DAWN MARIE BUTTREY

With a passion for helping others and a love of real estate, Dawn Marie Buttrey has made great strides as an agent in the Ruby Valley region of Montana. Growing up in Montana, she went to New York City to attend graduate school and ended up working for the National Center for Missing and Exploited Children. From there, she took a job with the federal government in the Department of Justice. “I was there for 14 and a half years, but didn’t want to do it forever,” she explains. So she resigned and moved back home to Montana, where she quickly found real estate. Having now been in the industry for a little over two years, a growing portion of her business is from referrals and repeat clients.

“I pride myself on integrity, ethics and being detail oriented,” she says. “I always call people back and respond in a timely manner.” Dawn takes her job very seriously, and always aims to educate her clients so they can make the best decisions possible. “I’m not here to manipulate them, I’m here to represent them and what they need. I want to put the ‘real’ back in Realtor®.” For her buyers, she continuously searches for their ideal property and once it is found utilizes her negotiation skills to get them the best deal possible. Meanwhile, her sellers enjoy exceptional marketing, with their listings being posted on social media and featured in local papers and magazines.

After the transaction, clients leave glowing reviews about their time together. One recently said, “Dawn Marie takes care of you like you are family. Her local knowledge and expertise is impeccable. Her response time was always quick, even when she was in class all day she got back to me in a very timely manner. She is a very capable negotiator because of her knowledge base and strength of being. I would

recommend her highly to anyone looking for a Realtor® that gets it done.”

When Dawn isn’t working, she’s giving back to the community through the Chamber of Commerce where she serves as an ambassador. During any free time, she’s practicing archery, fishing, hiking, camping, or reading. Recently married, she and her husband have three dogs, chickens, turkey, and hopes to one day expand to have longhorn and highland cattle.

Looking ahead, her sights are set on continuing to grow. “At Berkshire Hathaway, we are able to have our own brand, so I am working on that now, which will be called Resolute Roots Realty.” No matter what, she will always be grateful for her career in this business. “It has been so refreshing to come home and be welcomed with open arms in this small town community.”
