10:30: Community discussion of Special Assessment for repair road damages

The issue of roads and culverts has been a regular topic for the ISLA Board, and the cost of road maintenance has slowly claimed a larger portion of the annual budget. Our yearly approach has been to determine the areas with the most need and delegate monies for work on those. With the recent storm, and two others since then, the roads have become a safety issue demanding repair, and additionally, the replacement of three large culverts.
