- If you need to contact someone regarding scheduling, you can call Jasmine Hogan at 256-566-8220.

## Summary of Services

**Premier Tutoring** - Premier tutoring is currently only being offered through our most experienced tutor, Jacob Hogan. Jacob has been teaching ACT classes and tutoring students for over 15 years and has worked with nearly 2,000 students. In addition, Jacob has trained dozens of tutors and taught classes at high schools all over North Alabama.

**Individual Tutoring** - Individual tutoring is conducted by one of our certified and trained tutors. Mr. Hogan puts our tutors through extensive training before they are allowed to work with students. He also personally oversees each student's progress to make sure that each tutor is providing exactly what that students needs.

**ACT Test Assessment** - ACT gives 7 test each year, and on 3 of these test dates (December, April and June), you can order your test booklet and answer sheet. Anyone that receives their actual test booklet and answer sheet can have Jacob Hogan look over the test and provide a written assessment of how that students performed on the test and what things he or she would need to focus on going forward. The student will be given a copy of the test with notes it and all of the math problems they missed workout for them.

**ACT Test Assessment/Consult** - Along with the test assessment, a student can also get a consult with Jacob to discuss individually how they performed on the test and what things they can do going forward to try and improve their score.

**Practice Test/Score Report** - A student can come into our office at a designated time and take a full-length practice test and have that test scored. The student will then receive a breakdown of their scores along with a written test report that includes notation of any concepts they struggled with instruction as to what they can work on going forward to improve their score.

**Classes or Group (6-10 students)** - For a flat rate, Jacob would be available to teach a class of 6-10 students at either our facility or on location.

**Practice Test/Score Report/Individual Assessment** - In addition to the score report, a student can receive an individual assessment with Jacob where he discusses with them how they performed on the test and what things they can be working ongoing forward too try and improve their score.
