DAVE RAMSEY

Meet Dr. Dawn Durbin

I was raised in Southern Indiana, went to Providence High School, and earned a chemistry degree from Indiana University Bloomington. I then earned my Doctor of Dental Surgery from the IU School of Dentistry in Indianapolis. Outside dentistry, I enjoy kayaking, whitewater rafting, a good football game, target shooting, and reading. It has always been my dream to own and operate my own dental practice. It has taken my lifetime to achieve this goal. My intense training from the Schuster Center for Professional Development and Dave Ramsey's Entreleadership program provided the core of how my practice operates. By being in control of my practice, I am better able to offer you, my client, treatment options based on your best interest, not my financial needs. We are value based not volume paced. The continuing dental education I do throughout the years will ensure you get the most up to date information and treatment.

Testimonials

"I am never sure of what to expect in a first-time visit but the genuine enthusiasm and courtesy with which I was greeted made me feel like they knew me already. I had Dr Durbin's complete attention in a getting-to-know-you conversation. I was seeking a dentist who appreciates a holistic or integrative approach and I have found such a one in this office." -Patty

"My visit as a new patient to Dr. Dawn Durbin's office is quickly changing the way I feel about Dentists. My appointment started right on time, but before she ever looked at my teeth, Dr. Durbin actually sat down with me and had a conversation about my previous experiences with dentistry, and together we discussed our goals for my teeth." -Steve
