

Civil Labourer

Northern Remote Concrete is seeking civil labourers to join our team for civil construction projects in remote regions of the Northern Territory. You will play a crucial role in supporting construction and repair projects, ensuring the integrity and safety of vital infrastructure in remote areas.

Duties:

- Proficient utilisation of hand tools and power tools to support concreters with formwork, ensuring precise and efficient completion of concrete structures.
- Utilises basic mechanical knowledge to service generators and grease machines as necessary in remote locations, ensuring their reliable operation.
- Loading and unloading equipment and maintaining clean and organised work sites in remote settings.
- Clean bin, auger, and conveyor of concrete.
- Handling materials safely and ensuring the proper disposal of waste in compliance with environmental regulations.
- May involve operation of a range of heavy machinery, including excavators ranging from 2 to 15 tonnes, water trucks, tippers, and rollers to level, excavate, move, and load earth, rock, and other materials (depending on experience).

Working Conditions:

- Working outdoors in diverse weather conditions typical of remote NT environments.
- Shift work including late nights, early mornings, and weekend work, to accommodate project demands in remote areas.
- Conditions of employment include adherence to a dry camp policy, with no alcohol or illegal substances permitted in remote campsites.

About You:

- Ability to work away for long periods of time in remote locations.
- NT Resident
- Experience working in remote locations (mandatory) + civil construction industry (desirable)
- Mechanical experience (desirable)

Qualifications:

Mandatory: NT Driver's License (Open), White Card

Desirable: Traffic Management Certification, MR licence, Plant tickets.

Join our team at Northern Remote Concrete and become part of a dynamic workforce dedicated to delivering essential infrastructure projects in remote regions of the Northern Territory.
