Inspiring the next generation of  
aviators, dreamers, and  
innovators!

Aviation Enrichment Program.**  
**Where Curious Minds Take Flight!**

# About Little Jets Club

At Little Jets Club, we believe every child has the power to dream, build, and soar.

Our vibrant STEAM and aviation enrichment program introduces children to the exciting world of science, technology, engineering, and math through hands-on learning, creativity, and exploration. From launching paper rockets to designing mini aircraft, our lessons are filled with discovery, teamwork, and imagination. Each session is designed to spark curiosity, build confidence, and encourage problem-solving in a fun, supportive environment.

Founded by an aviation professional with a passion for youth education, Little Jets Club is on a mission to help young learners especially girls see themselves in the world of STEAM and aviation. We make learning come alive by connecting real-world science with fun, engaging activities that inspire the next generation of innovators, engineers, and aviators.

At Little Jets Club, learning takes off and imaginations take flight!

# Programs

## After-School Enrichment

Engaging programs that reinforce classroom learning while teaching teamwork and problem-solving.

## Aviation Explorers Workshops

Learn about flight, weather and navigation through hands-on projects.

## STEAM Pop-Up Camps

We bring the excitement to schools and communities with creative STEAM themes.

## Girls Fly Too Initiative

A special program designed to empower and inspire girls in STEAM and aviation. Through mentorship, storytelling, and hands-on STEAM challenges, girls learn that the sky is just the beginning.

## Drone Discovery Program

Students will learn the science of flight, drone safety, coding basics, and even how to fly drones through obstacle courses. It's a fun, futuristic way to teach engineering, spatial awareness, and problem-solving.

# Reasons Why You Should Choose Us

## Hands-On Learning That Inspires

We go beyond worksheets and screens! Every activity is interactive, creative, and rooted in real-world science helping kids understand how things work through play and exploration.

## Building Confidence Through Flight

Our aviation themed approach empowers children to see themselves as inventors, explorers, and future pilots. Each session builds leadership, teamwork, and self-confidence in a supportive environment.

## Created by an Aviation Professional Who Cares

Founded by a flight attendant, private pilot, licensed aircraft dispatcher, and mom passionate about youth education, Little Jets Club brings authenticity, heart, and industry experience to every lesson. Parents can trust that each program blends fun with purpose.

- **Designed for Young Learners:** Little Jets Club programs are created especially for children in grades K-5, blending fun, creativity, and hands-on STEAM exploration.
- **Convenient Local Locations:** Our sessions are hosted at Metro Atlanta elementary schools and nearby counties, bringing high-quality enrichment right to your community.
- **Affordable Monthly Rates:** Families enjoy low monthly tuition, which includes three exciting sessions each month (one session per week). Every class is packed with engaging projects, teamwork, and discovery!
