PROJECT LOCATION, DESCRIPTION AND SCHEDULE

7

Project Location

- 12 miles north of Interstate 8, via Agua Caliente Road
- Unincorporated Maricopa County on private land
- Intersected by Hyder Road and Agua Caliente Road

8

2021 to 2022 Project Expansion

9

Project Description

- Approximately 2,000 acres in unincorporated Maricopa County 30 miles west of the Town of Gila Bend
- Phased approach with first phase to begin in 2024 or later
- Up to 800-megawatt photovoltaic solar array utilizing single-axis tracking that includes battery storage
- Adjacent to existing electrical infrastructure reducing environmental impacts associated with additional infrastructure
- Provide clean, renewable energy to the region and increase water conservation
- Closely working with landowners and stakeholders toward the project's success

10

Regulatory Approvals and Schedule

- Major Comprehensive Plan Amendment (*Current effort*)
- Zone Overlay with Specific Plan of Development/Arizona State Trust Land Lease (*Future effort*)

11

OVERVIEW OF BIOLOGICAL AND CULTURAL RESOURCES

12

Biological Resources

- Overview of ecological setting
- Federally listed species
- Focal species
- Agency coordination
- Surface water and wetlands
- Mitigation measures / Best Management Practices

13

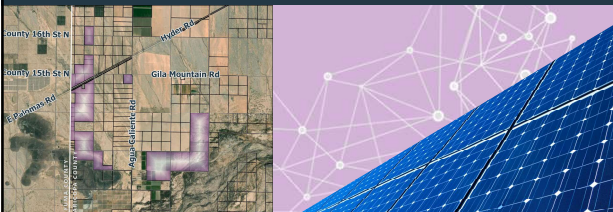

Cultural Resources

- Tribal heritage sites
- Historical Euro-American settlement
- Agency coordination
- Mitigation measures / Best Management Practices

The image is a composite graphic. The top portion is a solid purple rectangle containing white text. Below this, the image is split into two vertical sections. The left section is a satellite map of a rural area with a purple outline highlighting a specific site. Labels on the map include 'County 16th St N', 'County 15th St N', 'Hyder Rd', 'Gila Mountain Rd', 'E. Pioneer Rd', 'Reno, California', and 'BLM BUREAU OF LAND MANAGEMENT'. The right section shows a close-up, low-angle view of blue solar panels, overlaid with a white geometric network of lines and dots.
