Grow Green. Grow Here.

Windsor-Essex is building a cleaner, more competitive economy. We connect investors, businesses and innovators with the resources and opportunities to grow and build a more sustainable future.

INVESTWINDSORESSEX.COM

Since 2001 the **Waste Reduction Week in Canada** campaign has engaged Canadians to better understand the issues of waste and the opportunities they have to accelerate our transition to a circular economy. Starting with a focus on recycling education and collection events, it has now expanded into a month-long celebration.

Waste Reduction Week looks at the waste reduction component of a circular economy.
