

Please join us for the final meeting of the year as we celebrate our success at fulfilling our club's mission and goals of philanthropy and networking once again. Our accomplishments over the past two years could not have been realized without the leadership and commitment of our Co-Presidents, Bev and Cindy. The main goal of this social is for us to express our sincere appreciation and gratitude to them! We also will pass the gavel to Sharon and Marge, our new President and Vice President, and pledge our encouragement and support as they begin their two year term of office.
