**What YOU can do for your safety and your
ADI's safety.**

Before your driving lessons there are a few steps you can take to add to your own, and your Instructor's safety.

Driving Lessons resuming

**If you have any symptoms of
COVID-19?**

- a new, continuous cough
- a fever
- a high temperature
- a loss of taste or sense of smell

Driving Lessons resuming

If not, remember those 'washed-up' hands! - i

The whole country should know about washing hands for "min. 20 seconds"

Please do so just before your Instructor arrives - and, perhaps, also "gel your hands" after washing.

Those 'washed-up' hands! - ii

- Whether or not you choose to wear gloves is up to you.
- Same goes for a face-covering or a mask - but your Instructor could require you to, for safety's sake.

Best to ask ahead of your lesson.

- Your Instructor will be wearing some sort of face-covering.

When your ADI arrives for your training session, please remember to stay 2 metres away, until you've answered some health questions.

Bring an umbrella in case!

You may well need one if you're on a Driving Test at the moment.

[You'll put it in the boot for the lesson or the test.]

Driving Lessons resuming

**Make sure now that you thoroughly
enjoy your training session!**
