

2024 - 2025 Green Directory

**Together, we can be the driving force for a greener,
more sustainable, and vibrant Windsor-Essex!**

On behalf of the YQGgreen Networking Group,
The City of Windsor and our Community Partners
Welcome to our 2nd Annual YQGgreen Expo.

~ Elizabeth Elias-Hernandez,
Founder of YQGgreen

The Windsor Port Authority is proud to be among the ports participating in the Green Marine environmental certification program that now has 50+ ports. This inclusive and comprehensive maritime initiative applies to both shipboard and shoreside operations.

Scan the QR Code below to learn more about The Windsor Port Authority

Waste Reduction Week

Help celebrate National Waste Reduction Week by reducing your waste footprint. Start by reducing food waste, as every little action adds up. You can make a difference!

October 21st-27th, 2024

Monday Circular Economy

October 21st
The circular economy aims to redefine products and services to design waste out. Learn more at: www.wrecanada.com

Tuesday Textiles

October 22nd
Canadians trash about 500 kilograms of fast fashion and home items made of fabric each year.

Wednesday E-Waste

October 18th
In Canada, e-waste is one of the fastest growing waste streams.

Thursday MHSW

October 23rd
Last year, 600 tonnes of household chemical waste was dropped off at EWSWA depots, and 2,023 residents used the Reuse Centre (Windsor).

Friday Food Waste

October 25th
In Essex-Windsor, 48% of what's in a regular bag of household garbage is food waste. Try reducing the amount of food waste you produce!

Saturday Sharing Economy

October 26th
Sharing resources reduces the importance of owning items. Example, if you only require specialty tools, kitchen appliances occasionally - borrow instead of buy.

Sunday Swap & Repair

October 27th
Repairing damaged resources keeps them out of the landfill and reduces demand for new goods.

Drop these materials off at an EWSWA Depot for free!

Essex-Windsor Solid Waste Authority

EWSWAorg

@ewswa

ewswarecycles

Visit www.ewswa.org for tips to reduce food waste and save money!

Since 2001 the **Waste Reduction Week in Canada** campaign has engaged Canadians to better understand the issues of waste and the opportunities they have to accelerate our transition to a circular economy. Starting with a focus on recycling education and collection events, it has now expanded into a month-long celebration. Waste Reduction Week looks at the waste reduction component of a circular economy.
