ART SQUARED

3-D PRINTING

We kicked off the week exploring 3-D printing technology and its special features (including rotating and combining shapes and adding text), before students were challenged to design and print objects of all shapes and sizes! So far our creative campers have printed rings, bats, and even jetpacking people. Each child brings such a new and unique perspective towards the design process, and we can't wait to see else they create!

- Katrina

DIGITAL MUSIC

Our Art Squared campers have tackled the basics of music software and different ways to construct a song. Together we've begun to add layer on different time signatures and sound effects - partnering up to create some jamming tunes!

- Hayden

THEATREFIT

TheaterFIT is an original Highwood class blending theatre and fitness games for some high-energy fun! We start out every session with a warmup before jumping into a series of active games: from those that challenge our focus like Zookeeper's Keys to ones testing our physical endurance like Mud Monster and Ninja. Plus, campers had the chance to share their own theatre games they'd like to incorporate later in the week!

JOIN US FOR SWEENEY TODD

Set in Victorian London, Stephen Sondheim's deliciously reinvented SWEENEY TODD returns to the Highwood stage after 7 years - **gathering 21 student actors to tell the musical tale of this vengeful barber.**

Join us for Opening Weekend: **Friday July 26 at 8 PM; Saturday, July 27 at 2 & 8 PM; Sunday, July 28 at 2 PM.** Tickets available at www.thehighwoodtheatre.org/tickets.
